Sec. 25.071. ABANDONING CITY MANAGER FORM OF GOVERNMENT. (a) A municipality may abandon the city manager form of government at any

time as provided by this section.

(b) A petition requesting the mayor of the municipality to order a special election to abandon the city manager form of government must be filed with the clerk of the municipality and signed by a number of qualified voters equal to at least 20 percent of the total number of qualified voters who voted for mayor at the most recent municipal election at which the office of mayor was to be filled.

(c) Within 10 days after the date a petition is filed under Subsection (b), the mayor shall issue a proclamation ordering the special election. The proclamation must state that the election is ordered to determine whether the municipality will abandon the city manager form of government and notice of the election must be as for an election to consider the adoption of the city manager form of government.

(d) The election must be held on the first authorized uniform election date prescribed by the Election Code that occurs after the date the petition is filed under Subsection (b) and that affords enough time to hold the election in the manner required by law.

(e) The ballots at the election shall be printed to provide for voting for or against the proposition: Abandoning the city manager form of government in the municipality of _____ (name of the municipality).

Sec. 25.072. DUTIES OF GOVERNING BODY IF CITY MANAGER FORM IS ABANDONED. (a) If a majority of votes cast at an election under this subchapter are for abandoning the city manager form of government, the governing body of the municipality shall discharge the city manager within 60 days after the election day.

(b) When the city manager is discharged, the governing body shall assume the powers and duties given to the governing body by law as if the city manager form of government had never been adopted.

SUBCHAPTER C. MUNICIPAL OFFICERS

Sec. 26.041. CREATION OF MUNICIPAL OFFICES. The municipality may:

- (1) create offices;
- (2) determine the method for selecting officers; and
- (3) prescribe the qualifications, duties, and tenure of office for officers.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 26.043. FILLING VACANCY IN ELECTIVE OFFICE IN MUNICIPALITY WITH POPULATION OF 384,000 OR MORE. (a) If a vacancy occurs in an elective office of a municipality with a population of 384,000 or more and if the charter of the municipality does not provide for the filling of the vacancy, the governing body of the municipality, by majority vote, shall appoint an individual to fill the vacated office for the unexpired term. Pending that appointment, the governing body may appoint a person on a temporary basis to serve for a period not

to exceed 60 days.

(b) A person appointed under Subsection (a) must possess the qualifications required of the elected official.

(c) If the municipality holds an election to vote on proposed amendments to its charter, it shall at that time submit a proposed charter amendment to provide a method for filling vacancies in elective offices.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 26.044. ELECTION FROM SINGLE-MEMBER AND AT-LARGE DISTRICTS; LIMITATION ON YEARS OF SERVICE. (a) The governing body of a municipality with a population of 1.5 million or more must consist of one mayor elected at large, 16 members elected from single-member districts, and six members elected at large. Each member representing a single-member district must reside in the district.

(b) This section supersedes any charter provision or ordinance adopted before January 1, 1992. The municipality may adopt a different composition or organization of its governing body in a manner provided by its charter on or after January 1, 1992.

(c) The municipality may provide for the members of the governing body to serve staggered terms.

(d) After each redistricting, the terms of the members of the governing body representing single-member districts expire, and an election shall be held in each new district to fill the position for that district.

(e) The districts must be compact and contiguous and as equal as practicable in population.

(f) A municipality having the population provided by Subsection (a) according to the 1980 federal decennial census and covered by Subsection (a) under the 1990 federal decennial census must comply with Subsection (a) not later than May 1, 1992. Before that date, the governing body of the municipality may implement the transition to a governing body that complies with Subsection (a) as it determines appropriate.

(g) A municipality to which this section applies for the first time under the 1990 or a subsequent federal decennial census must comply with Subsection (a) before the next January 1 that occurs at

least one year after the date the official census data for the municipality is made public by the United States Bureau of the Census.

(h) Subsections (a) through (f) apply to a municipality having the population described by Subsection (a) under the 1980 and 1990 federal decennial censuses only if a finding is made that representation of the citizens of the municipality requires that the governing body consist of members as required by Subsection (a). The finding must be made by the voters of the municipality voting at an election on the question. The mayor of the municipality shall order an election on the question for the November 1991 uniform election date. The mayor shall order the ballot for the election to be printed to provide for voting for or against the proposition: "Representation of the citizens of the municipality of (name of the municipality) requires that the governing body of the municipality consist of (a description of the requirements of Subsection (a))." If a majority of the votes cast at the election favor the proposition, the finding required by this subsection is considered to have been made, and this section shall be implemented in the municipality. If a majority of the votes cast are not in favor of the proposition, this section has no effect in the municipality.

(i) If this section takes effect on or before July 1, 1991, the election as required by Subsection (h) shall be held on August 10, 1991, as required by Section 41.001, Election Code, instead of on the November 1991 uniform election date.

(j) Repealed by Acts 1993, 73rd Leg., ch. 919, Sec. 2, eff. Aug. 30, 1993.

position, to fill the vacancy. The special election shall be held on an authorized uniform election date prescribed by the Election Code that occurs before the general election and that allows enough time to hold the election in the manner required by law and shall be conducted in the same manner as the municipality's general election except as provided by provisions of the Election Code applicable to special elections to fill vacancies.

(b) This section does not apply to a municipality that has provided by charter or charter amendment a different procedure to fill a vacancy on its governing body for which the unexpired term is 12 months or less.

Sec. 26.046. SIZE OF GOVERNING BODY: CERTAIN MUNICIPALITIES.

(a) This section applies only to a municipality with a population of 1.1 million or more that elects each member of its governing body other than the mayor from fewer than 14 single-member districts.

(b) Notwithstanding a charter provision to the contrary, the municipality may provide by ordinance for the number of districts used to elect members to the municipality's governing body. The ordinance may not provide for more than 14 districts.

(c) This section does not affect a mayor who, under a charter provision, is elected in a municipality at large.

Added by Acts 2001, 77th Leg., ch. 1179, Sec. 1, eff. June 15, 2001.

Sec. 26.047. FILLING VACANCY IN OFFICE OF MAYOR. Unless otherwise provided by the charter of the municipality or this chapter, a person serving as a member of the governing body of the municipality is not, because of that service, ineligible to be appointed to fill a vacancy in the office of mayor of the municipality, but the person may not vote on the person's own appointment.

SUBTITLE C. MUNICIPAL BOUNDARIES AND ANNEXATION

CHAPTER 41. MUNICIPAL BOUNDARIES

Sec. 41.001. MAP OF MUNICIPAL BOUNDARIES AND EXTRATERRITORIAL JURISDICTION. (a) Each municipality shall prepare a map that shows the boundaries of the municipality and of its extraterritorial jurisdiction. A copy of the map shall be kept in the office of the secretary or clerk of the municipality. If the municipality has a municipal engineer, a copy of the map shall also be kept in the office of the engineer.

(b) If the municipality annexes territory, the map shall be immediately corrected to include the annexed territory. The map shall be annotated to indicate:

- (1) the date of annexation;
- (2) the number of the annexation ordinance, if any; and
- (3) a reference to the minutes or municipal ordinance records in which the ordinance is recorded in full.

(c) If the municipality's extraterritorial jurisdiction is expanded or reduced, the map shall be immediately corrected to indicate the change in the municipality's extraterritorial jurisdiction. The map shall be annotated to indicate:

- (1) the date the municipality's extraterritorial jurisdiction was changed;
- (2) the number of the ordinance or resolution, if any, by which the change was made; and
- (3) a reference to the minutes or municipal ordinance or resolution records in which the ordinance or resolution is recorded in full.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1997, 75th Leg., ch. 970, Sec. 1, eff. Sept. 1, 1997.

Sec. 41.0015. NOTICE OF MUNICIPAL BOUNDARY CHANGE. (a) If an area is annexed to or disannexed from a municipality, the mayor or other presiding officer of the governing body of the municipality shall, within 30 days after the date of preclearance under Section 5, Federal Voting Rights Act (42 U.S.C. Sec. 1973c), of the annexation

or disannexation, send to the county clerk of each county in which the municipality is located a certified copy of documents showing the change in boundaries.

(b) The county shall promptly correct to reflect the change in municipal boundaries any official county map kept by the county that would be affected by the change.

Added by Acts 1989, 71st Leg., ch. 1160, Sec. 1, eff. Aug. 28, 1989.

Sec. 41.002. BOUNDARY SURVEY IN GENERAL-LAW MUNICIPALITIES.

(a) Immediately after the members of the governing body of a newly incorporated general-law municipality qualify for office, the governing body shall adopt an ordinance requiring a survey of the boundaries of the municipality to be made.

(b) The survey must be based on the boundaries designated in the petition for incorporation. The field notes of the survey must be recorded in the minutes of the municipality and in the deed records of the county in which the municipality is located.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 41.003. INCLUSION OF AREA RECEIVING LONGSTANDING TREATMENT AS PART OF MUNICIPALITY. (a) The governing body of a municipality may adopt an ordinance to declare an area that is adjacent to the municipality and that meets the requirements of Subsection (b) to be a part of the municipality. The adoption of the ordinance creates an irrebuttable presumption that the area is a part of the municipality for all purposes. The presumption may not be contested for any cause after the effective date of the ordinance.

(b) An area qualifies for inclusion in a municipality under this section only if, on the date of the adoption of the ordinance:

(1) the records of the municipality indicate that the area has been a part of the municipality for at least the preceding 20 years;

(2) the municipality has provided municipal services, including police protection, to the area and has otherwise treated the area as a part of the municipality during the preceding 20 years;

(3) there has not been a final judicial determination during the preceding 20 years that the area is outside the boundaries

of the municipality; and

(4) there is no pending lawsuit that challenges the inclusion of the area as part of the municipality.

