(2) the replatted property has been continuously used by the nonprofit corporation for at least 10 years before the date of the replat.

(c) Sections 212.014 and 212.015 do not apply to a replat under this section.

(4) the replat does not attempt to amend, remove, or violate, or have the effect of amending, removing, or violating, any existing public utility easements without the consent of the affected

utility companies; and

(5) the municipal authority responsible for approving plats approves the replat after determining that the replat complies with this subchapter and rules adopted under Section 212.002 and this section in effect at the time the application for the replat is filed.

(c) The governing body of a municipality may adopt rules governing replats, including rules that establish criteria under which covenants, restrictions, or plat notations that are contained only in the preceding plat or replat without reference in any dedicatory instrument recorded in the real property records separately from the preceding plat or replat may be amended or removed.

Sec. 212.015. ADDITIONAL REQUIREMENTS FOR CERTAIN REPLATS. (a) In addition to compliance with Section 212.014, a replat without vacation of the preceding plat must conform to the requirements of this section if:

(1) during the preceding five years, any of the area to be replatted was limited by an interim or permanent zoning classification to residential use for not more than two residential units per lot; or

(2) any lot in the preceding plat was limited by deed restrictions to residential use for not more than two residential units per lot.

(b) Notice of the hearing required under Section 212.014 shall be given before the 15th day before the date of the hearing by:

(1) publication in an official newspaper or a newspaper of general circulation in the county in which the municipality is located; and

(2) by written notice, with a copy of Subsection (c) attached, forwarded by the municipal authority responsible for approving plats to the owners of lots that are in the original

subdivision and that are within 200 feet of the lots to be replatted, as indicated on the most recently approved municipal tax roll or in the case of a subdivision within the extraterritorial jurisdiction, the most recently approved county tax roll of the property upon which the replat is requested. The written notice may be delivered by depositing the notice, properly addressed with postage prepaid, in a post office or postal depository within the boundaries of the municipality.

(c) If the proposed replat requires a variance and is protested in accordance with this subsection, the proposed replat must receive, in order to be approved, the affirmative vote of at least three-fourths of the members present of the municipal planning commission or governing body, or both. For a legal protest, written instruments signed by the owners of at least 20 percent of the area of the lots or land immediately adjoining the area covered by the proposed replat and extending 200 feet from that area, but within the original subdivision, must be filed with the municipal planning commission or governing body, or both, prior to the close of the public hearing.

(d) In computing the percentage of land area under Subsection (c), the area of streets and alleys shall be included.

(e) Compliance with Subsections (c) and (d) is not required for approval of a replat of part of a preceding plat if the area to be replatted was designated or reserved for other than single or duplex family residential use by notation on the last legally recorded plat or in the legally recorded restrictions applicable to the plat.

Sec. 212.0155. ADDITIONAL REQUIREMENTS FOR CERTAIN REPLATS AFFECTING A SUBDIVISION GOLF COURSE. (a) This section applies to land located wholly or partly:

(1) in the corporate boundaries of a municipality if the municipality:

(A) has a population of more than 50,000; and

(B) is located wholly or partly in:

(i) a county with a population of more than three million;

(ii) a county with a population of more than 400,000 that is adjacent to a county with a population of more than three million; or

(iii) a county with a population of more than 1.4 million:

(a) in which two or more municipalities with a population of 300,000 or more are primarily located; and

(b) that is adjacent to a county with a population of more than two million; or

(2) in the corporate boundaries or extraterritorial jurisdiction of a municipality with a population of 1.9 million or more.

(b) In this section:

(1) "Management certificate" means a certificate described by Section 209.004, Property Code.

(2) "New plat" means a development plat, replat, amending plat, or vacating plat that would change the existing plat or the current use of the land that is the subject of the new plat.

(3) "Property owners' association" and "restrictive covenant" have the meanings assigned by Section 202.001, Property Code.

(4) "Restrictions," "subdivision," and "owner" have the meanings assigned by Section 201.003, Property Code.

(5) "Subdivision golf course" means an area of land:

(A) that was originally developed as a golf course or a country club within a common scheme of development for a predominantly residential single-family development project;

(B) that was at any time in the seven years preceding the date on which a new plat for the land is filed:

(i) used as a golf course or a country club;

(ii) zoned as a community facility;

(iii) benefited from restrictive covenants on adjoining homeowners; or

(iv) designated on a recorded plat as a golf course or a country club; and

(C) that is not separated entirely from the predominantly residential single-family development project by a public street.

(c) In addition to any other requirement of this chapter, a new plat must conform to the requirements of this section if any of the

area subject to the new plat is a subdivision golf course. The exception in Section 212.004(a) excluding divisions of land into parts greater than five acres for platting requirements does not apply to a subdivision golf course.

(d) A new plat that is subject to this section may not be approved until each municipal authority reviewing the new plat conducts a public hearing on the matter at which the parties in interest and citizens have an adequate opportunity to be heard, present evidence, and submit statements or petitions for consideration by the municipal authority. The number, location, and procedure for the public hearings may be designated by the municipal authority for a particular hearing. The municipal authority may abate, continue, or reschedule, as the municipal authority considers appropriate, any public hearing in order to receive a full and complete record on which to make a decision. If the new plat would otherwise be administratively approved, the municipal planning commission is the approving body for the purposes of this section.

(e) The municipal authority may not approve the new plat without adequate consideration of testimony and the record from the public hearings and making the findings required by Subsection (k). Not later than the 30th day after the date on which all proceedings necessary for the public hearings have concluded, the municipal authority shall take action on the application for the new plat. Sections 212.009(a) and (b) do not apply to the approval of plats under this section.

(f) The municipality may provide notice of the initial hearing required by Subsection (d) only after the requirements of Subsections (m) and (n) are met. The notice shall be given before the 15th day before the date of the hearing by:

(1) publishing notice in an official newspaper or a newspaper of general circulation in the county in which the municipality is located;

(2) providing written notice, with a copy of this section attached, by the municipal authority responsible for approving plats to:

(A) each property owners' association for each neighborhood benefited by the subdivision golf course, as indicated in the most recently filed management certificates; and

(B) the owners of lots that are within 200 feet of the area subject to the new plat, as indicated:

(i) on the most recently approved municipal tax roll; and

(ii) in the most recent online records of the central appraisal district of the county in which the lots are located; and

(3) any other manner determined by the municipal authority to be necessary to ensure that full and fair notice is provided to all owners of residential single-family lots in the general vicinity of the subdivision golf course.

(g) The written notice required by Subsection (f)(2) may be delivered by depositing the notice, properly addressed with postage prepaid, in the United States mail.

(h) The cost of providing the notices under Subsection (f) shall be paid by the plat applicant.

(i) If written instruments protesting the proposed new plat are signed by the owners of at least 20 percent of the area of the lots or land immediately adjacent to the area covered by a proposed new plat and extending 200 feet from that area and are filed with the municipal planning commission or the municipality's governing body before the conclusion of the public hearings, the proposed new plat must receive, to be approved, the affirmative vote of at least three-fifths of the members of the municipal planning commission or governing body.

(j) In computing the percentage of land area under Subsection (i), the area of streets and alleys is included.

(k) The municipal planning commission or the municipality's governing body may not approve a new plat under this section unless it determines that:

(1) there is adequate existing or planned infrastructure to support the future development of the subdivision golf course;

(2) based on existing or planned facilities, the development of the subdivision golf course will not have a materially adverse effect on:

(A) traffic, parking, drainage, water, sewer, or other utilities;

(B) the health, safety, or general welfare of persons in the municipality; or

(C) safe, orderly, and healthful development of the municipality;

(3) the development of the subdivision golf course will not

have a materially adverse effect on existing single-family property values;

(4) the new plat is consistent with all applicable land use regulations and restrictive covenants and the municipality's land use policies as described by the municipality's comprehensive plan or other appropriate public policy documents; and

(5) if any portion of a previous plat reflected a restriction on the subdivision golf course whether:

(A) that restriction is an implied covenant or easement benefiting adjacent residential properties; or

(B) the restriction, covenant, or easement has been legally released or has expired.

(l) The municipal authority may adopt rules to govern the platting of a subdivision golf course that do not conflict with this section, including rules that require more detailed information than is required by Subsection (n) for plans for development and new plat applications.

(m) The application for a new plat under this section is not complete and may not be submitted for review for administrative completeness unless the tax certificates required by Section 12.002(e), Property Code, are attached, notwithstanding that the application is for a type of plat other than a plat specified in that section.

(n) A plan for development or a new plat application for a subdivision golf course is not considered to provide fair notice of the project and nature of the permit sought unless it contains the following information, complete in all material respects:

(1) street layout;

(2) lot and block layout;

(3) number of residential units;

(4) location of nonresidential development, by type of development;

(5) drainage, detention, and retention plans;

(6) screening plan for adjacent residential properties, including landscaping or fencing; and

(7) an analysis of the effect of the project on values in the adjacent residential neighborhoods.

(o) A municipal authority with authority over platting may require as a condition for approval of a plat for a golf course that:

(1) the area be platted as a restricted reserve for the

proposed use; and

(2) the plat be incorporated into the plat for any adjacent residential lots.

(p) An owner of a lot that is within 200 feet of a subdivision golf course may seek declaratory or injunctive relief from a district court to enforce the provisions in this section.

Sec. 212.016. AMENDING PLAT. (a) The municipal authority responsible for approving plats may approve and issue an amending plat, which may be recorded and is controlling over the preceding plat without vacation of that plat, if the amending plat is signed by the applicants only and is solely for one or more of the following purposes:

(1) to correct an error in a course or distance shown on the preceding plat;

(2) to add a course or distance that was omitted on the preceding plat;

(6) to correct any other type of scrivener or clerical error or omission previously approved by the municipal authority responsible for approving plats, including lot numbers, acreage, street names, and identification of adjacent recorded plats;

(7) to correct an error in courses and distances of lot lines between two adjacent lots if:

(A) both lot owners join in the application for amending the plat;

(B) neither lot is abolished;

(C) the amendment does not attempt to remove recorded covenants or restrictions; and

(D) the amendment does not have a material adverse effect on the property rights of the other owners in the plat;

(8) to relocate a lot line to eliminate an inadvertent encroachment of a building or other improvement on a lot line or easement;

(9) to relocate one or more lot lines between one or more adjacent lots if:

(A) the owners of all those lots join in the application for amending the plat;

(B) the amendment does not attempt to remove recorded covenants or restrictions; and

(C) the amendment does not increase the number of lots;

(10) to make necessary changes to the preceding plat to create six or fewer lots in the subdivision or a part of the subdivision covered by the preceding plat if:

(A) the changes do not affect applicable zoning and other regulations of the municipality;

(B) the changes do not attempt to amend or remove any covenants or restrictions; and

(C) the area covered by the changes is located in an area that the municipal planning commission or other appropriate governing body of the municipality has approved, after a public hearing, as a residential improvement area; or

(11) to replat one or more lots fronting on an existing street if:

(A) the owners of all those lots join in the application for amending the plat;

(B) the amendment does not attempt to remove recorded covenants or restrictions;

(C) the amendment does not increase the number of lots;

and

(D) the amendment does not create or require the

creation of a new street or make necessary the extension of municipal facilities.

(b) Notice, a hearing, and the approval of other lot owners are not required for the approval and issuance of an amending plat.

(d) If a member of the municipal authority responsible for approving plats has a substantial interest in a subdivided tract, the member shall file, before a vote or decision regarding the approval of a plat for the tract, an affidavit stating the nature and extent of the interest and shall abstain from further participation in the matter. The affidavit must be filed with the municipal secretary or clerk.

(e) A member of the municipal authority responsible for approving plats commits an offense if the member violates Subsection (d). An offense under this subsection is a Class A misdemeanor.

(f) The finding by a court of a violation of this section does not render voidable an action of the municipal authority responsible for approving plats unless the measure would not have passed the municipal authority without the vote of the member who violated this section.

Sec. 212.048. EFFECT OF APPROVAL ON DEDICATION. The approval of a development plat is not considered an acceptance of any proposed

dedication for public use or use by persons other than the owner of the property covered by the plat and does not impose on the municipality any duty regarding the maintenance or improvement of any purportedly dedicated parts until the municipality's governing body makes an actual appropriation of the dedicated parts by formal acceptance, entry, use, or improvement.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 212.050. ENFORCEMENT; PENALTY. (a) If it appears that a violation or threat of a violation of this subchapter or a plan, rule, or ordinance adopted under this subchapter or consistent with this subchapter exists, the municipality is entitled to appropriate injunctive relief against the person who committed, is committing, or is threatening to commit the violation.

(b) A suit for injunctive relief may be brought in the county in which the defendant resides, the county in which the violation or threat of violation occurs, or any county in which the municipality is wholly or partly located.

(c) In a suit to enjoin a violation or threat of a violation of this subchapter or a plan, rule, ordinance, or other order adopted under this subchapter, the court may grant the municipality any prohibitory or mandatory injunction warranted by the facts including a temporary restraining order, temporary injunction, or permanent injunction.

(d) A person commits an offense if the person violates this subchapter or a plan, rule, or ordinance adopted under this subchapter or consistent with this subchapter within the limits of the municipality. An offense under this subsection is a Class C misdemeanor. Each day the violation continues constitutes a separate offense.

(e) A suit under this section shall be given precedence over

all other cases of a different nature on the docket of the trial or appellate court.

(f) It is no defense to a criminal or civil suit under this section that an agency of government other than the municipality issued a license or permit authorizing the construction, repair, or alteration of any building, structure, or improvement. It also is no defense that the defendant had no knowledge of this subchapter or of an applicable plan, rule, or ordinance.

(2) may allow participation by a municipality at a level not to exceed 70 percent of the total contract price, if the municipality has a population of 1.8 million or more.

(b-1) In addition, if the municipality has a population of 1.8 million or more, the municipality may participate at a level not to

exceed 100 percent of the total contract price for all required drainage improvements related to the development and construction of affordable housing. Under this subsection, affordable housing is defined as housing which is equal to or less than the median sales price, as determined by the Real Estate Center at Texas A&M University, of a home in the Metropolitan Statistical Area (MSA) in which the municipality is located.

(c) In addition, the contract may also allow participation by the municipality at a level not to exceed 100 percent of the total cost for any oversizing of improvements required by the municipality, including but not limited to increased capacity of improvements to anticipate other future development in the area.

(d) The municipality is liable only for the agreed payment of its share of the contract, which shall be determined in advance either as a lump sum or as a factor or percentage of the total actual cost as determined by municipal ordinance.

(1) complies with the notice and hearing procedures prescribed by Section 212.134; and

(2) makes written findings as provided by Section 212.135, 212.1351, or 212.1352, as applicable.

Added by Acts 2001, 77th Leg., ch. 441, Sec. 1, eff. Sept. 1, 2001.

Sec. 212.134. NOTICE AND PUBLIC HEARING REQUIREMENTS. (a) Before a moratorium on property development may be imposed, a municipality must conduct public hearings as provided by this section.

(b) A public hearing must provide municipal residents and affected parties an opportunity to be heard. The municipality must publish notice of the time and place of a hearing in a newspaper of general circulation in the municipality on the fourth day before the date of the hearing.

(c) Beginning on the fifth business day after the date a notice is published under Subsection (b), a temporary moratorium takes effect. During the period of the temporary moratorium, a municipality may stop accepting permits, authorizations, and approvals necessary for the subdivision of, site planning of, or construction on real property.

(d) One public hearing must be held before the governing body of the municipality. Another public hearing must be held before the municipal zoning commission, if the municipality has a zoning commission.

(f) Within 12 days after the date of the first public hearing, the municipality shall make a final determination on the imposition of a moratorium. Before an ordinance adopting a moratorium may be imposed, the ordinance must be given at least two readings by the governing body of the municipality. The readings must be separated by at least four days. If the municipality fails to adopt an ordinance imposing a moratorium within the period prescribed by this subsection, an ordinance imposing a moratorium may not be adopted, and the temporary moratorium imposed under Subsection (c) expires.

Sec. 212.135. JUSTIFICATION FOR MORATORIUM: SHORTAGE OF ESSENTIAL PUBLIC FACILITIES; WRITTEN FINDINGS REQUIRED. (a) If a

municipality adopts a moratorium on property development, the moratorium is justified by demonstrating a need to prevent a shortage of essential public facilities. The municipality must issue written findings based on reasonably available information.

(b) The written findings must include a summary of:

(1) evidence demonstrating the extent of need beyond the estimated capacity of existing essential public facilities that is expected to result from new property development, including identifying:

(A) any essential public facilities currently operating near, at, or beyond capacity;

(B) the portion of that capacity committed to the development subject to the moratorium; and

(C) the impact fee revenue allocated to address the facility need; and

(2) evidence demonstrating that the moratorium is reasonably limited to:

(A) areas of the municipality where a shortage of essential public facilities would otherwise occur; and

(B) property that has not been approved for development because of the insufficiency of existing essential public facilities.

Added by Acts 2001, 77th Leg., ch. 441, Sec. 1, eff. Sept. 1, 2001.

Acts 2005, 79th Leg., Ch. 1321 (H.B. [3461](#)), Sec. 2, eff. September 1, 2005.

Sec. 212.1351. JUSTIFICATION FOR MORATORIUM: SIGNIFICANT NEED FOR PUBLIC FACILITIES; WRITTEN FINDINGS REQUIRED. (a) Except as provided by Section 212.1352, a moratorium that is not based on a shortage of essential public facilities is justified only by demonstrating a significant need for other public facilities, including police and fire facilities. For purposes of this subsection, a significant need for public facilities is established if the failure to provide those public facilities would result in an overcapacity of public facilities or would be detrimental to the health, safety, and welfare of the residents of the municipality. The municipality must issue written findings based on reasonably available information.

(b) The written findings must include a summary of:

- (1) evidence demonstrating that applying existing development ordinances or regulations and other applicable laws is inadequate to prevent the new development from causing the overcapacity of municipal infrastructure or being detrimental to the public health, safety, and welfare in an affected geographical area;
- (2) evidence demonstrating that alternative methods of achieving the objectives of the moratorium are unsatisfactory; and
- (3) evidence demonstrating that the municipality has approved a working plan and time schedule for achieving the objectives of the moratorium.

Added by Acts 2005, 79th Leg., Ch. 1321 (H.B. [3461](#)), Sec. 2, eff. September 1, 2005.

Sec. 212.1352. JUSTIFICATION FOR COMMERCIAL MORATORIUM IN CERTAIN CIRCUMSTANCES; WRITTEN FINDINGS REQUIRED. (a) If a municipality adopts a moratorium on commercial property development that is not based on a demonstrated shortage of essential public facilities, the municipality must issue written findings based on reasonably available information that the moratorium is justified by demonstrating that applying existing commercial development ordinances or regulations and other applicable laws is inadequate to prevent the new development from being detrimental to the public health, safety, or welfare of the residents of the municipality.

(b) The written findings must include a summary of:

- (1) evidence demonstrating the need to adopt new ordinances or regulations or to amend existing ordinances, including identification of the harm to the public health, safety, or welfare that will occur if a moratorium is not adopted;
- (2) the geographical boundaries in which the moratorium will apply;
- (3) the specific types of commercial property to which the moratorium will apply; and
- (4) the objectives or goals to be achieved by adopting new ordinances or regulations or amending existing ordinances or regulations during the period the moratorium is in effect.

Added by Acts 2005, 79th Leg., Ch. 1321 (H.B. [3461](#)), Sec. 2, eff. September 1, 2005.

Sec. 212.136. EXPIRATION OF MORATORIUM; EXTENSION. A moratorium adopted under Section 212.135 or 212.1351 expires on the 120th day after the date the moratorium is adopted unless the municipality extends the moratorium by:

(1) holding a public hearing on the proposed extension of the moratorium; and

(2) adopting written findings that:

(A) identify the problem requiring the need for extending the moratorium;

(B) describe the reasonable progress made to alleviate the problem; and

(C) specify a definite duration for the renewal period of the moratorium.

Sec. 212.1362. EXPIRATION OF MORATORIUM ON COMMERCIAL PROPERTY IN CERTAIN CIRCUMSTANCES; EXTENSION. (a) A moratorium on commercial property adopted under Section 212.1352 expires on the 90th day after the date the moratorium is adopted unless the municipality extends the moratorium by:

(1) holding a public hearing on the proposed extension of the moratorium; and

(2) adopting written findings that:

(A) identify the problem requiring the need for

extending the moratorium;

(B) describe the reasonable progress made to alleviate the problem;

(C) specify a definite duration for the renewal period of the moratorium; and

(D) include a summary of evidence demonstrating that the problem will be resolved within the extended duration of the moratorium.

(b) A municipality may not adopt a moratorium on commercial property under Section 212.1352 that exceeds an aggregate of 180 days. A municipality may not adopt a moratorium on commercial property under Section 212.1352 before the second anniversary of the expiration date of a previous moratorium if the subsequent moratorium addresses the same harm, affects the same type of commercial property, or affects the same geographical area identified by the previous moratorium.

Added by Acts 2005, 79th Leg., Ch. 1321 (H.B. [3461](#)), Sec. 2, eff. September 1, 2005.

Sec. 212.137. WAIVER PROCEDURES REQUIRED. (a) A moratorium adopted under this subchapter must allow a permit applicant to apply for a waiver from the moratorium relating to the property subject to the permit by:

(1) claiming a right obtained under a development agreement; or

(2) providing the public facilities that are the subject of the moratorium at the landowner's cost.

(b) The permit applicant must submit the reasons for the request to the governing body of the municipality in writing. The governing body of the municipality must vote on whether to grant the waiver request within 10 days after the date of receiving the written request.

Sec. 212.138. EFFECT ON OTHER LAW. A moratorium adopted under this subchapter does not affect the rights acquired under Chapter 245 or common law.

Sec. 212.139. LIMITATION ON MORATORIUM. (a) A moratorium adopted under this subchapter does not affect an application for a project in progress under Chapter 245.

(b) A municipality may not adopt a moratorium under this subchapter that:

- (1) prohibits a person from filing or processing an application for a project in progress under Chapter 245; or
- (2) prohibits or delays the processing of an application for zoning filed before the effective date of the moratorium.

that notice be given:

(1) the municipality shall file in the real property records of the county clerk's office in each county in which the municipality is located a copy of the form of notice, with its effective date, that is prescribed for use by any person who sells or conveys restricted property located inside the boundaries of the municipality;

(2) all sellers and all persons completing the prescribed notice on the seller's behalf are entitled to rely on the currently effective form filed by the municipality;

(3) the municipality may prescribe a penalty against a seller, not to exceed \$500, for the failure of the seller to obtain the execution and recordation of the notice; and

(4) an action may not be maintained by the municipality against a seller to collect a penalty for the failure to obtain the execution and recordation of the notice if the municipality has not filed for record the form of notice with the county clerk of the appropriate county.

(e) This section does not limit the seller's right to recover a penalty, or any part of a penalty, imposed pursuant to Subsection (d)(3) from a third party for the negligent failure to obtain the execution or proper recordation of the notice.

(f) The failure of the seller to comply with the requirements of this section and the implementing municipal regulation does not affect the validity or enforceability of the sale or conveyance of restricted property or the validity or enforceability of restrictions covering the property.

(g) For the purposes of this section, an executory contract of purchase and sale having a performance period of more than six months is considered a sale under Subsection (a).

(h) For the purposes of the disclosure required by this section, restrictions may not include provisions that restrict the sale, rental, or use of property on the basis of race, color, religion, sex, or national origin and may not include any restrictions that by their express provisions have terminated.

(1) guarantee the continuation of the extraterritorial status of the land and its immunity from annexation by the municipality;

(2) extend the municipality's planning authority over the land by providing for a development plan to be prepared by the landowner and approved by the municipality under which certain general uses and development of the land are authorized;

(3) authorize enforcement by the municipality of certain municipal land use and development regulations in the same manner the regulations are enforced within the municipality's boundaries;

(4) authorize enforcement by the municipality of land use and development regulations other than those that apply within the municipality's boundaries, as may be agreed to by the landowner and the municipality;

SUBCHAPTER Z. MISCELLANEOUS PROVISIONS

Sec. 212.901. DEVELOPER REQUIRED TO PROVIDE SURETY. (a) To ensure that it will not incur liabilities, a municipality may require, before it gives approval of the plans for a development, that the owner of the development provide sufficient surety to guarantee that claims against the development will be satisfied if a default occurs.

(b) This section does not preclude a claimant from seeking recovery by other means.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 48(a), eff. Aug. 28, 1989.

Sec. 212.902. SCHOOL DISTRICT LAND DEVELOPMENT STANDARDS. (a) This section applies to agreements between school districts and any municipality which has annexed territory for limited purposes.

(b) On request by a school district, a municipality shall enter

an agreement with the board of trustees of the school district to establish review fees, review periods, and land development standards ordinances and to provide alternative water pollution control methodologies for school buildings constructed by the school district. The agreement shall include a provision exempting the district from all land development ordinances in cases where the district is adding temporary classroom buildings on an existing school campus.

(c) If the municipality and the school district do not reach an agreement on or before the 120th day after the date on which the municipality receives the district's request for an agreement, proposed agreements by the school district and the municipality shall be submitted to an independent arbitrator appointed by the presiding district judge whose jurisdiction includes the school district. The arbitrator shall, after a hearing at which both the school district and municipality make presentations on their proposed agreements, prepare an agreement resolving any differences between the proposals. The agreement prepared by the arbitrator will be final and binding upon both the school district and the municipality. The cost of the arbitration proceeding shall be borne equally by the school district and the municipality.

(d) A school district that requests an agreement under this section, at the time it makes the request, shall send a copy of the request to the commissioner of education. At the end of the 120-day period, the requesting district shall report to the commissioner the status or result of negotiations with the municipality. A municipality may send a separate status report to the commissioner. The district shall send to the commissioner a copy of each agreement between the district and a municipality under this section.

(e) In this section, "land development standards" includes impervious cover limitations, building setbacks, floor to area ratios, building coverage, water quality controls, landscaping, development setbacks, compatibility standards, traffic analyses, and driveway cuts, if applicable.

(f) Nothing in this section shall be construed to limit the applicability of or waive fees for fire, safety, health, or building code ordinances of the municipality prior to or during construction of school buildings, nor shall any agreement waive any fee or modify any ordinance of a municipality for an administration, service, or athletic facility proposed for construction by a school district.

(b) A municipality is not authorized to require a county to notify the municipality or obtain a building permit for any new construction or renovation work performed within the limits of the municipality by the county's personnel or by county personnel acting as general contractor on county-owned buildings or facilities. Such construction or renovation work shall be inspected by a registered professional engineer or architect licensed in this state in accordance with any other applicable law. A municipality may require a building permit for construction or renovation work performed on county-owned buildings or facilities by private general contractors.

(c) This section does not exempt a county from complying with a municipality's building code standards when performing construction or renovation work.

Amended by Acts 1999, 76th Leg., ch. 368, Sec. 1, eff. Aug. 30, 1999.

Sec. 212.904. APPORTIONMENT OF MUNICIPAL INFRASTRUCTURE COSTS.

(a) If a municipality requires as a condition of approval for a property development project that the developer bear a portion of the costs of municipal infrastructure improvements by the making of dedications, the payment of fees, or the payment of construction costs, the developer's portion of the costs may not exceed the amount required for infrastructure improvements that are roughly proportionate to the proposed development as approved by a professional engineer who holds a license issued under Chapter 1001, Occupations Code, and is retained by the municipality.

(b) A developer who disputes the determination made under Subsection (a) may appeal to the governing body of the municipality. At the appeal, the developer may present evidence and testimony under procedures adopted by the governing body. After hearing any testimony and reviewing the evidence, the governing body shall make

the applicable determination within 30 days following the final submission of any testimony or evidence by the developer.

(c) A developer may appeal the determination of the governing body to a county or district court of the county in which the development project is located within 30 days of the final determination by the governing body.

(d) A municipality may not require a developer to waive the right of appeal authorized by this section as a condition of approval for a development project.

(e) A developer who prevails in an appeal under this section is entitled to applicable costs and to reasonable attorney's fees, including expert witness fees.

(f) This section does not diminish the authority or modify the procedures specified by Chapter 395.

Sec. 212.905. REGULATION OF TREE REMOVAL. (a) In this section:

(1) "Residential structure" means:

(A) a manufactured home as that term is defined by Section 1201.003, Occupations Code;

(B) a detached one-family or two-family dwelling, including the accessory structures of the dwelling;

(C) a multiple single-family dwelling that is not more than three stories in height with a separate means of entry for each dwelling, including the accessory structures of the dwelling; or

(D) any other multifamily structure.

(2) "Tree mitigation fee" means a fee or charge imposed by a municipality in connection with the removal of a tree from private property.

(b) A municipality may not require a person to pay a tree mitigation fee for the removed tree if the tree:

(1) is located on a property that is an existing one-family or two-family dwelling that is the person's residence; and

(2) is less than 10 inches in diameter at the point on the trunk 4.5 feet above the ground.

(c) A municipality that imposes a tree mitigation fee for tree

removal on a person's property must allow that person to apply for a credit for tree planting under this section to offset the amount of the fee.

(d) An application for a credit under Subsection (c) must be in the form and manner prescribed by the municipality. To qualify for a credit under this section, a tree must be:

(1) planted on property:

(A) for which the tree mitigation fee was assessed; or

(B) mutually agreed upon by the municipality and the person; and

(2) at least two inches in diameter at the point on the trunk 4.5 feet above ground.

(e) For purposes of Subsection (d)(1)(B), the municipality and the person may consult with an academic organization, state agency, or nonprofit organization to identify an area for which tree planting will best address the science-based benefits of trees and other reforestation needs of the municipality.

(f) The amount of a credit provided to a person under this section must be applied in the same manner as the tree mitigation fee assessed against the person and:

(1) equal to the amount of the tree mitigation fee assessed against the person if the property is an existing one-family or two-family dwelling that is the person's residence;

(2) at least 50 percent of the amount of the tree mitigation fee assessed against the person if:

(A) the property is a residential structure or pertains to the development, construction, or renovation of a residential structure; and

(B) the person is developing, constructing, or renovating the property not for use as the person's residence; or

(3) at least 40 percent of the amount of the tree mitigation fee assessed against the person if:

(A) the property is not a residential structure; or

(B) the person is constructing or intends to construct a structure on the property that is not a residential structure.

(g) As long as the municipality meets the requirement to provide a person a credit under Subsection (c), this section does not affect the ability of or require a municipality to determine:

(1) the type of trees that must be planted to receive a credit under this section, except as provided by Subsection (d);

(2) the requirements for tree removal and corresponding tree mitigation fees, if applicable;

(3) the requirements for tree-planting methods and best management practices to ensure that the tree grows to the anticipated height at maturity; or

(4) the amount of a tree mitigation fee.

(h) A municipality may not prohibit the removal of or impose a tree mitigation fee for the removal of a tree that:

(1) is diseased or dead; or

(2) poses an imminent or immediate threat to persons or property.

(i) This section does not apply to property within five miles of a federal military base in active use as of December 1, 2017.

CHAPTER 214. MUNICIPAL REGULATION OF HOUSING AND OTHER STRUCTURES
SUBCHAPTER A. DANGEROUS STRUCTURES

Sec. 214.001. AUTHORITY REGARDING SUBSTANDARD BUILDING. (a) A municipality may, by ordinance, require the vacation, relocation of occupants, securing, repair, removal, or demolition of a building that is:

(1) dilapidated, substandard, or unfit for human habitation and a hazard to the public health, safety, and welfare;

(2) regardless of its structural condition, unoccupied by its owners, lessees, or other invitees and is unsecured from unauthorized entry to the extent that it could be entered or used by vagrants or other uninvited persons as a place of harborage or could be entered or used by children; or

(3) boarded up, fenced, or otherwise secured in any manner if:

(A) the building constitutes a danger to the public even though secured from entry; or

(B) the means used to secure the building are inadequate to prevent unauthorized entry or use of the building in the manner described by Subdivision (2).

(b) The ordinance must:

(1) establish minimum standards for the continued use and occupancy of all buildings regardless of the date of their construction;

(2) provide for giving proper notice, subject to Subsection (b-1), to the owner of a building; and

(3) provide for a public hearing to determine whether a building complies with the standards set out in the ordinance.

(b-1) For a condominium, as defined by Section 81.002 or 82.003, Property Code, located wholly or partly in a municipality with a population of more than 1.9 million, notice to a unit owner in accordance with Section 82.118, Property Code, and notice to the registered agent for the unit owners' association in the manner provided for service of process to a condominium association under Section 54.035(a-1) satisfy the notice requirements under this

section.

(c) A notice of a hearing sent to an owner, lienholder, or mortgagee under this section must include a statement that the owner, lienholder, or mortgagee will be required to submit at the hearing proof of the scope of any work that may be required to comply with the ordinance and the time it will take to reasonably perform the work.

(d) After the public hearing, if a building is found in violation of standards set out in the ordinance, the municipality may order that the building be vacated, secured, repaired, removed, or demolished by the owner within a reasonable time as provided by this section. The municipality also may order that the occupants be relocated within a reasonable time. If the owner does not take the ordered action within the allotted time, the municipality shall make a diligent effort to discover each mortgagee and lienholder having an interest in the building or in the property on which the building is located. The municipality shall personally deliver, send by certified mail with return receipt requested, or deliver by the United States Postal Service using signature confirmation service, to each identified mortgagee and lienholder a notice containing:

(1) an identification, which is not required to be a legal description, of the building and the property on which it is located;

(2) a description of the violation of municipal standards that is present at the building; and

(3) a statement that the municipality will vacate, secure, remove, or demolish the building or relocate the occupants of the building if the ordered action is not taken within a reasonable time.

(e) As an alternative to the procedure prescribed by Subsection (d), the municipality may make a diligent effort to discover each mortgagee and lienholder before conducting the public hearing and may give them a notice of and an opportunity to comment at the hearing. In addition, the municipality may file notice of the hearing in the Official Public Records of Real Property in the county in which the property is located. The notice must contain the name and address of the owner of the affected property if that information can be determined, a legal description of the affected property, and a description of the hearing. The filing of the notice is binding on subsequent grantees, lienholders, or other transferees of an interest in the property who acquire such interest after the filing of the notice, and constitutes notice of the hearing on any subsequent

recipient of any interest in the property who acquires such interest after the filing of the notice. If the municipality operates under this subsection, the order issued by the municipality may specify a reasonable time as provided by this section for the building to be vacated, secured, repaired, removed, or demolished by the owner or for the occupants to be relocated by the owner and an additional reasonable time as provided by this section for the ordered action to be taken by any of the mortgagees or lienholders in the event the owner fails to comply with the order within the time provided for action by the owner. Under this subsection, the municipality is not required to furnish any notice to a mortgagee or lienholder other than a copy of the order in the event the owner fails to timely take the ordered action.

(f) Within 10 days after the date that the order is issued, the municipality shall:

(1) file a copy of the order in the office of the municipal secretary or clerk, if the municipality has a population of 1.9 million or less; and

(2) publish in a newspaper of general circulation in the municipality in which the building is located a notice containing:

(A) the street address or legal description of the property;

(B) the date of the hearing;

(C) a brief statement indicating the results of the order; and

(D) instructions stating where a complete copy of the order may be obtained.

(g) After the hearing, the municipality shall promptly mail by certified mail with return receipt requested, deliver by the United States Postal Service using signature confirmation service, or personally deliver a copy of the order to the owner of the building and to any lienholder or mortgagee of the building. The municipality shall use its best efforts to determine the identity and address of any owner, lienholder, or mortgagee of the building.

(h) In conducting a hearing authorized under this section, the municipality shall require the owner, lienholder, or mortgagee of the building to within 30 days:

(1) secure the building from unauthorized entry; or

(2) repair, remove, or demolish the building, unless the owner or lienholder establishes at the hearing that the work cannot

reasonably be performed within 30 days.

(i) If the municipality allows the owner, lienholder, or mortgagee more than 30 days to repair, remove, or demolish the building, the municipality shall establish specific time schedules for the commencement and performance of the work and shall require the owner, lienholder, or mortgagee to secure the property in a reasonable manner from unauthorized entry while the work is being performed, as determined by the hearing official.

(j) A municipality may not allow the owner, lienholder, or mortgagee more than 90 days to repair, remove, or demolish the building or fully perform all work required to comply with the order unless the owner, lienholder, or mortgagee:

(1) submits a detailed plan and time schedule for the work at the hearing; and

(2) establishes at the hearing that the work cannot reasonably be completed within 90 days because of the scope and complexity of the work.

(k) If the municipality allows the owner, lienholder, or mortgagee more than 90 days to complete any part of the work required to repair, remove, or demolish the building, the municipality shall require the owner, lienholder, or mortgagee to regularly submit progress reports to the municipality to demonstrate compliance with the time schedules established for commencement and performance of the work. The order may require that the owner, lienholder, or mortgagee appear before the hearing official or the hearing official's designee to demonstrate compliance with the time schedules. If the owner, lienholder, or mortgagee owns property, including structures or improvements on property, within the municipal boundaries that exceeds \$100,000 in total value, the municipality may require the owner, lienholder, or mortgagee to post a cash or surety bond in an amount adequate to cover the cost of repairing, removing, or demolishing a building under this subsection. In lieu of a bond, the municipality may require the owner, lienholder, or mortgagee to provide a letter of credit from a financial institution or a guaranty from a third party approved by the municipality. The bond must be posted, or the letter of credit or third party guaranty provided, not later than the 30th day after the date the municipality issues the order.

(l) In a public hearing to determine whether a building complies with the standards set out in an ordinance adopted under

this section, the owner, lienholder, or mortgagee has the burden of proof to demonstrate the scope of any work that may be required to comply with the ordinance and the time it will take to reasonably perform the work.

(m) If the building is not vacated, secured, repaired, removed, or demolished, or the occupants are not relocated within the allotted time, the municipality may vacate, secure, remove, or demolish the building or relocate the occupants at its own expense. This subsection does not limit the ability of a municipality to collect on a bond or other financial guaranty that may be required by Subsection (k).

(n) If a municipality incurs expenses under Subsection (m), the municipality may assess the expenses on, and the municipality has a lien against, unless it is a homestead as protected by the Texas Constitution, the property on which the building was located. The lien is extinguished if the property owner or another person having an interest in the legal title to the property reimburses the municipality for the expenses. The lien arises and attaches to the property at the time the notice of the lien is recorded and indexed in the office of the county clerk in the county in which the property is located. The notice must contain the name and address of the owner if that information can be determined with a reasonable effort, a legal description of the real property on which the building was located, the amount of expenses incurred by the municipality, and the balance due.

(o) If the notice is given and the opportunity to relocate the tenants of the building or to repair, remove, or demolish the building is afforded to each mortgagee and lienholder as authorized by Subsection (d), (e), or (g), the lien is a privileged lien subordinate only to tax liens.

(p) A hearing under this section may be held by a civil municipal court.

(q) A municipality satisfies the requirements of this section to make a diligent effort, to use its best efforts, or to make a reasonable effort to determine the identity and address of an owner, a lienholder, or a mortgagee if the municipality searches the following records:

(1) county real property records of the county in which the building is located;

(2) appraisal district records of the appraisal district in

which the building is located;

(3) records of the secretary of state;

(4) assumed name records of the county in which the building is located;

(5) tax records of the municipality; and

(6) utility records of the municipality.

(r) When a municipality mails a notice in accordance with this section to a property owner, lienholder, mortgagee, or registered agent and the United States Postal Service returns the notice as "refused" or "unclaimed," the validity of the notice is not affected, and the notice is considered delivered.

Sec. 214.0011. ADDITIONAL AUTHORITY TO SECURE SUBSTANDARD BUILDING. (a) A municipality by ordinance may establish minimum standards for the use and occupancy of buildings in the municipality regardless of the date of their construction and may adopt other ordinances as necessary to carry out this section.

(b) The municipality may secure a building the municipality determines:

(1) violates the minimum standards; and

(2) is unoccupied or is occupied only by persons who do not have a right of possession to the building.

(c) Before the 11th day after the date the building is secured, the municipality shall give notice to the owner by:

- (1) personally serving the owner with written notice;
- (2) depositing the notice in the United States mail addressed to the owner at the owner's post office address;
- (3) publishing the notice at least twice within a 10-day period in a newspaper of general circulation in the county in which the building is located if personal service cannot be obtained and the owner's post office address is unknown; or
- (4) posting the notice on or near the front door of the building if personal service cannot be obtained and the owner's post office address is unknown.

(d) The notice must contain:

- (1) an identification, which is not required to be a legal description, of the building and the property on which it is located;
- (2) a description of the violation of the municipal standards that is present at the building;
- (3) a statement that the municipality will secure or has secured, as the case may be, the building; and
- (4) an explanation of the owner's entitlement to request a hearing about any matter relating to the municipality's securing of the building.

(e) The municipality shall conduct a hearing at which the owner may testify or present witnesses or written information about any matter relating to the municipality's securing of the building if, within 30 days after the date the municipality secures the building, the owner files with the municipality a written request for the hearing. The municipality shall conduct the hearing within 20 days after the date the request is filed.

(f) A municipality has the same authority to assess expenses under this section as it has to assess expenses under Section 214.001(n). A lien is created under this section in the same manner that a lien is created under Section 214.001(n) and is subject to the same conditions as a lien created under that section.

(g) The authority granted by this section is in addition to that granted by Section 214.001.

Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 12.104, eff. Sept. 1, 2001.

Sec. 214.00111. ADDITIONAL AUTHORITY TO PRESERVE SUBSTANDARD BUILDING AS HISTORIC PROPERTY. (a) This section applies only to a municipality that is designated as a certified local government by the state historic preservation officer as provided by 16 U.S.C.A. Section 470 et seq.

(b) This section does not apply to an owner-occupied, single-family dwelling.

(c) Before a notice is sent or a hearing is conducted under Section 214.001, the historic preservation board of a municipality may review a building described by Section 214.001(a) to determine whether the building can be rehabilitated and designated:

- (1) on the National Register of Historic Places;
- (2) as a Recorded Texas Historic Landmark; or
- (3) as historic property through a municipal historic designation.

(d) If a municipal historic preservation board reviews a building, the board shall submit a written report to the municipality indicating the results of the review conducted under this section before a public hearing is conducted under Section 214.001.

(e) If the municipal historic preservation board report determines that the building may not be rehabilitated and designated as historic property, the municipality may proceed as provided by Section 214.001.

(f) If the municipal historic preservation board report determines that the building may be rehabilitated and designated as historic property, the municipality may not permit the building to be demolished for at least 90 days after the date the report is submitted. During this 90-day period, the municipality shall notify the owner and attempt to identify a feasible alternative use for the building or locate an alternative purchaser to rehabilitate and maintain the building. If the municipality is not able to locate the owner or if the owner does not respond within the 90-day period, the municipality may appoint a receiver as provided by Section 214.003.

(g) The municipality may require the building to be demolished as provided by Section 214.001 after the expiration of the 90-day period if the municipality is not able to:

- (1) identify a feasible alternative use for the building;
- (2) locate an alternative purchaser to rehabilitate and maintain the building; or
- (3) appoint a receiver for the building as provided by

Section 214.003.

(h) An owner of a building described by Section 214.001(a) is not liable for penalties related to the building that accrue during the 90-day period provided for disposition of historic property under this section.

Added by Acts 1995, 74th Leg., ch. 158, Sec. 1, eff. Aug. 28, 1995.

Sec. 214.0012. JUDICIAL REVIEW. (a) Any owner, lienholder, or mortgagee of record of property jointly or severally aggrieved by an order of a municipality issued under Section 214.001 may file in district court a verified petition setting forth that the decision is illegal, in whole or in part, and specifying the grounds of the illegality. The petition must be filed by an owner, lienholder, or mortgagee within 30 calendar days after the respective dates a copy of the final decision of the municipality is personally delivered to them, mailed to them by first class mail with certified return receipt requested, or delivered to them by the United States Postal Service using signature confirmation service, or such decision shall become final as to each of them upon the expiration of each such 30 calendar day period.

(b) On the filing of the petition, the court may issue a writ of certiorari directed to the municipality to review the order of the municipality and shall prescribe in the writ the time within which a return on the writ must be made, which must be longer than 10 days, and served on the relator or the relator's attorney.

(c) The municipality may not be required to return the original papers acted on by it, but it is sufficient for the municipality to return certified or sworn copies of the papers or of parts of the papers as may be called for by the writ.

(d) The return must concisely set forth other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

(e) The issuance of the writ does not stay proceedings on the decision appealed from.

(f) Appeal in the district court shall be limited to a hearing under the substantial evidence rule. The court may reverse or affirm, in whole or in part, or may modify the decision brought up for review.

(g) Costs may not be allowed against the municipality.

(h) If the decision of the municipality is affirmed or not substantially reversed but only modified, the district court shall allow to the municipality all attorney's fees and other costs and expenses incurred by it and shall enter a judgment for those items, which may be entered against the property owners, lienholders, or mortgagees as well as all persons subject to the proceedings before the municipality.

Sec. 214.0015. ADDITIONAL AUTHORITY REGARDING SUBSTANDARD BUILDING. (a) This section applies only to a municipality that has adopted an ordinance under Section 214.001.

(b) In addition to the authority granted to the municipality by Section 214.001, after the expiration of the time allotted under Section 214.001(d) or (e) for the repair, removal, or demolition of a building, the municipality may:

(1) repair the building at the expense of the municipality and assess the expenses on the land on which the building stands or to which it is attached and may provide for that assessment, the mode and manner of giving notice, and the means of recovering the repair expenses; or

(2) assess a civil penalty against the property owner for failure to repair, remove, or demolish the building and provide for that assessment, the mode and manner of giving notice, and the means of recovering the assessment.

(c) The municipality may repair a building under Subsection (b) only to the extent necessary to bring the building into compliance with the minimum standards and only if the building is a residential building with 10 or fewer dwelling units. The repairs may not improve the building to the extent that the building exceeds minimum housing standards.

(d) The municipality shall impose a lien against the land on

which the building stands or stood, unless it is a homestead as protected by the Texas Constitution, to secure the payment of the repair, removal, or demolition expenses or the civil penalty. Promptly after the imposition of the lien, the municipality must file for record, in recordable form in the office of the county clerk of the county in which the land is located, a written notice of the imposition of the lien. The notice must contain a legal description of the land.

(e) Except as provided by Section 214.001, the municipality's lien to secure the payment of a civil penalty or the costs of repairs, removal, or demolition is inferior to any previously recorded bona fide mortgage lien attached to the real property to which the municipality's lien attaches if the mortgage lien was filed for record in the office of the county clerk of the county in which the real property is located before the date the civil penalty is assessed or the repair, removal, or demolition is begun by the municipality. The municipality's lien is superior to all other previously recorded judgment liens.

(f) Any civil penalty or other assessment imposed under this section accrues interest at the rate of 10 percent a year from the date of the assessment until paid in full.

(g) The municipality's right to the assessment lien may not be transferred to third parties.

(h) In any judicial proceeding regarding enforcement of municipal rights under this section, the prevailing party is entitled to recover reasonable attorney's fees from the nonprevailing party.

(i) A lien acquired under this section by a municipality for repair expenses may not be foreclosed if the property on which the repairs were made is occupied as a residential homestead by a person 65 years of age or older.

(j) The municipality by order may assess and recover a civil penalty against a property owner at the time of an administrative hearing on violations of an ordinance, in an amount not to exceed \$1,000 a day for each violation or, if the owner shows that the property is the owner's lawful homestead, in an amount not to exceed \$10 a day for each violation, if the municipality proves:

(1) the property owner was notified of the requirements of the ordinance and the owner's need to comply with the requirements; and

(2) after notification, the property owner committed an act

in violation of the ordinance or failed to take an action necessary for compliance with the ordinance.

(k) An assessment of a civil penalty under Subsection (j) is final and binding and constitutes prima facie evidence of the penalty in any suit brought by a municipality in a court of competent jurisdiction for a final judgment in accordance with the assessed penalty.

(l) To enforce a civil penalty under this subchapter, the clerk or secretary of the municipality must file with the district clerk of the county in which the municipality is located a certified copy of an order issued under Subsection (j) stating the amount and duration of the penalty. No other proof is required for a district court to enter a final judgment on the penalty.

Sec. 214.002. REQUIRING REPAIR, REMOVAL, OR DEMOLITION OF BUILDING OR OTHER STRUCTURE. (a) If the governing body of a municipality finds that a building, bulkhead or other method of shoreline protection, fence, shed, awning, or other structure, or part of a structure, is likely to endanger persons or property, the governing body may:

(1) order the owner of the structure, the owner's agent, or the owner or occupant of the property on which the structure is located to repair, remove, or demolish the structure, or the part of the structure, within a specified time; or

(2) repair, remove, or demolish the structure, or the part of the structure, at the expense of the municipality, on behalf of the owner of the structure or the owner of the property on which the structure is located, and assess the repair, removal, or demolition expenses on the property on which the structure was located.

(b) The governing body shall provide by ordinance for:

(1) the assessment of repair, removal, or demolition expenses incurred under Subsection (a)(2);

(2) a method of giving notice of the assessment; and

(3) a method of recovering the expenses.

(c) The governing body may punish by a fine, confinement in jail, or both a person who does not comply with an order issued under Subsection (a)(1).

Sec. 214.003. RECEIVER. (a) A home-rule municipality may bring an action in district court against an owner of property that is not in substantial compliance with:

(1) the municipal ordinances regarding:

- (A) fire protection;
- (B) structural integrity;
- (C) zoning; or
- (D) disposal of refuse; or

(2) a municipal ordinance described by Section 54.012(1), (2), (5), (6), (7), or (9).

(b) Except as provided by Subsection (c), the court may appoint as a receiver for the property a nonprofit organization or an individual with a demonstrated record of rehabilitating properties if the court finds that:

(1) the structures on the property are in violation of the standards set forth in Section 214.001(b) and an ordinance described by Subsection (a);

(2) notice of violation was given to the record owner of the property; and

(3) a public hearing as required by Section 214.001(b) has been conducted.

(c) A receiver appointed under Subsection (b) may act as a receiver for any property, including historic property subject to Section 214.00111.