(c) The date on which an area that is made a part of a municipality under this section is considered to be a part of the municipality is retroactive to the date on which the municipality began its continuous treatment of the area as part of the municipality. That date shall be used for all relevant purposes, including a determination of whether territory allegedly annexed by the municipality was adjacent to the municipality at the time of the purported annexation.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 41.004. BOUNDARIES NOT AFFECTED BY CHANGE TO TYPE A GENERAL-LAW MUNICIPALITY. If a municipality changes to a Type A general-law municipality under Subchapter B of Chapter 6, the boundaries of the municipality remain the same as they existed under the law governing the municipality before the change. After the change, the boundaries are subject to the law governing Type A general-law municipalities.

CHAPTER 42. EXTRATERRITORIAL JURISDICTION OF MUNICIPALITIES
SUBCHAPTER A. GENERAL PROVISIONS

Sec. 42.001. PURPOSE OF EXTRATERRITORIAL JURISDICTION. Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

SUBCHAPTER B. DETERMINATION OF EXTRATERRITORIAL JURISDICTION

Sec. 42.021. EXTENT OF EXTRATERRITORIAL JURISDICTION. (a) The extraterritorial jurisdiction of a municipality is the unincorporated area that is contiguous to the corporate boundaries of the

municipality and that is located:

- (1) within one-half mile of those boundaries, in the case of a municipality with fewer than 5,000 inhabitants;
- (2) within one mile of those boundaries, in the case of a municipality with 5,000 to 24,999 inhabitants;
- (3) within two miles of those boundaries, in the case of a municipality with 25,000 to 49,999 inhabitants;

- (5) within five miles of those boundaries, in the case of a municipality with 100,000 or more inhabitants.

(b) Regardless of Subsection (a), the extraterritorial jurisdiction of a municipality is the unincorporated area that is contiguous to the corporate boundaries of the municipality and that is located:

- (1) within five miles of those boundaries on a barrier island; or
- (2) within one-half mile of those boundaries off a barrier island.

(c) Subsection (b) applies to a municipality that has:

- (1) a population of 2,000 or more; and
- (2) territory located:
 - (A) entirely on a barrier island in the Gulf of Mexico;

and

- (B) within 30 miles of an international border.

(d) Regardless of Subsection (a), the extraterritorial jurisdiction of a municipality is the unincorporated area that is contiguous to the corporate boundaries of the municipality and that is located within three miles of those boundaries if the municipality:

Sec. 42.022. EXPANSION OF EXTRATERRITORIAL JURISDICTION. (a) When a municipality annexes an area, the extraterritorial jurisdiction of the municipality expands with the annexation to comprise, consistent with Section 42.021, the area around the new municipal boundaries.

(b) The extraterritorial jurisdiction of a municipality may expand beyond the distance limitations imposed by Section 42.021 to include an area contiguous to the otherwise existing extraterritorial jurisdiction of the municipality if the owners of the area request the expansion.

(c) The expansion of the extraterritorial jurisdiction of a municipality through annexation, request, or increase in the number of inhabitants may not include any area in the existing extraterritorial jurisdiction of another municipality, except as provided by Subsection (d).

(d) The extraterritorial jurisdiction of a municipality may be expanded through annexation to include area that on the date of annexation is located in the extraterritorial jurisdiction of another municipality if a written agreement between the municipalities in effect on the date of annexation allocates the area to the extraterritorial jurisdiction of the annexing municipality.

- (1) annexed by the municipality; and
- (2) not contiguous to other territory of the municipality.

(b) Notwithstanding Section 42.021, the annexation of an area described by Subsection (a) does not expand the extraterritorial jurisdiction of the municipality.

Added by Acts 1999, 76th Leg., ch. 1167, Sec. 1, eff. Sept. 1, 1999.

Sec. 42.023. REDUCTION OF EXTRATERRITORIAL JURISDICTION. The extraterritorial jurisdiction of a municipality may not be reduced unless the governing body of the municipality gives its written consent by ordinance or resolution, except:

(1) in cases of judicial apportionment of overlapping extraterritorial jurisdictions under Section 42.901;

(2) in accordance with an agreement under Section 42.022(d); or

(3) as necessary to comply with Section 42.0235.

Sec. 42.0235. LIMITATION ON EXTRATERRITORIAL JURISDICTION OF CERTAIN MUNICIPALITIES. (a) Notwithstanding Section 42.021, and except as provided by Subsection (d), the extraterritorial jurisdiction of a municipality with a population of more than 175,000 located in a county that contains an international border and borders the Gulf of Mexico terminates two miles from the extraterritorial jurisdiction of a neighboring municipality if extension of the extraterritorial jurisdiction beyond that limit would:

(1) completely surround the corporate boundaries or extraterritorial jurisdiction of the neighboring municipality; and

(2) limit the growth of the neighboring municipality by precluding the expansion of the neighboring municipality's extraterritorial jurisdiction.

(b) A municipality shall release extraterritorial jurisdiction as necessary to comply with Subsection (a).

(c) Notwithstanding any other law, a municipality that owns an

electric system and that releases extraterritorial jurisdiction under Subsection (b) may provide electric service in the released area to the same extent that the service would have been provided if the municipality had annexed the area.

(d) Extraterritorial jurisdiction for a municipality subject to this section is determined under Section 42.021 if the governing body of the municipality and the governing body of the neighboring municipality each adopt, on or after June 1, 2017, resolutions stating that the determination of extraterritorial jurisdiction under Section 42.0235(a) is not in the best interest of the municipality.

Amended by:

Acts 2017, 85th Leg., R.S., Ch. 447 (S.B. 468), Sec. 1, eff. September 1, 2017.

Sec. 42.024. TRANSFER OF EXTRATERRITORIAL JURISDICTION BETWEEN CERTAIN MUNICIPALITIES. (a) In this section:

(1) "Adopting municipality" means a home-rule municipality with a population of less than 25,000 that purchases and appropriates raw water for its water utility through a transbasin diversion permit from one or two river authorities in which the municipality has territory.

(2) "Releasing municipality" means a home-rule municipality with a population of more than 450,000 that owns an electric utility, that has a charter provision allowing for limited-purpose annexation, and that has annexed territory for a limited purpose.

(b) The governing body of an adopting municipality may by resolution include in its extraterritorial jurisdiction an area that is in the extraterritorial jurisdiction of a releasing municipality if:

(1) the releasing municipality does not provide water, sewer services, and electricity to the released area;

(2) the owners of a majority of the land within the released area request that the adopting municipality include in its extraterritorial jurisdiction the released area;

(3) the released area is:

(A) adjacent to the territory of the adopting

municipality;

(B) wholly within a county in which both municipalities have territory; and

(C) located in one or more school districts, each of which has the majority of its territory outside the territory of the releasing municipality;

(4) the adopting municipality adopts ordinances or regulations within the released area for water quality standards relating to the control or abatement of water pollution that are in conformity with those of the Texas Natural Resource Conservation Commission applicable to the released area on January 1, 1995;

(5) the adopting municipality has adopted a service plan to provide water and sewer service to the area acceptable to the owners of a majority of the land within the released area; and

(6) the size of the released area does not exceed the difference between the total area within the extraterritorial jurisdiction of the adopting municipality, exclusive of the extraterritorial jurisdiction of the releasing municipality, on the date the resolution was adopted under this subsection, as determined by Section 42.021, and the total area within the adopting municipality's extraterritorial jurisdiction on the date of the resolution.

(c)(1) The service plan under Subsection (b)(5) shall include an assessment of the availability and feasibility of participation in any regional facility permitted by the Texas Natural Resource Conservation Commission in which the releasing municipality is a participant and had plans to provide service to the released area. The plan for regional service shall include:

(A) proposed dates for providing sewer service through the regional facility;

(B) terms of financial participation to provide sewer service to the released area, including rates proposed for service sufficient to reimburse the regional participants over a reasonable time for any expenditures associated with that portion of the regional facility designed or constructed to serve the released area as of January 1, 1993; and

(C) participation by the adopting municipality in governance of the regional facility based on the percentage of land to be served by the regional facility in the released area compared to the total land area to be served by the regional facility.

(2) The adopting municipality shall deliver a copy of the service plan to the releasing municipality and any other participant in any regional facility described in this subsection at least 30 days before the resolution to assume extraterritorial jurisdiction. The releasing municipality and any other participant in any regional facility described in this subsection by resolution shall, within 30 days of delivery of the service plan, either accept that portion of the service plan related to participation by the adopting municipality in the regional facility or propose alternative terms of participation.

(3) If the adopting municipality, the releasing municipality, and any other participant in any regional facility described in this subsection fail to reach agreement on the service plan within 60 days after the service plan is delivered, any municipality that is a participant in the regional facility or any owner of land within the area to be released may appeal the matter to the Texas Natural Resource Conservation Commission. The Texas Natural Resource Conservation Commission shall, in its resolution of any differences between proposals submitted for review in this subsection, use a cost-of-service allocation methodology which treats each service unit in the regional facility equally, with any variance in rates to be based only on differences in costs based on the time service is provided to an area served by the regional facility. The Texas Natural Resource Conservation Commission may allow the adopting municipality, the releasing municipality, or any other participant in any regional facility described in this subsection to withdraw from participation in the regional facility on a showing of undue financial hardship.

(4) A decision by the Texas Natural Resource Conservation Commission under this subsection is not subject to judicial review, and any costs associated with the commission's review shall be assessed to the parties to the decision in proportion to the percentage of land served by the regional facility subject to review in the jurisdiction of each party.

(5) The releasing municipality shall not, prior to January 1, 1997, discontinue or terminate any interlocal agreement, contract, or commitment relating to water or sewer service that it has as of January 1, 1995, with the adopting municipality without the consent of the adopting municipality.

(d) On the date the adopting municipality delivers a copy of

the resolution under Subsection (b) to the municipal clerk of the releasing municipality, the released area shall be included in the extraterritorial jurisdiction of the adopting municipality and excluded from the extraterritorial jurisdiction of the releasing municipality.

(e) If any part of a tract of land, owned either in fee simple or under common control or undivided ownership, was or becomes split, before or after the dedication or deed of a portion of the land for a public purpose, between the extraterritorial jurisdiction of a releasing municipality and the jurisdiction of another municipality, or is land described in Subsection (b)(3)(C), the authority to act under Chapter 212 and the authority to regulate development and building with respect to the tract of land is, on the request of the owner to the municipality, with the municipality selected by the owner of the tract of land. The municipality selected under this subsection may also provide or authorize another person or entity to provide municipal services to land subject to this subsection.

(f) Nothing in this section requires the releasing municipality to continue to participate in a regional wastewater treatment plant providing service, or to provide new services, to any territory within the released area.

(g) This section controls over any conflicting provision of this subchapter.

Added by Acts 1995, 74th Leg., ch. 766, Sec. 1, eff. Aug. 28, 1995.

Sec. 42.025. RELEASE OF EXTRATERRITORIAL JURISDICTION BY CERTAIN MUNICIPALITIES. (a) In this section, "eligible property" means any portion of a contiguous tract of land:

(1) that is located in the extraterritorial jurisdiction of a municipality within one-half mile of the territory of a proposed municipal airport;

(2) for which a contract for land acquisition services was awarded by the municipality; and

(3) that has not been acquired through the contract described by Subdivision (2) for the proposed municipal airport.

(b) The owner of eligible property may petition the municipality to release the property from the municipality's extraterritorial jurisdiction not later than June 1, 1996. The

petition must be filed with the secretary or clerk of the municipality.

(c) Not later than the 10th day after the date the secretary or clerk receives a petition under Subsection (b), the municipality by resolution shall release the eligible property from the extraterritorial jurisdiction of the municipality.

(d) Eligible property that is released from the extraterritorial jurisdiction of a municipality under Subsection (c) may be included in the extraterritorial jurisdiction of another municipality if:

(1) any part of the other municipality is located in the same county as the property; and

(2) the other municipality and the owner agree to the inclusion of the property in the extraterritorial jurisdiction.

SUBCHAPTER C. CREATION OR EXPANSION OF GOVERNMENTAL ENTITIES IN EXTRATERRITORIAL JURISDICTION

Sec. 42.041. MUNICIPAL INCORPORATION IN EXTRATERRITORIAL JURISDICTION GENERALLY. (a) A municipality may not be incorporated in the extraterritorial jurisdiction of an existing municipality unless the governing body of the existing municipality gives its written consent by ordinance or resolution.

(b) If the governing body of the existing municipality refuses to give its consent, a majority of the qualified voters of the area of the proposed municipality and the owners of at least 50 percent of the land in the proposed municipality may petition the governing body to annex the area. If the governing body fails or refuses to annex the area within six months after the date it receives the petition,

that failure or refusal constitutes the governing body's consent to the incorporation of the proposed municipality.

(c) The consent to the incorporation of the proposed municipality is only an authorization to initiate incorporation proceedings as provided by law.

(d) If the consent to initiate incorporation proceedings is obtained, the incorporation must be initiated within six months after the date of the consent and must be finally completed within 18 months after the date of the consent. Failure to comply with either time requirement terminates the consent.

(e) This section applies only to the proposed municipality's area located in the extraterritorial jurisdiction of the existing municipality.

Acts 2005, 79th Leg., Ch. 287 (H.B. 585), Sec. 1, eff. June 16, 2005.

For expiration of Subsections (c) and (d), see Subsections (c) and (d).

Sec. 42.0411. MUNICIPAL INCORPORATION IN EXTRATERRITORIAL JURISDICTION OF CERTAIN MUNICIPALITIES. (a) This section applies only to:

(1) an area located north and east of Interstate Highway 10 that is included in the extraterritorial jurisdiction, or the limited-purpose annexation area, of a municipality with a population of one million or more that has operated under a three-year annexation plan similar to the municipal annexation plan described by Section 43.052 for at least 10 years; or

(2) an area located north and east of Interstate Highway 10:

(A) that is included in the extraterritorial jurisdiction, or the limited-purpose annexation area, of a municipality with a population of one million or more that has operated under a three-year annexation plan similar to the municipal annexation plan described by Section 43.052 for at least 10 years;

(B) that has not been included in the municipality's annexation plan described by Section 43.052 before the 180th day

before the date consent for incorporation is requested under Section 42.041(a); and

(C) for which the municipality refused to give its consent to incorporation under Section 42.041(a).

(b) The residents of the area described by Subsection (a)(2) may initiate an attempt to incorporate as a municipality by filing a written petition signed by at least 10 percent of the registered voters of the area of the proposed municipality with the county judge of the county in which the proposed municipality is located. The petition must request the county judge to order an election to determine whether the area of the proposed municipality will incorporate. An incorporation election under this section shall be conducted in the same manner as an incorporation election under Subchapter A, Chapter 8. The consent of the municipality that previously refused to give consent is not required for the incorporation.

(c) In this subsection, "deferred annexation area" means an area that has entered into an agreement with a municipality under which the municipality defers annexation of the area for at least 10 years. An area described by Subsection (a)(1) that is located within 1-1/2 miles of a municipality's deferred annexation area or adjacent to the corporate boundaries of the municipality may not be annexed for limited or full purposes during the period provided under the agreement. During the period provided under the agreement, the residents of the area may incorporate in accordance with the incorporation proceedings provided by law, except that the consent of the municipality is not required for the incorporation. This subsection expires on the later of:

(1) September 1, 2009; or

(2) the date that all areas entitled to incorporate under this subsection have incorporated.

(d) This subsection applies only to an area that is described by Subsection (a)(1) and removed from a municipality's annexation plan under Section 43.052(e) two times or more. The residents of the area and any adjacent territory that is located within the extraterritorial jurisdiction of the municipality or located within an area annexed for limited purposes by the municipality and that is adjacent to the corporate boundaries of the municipality may incorporate in accordance with the incorporation proceedings provided by law, except that the consent of the municipality is not required

for the incorporation. This subsection expires on the later of:

- (1) September 1, 2009; or
- (2) the date that all areas entitled to incorporate under this subsection have incorporated.

Added by Acts 2005, 79th Leg., Ch. 287 (H.B. 585), Sec. 2, eff. June 16, 2005.

Sec. 42.042. CREATION OF POLITICAL SUBDIVISION TO SUPPLY WATER OR SEWER SERVICES, ROADWAYS, OR DRAINAGE FACILITIES IN EXTRATERRITORIAL JURISDICTION. (a) A political subdivision, one purpose of which is to supply fresh water for domestic or commercial use or to furnish sanitary sewer services, roadways, or drainage, may not be created in the extraterritorial jurisdiction of a municipality unless the governing body of the municipality gives its written consent by ordinance or resolution in accordance with this subsection and the Water Code. In giving its consent, the municipality may not place any conditions or other restrictions on the creation of the political subdivision other than those expressly permitted by Sections 54.016(e) and (i), Water Code.

(b) If the governing body fails or refuses to give its consent for the creation of the political subdivision on mutually agreeable terms within 90 days after the date it receives a written request for the consent, a majority of the qualified voters of the area of the proposed political subdivision and the owners of at least 50 percent of the land in the proposed political subdivision may petition the governing body to make available to the area the water, sanitary sewer services, or both that would be provided by the political subdivision.

(c) If, within 120 days after the date the governing body receives the petition, the governing body fails to make a contract with a majority of the qualified voters of the area of the proposed political subdivision and the owners of at least 50 percent of the land in the proposed political subdivision to provide the services, that failure constitutes the governing body's consent to the creation of the proposed political subdivision.

(d) The consent to the creation of the political subdivision is only an authorization to initiate proceedings to create the political subdivision as provided by law.

(e) Repealed by Acts 1997, 75th Leg., ch. 1070, Sec. 55, eff. Sept. 1, 1997.

(f) If the municipality fails or refuses to give its consent to the creation of the political subdivision or fails or refuses to execute a contract providing for the water or sanitary sewer services requested within the time limits prescribed by this section, the applicant may petition the Texas Natural Resource Conservation Commission for the creation of the political subdivision or the inclusion of the land in a political subdivision. The commission shall allow creation of the political subdivision or inclusion of the land in a proposed political subdivision on finding that the municipality either does not have the reasonable ability to serve or has failed to make a legally binding commitment with sufficient funds available to provide water and wastewater service adequate to serve the proposed development at a reasonable cost to the landowner. The commitment must provide that construction of the facilities necessary to serve the land will begin within two years and will be substantially completed within 4-1/2 years after the date the petition was filed with the municipality.