(d) For the purposes of this section, if the record owner does not appear at the hearing required by Section 214.001(b), the hearing shall be conducted as if the owner had personally appeared.

(e) In the action, the record owners and any lienholders of record of the property shall be served with personal notice of the proceedings or, if not available after due diligence, may be served by publication. Actual service or service by publication on the

record owners or lienholders constitutes notice to all unrecorded owners or lienholders.

(f) The court may issue, on a showing of imminent risk of injury to any person occupying the property or a person in the community, any mandatory or prohibitory temporary restraining orders and temporary injunctions necessary to protect the public health and safety.

(g) A receiver appointed by the court may:

- (1) take control of the property;
- (2) collect rents due on the property;
- (3) make or have made any repairs necessary to bring the

property into compliance with:

- (A) minimum standards in local ordinances; or
- (B) guidelines for rehabilitating historic properties

established by the secretary of the interior under 16 U.S.C.A.

Section 470 et seq. or the municipal historic preservation board, if the property is considered historic property under Section 214.00111;

- (4) make payments necessary for the maintenance or restoration of utilities to the properties;
- (5) purchase materials necessary to accomplish repairs;
- (6) renew existing rental contracts and leases;
- (7) enter into new rental contracts and leases;
- (8) affirm, renew, or enter into a new contract providing for insurance coverage on the property; and
- (9) exercise all other authority that an owner of the property would have except for the authority to sell the property.

(h) On the completion of the restoration of the property to the minimum code standards of the municipality or guidelines for rehabilitating historic property, or before petitioning a court for termination of the receivership under Subsection (1):

- (1) the receiver shall file with the court a full accounting of all costs and expenses incurred in the repairs, including reasonable costs for labor and supervision, all income received from the property, and, at the receiver's discretion, a receivership fee of 10 percent of those costs and expenses;
- (2) if the income exceeds the total of the cost and expense of rehabilitation and any receivership fee, the rehabilitated property shall be restored to the owners and any net income shall be returned to the owners; and
- (3) if the total of the costs and expenses and any

receivership fee exceeds the income received during the receivership, the receiver may maintain control of the property until the time all rehabilitation and maintenance costs and any receivership fee are recovered, or until the receivership is terminated.

(h-1) A receiver shall have a lien on the property under receivership for all of the receiver's unreimbursed costs and expenses and any receivership fee.

(i) Any record lienholder may, after initiation of an action by a municipality:

(1) intervene in the action; and

(2) request appointment as a receiver:

(A) under the same conditions as the nonprofit organization or individual; and

(B) on a demonstration to the court of an ability and willingness to rehabilitate the property.

(j) For the purposes of this section, the interests and rights of an unrecorded lienholder or unrecorded property owner are, in all respects, inferior to the rights of a duly appointed receiver.

(k) The court may not appoint a receiver for any property that is an owner-occupied, single-family residence.

(l) A receiver appointed by a district court under this section, or the home-rule municipality that filed the action under which the receiver was appointed, may petition the court to terminate the receivership and order the sale of the property after the receiver has been in control of the property for more than one year, if an owner has been served with notice but has failed to assume control or repay all rehabilitation and maintenance costs and any receivership fee of the receiver.

(m) In the action, the record owners and any lienholders of record of the property shall be served with personal notice of the proceedings or, if not found after due diligence, may be served by publication. Actual service or service by publication on all record owners and lienholders of record constitutes notice to all unrecorded owners and lienholders.

(n) The court may order the sale of the property if the court finds that:

(1) notice was given to each record owner of the property and each lienholder of record;

(2) the receiver has been in control of the property for more than one year and an owner has failed to repay all

rehabilitation and maintenance costs and any receivership fee of the receiver; and

(3) no lienholder of record has intervened in the action and offered to repay the costs and any receivership fee of the receiver and assume control of the property.

(o) The court shall order the sale to be conducted by the petitioner in the same manner that a sale is conducted under Chapter 51, Property Code. If the record owners and lienholders are identified, notice of the date and time of the sale must be sent in the same manner as provided by Chapter 51, Property Code. If the owner cannot be located after due diligence, the owner may be served notice by publication. The receiver may bid on the property at the sale and may use a lien granted under Subsection (h-1) as credit toward the purchase. The petitioner shall make a report of the sale to the court.

(p) The court shall confirm the sale and order a distribution of the proceeds of the sale in the following order:

(1) court costs;

(2) costs and expenses of the receiver, and any lien held by the receiver; and

(3) other valid liens.

(q) Any remaining sums must be paid to the owner. If the owner is not identified or cannot be located, the court shall order the remaining sums to be deposited in an interest-bearing account with the district clerk's office in the district in which the action is pending, and the clerk shall hold the funds as provided by other law.

(r) After the proceeds are distributed, the court shall award fee title to the purchaser subject to any recorded bona fide liens that were not paid by the proceeds of the sale.

Sec. 214.0031. ADDITIONAL AUTHORITY TO APPOINT RECEIVER FOR HAZARDOUS PROPERTIES. (a) In this section:

(1) "Eligible nonprofit housing organization" means a nonprofit housing organization that is certified by a home-rule municipality to bring an action under this section.

(2) "Multifamily residential property" means any residential dwelling complex consisting of four or more units.

(b) A home-rule municipality may annually certify one or more nonprofit housing organizations to bring an action under this section after making the following findings:

(1) the nonprofit housing organization has a record of community involvement; and

(2) the certification will further the home-rule municipality's goal to rehabilitate hazardous properties.

(c) A home-rule municipality or an eligible nonprofit housing organization may bring an action under this section in district court against an owner of property that is not in substantial compliance with one or more municipal ordinances regarding:

(1) the prevention of substantial risk of injury to any person; or

(2) the prevention of an adverse health impact to any person.

(d) A municipality that grants authority to an eligible nonprofit housing organization to initiate an action under this section has standing to intervene in the proceedings at any time as a matter of right.

(e) The court may appoint a receiver if the court finds that:

(1) the property is in violation of one or more ordinances of the municipality described by Subsection (c);

(2) the condition of the property constitutes a serious and imminent public health or safety hazard; and

(3) the property is not an owner-occupied, single-family residence.

(f) The following are eligible to serve as court-appointed receivers:

(1) an entity with, as determined by the court, sufficient capacity and experience rehabilitating properties; and

(2) an individual with, as determined by the court, sufficient resources and experience rehabilitating properties.

(g) Notwithstanding Subsection (f), an entity is ineligible to serve as a receiver for a multifamily residential property if the nonprofit housing organization that brought the action under this section has an ownership interest or a right to income in the entity.

(h) The home-rule municipality or eligible nonprofit housing organization must send by certified mail notice of any ordinance violation alleged to exist on the property on or before the 30th day before the date an action is filed under this section to:

(1) the physical address of the property; and

(2) the address as indicated on the most recently approved municipal tax roll for the property owner or the property owner's agent.

(i) In an action under this section, each record owner and each lienholder of record of the property shall be served with notice of the proceedings or, if not available after due diligence, may be served by alternative means, including publication, as prescribed by the Texas Rules of Civil Procedure. Actual service or service by publication on a record owner or lienholder constitutes notice to each unrecorded owner or lienholder.

(j) On a showing of imminent risk of injury to a person occupying the property or present in the community, the court may issue a mandatory or prohibitory temporary restraining order or temporary injunction as necessary to protect the public health or safety.

(k) Unless inconsistent with this section or other law, the rules of equity govern all matters relating to a court action under this section.

(l) Subject to control of the court, a court-appointed receiver has all powers necessary and customary to the powers of a receiver under the laws of equity and may:

(1) take possession and control of the property;

(2) operate and manage the property;

(3) establish and collect rents and income on the property;

(4) lease the property;

(5) make any repairs and improvements necessary to bring the property into compliance with local codes and ordinances and state laws, including:

(A) performing and entering into contracts for the

performance of work and the furnishing of materials for repairs and improvements; and

(B) entering into loan and grant agreements for repairs and improvements to the property;

(7) enter into contracts for operating and maintaining the property;

(8) exercise all other authority of an owner of the property other than the authority to sell the property unless authorized by the court under Subsection (n); and

(9) perform other acts regarding the property as authorized by the court.

(m) A court-appointed receiver may demolish a single-family structure on the property under this section on authorization by the court and only if the court finds:

(1) it is not economically feasible to bring the structure into compliance with local codes and ordinances and state laws; and

(2) the structure is:

(A) unfit for human habitation or is a hazard to the public health or safety;

(B) regardless of its structural condition:

(i) unoccupied by its owners or lessees or other invitees; and

(ii) unsecured from unauthorized entry to the extent that it could be entered or used by vagrants or other uninvited persons as a place of harborage or could be entered or used by children; or

(C) boarded, fenced, or otherwise secured, but:

(i) the structure constitutes a danger to the public even though secured from entry; or

(ii) the means used to secure the structure are inadequate to prevent unauthorized entry or use of the structure in the manner described by Paragraph (B)(ii).

(n) On demolition of the structure, the court may authorize the receiver to sell the property to an individual or organization that will bring the property into productive use.

(o) On completing the repairs or demolishing the structure or before petitioning a court for termination of the receivership, the

receiver shall file with the court a full accounting of all costs and expenses incurred in the repairs or demolition, including reasonable costs for labor and supervision, all income received from the property, and, at the receiver's discretion, a receivership fee of 10 percent of those costs and expenses. If the property was sold under Subsection (n) and the revenue exceeds the total of the costs and expenses incurred by the receiver plus any receivership fee, any net income shall be returned to the owner. If the property is not sold and the income produced exceeds the total of the costs and expenses incurred by the receiver plus any receivership fee, the rehabilitated property shall be restored to the owner and any net income shall be returned to the owner. If the total of the costs and expenses incurred by the receiver plus any receivership fee exceeds the income produced during the receivership, the receiver may maintain control of the property until all rehabilitation and maintenance costs plus any receivership fee are recovered or until the receivership is terminated.

(p) A receiver shall have a lien on the property for all of the receiver's unreimbursed costs and expenses, plus any receivership fee.

(q) Any lienholder of record may, after initiation of an action under this section:

(1) intervene in the action; and

(2) request appointment as a receiver under this section if the lienholder demonstrates to the court an ability and willingness to rehabilitate the property.

(r) A receiver appointed under this section or the home-rule municipality or eligible nonprofit housing organization that filed the action under which the receiver was appointed may petition the court to terminate the receivership and order the sale of the property if an owner has been served with notice but has failed to repay all of the receiver's outstanding costs and expenses plus any receivership fee on or before the 180th day after the date the notice was served.

(s) The court may order the sale of the property if the court finds that:

(1) notice was given to each record owner of the property and each lienholder of record;

(2) the receiver has been in control of the property and the owner has failed to repay all the receiver's outstanding costs

and expenses of rehabilitation plus any receivership fee within the period prescribed by Subsection (r); and

(3) no lienholder of record has intervened in the action and tendered the receiver's costs and expenses, plus any receivership fee, and assumed control of the property.

CHAPTER 216. REGULATION OF SIGNS BY MUNICIPALITIES

SUBCHAPTER A. RELOCATION, RECONSTRUCTION, OR REMOVAL OF SIGN

Sec. 216.001. LEGISLATIVE INTENT. (a) This subchapter is not intended to require a municipality to provide for the relocation, reconstruction, or removal of any sign in the municipality, nor is it intended to prohibit a municipality from requiring the relocation, reconstruction, or removal of any sign. This subchapter is intended only to authorize a municipality to take that action and to establish the procedure by which the municipality may do so.

(b) This subchapter is not intended to require a municipality to make a cash payment to compensate the owner of a sign that the municipality requires to be relocated, reconstructed, or removed. Cash payment is established as only one of several methods from which a municipality may choose in compensating the owner of a sign.

(c) This subchapter is not intended to affect any eminent

domain proceeding in which the taking of a sign is only an incidental part of the exercise of the eminent domain power.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 216.002. DEFINITIONS. In this subchapter:

(1) "Sign" means an outdoor structure, sign, display, light device, figure, painting, drawing, message, plaque, poster, billboard, or other thing that is designed, intended, or used to advertise or inform.

(2) "On-premise sign" means a freestanding sign identifying or advertising a business, person, or activity, and installed and maintained on the same premises as the business, person, or activity.

(3) "Off-premise sign" means a sign displaying advertising copy that pertains to a business, person, organization, activity, event, place, service, or product not principally located or primarily manufactured or sold on the premises on which the sign is located.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 216.003. MUNICIPAL REGULATION. (a) Subject to the requirements of this subchapter, a municipality may require the relocation, reconstruction, or removal of any sign within its corporate limits or extraterritorial jurisdiction.

(b) Except as provided by Subsection (e), the owner of a sign that is required to be relocated, reconstructed, or removed is entitled to be compensated by the municipality for costs associated with the relocation, reconstruction, or removal.

(c) If application of a municipal regulation would require reconstruction of a sign in a manner that would make the sign ineffective for its intended purpose, such as by substantially impairing the sign's visibility, application of the regulation is treated as the required removal of the sign for purposes of this subchapter.

(d) In lieu of paying compensation, a municipality may exempt from required relocation, reconstruction, or removal those signs lawfully in place on the effective date of the requirement.

(e) A municipality that exercises authority under this

subchapter may, without paying compensation as provided by this subchapter, require the removal of an on-premise sign or sign structure not sooner than the first anniversary of the date the business, person, or activity that the sign or sign structure identifies or advertises ceases to operate on the premises on which the sign or sign structure is located. If the premises containing the sign or sign structure is leased, a municipality may not require removal under this subsection sooner than the second anniversary after the date the most recent tenant ceases to operate on the premises. The removal of a sign or sign structure as described by this subsection does not require the appointment of a board under Section 216.004.

(f) A municipality acting under Subsection (e) may agree with the owner of the sign or sign structure to remove only a portion of the sign or sign structure.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 1, Sec. 87(m), eff. Aug. 28, 1989; Acts 2003, 78th Leg., ch. 865, Sec. 1, eff. Sept. 1, 2003.

Sec. 216.0035. REGULATORY AUTHORITY NOT APPLICABLE TO ON-PREMISES SIGNS UNDER CERTAIN CIRCUMSTANCES. The authority granted to a municipality by this subchapter to require the relocation, reconstruction, or removal of signs does not apply to:

(1) on-premises signs in the extraterritorial jurisdiction of municipalities in a county described by Section 394.063, Transportation Code, if the circumstances described by that section occur; and

(2) on-premises signs in a municipality's extraterritorial jurisdiction in a county that borders a county described by that law.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 54(e), eff. Aug. 28, 1989. Amended by Acts 1993, 73rd Leg., ch. 482, Sec. 1, eff. Aug. 30, 1993; Acts 1997, 75th Leg., ch. 165, Sec. 30.218, eff. Sept. 1, 1997.

Sec. 216.004. MUNICIPAL BOARD. (a) If a municipality requires the relocation, reconstruction, or removal of a sign within its corporate limits or extraterritorial jurisdiction, the presiding officer of the governing body of the municipality shall appoint a

municipal board on sign control. The board must be composed of:

(1) two real estate appraisers, each of whom must be a member in good standing of a nationally recognized professional appraiser society or trade organization that has an established code of ethics, educational program, and professional certification program;

(2) one person engaged in the sign business in the municipality;

(3) one employee of the Texas Department of Transportation who is familiar with real estate valuations in eminent domain proceedings; and

(4) one architect or landscape architect licensed by this state.

(b) A member of the board is appointed for a term of two years.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 951, Sec. 2, eff. Sept. 1, 1989; Acts 1995, 74th Leg., ch. 165, Sec. 22(47), eff. Sept. 1, 1995.

Sec. 216.005. DETERMINATION OF AMOUNT OF COMPENSATION. (a) The municipal board on sign control shall determine the amount of the compensation to which the owner of a sign that is required to be relocated, reconstructed, or removed is entitled. The determination shall be made after the owner of the sign is given the opportunity for a hearing before the board about the issues involved in the matter.

(b) In any court proceeding in which the reasonableness of compensation is at issue and the compensation is to be provided over a period longer than one year, the court shall consider whether the duration of the period is reasonable under the circumstances.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 216.006. COMPENSATION FOR RELOCATED SIGN. The compensable costs for a sign that is required to be relocated include the expenses of dismantling the sign, transporting it to another site, and reerecting it. The board shall determine the compensable costs according to the standards applicable in a proceeding under Chapter 21, Property Code. In addition, the municipality shall issue to the

owner of the sign an appropriate permit or other authority to operate a substitute sign of the same type at an alternative site of substantially equivalent value. Whether an alternative site is of substantially equivalent value is determined by standards generally accepted in the outdoor advertising industry, including visibility, traffic count, and demographic factors. The municipality shall compensate the owner for any increased operating costs, including increased rent, at the new location. The owner is responsible for designating an alternative site where the erection of the sign would be in compliance with the sign ordinance.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 216.007. COMPENSATION FOR RECONSTRUCTED SIGN. The compensable costs for a sign that is required to be reconstructed include expenses of labor and materials and any loss in the value of the sign due to the reconstruction in excess of 15 percent of that value. The board shall determine the compensable costs according to standards applicable in a proceeding under Chapter 21, Property Code.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 216.008. COMPENSATION FOR REMOVAL OF OFF-PREMISE SIGN.

(a) For an off-premise sign that is required to be removed, the compensable cost is an amount computed by determining the average annual gross revenue received by the owner from the sign during the two years preceding September 1, 1985, or the two years preceding the month in which the removal date of the sign occurs, whichever is less, and by multiplying that amount by three. If the sign has not been in existence for all of either two-year period, the average annual gross revenue for that period, for the purpose of this computation, is an amount computed by dividing 12 by the number of months that the sign has been in existence, and multiplying that result by the total amount of the gross revenue received for the period that the sign has been in existence. However, if the sign did not generate revenue for at least one month preceding September 1, 1985, this computation of compensable costs is to be made using only the average annual gross revenue received during the two years preceding the month in which the removal date of the sign occurs, and

by multiplying that amount by three. In determining the amounts under this paragraph, a sign is treated as if it were in existence for the entire month if it was in existence for more than 15 days of the month and is treated as if it were not in existence for any part of the month if it was in existence for 15 or fewer days of the month.

(b) The owner of the real property on which the sign was located is entitled to be compensated for any decrease in the value of the real property. The compensable cost is to be determined by the board according to standards applicable in a proceeding under Chapter 21, Property Code.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 216.009. COMPENSATION FOR REMOVAL OF ON-PREMISE SIGN. For an on-premise sign that is required to be removed, the compensable cost is an amount computed by determining a reasonable balance between the original cost of the sign, less depreciation, and the current replacement cost of the sign, less an adjustment for the present age and condition of the sign.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 216.010. METHOD OF COMPENSATION. (a) To pay the compensable costs required under this subchapter, the governing body of a municipality may use only a method, or a combination of the methods, prescribed by this section.

(b) If any sign is required to be relocated or reconstructed, or an on-premise sign is required to be removed, the municipality, acting pursuant to the Property Redevelopment and Tax Abatement Act (Chapter 312, Tax Code), may abate municipal property taxes that otherwise would be owed by the owner of the sign. The abated taxes may be on any real or personal property owned by the owner of the sign except residential property. The right to the abatement of taxes is assignable by the holder, and the assignee may use the right to abatement with respect to taxes on any nonresidential property in the same taxing jurisdiction. In a municipality where tax abatement is used to pay compensable costs, the costs include reasonable interest and the abatement period may not exceed five years.

(c) The municipality may allocate to a special fund in the municipal treasury, to be known as the sign abatement and community beautification fund, all or any part of the municipal property taxes paid on signs, on the real property on which the signs are located, or on other real or personal property owned by the owner of the sign. The municipality may make payments from that fund to reimburse compensable costs to owners of signs required to be relocated, reconstructed, or removed.

(d) The municipality may provide for the issuance of sign abatement revenue bonds and use the proceeds to make payments to reimburse costs to the owners of signs within the corporate limits of such municipality that are required to be relocated, reconstructed, or removed.

(e) The municipality may pay compensable costs in cash.

(f) Except as prohibited by federal law, a municipality with a population of more than 1.9 million may pay the compensable costs to the owner of an on-premise sign by allowing the sign to remain in place for a period sufficient to recover the compensable cost of the sign as determined under Section 216.009, based on a determination by the municipal board of the average annual gross revenue as determined under Section 216.008 that would be generated by the sign in its specific location if the sign were used as an off-premise sign rather than an on-premise sign. During the period in which a sign remains in place under this subsection, the owner of the sign shall maintain the sign in compliance with all other regulations applicable to the sign, including structural regulations.

(b) For a nonconforming sign erected after September 1, 1985, or for a sign in place on that date that later is made nonconforming by an extension of or strengthening of an ordinance that was in effect on June 1, 1985, and that provided an amortization plan, the amortization period is the entire useful life of the sign. If it has not already done so, the board shall determine the entire useful life of signs by type or category, such as mono-pole signs, metal signs, and wood signs. The useful life may not be solely determined by the natural life expectancy of a sign.

(c) Compensation for the relocation, reconstruction, or removal of a sign that, on September 1, 1985, was not in compliance with the sign ordinance shall be made in accordance with the applicable procedures of Section 6, Chapter 221, Acts of the 69th Legislature, Regular Session, 1985 (Article 1015o, Vernon's Texas Civil Statutes), and that law is continued in effect for this purpose.

(c) For purposes of Subsection (b), a sign or substantial part

of it is considered to have been destroyed only if the cost of repairing the sign is more than 60 percent of the cost of erecting a new sign of the same type at the same location.

(d) This subchapter does not limit or restrict the compensation provisions of the highway beautification provisions contained in Chapter 391, Transportation Code.

The petition must be filed within 20 days after the date the decision is rendered by the board.

(b) On the filing of the petition, the court may issue a writ of certiorari directed to the board to review the decision of the board and shall prescribe in the writ the time within which a return must be made, which must be longer than 10 days and may be extended by the court.

(c) The board is not required to return the original papers acted on by it, but it shall be sufficient to return certified or sworn copies of the papers. The return must concisely set forth all other facts as may be pertinent and material to show the grounds of the decision appealed from and must be verified.

(1) this subchapter;

(2) Section 216.902;

Sec. 231.015. DISTRICTS. (a) The commissioners court may divide the area in its county that is subject to this subchapter into districts of a number, shape, and size the court considers best for carrying out this subchapter. Within each district, the commissioners court may regulate the erection, construction, reconstruction, alteration, repair, or use of buildings, other structures, or land.

(b) The zoning regulations must be uniform for each class or kind of building in a district, but the regulations may vary from district to district. The regulations shall be adopted with reasonable consideration, among other things, for the character of each district and its peculiar suitability for particular uses, with a view of conserving the value of buildings and encouraging the most appropriate use of land throughout the island.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 231.016. PROCEDURES GOVERNING ADOPTION OF REGULATIONS AND DISTRICT BOUNDARIES. (a) The commissioners courts shall establish procedures for adopting and enforcing zoning regulations and zoning district boundaries. A regulation or boundary is not effective until after a public hearing on the matter at which parties in interest and citizens have an opportunity to be heard. Before the 15th day before the date of the hearing, notice of the time and place of the hearing must be published in a newspaper of general circulation in the county.

(b) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the commissioners court. The protest must be written and signed by the owners of at least 20 percent of either:

(1) the area of the lots covered by the proposed change;

or

(2) the lots immediately adjacent to the rear of the lots

covered by the proposed change and extending 200 feet from those lots, or from the street frontage of the opposite lots.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 231.017. ZONING COMMISSION. (a) To exercise the powers authorized by this subchapter, the commissioners court shall appoint a zoning commission. The commission shall recommend boundaries for the original zoning districts and appropriate zoning regulations for each district. The commission must consist of seven members, each of whom must be a resident of the county. If the county has a board of park commissioners, the commissioners court may appoint the board to serve as the zoning commission.

(b) The commission shall choose a chairman who must be a commission member. The chairman serves in that capacity for a term set by the commission. The commission may at any time choose for a particular meeting or occasion an acting chairman as necessary from among its members. The commission may employ a secretary and acting secretary and other technical or clerical personnel.

(c) A member of the commission is not entitled to compensation for service on the commission but may be entitled to expenses actually incurred while serving on the commission as provided by order of the commissioners court.

(d) The zoning commission shall make a preliminary report and hold public hearings on that report before submitting a final report to the commissioners court. The commissioners court may not hold a public hearing or take action until it receives the final report of the zoning commission.

(e) Before the 10th day before the hearing date, written notice of each public hearing before the zoning commission on a proposed change in a zoning classification shall be sent to:

(1) each owner of affected property or to the person who renders the property for county taxes; and

(2) each owner of property that is located within 200 feet of property affected by the change or to the person who renders the property for county taxes.

(f) The notice may be served by depositing it, postage paid and properly addressed, in the United States mail.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 231.018. BOARD OF ADJUSTMENT. (a) The commissioners court may provide for the appointment of a board of adjustment. In the zoning regulations adopted under this subchapter, the commissioners court may authorize the board of adjustment, in appropriate cases and subject to appropriate conditions and safeguards, to make special exceptions to the terms of the zoning regulations that are consistent with the general purpose and intent of the regulations and in accordance with any applicable rules contained in the regulations.

(b) A board of adjustment must consist of five members to be appointed for terms of two years. The appointing authority may remove a board member for cause on a written charge after a public hearing. A vacancy on the board shall be filled for the unexpired term.

(c) The board shall adopt rules in accordance with any order adopted under this subchapter. Meetings of the board are held at the call of the chairman and at other times as determined by the board. The chairman or acting chairman may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public.

(d) The board shall keep minutes of its proceedings that indicate the vote of each member on each question or the fact that a member is absent or fails to vote. The board shall keep records of its examinations and other official actions. The minutes and records shall be filed immediately in the board's office and are public records.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 231.019. AUTHORITY OF BOARD. (a) The board of adjustment may:

(1) hear and decide an appeal that alleges error in an order, requirement, decision, or determination made by an administrative official in the enforcement of this subchapter or a zoning regulation;

(2) hear and decide special exceptions to the terms of a zoning regulation when the regulation requires the board to do so;

and

(3) authorize in specific cases a variance from the terms of a zoning regulation if the variance is not contrary to the public interest and, due to special conditions, a literal enforcement of the regulation would result in unnecessary hardship, and so that the spirit of the regulation is observed and substantial justice is done.

(b) In exercising its authority under Subsection (a)(1), the board may reverse or affirm, in whole or in part, or modify the administrative official's order, requirement, decision, or determination from which an appeal is taken and make the correct order, requirement, decision, or determination, and for that purpose the board has the same authority as the administrative official.

(c) The concurring vote of four members of the board is necessary to:

(1) reverse an order, requirement, decision, or determination of an administrative official;

(2) decide in favor of an applicant on a matter on which the board is required to pass under a zoning regulation; or

(3) authorize a variation in a zoning regulation.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 231.020. APPEAL TO BOARD. (a) Any of the following persons may appeal to the board of adjustment a decision made by an administrative official:

(1) a person aggrieved by the decision; or

(2) any officer, department, board, or bureau of the county or of a municipality affected by the decision.

(b) The appellant must file with the board and the official from whom the appeal is taken a notice of appeal specifying the grounds for the appeal. The appeal must be filed within a reasonable time as determined by the rules of the board. On receiving the notice, the official from whom the appeal is taken shall immediately transmit to the board all the papers constituting the record of the action that is appealed.

(c) An appeal stays all proceedings in furtherance of the action that is appealed unless the official from whom the appeal is taken certifies in writing to the board facts supporting the official's opinion that a stay would cause imminent peril to life or

property. In that case, the proceedings may only be stayed by a restraining order granted by the board or a court of record on application, after notice to the official, if due cause is shown.

(d) The board shall set a reasonable time for the appeal hearing and shall give public notice of the hearing and due notice to the parties in interest. A party may appear at the appeal hearing in person or by agent or attorney. The board shall decide the appeal within a reasonable time.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 231.021. JUDICIAL REVIEW OF BOARD DECISION. (a) Any of the following persons may present to a court of record a verified petition stating that the decision of the board of adjustment is illegal in whole or in part and specifying the grounds of the illegality:

- (1) a person aggrieved by a decision of the board;
- (2) a taxpayer; or
- (3) an officer, department, board, or bureau of the county or of the municipality.

(b) The petition must be presented within 10 days after the date the decision is filed in the board's office.

(c) On the presentation of the petition, the court may grant a writ of certiorari directed to the board to review the board's decision. The writ must indicate the time within which the board's return must be made and served on the petitioner's attorney, which must be after 10 days and may be extended by the court. Granting of the writ does not stay the proceedings on the decision under appeal, but on application and after notice to the board the court may grant a restraining order if due cause is shown.

(d) The board's return must be verified and must concisely state any pertinent and material facts that show the grounds of the decision under appeal. The board is not required to return the original documents on which the board acted but may return certified or sworn copies of the documents or parts of the documents as required by the writ.

(e) If at the hearing the court determines that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take evidence as directed. The

referee shall report the evidence to the court with the referee's findings of fact and conclusions of law. The referee's report constitutes a part of the proceedings on which the court shall make its decision.

(f) The court may reverse or affirm, in whole or in part, or modify the decision that is appealed. Costs may not be assessed against the board unless the court determines that the board acted with gross negligence, in bad faith, or with malice in making its decision.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 231.022. ENFORCEMENT; PENALTY; REMEDIES. (a) The commissioners court may adopt orders to enforce this subchapter, any order adopted under this subchapter, or a zoning regulation.

(b) A person commits an offense if the person violates this subchapter, an order adopted under this subchapter, or a zoning regulation. An offense under this subsection is a misdemeanor, punishable by fine, imprisonment, or both, as provided by the commissioners court. The commissioners court may also provide civil penalties for a violation.

(c) If a building or other structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained or if a building, other structure, or land is used in violation of this subchapter, an order adopted under this subchapter, or a zoning regulation, the appropriate county authority, in addition to other remedies, may institute appropriate action to:

- (1) prevent the unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance, or use;
- (2) restrain, correct, or abate the violation;
- (3) prevent the occupancy of the building, structure, or land; or
- (4) prevent any illegal act, conduct, business, or use on or about the premises.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 231.023. CONFLICT WITH OTHER LAWS; EXCEPTIONS. (a) If a zoning regulation adopted under this subchapter requires a greater

width or size of a yard, court, or other open space, requires a lower building height or fewer number of stories for a building, requires a greater percentage of lot to be left unoccupied, or otherwise imposes higher standards than those required under another statute or local order or regulation, the regulation adopted under this subchapter controls. If the other statute or local order or regulation imposes higher standards, that statute, order, or regulation controls.

(b) This subchapter does not authorize the commissioners court to require the removal or destruction of property that exists at the time the court implements this subchapter.

(c) This subchapter, an order adopted under this subchapter, or a zoning regulation does not apply to the location, construction, maintenance, or use of central office buildings used by a person engaging in providing telephone service to the public or equipment used in connection with those buildings or as part of the telephone system, as necessary to furnish telephone service to the public.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

If the other statute or local order or regulation imposes higher standards, that statute, order, or regulation controls.

(b) This subchapter does not authorize the commissioners court to require the removal or destruction of property that exists at the time the court implements this subchapter or to restrict the right of a landowner, acting in the owner's behalf, to construct improvements for agricultural purposes or to otherwise use the land for agricultural purposes except the commissioners court may take those actions to restrict or prohibit any commercial agricultural enterprise such as a feed lot.

(b) The regulations must be uniform for each class or kind of building in a district, but the regulations may vary from district to district. The regulations shall be adopted with reasonable consideration, among other things, for the character of each district and its peculiar suitability for particular uses, with a view of conserving the value of buildings, protecting historic landmarks and structures, and encouraging the most appropriate use of land throughout the area.

Added by Acts 1991, 72nd Leg., ch. 755, Sec. 1, eff. June 16, 1991.

Sec. 231.176. COMMISSION. (a) To exercise the powers

authorized by this subchapter, the commissioners court shall appoint a commission. If the county has a planning commission or historic commission, the commissioners court may designate either of those commissions to serve as the commission required by this section. The commission shall recommend boundaries for the original districts and appropriate regulations for each district.

(b) The commission shall elect a chairman from its members. The chairman serves in that capacity for a term set by the commission. The commission may at any time choose for a particular meeting or occasion an acting chairman as necessary from its members. In the event of resignation, end of term, or a vacancy, the commissioners court shall appoint new members. The commission shall fill a vacancy in the office of chairman by election. The commission may employ a secretary, an acting secretary, and other technical or clerical personnel.

(c) A member of the commission is not entitled to compensation but is entitled to expenses actually incurred while serving on the commission as provided by order of the commissioners court.

(d) The commission shall make a preliminary report and hold public hearings on that report before submitting a final report to the commissioners court. The commissioners court may not take final action or hold a public hearing until it has received the final report of the commission.

Before the 15th day before the date of the hearing, the commissioners court must publish notice of the hearing in a newspaper of general circulation in the county.

(b) The commissioners court by a majority vote may amend or reject a regulation or boundary proposed by the commission.

(c) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the commissioners court. The protest must be written and signed by the owners of at least 20 percent of either:

(1) the area of the lots covered by the proposed change;
or

(2) the lots immediately adjacent to the rear of the lots covered by the proposed change and extending 200 feet from those lots or from the street frontage of the opposite lots.

(d) After the commissioners court receives the protest, the court shall hold a public hearing. The court shall publish notice in the manner provided by Subsection (a).

Added by Acts 1991, 72nd Leg., ch. 755, Sec. 1, eff. June 16, 1991.

Sec. 231.178. BOARD OF ADJUSTMENT. (a) The commissioners court may provide for the appointment of a board of adjustment. In the regulations adopted under this subchapter, the commissioners court may authorize the board of adjustment, in appropriate cases and subject to appropriate conditions and safeguards, to make special exceptions to the terms of the regulations that are consistent with the general purpose and intent of the regulations and in accordance with any applicable rules contained in the regulations.

(b) A board of adjustment must consist of five members to be appointed for staggered terms of two years. The appointing authority may remove a board member for cause on a written charge after a public hearing. A vacancy on the board shall be filled for the unexpired term.

(c) The board shall adopt rules in accordance with any order

adopted under this subchapter. Meetings of the board are held at the call of the chairman and at other times as determined by the board. The chairman or acting chairman may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public.

(d) The board shall keep minutes of its proceedings that indicate the vote of each member on each question or indicate that a member is absent or fails to vote. The board shall keep records of its examinations and other official actions. The minutes and records shall be filed immediately in the board's office and are public records.

Added by Acts 1991, 72nd Leg., ch. 755, Sec. 1, eff. June 16, 1991.

Sec. 231.179. AUTHORITY OF BOARD. (a) The board of adjustment may:

(1) hear and decide an appeal that alleges error in an order, requirement, decision, or determination made by an administrative official in the enforcement of this subchapter or a regulation adopted under this subchapter;

(2) hear and decide special exceptions to the terms of a regulation adopted under this subchapter when the regulation requires the board to do so; and

(3) authorize in specific cases a variance from the terms of a regulation adopted under this subchapter if the variance is not contrary to the public interest and, due to special conditions, a literal enforcement of the regulation would result in unnecessary hardship, and so that the spirit of the regulation is observed and substantial justice is done.

(b) In exercising its authority under Subsection (a)(1), the board may reverse or affirm, in whole or in part, or modify the administrative official's order, requirement, decision, or determination from which an appeal is taken and make the correct order, requirement, decision, or determination, and for that purpose the board has the same authority as the administrative official.

(c) The concurring vote of four members of the board is necessary to:

(1) reverse an order, requirement, decision, or determination of an administrative official;

(2) decide in favor of an applicant on a matter on which the board is required to pass under a regulation adopted under this subchapter; or

(3) authorize a variation in a regulation adopted under this subchapter.

Added by Acts 1991, 72nd Leg., ch. 755, Sec. 1, eff. June 16, 1991.

Sec. 231.180. APPEAL TO BOARD. (a) Any of the following persons may appeal to the board of adjustment a decision made by an administrative official:

(1) a person aggrieved by the decision; or

(2) any officer, department, board, or bureau of the county or of a municipality affected by the decision.

(b) The appellant must file with the board and the official from whom the appeal is taken a notice of appeal specifying the grounds for the appeal. The appeal must be filed within a reasonable time as determined by board rule. On receiving the notice, the official from whom the appeal is taken shall immediately transmit to the board all the papers constituting the record of the action that is appealed.

(c) An appeal stays all proceedings in furtherance of the action that is appealed unless the official from whom the appeal is taken certifies in writing to the board facts supporting the official's opinion that a stay would cause imminent peril to life or property. In that case, the proceedings may be stayed only by a restraining order granted by the board or a court of record on application, after notice to the official, if due cause is shown.

(d) The board shall set a reasonable time for the appeal hearing and shall give public notice of the hearing and due notice to the parties in interest. A party may appear at the appeal hearing in person or by agent or attorney. The board shall decide the appeal within a reasonable time.

Added by Acts 1991, 72nd Leg., ch. 755, Sec. 1, eff. June 16, 1991.

Sec. 231.181. JUDICIAL REVIEW OF BOARD DECISION. (a) Any of the following persons may present to a court of record a verified petition stating that the decision of the board of adjustment is

illegal in whole or in part and specifying the grounds of the illegality:

- (1) a person aggrieved by a decision of the board;
- (2) a taxpayer; or
- (3) an officer, department, board, or bureau of the county

or of the municipality.

(b) The petition must be presented within 10 days after the date the decision is filed in the board's office.

(c) On the presentation of the petition, the court may grant a writ of certiorari directed to the board to review the board's decision. The writ must indicate the time within which the board's return must be made and served on the petitioner's attorney, which must be after 10 days and may be extended by the court. Granting of the writ does not stay the proceedings on the decision under appeal, but on application and after notice to the board the court may grant a restraining order if due cause is shown.

(d) The board's return must be verified and must concisely state any pertinent and material facts that show the grounds of the decision under appeal. The board is not required to return the original documents on which the board acted but may return certified or sworn copies of the documents or parts of the documents as required by the writ.

(e) If at the hearing the court determines that testimony is necessary for the proper disposition of the matter, the court may take evidence or appoint a referee to take evidence as directed. The referee shall report the evidence to the court with the referee's findings of fact and conclusions of law. The referee's report constitutes a part of the proceedings on which the court shall make its decision.

(f) The court may reverse or affirm, in whole or in part, or modify the decision that is appealed. The court may not assess costs against the board unless the court determines that the board acted with gross negligence, in bad faith, or with malice in making its decision.

Added by Acts 1991, 72nd Leg., ch. 755, Sec. 1, eff. June 16, 1991.

Sec. 231.182. ENFORCEMENT; PENALTY; REMEDIES. (a) The commissioners court may adopt orders to enforce this subchapter or an

order or a regulation adopted under this subchapter.

(b) A person commits an offense if the person violates this subchapter or an order or a regulation adopted under this subchapter. An offense under this subsection is a Class B misdemeanor. Each day that a violation occurs constitutes a separate offense. Trial shall be in a county court.

(c) A person who violates this subchapter or an order or a regulation adopted under this subchapter is liable to the county for a civil penalty in an amount not to exceed \$1,000 for each day the violation exists. The appropriate attorney representing the county in civil actions may file a civil action in a court of competent jurisdiction to recover the civil penalty. If the appropriate attorney for the county prevails in the civil action, the person shall reimburse the attorney for the costs of the civil action, including court costs and attorney's fees. In determining the amount of the penalty, the court shall consider the seriousness of the violation. A penalty recovered under this subsection shall be deposited in the county treasury to the credit of the general fund.

(d) If a building or other structure is erected, constructed, reconstructed, altered, repaired, converted, razed, or maintained or if a building, other structure, or land is used in violation of this subchapter or an order or a regulation adopted under this subchapter, the appropriate county authority, in addition to other remedies, may institute appropriate action to:

(1) prevent or remove the unlawful action or use, including an unlawful erection, construction, reconstruction, alteration, repair, conversion, razing, or maintenance;

(2) enjoin, restrain, correct, or abate the violation;

(3) prevent the occupancy of the building, structure, or land; or

(4) prevent any illegal act, conduct, business, or use on or about the premises.

Added by Acts 1991, 72nd Leg., ch. 755, Sec. 1, eff. June 16, 1991.

Sec. 231.183. CONFLICT WITH OTHER LAWS; EXCEPTIONS. (a) If a regulation adopted under this subchapter requires a greater width or size of a yard, court, or other open space, requires a lower building height or fewer number of stories for a building, requires a greater

percentage of a lot to be left unoccupied, or otherwise imposes higher standards than those required under another statute or local order or regulation, the regulation adopted under this subchapter controls. If the other statute or local order or regulation imposes higher standards, that statute, order, or regulation controls.

(b) The commissioners court may require the removal, destruction, or change of any structure or use of any property that does not conform to an order or a regulation adopted under this subchapter only if:

(1) the court permits the owner's investment in the structure or property to be amortized over a period of time determined by the court; or

(2) the court determines the nonconforming structure or property has been permanently abandoned.

(c) This subchapter or an order or a regulation adopted under this subchapter does not apply to the location, construction, maintenance, or use of central office buildings or equipment used by a person engaged in providing telephone service to the public.

(d) This subchapter does not authorize the commissioners court to require the removal or destruction of property that exists at the time the court implements this subchapter or restrict the right of a landowner, acting in the owner's behalf, to construct improvements for agriculture and ranching operations or to otherwise use the land for agriculture and ranching operations. Agriculture and ranching operations include cultivating the soil; producing crops for human food, animal feed, planting seed, or fiber; floriculture; viticulture; horticulture; raising or keeping livestock or poultry; and planting cover crops or leaving land idle for the purpose of participating in any governmental program or normal crop or livestock rotation procedure. The commissioners court may take those actions to restrict or prohibit any commercial agricultural enterprise, such as a commercial feed lot, that are reasonably necessary to protect the public health, safety, peace, morals, and general welfare from the dangers of explosion, flooding, vermin, insects, physical injury, contagious disease, contamination of water supplies, radiation, storage of toxic materials, or other hazards.

CHAPTER 232. COUNTY REGULATION OF SUBDIVISIONS

SUBCHAPTER A. SUBDIVISION PLATTING REQUIREMENTS IN GENERAL

Sec. 232.001. PLAT REQUIRED. (a) The owner of a tract of land located outside the limits of a municipality must have a plat of the

subdivision prepared if the owner divides the tract into two or more parts to lay out:

(1) a subdivision of the tract, including an addition;

(2) lots; or

(3) streets, alleys, squares, parks, or other parts of the tract intended to be dedicated to public use or for the use of purchasers or owners of lots fronting on or adjacent to the streets, alleys, squares, parks, or other parts.

(a-1) A division of a tract under Subsection (a) includes a division regardless of whether it is made by using a metes and bounds description in a deed of conveyance or in a contract for a deed, by using a contract of sale or other executory contract to convey, or by using any other method.

(b) To be recorded, the plat must:

(1) describe the subdivision by metes and bounds;

(2) locate the subdivision with respect to an original corner of the original survey of which it is a part; and

(3) state the dimensions of the subdivision and of each lot, street, alley, square, park, or other part of the tract intended to be dedicated to public use or for the use of purchasers or owners of lots fronting on or adjacent to the street, alley, square, park, or other part.

(c) The owner or proprietor of the tract or the owner's or proprietor's agent must acknowledge the plat in the manner required for the acknowledgment of deeds.

(d) The plat must be filed and recorded with the county clerk of the county in which the tract is located.

(e) The plat is subject to the filing and recording provisions of Section 12.002, Property Code.

(f) The commissioners court may require a plat application submitted for approval to include a digital map that is compatible with other mapping systems used by the county and that georeferences the subdivision plat and related public infrastructure using the Texas Coordinate Systems adopted under Section 21.071, Natural Resources Code. A digital map required under this subsection may be required only in a format widely used by common geographic information system software. A requirement adopted under this subsection must provide for an exemption from the requirement if the owner of the tract submits with the plat application an acknowledged statement indicating that the digital mapping technology necessary to

submit a map that complies with this subsection was not reasonably accessible.

Sec. 232.0013. CHAPTER-WIDE PROVISION RELATING TO REGULATION OF PLATS AND SUBDIVISIONS IN EXTRATERRITORIAL JURISDICTION. The authority of a county under this chapter relating to the regulation of plats or subdivisions in the extraterritorial jurisdiction of a municipality is subject to any applicable limitation prescribed by an agreement under Section 242.001 or by Section 242.002.

Added by Acts 2003, 78th Leg., ch. 523, Sec. 7, eff. June 20, 2003.

Sec. 232.0015. EXCEPTIONS TO PLAT REQUIREMENT. (a) To determine whether specific divisions of land are required to be platted, a county may define and classify the divisions. A county need not require platting for every division of land otherwise within the scope of this subchapter.

(b) Except as provided by Section 232.0013, this subchapter does not apply to a subdivision of land to which Subchapter B applies.

(c) A county may not require the owner of a tract of land located outside the limits of a municipality who divides the tract into two or more parts to have a plat of the subdivision prepared if:

(1) the owner does not lay out a part of the tract described by Section 232.001(a)(3); and

(2) the land is to be used primarily for agricultural use, as defined by Section 1-d, Article VIII, Texas Constitution, or for farm, ranch, wildlife management, or timber production use within the meaning of Section 1-d-1, Article VIII, Texas Constitution.

(d) If a tract described by Subsection (c) ceases to be used

primarily for agricultural use or for farm, ranch, wildlife management, or timber production use, the platting requirements of this subchapter apply.

(e) A county may not require the owner of a tract of land located outside the limits of a municipality who divides the tract into four or fewer parts and does not lay out a part of the tract described by Section 232.001(a)(3) to have a plat of the subdivision prepared if each of the lots is to be sold, given, or otherwise transferred to an individual who is related to the owner within the third degree by consanguinity or affinity, as determined under Chapter 573, Government Code. If any lot is sold, given, or otherwise transferred to an individual who is not related to the owner within the third degree by consanguinity or affinity, the platting requirements of this subchapter apply.

(f) A county may not require the owner of a tract of land located outside the limits of a municipality who divides the tract into two or more parts to have a plat of the subdivision prepared if:

(1) all of the lots of the subdivision are more than 10 acres in area; and

(2) the owner does not lay out a part of the tract described by Section 232.001(a)(3).

(g) A county may not require the owner of a tract of land located outside the limits of a municipality who divides the tract into two or more parts and does not lay out a part of the tract described by Section 232.001(a)(3) to have a plat of the subdivision prepared if all the lots are sold to veterans through the Veterans' Land Board program.

(h) The provisions of this subchapter shall not apply to a subdivision of any tract of land belonging to the state or any state agency, board, or commission or owned by the permanent school fund or any other dedicated funds of the state unless the subdivision lays out a part of the tract described by Section 232.001(a)(3).

(i) A county may not require the owner of a tract of land located outside the limits of a municipality who divides the tract into two or more parts to have a plat of the subdivision prepared if:

(1) the owner of the land is a political subdivision of the state;

(2) the land is situated in a floodplain; and

(3) the lots are sold to adjoining landowners.

(j) A county may not require the owner of a tract of land

located outside the limits of a municipality who divides the tract into two parts to have a plat of the subdivision prepared if:

- (1) the owner does not lay out a part of the tract described by Section 232.001(a)(3); and
- (2) one new part is to be retained by the owner, and the other new part is to be transferred to another person who will further subdivide the tract subject to the plat approval requirements of this chapter.

(k) A county may not require the owner of a tract of land located outside the limits of a municipality who divides the tract into two or more parts to have a plat of the subdivision prepared if:

- (1) the owner does not lay out a part of the tract described by Section 232.001(a)(3); and
- (2) all parts are transferred to persons who owned an undivided interest in the original tract and a plat is filed before any further development of any part of the tract.

Sec. 232.002. APPROVAL BY COUNTY REQUIRED. (a) The commissioners court of the county in which the land is located must approve, by an order entered in the minutes of the court, a plat required by Section 232.001. The commissioners court may refuse to approve a plat if it does not meet the requirements prescribed by or under this chapter or if any bond required under this chapter is not filed with the county.

(b) The commissioners court may not approve a plat unless the plat and other documents have been prepared as required by Section 232.0035, if applicable.

(c) If no portion of the land subdivided under a plat approved under this section is sold or transferred before January 1 of the 51st year after the year in which the plat was approved, the approval of the plat expires, and the owner must resubmit a plat of the subdivision for approval. A plat resubmitted for approval under this subsection is subject to the requirements prescribed by this chapter at the time the plat is resubmitted.

Sec. 232.0021. PLAT APPLICATION FEE. (a) The commissioners court may impose an application fee to cover the cost of the county's review of a subdivision plat and inspection of street, road, and drainage improvements described by the plat.

(b) The fee may vary based on the number of proposed lots in the subdivision, the acreage described by the plat, the type or extent of proposed street and drainage improvements, or any other reasonable criteria as determined by the commissioners court.

(c) The owner of the tract to be subdivided must pay the fee at the time directed by the county before the county conducts a review of the plat.

(d) The fee is subject to refund under Section 232.0025(i).

Added by Acts 2003, 78th Leg., ch. 301, Sec. 9, eff. Sept. 1, 2003.

Sec. 232.0025. TIMELY APPROVAL OF PLATS. (a) The commissioners court of a county or a person designated by the commissioners court shall issue a written list of the documentation and other information that must be submitted with a plat application. The documentation or other information must relate to a requirement authorized under this section or other applicable law. An application submitted to the commissioners court or the person designated by the commissioners court that contains the documents and other information on the list is considered complete.

(b) If a person submits a plat application to the commissioners court that does not include all of the documentation or other information required by Subsection (a), the commissioners court or the court's designee shall, not later than the 10th business day after the date the commissioners court receives the application, notify the applicant of the missing documents or other information. The commissioners court shall allow an applicant to timely submit the missing documents or other information.

(c) An application is considered complete when all documentation or other information required by Subsection (a) is

received. Acceptance by the commissioners court or the court's designee of a completed plat application with the documentation or other information required by Subsection (a) shall not be construed as approval of the documentation or other information.

(d) Except as provided by Subsection (f), the commissioners court or the court's designee shall take final action on a plat application, including the resolution of all appeals, not later than the 60th day after the date a completed plat application is received by the commissioners court or the court's designee.