(g) On an appeal taken to the district court from the Texas Natural Resource Conservation Commission's ruling, all parties to the commission hearing must be made parties to the appeal. The court shall hear the appeal within 120 days after the date the appeal is filed. If the case is continued or appealed to a higher court beyond the 120-day period, the court shall require the appealing party or party requesting the continuance to post a bond or other adequate security in the amount of damages that may be incurred by any party as a result of the appeal or delay from the commission action. The amount of the bond or other security shall be determined by the court after notice and hearing. On final disposition, a court may award damages, including any damages for delays, attorney's fees, and costs of court to the prevailing party.

(h) A municipality may not unilaterally extend the time limits prescribed by this section through the adoption of preapplication periods or by passage of any rules, resolutions, ordinances, or charter provisions. However, the municipality and the petitioner may jointly petition the Texas Natural Resource Conservation Commission to request an extension of the time limits.

(i) Repealed by Acts 1989, 71st Leg., ch. 1058, Sec. 1, eff. Sept. 1, 1989.

(j) The consent requirements of this section do not apply to the creation of a special utility district under Chapter 65, Water Code. If a special utility district is to be converted to a district with taxing authority that provides utility services, this section applies to the conversion.

(k) This section, except Subsection (i), applies only to the proposed political subdivision's area located in the extraterritorial jurisdiction of the municipality.

(a) A political subdivision, one purpose of which is to supply fresh water for domestic or commercial use or to furnish sanitary sewer services, roadways, or drainage, may not add land that is located in the extraterritorial jurisdiction of a municipality unless the governing body of the municipality gives its written consent by ordinance or resolution in accordance with this section and the Water Code. In giving its consent, the municipality may not place any conditions or other restrictions on the expansion of the political subdivision other than those expressly permitted by Section 54.016(e), Water Code.

(b) The procedures under Section 42.042 governing a municipality's refusal to consent to the creation of a political subdivision apply to a municipality that refuses to consent to the addition of land to a political subdivision under this section.

(c) An owner of land in the area proposed to be added to the political subdivision may not unreasonably refuse to enter into a contract for water or sanitary sewer services with the municipality under Section 42.042(c).

(d) This section does not apply to a political subdivision created by Chapter 289, Acts of the 73rd Legislature, Regular

Session, 1993.

Added by Acts 2007, 80th Leg., R.S., Ch. 703 (H.B. 2091), Sec. 2, eff. June 15, 2007.

Sec. 42.043. REQUIREMENTS APPLYING TO PETITION. (a) A petition under Section 42.041 or 42.042 must:

- (1) be written;
- (2) request that the area be annexed or that the services be made available, as appropriate;
- (3) be signed in ink or indelible pencil by the appropriate voters and landowners;
- (4) be signed, in the case of a person signing as a voter, as the person's name appears on the most recent official list of registered voters;
- (5) contain, in the case of a person signing as a voter, a note made by the person stating the person's residence address and the precinct number and voter registration number that appear on the person's voter registration certificate;
- (6) contain, in the case of a person signing as a landowner, a note made by the person opposite the person's name stating the approximate total acreage that the person owns in the area to be annexed or serviced;
- (7) describe the area to be annexed or serviced and have a plat of the area attached; and
- (8) be presented to the secretary or clerk of the municipality.

(b) The signatures to the petition need not be appended to one paper.

(c) Before the petition is circulated among the voters and landowners, notice of the petition must be given by posting a copy of the petition for 10 days in three public places in the area to be annexed or serviced and by publishing the notice once, in a newspaper of general circulation serving the area, before the 15th day before the date the petition is first circulated. Proof of posting and publication must be made by attaching to the petition presented to the secretary or clerk:

- (1) the affidavit of any voter who signed the petition, stating the places and dates of the posting;

(2) the affidavit of the publisher of the newspaper in which the notice was published, stating the name of the newspaper and the issue and date of publication; and

(3) the affidavit of at least three voters who signed the petition, if there are that many, stating the total number of voters residing in the area and the approximate total acreage in the area.

Sec. 42.044. CREATION OF INDUSTRIAL DISTRICT IN EXTRATERRITORIAL JURISDICTION. (a) In this section, "industrial district" has the meaning customarily given to the term but also includes any area in which tourist-related businesses and facilities are located.

(b) The governing body of a municipality may designate any part of its extraterritorial jurisdiction as an industrial district and may treat the designated area in a manner considered by the governing body to be in the best interests of the municipality.

(c) The governing body may make written contracts with owners of land in the industrial district:

(1) to guarantee the continuation of the extraterritorial status of the district and its immunity from annexation by the municipality for a period not to exceed 15 years; and

(2) with other lawful terms and considerations that the parties agree to be reasonable, appropriate, and not unduly restrictive of business activities.

(d) The parties to a contract may renew or extend it for successive periods not to exceed 15 years each. In the event any owner of land in an industrial district is offered an opportunity to renew or extend a contract, then all owners of land in that industrial district must be offered an opportunity to renew or extend a contract subject to the provisions of Subsection (c).

(e) A municipality may provide for adequate fire-fighting services in the industrial district by:

(1) directly furnishing fire-fighting services that are to be paid for by the property owners of the district;

(2) contracting for fire-fighting services, whether or not all or a part of the services are to be paid for by the property owners of the district; or

(3) contracting with the property owners of the district to have them provide for their own fire-fighting services.

(f) A property owner who provides for his own fire-fighting services under this section may not be required to pay any part of the cost of the fire-fighting services provided by the municipality to other property owners in the district.

Sec. 42.045. CREATION OF POLITICAL SUBDIVISION IN INDUSTRIAL DISTRICT. (a) A political subdivision, one purpose of which is to provide services of a governmental or proprietary nature, may not be created in an industrial district designated under Section 42.044 by a municipality unless the municipality gives its written consent by ordinance or resolution. The municipality shall give or deny consent within 60 days after the date the municipality receives a written request for consent. Failure to give or deny consent in the allotted period constitutes the municipality's consent to the initiation of the creation proceedings.

(b) If the consent is obtained, the creation proceedings must be initiated within six months after the date of the consent and must be finally completed within 18 months after the date of the consent. Failure to comply with either time requirement terminates the consent for the proceedings.

Sec. 42.046. DESIGNATION OF A PLANNED UNIT DEVELOPMENT DISTRICT IN EXTRATERRITORIAL JURISDICTION. (a) The governing body of a municipality that has disannexed territory previously annexed for limited purposes may designate an area within its extraterritorial jurisdiction as a planned unit development district by written agreement with the owner of the land under Subsection (b). The agreement shall be recorded in the deed records of the county or counties in which the land is located. A planned unit development district designated under this section shall contain no less than 250 acres. If there are more than four owners of land to be designated as a single planned unit development, each owner shall appoint a

single person to negotiate with the municipality and authorize that person to bind each owner for purposes of this section.

(b) An agreement governing the creation, development, and existence of a planned unit development district established under this section shall be between the governing body of the municipality and the owner of the land subject to the agreement. The agreement shall not be effective until signed by both parties and by any other person with an interest in the land, as that interest is evidenced by an instrument recorded in the deed records of the county or counties in which the land is located. The parties may agree:

(1) to guarantee continuation of the extraterritorial status of the planned unit development district and its immunity from annexation by the municipality for a period not to exceed 15 years after the effective date of the agreement;

(2) to authorize certain land uses and development within the planned unit development;

(3) to authorize enforcement by the municipality of certain municipal land use and development regulations within the planned unit development district, in the same manner such regulations are enforced within the municipality's boundaries, as may be agreed by the landowner and the municipality;

(4) to vary any watershed protection regulations;

(5) to authorize or restrict the creation of political subdivisions within the planned unit development district; and

(6) to such other terms and considerations the parties consider appropriate.

(c) The agreement between the governing body of the municipality and the owner of the land within the planned unit development district shall be binding upon all subsequent governing bodies of the municipality and subsequent owners of the land within the planned unit development district for the term of the agreement.

(d) An agreement or a decision made under this section and an action taken under the agreement by the parties to the agreement are not subject to an approval or an appeal brought under Section 26.177, Water Code.

Sec. 42.047. CREATION OF A POLITICAL SUBDIVISION IN AN AREA PROPOSED FOR A PLANNED UNIT DEVELOPMENT DISTRICT. If the governing body of a municipality that has disannexed territory previously annexed for limited purposes refuses to designate a planned unit development district under Section 42.046 no later than 180 days after the date a request for the designation is filed with the municipality by the owner of the land to be included in the planned unit development district, the municipality shall be considered to have given the consent required by Section 42.041 to the incorporation of a proposed municipality including within its boundaries all or some of such land. If consent to incorporation is granted by this subsection, the consenting municipality waives all rights to challenge the proposed incorporation in any court.

Added by Acts 1989, 71st Leg., ch. 822, Sec. 5, eff. Sept. 1, 1989.

Sec. 42.049. AUTHORITY OF WELLS BRANCH MUNICIPAL UTILITY DISTRICT. (a) Wells Branch Municipal Utility district is authorized to contract with a municipality:

(1) to provide for payments to be made to the municipality for purposes that the governing body of the district determines will further regional cooperation between the district and the municipality; and

(b) A contract entered into under this section may be for a term that is mutually agreeable to the parties. The parties to such a contract may renew or extend the contract.

(c) A municipality may contract with the district to accomplish the purposes set forth in Subsection (a) of this section. In a contract entered into under this section, a municipality may agree that the district will remain in existence and be exempt from annexation by the municipality for the term of the contract.

(d) A contract entered into under this section will be binding on all subsequent governing bodies of the district and of the municipality for the term of the contract.

(e) The district may make annual appropriations from its operations and maintenance tax or other revenues lawfully available

Added by Acts 1999, 76th Leg., ch. 926, Sec. 4, eff. June 18, 1999.

SUBCHAPTER Z. MISCELLANEOUS PROVISIONS

Sec. 42.901. APPORTIONMENT OF EXTRATERRITORIAL JURISDICTIONS THAT OVERLAPPED ON AUGUST 23, 1963. (a) If, on August 23, 1963, the extraterritorial jurisdiction of a municipality overlapped the extraterritorial jurisdiction of one or more other municipalities, the governing bodies of the affected municipalities may apportion the overlapped area by a written agreement approved by an ordinance or a resolution adopted by the governing bodies.

(b) A municipality having a claim of extraterritorial jurisdiction to the overlapping area may bring an action as plaintiff in the district court of the judicial district in which the largest municipality having a claim to the area is located. The plaintiff municipality must name as a defendant each municipality having a claim of extraterritorial jurisdiction to the area and must request the court to apportion the area among the affected municipalities. In apportioning the area, the court shall consider population densities, patterns of growth, transportation, topography, and land use in the municipalities and the overlapping area. The area must be apportioned among the municipalities:

(1) so that each municipality's part is contiguous to the extraterritorial jurisdiction of the municipality or, if the extraterritorial jurisdiction of the municipality is totally overlapped, is contiguous to the boundaries of the municipality;

(2) so that each municipality's part is in a substantially compact shape; and

(3) in the same ratio, to one decimal, that the respective populations of the municipalities bear to each other, but with each municipality receiving at least one-tenth of the area.

(c) An apportionment under this section must consider existing property lines. A tract of land or adjoining tracts of land that were under one ownership on August 23, 1963, and that do not exceed 160 acres may not be apportioned so as to be in the extraterritorial jurisdiction of more than one municipality unless the landowner gives written consent to that apportionment.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 42.902. RESTRICTION AGAINST IMPOSING TAX IN EXTRATERRITORIAL JURISDICTION. The inclusion of an area in the extraterritorial jurisdiction of a municipality does not by itself authorize the municipality to impose a tax in the area.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 42.903. EXTRATERRITORIAL JURISDICTION OF CERTAIN TYPE B OR C GENERAL-LAW MUNICIPALITIES. (a) This section applies only to a Type B or C general-law municipality:

- (1) that has more than 200 inhabitants;
- (2) that is wholly surrounded, at the time of incorporation, by the extraterritorial jurisdiction of another municipality; and
- (3) part of which was located, at any time before incorporation, in an area annexed for limited purposes by another municipality.

(b) The governing body of the municipality by resolution or ordinance may adopt an extraterritorial jurisdiction for all or part of the unincorporated area contiguous to the corporate boundaries of the municipality and located within one mile of those boundaries. The authority granted by this section is subject to the limitation provided by Section 26.178, Water Code.

(c) Within 90 days after the date the municipality adopts the resolution or ordinance, an owner of real property in the extraterritorial jurisdiction may petition the municipality to release the owner's property from the extraterritorial jurisdiction. On the presentation of the petition, the property:

- (1) is automatically released from the extraterritorial jurisdiction of the municipality and becomes part of the extraterritorial jurisdiction or limited purpose area of the municipality whose jurisdiction surrounded, on May 31, 1989, the municipality from whose jurisdiction the property is released; and
- (2) becomes subject to any existing zoning or other land use approval provisions that applied to the property before the property was included in the municipality's extraterritorial

jurisdiction under Subsection (b).

(d) The municipality may exercise in its extraterritorial jurisdiction the powers granted under state law to other municipalities in their extraterritorial jurisdiction, including the power to ensure its water supply and to carry out other public purposes.

(e) To the extent of any conflict, this section controls over other laws relating to the creation of extraterritorial jurisdiction.

Added by Acts 1991, 72nd Leg., ch. 16, Sec. 13.01(a), eff. Aug. 26, 1991.

Sec. 42.904. EXTRATERRITORIAL JURISDICTION AND VOTING RIGHTS IN CERTAIN MUNICIPALITIES. (a) This section applies only to a municipality that has disannexed territory under Section 43.133 that it had previously annexed for limited purposes and that has extended rules to its extraterritorial jurisdiction under Section 212.003.

(b) The municipality shall allow all qualified voters residing in the municipality's extraterritorial jurisdiction to vote on any proposition that is submitted to the voters of the municipality and that involves:

(1) an adoption of or change to an ordinance or charter provision that would apply to the municipality's extraterritorial jurisdiction; or

(2) a nonbinding referendum that, if binding, would apply to the municipality's extraterritorial jurisdiction.

(b) The election order must:

(1) provide for separate elections for the voters of the municipality and for the voters of the area;

(2) be issued in the manner provided for other municipal elections;

(3) describe the area by metes and bounds; and

"The annexation of additional area, the assumption by the municipality of all bonded indebtedness and flat rates on the area and due to an irrigation district, water improvement district, or water control and improvement district, and the levy and collection

of a tax on all property in the municipality sufficient to pay off and discharge the bonded indebtedness and flat rates."

(c) Public notice of the election must be given in the manner provided for other municipal elections.

(d) If, at the elections, a majority of the qualified voters of the municipality and a majority of the qualified voters of the area each approve the question, the municipality assumes all the bonded indebtedness and flat rates on the annexed area and due to the irrigation district, water improvement district, or water control and improvement district. The municipality shall pay, from the date of the annexation and out of the taxes collected on the area, the bonded indebtedness and the flat rates owed to the special district as they become due and payable. The municipality may not collect any taxes due to the municipality from a property owner of the area until the municipality pays the bonded indebtedness and the flat rates for the current year that they become due and payable and presents to the property owner the receipt for the payment.

(e) If the question is not approved as required by Subsection (d), the area may not be annexed.

If the result of the election establishes that a majority are in favor of becoming part of the municipality, the governing body by ordinance may annex the area.

(g) On the effective date of the ordinance, the area becomes a part of the municipality and the inhabitants of the area are entitled to the rights and privileges of the other citizens of the municipality and are bound by the acts and ordinances adopted by the municipality.

(h) To contest an annexation proceeding held under this section, a contestant must file written notice and a written statement of the grounds for the contest with the secretary or clerk of the municipality within 60 days after the effective date of the ordinance annexing the area. If, before the end of the 18th month after the month an area is included in the three-year annexation cycle, a municipality amends its annexation plan to remove the area, the municipality may not amend the plan to again include the area in its annexation plan until the first anniversary of the date the municipality amended the plan to remove the area. If, during or after the 18 months after the month an area is included in the three-year annexation cycle, a municipality amends its annexation plan to remove the area, the municipality may not amend the plan to again include the area in its annexation plan until the second anniversary of the date the municipality amended the plan to remove the area.

(f) Before the 90th day after the date a municipality adopts or amends an annexation plan under this section, the municipality shall give written notice to:

(1) each property owner in the affected area, as indicated by the appraisal records furnished by the appraisal district for each county in which the affected area is located, that the area has been included in or removed from the municipality's annexation plan;

(2) each public entity, as defined by Section 43.053, or private entity that provides services in the area proposed for

annexation; and

(3) each railroad company that serves the municipality and is on the municipality's tax roll if the company's right-of-way is in the area proposed for annexation.

(g) If an area is not removed from the municipality's annexation plan, the annexation of the area under the plan must be completed before the 31st day after the third anniversary of the date the area was included in the annexation plan. If the annexation is not completed within the period prescribed by this subsection, the municipality may not annex the area proposed for annexation before the fifth anniversary of the last day for completing an annexation under this subsection.

(h) This section does not apply to an area proposed for annexation if:

(1) the area contains fewer than 100 separate tracts of land on which one or more residential dwellings are located on each tract;

(2) the area will be annexed by petition of more than 50 percent of the real property owners in the area proposed for annexation or by vote or petition of the qualified voters or real property owners as provided by Subchapter B;

(3) the area is or was the subject of:

(A) an industrial district contract under Section 42.044; or

(B) a strategic partnership agreement under Section 43.0751;

(4) the area is located in a colonia, as that term is defined by Section 2306.581, Government Code;

(5) the area is annexed under Section 43.012, 43.013, 43.015, or 43.029;

(6) the area is located completely within the boundaries of a closed military installation; or

(7) the municipality determines that the annexation of the area is necessary to protect the area proposed for annexation or the municipality from:

(A) imminent destruction of property or injury to persons; or

(B) a condition or use that constitutes a public or private nuisance as defined by background principles of nuisance and property law of this state.

(i) A municipality may not circumvent the requirements of this section by proposing to separately annex two or more areas described by Subsection (h)(1) if no reason exists under generally accepted municipal planning principles and practices for separately annexing the areas. If a municipality proposes to separately annex areas in violation of this section, a person residing or owning land in the area may petition the municipality to include the area in the municipality's annexation plan. If the municipality fails to take action on the petition, the petitioner may request arbitration of the dispute. The petitioner must request the appointment of an arbitrator in writing to the municipality. Sections 43.0564(b), (c), and (e) apply to the appointment of an arbitrator and the conduct of an arbitration proceeding under this subsection. Except as provided by this subsection, the municipality shall pay the cost of arbitration. If the arbitrator finds that the petitioner's request for arbitration was groundless or requested in bad faith or for the purposes of harassment, the arbitrator shall require the petitioner to pay the costs of arbitration.

(j) If a municipality has an Internet website, the municipality shall:

(1) post and maintain the posting of its annexation plan on its Internet website;

(2) post and maintain the posting on its Internet website of any amendments to include an area in its annexation plan until the date the area is annexed; and

(3) post and maintain the posting on its Internet website of any amendments to remove an area from its annexation plan until the date the municipality may again include the area in its annexation plan.