(e) If the commissioners court or the court's designee disapproves a plat application, the applicant shall be given a complete list of the reasons for the disapproval.

(f) The 60-day period under Subsection (d):

(1) may be extended for a reasonable period, if agreed to in writing by the applicant and approved by the commissioners court or the court's designee;

(2) may be extended 60 additional days if Chapter 2007, Government Code, requires the county to perform a takings impact assessment in connection with a plat application; and

(3) applies only to a decision wholly within the control of the commissioners court or the court's designee.

(g) The commissioners court or the court's designee shall make the determination under Subsection (f)(2) of whether the 60-day period will be extended not later than the 20th day after the date a completed plat application is received by the commissioners court or the court's designee.

(h) The commissioners court or the court's designee may not compel an applicant to waive the time limits contained in this section.

(i) If the commissioners court or the court's designee fails to take final action on the plat as required by Subsection (d):

(1) the commissioners court shall refund the greater of the unexpended portion of any plat application fee or deposit or 50 percent of a plat application fee or deposit that has been paid;

(2) the plat application is granted by operation of law; and

(3) the applicant may apply to a district court in the county where the tract of land is located for a writ of mandamus to compel the commissioners court to issue documents recognizing the plat's approval.

Added by Acts 1999, 76th Leg., ch. 129, Sec. 3, eff. Sept. 1, 1999.

Sec. 232.003. SUBDIVISION REQUIREMENTS. By an order adopted and entered in the minutes of the commissioners court, and after a notice is published in a newspaper of general circulation in the county, the commissioners court may:

(1) require a right-of-way on a street or road that functions as a main artery in a subdivision, of a width of not less than 50 feet or more than 100 feet;

(2) require a right-of-way on any other street or road in a subdivision of not less than 40 feet or more than 70 feet;

(3) require that the shoulder-to-shoulder width on collectors or main arteries within the right-of-way be not less than 32 feet or more than 56 feet, and that the shoulder-to-shoulder width on any other street or road be not less than 25 feet or more than 35 feet;

(4) adopt, based on the amount and kind of travel over each street or road in a subdivision, reasonable specifications relating to the construction of each street or road;

(5) adopt reasonable specifications to provide adequate drainage for each street or road in a subdivision in accordance with standard engineering practices;

(6) require that each purchase contract made between a subdivider and a purchaser of land in the subdivision contain a statement describing the extent to which water will be made available to the subdivision and, if it will be made available, how and when;

(7) require that the owner of the tract to be subdivided execute a good and sufficient bond in the manner provided by Section 232.004;

(8) adopt reasonable specifications that provide for drainage in the subdivision to:

(A) efficiently manage the flow of stormwater runoff in the subdivision; and

(B) coordinate subdivision drainage with the general storm drainage pattern for the area; and

(9) require lot and block monumentation to be set by a registered professional surveyor before recordation of the plat.

Sec. 232.0031. STANDARD FOR ROADS IN SUBDIVISION. A county may not impose under Section 232.003 a higher standard for streets or roads in a subdivision than the county imposes on itself for the construction of streets or roads with a similar type and amount of traffic.

Added by Acts 1999, 76th Leg., ch. 129, Sec. 5, eff. Sept. 1, 1999.

Sec. 232.0032. ADDITIONAL REQUIREMENTS: USE OF GROUNDWATER.

(a) If a person submits a plat for the subdivision of a tract of land for which the source of the water supply intended for the subdivision is groundwater under that land, the commissioners court of a county by order may require the plat application to have attached to it a statement that:

- (1) is prepared by an engineer licensed to practice in this state or a geoscientist licensed to practice in this state; and
- (2) certifies that adequate groundwater is available for the subdivision.

(b) The Texas Commission on Environmental Quality by rule shall establish the appropriate form and content of a certification to be attached to a plat application under this section.

(c) The Texas Commission on Environmental Quality, in consultation with the Texas Water Development Board, by rule shall require a person who submits a plat under Subsection (a) to transmit to the Texas Water Development Board and any groundwater conservation district that includes in the district's boundaries any part of the subdivision information that would be useful in:

Sec. 232.0033. ADDITIONAL REQUIREMENTS: FUTURE TRANSPORTATION CORRIDORS. (a) This section applies to each county in the state. The requirements provided by this section are in addition to the other requirements of this chapter.

(b) If all or part of a subdivision for which a plat is required under this chapter is located within a future transportation corridor identified in an agreement under Section 201.619, Transportation Code:

(1) the commissioners court of a county in which the land is located:

(A) may refuse to approve the plat for recordation unless the plat states that the subdivision is located within the area of the alignment of a transportation project as shown in the final environmental decision document that is applicable to the future transportation corridor; and

(B) may refuse to approve the plat for recordation if all or part of the subdivision is located within the area of the alignment of a transportation project as shown in the final environmental decision document that is applicable to the future transportation corridor; and

(2) each purchase contract or lease between the subdivider and a purchaser or lessee of land in the subdivision must contain a conspicuous statement that the land is located within the area of the alignment of a transportation project as shown in the final environmental decision document that is applicable to the future transportation corridor.

Added by Acts 2007, 80th Leg., R.S., Ch. 1040 (H.B. 1857), Sec. 2, eff. September 1, 2007.

Sec. 232.0034. ADDITIONAL REQUIREMENTS: ACCESS BY EMERGENCY VEHICLES. (a) This section applies only to a residential subdivision that is subdivided into 1,000 or more lots in the unincorporated area of a county.

(b) The commissioners court shall adopt infrastructure standards requiring at least two means of ingress and egress in the subdivision to provide for sufficient routes of travel for use by emergency vehicles and for use during evacuations resulting from fire or other natural disasters.

(c) This section does not limit the authority of a commissioners court under other existing laws, as applicable, to adopt infrastructure standards that are more stringent than standards required by this section.

Added by Acts 2013, 83rd Leg., R.S., Ch. 400 (S.B. 194), Sec. 1, eff. September 1, 2013.

Sec. 232.004. BOND REQUIREMENTS. If the commissioners court requires the owner of the tract to execute a bond, the owner must do so before subdividing the tract unless an alternative financial guarantee is provided under Section 232.0045. The bond must:

(1) be payable to the county judge of the county in which the subdivision will be located or to the judge's successors in office;

(2) be in an amount determined by the commissioners court to be adequate to ensure proper construction of the roads and streets in and drainage requirements for the subdivision, but not to exceed the estimated cost of construction of the roads, streets, and drainage requirements;

(3) be executed with sureties as may be approved by the court;

(4) be executed by a company authorized to do business as a surety in this state if the court requires a surety bond executed by a corporate surety; and

(5) be conditioned that the roads and streets and the drainage requirements for the subdivision will be constructed:

(A) in accordance with the specifications adopted by the court; and

(B) within a reasonable time set by the court.

Sec. 232.0045. FINANCIAL GUARANTEE IN LIEU OF BOND. (a) In lieu of the bond an owner may deposit cash, a letter of credit issued by a federally insured financial institution, or other acceptable financial guarantee.

(b) If a letter of credit is used, it must:

(1) list as the sole beneficiary the county judge of the county in which the subdivision is located; and

(2) be conditioned that the owner of the tract of land to be subdivided will construct any roads or streets in the subdivision:

(A) in accordance with the specifications adopted by the commissioners court; and

(B) within a reasonable time set by the court.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 54(b), eff. Aug. 28, 1989.

Sec. 232.0048. CONFLICT OF INTEREST; PENALTY. (a) In this section, "subdivided tract" means a tract of land, as a whole, that is subdivided. The term does not mean an individual lot in a subdivided tract of land.

(b) A person has a substantial interest in a subdivided tract if the person:

(1) has an equitable or legal ownership interest in the tract with a fair market value of \$2,500 or more;

(2) acts as a developer of the tract;

(3) owns 10 percent or more of the voting stock or shares of or owns either 10 percent or more or \$5,000 or more of the fair market value of a business entity that:

(A) has an equitable or legal ownership interest in the tract with a fair market value of \$2,500 or more; or

(B) acts as a developer of the tract; or

(4) receives in a calendar year funds from a business entity described by Subdivision (3) that exceed 10 percent of the person's gross income for the previous year.

(c) A person also is considered to have a substantial interest

in a subdivided tract if the person is related in the first degree by consanguinity or affinity, as determined under Chapter 573, Government Code, to another person who, under Subsection (b), has a substantial interest in the tract.

(d) If a member of the commissioners court of a county has a substantial interest in a subdivided tract, the member shall file, before a vote or decision regarding the approval of a plat for the tract, an affidavit stating the nature and extent of the interest and shall abstain from further participation in the matter. The affidavit must be filed with the county clerk.

(e) A member of the commissioners court of a county commits an offense if the member violates Subsection (d). An offense under this subsection is a Class A misdemeanor.

(f) The finding by a court of a violation of this section does not render voidable an action of the commissioners court unless the measure would not have passed the commissioners court without the vote of the member who violated this section.

Sec. 232.005. ENFORCEMENT IN GENERAL; PENALTY. (a) At the request of the commissioners court, the county attorney or other prosecuting attorney for the county may file an action in a court of competent jurisdiction to:

(1) enjoin the violation or threatened violation of a requirement established by, or adopted by the commissioners court under a preceding section of this chapter; or

(2) recover damages in an amount adequate for the county to undertake any construction or other activity necessary to bring about compliance with a requirement established by, or adopted by the commissioners court under a preceding section of this chapter.

(b) A person commits an offense if the person knowingly or intentionally violates a requirement established by, or adopted by the commissioners court under a preceding section of this chapter. An offense under this subsection is a Class B misdemeanor. This subsection does not apply to a violation for which a criminal penalty

is prescribed by Section 232.0048.

(c) A requirement that was established by or adopted under Chapter 436, Acts of the 55th Legislature, Regular Session, 1957 (Article 6626a, Vernon's Texas Civil Statutes), or Chapter 151, Acts of the 52nd Legislature, Regular Session, 1951 (Article 2372k, Vernon's Texas Civil Statutes), before September 1, 1983, and that, after that date, continues to apply to a subdivision of land is enforceable under Subsection (a). A knowing or intentional violation of the requirement is an offense under Subsection (b).

(1) that has a population of more than 3.3 million or is contiguous with a county that has a population of more than 3.3 million; and

(2) in which the commissioners court by order elects to operate under this section.

(b) If a county elects to operate under this section, Section 232.005 does not apply to the county. The sections of this chapter preceding Section 232.005 do apply to the county in the same manner that they apply to other counties except that:

(1) they apply only to tracts of land located outside municipalities and the extraterritorial jurisdiction of municipalities, as determined under Chapter 42;

(2) the commissioners court of the county, instead of having the powers granted by Sections 232.003(2) and (3), may:

(A) require a right-of-way on a street or road that does not function as a main artery in the subdivision of not less than 40 feet or more than 50 feet; and

(B) require that the street cut on a main artery within the right-of-way be not less than 30 feet or more than 45 feet, and that the street cut on any other street or road within the right-of-way be not less than 25 feet or more than 35 feet; and

(3) Section 232.004(5)(B) does not apply to the county.

by Acts 1989, 71st Leg., ch. 624, Sec. 3.06, eff. Sept. 1, 1989; Acts 2001, 77th Leg., ch. 669, Sec. 76, eff. Sept. 1, 2001.

Sec. 232.007. MANUFACTURED HOME RENTAL COMMUNITIES. (a) In this section:

(1) "Manufactured home rental community" means a plot or tract of land that is separated into two or more spaces or lots that are rented, leased, or offered for rent or lease, for a term of less than 60 months without a purchase option, for the installation of manufactured homes for use and occupancy as residences.

(2) "Business day" means a day other than a Saturday, Sunday, or holiday recognized by this state.

(b) A manufactured home rental community is not a subdivision, and Sections 232.001-232.006 do not apply to the community.

(c) After a public hearing and after notice is published in a newspaper of general circulation in the county, the commissioners court of a county, by order adopted and entered in the minutes of the commissioners court, may establish minimum infrastructure standards for manufactured home rental communities located in the county outside the limits of a municipality. The minimum standards may include only:

(1) reasonable specifications to provide adequate drainage in accordance with standard engineering practices, including specifying necessary drainage culverts and identifying areas included in the 100-year flood plain;

(2) reasonable specifications for providing an adequate public or community water supply, including specifying the location of supply lines, in accordance with Subchapter C, Chapter 341, Health and Safety Code;

(3) reasonable requirements for providing access to sanitary sewer lines, including specifying the location of sanitary sewer lines, or providing adequate on-site sewage facilities in accordance with Chapter 366, Health and Safety Code;

(4) a requirement for the preparation of a survey identifying the proposed manufactured home rental community boundaries and any significant features of the community, including the proposed location of manufactured home rental community spaces, utility easements, and dedications of rights-of-way; and

(5) reasonable specifications for streets or roads in the

manufactured rental home community to provide ingress and egress access for fire and emergency vehicles.

(d) The commissioners court may not adopt minimum infrastructure standards that are more stringent than requirements adopted by the commissioners court for subdivisions. The commissioners court may only adopt minimum infrastructure standards for ingress and egress access by fire and emergency vehicles that are reasonably necessary.

(e) If the commissioners court adopts minimum infrastructure standards for manufactured home rental communities, the owner of land located outside the limits of a municipality who intends to use the land for a manufactured home rental community must have an infrastructure development plan prepared that complies with the minimum infrastructure standards adopted by the commissioners court under Subsection (c).

(f) Not later than the 60th day after the date the owner of a proposed manufactured home rental community submits an infrastructure development plan for approval, the county engineer or another person designated by the commissioners court shall approve or reject the plan in writing. If the plan is rejected, the written rejection must specify the reasons for the rejection and the actions required for approval of the plan. The failure to reject a plan within the period prescribed by this subsection constitutes approval of the plan.

(g) Construction of a proposed manufactured home rental community may not begin before the date the county engineer or another person designated by the commissioners court approves the infrastructure development plan. The commissioners court may require inspection of the infrastructure during or on completion of its construction. If a final inspection is required, the final inspection must be completed not later than the second business day after the date the commissioners court or the person designated by the commissioners court receives a written confirmation from the owner that the construction of the infrastructure is complete. If the inspector determines that the infrastructure complies with the infrastructure development plan, the commissioners court shall issue a certificate of compliance not later than the fifth business day after the date the final inspection is completed. If a final inspection is not required, the commissioners court shall issue a certificate of compliance not later than the fifth business day after the date the commissioners court or the person designated by the

commissioners court receives written certification from the owner that construction of the infrastructure has been completed in compliance with the infrastructure development plan.

(h) A utility may not provide utility services, including water, sewer, gas, and electric services, to a manufactured home rental community subject to an infrastructure development plan or to a manufactured home in the community unless the owner provides the utility with a copy of the certificate of compliance issued under Subsection (g). This subsection applies only to:

- (1) a municipality that provides utility services;
- (2) a municipally owned or municipally operated utility that provides utility services;
- (3) a public utility that provides utility services;
- (4) a nonprofit water supply or sewer service corporation organized and operating under Chapter 67, Water Code, that provides utility services;
- (5) a county that provides utility services; and
- (6) a special district or authority created by state law that provides utility services.

Sec. 232.008. CANCELLATION OF SUBDIVISION. (a) This section applies only to real property located outside municipalities and the extraterritorial jurisdiction of municipalities, as determined under Chapter 42.

(b) A person owning real property in this state that has been subdivided into lots and blocks or into small subdivisions may apply to the commissioners court of the county in which the property is located for permission to cancel all or part of the subdivision, including a dedicated easement or roadway, to reestablish the property as acreage tracts as it existed before the subdivision. If, on the application, it is shown that the cancellation of all or part of the subdivision does not interfere with the established rights of any purchaser who owns any part of the subdivision, or it is shown that the purchaser agrees to the cancellation, the commissioners court by order shall authorize the owner of the subdivision to file an instrument canceling the subdivision in whole or in part. The

instrument must describe the subdivision or the part of it that is canceled. The court shall enter the order in its minutes. After the cancellation instrument is filed and recorded in the deed records of the county, the county tax assessor-collector shall assess the property as if it had never been subdivided.

(c) The commissioners court shall publish notice of an application for cancellation. The notice must be published in a newspaper, published in the English language, in the county for at least three weeks before the date on which action is taken on the application. The court shall take action on an application at a regular term. The published notice must direct any person who is interested in the property and who wishes to protest the proposed cancellation to appear at the time specified in the notice.

(d) If delinquent taxes are owed on the subdivided tract for any preceding year, and if the application to cancel the subdivision is granted as provided by this section, the owner of the tract may pay the delinquent taxes on an acreage basis as if the tract had not been subdivided. For the purpose of assessing the tract for a preceding year, the county tax assessor-collector shall back assess the tract on an acreage basis.

(e) On application for cancellation of a subdivision or any phase or identifiable part of a subdivision, including a dedicated easement or roadway, by the owners of 75 percent of the property included in the subdivision, phase, or identifiable part, the commissioners court by order shall authorize the cancellation in the manner and after notice and a hearing as provided by Subsections (b) and (c). However, if the owners of at least 10 percent of the property affected by the proposed cancellation file written objections to the cancellation with the court, the grant of an order of cancellation is at the discretion of the court.

(f) To maintain an action to enjoin the cancellation or closing of a roadway or easement in a subdivision, a person must own a lot or part of the subdivision that:

(1) abuts directly on the part of the roadway or easement to be canceled or closed; or

(2) is connected by the part of the roadway or easement to be canceled or closed, by the most direct feasible route, to:

(A) the nearest remaining public highway, county road, or access road to the public highway or county road; or

(B) any uncanceled common amenity of the subdivision.

(g) A person who appears before the commissioners court to protest the cancellation of all or part of a subdivision may maintain an action for damages against the person applying for the cancellation and may recover as damages an amount not to exceed the amount of the person's original purchase price for property in the canceled subdivision or part of the subdivision. The person must bring the action within one year after the date of the entry of the commissioners court's order granting the cancellation.

(h) Regardless of the date land is subdivided or a plat is filed for a subdivision, the commissioners court may deny a cancellation under this section if the commissioners court determines the cancellation will prevent the proposed interconnection of infrastructure to pending or existing development as defined by Section 232.0085.

Sec. 232.0083. CANCELLATION OF CERTAIN SUBDIVISION PLATS IF EXISTING PLAT OBSOLETE. (a) This section applies only to a subdivision for which:

- (1) a plat has been filed for 75 years or more;
- (2) the most recent plat describes at least a portion of the property as acreage tracts;
- (3) a previous plat described at least a portion of the property as lots and blocks; and
- (4) the county tax assessor-collector lists the property in the subdivision on the tax rolls based on the description in the previous plat and assesses taxes on the basis of that description.

(b) A person owning real property in the subdivision may apply to the commissioners court of the county in which the property is located for permission to cancel an existing subdivision plat in whole or part and to reestablish the property using lots and blocks descriptions that, to the extent practicable, are consistent with the previous subdivision plat.

(c) After notice and hearing, the commissioners court may order

the cancellation of the existing subdivision plat and the reestablishment of the property in accordance with the application submitted under Subsection (b) if the court finds that:

(1) the cancellation and reestablishment does not interfere with the established rights of:

(A) any owner of a part of the subdivision; or

(B) a utility company with a right to use a public easement in the subdivision; or

(2) each owner or utility whose rights may be interfered with has agreed to the cancellation and reestablishment.

(d) The commissioners court shall publish notice of an application for the cancellation and reestablishment. The notice must be published at least three weeks before the date on which action is taken on the application and must direct any person who is interested in the property and who wishes to protest the proposed cancellation and reestablishment to appear at the time specified in the notice. The notice must be published in a newspaper that has general circulation in the county.

(e) If the commissioners court authorizes the cancellation and reestablishment, the court by order shall authorize the person making the application under this section to record an instrument showing the cancellation and reestablishment. The court shall enter the order in its minutes.

Added by Acts 2007, 80th Leg., R.S., Ch. 460 (H.B. 1100), Sec. 1, eff. June 16, 2007.

Sec. 232.0085. CANCELLATION OF CERTAIN SUBDIVISIONS IF LAND REMAINS UNDEVELOPED. (a) This section applies only to real property located:

(1) outside municipalities and the extraterritorial jurisdiction of municipalities, as determined under Chapter 42; and

(2) in an affected county, as defined by Section 16.341, Water Code, that has adopted the model rules developed under Section 16.343, Water Code, and is located along an international border.

(b) The commissioners court of a county may cancel, after notice and a hearing as required by this section, a subdivision for which the plat was filed and approved before September 1, 1989, if:

(1) the development of or the making of improvements in the

subdivision was not begun before the effective date of this section;
and

(2) the commissioners court by resolution has made a finding that the land in question is likely to be developed as a colonia.

(c) The commissioners court must publish notice of a proposal to cancel a subdivision under this section and the time and place of the required hearing in a newspaper of general circulation in the county for at least 21 days immediately before the date a cancellation order is adopted under this section. The county tax assessor-collector shall, not later than the 14th day before the date of the hearing, deposit with the United States Postal Service a similar notice addressed to each owner of land in the subdivision, as determined by the most recent county tax roll.

(d) At the hearing, the commissioners court shall permit any interested person to be heard. At the conclusion of the hearing, the court shall adopt an order on whether to cancel the subdivision. The commissioners court may adopt an order canceling a subdivision if the court determines the cancellation is in the best interest of the public. The court may not adopt an order canceling a subdivision if:

(1) the cancellation interferes with the established rights of a person who is a nondeveloper owner and owns any part of the subdivision, unless the person agrees to the cancellation; or

(2) the owner of the entire subdivision is able to show that:

(A) the owner of the subdivision is able to comply with the minimum state standards and model political subdivision rules developed under Section 16.343, Water Code, including any bonding requirements; or

(B) the land was developed or improved within the period described by Subsection (b).

(e) The commissioners court shall file the cancellation order for recording in the deed records of the county. After the cancellation order is filed and recorded, the property shall be treated as if it had never been subdivided, and the county chief appraiser shall assess the property accordingly. Any liens against the property shall remain against the property as it was previously subdivided.

(f) In this section:

(1) "Development" means the making, installing, or

constructing of buildings and improvements.

(2) "Improvements" means water supply, treatment, and distribution facilities; wastewater collection and treatment facilities; and other utility facilities. The term does not include roadway facilities.

Added by Acts 1995, 74th Leg., ch. 277, Sec. 2, eff. June 5, 1995.

Sec. 232.009. REVISION OF PLAT. (a) This section applies only to real property located outside municipalities and the extraterritorial jurisdiction of municipalities with a population of 1.5 million or more, as determined under Chapter 42.

(b) A person who owns real property in a tract that has been subdivided and that is subject to the subdivision controls of the county in which the property is located may apply in writing to the commissioners court of the county for permission to revise the subdivision plat that applies to the property and that is filed for record with the county clerk.

(c) Except as provided by Subsection (c-1), after the application is filed with the commissioners court, the court shall publish a notice of the application in a newspaper of general circulation in the county. The notice must include a statement of the time and place at which the court will meet to consider the application and to hear protests to the revision of the plat. The notice must be published at least three times during the period that begins on the 30th day and ends on the seventh day before the date of the meeting. Except as provided by Subsection (f), if all or part of the subdivided tract has been sold to nondeveloper owners, the court shall also give notice to each of those owners by certified or registered mail, return receipt requested, at the owner's address in the subdivided tract.

(c-1) If the commissioners court determines that the revision to the subdivision plat does not affect a public interest or public property of any type, including, but not limited to, a park, school, or road, the notice requirements under Subsection (c) do not apply to the application and the commissioners court shall:

(1) provide written notice of the application to the owners of the lots that are within 200 feet of the subdivision plat to be revised, as indicated in the most recent records of the central

appraisal district of the county in which the lots are located; and

(2) if the county maintains an Internet website, post notice of the application continuously on the website for at least 30 days preceding the date of the meeting to consider the application until the day after the meeting.

(d) During a regular term of the commissioners court, the court shall adopt an order to permit the revision of the subdivision plat if it is shown to the court that:

(1) the revision will not interfere with the established rights of any owner of a part of the subdivided land; or

(2) each owner whose rights may be interfered with has agreed to the revision.

(e) If the commissioners court permits a person to revise a subdivision plat, the person may make the revision by filing for record with the county clerk a revised plat or part of a plat that indicates the changes made to the original plat.

(f) The commissioners court is not required to give notice by mail under Subsection (c) if the plat revision only combines existing tracts.

(g) The commissioners court may impose a fee for filing an application under this section. The amount of the fee must be based on the cost of processing the application, including publishing the notices required under Subsection (c) or (c-1).

Sec. 232.0095. ALTERNATIVE PROCEDURES FOR PLAT REVISION. (a) This section applies only to real property located outside municipalities and outside the extraterritorial jurisdiction, as determined under Chapter 42, of municipalities with a population of 1.5 million or more.

(b) As an alternative to the provisions in Section 232.009 governing the revision of plats, a county by order may adopt the

provisions in Sections 212.013, 212.014, 212.015, and 212.016 governing plat vacations, replatting, and plat amendment. A county that adopts the provisions in those sections may approve a plat vacation, a replat, and an amending plat in the same manner and under the same conditions, including the notice and hearing requirements, as a municipal authority responsible for approving plats under those sections.

(c) Instead of the purpose described by Section 212.016(a)(10), an amended plat may be approved and issued by the county to make necessary changes to the preceding plat to create six or fewer lots in the subdivision or a part of the subdivision covered by the preceding plat if:

(1) the changes do not affect applicable county regulations, including zoning regulations if the county has authority to adopt zoning regulations; and

(2) the changes do not attempt to amend or remove any covenants or restrictions.

Sec. 232.010. EXCEPTION TO PLAT REQUIREMENT: COUNTY DETERMINATION. A commissioners court of the county may allow conveyance of portions of one or more previously platted lots by metes and bounds description without revising the plat.

Added by Acts 1989, 71st Leg., ch. 345, Sec. 7, eff. Aug. 28, 1989.

Sec. 232.011. AMENDING PLAT. (a) The commissioners court may approve and issue an amending plat, if the amending plat is signed by the applicants and filed for one or more of the following purposes:

(1) to correct an error in a course or distance shown on the preceding plat;

(2) to add a course or distance that was omitted on the preceding plat;

(3) to correct an error in a real property description shown on the preceding plat;

(4) to show the location or character of a monument that has been changed in location or character or that is shown incorrectly as to location or character on the preceding plat;

(5) to correct any other type of scrivener or clerical error or omission of the previously approved plat, including lot numbers, acreage, street names, and identification of adjacent recorded plats; or

(6) to correct an error in courses and distances of lot lines between two adjacent lots if:

(A) both lot owners join in the application for amending the plat;

(B) neither lot is abolished;

(C) the amendment does not attempt to remove recorded covenants or restrictions; and

(D) the amendment does not have a material adverse effect on the property rights of the other owners of the property that is the subject of the plat.

(b) The amending plat controls over the preceding plat without the vacation, revision, or cancellation of the preceding plat.

(c) Notice, a hearing, and the approval of other lot owners are not required for the filing, recording, or approval of an amending plat.

Added by Acts 2007, 80th Leg., R.S., Ch. 1390 (S.B. 1867), Sec. 1, eff. September 1, 2007.

Sec. 232.023. PLAT REQUIRED. (a) A subdivider of land must have a plat of the subdivision prepared if at least one of the lots of the subdivision is five acres or less. A commissioners court by order may require each subdivider of land to prepare a plat if none of the lots is five acres or less but at least one of the lots of a subdivision is more than five acres but not more than 10 acres.

(a-1) A subdivision of a tract under this section includes a subdivision of real property by any method of conveyance, including a contract for deed, oral contract, contract of sale, or other type of executory contract, regardless of whether the subdivision is made by using a metes and bounds description.

(b) A plat required under this section must:

(1) be certified by a surveyor or engineer registered to practice in this state;

(2) define the subdivision by metes and bounds;

(3) locate the subdivision with respect to an original corner of the original survey of which it is a part;

(4) describe each lot, number each lot in progression, and

give the dimensions of each lot;

(5) state the dimensions of and accurately describe each lot, street, alley, square, park, or other part of the tract intended to be dedicated to public use or for the use of purchasers or owners of lots fronting on or adjacent to the street, alley, square, park, or other part;

(6) include or have attached a document containing a description in English and Spanish of the water and sewer facilities and roadways and easements dedicated for the provision of water and sewer facilities that will be constructed or installed to service the subdivision and a statement specifying the date by which the facilities will be fully operable;

(7) have attached a document prepared by an engineer registered to practice in this state certifying that the water and sewer service facilities proposed under Subdivision (6) are in compliance with the model rules adopted under Section 16.343, Water Code, and a certified estimate of the cost to install water and sewer service facilities;

(8) provide for drainage in the subdivision to:

(A) avoid concentration of storm drainage water from each lot to adjacent lots;

(B) provide positive drainage away from all buildings;
and

(C) coordinate individual lot drainage with the general storm drainage pattern for the area;

(9) include a description of the drainage requirements as provided in Subdivision (8);

(10) identify the topography of the area;

(11) include a certification by a surveyor or engineer registered to practice in this state describing any area of the subdivision that is in a floodplain or stating that no area is in a floodplain; and

(12) include certification that the subdivider has complied with the requirements of Section 232.032 and that:

(A) the water quality and connections to the lots meet, or will meet, the minimum state standards;

(B) sewer connections to the lots or septic tanks meet, or will meet, the minimum requirements of state standards;

(C) electrical connections provided to the lot meet, or will meet, the minimum state standards; and

(D) gas connections, if available, provided to the lot meet, or will meet, the minimum state standards.

(c) A subdivider may meet the requirements of Subsection (b)(12)(B) through the use of a certificate issued by the appropriate county or state official having jurisdiction over the approval of septic systems stating that lots in the subdivision can be adequately and legally served by septic systems.

(d) The subdivider of the tract must acknowledge the plat by signing the plat and attached documents and attest to the veracity and completeness of the matters asserted in the attached documents and in the plat.

(e) The plat must be filed and recorded with the county clerk of the county in which the tract is located. The plat is subject to the filing and recording provisions of Section 12.002, Property Code.

(f) The commissioners court may require a plat application submitted for approval to include a digital map that is compatible with other mapping systems used by the county and that georeferences the subdivision plat and related public infrastructure using the Texas Coordinate Systems adopted under Section 21.071, Natural Resources Code. A digital map required under this subsection may be required only in a format widely used by common geographic information system software. A requirement adopted under this subsection must provide for an exemption from the requirement if the subdivider of the tract submits with the plat application an acknowledged statement indicating that the digital mapping technology necessary to submit a map that complies with this subsection was not reasonably accessible.

Sec. 232.024. APPROVAL BY COUNTY REQUIRED. (a) A plat filed under Section 232.023 is not valid unless the commissioners court of the county in which the land is located approves the plat by an order

entered in the minutes of the court. The commissioners court shall refuse to approve a plat if it does not meet the requirements prescribed by or under this subchapter or if any bond required under this subchapter is not filed with the county clerk.

(b) If any part of a plat applies to land intended for residential housing and any part of that land lies in a floodplain, the commissioners court shall not approve the plat unless:

(1) the subdivision is developed in compliance with the minimum requirements of the National Flood Insurance Program and local regulations or orders adopted under Section 16.315, Water Code; and

(2) the plat evidences a restrictive covenant prohibiting the construction of residential housing in any area of the subdivision that is in a floodplain unless the housing is developed in compliance with the minimum requirements of the National Flood Insurance Program and local regulations or orders adopted under Section 16.315, Water Code.

(c) On request, the county clerk shall provide the attorney general or the Texas Water Development Board:

(1) a copy of each plat that is approved under this subchapter; or

(2) the reasons in writing and any documentation that support a variance granted under Section 232.042.

(d) The commissioners court of the county in which the land is located may establish a planning commission as provided by Subchapter D. The planning commission, including its findings and decisions, is subject to the same provisions applicable to the commissioners court under this subchapter, including Section 232.034 relating to conflicts of interest.

(1) whether a plat has been prepared and whether it has been reviewed and approved by the commissioners court;

(2) whether water service facilities have been constructed

or installed to service the lot or subdivision under Section 232.023 and are fully operable;

(3) whether sewer service facilities have been constructed or installed to service the lot or subdivision under Section 232.023 and are fully operable, or if septic systems are used, whether the lot is served by a permitted on-site sewage facility or lots in the subdivision can be adequately and legally served by septic systems under Section 232.023; and

(a-1) Except as provided by Subsection (c) or Section 232.037(c), a utility may not serve or connect any subdivided land with water or sewer services unless the utility receives a certificate issued by the commissioners court under Section 232.028(a) or receives a determination from the commissioners court under Section 232.028(b)(1) that the plat has been reviewed and approved by the commissioners court.

(b) Except as provided by Subsections (c) and (k) or Section 232.037(c), a utility may not serve or connect any subdivided land with electricity or gas unless the entity receives a determination from the county commissioners court under Sections 232.028(b)(2) and (3) that adequate water and sewer services have been installed to service the lot or subdivision.

(c) An electric, gas, water, or sewer service utility may serve or connect subdivided land with water, sewer, electricity, gas, or other utility service regardless of whether the utility receives a certificate issued by the commissioners court under Section 232.028(a) or receives a determination from the commissioners court under Section 232.028(b) if the utility is provided with a certificate issued by the commissioners court that states that:

(1) the subdivided land:

(A) was sold or conveyed by a subdivider by any means of conveyance, including a contract for deed or executory contract:

(i) before September 1, 1995; or

(ii) before September 1, 1999, if the subdivided land on August 31, 1999, was located in the extraterritorial jurisdiction of a municipality as determined by Chapter 42;

(B) has not been subdivided after September 1, 1995, or September 1, 1999, as applicable under Paragraph (A);

(C) is the site of construction of a residence, evidenced by at least the existence of a completed foundation, that was begun on or before May 1, 2003; and

(D) has had adequate sewer services installed to service the lot or dwelling, as determined by an authorized agent

responsible for the licensing or permitting of on-site sewage facilities under Chapter 366, Health and Safety Code;

(2) the subdivided land is a lot of record and has adequate sewer services installed that are fully operable to service the lot or dwelling, as determined by an authorized agent responsible for the licensing or permitting of on-site sewage facilities under Chapter 366, Health and Safety Code; or

(3) the land was not subdivided after September 1, 1995, and:

(A) water service is available within 750 feet of the subdivided land; or

(B) water service is available more than 750 feet from the subdivided land and the extension of water service to the land may be feasible, subject to a final determination by the water service provider.

(d) A utility may provide utility service to subdivided land described by Subsection (c)(1), (2), or (3) only if the person requesting service:

(1) is not the land's subdivider or the subdivider's agent; and

(2) provides to the utility a certificate described by Subsection (c).

(e) A person requesting service may obtain a certificate under Subsection (c)(1), (2), or (3) only if the person is the owner or purchaser of the subdivided land and provides to the commissioners court documentation containing:

(1) a copy of the means of conveyance or other documents that show that the land was sold or conveyed by a subdivider before September 1, 1995, or before September 1, 1999, as applicable under Subsection (c);

(2) a notarized affidavit by that person requesting service under Subsection (c)(1) that states that construction of a residence on the land, evidenced by at least the existence of a completed foundation, was begun on or before May 1, 2003, and the request for utility connection or service is to connect or serve a residence described by Subsection (c)(1)(C);

(3) a notarized affidavit by the person requesting service that states that the subdivided land has not been further subdivided after September 1, 1995, or September 1, 1999, as applicable under Subsection (c); and

(f) Repealed by Acts 2009, 81st Leg., R.S., Ch. 1239, Sec. 6, eff. June 19, 2009.

(g) On request, the commissioners court shall provide to the attorney general and any appropriate local, county, or state law enforcement official a copy of any document on which the commissioners court relied in determining the legality of providing service.

(h) This section may not be construed to abrogate any civil or criminal proceeding or prosecution or to waive any penalty against a subdivider for a violation of a state or local law, regardless of the date on which the violation occurred.

(i) The prohibition established by this section shall not prohibit a water, sewer, electric, or gas utility from providing water, sewer, electric, or gas utility connection or service to a lot sold, conveyed, or purchased through a contract for deed or executory contract or other device by a subdivider prior to July 1, 1995, or September 1, 1999, if on August 31, 1999, the subdivided land was located in the extraterritorial jurisdiction of a municipality that has adequate sewer services installed that are fully operable to service the lot, as determined by an authorized agent responsible for the licensing or permitting of on-site sewage facilities under Chapter 366, Health and Safety Code, and was subdivided by a plat approved prior to September 1, 1989.

(j) In this section, "foundation" means the lowest division of a residence, usually consisting of a masonry slab or a pier and beam structure, that is partly or wholly below the surface of the ground and on which the residential structure rests.

(k) Subject to Subsections (l) and (m), a utility that does not hold a certificate issued by, or has not received a determination from, the commissioners court under Section 232.028 to serve or connect subdivided property with electricity or gas may provide that service to a single-family residential dwelling on that property if:

(1) the person requesting utility service:

(A) is the owner and occupant of the residential dwelling; and

(B) on or before January 1, 2001, owned and occupied the residential dwelling;

(2) the utility previously provided the utility service on or before January 1, 2001, to the property for the person requesting the service;

(3) the utility service provided as described by Subdivision (2) was terminated not earlier than five years before the date on which the person requesting utility service submits an application for that service; and

(4) providing the utility service will not result in:

(A) an increase in the volume of utility service provided to the property; or

(B) more than one utility connection for each single-family residential dwelling located on the property.

(l) A utility may provide service under Subsection (k) only if the person requesting the service provides to the commissioners court documentation that evidences compliance with the requirements of Subsection (k) and that is satisfactory to the commissioners court.

(m) A utility may not serve or connect subdivided property as described by Subsection (k) if, on or after September 1, 2007, any existing improvements on that property are modified.

(n) Except as provided by Subsection (o), this section does not prohibit a water or sewer utility from providing water or sewer utility connection or service to a residential dwelling that:

(1) is provided water or wastewater facilities under or in conjunction with a federal or state funding program designed to address inadequate water or wastewater facilities in colonias or to residential lots located in a county described by Section 232.022(a)(1);

(4) is located in a project for which the municipality with jurisdiction over the project or the approval of plats within the project area has approved the improvement project by order, resolution, or interlocal agreement under Chapter 791, Government

Code, if applicable.

(o) A utility may not serve any subdivided land with water utility connection or service under Subsection (n) unless the entity receives a determination from the county commissioners court under Section 232.028(b)(3) that adequate sewer services have been installed to service the lot or dwelling.

(p) The commissioners court may impose a fee for a certificate issued under this section for a subdivision which is located in the county and not within the limits of a municipality. The amount of the fee may be the greater of \$30 or the amount of the fee imposed by the municipality for a subdivision that is located entirely in the extraterritorial jurisdiction of the municipality for a certificate issued under Section 212.0115. A person who obtains a certificate under this section is not required to obtain a certificate under Section 212.0115.

The affidavit must be filed with the county clerk.

(e) A member of the commissioners court of a county commits an offense if the member violates Subsection (d). An offense under this subsection is a Class A misdemeanor.

(c) A subdivider who fails to provide, in the time and manner described in the plat, for the construction or installation of water

or sewer service facilities described on the plat or on the document attached to the plat or who otherwise violates this subchapter or a rule or requirement adopted by the commissioners court under this subchapter is subject to a civil penalty of not less than \$500 or more than \$1,000 for each violation and for each day of a continuing violation but not to exceed \$5,000 each day and shall also pay court costs, investigative costs, and attorney's fees for the governmental entity bringing the suit.

(d) Except as provided by Subsection (e), a person who violates Subsection (a) or (b) is subject to a civil penalty of not less than \$10,000 or more than \$15,000 for each lot conveyed or each subdivision that becomes a nuisance. The person must also pay court costs, investigative costs, and attorney's fees for the governmental entity bringing the suit.

(b) A subdivider who owns a subdivision commits an offense if the subdivider knowingly fails to timely provide for the construction or installation of water or sewer service as required by Section 232.032 or fails to make a reasonable effort to have electric utility service and gas utility service installed by a utility as required by Section 232.032. An offense under this subsection is a Class A misdemeanor.

(c) If it is shown at the trial of an offense under Subsection (a) that the defendant caused five or more residences in the subdivision to be inhabited, the offense is a state jail felony.

(d) A subdivider commits an offense if the subdivider allows the conveyance of a lot in the subdivision without the appropriate water and sewer utilities as required by Section 232.032 or without having made a reasonable effort to have electric utility service and gas utility service installed by a utility as required by Section 232.032. An offense under this section is a Class A misdemeanor. Each lot conveyed constitutes a separate offense.

(e) Venue for prosecution for a violation under this section is in the county in which any element of the violation is alleged to have occurred or in Travis County.

(c) During the pendency of any enforcement action brought, any resident of the affected subdivision, or the attorney general, district attorney, or county attorney on behalf of a resident, may file a motion against the provider of utilities to halt termination of pre-existing utility services. The services may not be terminated if the court makes an affirmative finding after hearing the motion that termination poses a threat to public health, safety, or welfare

of the residents.

(d) This subchapter is subject to the applicable enforcement provisions prescribed by Sections 16.352, 16.353, 16.354, and 16.3545, Water Code.

(b) A resident of a subdivision for which the subdivider has applied for cancellation under Subsection (a) has the same rights as a purchaser of land under Section 232.008.

(c) The notice required by Section 232.008(c) must also be published in Spanish in the newspaper of highest circulation and in a Spanish-language newspaper in the county if available.

(d) Not later than the 14th day before the date of the hearing, the county chief appraiser shall by regular and certified mail provide notice containing the information described by Section 232.008(c) to:

(1) each person who pays property taxes in the subdivision, as determined by the most recent tax roll; and

(2) each person with an interest in the property.

(e) The commissioners court may require a subdivider to provide the court with the name and last known address of each person with an interest in the property. For purposes of this subsection, a person residing on a lot purchased through an executory contract has an interest in the property.

(f) A person who fails to provide information requested under Subsection (e) before the 31st day after the date the request is made is liable to the state for a penalty of \$500 for each week the person fails to provide the information.

(g) The commissioners court may cancel a subdivision only after a public hearing. At the hearing, the commissioners court shall permit any interested person to be heard. At the conclusion of the hearing, the commissioners court shall adopt an order on whether to cancel the subdivision.

Sec. 232.040. REPLATTING. (a) A subdivision plat must accurately reflect the subdivision as it develops. If there is any change, either by the intentional act of the subdivider or by the forces of nature, including changes in the size or dimension of lots or the direction or condition of the roads, a plat must be revised in accordance with Section 232.041.

(b) Except as provided by Subsection (c), a lot in a subdivision may not be sold if the lot lacks water and sewer services as required by this subchapter unless the lot is platted or replatted as required by this subchapter. A subdivider or agent of a subdivider may not transfer a lot through an executory contract or other similar conveyance to evade the requirements of this subchapter. The prohibition in this subsection includes the sale of a lot:

(1) by a subdivider who regains possession of a lot previously exempt under Subsection (c) through the exercise of a remedy described in Section 5.064, Property Code; or

(2) for which it is shown at a proceeding brought in the district court in which the property is located that the sale of a lot otherwise exempt under Subsection (c) was made for the purpose of evading the requirements of this subchapter.

(c) Subsection (b) does not apply if a seller other than a subdivider or agent of a subdivider resides on the lot.

(d) The attorney general or a district or county attorney with jurisdiction may bring a proceeding under Subsection (b).

(e) Existing utility services to a subdivision that must be platted or replatted under this section may not be terminated under Section 232.029 or 232.0291.

Sec. 232.041. REVISION OF PLAT. (a) A person who has subdivided land that is subject to the subdivision controls of the county in which the land is located may apply in writing to the commissioners court of the county for permission to revise the subdivision plat filed for record with the county clerk.

(b) Except as provided by Subsection (b-1), after the application is filed with the commissioners court, the court shall publish a notice of the application in a newspaper of general circulation in the county. The notice must include a statement of the time and place at which the court will meet to consider the application and to hear protests to the revision of the plat. The notice must be published at least three times during the period that begins on the 30th day and ends on the seventh day before the date of the meeting. If all or part of the subdivided tract has been sold to nondeveloper owners, the court shall also give notice to each of those owners by certified or registered mail, return receipt requested, at the owner's address in the subdivided tract.

(b-1) If the commissioners court determines that the revision to the subdivision plat does not affect a public interest or public property of any type, including, but not limited to, a park, school, or road, the notice requirements under Subsection (b) do not apply to the application and the commissioners court shall:

(1) provide written notice of the application to the owners of the lots that are within 200 feet of the subdivision plat to be revised, as indicated in the most recent records of the central appraisal district of the county in which the lots are located; and

(2) if the county maintains an Internet website, post notice of the application continuously on the website for at least 30 days preceding the date of the meeting to consider the application until the day after the meeting.

(c) During a regular term of the commissioners court, the court shall adopt an order to permit the revision of the subdivision plat if it is shown to the court that:

(1) the revision will not interfere with the established rights of any owner of a part of the subdivided land; or

(2) each owner whose rights may be interfered with has agreed to the revision.

(d) If the commissioners court permits a person to revise a subdivision plat, the person may make the revision by filing for record with the county clerk a revised plat or part of a plat that indicates the changes made to the original plat.

(e) The commissioners court may impose a fee for filing an application under this section. The amount of the fee must be based on the cost of processing the application, including publishing the notices required under Subsection (b) or (b-1).

Sec. 232.042. VARIANCES FROM REPLATTING REQUIREMENTS. (a) On request of a subdivider or resident purchaser, the commissioners court may grant a delay or a variance from compliance with Section 232.040 as provided by this section.

(b) The commissioners court may grant a delay of two years if the reason for the delay is to install utilities. A person may apply for one renewal of a delay under this subsection. To obtain an initial delay under this subsection, a subdivider must:

- (1) identify the affected utility providers;
- (2) provide the terms and conditions on which service may be provided; and
- (3) provide a certified letter from each utility provider stating that it has the right to serve the area and it will serve the area.

(c) The commissioners court may grant a delay or a variance for a reason other than a reason described by Subsection (b) if it is shown that compliance would be impractical or would be contrary to the health and safety of residents of the subdivision. The commissioners court must issue written findings stating the reasons why compliance is impractical.

(d) A delay or a variance granted by the commissioners court is valid only if the commissioners court notifies the attorney general of the delay or variance and the reasons for the delay or variance not later than the 30th day after the date the commissioners court grants the delay or variance.

(e) Until approved water and sewer services are made available to the subdivision, the subdivider of land for which a delay is granted under this section must provide at no cost to residents:

- (1) 25 gallons of potable water a day for each resident and a suitable container for storing the water; and
- (2) suitable temporary sanitary wastewater disposal facilities.

Sec. 232.043. VARIANCES FROM PLATTING REQUIREMENTS. (a) On the request of a subdivider who created an unplatted subdivision or a resident purchaser of a lot in the subdivision, the commissioners court of a county may grant:

(1) a delay or variance from compliance with the subdivision requirements prescribed by Section 232.023(b)(8) or (9), 232.025(1), (2), (3), (4), or (5), or 232.030(c)(2), (3), (5), or (6); or

(2) a delay or variance for an individual lot from compliance with the requirements prescribed by the model subdivision rules adopted under Section 16.343, Water Code, for:

(A) the distance that a structure must be set back from roads or property lines; or

(B) the number of single-family, detached dwellings that may be located on a lot.

(b) If the commissioners court makes a written finding that the subdivider who created the unplatted subdivision no longer owns property in the subdivision, the commissioners court may grant a delay or variance under this section only if:

(1) a majority of the lots in the subdivision were sold before:

(A) September 1, 1995, in a county defined under Section 232.022(a)(1); or

(B) September 1, 2005, in a county defined under Section 232.022(a)(2);

(2) a majority of the resident purchasers in the subdivision sign a petition supporting the delay or variance;

(3) the person requesting the delay or variance submits to the commissioners court:

(A) a description of the water and sewer service facilities that will be constructed or installed to service the subdivision;

(B) a statement specifying the date by which the water and sewer service facilities will be fully operational; and

(C) a statement signed by an engineer licensed in this state certifying that the plans for the water and sewer facilities meet the minimum state standards;

(4) the commissioners court finds that the unplatted subdivision at the time the delay or variance is requested is developed in a manner and to an extent that compliance with specific platting requirements is impractical or contrary to the health or safety of the residents of the subdivision; and

(5) the subdivider who created the unplatted subdivision has not violated local law, federal law, or state law, excluding this chapter, in subdividing the land for which the delay or variance is requested, if the subdivider is the person requesting the delay or variance.

(c) If the commissioners court makes a written finding that the subdivider who created the unplatted subdivision owns property in the subdivision, the commissioners court may grant a provisional delay or variance only if the requirements of Subsection (b) are satisfied. The commissioners court may issue a final grant of the delay or variance only if the commissioners court has not received objections from the attorney general before the 91st day after the date the commissioners court submits the record of its proceedings to the attorney general as prescribed by Subsection (d).

(d) If the commissioners court grants a delay or variance under this section, the commissioners court shall:

(1) make findings specifying the reason compliance with each requirement is impractical or contrary to the health or safety of residents of the subdivision;

(2) keep a record of its proceedings and include in the record documentation of the findings and the information submitted under Subsection (b); and

(3) submit a copy of the record to the attorney general.

(e) The failure of the attorney general to comment or object to a delay or variance granted under this section does not constitute a

waiver of or consent to the validity of the delay or variance granted.

(f) This section does not affect a civil suit filed against, a criminal prosecution of, or the validity of a penalty imposed on a subdivider for a violation of law, regardless of the date on which the violation occurred.

Sec. 232.072. PLAT REQUIRED. (a) The owner of a tract of land that divides the tract in any manner that creates at least one lot of five acres or less intended for residential purposes must have a plat of the subdivision prepared. A commissioners court by order may require each subdivider of land to prepare a plat if none of the lots is five acres or less but at least one of the lots of the subdivision is more than five acres but not more than 10 acres.