(k) Notwithstanding the restrictions imposed by Subsections (e) and (g), under an agreement described by Section 43.0563 a municipality may annex an area for full or limited purposes at any time on petition of the owner of the area for the annexation if the area:

(1) is in the municipality's annexation plan; or

(2) was previously in the municipality's annexation plan but removed under Subsection (e).

Sec. 43.053. INVENTORY OF SERVICES AND FACILITIES REQUIRED.

(a) In this section, "public entity" includes a municipality, county, fire protection service provider, including a volunteer fire department, emergency medical services provider, including a volunteer emergency medical services provider, or a special district, as that term is defined by Section 43.052.

(b) After adopting an annexation plan or amending an annexation plan to include additional areas under Section 43.052, a municipality shall compile a comprehensive inventory of services and facilities provided by public and private entities, directly or by contract, in each area proposed for annexation. The inventory of services and facilities must include all services and facilities the municipality is required to provide or maintain following the annexation.

(c) The municipality shall request, in the notice provided under Section 43.052(f), the information necessary to compile the inventory from each public or private entity that provides services or facilities in each area proposed for annexation. The public or private entity shall provide to the municipality the information held by the entity that is necessary to compile the inventory not later than the 90th day after the date the municipality requests the information unless the entity and the municipality agree to extend the period for providing the information. The information provided under this subsection must include the type of service provided, the method of service delivery, and all information prescribed by Subsections (e) and (f). If a service provider fails to provide the required information within the 90-day period, the municipality is not required to include the information in an inventory prepared under this section.

(d) The information required in the inventory shall be based on the services and facilities provided during the year preceding the date the municipality adopted the annexation plan or amended the annexation plan to include additional areas.

(e) For utility facilities, roads, drainage structures, and

other infrastructure provided or maintained by public or private entities, the inventory must include:

- (1) an engineer's report that describes the physical condition of all infrastructure elements in the area; and
- (2) a summary of capital, operational, and maintenance expenditures for that infrastructure.

(f) For police, fire, and emergency medical services provided by public or private entities, the inventory must include for each service:

- (1) the average dispatch and delivery time;
- (2) a schedule of equipment, including vehicles;
- (3) a staffing schedule that discloses the certification and training levels of personnel; and
- (4) a summary of operating and capital expenditures.

(g) The municipality shall complete the inventory and make the inventory available for public inspection on or before the 60th day after the date the municipality receives the required information from the service providers under Subsection (c).

(h) The municipality may monitor the services provided in an area proposed for annexation and verify the inventory information provided by the service provider.

Sec. 43.054. WIDTH REQUIREMENTS. (a) A municipality may not annex a publicly or privately owned area, including a strip of area following the course of a road, highway, river, stream, or creek, unless the width of the area at its narrowest point is at least 1,000 feet.

(b) The prohibition established by Subsection (a) does not apply if:

- (1) the boundaries of the municipality are contiguous to the area on at least two sides;
- (2) the annexation is initiated on the written petition of the owners or of a majority of the qualified voters of the area; or
- (3) the area abuts or is contiguous to another jurisdictional boundary.

(c) Notwithstanding Subsection (a), a municipality with a population of 21,000 or more located in a county with a population of 100,000 or more may annex a publicly owned strip or similar area following the course of a road or highway for the purpose of annexing territory contiguous to the strip or area if the territory contiguous to the strip or area was formerly used or was to be used in connection with or by a superconducting super collider high-energy research facility.

Sec. 43.0545. ANNEXATION OF CERTAIN ADJACENT AREAS. (a) A municipality may not annex an area that is located in the extraterritorial jurisdiction of the municipality only because the area is contiguous to municipal territory that is less than 1,000 feet in width at its narrowest point.

(b) A municipality may not annex an area that is located in the extraterritorial jurisdiction of the municipality only because the area is contiguous to municipal territory that:

(1) was annexed before September 1, 1999; and

(2) was in the extraterritorial jurisdiction of the municipality at the time of annexation only because the territory was contiguous to municipal territory that was less than 1,000 feet in width at its narrowest point.

(c) Subsections (a) and (b) do not apply to an area:

(1) completely surrounded by incorporated territory of one or more municipalities;

(2) for which the owners of the area have requested annexation by the municipality;

(3) that is owned by the municipality; or

(4) that is the subject of an industrial district contract under Section 42.044.

(d) Subsection (b) does not apply if the minimum width of the

narrow territory described by Subsection (b)(2), following subsequent annexation, is no longer less than 1,000 feet in width at its narrowest point.

(e) For purposes of this section, roads, highways, rivers, lakes, or other bodies of water are not included in computing the 1,000-foot distance unless the area being annexed includes land in addition to a road, highway, river, lake, or other body of water.

Added by Acts 1999, 76th Leg., ch. 1167, Sec. 6, eff. Sept. 1, 1999.

Sec. 43.055. MAXIMUM AMOUNT OF ANNEXATION EACH YEAR. (a) In a calendar year, a municipality may not annex a total area greater than 10 percent of the incorporated area of the municipality as of January 1 of that year, plus any amount of area carried over to that year under Subsection (b). In determining the total area annexed in a calendar year, an area annexed for limited purposes is included, but an annexed area is not included if it is:

(1) annexed at the request of a majority of the qualified voters of the area and the owners of at least 50 percent of the land in the area;

(2) owned by the municipality, a county, the state, or the federal government and used for a public purpose;

(3) annexed at the request of at least a majority of the qualified voters of the area; or

(4) annexed at the request of the owners of the area.

(b) If a municipality fails to annex in a calendar year the entire 10 percent amount permitted under Subsection (a), the municipality may carry over the unused allocation for use in subsequent calendar years.

(c) A municipality carrying over an allocation may not annex in a calendar year a total area greater than 30 percent of the incorporated area of the municipality as of January 1 of that year.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 1, Sec. 3(e), eff. Aug. 28, 1989.

Sec. 43.056. PROVISION OF SERVICES TO ANNEXED AREA. (a) Before the first day of the 10th month after the month in which the inventory is prepared as provided by Section 43.053, the municipality

proposing the annexation shall complete a service plan that provides for the extension of full municipal services to the area to be annexed. The municipality shall provide the services by any of the methods by which it extends the services to any other area of the municipality.

(b) The service plan, which must be completed in the period provided by Subsection (a) before the annexation, must include a program under which the municipality will provide full municipal services in the annexed area no later than 2-1/2 years after the effective date of the annexation, in accordance with Subsection (e), unless certain services cannot reasonably be provided within that period and the municipality proposes a schedule for providing those services, and must include a list of all services required by this section to be provided under the plan. If the municipality proposes a schedule to extend the period for providing certain services, the schedule must provide for the provision of full municipal services no later than 4-1/2 years after the effective date of the annexation. However, under the program if the municipality provides any of the following services within the corporate boundaries of the municipality before annexation, the municipality must provide those services in the area proposed for annexation on the effective date of the annexation of the area:

- (1) police protection;
- (2) fire protection;
- (3) emergency medical services;
- (4) solid waste collection, except as provided by Subsection (o);
- (5) operation and maintenance of water and wastewater facilities in the annexed area that are not within the service area of another water or wastewater utility;
- (6) operation and maintenance of roads and streets, including road and street lighting;
- (7) operation and maintenance of parks, playgrounds, and swimming pools; and
- (8) operation and maintenance of any other publicly owned facility, building, or service.

(c) For purposes of this section, "full municipal services" means services provided by the annexing municipality within its full-purpose boundaries, including water and wastewater services and excluding gas or electrical service.

(d) Repealed by Acts 2017, 85th Leg., 1st C.S., Ch. 6 (S.B. 6), Sec. 55(a), eff. December 1, 2017.

(e) The service plan must also include a program under which the municipality will initiate after the effective date of the annexation the acquisition or construction of capital improvements necessary for providing municipal services adequate to serve the area. The construction shall be substantially completed within the period provided in the service plan. The service plan may be amended to extend the period for construction if the construction is proceeding with all deliberate speed. The acquisition or construction of the facilities shall be accomplished by purchase, lease, or other contract or by the municipality succeeding to the powers, duties, assets, and obligations of a conservation and reclamation district as authorized or required by law. The construction of the facilities shall be accomplished in a continuous process and shall be completed as soon as reasonably possible, consistent with generally accepted local engineering and architectural standards and practices. However, the municipality does not violate this subsection if the construction process is interrupted for any reason by circumstances beyond the direct control of the municipality. The requirement that construction of capital improvements must be substantially completed within the period provided in the service plan does not apply to a development project or proposed development project within an annexed area if the annexation of the area was initiated by petition or request of the owners of land in the annexed area and the municipality and the landowners have subsequently agreed in writing that the development project within that area, because of its size or projected manner of development by the developer, is not reasonably expected to be completed within that period.

(f) A service plan may not:

(1) require the creation of another political subdivision;

(2) require a landowner in the area to fund the capital improvements necessary to provide municipal services in a manner inconsistent with Chapter 395 unless otherwise agreed to by the landowner;

(3) provide services in the area in a manner that would have the effect of reducing by more than a negligible amount the level of fire and police protection and emergency medical services provided within the corporate boundaries of the municipality before annexation;

(4) provide services in the area in a manner that would have the effect of reducing by more than a negligible amount the level of fire and police protection and emergency medical services provided within the area before annexation; or

(5) cause a reduction in fire and police protection and emergency medical services within the area to be annexed below that of areas within the corporate boundaries of the municipality with similar topography, land use, and population density.

(g) If the annexed area had a lower level of services, infrastructure, and infrastructure maintenance than the level of services, infrastructure, and infrastructure maintenance provided within the corporate boundaries of the municipality before annexation, a service plan must provide the annexed area with a level of services, infrastructure, and infrastructure maintenance that is comparable to the level of services, infrastructure, and infrastructure maintenance available in other parts of the municipality with topography, land use, and population density similar to those reasonably contemplated or projected in the area. If the annexed area had a level of services, infrastructure, and infrastructure maintenance equal to the level of services, infrastructure, and infrastructure maintenance provided within the corporate boundaries of the municipality before annexation, a service plan must maintain that same level of services, infrastructure, and infrastructure maintenance. Except as provided by this subsection, if the annexed area had a level of services superior to the level of services provided within the corporate boundaries of the municipality before annexation, a service plan must provide the annexed area with a level of services that is comparable to the level of services available in other parts of the municipality with topography, land use, and population density similar to those reasonably contemplated or projected in the area. If the annexed area had a level of services for operating and maintaining the infrastructure of the area, including the facilities described by Subsections (b)(5)-(8), superior to the level of services provided within the corporate boundaries of the municipality before annexation, a service plan must provide for the operation and maintenance of the infrastructure of the annexed area at a level of services that is equal or superior to that level of services.

(h) Repealed by Acts 2017, 85th Leg., 1st C.S., Ch. 6 (S.B. 6), Sec. 55(a), eff. December 1, 2017.

(i) If only a part of the area to be annexed is actually annexed, the governing body shall direct the department to prepare a revised service plan for that part.

(j) The proposed service plan must be made available for public inspection and explained to the inhabitants of the area at the public hearings held under Section 43.0561. The plan may be amended through negotiation at the hearings, but the provision of any service may not be deleted. On completion of the public hearings, the service plan shall be attached to the ordinance annexing the area and approved as part of the ordinance.

(k) On approval by the governing body, the service plan is a contractual obligation that is not subject to amendment or repeal except that if the governing body determines at the public hearings required by this subsection that changed conditions or subsequent occurrences make the service plan unworkable or obsolete, the governing body may amend the service plan to conform to the changed conditions or subsequent occurrences. An amended service plan must provide for services that are comparable to or better than those established in the service plan before amendment. Before any amendment is adopted, the governing body must provide an opportunity for interested persons to be heard at public hearings called and held in the manner provided by Section 43.0561.

(l) A service plan is valid for 10 years. Renewal of the service plan is at the discretion of the municipality. A person residing or owning land in an annexed area may enforce a service plan by applying for a writ of mandamus not later than the second anniversary of the date the person knew or should have known that the municipality was not complying with the service plan. If a writ of mandamus is applied for, the municipality has the burden of proving that the services have been provided in accordance with the service plan in question. If a court issues a writ under this subsection, the court:

(1) must provide the municipality the option of disannexing the area within a reasonable period specified by the court;

(2) may require the municipality to comply with the service plan in question before a reasonable date specified by the court if the municipality does not disannex the area within the period prescribed by the court under Subdivision (1);

(3) may require the municipality to refund to the landowners of the annexed area money collected by the municipality

from those landowners for services to the area that were not provided;

(4) may assess a civil penalty against the municipality, to be paid to the state in an amount as justice may require, for the period in which the municipality is not in compliance with the service plan;

(5) may require the parties to participate in mediation;
and

(6) may require the municipality to pay the person's costs and reasonable attorney's fees in bringing the action for the writ.

(m) This section does not require that a uniform level of full municipal services be provided to each area of the municipality if different characteristics of topography, land use, and population density constitute a sufficient basis for providing different levels of service. Any disputes regarding the level of services provided under this subsection are resolved in the same manner provided by Subsection (l). Nothing in this subsection modifies the requirement under Subsection (g) for a service plan to provide a level of services in an annexed area that is equal or superior to the level of services provided within the corporate boundaries of the municipality before annexation. To the extent of any conflict between this subsection and Subsection (g), Subsection (g) prevails.

(n) Before the second anniversary of the date an area is included within the corporate boundaries of a municipality by annexation, the municipality may not:

(1) prohibit the collection of solid waste in the area by a privately owned solid waste management service provider; or

(2) offer solid waste management services in the area unless a privately owned solid waste management service provider is unavailable.

(o) A municipality is not required to provide solid waste collection services under Subsection (b) to a person who continues to use the services of a privately owned solid waste management service provider as provided by Subsection (n).

(p) Repealed by Acts 2017, 85th Leg., 1st C.S., Ch. 6 (S.B. 6), Sec. 55(b), eff. December 1, 2017.

(q) This chapter does not affect the obligation of a municipality that has adopted Chapter 143 to provide police, fire, or emergency medical services within the municipality's corporate boundaries by means of personnel classified in accordance with that

chapter.

Sec. 43.0561. ANNEXATION HEARING REQUIREMENTS. (a) Before a municipality may institute annexation proceedings, the governing body of the municipality must conduct two public hearings at which persons interested in the annexation are given the opportunity to be heard. The hearings must be conducted not later than the 90th day after the date the inventory is available for inspection.

(b) At least one of the hearings must be held in the area proposed for annexation if a suitable site is reasonably available and more than 20 adults who are permanent residents of the area file a written protest of the annexation with the secretary of the municipality within 10 days after the date of the publication of the notice required by this section. The protest must state the name, address, and age of each protester who signs. If a suitable site is not reasonably available in the area proposed for annexation, the hearing may be held outside the area proposed for annexation if the hearing is held in the nearest suitable public facility.

(c) The municipality must post notice of the hearings on the municipality's Internet website if the municipality has an Internet website and publish notice of the hearings in a newspaper of general circulation in the municipality and in the area proposed for annexation. The notice for each hearing must be published at least once on or after the 20th day but before the 10th day before the date of the hearing. The notice for each hearing must be posted on the municipality's Internet website on or after the 20th day but before the 10th day before the date of the hearing and must remain posted until the date of the hearing. The municipality must give additional notice by certified mail to:

(1) each public entity, as defined by Section 43.053, and utility service provider that provides services in the area proposed for annexation; and

(2) each railroad company that serves the municipality and is on the municipality's tax roll if the company's right-of-way is in the area proposed for annexation.

Added by Acts 1999, 76th Leg., ch. 1167, Sec. 8, eff. Sept. 1, 1999.

Sec. 43.0562. NEGOTIATIONS REQUIRED. (a) After holding the hearings as provided by Section 43.0561:

(1) the municipality and the property owners of the area proposed for annexation shall negotiate for the provision of services to the area after annexation or for the provision of services to the area in lieu of annexation under Section 43.0563; or

(2) if a municipality proposes to annex a special district, as that term is defined by Section 43.052, the municipality and the governing body of the district shall negotiate for the provision of services to the area after annexation or for the provision of services to the area in lieu of annexation under Section 43.0751.

(b) For purposes of negotiations under Subsection (a)(1), the commissioners court of the county in which the area proposed for annexation is located shall select five representatives to negotiate with the municipality for the provision of services to the area after annexation. If the area proposed for annexation is located in more than one county, the commissioners court of the county in which the greatest number of residents reside shall select three representatives to negotiate with the municipality, and the

commissioners courts of the remaining counties jointly shall select two representatives to negotiate with the municipality.

(c) For purposes of negotiations under Subsection (a)(2), if more than one special district is located in the area proposed for annexation, the governing boards of the districts may jointly select five representatives to negotiate with the municipality on behalf of all the affected districts.

Sec. 43.0563. CONTRACTS FOR PROVISION OF SERVICES IN LIEU OF ANNEXATION. (a) The governing body of a municipality may negotiate and enter into a written agreement for the provision of services and the funding of the services in an area with:

(1) representatives designated under Section 43.0562(b), if the area is included in the municipality's annexation plan; or
 (2) an owner of an area within the extraterritorial jurisdiction of the municipality if the area is not included in the municipality's annexation plan.

(a-1) An agreement under this section may also include an agreement related to permissible land uses and compliance with municipal ordinances.

(b) An agreement under this section is in lieu of annexation by the municipality of the area.

(c) In negotiating an agreement under this section, the parties may agree to:

(1) any term allowed under Section 42.044 or 43.0751, regardless of whether the municipality or the area proposed for annexation would have been able to agree to the term under Section 42.044 or 43.0751; and

(2) any other term to which both parties agree to satisfactorily resolve any dispute between the parties, including the creation of any type of special district otherwise allowed by state law.

Sec. 43.0564. ARBITRATION REGARDING NEGOTIATIONS FOR SERVICES.

(a) If the municipality and the representatives of the area proposed for annexation cannot reach an agreement for the provision of services under Section 43.0562 or if the municipality and the property owner representatives described by Section 43.0563(a)(1) cannot reach an agreement for the provision of services in lieu of annexation under Section 43.0563, either party by majority decision of the party's representatives may request the appointment of an arbitrator to resolve the service plan issues in dispute. The request must be made in writing to the other party before the 60th day after the date the service plan is completed under Section 43.056. The municipality may not annex the area under another section of this chapter during the pendency of the arbitration proceeding or an appeal from the arbitrator's decision.