(a-1) A subdivision of a tract under this section includes a subdivision of real property by any method of conveyance, including a contract for deed, oral contract, contract of sale, or other type of executory contract, regardless of whether the subdivision is made by using a metes and bounds description.

(b) A plat required under this section must:

(1) include on the plat or have attached to the plat a document containing a description of the water and sewer service facilities that will be constructed or installed to service the subdivision and a statement of the date by which the facilities will be fully operable; and

(2) have attached to the plat a document prepared by an engineer registered to practice in this state certifying that the water and sewer service facilities described by the plat or the document attached to the plat are in compliance with the model rules adopted under Section 16.343, Water Code.

(c) A plat required under this section must be filed and recorded with the county clerk of the county in which the tract is located. The plat is subject to the filing and recording provisions of Section 12.002, Property Code.

(d) The commissioners court may require a plat application submitted for approval to include a digital map that is compatible with other mapping systems used by the county and that georeferences the subdivision plat and related public infrastructure using the Texas Coordinate Systems adopted under Section 21.071, Natural Resources Code. A digital map required under this subsection may be required only in a format widely used by common geographic information system software. A requirement adopted under this subsection must provide for an exemption from the requirement if the owner of the tract submits with the plat application an acknowledged statement indicating that the digital mapping technology necessary to submit a map that complies with this subsection was not reasonably accessible.

Sec. 232.073. APPROVAL BY COUNTY REQUIRED. (a) A plat filed under Section 232.072 is not valid unless the commissioners court of the county in which the land is located approves the plat by an order entered in the minutes of the court. The commissioners court shall refuse to approve a plat if it does not meet the requirements prescribed by or under this subchapter or if any bond required under this subchapter is not filed with the county clerk.

(b) The commissioners court of the county in which the land is located may establish a planning commission as provided by Subchapter D. The planning commission, including its findings and decisions, is subject to the same provisions applicable to the commissioners court under this subchapter, including Section 232.078 relating to conflicts of interest.

Sec. 232.074. BOND REQUIREMENTS. (a) Unless a person has completed the installation of all water and sewer service facilities required by this subchapter on the date that person applies for final approval of a plat under Section 232.073, the commissioners court shall require the subdivider of the tract to execute and maintain in effect a bond or, in the alternative, a person may make a cash deposit in an amount the commissioners court determines will ensure compliance with this subchapter. A person may not meet the requirements of this subsection through the use of a letter of credit unless that letter of credit is irrevocable and issued by an institution guaranteed by the Federal Deposit Insurance Corporation. The subdivider must comply with the requirement before subdividing the tract.

(b) The bond must be conditioned on the construction or installation of water and sewer service facilities that will be in compliance with the model rules adopted under Section 16.343, Water Code.

Added by Acts 1997, 75th Leg., ch. 377, Sec. 1, eff. Sept. 1, 1997.

(b) The commissioners court may not grant an extension under Subsection (a) if it would allow an occupied residence to be without water or sewer services.

Added by Acts 1997, 75th Leg., ch. 377, Sec. 1, eff. Sept. 1, 1997.

Sec. 232.076. CERTIFICATION REGARDING COMPLIANCE WITH PLAT REQUIREMENTS. (a) On the approval of a plat by the commissioners court, the commissioners court shall issue to the person applying for the approval a certificate stating that the plat has been reviewed and approved by the commissioners court.

(b) On its own motion or on the written request of a subdivider, an owner or resident of a lot in a subdivision, or an entity that provides a utility service, the commissioners court shall:

(1) determine whether a plat is required under this subchapter for an identified tract of land that is located within the jurisdiction of the county; and

(2) if a plat is required for the identified tract, determine whether a plat has been reviewed and approved by the commissioners court.

(c) The request made under Subsection (b) must adequately identify the land that is the subject of the request.

(d) Whenever a request is made under Subsection (b), the commissioners court shall issue the requesting party a written certification of its determinations.

Sec. 232.078. CONFLICT OF INTEREST; PENALTY. (a) In this section, "subdivided tract" means a tract of land, as a whole, that is subdivided into tracts or lots. The term does not mean an individual lot in a subdivided tract of land.

(b) A person has an interest in a subdivided tract if the person:

- (1) has an equitable or legal ownership interest in the tract;
- (2) acts as a developer of the tract;
- (3) owns voting stock or shares of a business entity that:

(e) A member of the commissioners court of a county commits an

offense if the member violates Subsection (d). An offense under this subsection is a Class A misdemeanor.

(f) The finding by a court of a violation of this section does not render voidable an action of the commissioners court unless the measure would not have passed the commissioners court but for the vote of the member who violated this section.

(g) A conviction under Subsection (e) constitutes official misconduct by the member and is grounds for removal from office.

Added by Acts 1997, 75th Leg., ch. 377, Sec. 1, eff. Sept. 1, 1997.

(b) During the pendency of any enforcement action brought, any resident of the affected subdivision, or the attorney general, district attorney, or county attorney on behalf of a resident, may file a motion against the provider of utilities to halt termination of preexisting utility services. The services may not be terminated if the court makes an affirmative finding after hearing the motion that termination poses a threat to public health or to the health, safety, or welfare of the residents. This subsection does not prohibit a provider of utilities from terminating services under other law to a resident who has failed to timely pay for services.

The presiding officer presides over the meetings and executes all documentation required on behalf of the planning commission. The assistant presiding officer represents the presiding officer during the presiding officer's absence.

(b) There is no limitation on the number of terms a member may serve on the commission.

(c) Minutes of the planning commission's proceedings must be filed with the county clerk or other county officer or employee designated by the commissioners court. The minutes of the planning commission's proceedings are a public record.

(d) The planning commission is subject to Chapters 551 and 552,

(b) If a person submits an incomplete plat application to the planning commission, the planning commission or its designee shall, not later than the 15th business day after the date the planning commission or its designee receives the application, notify the applicant of the missing documents or other information. The planning commission or its designee shall allow an applicant to timely submit the missing documents or other information.

(c) An application is considered complete on the date all documentation and other information required by Subsection (a) is received by the planning commission.

(d) If the approval of the plat is within the exclusive jurisdiction of the planning commission, the planning commission shall take final action on a plat application, including the resolution of all appeals, not later than the 60th day after the date a completed plat application is received by the planning commission.

(e) The time period prescribed by Subsection (d) may be extended for:

- (2) an additional 60 days if the county is required under Chapter 2007, Government Code, to perform a takings impact assessment in connection with a plat submitted for approval.

(f) The planning commission may not compel an applicant to waive the time limits prescribed by this section.

(g) If the planning commission fails to take final action on the completed plat application as required by this section, the

applicant may apply to a district court in the county in which the land is located for a mandamus order to compel the planning commission to approve or disapprove the plat. A planning commission subject to a mandamus order under this subsection shall make a decision approving or disapproving the plat not later than the 20th business day after the date a copy of the mandamus order is served on the presiding officer of the planning commission. If the planning commission approves the plat, the planning commission, within the 20-day period prescribed by this subsection, shall:

(1) refund the greater of the unexpended portion of any plat application fee or deposit or 50 percent of a plat application fee or deposit that has been paid;

(b) Under the contract, the developer shall construct the improvements, and the county shall participate in the cost of the improvements.

(c) The contract must establish the limit of participation by

the county at a level not to exceed 30 percent of the total contract price. In addition, the contract may also allow participation by the county at a level not to exceed 100 percent of the total cost for any oversizing of improvements required by the county, including but not limited to increased capacity of improvements to anticipate other future development in the area. The county is liable only for the agreed payment of its share, which shall be determined in advance either as a lump sum or as a factor or percentage of the total actual cost as determined by an order of the commissioners court.

SUBCHAPTER A. DANGEROUS SUBSTANCES

Sec. 233.001. REQUIRING REPAIR, REMOVAL, OR DEMOLITION OF BUILDING OR OTHER STRUCTURE. (a) If the commissioners court of a county that borders the Gulf of Mexico and is adjacent to a county with a population of more than 3.3 million finds that a bulkhead or other method of shoreline protection, hereafter called "structure,"

in an unincorporated area of the county is likely to endanger persons or property, the commissioners may:

The notice must contain a legal description of the property, the amount of the assessment, and the owner if known. The lien arises and attaches to the property at the time the notice of the assessment is recorded and indexed in the office of the county clerk in the county in which the property is located. Sec. 233.035. BOARD OF BUILDING LINE ADJUSTMENT. (a) The commissioners court may appoint a board of building line adjustment consisting of five freeholders of the county. Members must be appointed for staggered terms of two years, with two members' terms expiring in one year and three members' terms expiring the next year. However, in making the initial appointments, the commissioners court shall designate two members for one-year terms and three members for two-year terms. The court may remove a member for cause on a written charge after a public hearing. The court shall fill a vacancy on the board for the unexpired term of the member whose term becomes vacant.

(b) The board shall elect its own chairman and shall adopt rules of procedure. The meetings of the board are open to the public. The board shall keep minutes of its proceedings that shall be filed in the board's office. The minutes of board meetings constitute a public record.

(c) Subject to appropriate conditions and safeguards, the board may modify or vary the regulations affecting building or set-back lines in a case in which unnecessary hardship may result from a literal enforcement of those regulations, in order to do substantial justice and to observe the purpose of the regulations in protecting the public welfare and safety.

(d) The board shall hear and decide an appeal in a case in which, because of exceptional narrowness, shallowness, shape, topography, existing building development, or another exceptional and extraordinary situation or condition of a specific piece of property, the strict application of a building line established under this subchapter would result in peculiar and exceptional difficulties or hardships to the owner of the property. On appeal, the board may authorize a variance from the strict application of the regulation, under conditions imposed by the board, to relieve the hardship or difficulty if that relief can be granted without substantially impairing the intent and purpose of the building line or set-back line.

(e) With appropriate safeguards, the board shall authorize the construction of an improvement or a structure that may encroach on a building or set-back line. However, if the county proceeds with projected improvements of the affected road within the time provided by Section 233.034(c), the owner of the improvement or structure must remove it at no expense to the county.

(b) A property owner in the county who is aggrieved by a final order of the board or of the commissioners court may appeal to the district court or to another court with proper jurisdiction. The appellant must bring the appeal within 30 days after the date on which the final order in question was adopted. The appellant must execute an appeal bond in an amount fixed by the court.

(ii) disapprove the drilling of the well; and

(C) provide a written acknowledgment to the person desiring to drill the well and to the owner of the land on which the well is to be located that states:

(i) that the requirements of the rules adopted under Subdivision (1) have been satisfied; and

SUBCHAPTER Z. MISCELLANEOUS PROVISIONS

Sec. 240.901. LAND USE REGULATION FOR FLOOD CONTROL IN COASTAL COUNTIES. (a) This state recognizes the personal hardships and economic distress caused by flood disasters since it has become uneconomical for the private insurance industry alone to make flood insurance available to those in need of protection on reasonable terms and conditions. Recognizing the burden on the nation's resources, congress enacted the National Flood Insurance Act of 1968, under which flood insurance can be made available through the coordinated efforts of the federal government and the private insurance industry by pooling risks and by the positive cooperation of state and local governments. The purpose of this subchapter is to evidence a positive interest in securing flood insurance coverage under the federal program, thus procuring coverage for the citizens of this state who desire to participate, to promote the public interest by providing appropriate protection against the perils of flood losses, and to encourage sound land use by minimizing exposure of property to flood losses.

(b) A county bordering on the Gulf of Mexico or on the tidewater limits of the gulf may determine the boundaries of any flood-prone area of the county. The suitability of that determination is conclusively established when the commissioners court of the county adopts a resolution finding that the area is a flood-prone area.

(c) The commissioners court may adopt and enforce rules that regulate the management and use of land, structures, and other development in a flood-prone area of the county in order to reduce the extent of damage caused by flooding. The matters to which the

rules may apply include:

- (1) the floodproofing of structures located or to be constructed in the area;
- (2) the minimum elevation of a structure permitted to be constructed or improved in the area;
- (3) specifications for drainage;
- (4) the prohibition of the connection of land with water, sewer, electricity, and gas utility service, if a structure or other development on the land is not in compliance with a rule adopted by the commissioners court; and
- (5) any other action feasible to minimize flooding and rising water damage.

(d) In this section, "flood-prone area" means an area that is subject to damage from rising water or flooding from the Gulf of Mexico or its tidal waters, including lakes, bays, inlets, and lagoons.

(e) Rules and regulations adopted by counties under this section shall comply with rules and regulations promulgated by the Commissioner of the General Land Office under Sections 16.320 and 16.321, Water Code.

(f) If the commissioners court prohibits the connection of land with water, sewer, electricity, and gas utility service under Subsection (c)(4), a person may not provide utility services that connect the land with utility services without written certification from the county that the property complies with rules adopted under this section.

(g) A commissioners court may authorize procedures for filing a notice in the real property records of the county in which a property is located that identifies any condition on the property that the county determines violates the rules adopted under this section or a permit issued under this section. The notice is not a final legal determination and is meant only to provide notice of the county's determination that a violation of the rules or a permit exists on the property. The notice must include a description legally sufficient for identification of the property and the name of the owner of the property.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1991, 72nd Leg., ch. 295, Sec. 40, eff. June 7, 1991; Acts 1997, 75th Leg., ch. 461, Sec. 1, eff. Sept. 1, 1997.

Sec. 240.902. CLOSING OF GULF BEACHES. (a) The commissioners court of a county in which a public beach is located may by order close a part of the beach for a maximum of three days each year to allow a nonprofit organization to hold an event on the beach to which the public is invited and to which the organization charges no more than a nominal admission fee.

(b) In this section, "public beach" means a beach located on a bay or inlet of the Gulf of Mexico to which the general public or a substantial part of the general public has free access.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 240.905. LAND USE REGULATION FOR FLOOD CONTROL IN TRINITY RIVER BASIN. (a) The commissioners court of a county located below the dam of Lake Livingston with all or part of its area within the 100-year floodplain of the Trinity River basin as described by county maps developed according to Federal Emergency Management Agency requirements may adopt and enforce rules that regulate the future construction of residences and the laying out of residential lots or the development of subdivisions in that portion of the county located in the 100-year floodplain of the Trinity River basin.

(b) Before the commissioners court may adopt and enforce the rules described in Subsection (a) of this section the commissioners court must make a determination that the rules are necessary to protect the health and safety of the public by reducing the damage caused by flooding in the 100-year floodplain.

(c) The rules described in Subsection (a) of this section apply only to development and construction commenced after the effective date of this section for:

(1) the flood-proofing of structures constructed or placed in the floodplain;

(2) the type of structures which may be constructed or placed in the floodplain;

(3) the minimum elevation of structures constructed or placed in the floodplain; and

(4) specification for drainage of residential lots or subdivisions to be laid out in the floodplain.

(d) The commissioners court may not regulate new manufactured or industrialized housing constructed to preemptive state or federal building standards for siting or zoning purposes in any manner that is different from regulation of site-built housing.

Added by Acts 1991, 72nd Leg., ch. 858, Sec. 4, eff. Sept. 1, 1991. Renumbered from Sec. 240.904 by Acts 1991, 72nd Leg., 1st C.S., ch. 14, Sec. 8.01(19), eff. Nov. 12, 1991.

Sec. 240.907. FEE FOR CUTTING COUNTY ROAD. (a) In this section, a cut of a county road means the act of excavating or cutting the surface of a county road.

(b) To provide funds for the future inspection, repair, and maintenance of a cut road, a county may impose a fee on a person or other entity for each cut of a county road during or as an incident to the installation, maintenance, or repair of any facilities or properties of the person or entity.

(c) The fee authorized by this section:

(1) may not exceed \$500;

(2) may be imposed either before or after the cutting of the road; and

(3) is in addition to any other charge the county is authorized to impose to repair damage to the road because of the cut.

(d) This section does not apply in relation to a person or other entity that:

(1) has entered into an agreement with the county that provides for fees to be paid by the person or entity for the use of the county roads; or

(2) is a utility that is not required under Chapter 181, Utilities Code, to provide notice to a commissioners court of a county.

Added by Acts 2005, 79th Leg., Ch. 957 (H.B. 1610), Sec. 1, eff. June 18, 2005.

Sec. 240.909. REGULATION OF TREE CUTTING IN CERTAIN COUNTIES.

(a) This section applies only to a county with a population of 50,000 or less that borders the Gulf of Mexico and in which is located at least one state park and one national wildlife refuge.

(b) The commissioners court of a county subject to this section may prohibit or restrict the clear-cutting of live oak trees in the unincorporated area of the county.

(c) A person commits an offense if the person violates an order adopted under this section and the order defines the violation as an offense. An offense under this section is a Class C misdemeanor punishable by a fine not to exceed \$500. An offense under this section is prosecuted in the same manner as an offense defined under state law.

(d) The county attorney or an attorney representing the county may file an action in district court to enjoin a violation or threatened violation of an order adopted under this section. The court may grant appropriate relief.

(e) This subchapter, or an order or zoning regulation adopted under this subchapter, does not apply to the facilities or operations of an electric utility as defined by Section 31.002, Utilities Code, or a gas utility as defined by Section 101.003 or 121.001, Utilities Code.

Added by Acts 2009, 81st Leg., R.S., Ch. 1398 (S.B. 2553), Sec. 1, eff. June 19, 2009.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.002. LEGISLATIVE FINDINGS. The legislature finds that:

(1) an airport hazard endangers the lives and property of users of the airport and of occupants of land in the vicinity of the airport;

(2) an airport hazard that is an obstruction reduces the size of the area available for the landing, taking off, and maneuvering of aircraft, tending to destroy or impair the utility of

the airport and the public investment in the airport;

(3) the creation of an airport hazard is a public nuisance and an injury to the community served by the airport affected by the hazard;

(4) it is necessary in the interest of the public health, public safety, and general welfare to prevent the creation of an airport hazard;

(5) the creation of an airport hazard should be prevented, to the extent legally possible, by the exercise of the police power without compensation; and

(6) the prevention of the creation of an airport hazard and the elimination, the removal, the alteration, the mitigation, or the marking and lighting of an airport hazard are public purposes for which a political subdivision may raise and spend public funds and acquire land or interests in land.

an airport that does not endanger the health, safety, or welfare of the owners, occupants, or users of the land because of levels of noise or vibrations or the risk of personal injury or property damage created by the operations of the airport, including the taking off and landing of aircraft.

(7) "Controlled compatible land use area" means an area of land located outside airport boundaries and within a rectangle bounded by lines located no farther than 1-1/2 statute miles from the centerline of an instrument or primary runway and lines located no farther than five statute miles from each end of the paved surface of an instrument or primary runway.

(8) "Instrument runway" means an existing or planned runway of at least 3,200 feet for which an instrument landing procedure published by a defense agency of the federal government or the Federal Aviation Administration exists or is planned.

(9) "Obstruction" means a structure, growth, or other object, including a mobile object, that exceeds a limiting height established by federal regulations or by an airport hazard area zoning regulation.

(10) "Political subdivision" means a municipality or county.

(13) "Structure" means an object constructed or installed by one or more persons and includes a building, tower, smokestack, and overhead transmission line.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.004. AIRPORT USED IN INTEREST OF PUBLIC. For the purposes of this chapter, an airport is used in the interest of the public if:

(1) the owner of the airport, by contract, license, or otherwise, permits the airport to be used by the public to an extent that the airport fulfills an essential community purpose; or

(2) the airport is used by the state or an agency of the state or by the United States for national defense purposes or for any federal program relating to flight.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

SUBCHAPTER B. ADOPTION OF AIRPORT ZONING REGULATIONS

Sec. 241.011. AIRPORT HAZARD AREA ZONING REGULATIONS. (a) To prevent the creation of an airport hazard, a political subdivision in which an airport hazard area is located may adopt, administer, and enforce, under its police power, airport hazard area zoning regulations for the airport hazard area.

(b) The airport hazard area zoning regulations may divide an airport hazard area into zones and for each zone:

- (1) specify the land uses permitted;
- (2) regulate the type of structures; and
- (3) restrict the height of structures and objects of natural growth to prevent the creation of an obstruction to flight operations or air navigation.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.012. AIRPORT COMPATIBLE LAND USE ZONING REGULATIONS. (a) A political subdivision may adopt, administer, and enforce, under its police power, airport compatible land use zoning regulations for the part of a controlled compatible land use area located within the political subdivision if the airport is:

- (1) used in the interest of the public to the benefit of

the political subdivision; or

(2) located within the political subdivision and owned or operated by a federal defense agency or by the state.

(b) The political subdivision by ordinance or resolution may implement, in connection with airport compatible land use zoning regulations, any federal law or rules controlling the use of land located adjacent to or in the immediate vicinity of the airport.

(c) The airport compatible land use zoning regulations must include a statement that the airport fulfills an essential community purpose.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.013. EXTRATERRITORIAL ZONING IN POLITICAL SUBDIVISIONS WITH POPULATION OF MORE THAN 45,000. (a) A political subdivision with a population of more than 45,000 in which an airport used in the interest of the public to the benefit of the political subdivision is located may adopt, administer, and enforce:

(1) airport hazard area zoning regulations applicable to an airport hazard area relating to the airport and located outside the political subdivision; and

(2) airport compatible land use zoning regulations applicable to a controlled compatible land use area relating to the airport and located outside the political subdivision.

(b) The political subdivision has the same power to adopt, administer, and enforce airport hazard area zoning regulations or airport compatible land use zoning regulations under this section as that given a political subdivision by Sections 241.011 and 241.012.

(c) The airport hazard area zoning regulations or airport compatible land use zoning regulations must include a statement that the airport fulfills an essential community purpose.

joint airport zoning board with another political subdivision in which an airport hazard area or a controlled compatible land use area relating to the airport is located. The political subdivisions must act by resolution or ordinance in creating the joint board.

(b) The joint airport zoning board has the same power to adopt, administer, and enforce airport hazard area zoning regulations or airport compatible land use zoning regulations under this section as that given a political subdivision by Sections 241.011 and 241.012.

A political subdivision may incorporate an airport zoning regulation in a comprehensive zoning ordinance and administer and enforce it in connection with the administration and enforcement of the comprehensive zoning ordinance if:

(1) the two zoning regulations apply, in whole or in part, to the same area; and

(2) the comprehensive zoning ordinance includes, among other matters, a regulation on the height of buildings.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.016. AIRPORT ZONING COMMISSION. (a) Before an airport zoning regulation may be adopted, a political subdivision acting unilaterally under Section 241.013 must appoint an airport zoning commission. If the political subdivision has a planning commission or comprehensive zoning commission, that commission may be designated as the airport zoning commission.

(b) The commission shall recommend the boundaries of the zones to be established and the regulations for these zones.

(c) The commission shall make a preliminary report and hold public hearings on the report before submitting a final report.

(d) Before the 15th day before the date of a hearing under Subsection (c), notice of the hearing shall be published in an official newspaper or a newspaper of general circulation in each political subdivision in which the airport hazard area or controlled compatible land use area to be zoned is located.

(e) A joint airport zoning board created under Section 241.014 is not required to appoint a commission under this section.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1995, 74th Leg., ch. 697, Sec. 1, eff. Sept. 1, 1995.

Sec. 241.017. PROCEDURAL LIMITATIONS APPLYING TO ADOPTION OF ZONING REGULATIONS. (a) The governing body of a political subdivision may not hold a public hearing or take other action concerning an airport zoning regulation until it receives the final report of the airport zoning commission.

(b) An airport zoning regulation may not be adopted except by action of the governing body of the political subdivision or a joint airport zoning board after the political subdivision or joint airport zoning board holds a public hearing on the matter at which parties in interest and citizens have an opportunity to be heard.

(c) Before the 15th day before the date of a hearing under Subsection (b), notice of the hearing must be published in an official newspaper or a newspaper of general circulation in each political subdivision in which the area to be zoned is located.

(d) A procedural requirement adopted or applied by a political subdivision, including any requirement in the charter of a home-rule municipality, that imposes a waiting period before the adoption of a zoning regulation or requires the submission of a zoning regulation

to a binding referendum election does not apply to this chapter.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1995, 74th Leg., ch. 697, Sec. 2, eff. Sept. 1, 1995.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 190 (S.B. 1360), Sec. 2, eff. May 23, 2007.

Sec. 241.018. REASONABLENESS OF AIRPORT ZONING REGULATIONS.

(a) An airport zoning regulation must be reasonable and may impose a requirement or restriction only if the requirement or restriction is reasonably necessary to achieve the purposes of this chapter.

(b) In determining which airport zoning regulations to adopt, the governing body of a political subdivision or a joint airport zoning board shall consider, among other things:

- (1) the character of the flying operations expected to be conducted at the airport;
- (2) the nature of the terrain within the airport hazard area;
- (3) the character of the neighborhood; and
- (4) the current and possible uses of the property to be zoned.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.019. NONCONFORMING USES AND STRUCTURES. Except as provided by Section 241.035, airport zoning regulations may not require:

- (1) changes in nonconforming land use existing on the date of the adoption of the regulations;
- (2) the removal, lowering, or other change of a structure that does not conform to the regulations on the date of their adoption, including all phases or elements of a multiphase structure, regardless of whether actual construction has commenced, that received a determination of no hazard by the Federal Aviation Administration under 14 C.F.R., Part 77, before the regulations were adopted;
- (3) the removal, lowering, or other change of an object of natural growth that does not conform to the regulations on the date

of their adoption; or

(4) any other interference in the continuation of a use that does not conform to the regulations on the date of their adoption.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.020. PERMITS. (a) Airport zoning regulations may require that a permit be obtained before:

- (1) a new structure is constructed;
- (2) an existing structure is substantially changed or repaired;
- (3) a new use is established; or
- (4) an existing use is substantially changed.

(b) Airport zoning regulations must provide that a permit be obtained from the administrative agency authorized to administer and enforce the regulations before:

- (1) a nonconforming structure may be replaced, rebuilt, or substantially changed or repaired; or
- (2) a nonconforming object of natural growth may be replaced, substantially changed, allowed to grow higher, or replanted.

(c) A permit may not allow:

- (1) the establishment of an airport hazard;
- (2) a nonconforming use to be made;
- (3) a nonconforming structure or object of natural growth to become higher than it was at the time of the adoption of the airport zoning regulations relating to the structure or object of natural growth or at the time of the application for the permit; or
- (4) a nonconforming structure, object of natural growth, or use to become a greater hazard to air navigation than it was at the time of the adoption of the airport zoning regulations relating to the structure, object of natural growth, or use or at the time of the application for the permit.

(d) Except as provided by Subsection (c), an application for a permit shall be granted.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

SUBCHAPTER C. ADMINISTRATIVE AGENCY AND BOARD OF ADJUSTMENT

Sec. 241.031. ADMINISTRATIVE AGENCY. (a) Airport zoning regulations must provide for the administration and enforcement of the regulations by an administrative agency. The administrative agency may be:

- (1) an agency created by the regulations;
- (2) an existing official, board, or agency of the political subdivision adopting the regulations; or
- (3) an existing official, board, or other agency of a political subdivision that participated in the creation of a joint airport zoning board adopting the regulations, if satisfactory to that political subdivision.

(b) The administrative agency may not be the board of adjustment or include any member of the board.

(c) The administrative agency shall hear and decide all applications for permits under Section 241.020.

(d) The agency may not exercise any of the powers delegated to the board of adjustment.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.032. BOARD OF ADJUSTMENT. (a) Airport zoning regulations must provide for a board of adjustment.

(b) If a zoning board of appeals or adjustment exists, it may be designated as the board of adjustment under this chapter.

(c) If a zoning board of appeals or adjustment does not exist or is not designated as the board of adjustment under this chapter, a board of adjustment must be appointed. The board must consist of five members to be appointed for terms of two years. The appointing authority may remove a board member for cause on a written charge after a public hearing. A vacancy on the board shall be filled for the unexpired term.

(d) The concurring vote of four members of the board is necessary to:

- (1) reverse an order, requirement, decision, or determination of the administrative agency;
- (2) decide in favor of an applicant on a matter on which the board is required to pass under an airport zoning regulation; or
- (3) make a variation in an airport zoning regulation.

(e) The board shall adopt rules in accordance with the ordinance or resolution that created it.

(f) Meetings of the board are held at the call of the chairman and at other times as determined by the board. The chairman or acting chairman may administer oaths and compel the attendance of witnesses. All hearings of the board shall be open to the public.

(g) The board shall keep minutes of its proceedings that indicate the vote of each member on each question or the fact that a member is absent or fails to vote. The board shall keep records of its examinations and other official actions. The minutes and records shall be filed immediately in the board's office and are public records.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.033. AUTHORITY OF BOARD. The board of adjustment shall:

(1) hear and decide an appeal, as provided by Section 241.036, from an order, requirement, decision, or determination made by the administrative agency in the enforcement of an airport zoning regulation;

(2) hear and decide special exceptions to the terms of an airport zoning regulation when the regulation requires the board to do so; and

(3) hear and decide specific variances under Section 241.034.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.034. VARIANCES. (a) A person who desires to erect or increase the height of a structure, permit the growth of an object of natural growth, or otherwise use property in violation of an airport zoning regulation, may apply to the board of adjustment for a variance from the regulation.

(b) The board shall allow a variance from an airport zoning regulation if:

(1) a literal application or enforcement of the regulation would result in practical difficulty or unnecessary hardship; and

(2) the granting of the relief would:

(A) result in substantial justice being done;
(B) not be contrary to the public interest; and
(C) be in accordance with the spirit of the regulation and this chapter.

(c) The board may impose any reasonable conditions on the variance that it considers necessary to accomplish the purposes of this chapter.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.035. HAZARD MARKING AND LIGHTING. If the administrative agency or board of adjustment considers it reasonable in the circumstances and advisable to accomplish the purposes of this chapter, the agency or board may require in a permit or a variance granted under this chapter that the owner of a structure or object of natural growth allow the political subdivision, at its own expense, to install, operate, and maintain on the structure or object of natural growth any markers and lights necessary to indicate to flyers the presence of an airport hazard.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.036. APPEAL TO BOARD. (a) A decision of the administrative agency made in its administration of an airport zoning regulation may be appealed to the board of adjustment by:

(1) a person who is aggrieved by the decision;
(2) a taxpayer who is affected by the decision; or
(3) the governing body of a political subdivision or a joint airport zoning board that believes the decision is an improper application of the airport zoning regulation.

(b) The appellant must file with the board and the administrative agency a notice of appeal specifying the grounds for the appeal. The appeal must be filed within a reasonable time as determined by the rules of the board. On receiving the notice, the administrative agency shall immediately transmit to the board all the papers constituting the record of the action that is appealed.

(c) An appeal stays all proceedings in furtherance of the action that is appealed unless the administrative agency certifies in writing to the board facts supporting the agency's opinion that a

stay would cause imminent peril to life or property. In that case, the proceedings may be stayed only by an order of the board, after notice to the administrative agency, if due cause is shown.

(d) The board shall set a reasonable time for the appeal hearing and shall give public notice of the hearing and due notice to the parties in interest. A party may appear at the appeal hearing in person or by agent or attorney. The board shall decide the appeal within a reasonable time.

(e) The board may reverse or affirm, in whole or in part, or modify the administrative agency's order, requirement, decision, or determination from which an appeal is taken and make the correct order, requirement, decision, or determination, and for that purpose the board has the same authority as the administrative agency.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

SUBCHAPTER D. JUDICIAL REVIEW AND OTHER REMEDIES

Sec. 241.041. JUDICIAL REVIEW OF BOARD DECISION. (a) A person who is aggrieved or a taxpayer who is affected by a decision of a board of adjustment, or the governing body of a political subdivision or a joint airport zoning board that believes a decision of a board of adjustment is illegal, may present to a court of record a verified petition stating that the decision of the board of adjustment is illegal in whole or in part and specifying the grounds of the illegality. The petition must be presented within 10 days after the date the decision is filed in the board's office.

(b) On the presentation of the petition, the court may grant a writ of certiorari directed to the board of adjustment to review the board's decision. Granting of the writ does not stay the proceedings on the decision under appeal, but on application and after notice to the board the court may grant a restraining order if due cause is shown.

(c) The board's return must be verified and must concisely state any pertinent and material facts that show the grounds of the decision that is appealed. The board is not required to return the original documents on which the board acted but may return certified or sworn copies of the documents or parts of the documents as provided by the writ.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.042. TRIAL BY COURT. (a) The court, in an appeal from a decision of a board of adjustment as provided by Section 241.041, shall try and determine the case de novo on the basis of the facts adduced in the trial of the case in the court. The court shall independently rule on the facts and the law as in an ordinary civil suit.

(b) The court has exclusive jurisdiction to reverse or affirm, in whole or in part, or modify the decision that is appealed and, if necessary, may order further proceedings by the board.

(c) Costs may not be assessed against the board unless the court determines that the board acted with gross negligence, in bad faith, or with malice in making its decision.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.043. EFFECT OF HOLDING OF THE COURT. If the court holds that an airport zoning regulation, although generally reasonable, interferes with the use or enjoyment of a particular structure or parcel of land to such an extent that, or is so onerous in its application to a particular structure or parcel of land that, the application of the regulation constitutes a taking or deprivation of property in violation of the state or federal constitution, the holding does not affect the application of the regulation to any other structure or parcel of land.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.044. ADDITIONAL REMEDIES. (a) A political subdivision or joint airport zoning board adopting airport zoning regulations may bring an action in a court of competent jurisdiction to prevent, restrain, correct, or abate a violation of:

- (1) this chapter;
- (2) an airport zoning regulation adopted by the political subdivision or board; or
- (3) an order or ruling made in connection with the administration or enforcement of an airport zoning regulation adopted by the political subdivision or board.

(b) The court shall grant any relief, including an injunction which may be mandatory, as may be proper under all the facts and circumstances of the case to accomplish the purposes of this chapter and the regulations adopted and orders and rulings made under it.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

SUBCHAPTER Z. MISCELLANEOUS PROVISIONS

Sec. 241.901. CONFLICT OF AN AIRPORT HAZARD AREA ZONING REGULATION WITH ANOTHER REGULATION. (a) If an airport hazard area zoning regulation conflicts with any other regulation applicable to the same area, the more stringent limitation or requirement controls.

(b) Subsection (a) applies to any conflict with respect to the height of a structure or object of natural growth or any other matter.

(c) Subsection (a) applies to any regulation that conflicts with an airport hazard area zoning regulation whether the regulation was adopted by the political subdivision that adopted the airport zoning regulation or by another political subdivision.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.902. CONFLICT OF AN AIRPORT COMPATIBLE LAND USE ZONING REGULATION WITH ANOTHER REGULATION. (a) If an airport compatible land use zoning regulation conflicts with any other regulation applicable to the same area, the airport compatible land use zoning regulation controls.

(b) Subsection (a) applies to any conflict with respect to the use of land or any other matter.

(c) Subsection (a) applies to any regulation that conflicts with an airport compatible land use zoning regulation, whether the regulation was adopted by the political subdivision that adopted the airport compatible land use zoning regulation or by another political subdivision.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 241.903. ACQUISITION OF AIR RIGHTS OR OTHER PROPERTY. (a)

A political subdivision may acquire from a person or other political subdivision an air right, aviation easement, or other estate or interest in property or in a nonconforming structure or use if:

(1) the acquisition is necessary to accomplish the purposes of this chapter;

(2) the property or nonconforming structure or use is located within the political subdivision, the political subdivision owns the airport, or the political subdivision is served by the airport; and

(3)(A) the political subdivision desires to remove, lower, or terminate the nonconforming structure or use;

(B) airport zoning regulations are not sufficient to provide necessary approach protection because of constitutional limitations; or

(C) the acquisition of a property right is more advisable than an airport zoning regulation in providing necessary approach protection.

(b) An acquisition under this section may be by purchase, grant, or condemnation in the manner provided by Subchapter B, Chapter 21, Property Code.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

**CHAPTER 242. AUTHORITY OF MUNICIPALITY AND COUNTY TO REGULATE
SUBDIVISIONS IN AND OUTSIDE MUNICIPALITY'S EXTRATERRITORIAL
JURISDICTION**

Sec. 242.001. REGULATION OF SUBDIVISIONS IN EXTRATERRITORIAL JURISDICTION GENERALLY. (a) This section applies only to a county operating under Sections 232.001-232.005 or Subchapter B, C, or E, Chapter 232, and a municipality that has extraterritorial jurisdiction in that county. Subsections (b)-(g) do not apply:

(1) within a county that contains extraterritorial jurisdiction of a municipality with a population of 1.9 million or more;

(2) within a county within 50 miles of an international border, or to which Subchapter C, Chapter 232, applies; or

(3) to a tract of land subject to a development agreement under Subchapter G, Chapter 212, or other provisions of this code.

(b) For an area in a municipality's extraterritorial

jurisdiction, as defined by Section 212.001, a plat may not be filed with the county clerk without the approval of the governmental entity authorized under Subsection (c) or (d) to regulate subdivisions in the area.

(c) Except as provided by Subsections (d)(3) and (4), a municipality and a county may not both regulate subdivisions and approve related permits in the extraterritorial jurisdiction of a municipality after an agreement under Subsection (d) is executed. The municipality and the county shall enter into a written agreement that identifies the governmental entity authorized to regulate subdivision plats and approve related permits in the extraterritorial jurisdiction. For a municipality in existence on September 1, 2001, the municipality and county shall enter into a written agreement under this subsection on or before April 1, 2002. For a municipality incorporated after September 1, 2001, the municipality and county shall enter into a written agreement under this subsection not later than the 120th day after the date the municipality incorporates. On reaching an agreement, the municipality and county shall certify that the agreement complies with the requirements of this chapter. The municipality and the county shall adopt the agreement by order, ordinance, or resolution. The agreement must be amended by the municipality and the county if necessary to take into account an expansion or reduction in the extraterritorial jurisdiction of the municipality. The municipality shall notify the county of any expansion or reduction in the municipality's extraterritorial jurisdiction. Any expansion or reduction in the municipality's extraterritorial jurisdiction that affects property that is subject to a preliminary or final plat, a plat application, or an application for a related permit filed with the municipality or the county or that was previously approved under Section 212.009 or Chapter 232 does not affect any rights accrued under Chapter 245. The approval of the plat, any permit, a plat application, or an application for a related permit remains effective as provided by Chapter 245 regardless of the change in designation as extraterritorial jurisdiction of the municipality.

(d) An agreement under Subsection (c) may grant the authority to regulate subdivision plats and approve related permits in the extraterritorial jurisdiction of a municipality as follows:

(1) the municipality may be granted exclusive jurisdiction to regulate subdivision plats and approve related permits in the

extraterritorial jurisdiction and may regulate subdivisions under Subchapter A of Chapter 212 and other statutes applicable to municipalities;

(2) the county may be granted exclusive jurisdiction to regulate subdivision plats and approve related permits in the extraterritorial jurisdiction and may regulate subdivisions under Sections 232.001-232.005, Subchapter B or C, Chapter 232, and other statutes applicable to counties;

(3) the municipality and the county may apportion the area within the extraterritorial jurisdiction of the municipality with the municipality regulating subdivision plats and approving related permits in the area assigned to the municipality and the county regulating subdivision plats and approving related permits in the area assigned to the county; or

(4) the municipality and the county may enter into an interlocal agreement that:

(A) establishes one office that is authorized to:

(i) accept plat applications for tracts of land located in the extraterritorial jurisdiction;

(ii) collect municipal and county plat application fees in a lump-sum amount; and

(iii) provide applicants one response indicating approval or denial of the plat application; and

(B) establishes a single set of consolidated and consistent regulations related to plats, subdivision construction plans, and subdivisions of land as authorized by Chapter 212, Sections 232.001-232.005, Subchapters B and C, Chapter 232, and other statutes applicable to municipalities and counties that will be enforced in the extraterritorial jurisdiction.

(e) In an unincorporated area outside the extraterritorial jurisdiction of a municipality, the municipality may not regulate subdivisions or approve the filing of plats, except as provided by The Interlocal Cooperation Act, Chapter 791, Government Code.

(f) If a certified agreement between a county and municipality as required by Subsection (c) is not in effect on or before the applicable date prescribed by Section 242.0015(a), the municipality and the county must enter into arbitration as provided by Section 242.0015. If the arbitrator or arbitration panel, as applicable, has not reached a decision in the 60-day period as provided by Section 242.0015, the arbitrator or arbitration panel, as applicable, shall

issue an interim decision regarding the regulation of plats and subdivisions and approval of related permits in the extraterritorial jurisdiction of the municipality. The interim decision shall provide for a single set of regulations and authorize a single entity to regulate plats and subdivisions. The interim decision remains in effect only until the arbitrator or arbitration panel reaches a final decision.

(g) If a regulation or agreement adopted under this section relating to plats and subdivisions of land or subdivision development establishes a plan for future roads that conflicts with a proposal or plan for future roads adopted by a metropolitan planning organization, the proposal or plan of the metropolitan planning organization prevails.

(h) This subsection applies only to a county to which Subsections (b)-(g) do not apply, except that this subsection does not apply to a county subject to Section 242.002 or a county that has entered into an agreement under Section 242.003. For an area in a municipality's extraterritorial jurisdiction, as defined by Section 212.001, a plat may not be filed with the county clerk without the approval of both the municipality and the county. If a municipal regulation and a county regulation relating to plats and subdivisions of land conflict, the more stringent regulation prevails. However, if one governmental entity requires a plat to be filed for the subdivision of a particular tract of land in the extraterritorial jurisdiction of the municipality and the other governmental entity does not require the filing of a plat for that subdivision, the authority responsible for approving plats for the governmental entity that does not require the filing shall issue on request of the subdivider a written certification stating that a plat is not required to be filed for that subdivision of the land. The certification must be attached to a plat required to be filed under this subsection.

(i) Property subject to pending approval of a preliminary or final plat application filed after September 1, 2002, that is released from the extraterritorial jurisdiction of a municipality shall be subject only to county approval of the plat application and related permits and county regulation of that plat. This subsection does not apply to the simultaneous exchange of extraterritorial jurisdiction between two or more municipalities or an exchange of extraterritorial jurisdiction that is contingent on the subsequent

approval by the releasing municipality.

Sec. 242.0015. ARBITRATION REGARDING SUBDIVISION REGULATION AGREEMENT. (a) This section applies only to a county and a municipality that are required to make an agreement as described under Section 242.001(f). If a certified agreement between a county and a municipality with an extraterritorial jurisdiction that extends 3.5 miles or more from the corporate boundaries of the municipality is not in effect on or before January 1, 2004, the parties must arbitrate the disputed issues. If a certified agreement between a county and a municipality with an extraterritorial jurisdiction that extends less than 3.5 miles from the corporate boundaries of the municipality is not in effect on or before January 1, 2006, the parties must arbitrate the disputed issues. A party may not refuse to participate in arbitration requested under this section. An arbitration decision under this section is binding on the parties.

(b) The county and the municipality must agree on an individual to serve as arbitrator. If the county and the municipality cannot agree on an individual to serve as arbitrator, the county and the municipality shall each select an arbitrator and the arbitrators selected shall select a third arbitrator.

(c) The third arbitrator selected under Subsection (b) presides over the arbitration panel.

(d) Not later than the 30th day after the date the county and the municipality are required to have an agreement in effect under Section 242.001(f), the arbitrator or arbitration panel, as applicable, must be selected.

(e) The authority of the arbitrator or arbitration panel is

limited to issuing a decision relating only to the disputed issues between the county and the municipality regarding the authority of the county or municipality to regulate plats, subdivisions, or development plans.

(f) Each party is equally liable for the costs of an arbitration conducted under this section.

(g) The arbitrator or arbitration panel, as applicable, shall render a decision under this section not later than the 60th day after the date the arbitrator or arbitration panel is selected. If after a good faith effort the arbitrator or panel has not reached a decision as provided under this subsection, the arbitrator or panel shall continue to arbitrate the matter until the arbitrator or panel reaches a decision.

(h) A municipality and a county may not arbitrate the subdivision of an individual plat under this section.

Added by Acts 2003, 78th Leg., ch. 523, Sec. 5, eff. June 20, 2003.

Sec. 242.002. REGULATION OF SUBDIVISIONS IN POPULOUS COUNTIES OR CONTIGUOUS COUNTIES. (a) This section applies only to a county operating under Section 232.006.

(b) For an area in a municipality's extraterritorial jurisdiction, as defined by Section 212.001, a subdivision plat may not be filed with the county clerk without the approval of the municipality.

(c) In the extraterritorial jurisdiction of a municipality, the municipality has exclusive authority to regulate subdivisions under Subchapter A of Chapter 212 and other statutes applicable to municipalities.

(d) In an unincorporated area outside the extraterritorial jurisdiction of a municipality, the municipality may not regulate subdivisions or approve the filing of plats, except as provided by The Interlocal Cooperation Act (Article 4413(32c), Vernon's Texas Civil Statutes).

Sec. 242.003. AUTHORITY OF CERTAIN BORDER COUNTIES AND MUNICIPALITIES TO REGULATE SUBDIVISIONS IN EXTRATERRITORIAL JURISDICTION BY AGREEMENT. (a) This section applies only to a county having a population of more than 800,000 and located on the international border and a municipality that has extraterritorial jurisdiction, as defined by Section 212.001, in that county.

(b) A county and a municipality may enter into an agreement that identifies the governmental entity authorized to regulate subdivision plats and approve related permits in the extraterritorial jurisdiction of the municipality in a manner consistent with Section 242.001(d). The county and the municipality shall adopt the agreement by order, ordinance, or resolution.

(c) The agreement must be amended by the county and the municipality if necessary to take into account an expansion or reduction in the extraterritorial jurisdiction of the municipality. The municipality shall notify the county of any expansion or reduction in the municipality's extraterritorial jurisdiction. Any expansion or reduction in the municipality's extraterritorial jurisdiction that affects property that is subject to a preliminary or final plat, a plat application, or an application for a related permit filed with the municipality or the county or that was previously approved under Section 212.009 or Chapter 232 does not affect any rights accrued under Chapter 245. The approval of the plat, any permit, a plat application, or an application for a related permit remains effective as provided by Chapter 245 regardless of the change in designation as extraterritorial jurisdiction of the municipality.

(d) In an unincorporated area outside the extraterritorial jurisdiction of a municipality, the municipality may not regulate subdivisions or approve the filing of plats, except as provided by Chapter 791, Government Code.

Sec. 243.001. PURPOSE; EFFECT ON OTHER REGULATORY AUTHORITY.

(a) The legislature finds that the unrestricted operation of certain sexually oriented businesses may be detrimental to the public health, safety, and welfare by contributing to the decline of residential and business neighborhoods and the growth of criminal activity. The purpose of this chapter is to provide local governments a means of remedying this problem.

(b) This chapter does not diminish the authority of a local government to regulate sexually oriented businesses with regard to any matters.

(b) A regulation adopted under this chapter may not discriminate against a business on the basis of whether the business holds a license or permit under the Alcoholic Beverage Code or on the basis of whether it contains one or more coin-operated machines that are subject to regulation or taxation, or both, under Chapter 8, Title 132, Revised Statutes.

CHAPTER 245. ISSUANCE OF LOCAL PERMITS

Sec. 245.001. DEFINITIONS. In this chapter:

(1) "Permit" means a license, certificate, approval, registration, consent, permit, contract or other agreement for construction related to, or provision of, service from a water or wastewater utility owned, operated, or controlled by a regulatory agency, or other form of authorization required by law, rule, regulation, order, or ordinance that a person must obtain to perform an action or initiate, continue, or complete a project for which the permit is sought.

(2) "Political subdivision" means a political subdivision of the state, including a county, a school district, or a

municipality.

(3) "Project" means an endeavor over which a regulatory agency exerts its jurisdiction and for which one or more permits are required to initiate, continue, or complete the endeavor.

(4) "Regulatory agency" means the governing body of, or a bureau, department, division, board, commission, or other agency of, a political subdivision acting in its capacity of processing, approving, or issuing a permit.

Added by Acts 1999, 76th Leg., ch. 73, Sec. 2, eff. May 11, 1999.

Amended by:

Acts 2005, 79th Leg., Ch. 6 (S.B. 848), Sec. 1, eff. April 27, 2005.

Sec. 245.002. UNIFORMITY OF REQUIREMENTS. (a) Each regulatory agency shall consider the approval, disapproval, or conditional approval of an application for a permit solely on the basis of any orders, regulations, ordinances, rules, expiration dates, or other properly adopted requirements in effect at the time:

(1) the original application for the permit is filed for review for any purpose, including review for administrative completeness; or

(2) a plan for development of real property or plat application is filed with a regulatory agency.

(a-1) Rights to which a permit applicant is entitled under this chapter accrue on the filing of an original application or plan for development or plat application that gives the regulatory agency fair notice of the project and the nature of the permit sought. An application or plan is considered filed on the date the applicant delivers the application or plan to the regulatory agency or deposits the application or plan with the United States Postal Service by certified mail addressed to the regulatory agency. A certified mail receipt obtained by the applicant at the time of deposit is prima facie evidence of the date the application or plan was deposited with the United States Postal Service.

(b) If a series of permits is required for a project, the orders, regulations, ordinances, rules, expiration dates, or other properly adopted requirements in effect at the time the original application for the first permit in that series is filed shall be the

sole basis for consideration of all subsequent permits required for the completion of the project. All permits required for the project are considered to be a single series of permits. Preliminary plans and related subdivision plats, site plans, and all other development permits for land covered by the preliminary plans or subdivision plats are considered collectively to be one series of permits for a project.

(c) After an application for a project is filed, a regulatory agency may not shorten the duration of any permit required for the project.

(d) Notwithstanding any provision of this chapter to the contrary, a permit holder may take advantage of recorded subdivision plat notes, recorded restrictive covenants required by a regulatory agency, or a change to the laws, rules, regulations, or ordinances of a regulatory agency that enhance or protect the project, including changes that lengthen the effective life of the permit after the date the application for the permit was made, without forfeiting any rights under this chapter.

(e) A regulatory agency may provide that a permit application expires on or after the 45th day after the date the application is filed if:

(1) the applicant fails to provide documents or other information necessary to comply with the agency's technical requirements relating to the form and content of the permit application;

(2) the agency provides to the applicant not later than the 10th business day after the date the application is filed written notice of the failure that specifies the necessary documents or other information and the date the application will expire if the documents or other information is not provided; and

(3) the applicant fails to provide the specified documents or other information within the time provided in the notice.

(f) This chapter does not prohibit a regulatory agency from requiring compliance with technical requirements relating to the form and content of an application in effect at the time the application was filed even though the application is filed after the date an applicant accrues rights under Subsection (a-1).

(g) Notwithstanding Section 245.003, the change in law made to Subsection (a) and the addition of Subsections (a-1), (e), and (f) by S.B. No. 848, Acts of the 79th Legislature, Regular Session, 2005,

apply only to a project commenced on or after the effective date of that Act.

Added by Acts 1999, 76th Leg., ch. 73, Sec. 2, eff. May 11, 1999.

Amended by:

Acts 2005, 79th Leg., Ch. 6 (S.B. 848), Sec. 2, eff. April 27, 2005.

Sec. 245.003. APPLICABILITY OF CHAPTER. This chapter applies only to a project in progress on or commenced after September 1, 1997. For purposes of this chapter a project was in progress on September 1, 1997, if:

(1) before September 1, 1997:

(A) a regulatory agency approved or issued one or more permits for the project; or

(B) an application for a permit for the project was filed with a regulatory agency; and

(2) on or after September 1, 1997, a regulatory agency enacts, enforces, or otherwise imposes:

(A) an order, regulation, ordinance, or rule that in effect retroactively changes the duration of a permit for the project;

(B) a deadline for obtaining a permit required to continue or complete the project that was not enforced or did not apply to the project before September 1, 1997; or

(C) any requirement for the project that was not applicable to or enforced on the project before September 1, 1997.

Added by Acts 1999, 76th Leg., ch. 73, Sec. 2, eff. May 11, 1999.

Sec. 245.004. EXEMPTIONS. This chapter does not apply to:

(1) a permit that is at least two years old, is issued for the construction of a building or structure intended for human occupancy or habitation, and is issued under laws, ordinances, procedures, rules, or regulations adopting only:

(A) uniform building, fire, electrical, plumbing, or mechanical codes adopted by a recognized national code organization; or

SUBCHAPTER C. PROCEDURES

Sec. 252.041. NOTICE REQUIREMENT. (a) If the competitive sealed bidding requirement applies to the contract, notice of the time and place at which the bids will be publicly opened and read aloud must be published at least once a week for two consecutive weeks in a newspaper published in the municipality. The date of the first publication must be before the 14th day before the date set to publicly open the bids and read them aloud. If no newspaper is published in the municipality, the notice must be posted at the city hall for 14 days before the date set to publicly open the bids and read them aloud.

(b) If the competitive sealed proposals requirement applies to the contract, notice of the request for proposals must be given in the same manner as that prescribed by Subsection (a) for the notice for competitive sealed bids.

(c) If the contract is for the purchase of machinery for the construction or maintenance of roads or streets, the notice for bids and the order for purchase must include a general specification of the machinery desired.

(d) If the governing body of the municipality intends to issue time warrants for the payment of any part of the contract, the notice must include a statement of:

- (1) the governing body's intention;
- (2) the maximum amount of the proposed time warrant indebtedness;
- (3) the rate of interest the time warrants will bear; and
- (4) the maximum maturity date of the time warrants.

Sec. 252.0415. PROCEDURES FOR ELECTRONIC BIDS OR PROPOSALS.

(a) A municipality may receive bids or proposals under this chapter through electronic transmission if the governing body of the

municipality adopts rules to ensure the identification, security, and confidentiality of electronic bids or proposals and to ensure that the electronic bids or proposals remain effectively unopened until the proper time.

(b) Notwithstanding any other provision of this chapter, an electronic bid or proposal is not required to be sealed. A provision of this chapter that applies to a sealed bid or proposal applies to a bid or proposal received through electronic transmission in accordance with the rules adopted under Subsection (a).

Added by Acts 2001, 77th Leg., ch. 1063, Sec. 6, eff. Sept. 1, 2001.

Sec. 252.042. REQUESTS FOR PROPOSALS FOR CERTAIN PROCUREMENTS.

(a) Requests for proposals made under Section 252.021 must solicit quotations and must specify the relative importance of price and other evaluation factors.

(b) Discussions in accordance with the terms of a request for proposals and with regulations adopted by the governing body of the municipality may be conducted with offerors who submit proposals and who are determined to be reasonably qualified for the award of the contract. Offerors shall be treated fairly and equally with respect to any opportunity for discussion and revision of proposals. To obtain the best final offers, revisions may be permitted after submissions and before the award of the contract.

Sec. 252.043. AWARD OF CONTRACT. (a) If the competitive sealed bidding requirement applies to the contract for goods or services, the contract must be awarded to the lowest responsible bidder or to the bidder who provides goods or services at the best value for the municipality.

(b) In determining the best value for the municipality, the municipality may consider:

- (1) the purchase price;
- (2) the reputation of the bidder and of the bidder's goods or services;

- (3) the quality of the bidder's goods or services;
- (4) the extent to which the goods or services meet the municipality's needs;
- (5) the bidder's past relationship with the municipality;
- (6) the impact on the ability of the municipality to comply with laws and rules relating to contracting with historically underutilized businesses and nonprofit organizations employing persons with disabilities;
- (7) the total long-term cost to the municipality to acquire the bidder's goods or services; and
- (8) any relevant criteria specifically listed in the request for bids or proposals.

(b-1) In addition to the considerations provided by Subsection (b), a joint board described by Section 22.074(d), Transportation Code, that awards contracts in the manner provided by this chapter may consider, in determining the best value for the board, the impact on the ability of the board to comply with laws, rules, and programs relating to contracting with small businesses, as defined by 13 C.F.R. Section 121.201.

(c) Before awarding a contract under this section, a municipality must indicate in the bid specifications and requirements that the contract may be awarded either to the lowest responsible bidder or to the bidder who provides goods or services at the best value for the municipality.

(d) Except as provided by Subsection (d-1), the contract must be awarded to the lowest responsible bidder if the competitive sealed bidding requirement applies to the contract for construction of:

(1) highways, roads, streets, bridges, utilities, water supply projects, water plants, wastewater plants, water and wastewater distribution or conveyance facilities, wharves, docks, airport runways and taxiways, drainage projects, or related types of projects associated with civil engineering construction; or

(2) buildings or structures that are incidental to projects that are primarily civil engineering construction projects.

(d-1) A contract for construction of a project described by Subsection (d) that requires an expenditure of \$1.5 million or less may be awarded using the competitive sealed proposal procedure prescribed by Subchapter D, Chapter 2269, Government Code.

(e) If the competitive sealed bidding requirement applies to the contract for construction of a facility, as that term is defined

by Section 2269.001, Government Code, the contract must be awarded to the lowest responsible bidder or awarded under the method described by Chapter 2269, Government Code.

(f) The governing body may reject any and all bids.

(g) A bid that has been opened may not be changed for the purpose of correcting an error in the bid price. This chapter does not change the common law right of a bidder to withdraw a bid due to a material mistake in the bid.

(h) If the competitive sealed proposals requirement applies to the contract, the contract must be awarded to the responsible offeror whose proposal is determined to be the most advantageous to the municipality considering the relative importance of price and the other evaluation factors included in the request for proposals.

(i) This section does not apply to a contract for professional services, as that term is defined by Section 2254.002, Government Code.

Sec. 252.0435. SAFETY RECORD OF BIDDER CONSIDERED. In determining who is a responsible bidder, the governing body may take into account the safety record of the bidder, of the firm, corporation, partnership, or institution represented by the bidder, or of anyone acting for such a firm, corporation, partnership, or institution if:

- (1) the governing body has adopted a written definition and criteria for accurately determining the safety record of a bidder;
- (2) the governing body has given notice to prospective

bidders in the bid specifications that the safety record of a bidder may be considered in determining the responsibility of the bidder; and

- (3) the determinations are not arbitrary and capricious.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 58(b), eff. Aug. 28, 1989.

Sec. 252.0436. CONTRACT WITH PERSON INDEBTED TO MUNICIPALITY.

(a) A municipality by ordinance may establish regulations permitting the municipality to refuse to enter into a contract or other transaction with a person indebted to the municipality.

(b) It is not a violation of this chapter for a municipality, under regulations adopted under Subsection (a), to refuse to award a contract to or enter into a transaction with an apparent low bidder or successful proposer that is indebted to the municipality.

(c) In this section, "person" includes an individual, sole proprietorship, corporation, nonprofit corporation, partnership, joint venture, limited liability company, and any other entity that proposes or otherwise seeks to enter into a contract or other transaction with the municipality requiring approval by the governing body of the municipality.

Added by Acts 2003, 78th Leg., ch. 156, Sec. 1, eff. Sept. 1, 2003.

Sec. 252.044. CONTRACTOR'S BOND. (a) If the contract is for the construction of public works, the bidder to whom the contract is awarded must execute a good and sufficient bond. The bond must be:

- (1) in the full amount of the contract price;
- (2) conditioned that the contractor will faithfully perform the contract; and

- (3) executed, in accordance with Chapter 2253, Government Code, by a surety company authorized to do business in the state.

(b) Repealed by Acts 1993, 73rd Leg., ch. 865, Sec. 2, eff. Sept. 1, 1993.

(c) The governing body of a home-rule municipality by ordinance may adopt the provisions of this section and Chapter 2253, Government Code, relating to contractors' surety bonds, regardless of a conflicting provision in the municipality's charter.

Sec. 252.045. REFERENDUM ON ISSUANCE OF TIME WARRANTS. (a) If, by the time set for letting a contract under this chapter, a written petition with the required signatures is filed with the municipal secretary or clerk requesting the governing body of the municipality to order a referendum on the question of whether time warrants should be issued for an expenditure under the contract, the governing body may not authorize the expenditure or finally award the contract unless the question is approved by a majority of the votes received in the referendum. The petition must be signed by at least 10 percent of the qualified voters of the municipality whose names appear as property taxpayers on the municipality's most recently approved tax rolls.

(b) If a petition is not filed, the governing body may finally award the contract and issue the time warrants. In the absence of a petition, the governing body may, at its discretion, order the referendum.

(c) The provisions of Subtitles A and C, Title 9, Government Code, relating to elections for the issuance of municipal bonds and to the issuance, approval, registration, and sale of bonds govern the referendum and the time warrants to the extent those provisions are consistent with this chapter. However, the time warrants may mature over a term exceeding 40 years only if the governing body finds that the financial condition of the municipality will not permit payment of warrants issued for a term of 40 years or less from taxes that are imposed substantially uniformly during the term of the warrants.

(d) This section does not supersede any additional rights provided by the charter of a special-law municipality and relating to a referendum.

Sec. 252.046. CIRCUMSTANCES IN WHICH CURRENT FUNDS TO BE SET ASIDE. If an expenditure under the contract is payable by warrants

on current funds, the governing body of the municipality by order shall set aside an amount of current funds that will discharge the principal and interest of the warrants. Those funds may not be used for any other purpose, and the warrants must be discharged from those funds and may not be refunded.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 252.047. PAYMENT METHOD FOR CERTAIN CONTRACTS. If the contract is for the construction of public works or for the purchase of materials, equipment, and supplies, the municipality may let the contract on a lump-sum basis or unit price basis as the governing body of the municipality determines. If the contract is let on a unit price basis, the information furnished to bidders must specify the approximate quantity needed, based on the best available information, but payment to the contractor must be based on the actual quantity constructed or supplied.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 252.048. CHANGE ORDERS. (a) If changes in plans or specifications are necessary after the performance of the contract is begun or if it is necessary to decrease or increase the quantity of work to be performed or of materials, equipment, or supplies to be furnished, the governing body of the municipality may approve change orders making the changes.

(b) The total contract price may not be increased because of the changes unless additional money for increased costs is appropriated for that purpose from available funds or is provided for by the authorization of the issuance of time warrants.

(c) If a change order involves a decrease or an increase of \$50,000 or less, the governing body may grant general authority to an administrative official of the municipality to approve the change orders.

(c-1) If a change order for a public works contract in a municipality with a population of 300,000 or more involves a decrease or an increase of \$100,000 or less, or a lesser amount as provided by ordinance, the governing body of the municipality may grant general authority to an administrative official of the municipality to

approve the change order.

(d) The original contract price may not be increased under this section by more than 25 percent. The original contract price may not be decreased under this section by more than 25 percent without the consent of the contractor.

Sec. 252.049. CONFIDENTIALITY OF INFORMATION IN BIDS OR PROPOSALS. (a) Trade secrets and confidential information in competitive sealed bids are not open for public inspection.

(b) If provided in a request for proposals, proposals shall be opened in a manner that avoids disclosure of the contents to competing offerors and keeps the proposals secret during negotiations. All proposals are open for public inspection after the contract is awarded, but trade secrets and confidential information in the proposals are not open for public inspection.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 252.050. LEASE-PURCHASE OR INSTALLMENT PURCHASE OF REAL PROPERTY. (a) This section applies only to a lease-purchase or installment purchase of real property financed by the issuance of certificates of participation.

(b) The governing body of a municipality may not make an agreement under which the municipality is a lessee in a lease-purchase of real property or is a purchaser in an installment purchase of real property unless the governing body first obtains an

appraisal by a qualified appraiser who is not an employee of the municipality. The purchase price may not exceed the fair market value of the real property, as shown by the appraisal.

Added by Acts 1989, 71st Leg., 1st C.S., ch. 10, Sec. 2, eff. Oct. 18, 1989.

or

(2) a person who submitted a bid for a contract for which the competitive sealed bidding requirement applies, regardless of residency, if the contract is for the construction of public works.

An offense under this subsection is a Class B misdemeanor.

(b) A municipal officer or employee commits an offense if the officer or employee intentionally or knowingly violates Section

252.021, other than by conduct described by Subsection (a). An offense under this subsection is a Class B misdemeanor.

(b) For four years after the date of the final conviction, the removed officer or employee is ineligible:

(1) to be a candidate for or to be appointed or elected to a public office in this state;

(2) to be employed by the municipality with which the person served when the offense occurred; and

(3) to receive any compensation through a contract with that municipality.

CHAPTER 253. SALE OR LEASE OF PROPERTY BY MUNICIPALITIES

Sec. 253.001. SALE OF PARK LAND, MUNICIPAL BUILDING SITE, OR ABANDONED ROADWAY. (a) Except as provided by Subsection (b), the governing body of a municipality may sell and convey land or an interest in land that the municipality owns, holds, or claims as a public square, park, or site for the city hall or other municipal building or that is an abandoned part of a street or alley. A sale under this section may include the improvements on the property.

(b) Land owned, held, or claimed as a public square or park may not be sold unless the issue of the sale is submitted to the qualified voters of the municipality at an election and is approved by a majority of the votes received at the election; provided,

however, this provision shall not apply to the sale of land or right-of-way for drainage purposes to a district, county, or corporation acting on behalf of a county or district.

(c) To effect the sale, the governing body shall adopt an ordinance directing the municipality's mayor or city manager to execute the conveyance.

(d) The proceeds of the sale may be used only to acquire and improve property for the purposes for which the sold property was used. Failure to so use the proceeds, however, does not impair the title to the sold property acquired by a purchaser for a valuable consideration.

(6) the park is conveyed pursuant to an ordinance adopted by the governing body of the home-rule municipality, unless within 60

days from the date of the public hearing the governing body of the home-rule municipality is presented with a petition opposing the conveyance which contains the name, address, and date of signature of no less than 1,500 registered voters residing within the municipal limits of the municipality; then, the governing body of the home-rule municipality shall either deny the conveyance or shall approve the conveyance subject to the election required in Subsection (b); or

(k) A petition for the judicial review of the sale of park land

under Subsection (j) must be filed on or before the 30th day after the date the ordinance or resolution is adopted. A petition filed after the period prescribed by this subsection is barred.

In any other county, the board is composed of three judges of the district courts

in the county and two members of the commissioners court of the county unless the county has fewer than three district court judges, in which case the board is composed of one district court judge and one member of the commissioners court. If members of the board who are district judges must be selected, the selection is made by a majority vote of all the district judges in a county having more than one district judge. If members of the board who are members of the commissioners court must be selected, the selection is made by a majority vote of the commissioners court. The term of office of the county purchasing agent is two years.

(b) The board may remove the county purchasing agent from office.

(c) A person appointed under this section must execute a bond in the amount of \$5,000, payable to the county, conditioned that the individual will faithfully perform the duties of county purchasing agent.

(d) The county purchasing agent shall purchase all supplies, materials, and equipment required or used, and contract for all repairs to property used, by the county or a subdivision, officer, or employee of the county, except purchases and contracts required by law to be made on competitive bid. A person other than the county purchasing agent may not make the purchase of the supplies, materials, or equipment or make the contract for repairs.

(e) The county purchasing agent shall supervise all purchases made on competitive bid and shall see that all purchased supplies, materials, and equipment are delivered to the proper county officer or department in accordance with the purchase contract.

(f) A purchase made by the county purchasing agent shall be paid for by an electronic transfer, check, or warrant drawn by the county auditor on funds in the county treasury in the manner provided by law. The county auditor may not draw and the county treasurer may not honor an electronic transfer, check, or warrant for a purchase unless the purchase is made by the county purchasing agent or on competitive bid as provided by law.

(g) The county purchasing agent may cooperate with the purchasing agent of a municipality in the county to purchase any item in volume as may be necessary. The county treasurer shall honor an electronic transfer, check, or warrant drawn by the county auditor to reimburse the municipality's purchasing agent making the purchase for the county.

(h) The county purchasing agent is not required to make purchases for a municipal-county hospital or other joint undertaking of the municipality and county.

(i) On July 1 of each year, the county purchasing agent shall file with the county auditor and each of the members of the board that appoints the county purchasing agent an inventory of all the property on hand and belonging to the county and each subdivision, officer, and employee of the county. The county auditor shall carefully examine the inventory and make an accounting for all property purchased or previously inventoried and not appearing in the inventory.

(j) To prevent unnecessary purchases, the county purchasing agent, with the approval of the commissioners court, shall transfer county supplies, materials, and equipment from a subdivision, department, officer, or employee of the county that are not needed or used to another subdivision, department, officer, or employee requiring the supplies or materials or the use of the equipment. The county purchasing agent shall furnish to the county auditor a list of transferred supplies, materials, and equipment.

(k) The board that appoints the county purchasing agent shall set the salary of the agent in an amount not less than \$5,000 a year, payable in equal monthly installments or by any other distribution at the option of the county. A person who is authorized by the county purchasing agent to use a county purchasing card while making a county purchase is considered an assistant of the county purchasing agent to the extent the person complies with the rules and procedures prescribed for the use of county purchasing cards as adopted by the county purchasing agent under Subsection (o). The county purchasing agent and assistants may have any help, equipment, supplies, and traveling expenses that are approved and considered advisable by the board that appointed the agent.

(m) A person, including an officer, agent, or employee of a county or of a subdivision or department of a county, commits an offense if the person violates this section. An offense under this subsection is a misdemeanor punishable by a fine of not less than \$10 or more than \$100. Each act in violation of this section is a separate offense.

(n) This section applies to all purchases of supplies, materials, and equipment for the use of the county and its officers, including purchases made by officers paid out of fees of office or otherwise, regardless of whether the purchase contract is made by the commissioners court or any other officer authorized to bind the county by contract. An officer making a purchase out of fees of office in violation of this section may not deduct the amount of the purchase from the amount of any fees of office due the county.

(o) The county purchasing agent shall adopt the rules and procedures necessary to implement the agent's duties under this section subject to approval by the commissioners court. Notwithstanding Subsection (f) or other law, rules and procedures adopted under this subsection may include rules and procedures for persons to use county purchasing cards to pay for county purchases under the direction and supervision of the county purchasing agent. Procedures for use of purchasing cards may not avoid the competitive bidding requirements of this chapter or other requirements of county financial law.

(p) During each two-year term of office, a county purchasing agent shall complete not less than 25 hours in courses relating to the duties of the county purchasing agent. The courses must be:

- (1) accredited by a nationally recognized college or university;

Contracts for which payments will be made through certificates of obligation are governed by The Certificate of Obligation Act of 1971 (Subchapter C, Chapter 271).

(b-1) A county that complies with a method described by Chapter 2269, Government Code, as provided by Subsection (a)(3), to enter into a contract for which payment will be made through anticipation notes authorized by Chapter 1431, Government Code, may not issue anticipation notes for the payment of that contract in an amount that exceeds the lesser of:

(1) 20 percent of the county's budget for the fiscal year in which the county enters into the contract; or

(2) \$10 million.

(c) In applying the requirements established by Subsection (a), all separate, sequential, or component purchases of items ordered or purchased, with the intent of avoiding the requirements of this subchapter, from the same supplier by the same county officer, department, or institution are treated as if they are part of a single purchase and of a single contract. In applying this provision to the purchase of office supplies, separate purchases of supplies by an individual department are not considered to be part of a single purchase and single contract by the county if a specific intent to avoid the requirements of this subchapter is not present.

(b) If two responsible bidders submit the lowest and best bid, the commissioners court shall decide between the two by drawing lots in a manner prescribed by the county judge.

(1) notice of the proposed award; and

(2) an opportunity to appear before the commissioners court and present previously unconsidered evidence concerning the lower bid as best, which may include evidence of the bidder's responsibility.

(e) In determining the lowest and best bid for a contract for the purchase of road construction material, the commissioners court may consider the pickup and delivery locations of the bidders and the

cost to the county of delivering or hauling the material to be purchased. The commissioners court may award contracts for the purchase of road construction material to more than one bidder if each of the selected bidders submits the lowest and best bid for a particular location or type of material.

(f) Notwithstanding any other requirement of this section, the commissioners court may condition acceptance of a bid on compliance with a requirement for attendance at a mandatory pre-bid conference under Section 262.0256.

(g) If after the award the successful bidder fails to qualify for required bonds, or is otherwise unable to meet the requirements of the award, the commissioners court may award the contract to the next bidder in order of ranking as lowest and best bid.

(h) Before a contract is awarded, a bidder must give written notice to the officer authorized to open bids that the bidder intends to protest an award of the contract under Subsection (c). (1) the commissioners court has adopted a written definition and criteria for accurately determining the safety record of a bidder;

or successful proposer that is indebted to the county.

(c) In this section, "person" includes an individual, sole proprietorship, corporation, nonprofit corporation, partnership, joint venture, limited liability company, and any other entity that proposes or otherwise seeks to enter into a contract or other transaction with the county requiring approval by the commissioners court.

If before the date tentatively set for the authorization of the issuance of time warrants applying to a contract covered by this subchapter or if before that authorization a petition signed by at least five percent of the registered voters of the county is filed with the county clerk protesting the issuance of the time warrants, the county may not issue the time warrants unless the issuance is approved at an election ordered and conducted in the manner provided for county bond elections under Chapter 1251, Government Code.

(2) Upon a finding by the commissioners court that it is impractical to prepare detailed specifications for an item to support the award of a purchase contract, after a notification of such determination by the county official who makes purchases for the county, the county official who makes purchases for the county may use the multistep competitive proposal procedure provided by this section.

(3) Repealed by Acts 2011, 82nd Leg., R.S., Ch. 285, Sec. 24, eff. September 1, 2011.

(b) Quotations must be solicited through a request for proposals. (c) On the date specified in the notice, the county official shall open the proposals and, within seven days after that date, solicit by mailed request priced bids from the persons who submitted proposals and who qualified under the criteria stated in the first solicitation.

(d) Within 30 days after the date the unpriced proposals are opened under Subsection (c), the county official shall present the priced bids to the commissioners court. The award of the contract shall be made to the responsible offeror whose bid is determined to be the lowest and best evaluated offer resulting from negotiation. All proposals and bids that have been submitted shall be available and open for public inspection after the contract is awarded.

(e) As provided in the request for proposals and under rules adopted by the commissioners court, discussion may be conducted with responsible offerors who submit priced bids determined to be reasonably susceptible of being selected for award. (c) If provided in the request for proposals, proposals shall be opened so as to avoid disclosure of contents to competing offerors and kept secret during the process of negotiation. All proposals that have been submitted shall be available and open for public inspection after the contract is awarded, except for trade secrets and confidential information contained in the proposals and identified as such.

(d) A county in which a purchasing agent has been appointed under Section 262.011 or employed under Section 262.0115 may use the competitive proposal purchasing method authorized by this section for the purchase of insurance or high technology items. In addition, the method may be used to purchase other items when the county official

(e) As provided in the request for proposals and under rules adopted by the commissioners court, discussions may be conducted with responsible offerors who submit proposals determined to be reasonably susceptible of being selected for award. Offerors must be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals, and revisions may be permitted after submission and before award for the purpose of obtaining best and final offers.

(a) After award of a contract but before the contract is made, the county official who makes purchases for the county may negotiate a modification of the contract if the modification is in the best interests of the county and does not substantially change the scope of the contract or cause the contract amount to exceed the next lowest bid.

However, the original contract price may not be increased by more than 25 percent unless the change order is necessary to comply with a federal or state statute, rule, regulation, or judicial decision enacted, adopted, or rendered after the contract was made. A bid bond must be executed with a surety company authorized to do business in this state.

or the fulfillment of the purchase obligation to the county.

(b) The county may retain a broker of record selected under this section only on a fee basis paid by the county. CHAPTER 263. SALE OR LEASE OF PROPERTY BY COUNTIES
SUBCHAPTER A. GENERAL PROVISIONS FOR REAL PROPERTY

Sec. 263.001. SALE OR LEASE OF REAL PROPERTY. (a) The commissioners court of a county, by an order entered in its minutes, may appoint a commissioner to sell or lease real property owned by the county. The sale or lease must be made at a public auction held in accordance with this section unless this chapter provides otherwise.

(b) The appointed commissioner must publish notice of the auction before the 20th day before the date the auction is held. The notice must be published in English in a newspaper in the county in which the real property is located and in the county that owns the real property if not the same county. The notice must be published once a week for three consecutive weeks before the date the auction is held.

(c) If the real property is sold, a deed that is made on behalf of the county by the appointed commissioner in conformance with the order entered under Subsection (a) and that is properly acknowledged, proved, and recorded is sufficient to convey the county's interest in the property.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 263.002. ABANDONED SEAWALL OR HIGHWAY PROPERTY. (a) If abandoned seawall or highway right-of-way property is no longer needed for such a purpose, the county may sell or lease the property only according to the following priorities:

- (1) to an abutting or adjoining landowner;
- (2) to the person who originally granted the right-of-way to the county or the grantor's heirs or assigns;
- (3) exclusively for public use to the United States, this state, or a municipality within the municipal boundaries of which the property is located; or
- (4) at public auction in accordance with Section 263.001.

(b) A sale or lease to the public under this section is subject to any restrictions and prohibitions contained in the deed of

conveyance under which the county originally acquired title to the property.

(c) Before the commissioners court of the county sells or leases the property to an abutting or adjoining landowner or to the original grantor or the grantor's heirs or assigns, the commissioners court, in addition to notice published in accordance with Section 263.001, shall appoint an appraiser to determine the fair market value and fair lease value of the property to be sold or leased. The appraiser shall report those values to the commissioner appointed to sell or lease the property under Section 263.001. The appointed commissioner may not sell or lease the property for an amount that is less than the reported fair market value or fair lease value, as the case may be.

(d) Before the commissioner sells or leases the property, the commissioner shall report to the commissioners court the amount of the proposed purchase or lease price. The commissioners court shall determine whether an offer of sale, purchase, or lease is reasonable and shall accept or reject the offer. The commissioners court may reject any offer it determines to be unreasonable.

(e) In addition to the sale price, a purchaser of abandoned seawall or highway right-of-way property must pay all costs of conducting the sale, including the appraisal fee.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 263.003. SCHOOL LANDS. (a) The commissioners court of a county shall provide for the protection, preservation, and disposition of lands granted to the county for educational purposes.

(b) The commissioners court may dispose of land granted to the county for educational purposes only as provided by law.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 263.004. RESTRICTIONS, CONDITIONS, AND LIMITATIONS. (a) In a conveyance of real property, the commissioners court of a county may provide for restrictions, conditions, and limitations that it determines are necessary or proper.

(b) Each conveyance of abandoned seawall right-of-way property under Section 263.002 must contain a restriction that a structure may

not be placed within 50 feet, or a greater distance determined by the commissioners court, of the landward boundary of the seawall right-of-way retained by the county.

(c) In the order and notice required by Section 263.001, the commissioners court shall give a substantial statement of any restriction, condition, or limitation to which a conveyance is subject.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 263.005. USE BY PUBLIC UTILITY OR COMMON CARRIER. If, at the time real property, or an interest in real property, is sold, leased, or exchanged under this subchapter, a public utility or common carrier that has the right of eminent domain is using the property for right-of-way and easement purposes, the sale, lease, exchange, conveyance, and surrender of possession of the property or interest are subject to the right of and continued use by the public utility or common carrier.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 263.006. EXCHANGE OF REAL PROPERTY. (a) The commissioners court of a county, by an order entered in its minutes, may authorize the exchange of an interest in real property owned by the county for an interest in real property owned by an individual, private partnership or corporation, or other private entity, to be used for one or more public purposes for which a county otherwise may acquire land. The exchange transaction may include a partial cash payment.

(b) Except as provided by Subsection (d), before the commissioners court exchanges an interest in real property under this section, notice that the county will consider offers for an exchange of the interest in real property must be published in English in a newspaper of general circulation in the county in which the real property is located and in the county that owns the interest if not the same county. The notice must be published once a week for three consecutive weeks before the date of the exchange, with the date of the first publication being before the 20th day before the date of the exchange.

(c) The county shall obtain an appraisal of the fair market value of the interest in real property owned and being exchanged by the county, and the appraisal is conclusive for purposes of this section of the value so determined. An exchange may not be made under this section for a total consideration, including cash and interest in real property, that is less than the fair market value of the interest in real property being exchanged by the county. The commissioners court may reject any and all offers made under this section.

(d) An exchange of an interest in real property originally acquired by the county for street, right-of-way, or easement purposes as consideration for the acquisition of another interest in real property for street, right-of-way, or easement purposes is not subject to the notice requirements of Subsection (b) but is subject to the appraisal required by Subsection (c), whether or not the exchange transaction includes a partial cash payment.

(e) This section does not apply to the exchange of an interest in real property owned by a county for an interest in real property owned by the United States, this state, or a municipality or other political subdivision of this state.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 263.007. SALE OR LEASE OF REAL PROPERTY THROUGH SEALED-BID PROCEDURE. (a) The commissioners court of a county may adopt a procedure by which the county may sell or lease through a sealed-bid or sealed-proposal procedure any real property, including space in a building, owned by the county.

(b) The procedure must include a requirement that the county publish, before a sale or lease is made, a notice of its intent to sell or lease, as appropriate, the real property. The notice must:

(1) be published in a newspaper of general circulation in the county the commissioners court represents and, if the real property is located in another county, in a newspaper of general circulation in that other county;

(2) be published on two dates, with the date of the second publication occurring before the 14th day before the date the award of the sale or lease is made;

(3) include a description of the real property, including

its location; and

(4) include a description of the procedure by which sealed bids or sealed proposals for the sale or lease may be submitted.

(c) Before selling property under this section, the commissioners court shall:

(1) obtain an appraisal of the property's fair market value; and

(2) determine a minimum bid amount, based on the appraisal.

(d) Under the procedure, the commissioners court may reject any and all bids submitted.

(e)(1) The commissioners court of a county may lease real property owned or controlled by the county that was formerly owned or controlled by the Texas Department of Mental Health and Mental Retardation to a federal, state, or local government entity for any purpose or to a nonprofit organization that is exempt from federal taxation under Section 501(c)(3), Internal Revenue Code of 1986 (26 U.S.C. Section 501(c)(3)), to conduct health and human service activities or such other activities which the commissioners court finds to be in the public interest, without using the sealed-bid or sealed-proposal process described in Subsection (a) and without using any other competitive bidding process which would otherwise be required by law.

(2) The commissioners court of a county with a population of one million or more that contains two or more municipalities with a population of 250,000 or more may lease real property owned or controlled by the county to a for-profit entity to conduct health and human service activities which the commissioners court finds to be in the public interest, without using the sealed-bid or sealed-proposal process described in Subsection (a) and without using any other competitive bidding process which would otherwise be required by law.

(3) Except as provided by Subdivision (4), a commissioners court of a county that chooses to lease under this subsection shall declare its intent to do so through written notice posted in the same place and manner as the commissioners court posts its regular meeting agenda not later than 30 days prior to the beginning of the lease period. In setting the terms and conditions of the lease, including but not limited to the amount of the lease payment, the commissioners court may consider local business custom regarding leases and the reasonable market value of the leasehold, but the commissioners court is not bound thereby and may also consider the extent to which the

provision of services or the other activities to be performed by the lessee will benefit the public. This subsection does not limit the ability of a commissioners court to enter into interlocal agreements, contracts, or any other arrangement permitted by law.

(4) The 30-day posting period provided by Subdivision (3) does not apply to a lease under Subdivision (1) or (2) if:

(A) the duration of the lease is 95 days or less; and

(B) the lease is to provide short-term emergency disaster relief services to persons as a result of a disaster in the county or to evacuees from another area as a result of an emergency evacuation from that area.

(f) The procedure authorized by this section is an alternative procedure to the procedure authorized by Section 272.001.

(b) The commissioners court of a county may contract with a broker to sell or lease a tract of real property that is owned by the county.

(c) The commissioners court of a county may pay a fee if a broker produces a ready, willing, and able buyer or lessee to purchase or lease a tract of real property.

(d) If a contract made under Subsection (b) requires a broker to list the tract of real property for sale or lease for at least 30 days with a multiple-listing service used by other brokers in the county, the commissioners court on or after the 30th day after the date the property is listed may sell or lease the tract of real property to a ready, willing, and able buyer or lessee who is produced by any broker using the multiple-listing service and who submits the highest cash offer.

(e) The commissioners court may sell or lease a tract of real property under this section without complying with the requirements for conducting a public auction, including the requirements prescribed by Section 263.001.

Sec. 263.051. AIRPORT LAND. (a) The commissioners court of a county may lease to any person any land acquired, by a purchase or gift, by the county for an airport and may lease any facilities on that land, unless the lease is prohibited by the terms of the grant of the land to the county. The commissioners court shall determine the conditions of the lease.

(b) The commissioners court may make contracts relating to natural resources, including oil, gas, and other minerals, owned by the county by virtue of the ownership of airport land, including contracts for the exploration and development of those resources. The commissioners court may execute and deliver mineral deeds to or leases of all or part of the resources or rights to the resources. The commissioners court shall determine the terms of and consideration for the contract, which may include oil payments, gas payments, overriding royalties, and similar payments.

(c) For the maintenance, improvement, and operation of the airport and the facilities on the airport land, the commissioners court shall use:

(1) proceeds received from the lease of the surface of the airport land or the facilities on that land for airport purposes or purposes related to the operation of the airport; and

(d) If at the end of the fiscal year a part of the proceeds covered by Subsection (c) remains unspent, the commissioners court

may spend that amount for any lawful purpose.

(e) The commissioners court, for any lawful purpose, may spend:

(1) proceeds from the sale of minerals or mineral rights under airport land and proceeds from the execution of mineral leases, including cash bonuses, delay rentals, and royalties; and

(2) proceeds from the lease of the surface of airport land or facilities on that land for purposes other than airport purposes or purposes other than those relating to the operation of an airport.

Sec. 263.052. CERTAIN LAND, HOUSING, OR FACILITIES ACQUIRED FROM UNITED STATES. (a) A county may:

(1) lease or rent any land, housing, or facility acquired under Section 270.004;

(3) arrange or contract for the furnishing of services or facilities for, or in connection with, that land, housing, or facility or the occupants of that land, housing, or facility;

(4) sell or exchange all or part of that land or housing; and

(5) execute oil, gas, or mineral leases for all or part of that land.

(b) The commissioners court of the county shall determine the terms of an oil, gas, or mineral lease executed under this section and the consideration for the lease, which may include oil or gas payments, overriding royalties, and similar payments.

(c) The commissioners court may execute conveyances of minerals or mineral rights and may contract for the exploration and development of minerals under all or part of the land.

(b) The commissioners court of the county may sell land, buildings, facilities, or equipment for the purpose of making

The commissioners court may pay regular monthly bills for utilities, such as electricity, gas, and water, for the property leased or rented or for the services received.

(c) The commissioners court of the county may enter into any for-profit or other licensing agreement with a seller of wireless communications service that may include a license to collocate wireless communications technology on property owned by the county.

(d) If a majority of the commissioners court determines that the facilities and equipment are essential for the proper administration of county government, the commissioners court may pay for the facilities and equipment and for the regular monthly bills from the general fund of the county. The commissioners court must make the payment by warrant in the manner that payments for other obligations of the county are made.

(e) A construction project initiated for a purpose authorized by this section may be awarded only by a contract that provides for the payment of the prevailing wage for all mechanics, laborers, and others employed in the construction project. The commissioners court of Tarrant County shall set the prevailing wage, which must be the same prevailing wage set by the commissioners court of that county for all construction projects involving the expenditure of county funds.

(f) On or before the expiration of a contract made under this section, the facilities may be purchased by the county and paid for from its general fund if a majority of the commissioners court agrees that the purchase price is reasonable.

(b) Property conveyed under this section must be used for higher education purposes in the county that conveyed the property. If at any time after the date a conveyance of real property is executed under this section the real property is used for a purpose other than a higher education purpose, ownership of the property reverts to the county that conveyed the property.

(c) For a conveyance under this section to be effective, the commissioners court must authorize the conveyance by an order entered in its minutes. The order must:

(1) describe the property to be conveyed;

(2) state the consideration to be paid; and

(3) direct the county judge of the county to execute in the name of the county a conveyance to Texas A&I University Foundation, Inc., and to promptly make the conveyance on payment of the consideration to the appropriate officer of the county.

Sec. 263.151. DEFINITIONS. In this subchapter:

(1) "Salvage property" means personal property, other than items routinely discarded as waste, that because of use, time, accident, or any other cause is so worn, damaged, or obsolete that it has no value for the purpose for which it was originally intended.

(2) "Surplus property" means personal property that:

(A) is not salvage property or items routinely discarded as waste;

(B) is not currently needed by its owner;

(C) is not required for the owner's foreseeable needs;

and

(D) possesses some usefulness for the purpose for which it was intended.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 1, Sec. 61(b), eff. Aug. 28, 1989.

Sec. 263.152. DISPOSITION. (a) The commissioners court of a county may:

(1) periodically sell the county's surplus or salvage property by competitive bid or auction, except that competitive bidding or an auction is not necessary if the purchaser is another county or a political subdivision within the county that is selling the surplus or salvage property;

(2) offer the property as a trade-in for new property of the same general type if the commissioners court considers that action to be in the best interests of the county;

(3) order any of the property to be destroyed or otherwise disposed of as worthless if the commissioners court undertakes to sell that property under Subdivision (1) and is unable to do so because no bids are made;

(4) dispose of the property by donating it to a civic or charitable organization located in the county if the commissioners

court determines that:

(A) undertaking to sell the property under Subdivision (1) would likely result in no bids or a bid price that is less than the county's expenses required for the bid process;

(B) the donation serves a public purpose; and

(C) the organization will provide the county with adequate consideration, such as relieving the county of transportation or disposal expenses related to the property;

(5) transfer gambling equipment in the possession of the county following its forfeiture to the state to the Texas Building and Procurement Commission for sale under Section 2175.904, Government Code; or

(6) order any vehicle retired under a program designed to encourage the use of low-emission vehicles to be crushed and recycled, if practicable, without a competitive bid or auction.

(a-1) The commissioners court shall remit money received from the Texas Building and Procurement Commission from the sale of gambling equipment under Section 2175.904(c), Government Code, less administrative expenses incurred by the county in connection with the transfer and sale of the equipment, to the local law enforcement agency that originally seized the equipment.

(b) If the property is earth-moving, material-handling, road maintenance, or construction equipment, the commissioners court may exercise a repurchase option in a contract in disposing of property under Subsection (a)(1) or (a)(2). The repurchase price of equipment contained in a previously accepted purchase contract is considered a bid under Subsection (a)(1) or (a)(2).

(c) Disposal under Subsection (a)(3) may be accomplished through a recycling program under which the property is collected, separated, or processed and returned to use in the form of raw materials in the production of new products.

(b) The notice must be published on or after the 30th day but before the 10th day before the date of the sale.

(c) A county that contracts with an auctioneer licensed under Chapter 1802, Occupations Code, who uses an Internet auction site offering online bidding through the Internet to sell surplus or salvage property under this subchapter having an estimated value of not more than \$500 shall satisfy the notice requirement under this section by posting the property on the site for at least 10 days unless the property is sold before the 10th day.

SUBCHAPTER E. CONVEYANCE OF REAL PROPERTY FROM COUNTY TO UNITED STATES

Sec. 263.201. ACQUISITION AND CONVEYANCE OF LAND FOR WATER PROJECTS. (a) If a county that has a part of its boundary coincident with a part of the international boundary between the United States and Mexico, or that is contiguous to such a county, has made an agreement with the United States to acquire and, on request, convey to the United States, with or without monetary consideration, land or an interest in land desired by the United States to enable the United States or an establishment of the United States to carry out an act of the United States Congress in aid of navigation, irrigation, flood control, or improvement of water courses and to accomplish a purpose specified by Section 2204.101, Government Code, the commissioners court of the county may:

(1) on request by the United States through its proper

officer for the conveyance of land, or an interest in land, that is necessary for the construction, operation, or maintenance of the water project, acquire the land or interest in land by gift or purchase or by condemnation in accordance with Chapter 21, Property Code, for ultimate conveyance to the United States; and

(2) pay for the land or interest in land from special flood control funds or other available county funds.

(b) In a condemnation by the county, the county, after the award by the special commissioners appointed under Chapter 21, Property Code, may file a declaration of taking adopted by resolution of the commissioners court and signed by the county judge.

(c) The declaration of taking must contain:

(1) a declaration that the land or interest in land described in the original petition is taken for a public use and for ultimate conveyance to the United States;

(2) a description of the land sufficient for the identification of the land;

(3) a statement of the estate or interest in the land being taken;

(4) a statement of the public use to be made of the land;

(5) a plan showing the land being taken; and

(6) a statement of the amount of damages awarded by the special commissioners, or by the jury on appeal, for the taking of the land.

(d) When the commissioners court files the declaration of taking with the county clerk, deposits money in an amount equal to the amount of the award against the county with the county clerk subject to the order of the defendant, and pays any costs awarded against the county:

(1) the land is considered to be condemned and taken for the uses specified in the declaration;

(2) the title to the estate or interest in the land specified in the declaration vests in the county; and

(3) the right to just compensation vests in the person entitled to the compensation.

(e) When title passes, the commissioners court may immediately convey the land or interest in land to the United States.

(f) An appeal from an award of the special commissioners or the service of process by publication does not suspend the vesting of title in the county. On appeal the only issue is the amount of

damages due from the county to the owner of the land or interest in land for its taking.

(a) If a contract for the acquisition, including lease, of real or personal property retains to the governing body of a local government the continuing right to terminate at the expiration of each budget period of the local government during the term of the contract, is conditioned on a best efforts attempt by the governing body to obtain and appropriate funds for payment of the contract, or contains both the continuing right to terminate and the best efforts conditions, the contract is a commitment of the local government's current revenues only.

(b) In this section, "local government" means a municipality, county, school district, special purpose district or authority, or other political subdivision of this state.

Sec. 271.904. ENGINEERING OR ARCHITECTURAL SERVICES CONTRACTS: INDEMNIFICATION LIMITATIONS; DUTIES OF ENGINEER OR ARCHITECT. (a) A covenant or promise in, in connection with, or collateral to a contract for engineering or architectural services to which a governmental agency is a party is void and unenforceable if the covenant or promise provides that a licensed engineer or registered architect whose work product is the subject of the contract must indemnify or hold harmless the governmental agency against liability for damage, other than liability for damage to the extent that the damage is caused by or results from an act of negligence, intentional tort, intellectual property infringement, or failure to pay a subcontractor or supplier committed by the indemnitor or the

indemnitor's agent, consultant under contract, or another entity over which the indemnitor exercises control.

(b) Except as provided by Subsection (c), a covenant or promise in, in connection with, or collateral to a contract for engineering or architectural services to which a governmental agency is a party is void and unenforceable if the covenant or promise provides that a licensed engineer or registered architect whose work product is the subject of the contract must defend a party, including a third party, against a claim based wholly or partly on the negligence of, fault of, or breach of contract by the governmental agency, the agency's agent, the agency's employee, or other entity, excluding the engineer or architect or that person's agent, employee, or subconsultant, over which the governmental agency exercises control. A covenant or promise may provide for the reimbursement of a governmental agency's reasonable attorney's fees in proportion to the engineer's or architect's liability.

(c) Notwithstanding Subsection (b), a governmental agency may require in a contract for engineering or architectural services to which the governmental agency is a party that the engineer or architect name the governmental agency as an additional insured under the engineer's or architect's general liability insurance policy and provide any defense provided by the policy.

(d) A contract for engineering or architectural services to which a governmental agency is a party must require a licensed engineer or registered architect to perform services:

(1) with the professional skill and care ordinarily provided by competent engineers or architects practicing under the same or similar circumstances and professional license; and

(2) as expeditiously as is prudent considering the ordinary professional skill and care of a competent engineer or architect.

(e) In a contract for engineering or architectural services to which a governmental agency is a party, a provision establishing a different standard of care than a standard described by Subsection (d) is void and unenforceable. If a contract contains a void and unenforceable provision, the standard of care described by Subsection (d) applies.

(f) In this section, "governmental agency" has the meaning assigned by Section 271.003.

(g) Nothing in this section prohibits a governmental agency in a contract for engineering or architectural services to which the

governmental agency is a party from including and enforcing conditions that relate to the scope, fees, and schedule of a project in the contract.

(a) In this section, "local government" means a municipality, a county, or another political subdivision authorized under this title to purchase real property or personal property that is not affixed to real property. The term does not include a school district.

(b) In purchasing under this title any real property or personal property that is not affixed to real property, if a local government receives one or more bids from a bidder whose principal place of business is in the local government and whose bid is within three percent of the lowest bid price received by the local government from a bidder who is not a resident of the local government, the local government may enter into a contract with:

(1) the lowest bidder; or

(2) the bidder whose principal place of business is in the local government if the governing body of the local government determines, in writing, that the local bidder offers the local government the best combination of contract price and additional economic development opportunities for the local government created by the contract award, including the employment of residents of the local government and increased tax revenues to the local government.

(c) This section does not prohibit a local government from rejecting all bids.

(1) the lowest bidder; or

(2) the bidder whose principal place of business is in the municipality if the governing body of the municipality determines, in writing, that the local bidder offers the municipality the best combination of contract price and additional economic development opportunities for the municipality created by the contract award, including the employment of residents of the municipality and increased tax revenues to the municipality.

(b) A local government that uses the reverse auction procedure must include in the procedure a notice provision and other provisions necessary to produce a method of purchasing that is advantageous to the local government and fair to vendors.

(2) require that a vendor demonstrate that the vendor meets or exceeds any state or federal environmental standards, including voluntary standards, relating to air quality.

(d) The preference may be given only if the cost to the governmental agency for the goods or services would not exceed 105 percent of the cost of the goods or services provided by a vendor who does not meet the standards.

CHAPTER 272. SALE OR LEASE OF PROPERTY BY MUNICIPALITIES, COUNTIES, AND CERTAIN OTHER LOCAL GOVERNMENTS

Sec. 272.001. NOTICE OF SALE OR EXCHANGE OF LAND BY POLITICAL SUBDIVISION; EXCEPTIONS. (a) Except for the types of land and interests covered by Subsection (b), (g), (h), (i), (j), or (l), and except as provided by Section 253.008, before land owned by a political subdivision of the state may be sold or exchanged for other land, notice to the general public of the offer of the land for sale

or exchange must be published in a newspaper of general circulation in either the county in which the land is located or, if there is no such newspaper, in an adjoining county. The notice must include a description of the land, including its location, and the procedure by which sealed bids to purchase the land or offers to exchange the land may be submitted. The notice must be published on two separate dates and the sale or exchange may not be made until after the 14th day after the date of the second publication.

(b) The notice and bidding requirements of Subsection (a) do not apply to the types of land and real property interests described by this subsection and owned by a political subdivision. The land and those interests described by this subsection may not be conveyed, sold, or exchanged for less than the fair market value of the land or interest unless the conveyance, sale, or exchange is with one or more abutting property owners who own the underlying fee simple. The fair market value is determined by an appraisal obtained by the political subdivision that owns the land or interest or, in the case of land or an interest owned by a home-rule municipality, the fair market value may be determined by the price obtained by the municipality at a public auction for which notice to the general public is published in the manner described by Subsection (a). The notice of the auction must include, instead of the content required by Subsection (a), a description of the land, including its location, the date, time, and location of the auction, and the procedures to be followed at the auction. The appraisal or public auction price is conclusive of the fair market value of the land or interest, regardless of any contrary provision of a home-rule charter. This subsection applies to:

(1) narrow strips of land, or land that because of its shape, lack of access to public roads, or small area cannot be used independently under its current zoning or under applicable subdivision or other development control ordinances;

(2) streets or alleys, owned in fee or used by easement;

(3) land or a real property interest originally acquired for streets, rights-of-way, or easements that the political subdivision chooses to exchange for other land to be used for streets, rights-of-way, easements, or other public purposes, including transactions partly for cash;

(4) land that the political subdivision wants to have developed by contract with an independent foundation;

(5) a real property interest conveyed to a governmental

entity that has the power of eminent domain;

(6) a municipality's land that is located in a reinvestment zone designated as provided by law and that the municipality desires to have developed under a project plan adopted by the municipality for the zone; or

(7) a property interest owned by a defense base development authority established under Chapter 378, Local Government Code, as added by Chapter 1221, Acts of the 76th Legislature, Regular Session, 1999.

(c) The land or interests described by Subsections (b)(1) and (2) may be sold to:

(1) abutting property owners in the same subdivision if the land has been subdivided; or

(2) abutting property owners in proportion to their abutting ownership, and the division between owners must be made in an equitable manner.

(d) This section does not require the governing body of a political subdivision to accept any bid or offer or to complete a sale or exchange.

(e) This section does not apply to land in the permanent school fund that is authorized by legislation to be exchanged for other land of at least equal value.

(f) The fair market value of land, an easement, or other real property interest in exchange for land, an easement, or other real property interest as authorized by Subsection (b)(3) is conclusively determined by an appraisal obtained by the political subdivision. The cost of any streets, utilities, or other improvements constructed on the affected land or to be constructed by an entity other than the political subdivision on the affected land may be considered in determining that fair market value.

(g) A political subdivision may acquire or assemble land or real property interest, except by condemnation, and sell, exchange, or otherwise convey the land or interests to an entity for the development of low-income or moderate-income housing. The political subdivision shall determine the terms and conditions of the transactions so as to effectuate and maintain the public purpose. If conveyance of land under this subsection serves a public purpose, the land may be conveyed for less than its fair market value. In this subsection, "entity" means an individual, corporation, partnership, or other legal entity.

(h) A municipality having a population of 825,000 or less and owning land within 5,000 feet of where the shoreline of a lake would be if the lake were filled to its storage capacity may, without notice or the solicitation of bids, sell the land to the person leasing the land for the fair market value of the land as determined by a certified appraiser. While land described by this subsection is under lease, the municipality owning the land may not sell the land to any person other than the person leasing the land. To protect the public health, safety, or welfare and to ensure an adequate municipal water supply, property sold by the municipality under this subsection is not eligible for and the owner is not entitled to the exemption provided by Section 11.142(a), Water Code. The instrument conveying property under this subsection must include a provision stating that the exemption does not apply to the conveyance. In this subsection, "lake" means an inland body of standing water, including a reservoir formed by impounding the water of a river or creek but not including an impoundment of salt water or brackish water, that has a storage capacity of more than 10,000 acre-feet.

(i) A political subdivision that acquires land or a real property interest with funds received for economic development purposes from the community development block grant nonentitlement program authorized by Title I of the Housing and Community Development Act of 1974 (42 U.S.C. Section 5301 et seq.) may lease or convey the land or interest, without the solicitation of bids, to a private, for-profit entity or a nonprofit entity that is a party to a contract with the political subdivision if the land or interest will be used by the private, for-profit entity or the nonprofit entity in carrying out the purpose of the entity's grant or contract. The land or interest may be leased or conveyed without the solicitation of bids if the political subdivision adopts a resolution stating the conditions and circumstances for the lease or conveyance and the public purpose that will be achieved by the lease or conveyance.

(j) A political subdivision may donate, exchange, convey, sell, or lease land, improvements, or any other interest in real property to an institution of higher education, as that term is defined by Section 61.003, Education Code, to promote a public purpose related to higher education. The political subdivision shall determine the terms and conditions of the transaction so as to effectuate and maintain the public purpose. A political subdivision may donate, exchange, convey, sell, or lease the real property interest for less

than its fair market value and without complying with the notice and bidding requirements of Subsection (a).

(k) This section does not apply to sales or exchanges of land owned by a municipality operating a municipally owned electric or gas utility if the land is held or managed by the municipally owned utility, or by a division of the municipally owned electric or gas utility that constitutes the unbundled electric or gas operations of the utility, provided that the governing body of the municipally owned utility shall adopt a resolution stating the conditions and circumstances for the sale or exchange and the public purpose that will be achieved by the sale or exchange. For purposes of this subsection, "municipally owned utility" includes a river authority engaged in the generation, transmission, or distribution of electric energy to the public, and "unbundled" operations are those operations of the utility that have, in the discretion of the utility's governing body, been functionally separated.

(1) The notice and bidding requirements provided by Subsection (a) do not apply to a donation or sale made under this subsection. A political subdivision may donate or sell for less than fair market value a designated parcel of land or an interest in real property to another political subdivision if:

(1) the land or interest will be used by the political subdivision to which it is donated or sold in carrying out a purpose that benefits the public interest of the donating or selling political subdivision;

(2) the donation or sale of the land or interest is made under terms that effect and maintain the public purpose for which the donation or sale is made; and

(3) the title and right to possession of the land or interest revert to the donating or selling political subdivision if the acquiring political subdivision ceases to use the land or interest in carrying out the public purpose.

(b) On the request of the United States through its proper officers, an entity described by Subsection (a)(1) may convey with or without monetary consideration the title or an easement to the property to the United States or to another entity described by Subsection (a)(1) that has agreed by resolution of its governing body to acquire the property for conveyance to the United States.

(c) All rights conferred by law to the Port of Harlingen Authority to develop a navigation project and all improvements incidental, necessary, or convenient for that project are reserved for the authority. This section does not take away any right of the authority to dredge, widen, straighten, or otherwise improve the Arroyo-Colorado and all other lakes, bays, streams, or bodies of water within, or adjacent or appurtenant to, the boundaries of the authority as a navigation project or to construct turning basins, yacht basins, or port facilities.

SUBCHAPTER A. GENERAL PROVISIONS**

Sec. 283.001. STATE POLICY; PURPOSE. (a) It is the policy of this state to:

(1) encourage competition in the provision of telecommunications services;

(2) reduce the barriers to entry for providers of services so that the number and types of services offered by providers continue to increase through competition;

(3) ensure that providers of telecommunications services do not obtain a competitive advantage or disadvantage in their ability to obtain use of a public right-of-way within a municipality; and

(4) fairly reduce the uncertainty and litigation concerning franchise fees.

(b) It is also the policy of this state that municipalities:

(1) retain the authority to manage a public right-of-way within the municipality to ensure the health, safety, and welfare of the public; and

(2) receive from certificated telecommunications providers fair and reasonable compensation for the use of a public right-of-way within the municipality.

(c) The purpose of this chapter is to establish a uniform method for compensating municipalities for the use of a public right-of-way by certificated telecommunications providers that:

(1) is administratively simple for municipalities and telecommunications providers;

(2) is consistent with state and federal law;

(3) is competitively neutral;

(4) is nondiscriminatory;

(5) is consistent with the burdens on municipalities created by the incursion of certificated telecommunications providers into a public right-of-way; and

Sec. 283.003. COMMISSION REVIEW. (a) Not later than September 1, 2002, the commission shall determine whether changes in technology, facilities, or competitive or market conditions justify a modification in the commission-established categories of access lines or, if necessary, the adoption of a definition of "access line" provided by this section. The commission may not begin a review authorized by this section before March 1, 2002.

(b) As part of the proceeding described by Subsection (a), and as necessary after that proceeding, the commission by rule may modify the definition of "access line" and the categories of access lines as necessary to ensure competitive neutrality and nondiscriminatory application and to maintain consistent levels of compensation, as annually increased by growth in access lines and consumer price index, as applicable, to the municipalities.

(c) After September 1, 2002, the commission, on its own motion, shall make the determination required by this section at least once every three years.

Sec. 283.006. FEE REQUIREMENT FOR USE OF RIGHT-OF-WAY. (a) Notwithstanding any other law, a certificated telecommunications provider that does not use a public right-of-way within the municipality may not be required to pay franchise fees, right-of-way fees or any other fee or other compensation, other than a fee or compensation excluded from the "base amount" under Section 283.053(a), directly to the municipality to provide local exchange telephone service in the municipality.

(b) This section does not affect the number of access lines counted and reported to the commission under Section 283.055.

(c) The commission shall adopt rules to determine the method of payment and to ensure that access line fees are paid on a competitively neutral and non-discriminatory basis by certificated telecommunications providers that provide more access lines than they purchase from an underlying provider of resold services or unbundled network elements.

(c) Fees imposed under this chapter shall constitute "a municipal fee" or "municipal fees" within the meaning of the Utilities Code.

Added by Acts 1999, 76th Leg., ch. 840, Sec. 1, eff. Sept. 1, 1999.

(b) For purposes of determining the amount of a municipality's right-of-way fee under Section 283.055, the "base amount" for a municipality not described by another subsection is the total amount of revenue received by the municipality in franchise, license, permit, and application fees and in-kind services or facilities from certificated telecommunications providers in 1998 within the boundaries of the municipality, including all newly annexed areas. The base amount prescribed under this subsection shall include the municipal fee rate escalation provisions and the value of in-kind services or facilities received in 1998 in accordance with Subsection (f) specifically prescribed in applicable agreements or ordinances effective or adopted by January 12, 1999, unless the governing body of the municipality elects otherwise. However, that additional compensation may not become part of the base amount before it becomes effective under the existing franchise agreement or ordinance.

(c) The base amount for a municipality located in a county with a population of less than 25,000 or a municipality that either did not have an effective franchise agreement or ordinance on January 12, 1999, or was not in existence on that date shall be, at the election of the governing body of the municipality, equal to:

(1) an amount not greater than the statewide average fee per line for each category of access line of the certificated telecommunications provider with the greatest number of access lines

in that municipality, multiplied by the total number of access lines in each category located within the boundaries of the municipality on December 31, 1998, for a municipality in existence on that date, or on the date of incorporation for a municipality incorporated after that date;

(2) an amount not greater than the base amount determined for a similarly sized municipality in the same or an adjacent county in which the certificated telecommunications provider with the greatest number of access lines in the municipality is the same for each municipality; or

(3) the total amount of revenue received by the municipality in franchise, license, permit, and application fees from all certificated telecommunications providers in 1998.

(d) The base amount for a municipality that was involved in litigation relating to franchise fees with one or more certificated telecommunications providers during any part of 1998 and that, not later than December 1, 1999, repeals any ordinance subject to dispute in the litigation, voluntarily dismisses with prejudice any claims in the litigation for compensation, and agrees to waive any potential claim for compensation under any franchise agreement or ordinance expired or in existence on September 1, 1999, is equal to, at the municipality's election:

(1) an amount not to exceed the state average access line rate on a per category basis for the certificated telecommunications provider with the greatest number of access lines in that municipality multiplied by the total number of access lines located within the boundaries of the municipality on December 31, 1998, including any newly annexed areas; or

(2) an amount not to exceed 21 percent of the total sales and use tax revenue received by the municipality pursuant to Chapter 321, Tax Code. The amount does not include sales and use taxes collected under:

(A) Chapter 451, 452, 453, or 454, Transportation Code, for a mass transit authority;

(B) Chapter 504 or 505;

(C) Chapters 334 and 335, Local Government Code; or

(D) Chapters 321, 322, and 323, Tax Code, for a special district, including health service, crime control, hospital, and emergency service districts.

(e) A litigating municipality electing to dismiss with

prejudice its claims in the litigation and repealing any ordinance subject to dispute in the litigation does not, by making the election, waive any defenses it may have to claims by other parties to the litigation. A municipality in litigation relating to franchise fees with one or more certificated telecommunications providers during any part of 1998 that does not make an effective election under Subsection (d) shall be governed by Subsection (b).

(f) For the purpose of determining the base amount, in-kind services or facilities provided to municipalities under existing franchise agreements or ordinances by certificated telecommunications providers shall be valued at one percent of the total 1998 revenue from franchise, permit, license, and application fees paid to the municipality under all applicable telecommunications franchise agreements or ordinances, unless a municipality can establish before the commission that those services or facilities received by the municipality had a greater value in 1998.

Acts 2007, 80th Leg., R.S., Ch. 885 (H.B. [2278](#)), Sec. 3.18, eff. April 1, 2009.

Sec. 283.054. EXISTING FRANCHISE AGREEMENTS AND ORDINANCES.

(a) Except as otherwise provided by this chapter, this chapter does not affect the validity of a franchise agreement or ordinance with a certificated telecommunications provider executed before January 12, 1999. A municipality may continue to enforce a franchise agreement or ordinance and to collect franchise fees and other charges under that franchise agreement or ordinance until the date on which the agreement or ordinance expires by its own terms or is terminated in accordance with the terms of this section. A provider may elect to terminate a franchise agreement or obligations under an existing ordinance as of the effective date of the right-of-way fee rates adopted in accordance with the commission's rules adopted under this chapter. A provider terminating a franchise agreement or obligations under an existing ordinance under this section shall become governed by this chapter on the date of termination. A termination under this subsection does not affect the calculation of the municipality's base amount under Section 283.053. A certificated telecommunications

provider electing to terminate an existing franchise agreement or obligations under an ordinance under this section shall provide notice to the commission and the affected municipality not later than December 1, 1999.

(b) If a franchise agreement or obligations under an ordinance in a municipality expire or are terminated under Subsection (a) before the commission has determined the amounts to be paid to a municipality, the affected certificated telecommunications providers operating in the municipality shall continue paying at the rates required under the terms of the expired agreement or ordinance until the commission's determination and the certificated telecommunications provider's implementation of appropriate rates under this chapter.

(c) During the period in which a franchise agreement or ordinance described by Subsection (a) is in effect, a certificated telecommunications provider not subject to an existing franchise agreement or ordinance that wants to construct facilities to offer telecommunications services in the municipality shall pay right-of-way fees that are competitively neutral and non-discriminatory, consistent with the charges of the most recent agreement or ordinance between the municipality and the certificated telecommunications provider serving the largest number of access lines within the municipality. The provider shall pay those fees for the duration of that agreement or ordinance or until the right-of-way fees established by commission rule take effect. If the existing franchise agreement or ordinance contains a provision requiring in-kind services or facilities, the certificated telecommunications provider not subject to an existing franchise agreement or ordinance shall pay an amount equal to an additional one percent of its total fees under the applicable agreement or ordinance in lieu of any in-kind services or facilities, if any, that otherwise are required under the terms of the existing franchise agreement or ordinance. However, the municipality may not require a certificated telecommunications provider to provide any services or facilities without compensation or at below-market rates for the right to use a public right-of-way or to provide telecommunications services in the municipality. On request of the certificated telecommunications provider not subject to an existing franchise agreement or ordinance, the commission shall convert the compensation under the existing franchise agreement or ordinance to a fee per access line on a

competitively neutral and non-discriminatory basis, and the certificated telecommunications provider may elect to pay the municipality on a fee per access line basis rather than the manner of compensation provided under the existing franchise agreement or ordinance.

Added by Acts 1999, 76th Leg., ch. 840, Sec. 1, eff. Sept. 1, 1999.

Sec. 283.055. DETERMINATION OF FEES BY COMMISSION. (a) Not later than November 1, 1999, the commission shall establish not more than three categories of access lines for statewide use.

(b) Not later than March 1, 2000, the commission shall establish:

- (1) for each municipality, rates per access line by category for the use of the rights-of-way in that municipality; and
- (2) the statewide average of those rates per access line by category for each certificated telecommunications provider, if necessary.

(c) The rates when applied to the total number of access lines by category in the municipality shall be equal to the base amount.

(d) Not later than December 1, 1999, a municipality that wants to effect an allocation of the base amount over specific access line categories to be assessed rates shall notify the commission of the desired allocation. The commission shall establish an allocation of the base amount over the categories of access lines if a municipality does not file its proposed allocation by December 1, 1999. A municipality may request a modification of the commission's allocation not more than once every 24 months by notifying the commission and all affected certificated telecommunications providers in September of that year that the municipality wants to change the allocation for the next calendar year. A municipality's allocation shall be implemented unless, on complaint by an affected certificated telecommunications provider, the commission determines that the allocation is not just and reasonable, is not competitively neutral, or is discriminatory.

(e) Rates imposed under this section and the allocation among certificated telecommunications providers must be exercised in a competitively neutral manner, may not unduly impair competition, must be non-discriminatory, and must comply with state and federal law.

The commission shall determine the applicable rates for each municipality for each category, taking into account the allocation under Subsection (d) and the type, use, and function of access lines.

(f) Certificated telecommunications providers shall pay to the municipality a quarterly amount calculated monthly based on the access line rates established by the commission under this section and the number of access lines as reflected in the reports filed under Subsection (j). The providers shall make the quarterly payment not later than 45 days after the end of the quarter.

(g) Beginning 24 months after the date the commission establishes rates per access line, the commission shall annually adjust the rates per access line for each municipality by an amount equal to one-half the annual change, if any, in the consumer price index. At that time, the commission shall provide each certificated telecommunications provider and municipality with the adjusted monthly rates for each category of access line.

(h) On an annual basis, an affected municipality may provide notice to the commission to decline all or any portion of any increase in the per category access line rates.

(i) A certificated telecommunications provider may not be required to remit a right-of-way fee to a municipality on those access lines that have been resold, leased, or otherwise provided to another certificated telecommunications provider, if the underlying certificated telecommunications provider supplying those services or facilities has been furnished with adequate proof that the provider of services to the end-use customer will directly remit to the municipality a right-of-way fee based on those access lines.

(j) On a quarterly basis, each certificated telecommunications provider shall file a report with the commission that shows the number of access lines, including access lines by category, that the provider has within each municipality at the end of each month of the quarter. The provider shall include with the report a certified statement from an authorized officer or duly authorized representative of the provider stating that the information contained in the report is true and correct to the best of the officer's or representative's knowledge and belief after inquiry. On request and subject to the confidentiality protections of Section 283.005, each certificated telecommunications provider shall provide each affected municipality with a copy of the report required by this subsection.

(k) On request of the commission and to the extent available,

the report required by Subsection (j) shall specifically identify access lines that are provided by means of resold services or unbundled facilities to another certificated telecommunications provider who is not an end-use customer and the identity of the certificated telecommunications providers obtaining the resold services or unbundled facilities to provide services to end-use customers. A provider may not include in its monthly count of access lines and is not required to remit a right-of-way fee to the municipality on access lines that are resold, leased, or otherwise provided to another certificated telecommunications provider if the provider receives adequate proof that the provider leasing or purchasing the access lines will include the access lines in its monthly count and remit payment on those access lines to the municipality.

(l) The commission may use a report required under Subsection (j) only to verify the number of access lines that serve premises within the municipality.

(m) Notwithstanding any other provision of this chapter, payment by a certificated telecommunications provider that complies with the terms of an unexpired franchise agreement or right-of-way ordinance that applies to the provider satisfies the payment attributable to the provider required by this chapter.

(n) A municipality may not demand or require from a certificated telecommunications provider services, facilities, or goods without compensation or at below-market rates.

(o) A certificated telecommunications provider shall, to the extent required, implement commission established access line rates not later than the 90th day after the date the commission establishes the access line rates under this chapter.

Added by Acts 1999, 76th Leg., ch. 840, Sec. 1, eff. Sept. 1, 1999.

Sec. 283.056. MUNICIPAL AUTHORIZATIONS; PROHIBITION ON OTHER FEES AND CHARGES. (a) A municipality may not require a certificated telecommunications provider to:

(1) pay any compensation other than the fee authorized by Section 283.055, including an application, permit, excavation, or inspection fee, for the right to use a public right-of-way to provide telecommunications services in the municipality; or

(2) provide any services or facilities for the right to use a public right-of-way or to provide telecommunications services in the municipality.

(b) Notwithstanding any other law or any other provision of this chapter, a municipality may require the issuance of a construction permit without cost to a certificated telecommunications provider locating facilities in or on public rights-of-way within the municipality. The terms of the permit shall be consistent with construction permits issued to other persons excavating in a public right-of-way.

(c) A municipality may exercise those police power-based regulations in the management of a public right-of-way that apply to all persons within the municipality. A municipality may exercise police power-based regulations in the management of the activities of certificated telecommunications providers within a public right-of-way only to the extent that they are reasonably necessary to protect the health, safety, and welfare of the public. Police power-based regulation of certificated telecommunications providers may not include activities that are governed by this chapter or are within the sole business discretion of the certificated telecommunications provider. In addition, any police power-based regulation must be competitively neutral and may not be unreasonable or discriminatory. A municipality specifically may not impose regulations on certificated telecommunications providers that are not authorized by this chapter, including:

(1) requirements that particular business offices be located in the municipality;

(2) requirements for filing reports and documents with the municipality that are not required by state law to be filed with the municipality and that are not related to the use of a public right-of-way;

(3) inspection of a provider's business records except to the extent necessary to conduct an authorized review of the provider to ensure compliance with the access line reporting requirements of this chapter if commenced within 90 days after the filing of a certificated telecommunications provider's report of access lines; and

(4) approval of transfers of ownership or control of a provider's business, except that a municipality may require that a provider maintain current point of contact information and provide

notice of a transfer within a reasonable time.

(d) In the exercise of its lawful regulatory authority, a municipality shall promptly process each valid and administratively complete application of a certificated telecommunications provider for any permit, license, or consent to excavate, set poles, locate lines, construct facilities, make repairs, affect traffic flow, obtain zoning or subdivision regulation approvals, or for other similar approvals, and shall make every reasonable effort to not delay or unduly burden that provider in the timely conduct of its business.

(e) If there is an emergency necessitating response work or repair, a certificated telecommunications provider may begin that repair or emergency response work or take any action required under the circumstances, provided that the certificated telecommunications provider notifies the affected municipality as promptly as possible after beginning the work and later acquires any approval required by a municipal ordinance applicable to emergency response work.

(f) The compensation paid under this chapter is in lieu of any permit, license, approval, inspection, or other similar fee or charge, including all general business license fees customarily assessed by a municipality for the use of a public right-of-way against persons operating telecommunications-related businesses. The compensation paid under this chapter constitutes full compensation to a municipality for all of a certificated telecommunications provider's facilities located within a public right-of-way, including interoffice transport and other transmission media that do not terminate at an end-use customer's premises, even though those types of lines are not used in the calculation of the compensation. This chapter may not be construed to affect the ad valorem taxation of a certificated telecommunications provider's facilities or to permit the ad valorem taxation of a certificated telecommunication provider's occupancy of a public right-of-way.

Added by Acts 1999, 76th Leg., ch. 840, Sec. 1, eff. Sept. 1, 1999.

Sec. 283.057. INDEMNITY. (a) Certificated telecommunications providers shall indemnify and hold the municipality and its officers and employees harmless against any and all claims, lawsuits, judgments, costs, liens, losses, expenses, fees (including reasonable

attorney's fees and costs of defense), proceedings, actions, demands, causes of action, liability, and suits of any kind and nature, including personal or bodily injury (including death), property damage, or other harm for which recovery of damages is sought that is found by a court of competent jurisdiction to be caused solely by the negligent act, error, or omission of the certificated telecommunications provider, any agent, officer, director, representative, employee, affiliate, or subcontractor of the certificated telecommunications provider, or their respective officers, agents, employees, directors, or representatives, while installing, repairing, or maintaining facilities in a public right-of-way. The indemnity provided by this subsection does not apply to any liability resulting from the negligence of the municipality, its officers, employees, contractors, or subcontractors. If a certificated telecommunications provider and the municipality are found jointly liable by a court of competent jurisdiction, liability shall be apportioned comparatively in accordance with the laws of this state without, however, waiving any governmental immunity available to the municipality under state law and without waiving any defenses of the parties under state law. This section is solely for the benefit of the municipality and certificated telecommunications provider and does not create or grant any rights, contractual or otherwise, to any other person or entity.

(b) A certificated telecommunications provider or municipality shall promptly advise the other in writing of any known claim or demand against the certificated telecommunications provider or the municipality related to or arising out of the certificated telecommunications provider's activities in a public right-of-way.

(c) Municipalities with franchise agreements or ordinances applicable to certificated telecommunications providers in effect under a general-use ordinance adopted before January 12, 1999, and after July 1, 1998, and having 1.3 million access lines or more within the municipality on September 1, 1999, may continue to enforce the indemnity provision contained in those franchise agreements or ordinances until the earlier of the date the franchise agreements or ordinances expire or December 31, 2003. A certificated telecommunications provider providing access lines in a municipality described by this subsection is also subject to the indemnity provided by this section.

Added by Acts 1999, 76th Leg., ch. 840, Sec. 1, eff. Sept. 1, 1999.

Sec. 283.058. ADDITIONAL COMMISSION JURISDICTION. The commission shall have the jurisdiction over municipalities and certificated telecommunications providers necessary to enforce this chapter and to ensure that all other legal requirements are enforced in a competitively neutral, non-discriminatory, and reasonable manner.

Added by Acts 1999, 76th Leg., ch. 840, Sec. 1, eff. Sept. 1, 1999.

CHAPTER 284. DEPLOYMENT OF NETWORK NODES IN PUBLIC RIGHT-OF-WAY
SUBCHAPTER A. GENERAL PROVISIONS

Sec. 284.001. FINDINGS AND POLICY. (a) The legislature finds that:

(1) network nodes are instrumental to increasing access to advanced technology and information for the citizens of this state and thereby further an important public policy of having reliable wireless networks and services;

(2) this state has delegated to each municipality the fiduciary duty, as a trustee, to manage the public right-of-way for the health, safety, and welfare of the public, subject to state law;

(3) network nodes often may be deployed most effectively in the public right-of-way;

(4) network providers' access to the public right-of-way and the ability to attach network nodes to poles and structures in the public right-of-way allow network providers to densify their networks and provide next-generation services;

(5) expeditious processes and reasonable and nondiscriminatory terms, conditions, and compensation for use of the public right-of-way for network node deployments are essential to state-of-the-art wireless services and thereby further an important public policy of having reliable wireless networks and services;

(6) network nodes help ensure that this state remains competitive in the global economy;

(7) the timely permitting of network nodes in the public right-of-way is a matter of statewide concern and interest;

(8) requirements of this chapter regarding fees, charges,

rates, and public right-of-way management, when considered with fees charged to other public right-of-way users under this code, are fair and reasonable and in compliance with 47 U.S.C. Section 253;

(9) to the extent this state has delegated its fiduciary responsibility to municipalities as managers of a valuable public asset, the public right-of-way, this state is acting in its role as a landowner in balancing the needs of the public and the needs of the network providers by allowing access to the public right-of-way to place network nodes in the public right-of-way strictly within the terms of this chapter; and

(10) as to each municipality, including home-rule municipalities, this state has determined that it is reasonable and necessary to allow access to the public right-of-way for the purposes of deploying network nodes to protect and safeguard the health, safety, and welfare of the public as provided by this chapter.

(b) In order to safeguard the health, safety, and welfare of the public, it is the policy of this state to promote the adoption of and encourage competition in the provision of wireless services by reducing the barriers to entry for providers of services so that the number and types of services offered by providers continue to increase through competition.

(c) It is the policy of this state, subject to state law and strictly within the requirements and limitations prescribed by this chapter, that municipalities:

(1) retain the authority to manage the public right-of-way to ensure the health, safety, and welfare of the public; and

(2) receive from network providers fair and reasonable compensation for use of the public right-of-way and for collocation on poles.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. [1004](#)), Sec. 1, eff. September 1, 2017.

SUBCHAPTER B. USE OF PUBLIC RIGHT-OF-WAY

Sec. 284.051. **APPLICABILITY OF SUBCHAPTER.** This subchapter applies only to activities related to transport facilities for network nodes, activities of a network provider collocating network nodes in the public right-of-way or installing, constructing, operating, modifying, replacing, and maintaining node support poles in a public right-of-way, and municipal authority in relation to those activities.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

Sec. 284.052. **EXCLUSIVE USE PROHIBITED.** A municipality may not enter into an exclusive arrangement with any person for use of the public right-of-way for the construction, operation, marketing, or maintenance of network nodes or node support poles.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

Sec. 284.053. **ANNUAL PUBLIC RIGHT-OF-WAY RATE.** (a) A public right-of-way rate for use of the public right-of-way may not exceed an annual amount equal to \$250 multiplied by the number of network nodes installed in the public right-of-way in the municipality's corporate boundaries.

(b) At the municipality's discretion, the municipality may charge a network provider a lower rate or fee if the lower rate or fee is:

- (1) nondiscriminatory;
- (2) related to the use of the public right-of-way; and
- (3) not a prohibited gift of public property.

Sec. 284.054. PUBLIC RIGHT-OF-WAY RATE ADJUSTMENT. (a) In this section, "consumer price index" means the annual revised Consumer Price Index for All Urban Consumers for Texas, as published by the federal Bureau of Labor Statistics.

(b) A municipality may adjust the amount of the public right-of-way rate not more often than annually by an amount equal to one-half the annual change, if any, in the consumer price index. The municipality shall provide written notice to each network provider of the new rate, and the rate shall apply to the first payment due to the municipality on or after the 60th day following that notice.

(a) A network provider that wants to connect a network node to the network using the public right-of-way may:

(1) install its own transport facilities subject to Subsection (b); or

(2) obtain transport service from a person that is paying municipal fees to occupy the public right-of-way that are the equivalent of not less than \$28 per node per month.

(b) A network provider may not install its own transport facilities unless the provider:

(1) has a permit to use the public right-of-way; and

(2) pays to the municipality a monthly public right-of-way rate for transport facilities in an amount equal to \$28 multiplied by the number of the network provider's network nodes located in the public right-of-way for which the installed transport facilities provide backhaul unless or until the time the network provider's payment of municipal fees to the municipality exceeds its monthly aggregate per-node compensation to the municipality.

(c) A public right-of-way rate required by Subsection (b) is in addition to any public right-of-way rate required by Section 284.053.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

SUBCHAPTER C. ACCESS AND APPROVALS

Sec. 284.101. RIGHT OF ACCESS TO PUBLIC RIGHT-OF-WAY. (a) Except as specifically provided by this chapter, and subject to the requirements of this chapter and the approval of a permit application, if required, a network provider is authorized, as a permitted use, without need for a special use permit or similar zoning review and not subject to further land use approval, to do the following in the public right-of-way:

(1) construct, modify, maintain, operate, relocate, and remove a network node or node support pole;

(2) modify or replace a utility pole or node support pole;
and

(3) collocate on a pole, subject to an agreement with the municipality that does not conflict with this chapter.

(b) A network provider taking an action authorized by Subsection (a) is subject to applicable codes, including applicable public right-of-way management ordinances.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

Sec. 284.102. GENERAL CONSTRUCTION AND MAINTENANCE REQUIREMENTS. A network provider shall construct and maintain network nodes and node support poles described by Section 284.101 in a manner that does not:

- (1) obstruct, impede, or hinder the usual travel or public safety on a public right-of-way;
- (2) obstruct the legal use of a public right-of-way by other utility providers;
- (3) violate nondiscriminatory applicable codes;
- (4) violate or conflict with the municipality's publicly disclosed public right-of-way design specifications; or
- (5) violate the federal Americans with Disabilities Act of 1990 (42 U.S.C. Section 12101 et seq.).

Sec. 284.103. GENERAL LIMITATION ON PLACEMENT OF POLES. A network provider shall ensure that each new, modified, or replacement utility pole or node support pole installed in a public right-of-way in relation to which the network provider received approval of a permit application does not exceed the lesser of:

- (1) 10 feet in height above the tallest existing utility pole located within 500 linear feet of the new pole in the same public right-of-way; or
- (2) 55 feet above ground level.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

Sec. 284.104. INSTALLATION IN MUNICIPAL PARKS AND RESIDENTIAL AREAS. (a) A network provider may not install a new node support pole in a public right-of-way without the municipality's discretionary, nondiscriminatory, and written consent if the public right-of-way is in a municipal park or is adjacent to a street or

thoroughfare that is:

- (1) not more than 50 feet wide; and
- (2) adjacent to single-family residential lots or other multifamily residences or undeveloped land that is designated for residential use by zoning or deed restrictions.

(b) In addition to the requirement prescribed by Subsection (a), a network provider installing a network node or node support pole in a public right-of-way described by Subsection (a) shall comply with private deed restrictions and other private restrictions in the area that apply to those facilities.

Sec. 284.105. INSTALLATION IN HISTORIC OR DESIGN DISTRICTS.

(a) A network provider must obtain advance approval from a municipality before collocating new network nodes or installing new node support poles in an area of the municipality zoned or otherwise designated as a historic district or as a design district if the district has decorative poles. As a condition for approval of new network nodes or new node support poles in a historic district or a design district with decorative poles, a municipality may require reasonable design or concealment measures for the new network nodes or new node support poles. A municipality may request that a network provider comply with the design and aesthetic standards of the historic or design district and explore the feasibility of using certain camouflage measures to improve the aesthetics of the new network nodes, new node support poles, or related ground equipment, or any portion of the nodes, poles, or equipment, to minimize the impact to the aesthetics in a historic district or on a design district's decorative poles.

(b) This section may not be construed to limit a municipality's authority to enforce historic preservation zoning regulations consistent with the preservation of local zoning authority under 47 U.S.C. Section 332(c)(7), the requirements for facility modifications under 47 U.S.C. Section 1455(a), or the National Historic Preservation Act of 1966 (54 U.S.C. Section 300101 et seq.), and the regulations adopted to implement those laws.

Sec. 284.106. EQUIPMENT CABINETS. A network provider shall ensure that the vertical height of an equipment cabinet installed as part of a network node does not exceed the height limitation prescribed by Section 284.003, subject to approval of the pole's owner if applicable.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

Sec. 284.107. COMPLIANCE WITH UNDERGROUNDING REQUIREMENT. (a) A network provider shall, in relation to installation for which the municipality approved a permit application, comply with nondiscriminatory undergrounding requirements, including municipal ordinances, zoning regulations, state law, private deed restrictions, and other public or private restrictions, that prohibit installing aboveground structures in a public right-of-way without first obtaining zoning or land use approval.

(b) A requirement or restriction described by Subsection (a) may not be interpreted to prohibit a network provider from replacing an existing structure.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

Sec. 284.108. DESIGN MANUAL. (a) A municipality may adopt a design manual for the installation and construction of network nodes and new node support poles in the public right-of-way that includes additional installation and construction details that do not conflict with this chapter. The design manual may include:

(1) a requirement that an industry standard pole load analysis be completed and submitted to the municipality indicating that the service pole to which the network node is to be attached will safely support the load; and

(2) a requirement that network node equipment placed on new and existing poles be placed more than eight feet above ground level.

(b) A network provider shall comply with a design manual, if

any, in place on the date a permit application is filed in relation to work for which the municipality approved the permit application. A municipality's obligations under Section 284.154 may not be tolled or extended pending the adoption or modification of a design manual.

Sec. 284.109. EXCEPTIONS. Subject to Subchapter D, a network provider may construct, modify, or maintain in a public right-of-way a network node or node support pole that exceeds the height or distance limitations prescribed by this chapter only if the municipality approves the construction, modification, or maintenance subject to all applicable zoning or land use regulations and applicable codes.

Sec. 284.110. DISCRIMINATION PROHIBITED. A municipality, in the exercise of the municipality's administrative and regulatory authority related to the management of and access to the public right-of-way, must be competitively neutral with regard to other users of the public right-of-way.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

SUBCHAPTER D. APPLICATIONS AND PERMITS

Sec. 284.151. PROHIBITION OF CERTAIN MUNICIPAL ACTIONS. (a) Except as otherwise provided by this chapter, a municipality may not prohibit, regulate, or charge for the installation or collocation of network nodes in a public right-of-way.

(b) A municipality may not directly or indirectly require, as a condition for issuing a permit required under this chapter, that the applicant perform services unrelated to the installation or collocation for which the permit is sought, including in-kind contributions such as reserving fiber, conduit, or pole space for the

municipality.

(c) A municipality may not institute a moratorium, in whole or in part, express or de facto, on:

- (1) filing, receiving, or processing applications; or
- (2) issuing permits or other approvals, if any, for the installation of network nodes or node support poles.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

Sec. 284.152. AUTHORITY TO REQUIRE PERMIT. (a) Except as otherwise provided by this chapter, a municipality may require a network provider to obtain one or more permits to install a network node, node support pole, or transport facility in a public right-of-way if the permit:

- (1) is of general applicability to users of the public right-of-way;
- (2) does not apply exclusively to network nodes; and
- (3) is processed on nondiscriminatory terms and conditions regardless of the type of entity submitting the application for the permit.

(b) A network provider that wants to install or collocate multiple network nodes inside the territorial jurisdiction of a single municipality is entitled to file a consolidated permit application with the municipality for not more than 30 network nodes and receive permits for the installation or collocation of those network nodes.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

Sec. 284.153. GENERAL PROCESS RELATING TO PERMIT APPLICATION.

(a) Except as otherwise provided by this section, a municipality may not require an applicant to provide more information to obtain the permit than a telecommunications utility that is not a network provider is required to provide unless the information directly relates to the requirements of this chapter.

(b) As part of the standard form for a permit application, a municipality may require the applicant to include applicable

construction and engineering drawings and information to confirm that the applicant will comply with the municipality's publicly disclosed public right-of-way design specifications and applicable codes.

(c) A municipality may require an applicant to provide:

(1) information reasonably related to the provider's use of the public right-of-way under this chapter to ensure compliance with this chapter;

(2) a certificate that the network node complies with applicable regulations of the Federal Communications Commission; and

(3) certification that the proposed network node will be placed into active commercial service by or for a network provider not later than the 60th day after the date the construction and final testing of the network node is completed.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

Sec. 284.154. MUNICIPAL REVIEW PROCESS. (a) A municipality shall process each permit application on a nondiscriminatory basis.

(b) Not later than the 30th day after the date the municipality receives an application for a permit for a network node or node support pole, or the 10th day after the date the municipality receives an application for a permit for a transport facility, the municipality shall determine whether the application is complete and notify the applicant of that determination. If the municipality determines that the application is not complete, the municipality shall specifically identify the missing information.

(c) A municipality shall approve an application that does not require zoning or land use approval under this chapter unless the application or the corresponding work to be performed under the permit does not comply with the municipality's applicable codes or other municipal rules, regulations, or other law that is consistent with this chapter.

(d) A municipality must approve or deny an application for a node support pole not later than the 150th day after the date the municipality receives the complete application. A municipality must approve or deny an application for a network node not later than the 60th day after the date the municipality receives the complete application. A municipality must approve or deny an application for

a transport facility not later than the 21st day after the date the municipality receives a complete application. An application for a permit for a node support pole, network node, or transport facility shall be deemed approved if the application is not approved or denied on or before the applicable date for approval or denial prescribed by this subsection.

(e) A municipality that denies a complete application must document the basis for the denial, including the specific applicable code provisions or other municipal rules, regulations, or other law on which the denial was based. The municipality shall send the documentation by electronic mail to the applicant on or before the date the municipality denies the application.

(f) Not later than the 30th day after the date the municipality denies the application, the applicant may cure the deficiencies identified in the denial documentation and resubmit the application without paying an additional application fee, other than a fee for actual costs incurred by the municipality. Notwithstanding Subsection (d), the municipality shall approve or deny the revised completed application after a denial not later than the 90th day after the date the municipality receives the completed revised application. The municipality's review of the revised application is limited to the deficiencies cited in the denial documentation.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

Sec. 284.155. TIME OF INSTALLATION. (a) A network provider shall begin the installation for which a permit is granted not later than six months after final approval and shall diligently pursue the installation to completion.

(b) Notwithstanding Subsection (a), the municipality may place a longer time limit on completion or grant reasonable extensions of time as requested by the network provider.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

Sec. 284.156. APPLICATION FEES. (a) A municipality may charge an application fee for a permit only if the municipality requires the

payment of the fee for similar types of commercial development inside the municipality's territorial jurisdiction other than a type for which application or permit fees are not allowed by law.

(b) The amount of an application fee charged by a municipality may not exceed the lesser of:

(1) the actual, direct, and reasonable costs the municipality determines are incurred in granting or processing an application that are reasonably related in time to the time the costs of granting or processing an application are incurred; or

(2) \$500 per application covering up to five network nodes, \$250 for each additional network node per application, and \$1,000 per application for each pole.

(c) In determining for purposes of Subsection (b)(1) the amount of the actual, direct, and reasonable costs, the municipality may not:

(1) include costs incurred by the municipality in relation to third-party legal or engineering review of an application; or

(2) direct payments or reimbursement of third-party public right-of-way rates or fees charged on a contingency basis or under a result-based arrangement.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. 1004), Sec. 1, eff. September 1, 2017.

Sec. 284.157. CERTAIN WORK EXEMPTED. (a) Notwithstanding any other provision of this chapter, a municipality may not require a network provider to submit an application, obtain a permit, or pay a rate for:

(1) routine maintenance that does not require excavation or closing of sidewalks or vehicular lanes in a public right-of-way;

(2) replacing or upgrading a network node or pole with a node or pole that is substantially similar in size or smaller and that does not require excavation or closing of sidewalks or vehicular lanes in a public right-of-way; or

(3) the installation, placement, maintenance, operation, or replacement of micro network nodes that are strung on cables between existing poles or node support poles, in compliance with the National Electrical Safety Code.

(b) For purposes of Subsection (a)(2):

(1) a network node or pole is considered to be "substantially similar" if:

(A) the new or upgraded network node, including the antenna or other equipment element, will not be more than 10 percent larger than the existing node, provided that the increase may not result in the node exceeding the size limitations provided by Section 284.003; and

(B) the new or upgraded pole will not be more than 10 percent higher than the existing pole, provided that the increase may not result in the pole exceeding the applicable height limitations prescribed by Section 284.103;

(2) the replacement or upgrade does not include replacement of an existing node support pole; and

(3) the replacement or upgrade does not defeat existing concealment elements of a node support pole.

(c) The determination under Subsection (b)(1) of whether a replacement or upgrade is substantially similar is made by measuring from the dimensions of the network node or node support pole as approved by the municipality.

(d) Notwithstanding Subsection (a):

(1) a municipality may require advance notice of work described by that subsection;

(2) a network provider may replace or upgrade a pole only with the approval of the pole's owner; and

(3) the size limitations may not in any event exceed the parameters prescribed by Section 284.003 without the municipality's approval in accordance with Section 284.109, with the municipality acting on behalf of this state as the fiduciary trustee of public property.

Added by Acts 2017, 85th Leg., R.S., Ch. 591 (S.B. [1004](#)), Sec. 1, eff. September 1, 2017.

requirements of the municipally owned utility.

(b) The annual pole attachment rate for the collocation of a network node supported by or installed on a municipally owned utility pole shall be based on a pole attachment rate consistent with Section 54.204, Utilities Code, applied on a per-foot basis.

(c) The requirements of Subchapters B, C, and D applicable to the installation of a network node supported by or installed on a pole do not apply to a network node supported by or installed on a municipally owned utility pole.

(P) programs resulting in utility cost savings; or

(Q) other energy or water conservation-related improvements or equipment, including improvements or equipment relating to renewable energy or nonconventional water sources or water reuse.

(5) "Guarantee" means a written guarantee of a provider that the energy savings, increase in billable revenues, or increase in meter accuracy from the energy or water conservation or usage measures will at least equal the cost of the energy or water conservation or usage measures, all causally connected work, and ancillary improvements provided for in an energy savings performance contract.

(6) "Increase in billable revenues" means an estimated increase in billable revenues as compared to an established baseline of billable revenues.

(7) "Increase in meter accuracy" means an estimated increase in efficiency or accuracy of metering or related equipment, systems, or processes or procedures that is calculated or determined by using applicable industry engineering standards.

(9-a) "Pilot program" means a pilot program operated by the Energy Systems Laboratory at the Texas A&M Engineering Experiment

Station, in consultation with the Texas Facilities Commission and the State Energy Conservation Office, that:

(A) establishes and implements energy efficiency improvements to state-owned buildings maintained by the commission;

(B) generates savings in utility costs resulting from the improvements resulting in at least a 30 percent annual return on the costs of the improvements;

(C) provides for the participation of not fewer than two companies selected by the commission; and

(D) provides for any money attributable to utility cost savings resulting from the pilot program to be appropriated only to the commission.

Sec. 302.003. PAYMENT AND PERFORMANCE BOND. Notwithstanding any other law, before entering into an energy savings performance contract, the governing body of the local government shall require the provider of the energy or water conservation or usage measures to file with the governing body a payment and performance bond relating to the installation of the measures in accordance with Chapter 2253, Government Code. Sec. 302.004. METHOD OF FINANCING; TERMS OF CONTRACT. (a) An energy savings performance contract may be financed:

(1) under a lease-purchase contract that has a term not to exceed 20 years from the final date of installation and that meets federal tax requirements for tax-free municipal leasing or long-term financing;

(2) with the proceeds of bonds; or

(3) under a contract with the provider of the energy or water conservation or usage measures that has a term not to exceed the lesser of 20 years from the final date of installation or the average useful life of the energy or water conservation or usage measures.

(a-1) Notwithstanding other law, the governing body of a local government may use any available money to pay the provider of the energy or water conservation measures under this section, and the governing body is not required to pay for such costs solely out of the savings realized by the local government under an energy savings performance contract. The governing body may contract with the provider to perform work that is related to, connected with, or otherwise ancillary to the measures identified in the scope of an energy savings performance contract.

(b) An energy savings performance contract shall contain provisions requiring the provider of the energy or water conservation or usage measures to provide a guarantee. If the term of the contract exceeds one year, the local government's contractual obligations in any one year during the term of the contract beginning after the final date of installation may not exceed the total energy and water savings, the net operating cost savings, and the stipulated or agreed upon increase in billable revenues resulting from the estimated increase in meter accuracy, divided by the number of years in the contract term.

(a) An energy savings performance contract under this chapter may be let in accordance with the procedures established for procuring certain professional services by Section 2254.004, Government Code. Notice of the request for qualifications shall be published in the manner provided for competitive bidding.

(b) Before entering into an energy savings performance contract, the governing body must require that the energy savings, increase in billable revenues, or increase in meter accuracy estimated or projected by a provider be reviewed by a licensed professional engineer who:

(1) has a minimum of three years of experience in energy calculation and review;

(2) is not an officer or employee of a provider for the contract under review; and

(3) is not otherwise associated with the contract.

(c) In conducting the review, the engineer shall focus primarily on the proposed improvements from an engineering perspective, the methodology and calculations related to cost savings, increases in revenue, and, if applicable, efficiency or accuracy of metering equipment. An engineer who reviews a contract shall maintain the confidentiality of any proprietary information the engineer acquires while reviewing the contract. Sections 1001.053 and 1001.407, Occupations Code, apply to work performed under the contract.

Sec. 302.006. METER GUARANTEES. (a) This section applies to any energy savings performance contract that:

(1) provides for any metering or related equipment, system, or process or procedure; and

(2) includes a meter guarantee by the provider, regardless of whether the meter guarantee is a part of a broader guarantee applicable to other energy or water conservation or usage measures or causally connected work.

(b) Not later than the fifth anniversary of the effective date of an energy savings performance contract, an engineer shall test a

statistically relevant sample of the meters installed or implemented under the contract to determine or calculate the actual average accuracy and shall compare the actual average accuracy to the baseline average accuracy of those tested meters.

(c) A meter guarantee applies if the engineer reports to the local government and the provider that the average accuracy of the tested meters as of the testing date is less than the baseline average accuracy of the tested meters as of the testing date.

(d) The amount payable under the meter guarantee must be determined for each year subject to the engineer's report and is equal to the difference between:

(1) the agreed increase in billable revenues based on the estimated accuracy of all of the meters for each year, according to the energy savings performance contract; and

(2) the revenues for the same year that would result from applying the engineer's reported actual average accuracy of the tested meters to all of the meters subject to the energy savings performance contract, using the same contract components that were used to calculate the agreed increase in billable revenues for that year, assuming the annual decrease in actual average accuracy of all the meters was a pro rata percentage of the reported total decrease in actual average accuracy.

(e) Notwithstanding Subsection (d), if the meter guarantee in the contract is part of a broader guarantee applicable to other energy or water conservation or usage measures or causally connected work under the contract, the amount payable under the meter guarantee for any year during the measurement period is reduced or offset by the difference between:

(1) the sum of the energy savings and the increase in billable revenues resulting from the other energy or water conservation or usage measures or causally connected work for that year during the measurement period; and

(2) the guaranteed amount of the energy savings and the increase in billable revenues from the other energy or water conservation or usage measures or causally connected work for that year during the measurement period.

(f) A test conducted under this section must be performed in accordance with the procedures established by the International Performance Measurement and Verification Protocol or succeeding standards of the United States Department of Energy.

(g) An engineer conducting a test under this section shall:

- (1) verify that the tested meters have been properly maintained and are operating properly; and
- (2) comply with Section 302.005(c).

Sec. 305.001. JOINT CONSTRUCTION AND MAINTENANCE OF BUILDINGS BY CERTAIN COUNTIES AND MUNICIPALITIES. (a) This section applies only to a municipality with 2,000 or more inhabitants that is located more than 10 miles from the county seat of the county in which the municipality is located, and to the county in which the municipality is located.

(b) The county and the municipality may jointly own, construct, equip, enlarge, and maintain a building in the municipality, to be used by the justice of the peace, for county branch offices, for a county library, and for a city hall. The county and the municipality must hold in joint ownership the title to the land on which the building stands.

(c) The cost of construction of the building shall be paid from current income and funds on hand, as provided in the budgets or the tax levies of the county and municipality. Annual expenses for the operation and maintenance of the building shall be budgeted by the county and the municipality.

(d) The county and the municipality shall specify in a contract between them:

(1) the amount or proportionate share of the cost of construction and equipment that each party shall contribute;

(2) the party with authority to award contracts, or the fact that awards are to be made by action of both parties;

(3) the account in which funds contributed under Subdivision (1) shall be deposited; and

(4) the procedure by which disbursements from that account shall be authorized.

(e) The contract may provide for:

(1) the appointment of a committee or board to operate and maintain the building;

(2) the delegation of operation and maintenance

responsibility to either of the parties; or

(3) the division of annual operation and maintenance expenses between the parties.

SUBCHAPTER B. SALE OF COLISEUM OR STADIUM BETWEEN MUNICIPALITY AND COUNTY

Sec. 305.011. MUNICIPALITY AND COUNTY COVERED BY SUBCHAPTER.

This subchapter applies only to:

- (1) any municipality; and
- (2) a county that has a population of more than one million, has issued bonds for the purpose of constructing a coliseum or stadium within the county, and is operating the coliseum or stadium directly and not through another person under a lease or other agreement not subject to cancellation by the county in the event of a sale of the coliseum or stadium.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 66(a), eff. Aug. 28, 1989.
Amended by Acts 1991, 72nd Leg., ch. 597, Sec. 99, eff. Sept. 1, 1991.

Sec. 305.012. SALE BY COUNTY. The commissioners court of the county may sell to a municipality a coliseum or stadium owned and operated by it and related land and facilities if the court finds that:

- (1) the coliseum or stadium is in need of expansion or other improvement; and
- (2) the expansion or other improvement may be better accomplished, without resort to the tax funds and resources of the county, by the sale of the coliseum or stadium and related land and facilities to a municipality in which the coliseum or stadium is located.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 66(a), eff. Aug. 28, 1989.

Sec. 305.013. TERMS OF AGREEMENT. The sale agreement shall be on the terms, including the price, on which the county and

municipality agree. However, the price may not be less than the amount of the outstanding bonds of the county issued for the purpose of constructing and equipping the coliseum or stadium.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 66(a), eff. Aug. 28, 1989.

Sec. 305.014. PAYMENTS BY MUNICIPALITY. (a) The purchase price may be paid by the municipality in cash and the funds for the payment may be obtained by the municipality in any manner permitted by law. In the alternative, the purchase price may be paid by the municipality in installments with interest at not lower than the same rates borne by the county's outstanding coliseum or stadium bonds. The funds with which to make the installments may be obtained by the municipality in any lawful manner, including one or more of the methods described by Subsections (b) and (c).

(b) The installments, by the sale agreement, may be made payable to the county out of revenues of the stadium or coliseum on dates coinciding with or earlier than the dates on which principal and interest on the county's outstanding coliseum or stadium bonds mature and come due. If this method of payment is selected, the payments due the county may be treated as a fixed operating expense of the stadium or coliseum payable solely from the revenues of the facilities. When received by the county, the funds shall be used for the purpose of retiring and paying interest on its outstanding coliseum or stadium bonds when due.

(c) The municipality and county may agree that the municipality shall issue a series of coliseum or stadium acquisition revenue bonds (or include such purpose as a part of a larger series of coliseum or stadium revenue bonds), which revenue bonds (or part of a larger series allocable to the purchase) shall be delivered to the county in payment of the purchase price for the stadium or coliseum. The bonds must be at least payable at the times and in the same amounts as and bear not lower than the same rates of interest borne by the county's outstanding coliseum or stadium bonds so as to provide funds from the revenue bonds to the county with which to pay the principal and interest when due on its outstanding bonds. The revenue bonds of the municipality may be on other terms as the municipality and county agree and may include any mortgage security authorized by Subchapter A, Chapter 1504, Government Code. On delivery of the bonds to the

county, the county shall hold the bonds for the account of the interest and sinking fund created in connection with its outstanding coliseum or stadium bonds and shall use the payments when received to pay the principal and interest on its bonds when due.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 66(a), eff. Aug. 28, 1989.
Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.310, eff. Sept. 1, 2001.

Sec. 305.015. DELIVERY OF DEED. A sale under this subchapter must be effected by delivery of a deed, with a reservation of any vendor's liens on the facilities as may be appropriate in connection with the selected method for payment of the purchase price, from the county with the approval of the commissioners court and acceptance by the municipality in accordance with the sale agreement.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 66(a), eff. Aug. 28, 1989.

Sec. 305.016. MUNICIPAL POWERS. After the delivery of the deed, the municipality is the complete and total owner of the coliseum or stadium and the related land and facilities conveyed and may:

(1) exercise all the powers with respect to the property authorized and implied by Subchapter A, Chapter 1504, Government Code, and any other laws applicable to the municipality, for the purpose of operating, maintaining, improving, or expanding the coliseum or stadium;

(2) in connection with the financing of the purchase, include any indoor or outdoor recreational facilities, properties, and entertainment attractions as may be considered by the municipality to be appropriate in connection with the coliseum or stadium; and

(3) lease or make operating agreements with respect to all or any part of the coliseum or stadium and related land and facilities for the periods and on the terms as the municipality may determine.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 66(a), eff. Aug. 28, 1989.
Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.311, eff. Sept. 1,

2001.

Sec. 305.017. SALE BY MUNICIPALITY. (a) If the governing body of the municipality affirmatively finds that the escalating burdens and costs of operating its stadium or coliseum acquired under this subchapter have caused continued ownership to cease to be economically feasible, resulting in increasing and unnecessary burdens on the taxpayers of the municipality, the governing body, after giving at least 14 days' notice of and holding a public hearing on the question, may sell the stadium or coliseum to another public or private entity.

(b) The sale shall be on the terms as the governing body may approve. The municipality has all power necessary and appropriate to complete the sale in accordance with the terms of the sale.

(a) For the purpose of paying for all or part of the costs of acquiring privately owned land under Section 307.022 or the costs of constructing, furnishing, and equipping the pier or another structure connected with the pier, the municipality may borrow money, issue negotiable bonds, and levy and collect ad valorem taxes sufficient to pay the interest on and provide a sinking fund for the bonds.

(b) The bonds shall be issued in accordance with Subtitles A and C, Title 9, Government Code. If bonds for the purposes described by this section have been authorized at a previous election in accordance with that chapter, the bonds may be issued without an additional election.

(c) The governing body of the municipality may use bond proceeds to pay part of the cost of erecting, constructing, furnishing, or equipping a structure or improvement authorized by this chapter that, together with the interest in the land occupied by or used in connection with the structure or improvement and the income from the structure or improvement, is to be or has been mortgaged and encumbered for the purpose of paying the additional

costs of acquiring, erecting, constructing, furnishing, or equipping the structure or improvement.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.313, eff. Sept. 1, 2001.

Sec. 307.042. REVENUE OBLIGATIONS. (a) For the purpose of obtaining funds for any purpose authorized by this chapter, the governing body of the municipality may from time to time issue bonds, notes, or warrants secured by a pledge of and payable from the net revenues derived from the operation of all or a designated part of the pier, structures, or improvements.

(b) As additional security for the bonds, notes, or warrants, the municipality may mortgage and encumber all or a designated part of:

- (1) the pier, structures, or improvements;
- (2) the furnishings and equipment; or
- (3) the interest, easement, or other rights in land

acquired or to be acquired and used in connection with the park land, including the right of use and occupancy of the park land and the title or rights to the tidelands, waters, or beds of the Gulf of Mexico acquired by the municipality.

(c) As additional security for the bonds, notes, or warrants, the municipality may, by the terms of a mortgage, grant to the purchaser under sale or foreclosure a franchise to operate the properties purchased for a period of not more than 99 years after the purchase. If at the time of the sale or foreclosure there is a pier, structure, or improvement located in whole or in part on or over state-owned tideland, water, and bed of the Gulf of Mexico, during that period of 99 years the purchaser and the purchaser's heirs, successors, and assigns have the same right of use and occupancy to the state-owned tideland, water, and bed as is granted to the municipality under this chapter. On termination of that period or on cessation of use of the property for that purpose, the right of use and occupancy reverts to the municipality.

(d) The municipality may issue bonds, notes, and warrants and mortgage and encumber property under this section whether all or part of the cost is to be paid from:

- (1) bonds, notes, and warrants issued under this section;

(2) bonds or warrants issued under Section 307.041 or 307.046;

(3) funds obtained from any other lawful source; or

(e) The municipality may sell the property described by Subsection (b) if no bonded indebtedness remains outstanding. If the municipality sells the property, the General Land Office may grant to the purchaser a lease of the state-owned tideland, water, and bed beneath the property or, if necessary, a larger area for a period of not more than 99 years after the purchase. The purchaser and the purchaser's heirs, successors, and assigns have the same right of use and occupancy to the state-owned tideland, water, and bed as is granted to the municipality under this chapter. On termination of that period or on cessation of use of the property for that purpose, the right of use and occupancy reverts to the municipality.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 2001, 77th Leg., ch. 598, Sec. 2, eff. June 11, 2001.

Sec. 307.043. ISSUANCE OF REVENUE OBLIGATIONS. (a) This section applies to the bonds and other obligations issued under Section 307.042.

(b) The bonds shall be made payable to the bearer or to the order of a named payee. The bonds are payable solely from the pledged revenues and, at the option of the municipality, secured by the mortgage and franchise authorized by Section 307.042.

(c) The bonds shall bear interest at a rate not to exceed the maximum net effective interest rate provided by Chapter 1204, Government Code.

(d) The bonds must mature serially or otherwise not more than 40 years after the date of issuance. The governing body of the municipality shall determine:

(1) the denominations of the bonds;

(2) one or more places at which the bonds are payable as to interest or principal, which may be any bank inside or outside this state;

(3) the medium for payment of the bonds;

(4) the manner in which interest on the bonds is payable;

(5) any provisions for redemption of the bonds before

maturity; and

(6) the form of the bonds.

(e) A bond or interest coupon bearing the signature or facsimile signature of an official of the municipality who was authorized to sign the bond or coupon at the time of the signature is not invalid because of the official's ceasing to hold the office before delivery of the bonds or not having held office on the date of the bonds.

(f) The governing body may provide for the bonds to be registrable as to principal and interest, or as to principal only, under the terms prescribed by the governing body. The bonds may be issued not subject to registration.

(g) The bonds may be executed in the manner set forth in the proceedings authorizing their issuance, and those proceedings may provide that the bonds or coupons, or both, shall be executed by facsimile signatures and that a facsimile seal of the municipality be printed on the bonds.

(h) In the proceedings authorizing the issuance of the bonds, the governing body may prohibit the further issuance of bonds payable from the pledged revenues or may reserve the right to issue additional bonds to be secured by a pledge of and payable from those net revenues on a parity with or subordinate to the lien and pledge in support of the bonds being issued, subject to any conditions as set forth in the proceedings.

(i) If a bond recites that it is secured partially or otherwise by a pledge of the proceeds of one or more contracts made between the municipality and one or more other parties, including a lease or operating contract, a copy of the contracts and the proceedings authorizing the contracts shall be submitted to the attorney general. Approval of the bonds by the attorney general constitutes approval of the contracts, which makes the contracts incontestable except for forgery or fraud.

(j) A bond or other obligation is not a debt of the municipality, but is solely a charge on the income and properties encumbered. The obligation may not be considered in determining the power of the municipality to issue bonds for a purpose authorized by law. Each obligation must contain substantially the following clause: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

(k) The nature of the pledge of income and encumbrance of properties to secure the obligations and the control, management, and operation of the properties while any of the obligations remain unpaid is subject to and governed by Chapter 1502, Government Code, in the same manner as parks described in Section 1502.051. The issuance of the bonds does not require an election.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.314, eff. Sept. 1, 2001.

(a) The governing body of the municipality may provide by ordinance for the issuance of revenue refunding bonds for the purpose of refunding outstanding revenue bonds and any accrued interest, interest on past due principal, interest on past due interest, and court judgments pertaining to past due principal and interest.

(b) The issuance of refunding bonds, the maturity dates and other details of the bonds, the rights of bond holders, and the duties and powers of the municipality in regard to the bonds are governed by the provisions of this chapter relating to original revenue bonds to the extent those provisions can be made applicable.

(c) Refunding bonds may bear interest at a rate higher than that borne by the underlying bonds, but may not exceed the maximum net effective interest rate applicable to those bonds.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 307.045. BONDS AS NEGOTIABLE INSTRUMENTS AND AUTHORIZED INVESTMENTS. (a) All bonds issued under this chapter are negotiable instruments under Chapter 3, Business & Commerce Code.

(b) The bonds are legal investments for banks, savings banks, trust companies, savings and loan associations, insurance companies, fiduciaries, trustees, and guardians, and for the sinking funds of municipalities, counties, school districts, and other political corporations or political subdivisions of the state.

(c) The bonds are eligible to secure the deposit of any public funds of the state or of a municipality, county, school district, or other political corporation or political subdivision of the state. The bonds are sufficient security for the deposits to the extent of

their face value when accompanied by all unmatured appurtenant interest coupons.

(2) repairing, enlarging, extending, altering, or improving the pier or a structure or improvement.

(b) The governing body may issue interest-bearing time warrants, payable from the taxes authorized by this section, and expend the proceeds for the same purposes for which the taxes may be levied.

(e) The board shall operate the properties and facilities the net revenues of which are pledged to the payment of revenue bonds in a manner that will produce gross revenues sufficient to pay the operation and maintenance expenses and all payments required under the bond order, so that it is unnecessary to appropriate tax money

for the operation and maintenance or for the revenue bond payments.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 320.048. SUITS; LEGAL SERVICES. (a) The board may sue and be sued in its own name.

Sec. 320.050. SUPERVISION BY COMMISSIONERS COURT. (a) Notwithstanding any other provision of this chapter, the board is subject to the supervision of the commissioners court in the exercise of all rights, powers, and privileges and in the performance of all duties.

(b) The commissioners court must approve all contracts, leases, deeds, and other agreements made or granted by the board. An appropriate entry in the minutes of the commissioners court is sufficient evidence of approval.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

SUBCHAPTER D. REVENUE BONDS

Sec. 320.071. ISSUANCE; PURPOSE. (a) For the purpose of providing funds to acquire, improve, equip, and repair any park administered by the board, or for the acquisition by construction or otherwise of any facilities to be used in or connected with or incident to such a park, the county may from time to time issue revenue bonds.

(b) The bonds are fully negotiable instruments under Chapter 3, Business & Commerce Code, and other laws of this state.

(c) Included among the properties, improvements, and facilities that may be acquired through the issuance of bonds are stadiums, coliseums, auditoriums, athletic fields, pavilions, and buildings and grounds for assembly, including parking facilities or other improvements incident to those facilities.

(d) The bonds must be authorized by an order adopted by the commissioners court.

(e) The bonds must be issued in the name of the county, signed by the county judge, attested by the county clerk, and impressed with the seal of the commissioners court. The signature of the county judge or the signature of the county clerk may be a facsimile signature, and the seal of the commissioners court may be a facsimile seal, as provided in the bond order. The interest coupons attached to the bonds may also be executed by facsimile signatures of officers. A facsimile signature or facsimile seal may be lithographed, engraved, or printed.

(f) Revenue bonds must mature serially or otherwise in not more than 40 years from their date or dates and may be sold by the commissioners court at a price and under terms determined by the court to be the most advantageous reasonably obtainable. The net effective interest rate may not exceed the maximum rate provided by Chapter 1204, Government Code.

(g) The bond order shall prescribe the details as to the bonds. It may contain provisions for the calling of the bonds for redemption before the respective maturity dates at particular prices and times. Except for rights of redemption expressly reserved in the bond order and in the bonds, the bonds are not subject to redemption before their scheduled maturity date or dates without the consent of the holder or holders.

(h) The bonds may be made payable at times and places in or outside this state, as prescribed in the bond order. The bonds may be nonregistrable or may be made registrable as to principal, or both

principal and interest, as provided in the bond order.

(i) The bonds may be issued in one or more installments and in one or more series.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.317, eff. Sept. 1, 2001.

Sec. 320.072. ELECTION. (a) Revenue bonds may not be issued unless authorized by a majority vote of the qualified voters of the county voting at an election ordered for that purpose by the commissioners court.

(b) The election shall be ordered and held, and notice of the election shall be given, as provided by Chapter 1251, Government Code, except that the ballot shall be printed to provide for voting for or against the proposition: "The issuance of \$_____ in park revenue bonds payable solely from revenues."

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 2001, 77th Leg., ch. 1420, Sec. 8.318, eff. Sept. 1, 2001.

Sec. 320.073. PLEDGE OF REVENUES. (a) Revenue bonds may be secured by a pledge of all or part of the net revenues from the operation of the parks or from the properties or facilities. The net revenues of any one or more contracts, operation contracts, leases, or agreements may be pledged as the sole or as additional security for the support of the bonds.

(b) Any revenue other than tax revenues, as specified in the bond order, may be pledged for the support of the bonds.

(c) In the bond order, the county may reserve the right to issue additional revenue bonds that will be on a parity with, or subordinate to, the revenue bonds then being issued.

(d) While any of the revenue bonds are outstanding, other obligations may not be issued against the pledged revenues except to the extent and in the manner expressly permitted in the bond order.

(e) In this subchapter, "net revenues" means the gross revenues from the operation of those properties and facilities of the parks, the net revenues of which properties and facilities are pledged for the support of the bonds, after deduction of the necessary and reasonable expenses of operation and maintenance of the properties

and facilities.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 320.074. PROCEEDS. (a) The proceeds of the bonds shall be used under the restrictions provided in the bond order or in any separate escrow agreement, or both. The holders of the bonds and any trustee provided for in respect to the bonds have a lien on the proceeds until so applied.

(b) From the bond proceeds, there may be set aside:

(1) an amount for payment of interest on the bonds during construction and any additional period prescribed in the bond order; and

(2) an amount for the interest and sinking fund or for one or more separate reserve funds, as prescribed in the bond order, for the benefit of payment of the bonds.

(c) Proceeds remaining after the amounts are set aside under Subsection (b) shall be used for the payment of all expenses necessarily incurred in the sale, issuance, and delivery of the bonds and then for the purposes specified in the bond order and in the bonds.

(d) Any surplus remaining after accomplishment of the bond purposes shall be used for retiring the bonds to the extent that they can be purchased at prevailing market prices, with any remainder being deposited to the credit of the interest and sinking fund.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 320.075. APPROVAL AND REGISTRATION. (a) After any bonds have been authorized by the commissioners court, the bonds and the records relating to their issuance shall be submitted to the attorney general for examination and approval. The attorney general shall approve the bonds if issued in accordance with this subchapter.

(b) After the bonds have been approved by the attorney general, they shall be registered by the comptroller of public accounts.

(c) When the bonds have been approved by the attorney general, registered by the comptroller, and delivered to the purchasers, they are incontestable.

(d) If the bonds recite that they are secured partially or

otherwise by a pledge of the proceeds of or income from any contract, including a lease or other agreement, a copy of the contract and of the records of the proceedings authorizing the contract may be submitted to the attorney general with the bond record. In that event, the approval of the bonds by the attorney general constitutes an approval of the contract, and the contract is incontestable except for forgery or fraud.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 320.076. FEES AND REVENUE. (a) In this section, "fee" includes any fee, charge, or toll.

(b) The necessary and reasonable expenses of operation and maintenance of the properties and facilities whose revenues are pledged to the payment of the revenue bonds are a first lien on and charge against the income of the properties and facilities. While any of the bonds or interest remains outstanding, the board shall charge and require the payment of fees for the use of the properties and facilities. The board shall determine the rates of fees charged by it for the use, operation, or lease of the properties and facilities. Fees must be equal and uniform within classes and must be in amounts that yield revenues at all times at least sufficient to pay the expenses of operation and maintenance, and to provide for the payments prescribed in the bond order for the establishment and maintenance of the funds provided for in the bond order, including the interest and sinking fund and each reserve fund. The bond order may make additional covenants with respect to the bonds and the pledged revenues and the operation, maintenance, and upkeep of those properties and facilities, the income of which is pledged.

(c) The commissioners court shall ensure that the fees charged by the board are sufficient to comply with this subchapter. If for any reason the fees are not sufficient, the commissioners court shall impose additional fees so that the revenue will be sufficient.

(d) If any part of the security for the bonds consists of money to be received by the board as consideration for properties or facilities belonging to the county but operated by a person other than the board under a lease or operating contract, the board shall fix and authorize fees to be charged by the person for services rendered by the properties or facilities. The fees must be in

amounts at least sufficient to assure receipt by the board of money that the board is committed to pay from that source for the benefit of the revenue bonds under the bond order.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 320.077. REFUNDING BONDS. (a) The commissioners court may issue fully negotiable revenue bonds for the purpose of refunding bonds issued under this subchapter. An election is not necessary for the issuance of refunding bonds.

(b) The refunding bonds may be secured in the manner provided by this subchapter for securing original revenue bonds.

(c) Refunding bonds may be issued to refund bonds of more than one series or issue of outstanding revenue bonds and may combine pledges for the outstanding bonds for the security of the refunding bonds. Refunding bonds may be secured by other and additional revenues if the refunding bonds will not impair the contract rights of the holders or any of the outstanding bonds that are not to be refunded.

(d) Refunding bonds must be authorized by order of the commissioners court and shall be executed and mature as provided by this subchapter for original bonds.

(e) Refunding bonds must bear interest at the same or lower rate than that of the bonds refunded unless it is shown mathematically that a saving will result in the total amount of interest to be paid.

(f) Refunding bonds shall be approved by the attorney general as in the case of original bonds and shall be registered by the comptroller of public accounts on surrender and cancellation of the bonds to be refunded, unless the order authorizing issuance provides that the bonds are to be sold and the proceeds deposited in the place or places where the original bonds are payable. In that case, the refunding bonds may be issued in an amount sufficient to pay the interest on the original bonds to their option or maturity date, and the comptroller shall register them without the surrender and cancellation of the original bonds.

(g) Refunding bonds, after they have been approved by the attorney general and registered by the comptroller, are incontestable.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 320.078. BONDS NOT STATE OR COUNTY DEBT. (a) The revenue bonds are not a debt of the county or of the state but are payable solely from the revenues pledged to their payment.

(b) The principal of or interest on revenue bonds or any refunding bonds is not a debt against the tax revenues of the county but is solely a charge on the pledged revenues.

(c) The revenue bonds or refunding bonds may not be considered in determining the power of the county to incur obligations payable from taxation.

(d) Each bond must contain on its face substantially the following provision: "The holder hereof shall never have the right to demand payment of his obligation out of any funds raised or to be raised by taxation."

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 320.079. MISCELLANEOUS PROVISIONS. (a) This section applies to revenue bonds and refunding bonds issued under this subchapter.

(b) The bond order may require that the bonds contain a recital to the effect that they are issued pursuant to and in strict conformity with this subchapter. That recital is conclusive evidence of the validity of the bonds and the regularity of their issuance.

(c) Each bond is exempt from taxation by this state or by a municipal corporation, county, or other political subdivision or taxing district or entity of the state.

(d) If provided for in the bond order, an indenture securing the bonds may be entered into between, and executed by, the county and a corporate trustee, or entered into between, and executed by, the county and a corporate trustee and a corporate or individual cotrustee. A corporate trustee or corporate cotrustee must be a trust company or bank in or outside this state that has the powers of a trust company.

(e) The bond order or any indenture may:

(1) contain provisions for protecting or enforcing the rights or remedies of the bondholders as the commissioners court

considers reasonable and proper and not in violation of law, including covenants setting forth the duties of the county and the board in reference to maintenance, operation, repair, and insurance (including insurance against loss of use and occupancy) of the properties or facilities whose revenues are pledged, and the custody, safeguarding, and application of the bond proceeds and of the revenues to be received from the operation of the properties or facilities;

(2) provide for the flow of funds and the establishment and maintenance of the interest and sinking fund, reserve fund or funds, and other funds; and

(3) include additional covenants with respect to the bonds and the pledged revenues and the operation, maintenance, and upkeep of those properties and facilities the income of which is pledged, as the commissioners court considers appropriate.

(f) Any bank or trust company in this state may act as depository for the proceeds obtained from the sale of the bonds. The depository shall be selected by the commissioners court without the necessity of seeking competitive bids and without reference to any other statute. The money deposited must be secured in the manner and amount as prescribed by the commissioners court or by the bond order, indenture, or separate escrow agreement.

(g) The bond order shall provide for and designate the depository or depositories of the interest and sinking fund, reserve fund or funds, and any other funds established by the order. The depository or depositories may be any bank or trust company in or outside this state and may be selected and designated without the necessity of seeking competitive bids and without reference to any other statute. The money in those funds must be secured in the manner and to the extent as provided in the bond order, and the bond order may require that the money be secured by direct obligations of the United States or obligations unconditionally guaranteed by the United States.

(h) The bond order or indenture may:

(1) set forth the rights and remedies of the bondholders and of the trustee, and may, subject to Subsection (i), restrict the individual rights of action of the bondholders; and

(2) set forth and contain other provisions and covenants as considered reasonable and proper for the security of the bondholders, including:

(A) provisions prescribing occurrences that constitute events of default and the terms and conditions on which any or all of the bonds become due, or may be declared to be due, before maturity; and

(B) provisions as to the rights, liabilities, powers, and duties arising from the breach by the board or by the commissioners court of any of its duties or obligations.

(i) Any holders of the bonds or of interest coupons originally attached to the bonds may either at law or in equity, by suit, action, mandamus, or other proceeding, enforce and compel performance of all duties required by this subchapter to be performed by the board or by the commissioners court, including:

(1) the making and collection of reasonable and sufficient fees, charges, and tolls for the use of the properties and facilities the income of which is pledged;

(2) the segregation of the income and revenues of such properties and facilities; and

(3) the application of the income and revenues pursuant to the bond order, indenture, and this subchapter.

(j) The bond order or the indenture may contain provisions to the effect that while any bonds are outstanding either as to principal or interest, no free service may be rendered by any of the properties or facilities the income of which is pledged.

(k) The bonds are negotiable instruments under Chapter 3, Business & Commerce Code, and are legal and authorized investments for banks, savings banks, trust companies, savings and loan associations, insurance companies, fiduciaries, trustees, guardians, and for the sinking funds of municipalities, counties, school districts, and other political subdivisions or corporations of this state. The bonds are eligible to secure the deposit of public funds of this state and of a municipality, county, school district, or other political subdivision or corporation of this state. The bonds are lawful and sufficient security for those deposits to the extent of their face value when accompanied by all unmatured appurtenant coupons.

(l) The bond order, the indenture, and this subchapter constitute an irrevocable contract between the board and commissioners court and the holders of the bonds.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

(d) The contract may provide that the rentals, tolls, and charges may be sufficient to yield a reasonable profit to the other party to the contract, but to be realized only after payment in full of the obligation to the board.

(e) The contract may provide for payment of the annual

consideration or rental in approximately equal monthly installments, and that failure to pay any required payment when due may be declared to be a breach of contract entitling the board under rules prescribed in the contract to declare the contract forfeited and to take over the operation and maintenance of the facility. That remedy is cumulative of all others.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

(2) money appropriated to the board by the commissioners court and realized from taxation and money realized from the sale of tax-supported bonds previously issued by the commissioners court.

(c) At the same time the financial statement is filed, the

board shall file with the county judge a proposed budget of its needs for the next calendar year. To the extent that the board is able to finance its operations and to maintain its property from the revenues of facilities the income of which is pledged to the revenue bonds, no approval or authorization of the commissioners court is necessary. However, the budget may involve only anticipated supplemental expenditures.

(d) The county judge shall incorporate the requested budget in the county budget to be prepared each year. As part of the county's tentative budget, the items certified by the board are subject to the procedure for county budget prescribed by Chapter 111.

(e) The board shall operate the parks under its control the revenues of which are pledged to the payment of bonds in a manner that will produce gross revenues sufficient to pay the operation and maintenance expenses of the facilities without seeking from the commissioners court the appropriation of additional money for those expenses.

(a) For the purpose of providing funds for the acquisition of permanent improvements to the island parks, or for the acquisition or construction of facilities to be used in or connected with or incident to the parks, the county may issue revenue bonds from time to time.

(b) The bonds are fully negotiable instruments under Chapter 3, Business & Commerce Code, and other laws of this state.

(c) Included among the permanent improvements and facilities that may be acquired through the issuance of bonds are bath houses; bathing beaches; swimming pools; athletic fields; golf courses; stadiums; coliseums; auditoriums; pavilions; buildings and grounds for assembly, entertainment, health, and recreation; restaurants and refreshment places; yacht basins; and landing strips and airports.

(d) The bonds must be authorized by order of the commissioners court passed on its own motion. The order of the commissioners court may make covenants on behalf of the county as the court considers necessary and advisable, and the court shall perform or cause to be performed any covenants so made.

(e) The bonds must be issued in the name of the county, signed by the county judge, attested by the county clerk, and impressed with the seal of the commissioners court.

(f) The bonds must mature serially or otherwise in not more than 40 years and may be sold at a price and under terms determined by the county to be the most advantageous reasonably obtainable. The net effective interest rate may not exceed the maximum rate provided by Chapter 1204, Government Code.

(g) The order authorizing the issuance of the bonds shall prescribe the details as to the bonds. It may contain provisions for the calling of the bonds for redemption before their respective maturity dates at particular prices and times. Except for rights of redemption expressly reserved in the order and the bonds, the bonds are not subject to redemption before their scheduled maturity dates.

(h) The bonds may be made payable at times and places inside or outside this state as prescribed in the order.

(i) The bonds may be made registrable as to principal or both

principal and interest.

(j) The bonds may be issued in one or more series.

(k) An election is not required for issuance of the bonds.

Sec. 321.072. PLEDGE OF REVENUES. (a) Revenue bonds may be secured by a pledge of all or part of the net revenues from the operation of one or more parks under control of the board, from the facilities of or incident to the parks, or from the parks and the facilities.

(b) The net revenues of one or more contracts, operating contracts, leases, or agreements may be pledged as the sole security or as additional security for the support of the bonds.

(c) Any revenue other than that described by Subsection (a) or (b) may be pledged as the principal or as additional security for the bonds, as specified in the order.

(d) The order authorizing issuance of bonds may reserve the right, under conditions specified in the order, to issue additional bonds that will be on a parity with or subordinate to the bonds then being issued.

(e) While any bonds are outstanding, no additional bonds of equal dignity may be issued against the pledged revenues except to the extent and in the manner expressly permitted in the order.

(f) In this chapter, "net revenues" means the gross revenues from the operation of the park or parks and the facilities, leases, agreements, or contracts incident to the park or parks, the revenues of which have been pledged, after deduction of the necessary expenses as provided by Section 321.075.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 321.073. PROCEEDS. (a) The proceeds of the bonds shall be used under the restrictions provided in the order. The holders of the bonds and any trustee provided for in respect to the bonds have a lien on the proceeds until so applied, but neither the depository of those funds nor the trustee is obligated to see to the proper application of the funds except as expressly provided in the order or

the indenture securing the bonds.

(b) From the bond proceeds there may be set aside:

(1) an amount for payment of interest on the bonds estimated to accrue during the construction period and any additional period prescribed in the order; and

(2) an amount for the interest and sinking fund or another reserve fund provided for in the order.

(c) Proceeds remaining after the amounts are set aside under Subsection (b) shall be used for the payment of all expenses necessarily incurred in the issuance and sale of the bonds and then for the purposes specified in the bond order and in this chapter.

(d) Any surplus remaining after accomplishment of the bond purposes shall be used for retiring the bonds to the extent that they can be purchased at prevailing market prices, with any remainder being deposited to the credit of the fund established in the order for debt service.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 321.074. APPROVAL AND REGISTRATION. (a) Before the bonds are delivered to the purchaser, the bonds and the records pertaining to the bonds must be submitted to the attorney general for examination and approval. The attorney general shall approve the bonds if issued in accordance with this subchapter.

(b) Bonds approved by the attorney general and registered with the comptroller of public accounts are incontestable.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 321.075. FEES AND REVENUE. (a) In this section, "fee" includes any fee, charge, or toll.

(b) The expense of operation and maintenance of facilities the revenues of which are pledged to the payment of bonds are a first lien on and charge against the income of the facilities. While any of the bonds or interest remains outstanding, the board shall charge or require the payment of fees for the use of the facilities. The board shall determine the rate of fees charged by it for the use, operation, or lease of the facilities. Fees must be equal and uniform within the classes defined by the board and must be in

amounts that will yield revenues at least sufficient to pay the expenses of operation and maintenance and to make the payment prescribed in the order for debt service. "Debt service," as defined in the order, may include the payment of principal and interest as each matures, the establishment and maintenance of funds for extensions and improvements, an operating reserve, and an interest and sinking fund reserve.

(c) The board shall fix the fees in amounts that are sufficient to comply with the covenants in the order and with this chapter.

(d) If part of the security for the bonds consists of money to be received by the board as consideration for facilities belonging to the board but operated by a person other than the board under a lease or operating contract, the board shall fix the fees to be charged by the person for use of and services rendered by the facilities. The fees must be in amounts at least sufficient to assure receipt by the board of money that the board is committed to pay from that source for debt service under the terms of the order.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 321.076. REFUNDING BONDS. (a) Fully negotiable bonds may be issued by the commissioners court for the purpose of refunding original bonds issued under this subchapter.

(b) The refunding bonds must be authorized and may be secured in the manner provided by this subchapter for original bonds.

(c) Refunding bonds may be sold and the proceeds used to retire the original bonds, or may be used in exchange for the original bonds, as provided in the order authorizing their issuance.

(d) An election is not required for issuance of the refunding bonds.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 321.077. BONDS NOT STATE OR COUNTY DEBT. (a) The bonds are not a debt of the county or this state within the meaning of any constitutional or statutory provision, but are payable solely from the revenues pledged to their payment as provided by this subchapter.

(b) Each bond must contain on its face substantially the following provision: "The holder hereof shall never have the right

to demand payment of this obligation out of any funds raised or to be raised by taxation."

(c) The bonds may not be considered in determining the power of the county to incur obligations payable from taxation.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 321.078. MISCELLANEOUS PROVISIONS. (a) In this section, "fee" includes a fee, charge, or toll.

(b) This section applies to revenue bonds issued under this subchapter.

(c) The bond order may require that the bonds contain a recital that they are issued pursuant to and in strict conformity with this subchapter. If made, that recital is conclusive evidence of the validity of the bonds and the regularity of their issuance.

(d) Each bond is exempt from taxation by this state or by a municipal corporation, county, or other political subdivision or taxing district of the state.

(e) If provided for in the order, an indenture securing the bonds may be executed between the county commissioners court and a corporate trustee. The order may also provide for execution of the indenture by a corporate or individual cotrustee. A corporate trustee or corporate cotrustee must be a trust company or a bank located inside or outside this state that has the powers of a trust company.

(f) Either the order or an indenture may contain provisions for protecting or enforcing the rights or remedies of the bondholders as considered by the commissioners court to be reasonable, proper, and not in violation of law. The provisions may include covenants setting forth the duties of the board in reference to the maintenance, operation or repair, and insurance of the facility the revenues of which are pledged, including within the discretion of the commissioners court insurance against loss of use and occupancy. The provisions may also include covenants for the custody, safeguarding, and application of money received from the sale of the bonds and from the revenues received from the operation of the project.

(g) Any bank or trust company in this state may act as depository for the proceeds of the bonds, the revenues derived for operation of the facilities the revenues of which are pledged, or for

the special funds created to assure payment of the principal of and interest on the bonds, including reserve funds and accounts. The depository may furnish indemnity bonds or pledge securities as required by the board.

(h) The commissioners court may select the depository or depositories without the necessity of seeking competitive bids. The deposits must be secured in the manner required by law for the security of county funds. The order or indenture may bind the commissioners court to the use of direct obligations of the United States or obligations unconditionally guaranteed by the United States as security for the deposits.

(i) The bond order or indenture may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual rights of action of the bondholders. The order may contain other suitable provisions the commissioners court considers reasonable and proper for the security of the bondholders, including:

(1) covenants prescribing occurrences that constitute events of default and the terms and conditions on which any or all of the bonds become due, or may be declared to be due, before maturity; and

(2) covenants as to the rights, liabilities, powers, and duties arising from the breach by the commissioners court of any of its duties or obligations.

(j) Any bondholder or a trustee for a bondholder may by mandamus or other proceeding in a court of competent jurisdiction enforce the bondholder's rights against the commissioners court or its agents and employees or against any lessee of any facility the revenues of which are pledged to the bonds. These rights include the right to require the board to impose, establish, and enforce fees sufficient and effective to carry out the agreements contained in the order or indenture, the right to perform all agreements and covenants in the order and the duties arising from the order or indenture, and the right in the event of default as defined in the order or indenture to apply for and obtain the appointment of a receiver for any of the properties involved. If a receiver is appointed, the receiver shall enter and take possession of the facilities the revenues of which have been pledged. The receiver shall retain possession until the commissioners court is no longer in default or until relieved by a court, and shall collect and receive all revenues and fees arising from the retained property in the same manner as the

commissioners court. The receiver shall dispose of and apply the money in accordance with the obligations of the commissioners court under the order or indenture and as the court may direct.

(k) This chapter does not authorize a bondholder to require the commissioners court to use any funds in the payment of the principal of or interest on the bonds except the revenues pledged for that payment.

(l) The order or indenture may contain provisions to the effect that while the revenues of the park facilities are pledged to the payment of bonds, no free service may be rendered by any of those facilities for which fees are to be effective under the order.

(m) The bonds are legally authorized investments for banks, savings banks, trust companies, savings and loan associations, insurance companies, fiduciaries, and trustees and for the sinking funds and other funds of this state or of a municipal corporation, county, political subdivision, public agency, or taxing district in this state. The bonds are eligible to secure the deposit of any public funds of this state and any public funds of a municipal corporation, county, political subdivision, public agency, or taxing district in this state, and the bonds are lawful and sufficient security for those deposits to the extent of their face value when accompanied by all unmatured appurtenant coupons.

(n) The order, the indenture, and this chapter constitute an irrevocable contract between the board and county and the bondholders.

(d) The contract may provide that the rentals, tolls, and charges may be sufficient to yield a reasonable profit to the other party to the contract, but to be realized only after payment in full of the obligation to the board.

(e) The contract may provide for payment of the annual

consideration or rental in approximately equal monthly installments, and that failure to pay any required payment when due may be declared to be a breach of contract, entitling the board under rules prescribed in the contract to declare the contract forfeited and to take over the operation and maintenance of the facility. That remedy is cumulative of all others.

(f) The board may in the resolution or trust indenture reserve the right to enter such a contract after issuance of the bonds.

Sec. 322.071. ISSUANCE; PURPOSE. (a) For the purpose of providing funds to acquire, improve, equip, and repair parks under its control, or for the acquisition or construction of facilities to be used in or connected with or incident to one or more of the parks, the board by resolution may issue bonds from time to time.

(b) The bonds are fully negotiable instruments under Chapter 3, Business & Commerce Code, and other laws of this state.

(c) Included among the permanent improvements and facilities that may be acquired through the issuance of bonds are stadiums, coliseums, auditoriums, athletic fields, pavilions, buildings and grounds for assembly, and parking facilities or other incident improvements.

(f) The resolution authorizing the issuance of the bonds shall prescribe the details as to the bonds. (e) While any bonds are outstanding, no additional bonds of equal dignity may be issued against the pledged revenues except to the extent and in the manner expressly permitted in the resolution.

(f) In this chapter, "net revenues" means the gross revenues from the park or parks and the facilities, leases, agreements, or contracts incident to the park or parks, the revenues of which have been pledged, after deduction of the necessary expenses as provided by Section 322.075.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 322.073. PROCEEDS. (a) The proceeds of the bonds shall be used under the restrictions provided in the resolution. The holders of the bonds and any trustee provided for in respect to the bonds have a lien on the proceeds until so applied, but neither the depository of those funds nor the trustee is obligated to ensure the proper application of the funds except as expressly provided in the resolution or the indenture securing the bonds.

(b) From the bond proceeds there may be set aside:

(1) an amount for payment of interest on the bonds estimated to accrue during the construction period and any additional period prescribed in the resolution; and

(2) an amount for the interest and sinking fund or another reserve fund provided for in the resolution.

(c) Proceeds remaining after the amounts are set aside under Subsection (b) shall be used for the payment of all expenses necessarily incurred in the issuance and sale of the bonds and then for the purposes specified in the resolution.

(d) Any surplus remaining after accomplishment of the bond purposes shall be used for retiring the bonds to the extent that they can be purchased at prevailing market prices or be retained for future expansion or improvements.

The attorney general shall approve the bonds if issued in accordance with this subchapter.

(b) Bonds approved by the attorney general and registered with the comptroller of public accounts are incontestable.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 322.075. FEES AND REVENUE. (a) In this section, "fee" includes a fee, charge, or toll.

(b) The expense of operation and maintenance of facilities the revenues of which are pledged to the payment of bonds are a first lien on and charge against the income of the facilities. If any of the bonds or interest remains outstanding, the board shall charge or require the payment of fees for the use of the facilities. The board shall determine the rate of fees charged by it for the use, operation, or lease of the facilities. Fees must be equal and uniform within the classes defined by the board and must be in amounts that will yield revenues at least sufficient to pay the expenses of operation and maintenance and to make the payment prescribed in the resolution for debt service. "Debt service," as defined in the resolution, may include the payment of principal and interest as each matures, the establishment and maintenance of funds for extensions and improvements, an operating reserve, and an interest and sinking fund reserve.

(c) The board shall fix the fees in amounts that are sufficient to comply with the covenants in the resolution and with this chapter.

(d) If part of the security for the bonds consists of money to be received by the board as consideration for facilities belonging to the board but operated by a person other than the board under a lease

or operating contract, the board shall fix and authorize fees to be charged by the person for services rendered by the facilities. The fees must be in amounts at least sufficient to assure receipt by the board of money that the board is committed to pay from that source for debt service under the terms of the resolution.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 322.076. REFUNDING BONDS. (a) Fully negotiable bonds may be issued by resolution of the board for the purpose of refunding bonds issued under this chapter.

(b) The refunding bonds may be secured in the manner provided by this chapter for securing original bonds.

(c) Refunding bonds may be sold and the proceeds used to retire the original bonds, or may be used in exchange for the original bonds, as provided in the resolution authorizing their issuance.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 322.077. BONDS NOT STATE OR COUNTY DEBT. (a) The bonds are not a debt of either of the counties, of this state, or of the individual members of the board, but are payable solely from the income and properties of the board.

(b) Each bond must contain on its face substantially the following provision: "The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 322.078. MISCELLANEOUS PROVISIONS. (a) In this section, "fee" includes a fee, charge, or toll.

(b) The resolution authorizing the issuance of the bonds may require that the bonds contain a recital that they are issued pursuant to and in strict conformity with this chapter. If made, that recital is conclusive evidence of the validity of the bonds and the regularity of their issuance.

(c) Each bond is exempt from taxation by this state or by a

municipal corporation, county, or other political subdivision or taxing district of the state.

(d) If provided for in the resolution, an indenture securing the bonds may be executed between the board and a corporate trustee. The resolution may also provide for execution of the indenture by a corporate or individual cotrustee. In addition to the pledge of revenues, the indenture may grant a mortgage or deed of trust lien on all or any part of the real and personal property of the board. A corporate trustee or corporate cotrustee must be a trust company or a bank located inside or outside this state that has trust powers.

(e) Either the resolution or an indenture may contain provisions for protecting or enforcing the rights or remedies of the bondholders as considered by the board to be reasonable, proper, and not in violation of law. The provisions may include covenants setting forth the duties of the board in reference to the maintenance, operation or repair, and insurance of the facility the revenues of which are pledged, including within the discretion of the board, insurance against loss of use and occupancy. The provisions may also include covenants for the custody, safeguarding, and application of money received from the sale of the bonds and from the revenues received from the operation of the project.

(f) Any bank or trust company in this state may act as depository for the proceeds of the bonds, the revenues derived for operation of the facilities the revenues of which are pledged, or for the special funds created to assure payment of principal and interest on the bonds, including reserve funds and accounts. The depository may furnish indemnity bonds or pledge securities as required by the board.

(g) The board may select the depository or depositories without the necessity of seeking competitive bids. The deposits must be secured in the manner required by law for the security of county funds. The board in the resolution or indenture may bind the board to the use of direct obligations of the United States or obligations unconditionally guaranteed by the United States as security for the deposits.

(h) The resolution or indenture may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual rights of action of the bondholders. The resolution may contain other suitable provisions the board considers reasonable and proper for the security of the bondholders, including:

(1) covenants prescribing occurrences that constitute events of default and the terms and conditions on which any or all of the bonds become due, or may be declared to be due, before maturity; and

(2) covenants as to the rights, liabilities, powers, and duties arising from the breach by the board of any of its duties or obligations.

(i) Any bondholder or a trustee for a bondholder may by mandamus or other proceeding in a court of competent jurisdiction enforce the bondholder's rights against the board or its agents and employees or against any lessee of any facility the revenues of which are pledged to the bonds, including the right to require the board to impose, establish, and enforce fees sufficient and effective to carry out the agreements contained in the resolution or indenture, the right to perform all agreements and covenants in the resolution and the duties arising from the resolution or indenture, and the right in the event of default as defined in the resolution or indenture to apply for and obtain the appointment of a receiver for any of the properties involved. If a receiver is appointed, the receiver shall enter and take possession of the facilities mortgaged and the revenues of which have been pledged. The receiver shall retain possession until the board is no longer in default or until relieved by a court, and shall collect and receive all revenues and fees arising from the retained property. The receiver may make and renew contracts or leases with the approval of the court in the same manner as the board. The receiver shall dispose of and apply the money in accordance with the obligations of the board under the resolution or indenture and as the court may direct.

(j) The resolution or indenture may contain provisions to the effect that while the revenues of the park facilities are pledged to the payment of bonds, no free service may be rendered by any of those facilities for which fees are to be effective under the resolution.

(k) The bonds are legally authorized investments for banks, savings banks, trust companies, savings and loan associations, insurance companies, fiduciaries, trustees, and for the sinking funds and other funds of this state. The bonds are eligible to secure the deposit of any municipal corporation, county, political subdivision, public agency, or taxing district in this state, and the bonds are lawful and sufficient security for those deposits to the extent of their face value when accompanied by all unmatured appurtenant

coupons.

(1) The resolution, the indenture, and this chapter constitute an irrevocable contract between the board and the bondholders.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

CHAPTER 323. COUNTY LIBRARIES

SUBCHAPTER A. COUNTY LIBRARY

Sec. 323.001. ESTABLISHMENT AND MAINTENANCE. (a) The commissioners court of a county may, on its own motion, and shall, on petition by a majority of the voters of the affected part of the county, establish, maintain, and operate a free county library for the area of the county located outside the municipalities that maintain free public libraries.

(b) The county library shall be located at the county seat in the courthouse unless a more suitable location is available.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 323.002. MAINTENANCE FUNDS. The commissioners court annually may set aside from the general fund or the permanent improvement fund of the county an amount to be used to maintain or to make a permanent improvement or acquire land for the county library. The amount may not exceed 12 cents on the \$100 valuation of all property:

(1) located in the county outside the municipalities that are supporting a free public library and that are not participating in the county library system; and

(2) located within the municipalities that are supporting a free public library and that have elected to become a part of the county library system.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 323.003. GIFTS. The commissioners court may receive a gift, bequest, or devise for the county library or a branch or subdivision of the library. Title to property given, bequeathed, or devised to the county library vests in the county. A gift or bequest

made for the benefit of a branch of the library shall be administered as designated by the donor.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 323.004. FARMERS' COUNTY LIBRARY. In a county that has a farmers' county library established under prior law, the library shall continue to operate as a farmers' county library, but if a county library is established in the county, the farmers' county library shall become a part of the county library.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 323.005. LIBRARIAN. (a) If a county library is established, the commissioners court shall employ a county librarian. A person holds the position of county librarian at the pleasure of the commissioners court.

(b) Before beginning to perform duties, a person employed as county librarian must file with the county clerk the official oath and, at the discretion of the commissioners court, execute a bond conditioned that the person will faithfully perform the duties of the position. The bond must be in an amount determined by the commissioners court and must be purchased from sufficient sureties approved by the county judge.

(c) The county librarian shall attempt to provide equal and complete service to all areas of the county through branch libraries and deposit stations in schools and other suitable locations and shall distribute books, other printed matter, and other educational materials as quickly as circumstances permit. The librarian may make rules for the operation of the county library, establish branch libraries and deposit stations in the county, determine the number and type of employees needed by the library, and hire and dismiss the employees in the same manner as provided by the commissioners court for other county departments. The librarian shall, subject to the general rules adopted by the commissioners court, develop and manage the library in accordance with accepted rules of library management and shall determine which books and library equipment will be purchased.

(d) On or before March 31 of each year, the county librarian

shall report to the commissioners court and the state librarian on the operation of the county library during the previous fiscal year. The report must be made on a form furnished by the state librarian and must contain a statement of the condition of the library and a statement of its operation during the year and must contain financial and book statistics customarily kept by well-regulated libraries.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 1, Sec. 69(a), eff. Aug. 28, 1989.

Amended by:

Acts 2009, 81st Leg., R.S., Ch. 983 (H.B. [3756](#)), Sec. 24, eff. September 1, 2009.

Sec. 323.006. SUPERVISION. The county library is under the general supervision of the commissioners court. It is also under the supervision of the state librarian who, in person or by an assistant, shall periodically visit the library, inquire as to its condition, advise the librarian and the commissioners court about the library, and give whatever assistance possible in matters that relate to the library.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 323.007. LIBRARY FUND. Funds of the county library shall be deposited in a separate fund to be known as the county free library fund and may be used only for library purposes. The funds are under the custody of the county treasurer or any other county official designated to discharge the duties commonly assigned to the county treasurer.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 323.008. PARTICIPATION WITH A MUNICIPALITY. (a) If a county library is established, the governing body of a municipality that maintains a free public library may notify the commissioners court that the municipality desires to become a part of the county library system. After the notice is given, the municipality is considered to be a part of the system, and the residents of the

municipality are entitled to the benefits of the library. Property in the municipality shall be included in determining the amount to be set aside in the county free library fund for county library purposes.

(b) The commissioners court of a county that has established a county library may contract with the governing body of a municipality that maintains a free public library to extend county library privileges to the municipality's residents to the extent and for consideration as the parties may agree. The consideration paid by the municipality shall be deposited in the county free library fund. On the making of the contract, the library privileges are extended to the residents of the municipality.

(c) After a municipality has been a part of the county library system for two years, the governing body of the municipality may withdraw from the system by giving notice of its intention to do so to the commissioners court. The notice must be given at least six months before the withdrawal. On withdrawal, the municipality is no longer entitled to participate in the benefits of the system, and the property located in the municipality may not be included in computing the amount to be set aside for county library purposes. Before the governing body may give the notice of withdrawal to the commissioners court or before the governing body may retract the notice of withdrawal after it has been given to the commissioners court, the governing body must publish another notice once a week for six consecutive weeks in a county newspaper circulated throughout the municipality and designated by the governing body. The published notice must state the nature of the proposed action and the date and location of the meeting at which the proposed action is to be taken.

Sec. 323.009. PARTICIPATION WITH A COUNTY. (a) The commissioners court of a county that has established a county library may contract with the commissioners court of another county to extend county library privileges to the residents of the other county to the extent and for the consideration as the parties may agree. The consideration received from the other county shall be deposited in the county free library fund. On the making of the contract, the library privileges are extended to the residents of the other county.

(b) The other county may provide for a county free library fund in the same manner in which a county that establishes a county library may provide for the fund. The purpose of the fund is to carry out a contract made by the other county under Subsection (a).

(c) If the other county makes a contract under Subsection (a), it is not prohibited from establishing its own county library under this subchapter, and if it does so, it may terminate the contract on mutually agreeable terms or may continue under the contract until expiration of its term.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 323.010. JOINT LIBRARY. (a) The commissioners court of a county may establish in cooperation with other counties a joint free county library for the benefit of the cooperating counties.

(b) The commissioners courts of two or more adjacent counties may jointly establish and maintain a free library under the terms and provisions established by this subchapter for the establishment and maintenance of a free county library. In doing so, the commissioners courts of the participating counties shall operate jointly in the same manner as the commissioners court of a single county. The participating counties have the same powers and are subject to the same liabilities under this subchapter as a single county.

(c) If a county withdraws from the joint county library, it is entitled to a division of property according to terms agreed on at the time the library was established.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 323.011. PARTICIPATION WITH AN ESTABLISHED LIBRARY. (a) Instead of establishing a county library, the commissioners court of a county may contract for library privileges from an established library.

(b) The contract must provide that the established library assume the functions of a county library within the county, including municipalities in the county. The commissioners court may contract to pay annually to the established library out of the general fund of the county an amount on which the parties may agree.

(c) Either party to the contract may terminate it by giving to

the other party six months' notice of its intention to do so. Property acquired under the contract is subject to division on termination of the contract on terms specified in the contract.

Sec. 323.012. PARTICIPATION WITH A PRIVATELY OWNED LIBRARY. The commissioners court of a county that has established a county library may contract with a privately owned library that serves an area of the county not adequately served by the county library to provide county library service to that area. The contract may require that the privately owned library submit to any reasonable regulation that is imposed on governmental libraries.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 323.013. DISCONTINUATION OF LIBRARY. A county library may be discontinued on petition of a majority of the voters in that part of the county that maintains the library. The commissioners court shall, on termination of existing contracts, call in and inventory all books and other movable property of the discontinued library and shall store the property under lock and seal in a suitable place in the county courthouse.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

(b) The commissioners court shall provide suitable space for housing the library at a place that is both convenient and accessible to the judges and litigants of the county. The commissioners court

may, with the advice of the committee created under Section 323.024, use funds collected under this subchapter to acquire a location for the library, though priority in the use of funds shall be given to the acquisition of books, periodicals, other library materials, and staff for the library. The commissioners court may appropriate an amount not to exceed \$20,000 to establish the library and shall annually appropriate an amount necessary for the proper maintenance and operation of the library.

(c) The commissioners court of a county may establish, maintain, and operate in cooperation with other counties a joint free county law library for the benefit of the cooperating counties in the same manner that a joint county library may be established and operated under Section 323.010.

Sec. 323.023. LAW LIBRARY FUND. (a) A sum set by the commissioners court not to exceed \$35 shall be taxed, collected, and paid as other costs in each civil case filed in a county or district court, except suits for delinquent taxes. The county is not liable for the costs.

(b) The clerks of the respective courts shall collect the costs and pay them to the county treasurer, or to any other official who discharges the duties commonly delegated to the county treasurer, for deposit in a fund to be known as the county law library fund. The fund may be used only for:

(1) establishing the law library after the entry of the order creating it;

(d) Expenditures by a county under Subsection (b)(3) may not exceed \$175,000 each year. Any unexpended and unobligated balance allocated by the county for Subsection (b)(3) purposes that remains at the end of the county's fiscal year remains available for use for Subsection (b)(3) purposes during subsequent fiscal years.

(3) a tax imposed by resolution of the board at a rate not greater than \$1 a person:

(A) for each rental of water-oriented recreational equipment, including a canoe, tube, raft, boat, or kayak intended for use on a river in the district; or

(B) if the person is not renting equipment under Paragraph (A), for each person using shuttle service in the district, including for river ingress and egress.

(c) The taxes imposed under this section are payable by the purchaser or consumer of the items subject to the tax except that if the person responsible for collecting the tax does not comply with this chapter by collecting and remitting the tax to the district, the person responsible for collecting the tax is liable for the tax.

Each provision or offer for remuneration of the service, use, or rental is a separate offense. An offense under this subsection is a Class C misdemeanor, unless it is shown at the trial of the defendant that the defendant has previously been convicted of an offense under this subsection, in which case the offense is a Class B misdemeanor.

(i) In the same manner that this section applies to a person who provides or offers a service, a use of a facility, or a rental of an item in the district, this section applies to a person who resides or does business outside the district but provides or offers recreational guide or shuttle services or the rental of water-oriented recreational equipment and the person regularly transports customers into the district for river access while the person is in the district.

(j) The board may settle a claim for a penalty or interest accrued on a tax imposed by this chapter if the board finds that the revenue permit holder exercised reasonable diligence to comply with this chapter.

(k) The district may impose different tax rates for the different types of services and different types of rental items to which Subsection (b)(3) applies but none of the rates may exceed the maximum rate provided by that subsection.

(1) The managing entity, as defined by Section 221.002, Property Code, of a timeshare property, as defined by Section 221.002, Property Code, shall collect and remit to a district, on a property owner's behalf, all district taxes imposed under Subsection (b)(2) if the managing entity participates in the rental of the property by either:

The rate of the tax adopted by a municipality may be any rate that is an increment of one-eighth of one percent, that the municipality determines is appropriate, and that would not result in a combined rate that exceeds the maximum combined rate prescribed by Section 321.101(f), Tax Code.

(a) A municipality that has adopted a sales and use tax under this subchapter at any rate, and a county that has adopted a sales and use tax under this subchapter at a rate of less than one-half of one percent, may by ordinance or order increase the rate of the tax if the increase is approved by a majority of the registered voters of that municipality or county voting at an election called and held for that purpose.

(b) The county tax may be increased under Subsection (a) in one or more increments of one-eighth of one percent to a maximum of one-half of one percent. The municipal tax may be increased under Subsection (a) in one or more increments of one-eighth of one percent to any rate that the municipality determines is appropriate and that would not result in a combined rate that exceeds the maximum combined rate prescribed by Section 321.101(f), Tax Code.

Sec. 334.085. IMPOSITION IN MUNICIPALITY OR COUNTY WITH OTHER TAXING AUTHORITY. (a) In this section, "taxing authority" means:

- (1) a rapid transit authority created under Chapter 451, Transportation Code;
- (2) a regional transportation authority created under Chapter 452, Transportation Code;
- (3) a crime control district created under the Crime Control and Prevention District Act (Article 2370c-4, Vernon's Texas

Civil Statutes); or

(4) a corporation created under Chapter 504 or 505.

(b) Except as provided by Section 334.0855, if a municipality or county is included within the boundaries of another taxing authority and the adoption or increase of the tax under this subchapter would result in a combined tax rate of more than two percent in any location in the municipality or county, the election to approve or increase the tax under this chapter is to be treated for all purposes as an election to reduce the tax rate of the other taxing authority (except a rapid transit authority created under Chapter 451, Transportation Code) to the highest rate that will not result in a combined tax rate of more than two percent in any location in the municipality or county. If the municipality or county is located within the boundaries of only one taxing authority, and the adoption or increase of the tax under this subchapter will result in a decrease of the tax rate of the taxing authority, the ballot at an election to impose or increase the tax must clearly state that the adoption or increase of the tax will result in a reduction of the tax rate of the taxing authority. If the municipality or county is included within the boundaries of more than one taxing authority, the election to impose or increase the tax under this subchapter must allow the voters to choose which taxing authority's tax will be reduced.

(b-1) If the voters choose reduction of the tax collected by a rapid transit authority created under Chapter 451, Transportation Code, and imposition of the tax authorized under this section would result in a reduction of the rapid transit authority's tax rate to the highest rate that will not result in a combined tax rate of more than two percent in any location in the municipality or county, an election must be held pursuant to Subchapter M, Chapter 451, Transportation Code, as applicable for the type of authority involved, on the question of withdrawing the affected municipalities from the authority prior to imposition of the tax authorized in this section. If withdrawal is not authorized, the tax may not be imposed unless authorized pursuant to subsequent election(s). Upon withdrawal of each affected municipality from the authority (if withdrawal is authorized), the obligation to provide service (including service to persons with disabilities) shall be discontinued for that municipality except as required under applicable federal law. In all other respects, the provisions of Subchapter M, Chapter 451,

Transportation Code, governing withdrawal procedures and obligations of municipalities upon withdrawal shall apply.

(c) The rate of the tax imposed by the other taxing authority is increased without further action of the board of the authority or the voters of the authority, municipality, or county on the date on which the tax imposed under this subchapter is decreased or expires, but only to the extent that any tax imposed by the authority was reduced under this section when the tax imposed by the municipality or county was adopted or increased.

(d) This section does not permit a taxing authority to impose taxes at differential tax rates within the territory of the authority.

(1) municipality that is included in a regional transportation authority created under Chapter 452, Transportation Code; and

(2) county that is included within the boundaries of a regional transportation authority created under Chapter 452, Transportation Code.

(b) If the adoption or increase of the tax under this subchapter would otherwise result under Section 334.085 in the reduction of the tax rate of the transportation authority, the election to approve or increase the tax under this subchapter is to be treated for all purposes as an election to withdraw from the authority in accordance with and subject to Subchapter Q, Chapter 452, Transportation Code.

(c) The ballot language at an election to which this section applies must clearly state that the adoption or increase of the tax under this subchapter will result in the withdrawal of the municipality or county from the transportation authority.

(d) A municipality or county subject to this section that votes to adopt or increase the tax under this subchapter may not impose

that tax before the date on which the municipality's or county's financial obligations to the authority are satisfied in accordance with Subchapter Q, Chapter 452, Transportation Code.

Added by Acts 1997, 75th Leg., ch. 551, Sec. 1, eff. Sept. 1, 1997.

Sec. 334.086. IMPOSITION OF TAX. (a) If the municipality or county adopts the tax, a tax is imposed on the receipts from the sale at retail of taxable items in the municipality or county at the rate approved at the election.

(b) There is also imposed an excise tax on the use, storage, or other consumption in the municipality or county of tangible personal property purchased, leased, or rented from a retailer during the period that the tax is effective in the municipality or county. The rate of the excise tax is the same as the rate of the sales tax portion of the tax and is applied to the sale price of the tangible personal property.

The adoption of the tax or the change of the tax rate takes effect on the first day of the first calendar quarter occurring after the expiration of the first complete quarter occurring after the date on which the comptroller receives a notice of the results of the election adopting or increasing the tax or of the ordinance or order decreasing the tax.

Added by Acts 1997, 75th Leg., ch. 551, Sec. 1, eff. Sept. 1, 1997.

Sec. 334.088. DEPOSIT OF TAX REVENUES. Revenue from the tax imposed under this subchapter shall be deposited in the venue project fund of the municipality or county imposing the tax.

Added by Acts 1997, 75th Leg., ch. 551, Sec. 1, eff. Sept. 1, 1997.

Sec. 334.089. ABOLITION OF TAX. (a) A sales and use tax imposed under this subchapter may not be collected after the last day

of the first calendar quarter occurring after notification to the comptroller by the municipality or county that the municipality or county has abolished the tax or that all bonds or other obligations of the municipality or county that are payable in whole or in part from money in the venue project fund, including any refunding bonds or other obligations, have been paid in full or the full amount of money, exclusive of guaranteed interest, necessary to pay in full the bonds and other obligations has been set aside in a trust account dedicated to the payment of the bonds and other obligations.

(b) The municipality or county shall notify the comptroller of the expiration of the tax not later than the 60th day before the expiration date.

Sec. 335.0535. TRANSPORTATION AUTHORITY IMPACT ANALYSIS. (a) If the resolution contains a proposed sales and use tax under Subchapter D, Chapter 334, and imposition of the tax would result in the reduction of the tax rate of a rapid transit authority created under Chapter 451, Transportation Code, or a regional transportation authority created under Chapter 452, Transportation Code, the district shall send a copy of the resolution to the authority before

calling an election on the resolution under Section 335.054.

(b) Before the 30th day after the date the rapid transit authority receives the copy of the resolution, the authority shall:

(A) have a significant negative impact on the authority's ability to provide services; or

(B) impair any existing contracts; and

(2) provide to the district written notice of the results of the analysis.

(c) If the rapid transit authority determines that implementation of the resolution will have a significant negative impact on the authority's ability to provide services or will impair any existing contracts, the written analysis required under Subsection (b)(2) must include information on how to change the resolution so that implementation will not have a significant negative impact on the authority's ability to provide service or will not impair any existing contracts.

(d) If the rapid transit authority does not complete the analysis and provide the notice before the 30th day after the date the authority receives the copy of the resolution, the authority is considered to have determined that implementation of the resolution will not have a significant negative impact on the authority's ability to provide services and will not impair any existing contracts.

(b) Before the 11th day after the date the rapid transit authority receives the appeal under Subsection (a), the authority shall perform a new analysis to determine if implementation of the

resolution will have a significant negative impact on the authority's ability to provide services or will impair an existing contract and provide to the district written notice of the results of the analysis.

(c) If the authority again determines that implementation will have a significant negative impact on the authority's ability to provide services or will impair an existing contract, the written analysis required under Subsection (b) must include additional information on how to change the resolution so that implementation will not have a significant negative impact on the authority's ability to provide services and will not impair an existing contract.

(d) If the rapid transit authority does not comply with Subsection (b) before the 11th day after the date the authority receives the appeal or request for information, the authority is considered to have determined that approval and implementation of the resolution will not have a significant negative impact on the authority's ability to provide services and will not impair any existing contracts.

Sec. 335.054. ELECTION. (a) If the comptroller determines under Section 335.052 or 335.053 that implementation of the resolution will not have a significant negative fiscal impact on state revenue, and, if applicable, the rapid transit authority determines under Section 335.0535 or 335.0536 that the implementation will not have a significant impact on the authority's ability to provide service and will not impair any existing contracts, the board may order an election or elections on the question of approving and implementing the resolution. In a district created by a county with a population of more than 3.3 million and a municipality with a population of more than 1.9 million, the board may order one district-wide election or may order a separate election in each political subdivision that created the district. The election or elections shall be held on the same day.

(b) The order calling the election or elections must:

- (1) allow the voters to vote separately on each venue project;
- (2) designate the venue project;

(3) designate each method of financing authorized by this chapter that the district wants to use to finance the project and the maximum rate of each method; and

(4) allow the voters to vote, in the same proposition or in separate propositions, on each method of financing authorized by this chapter that the district wants to use to finance the project and the maximum rate of each method.

(c) The ballot at the election or elections held under this section must be printed to permit voting for or against the proposition: "Authorizing _____ (insert name of district) to _____ (insert description of venue project) and to impose a _____ tax (insert type of tax) at the rate of _____ (insert maximum rate) for the purpose of financing the venue project."

(d) If more than one method of financing is to be voted on in one proposition, the ballot must be printed to permit voting for or against the proposition: "Authorizing _____ (insert name of district) to _____ (insert description of venue project) and to impose a _____ tax at the rate of _____ (insert each type of tax and the maximum rate of each tax) for the purpose of financing the venue project."

(d-1) If the proposition is authorizing the imposition of a hotel occupancy tax, the ballot must include the following language: "If approved, the maximum hotel occupancy tax rate imposed from all sources in _____ (insert name of district) would be _____ (insert the maximum combined hotel occupancy tax rate that would be imposed from all sources at any location in the district if the rate proposed in the ballot proposition is adopted) of the price paid for a room in a hotel."

(e) If a majority of the votes cast at the district-wide election or at the election in each creating political subdivision approves the proposition authorizing the project, the district may implement the resolution. If separate elections are held and a majority of the votes cast in one or more of the creating political subdivisions disapproves the proposition authorizing the project, the district may not implement the resolution. If the project is approved, but one or more financing methods contained in separate propositions are disapproved, the district may use only the approved financing methods.

(f) The Election Code governs an election held under this chapter.

(g) Notwithstanding Subsections (c) and (d) of this section, if a district is presently collecting taxes from one or more methods of financing and seeks to use a portion of the revenue from the tax or taxes to finance the venue project and does not seek to change the rate of tax or taxes, the ballot at the election or elections held under this section must be printed to permit voting for or against the proposition: "Authorizing _____ (insert name of district) to _____ (insert description of venue project) using a portion of existing _____ (insert type of tax or taxes) tax for the purpose of financing the project."

(c) A district shall make a good faith effort to increase the contracts the district awards to historically underutilized businesses for the construction of a venue project. The district shall make the good faith effort in the same manner, based on the same rules, and under the same conditions as a state agency under Section 2161.182, Government Code.

(d) If the district, in the exercise of the power of eminent domain, makes necessary the relocation, raising, lowering, rerouting, or changing in grade or alteration of the construction of any highway, railroad, electric transmission or distribution line, telephone or telegraph properties and facilities, or pipeline, all necessary relocations, raising, lowering, rerouting, changing in grade, or alteration of construction shall be accomplished at the sole expense of the district. The board shall determine whether or not the contract is being fulfilled.

(b) The board shall have the construction work inspected by

engineers, inspectors, or other personnel of the district.

(c) During the progress of the construction work, the employees inspecting the work shall submit to the board written reports that show whether or not the contractor is complying with the contract.

(d) On completion of construction work, the employees inspecting the work shall submit to the board a final detailed written report including information necessary to show whether or not the contractor has fully complied with the contract.

(b) If requested by the board, the contractor shall furnish an analysis of the total contract price showing the amount included for each principal category of the work, in such detail as requested, to provide a basis for determining progress payments.

(c) In making progress payments, the district shall retain 10 percent of the estimated amount until final completion and acceptance of the contract work. However, if the board, at any time after 50 percent of the work has been completed, finds that satisfactory progress is being made, it may authorize any of the remaining progress payments to be made in full. Also, if the work is substantially complete, the board, if it finds the amount retained to be in excess of the amount adequate for the protection of the district, may release to the contractor all or a part of the excess amount.

(d) On completion and acceptance of each separate project, work, or other division of the contract on which the price is stated separately in the contract, payment may be made without retention of a percentage.

(e) When construction work is completed according to the terms of the contract, the board shall draw a warrant on the depository to pay any balance due on the contract.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 74(a), eff. Aug. 28, 1989.

Sec. 351.141. FINAL APPROVAL AND CONVEYANCE BY BOARD. (a) On receiving the final construction inspection report, the board shall give notice and schedule a public hearing to determine whether the jail facility is complete as specified in the district's plans and in the contract.

(c) At the conclusion of the hearing, if the board determines that the work on the jail facility is complete, the board shall pass a resolution to convey the jail facility to the receiving county subject to the requirements of this subchapter if the jail facility is not already owned by the receiving county. The board shall file a copy of the resolution, together with the instrument of conveyance, with the clerk of the receiving county.

(b) A receiving county to which a jail facility is conveyed is the owner of the jail facility and is responsible for all operation, maintenance, upkeep, and administration of the jail facility. The district will have no further responsibility for the jail facility. This section does not limit or change the authority of the receiving county to alter, relocate, close, or discontinue operation or

maintenance of the jail facility as provided by law.

(c) Conveyance of a jail facility to a receiving county under this section does not affect the duties and responsibilities of the district to pay in full the principal of and the premium, if any, and interest on any outstanding bonds or other indebtedness of the district and to observe and perform the covenants, obligations, or conditions provided by the orders or resolutions authorizing the bonds or other indebtedness. Notwithstanding the conveyance of a jail facility to a receiving county under this section, the district is solely responsible and liable for payment in full of the principal of and the premium and interest on any bonds or other indebtedness of the district.

(d) A written protest alleging that the jail facility does not comply with the district's plans and written approval of the receiving county may be submitted to the board by the receiving county or a municipality in which the jail facility is located before or during the public hearing scheduled under Section 351.141. On receipt of a protest, the board may delay the facility conveyance until the district fully complies with the plans and written approvals.

(e) This subchapter does not prevent the conveyance of a part of the jail facility proposed to be constructed or acquired by a district if the district's jail facility is constructed in stages.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 74(a), eff. Aug. 28, 1989.

Sec. 351.143. CHANGES AND ADDITIONS TO FACILITIES. (a) Before a jail facility is conveyed to a receiving county, the district may make changes in or additions to the facility if the board determines that the changes or additions are necessary to:

(2) adjust to circumstances or requirements that did not exist at the time the original plans for the facility were approved by the board.

(b) Before changes or additions are made under this section, the board shall consult with the receiving county regarding the

proposed changes.

(b) This section does not apply to purchases of property from public agencies or to contracts for personal or professional services.

(7) estimated tax rate that will be required.

(d) The board shall hold a public hearing on the annual budget. Before the 10th day before the date set for the hearing, the board must publish notice of the hearing in a newspaper of general circulation in the district.

SUBCHAPTER C. FIREWORKS

Sec. 352.051. REGULATION OF RESTRICTED FIREWORKS. (a) For the purposes of this section the following definitions shall apply:

(1) "Restricted fireworks" means only those items classified under 49 C.F.R. Sec. 173.100(r)(2) (10-1-86 edition), as "skyrockets with sticks" and "missiles with fins".

(2) "Drought conditions" means the existence immediately preceding or during the fireworks season of a Keetch-Byram Drought Index of 575 or greater.

(b)(1) The Texas Forest Service in the ordinary course of its activities shall determine whether drought conditions, as defined under Subsection (a)(2), exist on average in any county requesting such a determination. The Texas Forest Service shall make available the measurement index guidelines used to determine whether drought conditions exist in a particular area. Following any determination that such drought conditions exist, the Texas Forest Service shall notify said county or counties when such drought conditions no longer exist. The Texas Forest Service shall make its services available each day during the Texas Independence Day, San Jacinto Day, Memorial Day, Fourth of July, and December fireworks seasons to respond to the request of any county for a determination whether drought conditions exist on average in the county.

(2) The Texas Forest Service shall be allowed to take such donations of equipment or funds as necessary to aid in the carrying out of this section.

(c) Upon a determination under this section that drought conditions exist on average in a specified county, the commissioners court of the county by order may prohibit or restrict the sale or use of restricted fireworks in the unincorporated area of the county. In addition, during the December fireworks season, the commissioners court of a county by order may restrict or prohibit the sale or use of restricted fireworks in specified areas when conditions on rural acreage in the county not under cultivation for a period of at least 12 months are determined to be extremely hazardous for the danger of fire because of high grass or dry vegetation.

(d) To facilitate compliance with an order adopted under Subsection (c), the order must be adopted before:

- (1) February 15 of each year for the Texas Independence Day fireworks season;
- (2) April 1 of each year for the San Jacinto Day fireworks season;
- (3) April 25 of each year for the Cinco de Mayo fireworks season;
- (4) May 15 of each year for the Memorial Day fireworks season;
- (5) June 15 of each year for the Fourth of July fireworks season; and
- (6) December 15 of each year for each December fireworks season.

(e) An order issued under this section shall expire upon determination as provided under Subsection (b) that such drought conditions no longer exist.

(f) When a county issues an order restricting or prohibiting the sale or use of restricted fireworks under this section, the county may designate one or more areas of appropriate size and accessibility in the county as safe areas where the use of restricted fireworks is not prohibited, and the legislature encourages a county to designate such an area for that purpose. The safe area may be provided by the county, a municipality within the county, or an individual, business, or corporation. A safe area may be designated in and provided in the geographic area of the regulatory jurisdiction of a municipality if the activity conducted in the safe area is authorized by general law or a municipal regulation or ordinance. An area is considered safe if adequate public safety and fire protection services are provided to the area. A county, municipality, individual, business, or corporation is not liable for injuries or damages resulting from the designation, maintenance, or use of the safe area.

(g) A person selling any type of fireworks, including restricted fireworks, in a county that has adopted an order under Subsection (c) shall, at every location at which the person sells fireworks in the county, provide reasonable notice of the order and reasonable notice of any location designated under Subsection (f) as a safe area.

(h) An affected party is entitled to injunctive relief to

prevent the violation or threatened violation of a requirement or prohibition established by an order adopted under this section.

(i) A person commits an offense if the person knowingly or intentionally violates a prohibition established by an order issued under this section. An offense under this subsection is a Class C misdemeanor.

SUBCHAPTER D. OUTDOOR BURNING

Sec. 352.081. REGULATION OF OUTDOOR BURNING. (a) In this section, "drought conditions" means the existence of a long-term deficit of moisture creating atypically severe conditions with increased wildfire occurrence as defined by the Texas Forest Service through the use of the Keetch-Byram Drought Index or, when that index is not available, through the use of a comparable measurement that takes into consideration the burning index, spread component, or ignition component for the particular area.

(b) On the request of the commissioners court of a county, the Texas Forest Service shall determine whether drought conditions exist in all or part of the county. The Texas Forest Service shall make available the measurement index guidelines that determine whether a particular area is in drought condition. Following a determination that drought conditions exist, the Texas Forest Service shall notify

the county when drought conditions no longer exist. The Texas Forest Service may accept donations of equipment or funds as necessary to aid the Texas Forest Service in carrying out this section.

(c) The commissioners court of a county by order may prohibit or restrict outdoor burning in general or outdoor burning of a particular substance in all or part of the unincorporated area of the county if:

(1) drought conditions have been determined to exist as provided by Subsection (b); or

(2) the commissioners court makes a finding that circumstances present in all or part of the unincorporated area create a public safety hazard that would be exacerbated by outdoor burning.

(d) An order adopted under this section must specify the period during which outdoor burning is prohibited or restricted. The period may not extend beyond the 90th day after the date the order is adopted. A commissioners court may adopt an order under this section that takes effect on the expiration of a previous order adopted under this section.

(e) An order adopted under this section expires, as applicable, on the date:

(1) a determination is made under Subsection (b) that drought conditions no longer exist; or

(2) a determination is made by the commissioners court, or the county judge or fire marshal if designated for that purpose by the commissioners court, that the circumstances identified under Subsection (c)(2) no longer exist.

(f) This section does not apply to outdoor burning activities:

(1) related to public health and safety that are authorized by the Texas Commission on Environmental Quality for:

(A) firefighter training;

(B) public utility, natural gas pipeline, or mining operations; or

(C) planting or harvesting of agriculture crops;

(2) that are conducted by a certified and insured prescribed burn manager certified under Section 153.048, Natural Resources Code, and meet the standards of Section 153.047, Natural Resources Code; or

(3) that are conducted by the members of a prescribed burning organization under the conditions provided by Section

153.049, Natural Resources Code, and meet the standards of Section 153.047, Natural Resources Code.

(g) Any person is entitled to injunctive relief to prevent the violation or threatened violation of a prohibition or restriction established by an order adopted under this section.

(h) A person commits an offense if the person knowingly or intentionally violates a prohibition or restriction established by an order adopted under this section. An offense under this subsection is a Class C misdemeanor.

(2) in which a planned community is located that has 20,000 or more acres of land, that was originally established under the Urban Growth and New Community Development Act of 1970 (42 U.S.C. Section 4501 et seq.), and that is subject to restrictive covenants containing ad valorem or annual variable budget based assessments on real property.

(b) In this section, "neighborhood" and "refuse" have the meanings assigned by Section 343.002, Health and Safety Code.

(c) A person commits an offense if the person intentionally or knowingly burns household refuse outdoors on a lot that is:

- (1) located in a neighborhood; or
- (2) smaller than five acres.

(d) An offense under this section is a Class C misdemeanor. On conviction of an offense under this section, the court shall require the defendant, in addition to any fine, to perform community service as provided by Article 42A.304(e), Code of Criminal Procedure.

SUBCHAPTER E. GATED COMMUNITIES AND MULTI-UNIT HOUSING PROJECTS

Sec. 352.111. GATED COMMUNITY OR HOUSING PROJECT SUBJECT TO SUBCHAPTER. This subchapter applies only to a gated community, or to a multi-unit housing project that controls access to the project by a pedestrian or vehicular gate, located outside municipal boundaries in an area not already subject to municipal regulations regarding vehicular or pedestrian gates.

Added by Acts 2001, 77th Leg., ch. 111, Sec. 1, eff. Sept. 1, 2001.

Amended by:

Sec. 352.113. COUNTY AUTHORITY TO REGULATE VEHICULAR OR PEDESTRIAN GATES TO GATED COMMUNITIES AND MULTI-UNIT HOUSING PROJECTS. To assure reasonable access for fire-fighting vehicles and equipment, emergency medical services vehicles, and law enforcement officers, a county may require the owner or the owners association of a gated community or multi-unit housing project to comply with this subchapter.

Sec. 352.114. LOCKBOX REQUIREMENTS. (a) Each vehicular gate to the gated community or multi-unit housing project must have a lockbox within sight of the gate and in close proximity outside the gate. The lockbox at all times must contain a key, card, or code to open the gate or a key switch or cable mechanism that overrides the key, card, or code that normally opens the gate and allows the gate to be opened manually.

(b) If there are one or more pedestrian gates, at least one pedestrian gate must have a lockbox within sight of the gate and in close proximity outside the gate. The lockbox at all times must contain a key, card, code, key switch, or cable mechanism to open the gate.

(c) If different pedestrian gates are operated by different keys, cards, or codes, the lockbox must contain:

(1) each key, card, or code, properly labeled for its respective gate; or

(2) a single master key, card, or code or a key switch or cable mechanism that will open every gate.

(d) Access to a lockbox required by this section shall be limited to a person or agency providing fire-fighting or emergency medical services or law enforcement for the county.

(e) If a gate is powered by electricity, it must be possible to open the gate without a key, card, code, or key switch if the gate loses electrical power.

Added by Acts 2009, 81st Leg., R.S., Ch. 620 (H.B. 1063), Sec. 1, eff. September 1, 2009.

Sec. 352.115. ADDITIONAL ACCESSIBILITY REQUIREMENTS. (a) In a gated community or multi-unit housing project that has one or more vehicular gates:

- (1) at least one vehicular gate must be wide enough for fire-fighting vehicles, fire-fighting equipment, emergency medical services vehicles, or law enforcement vehicles to enter; and
- (2) at least one driveway apron or entrance from the public right-of-way must be free of permanent obstacles that might impede entry by a vehicle or equipment listed in Subdivision (1).

(b) The county fire marshal or other authority shall waive the vehicular gate width requirements of Subsection (a) for a multi-unit housing project completed before January 1, 2002, if the requirements cannot readily be met because of space limitations or excessive cost. For purposes of this subsection, \$6,000 per entrance based on the value of the dollar on January 1, 2000, is considered an excessive cost for expanding gate width and achieving an obstacle-free driveway apron or entrance.

(c) A pedestrian gate in a gated community or multi-unit housing project must be located so as to provide firefighters, law enforcement officers, and other emergency personnel reasonable access to each building.

(d) This section does not require a multi-unit housing project to have a vehicular gate or a pedestrian gate.

(b) A permit may be issued under this subchapter only if the requirements of this subchapter and standards adopted under this subchapter are met.

(c) To pay for the cost of administering the permits, the county may collect a one-time fee not to exceed \$50 from each person to whom a permit is issued under this section.

Sec. 352.118. SUSPENSION OR REVOCATION OF LICENSE. (a) A permit issued under this subchapter may be suspended or revoked for violation of this subchapter or a regulation adopted under this subchapter after notice and a hearing on a complaint by the county fire marshal or other authority having jurisdiction for fire

fighting, emergency medical service, or law enforcement. The hearing shall be held by the commissioners court of the county or by a person or entity designated by the commissioners court.

(1) the municipality within whose extraterritorial jurisdiction the gated community or multi-unit housing project is located; or

(2) the municipality nearest, on a straight line, to the boundary of the gated community or multi-unit housing project, if the community or project is not within the extraterritorial jurisdiction of a municipality.

(b) The county fire marshal or other authority with fire-fighting jurisdiction may adopt reasonable standards relating to vehicular gate width, obstacle-free driveway aprons or entrances, pedestrian gate locations, and building numbers if the appropriate municipality described by Subsection (a) has not adopted applicable standards.

(1) from current income and funds on hand that are budgeted by the municipality and county for that purpose;

(2) through the issuance of bonds by either or both of them under the procedures prescribed for the issuance of general obligation bonds for other public buildings and purposes;

(3) by the issuance by either or both of them of certificates of obligation under the Certificate of Obligation Act of 1971 (Subchapter C, Chapter 271); or

(4) through a combination of those methods.

(c) Instead of or in combination with the use of taxing power in the payment of bonds or certificates of obligation issued under Subsection (b), those bonds or certificates may be payable from and secured by income derived from the facilities of the criminal justice center, including income from leases and from the proceeds of parking or other fees.

(d) The contract may provide for the creation of an administrative agency or may designate one of the parties to supervise the accomplishment of the purposes of the contract and to operate and maintain the criminal justice center. The administrative agency or designated party may employ personnel and may engage in other administrative activities as necessary to accomplish the purposes of the contract and to operate and maintain the criminal justice center.

Sec. 361.023. CONTRACTUAL AUTHORITY CONTINGENT ON LEGISLATION OF OTHER STATE. A county or municipality in this state may make the contract only if the other state enacts legislation that relates to the establishment of a justice center under a contract and that:

(1) assigns responsibility for the operation of the detention facilities in the center in the manner required by Section 361.026;

(2) provides for the application and enforcement of the law of both states in the manner provided by Section 361.028;

(3) contains provisions authorizing the arrest, prosecution, transfer, and control of persons as prescribed by Sections 361.029(a)(2), (d), (e), and (f)(2);

(4) authorizes peace officers to take the actions authorized by Sections 361.029(j) and (k); and

(5) provides that:

(A) a person in custody in the center under the law of this state may not be prosecuted for an offense against the law of the other state without extradition and may not be personally served with process in the center for a proceeding in the other state;

(B) a person summoned to appear in the center under the law of this state may not be personally served with process in any part of the center for a proceeding in the other state; and

(C) a person summoned to appear in the center under the law of this state may not be arrested in any part of the center for an offense against the law of the other state.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 361.024. FINANCING OF JUSTICE CENTER. The governing body of the municipality or county in this state that makes the contract may finance its share of the construction, operation, management, or other financing costs of the justice center by any means, including the use of available federal funds, that the governing body may use to finance the type of facilities that the municipality or county will use in or provide to the center.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 361.025. MANAGEMENT OF JUSTICE CENTER; PERSONNEL. (a) The contracting parties may specify in the contract the manner of determining the persons responsible for the:

- (1) operation, alteration, maintenance, cleaning, and repair of the justice center facilities;
- (2) employment of the center personnel;
- (3) purchase of materials, supplies, tools, and other equipment to be jointly used by offices provided or used by the contracting parties;
- (4) preparation of reports to be made to the governing bodies of the contracting parties;
- (5) joint record-keeping, communications, or dispatch systems; and
- (6) performance of any other powers or duties relating to the operation of the center.

(b) The contracting parties may provide in the contract the manner of determining the personnel policies and employment benefit programs for personnel of the justice center.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 361.026. RESPONSIBILITY FOR OPERATION OF JAIL. The contract must provide:

- (1) that the sheriffs of the two counties are jointly responsible for the operation of any jail, lockup, jail annex, or other detention facility in the justice center and for the custody, care, and treatment of persons in custody in that facility; or
- (2) for the employment of a jailer who shall exercise those responsibilities.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1993, 73rd Leg., ch. 17, Sec. 2, eff. April 2, 1993.

Sec. 361.027. COURTROOMS AND COURT PROCEEDINGS AT JUSTICE CENTER. (a) A court of appeals or a district, county, justice, or municipal court with jurisdiction in the county or municipality in which a part of the justice center is located may maintain offices

and courtrooms and may hold proceedings at the center, except that:

(1) only a justice court for the precinct in which the part of the justice center in this state is located may maintain an office and courtroom in the center; and

(2) a court of this state may not hold proceedings in the part of the center that is located in the other state.

(b) A court of the other state may hold proceedings in the part of the justice center that is located in this state.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 361.028. EXTENT TO WHICH EACH STATE'S LAW APPLIES AT JUSTICE CENTER. (a) Except as otherwise provided by this subchapter, the law of both states that relates to the rights, duties, liabilities, privileges, and immunities arising from conduct applies to conduct that occurs in any part of the justice center. If it is impossible for a person in the center to conform the person's conduct to the law of both states, the person may choose which state's law governs the conduct. If the person elects to follow the law of the other state, the conflicting law of this state does not apply to the conduct.

(b) The physical plant of the justice center and the equipment and facilities used by personnel of both states who are employed at the center are constructively located in both states.

(c) Except as provided by Subsection (d), property located in any part of the justice center that is owned by or is in the possession of a person who is in custody at, or who is summoned to appear in, the center, is constructively located in the state under the law of which the person was taken into custody or was summoned to appear.

(d) Subsection (a) applies to conduct committed in the justice center that constitutes an offense relating to the possession of property. Subsection (a) also applies to a person's exercise of a duty relating to property located in the justice center.

(e) Property that is ordered by a court to be produced in the justice center or that is in the possession of a peace officer or a party to a proceeding for use as evidence before a court holding a proceeding in the center is constructively located in the state in which the court has jurisdiction.

(f) Any property located in the justice center that is not covered by Subsection (c), (d), or (e) is constructively located in both states.

(g) The law of the state in which property is constructively located applies to that property to the same extent that that law would apply if the property were actually located in that state. If property is constructively located in only one state, the law of the state in which the property is not constructively located applies to that property only to the extent that the law of that state would apply if the property were actually located outside that state.

(h) Except as otherwise provided by this subchapter, the courts of both states have concurrent jurisdiction over the geographic area covered by the justice center. However, the state in which a prosecution for an offense committed in the justice center is first instituted may exercise its jurisdiction to the exclusion of the other state's jurisdiction unless the prosecution is terminated without the attachment of jeopardy under the law of the state of the initial prosecution. For the purposes of this subsection, prosecution is instituted in this state on the filing of an indictment, an information, or a complaint. The attachment of jeopardy in this state is determined by Article 27.05, Code of Criminal Procedure.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 361.029. ARREST, PROSECUTION, EXTRADITION, AND SERVICE OF PROCESS AT JUSTICE CENTER. (a) A person who is in the justice center in the custody, under the law of this state, of a peace officer or center personnel:

(1) is constructively present in this state while the person is in custody in the part of the center located in the other state;

(2) may be prosecuted for an offense against the law of this state without extradition; and

(3) may be personally served with process in any part of the center for a proceeding in this state.

(b) A person who is in the justice center in the custody, under the law of the other state, of a peace officer or center personnel:

(1) is constructively present in the other state while the

person is in custody in the part of the center located in this state;

(2) may not be prosecuted for an offense against the law of this state without extradition; and

(3) may not be personally served with process in any part of the center for a proceeding in this state.

(c) This state agrees that a person who is in the justice center in the custody, under the law of the other state, of a peace officer or center personnel may be:

(1) prosecuted for an offense against the law of the other state without extradition; and

(2) personally served with process in any part of the center for a proceeding in the other state.

(d) Justice center personnel or a peace officer of either state may transfer across the state line in the center a person who is in custody in the center under the law of either state and may exercise control over the person on both sides of the state line.

(e) A person who is present in the justice center but who has not been confined in the center, taken to the center under arrest, or summoned to appear in the center, may be arrested without extradition in any part of the center for an offense against the law of either state. Extradition of a person arrested in the justice center under those circumstances is not required for prosecution of the person if the person is actually present in any part of the center or in the state of the prosecution at the time of the prosecution.

(f) A person who is summoned to appear in the justice center under the law of this state:

(1) is constructively present in this state while that person is appearing under the summons in the part of the center located in the other state;

(2) may be arrested in any part of the center for an offense committed against the law of this state and prosecuted for that offense without extradition if the person is actually present in any part of the center or in this state at the time of the prosecution; and

(3) may be personally served with process in any part of the center for a proceeding in this state.

(g) A person who is summoned to appear in the justice center under the law of the other state:

(1) is constructively present in the other state while that person is appearing under the summons in the part of the center

located in this state;

(2) may not be arrested, without extradition, under the law of this state in any part of the center for an offense against the law of this state; and

(3) may not be personally served with process in any part of the center for a proceeding in this state.

(h) This state agrees that a person who is summoned to appear in the justice center under the law of the other state may be:

(1) arrested in any part of the center for an offense against the law of the other state and prosecuted for that offense without extradition if the person is actually present in any part of the center or in the other state at the time of the prosecution; and

(2) personally served with process in any part of the center for a proceeding in the other state.

(i) If a person in the justice center is constructively present in one state under this section, the law of the state in which the person is not constructively present may be applied to the person only to the extent that the law of that state would apply if the person were actually outside that state. However, the law applicable to that person's conduct while in the justice center is governed by Section 361.028, and the question of whether extradition is required to arrest or prosecute that person for an offense committed in the center is governed by this section.

(j) A peace officer of this state may:

(1) arrest a person under the law of this state in the part of the justice center located in the other state for an offense against the law of this state if that peace officer is authorized to make that arrest in the part of the center located in this state; and

(2) arrest a person under the law of the other state in any part of the center for an offense against the law of the other state if a peace officer of the other state is authorized to make that arrest in the part of the center located in the other state.

(k) This state agrees that a peace officer of the other state may:

(1) arrest a person under the law of this state in any part of the justice center for an offense against the law of this state if a peace officer of this state is authorized to make that arrest in the part of the center located in this state; and

(2) arrest a person under the law of the other state in the

part of the justice center located in this state for an offense against the law of the other state if that peace officer is authorized to make that arrest in the part of the center located in the other state.

(1) Notwithstanding Sections 3 and 6, Article 51.13, Code of Criminal Procedure, the governor of this state may recognize a demand for the extradition of a person charged with a crime in the other state if the demand alleges that any element of the offense occurred in any part of the justice center.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

SUBCHAPTER C. JOINT MUNICIPAL AND COUNTY JAIL FACILITIES IN CERTAIN COUNTIES

Sec. 361.041. MUNICIPAL-COUNTY JAIL FACILITIES IN COUNTY WITH POPULATION OF LESS THAN 20,000. (a) A county with a population of less than 20,000 and any municipality located within the county may finance, construct, maintain, and operate jail facilities for the joint use of the county and municipality. The governing body of the municipality and the commissioners court of the county by contract may determine each party's obligations relating to those actions and may provide for the custody, control, and operation of the jail facilities. The term of the contract may not exceed 20 years.

(b) The municipality and county may issue and sell bonds in the manner provided by law and may spend the proceeds of those bonds for the purposes authorized by this section. The bonds remain the sole obligations of the authority that issues them. Any funds derived from the sale of the bonds shall remain in the possession and control of the issuing authority until spent by that authority for the authorized purposes.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 361.042. MUNICIPAL-COUNTY JAIL FACILITIES IN CERTAIN COUNTIES. (a) Instead of providing and maintaining its own jail, the commissioners court of a county with a population of 110,000 to 113,000 may provide safe and suitable jail facilities for the county by contracting for the facilities with the governing body of the municipality that is the county seat of the county.

(b) The contract must provide for:

(1) the incarceration, on a daily per capita basis, of the county's prisoners in the jail facilities owned by the municipality, with the daily per capita rate to be equal to the cost of maintaining a prisoner in the facilities or to be at an amount mutually agreed on by the parties;

(2) the lease to the county of a part of the municipally owned jail facilities, with payment under the lease to be at a rate based on the proportion of the total area of the facilities that is occupied by the county's prisoners; or

(3) the joint operation and maintenance of the municipally owned jail facilities for the mutual use and benefit of the county and the municipality, with each party's obligations regarding the maintenance and operation of the facilities to be prescribed by the contract.

(c) The contract may provide for the custody, control, and operation of the jail facilities. The jail facilities must meet the requirements established by Subchapter A, Chapter 351.

(d) A contract made under Subsection (b)(2) or (3) may not exceed a term of 20 years.

Sec. 361.043. JAILER FOR MUNICIPAL-COUNTY JAIL FACILITIES. (a) A contract made under Section 361.041 or 361.042 may provide for a jailer to be custodian of the jail facilities.

(b) The jailer is under the control and supervision of the sheriff of the county and shall be appointed by the sheriff with the advice and consent of the commissioners court of the county and the governing body of the municipality. The salary of the jailer shall be set in an amount equal to that of a deputy sheriff of the county and may be paid by the county and the municipality in proportionate amounts as provided by the contract.

(c) Except as otherwise provided by this section, the rights,

duties, salary, and tenure of the jailer are controlled by the laws governing deputy sheriffs.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

(a) The governing body of an entity is empowered and authorized to issue, or to provide for the issuance of, obligations and to execute credit agreements in relation thereto in order to finance project costs of an eligible project, or to refund obligations issued or incurred in connection with an eligible project. This subsection applies regardless of when:

- (1) the obligation is due; or
- (2) title to the project is transferred to the entity.

(b) Money to be paid pursuant to a lease obligation and revenues derived by an entity from the operation of an eligible project constitute revenues to an entity that may be pledged to secure or pay any obligations, and the entity's obligations may be made payable from and secured by, in whole or in part, those revenues. An entity may apply the provisions of Chapter 1371, Government Code, Section 271.052 or 361.053, or any combination of those laws to the issuance of obligations and the execution of credit

Sec. 361.053. REVENUE BONDS. (a) An entity may issue revenue bonds, without approval of the bonds at an election, for the purposes herein provided pursuant to a resolution which prescribes the terms and conditions for the payment of the principal of and interest thereon, and such revenue bonds may be secured by the revenues of an entity as described in Section 361.052, but in no event shall an entity be authorized to levy ad valorem taxes to pay all or part of such principal or interest.

(b) Revenue bonds issued under this section are not a debt or pledge of the faith and credit or the taxing power of the state or the entity but are payable solely from revenues arising under this section that are pledged to the repayment of the revenue bonds. To the extent that pledged revenues include amounts appropriated by the legislature, the revenue bonds shall state on their face that such revenues shall be available to pay debt service only if appropriated by the legislature for that purpose. Each revenue bond must also contain on its face a statement to the effect that:

(1) neither the state nor an agency, political corporation, or political subdivision of the state is obligated to pay the principal of or interest on the bonds except as provided by this subsection; and

(2) neither the faith and credit nor the taxing power of the state or any agency, political corporation, or political subdivision of the state is pledged to the payment of the principal of or interest on the bonds.

(c) The revenue bonds may be issued from time to time in one or

more series or issues, in bearer, registered, or any other form, which may include registered uncertified obligations not represented by written instruments and commonly known as book-entry obligations, the registration of ownership and transfer of which shall be provided for by the entity under a system of books and records maintained inside or outside the state by the entity or by an agent appointed by the entity in an order or a resolution providing for issuance of its bonds. Bonds may mature serially or otherwise not more than 50 years from their date, provided that bonds payable from money appropriated for that purpose by the legislature shall not mature or be subject to redemption before September 1, 1989, and the date of the first interest payment to be made from appropriated money shall not be scheduled to occur before September 1, 1989. Bonds may bear no interest or may bear interest at any rate or rates, fixed, variable, floating, or otherwise, determined by the entity or determined pursuant to any contractual arrangements approved by the entity and the state, subject to the provisions of Section 361.054(a). Interest on the bonds may be payable at any time and the rate of interest on the bonds may be adjusted at such time as may be determined by the entity or as may be determined pursuant to any contractual agreement approved by the entity and the state. The bonds may be issued in the form and denominations and executed in the manner and under the terms, conditions, and details determined by the governing body of the entity in the resolution authorizing their issuance. If any officer whose manual or facsimile signature appears on the bonds ceases to be an officer, the signature is still valid and sufficient for all purposes as if the officer had remained in office.

(d) The bonds may be secured additionally by a trust indenture or a deed of trust granting a security interest in an eligible project, under which the trustee may be a financial institution, domiciled inside or outside the state, which has trust power.

Added by Acts 1987, 70th Leg., 2nd C.S., ch. 70, Sec. 1, eff. Aug. 4, 1987. Amended by Acts 1999, 76th Leg., ch. 306, Sec. 3, eff. May 29, 1999.

Sec. 361.054. LIMITATIONS ON OBLIGATIONS AND LEASE OBLIGATIONS.

(a) Obligations issued or lease obligations incurred hereunder shall be within the interest rate limitations of Chapter 1204, Government

Code.

(b) From the proceeds from the sale of obligations an entity may set aside amounts for payments into the interest and sinking fund and reserve funds, and for interest and operating expenses during construction and development, as may be specified in the authorizing proceedings. Proceeds of obligations and amounts on deposit in interest and sinking funds and reserve funds may be invested pending their use for the purpose for which issued, in the manner described in Chapter 1371, Government Code.

(c) All obligations, lease obligations, and the records and contracts relating thereto shall be submitted prior to their delivery to the attorney general of Texas for examination and, if he finds that they have been issued or incurred in accordance with the constitution and this Act and that they will be binding special obligations of the entity issuing same, he shall approve them, and thereupon they shall be registered by the comptroller of public accounts of the State of Texas, and after such approval and registration they shall be valid and incontestable.

(d) Obligations may not be issued under this subchapter or any other law for eligible projects that include a lease obligation as both terms are defined by this subchapter without the prior approval of the Bond Review Board.

(e) Before an entity as defined by this subchapter may issue and sell obligations under this subchapter or any other law for eligible projects that include a lease obligation as both terms are defined by this subchapter, the legislature must have authorized the specific projects and method of financing by special act or in the general appropriations act, however this section does not apply to a 400-bed intermediate sanction facility located in a county with a population of 2.8 million or above.

(f) Refunding bonds may be issued to refund obligations in the manner now or hereafter provided by general law, including, without limitation, Chapter 1207, Government Code.

(g) The provisions of Chapter 1201, Government Code, apply to obligations issued or lease obligations incurred hereunder, and such obligations shall constitute a "security" within the meaning of Chapter 8, Business & Commerce Code.

(h) An entity may not use proceeds from the sale of obligations under this subchapter to acquire, construct, equip, or enlarge a correctional facility unless the facility complies with federal

constitutional standards and applicable court orders.

(2) provide for regular, on-site monitoring by the municipality;

(3) if the contract includes construction, provide for a performance bond and a payment bond specifically approved by resolution of the governing body as being adequate for the proposed contract and issued only by a surety authorized to do business as a surety in this state and regulated by the State Board of Insurance;

(4) provide for assumption of liability by a private vendor for all claims arising from the services performed under the contract by the private vendor;