(b) The parties to the dispute may agree on the appointment of an arbitrator. If the parties cannot agree on the appointment of an arbitrator before the 11th business day after the date arbitration is requested, the mayor of the municipality shall immediately request a list of seven neutral arbitrators from the American Arbitration Association or the Federal Mediation and Conciliation Service or their successors in function. An arbitrator included in the list must be a resident of this state and may not be a resident of a county in which any part of the municipality or any part of the district proposed for annexation is located. The parties to the dispute may agree on the appointment of an arbitrator included in the list. If the parties cannot agree on the appointment of an arbitrator before the 11th business day after the date the list is provided to the parties, each party or the party's designee may alternately strike a name from the list. The remaining person on the list shall be appointed as the arbitrator. In this subsection, "business day" means a day other than a Saturday, Sunday, or state or national holiday.

(c) The arbitrator shall:

(1) set a hearing to be held not later than the 10th day

after the date the arbitrator is appointed; and

(2) notify the parties to the arbitration in writing of the time and place of the hearing not later than the eighth day before the date of the hearing.

(d) The authority of the arbitrator is limited to issuing a decision relating only to the service plan issues in dispute.

(e) The arbitrator may:

(1) receive in evidence any documentary evidence or other information the arbitrator considers relevant;

(2) administer oaths; and

(3) issue subpoenas to require:

(A) the attendance and testimony of witnesses; and

(B) the production of books, records, and other evidence relevant to an issue presented to the arbitrator for determination.

(f) Unless the parties to the dispute agree otherwise, the arbitrator shall complete the hearing within two consecutive days. The arbitrator shall permit each party one day to present evidence and other information. The arbitrator, for good cause shown, may schedule an additional hearing to be held not later than the seventh day after the date of the first hearing. Unless otherwise agreed to by the parties, the arbitrator must issue a decision in writing and deliver a copy of the decision to the parties not later than the 14th day after the date of the final hearing.

(g) Either party may appeal any provision of an arbitrator's decision that exceeds the authority granted under Subsection (d) to a district court in a county in which the area proposed for annexation is located.

(h) If the municipality does not agree with the terms of the arbitrator's decision, the municipality may not annex the area proposed for annexation before the fifth anniversary of the date of the arbitrator's decision.

(i) Except as provided by this subsection, the municipality shall pay the cost of arbitration. If the arbitrator finds that the request for arbitration submitted by the representatives of the area proposed for annexation was groundless or requested in bad faith or for the purposes of harassment, the arbitrator may require the area proposed for annexation to pay all or part of the cost of arbitration.

The hearings must be conducted on or after the 40th day but before the 20th day before the date of the institution of the proceedings.

(b) At least one of the hearings must be held in the area proposed for annexation if a suitable site is reasonably available and more than 10 percent of the adults who are permanent residents of the area file a written protest of the annexation with the secretary of the municipality within 10 days after the date of the publication of the notice required by this section. The notice for each hearing must be posted on the municipality's Internet website on or after the 20th day but before the 10th day before the date of the hearing and must remain posted until the date of the hearing. (a) Before the publication of the notice of the first hearing required under Section 43.063, the governing body of the municipality proposing the annexation shall direct its planning department or other appropriate municipal department to prepare a service plan that provides for the extension of full municipal services to the area to be annexed. The municipality shall provide the services by any of the methods by which it extends the services to any other area of the municipality.

Added by Acts 1999, 76th Leg., ch. 1167, Sec. 9, eff. Sept. 1, 1999.

SUBCHAPTER C-2. GENERAL ANNEXATION AUTHORITY AND PROCEDURES: TIER 2 MUNICIPALITIES

Sec. 43.066. APPLICABILITY. This subchapter applies only to a tier 2 municipality.

Added by Acts 2017, 85th Leg., 1st C.S., Ch. 6 (S.B. 6), Sec. 24, eff. December 1, 2017.

Sec. 43.0661. PROVISION OF CERTAIN SERVICES TO ANNEXED AREA.

(a) This section applies only to a municipality that includes solid waste collection services in the list of services that will be provided in the area proposed for annexation on or before the second anniversary of the effective date of the annexation of the area under a written agreement under Section 43.0672 or a resolution under Section 43.0682 or 43.0692.

(b) A municipality is not required to provide solid waste collection services to a person who continues to use the services of a privately owned solid waste management service provider as provided by Subsection (c).

(c) Before the second anniversary of the effective date of the annexation of an area, a municipality may not:

(1) prohibit the collection of solid waste in the area by a privately owned solid waste management service provider; or

(2) offer solid waste management services in the area unless a privately owned solid waste management service provider is unavailable.

Added by Acts 2017, 85th Leg., 1st C.S., Ch. 6 (S.B. 6), Sec. 24, eff. December 1, 2017.

Sec. 43.0662. AUTHORITY OF MUNICIPALITY WITH POPULATION OF 74,000 TO 99,700 IN URBAN COUNTY TO ANNEX SMALL, SURROUNDED GENERAL-LAW MUNICIPALITY. (a) Notwithstanding Subchapter C-4 or C-5, a municipality that has a population of 74,000 to 99,700, that is located wholly or partly in a county with a population of more than 1.8 million, and that completely surrounds and is contiguous to a general-law municipality with a population of less than 600, may annex the general-law municipality as provided by this section.

(b) The governing body of the smaller municipality may adopt an ordinance ordering an election on the question of consenting to the annexation of the smaller municipality by the larger municipality. The governing body of the smaller municipality shall adopt the ordinance if it receives a petition to do so signed by a number of qualified voters of the municipality equal to at least 10 percent of the number of voters of the municipality who voted in the most recent general election. If the ordinance ordering the election is to be adopted as a result of a petition, the ordinance shall be adopted

within 30 days after the date the petition is received.

(c) The ordinance ordering the election must provide for the submission of the question at an election to be held on the first uniform election date prescribed by Chapter 41, Election Code, that occurs after the 30th day after the date the ordinance is adopted and that affords enough time to hold the election in the manner required by law.

(d) Within 10 days after the date on which the election is held, the governing body of the smaller municipality shall canvass the election returns and by resolution shall declare the results of the election. If a majority of the votes received is in favor of the annexation, the secretary of the smaller municipality or other appropriate municipal official shall forward by certified mail to the secretary of the larger municipality a certified copy of the resolution.

(e) The larger municipality, within 90 days after the date the resolution is received, must complete the annexation by ordinance in accordance with its municipal charter or the general laws of the state. If the annexation is not completed within the 90-day period, any annexation proceeding is void and the larger municipality may not annex the smaller municipality under this section. However, the failure to complete the annexation as provided by this subsection does not prevent the smaller municipality from holding a new election on the question to enable the larger municipality to annex the smaller municipality as provided by this section.

(f) If the larger municipality completes the annexation within the prescribed period, the incorporation of the smaller municipality is abolished. The records, public property, public buildings, money on hand, credit accounts, and other assets of the smaller municipality become the property of the larger municipality and shall be turned over to the officers of that municipality. The offices in the smaller municipality are abolished and the persons holding those offices are not entitled to further remuneration or compensation. All outstanding liabilities of the smaller municipality are assumed by the larger municipality.

(g) In the annexation ordinance, the larger municipality shall adopt, for application in the area zoned by the smaller municipality, the identical comprehensive zoning ordinance that the smaller municipality applied to the area at the time of the election. Any attempted annexation of the smaller municipality that does not

include the adoption of that comprehensive zoning ordinance is void. That comprehensive zoning ordinance may not be repealed or amended for a period of 10 years unless the written consent of the landowners who own at least two-thirds of the surface land of the annexed smaller municipality is obtained.

(h) If the annexed smaller municipality has on hand any bond funds for public improvements that are not appropriated or contracted for, the funds shall be kept in a separate special fund to be used only for public improvements in the area for which the bonds were voted.

(i) On the annexation, all claims, fines, debts, or taxes due and payable to the smaller municipality become due and payable to the larger municipality and shall be collected by it. If taxes for the year in which the annexation occurs have been assessed in the smaller municipality before the annexation, the amounts assessed remain as the amounts due and payable from the inhabitants of the smaller municipality for that year.

(j) This section does not affect a charter provision of a home-rule municipality. This section grants additional power to the municipality and is cumulative of the municipal charter.

Sec. 43.0697. RESULTS OF ELECTION AND PETITION. (a) Following an election held under this subchapter, the municipality must notify the residents of the area proposed to be annexed of the results of the election and, if applicable, of the petition required by Section 43.0695.

(b) If at the election held under this subchapter a majority of qualified voters do not approve the proposed annexation, or if the municipality is required to petition owners of land in the area under Section 43.0695 and does not obtain the required number of signatures, the municipality may not annex the area and may not adopt another resolution under Section 43.0692 to annex the area until the first anniversary of the date of the adoption of the resolution.

(c) If at the election held under this subchapter a majority of qualified voters approve the proposed annexation, and if the municipality, as applicable, obtains the required number of petition signatures under Section 43.0695, the municipality may annex the area after:

- (1) providing notice under Subsection (a);
- (2) holding a public hearing at which members of the public are given an opportunity to be heard; and
- (3) holding a final public hearing not earlier than the 10th day after the date of the public hearing under Subdivision (2) at which the ordinance annexing the area may be adopted.

Sec. 43.0698. VOTER APPROVAL BY MUNICIPAL RESIDENTS ON PETITION. If a petition protesting the annexation of an area under this subchapter is signed by a number of registered voters of the municipality proposing the annexation equal to at least 50 percent of the number of voters who voted in the most recent municipal election and is received by the secretary of the municipality before the date the election required by this subchapter is held, the municipality may not complete the annexation of the area without approval of a majority of the voters of the municipality voting at a separate election called and held for that purpose.

Added by Acts 2017, 85th Leg., 1st C.S., Ch. 6 (S.B. 6), Sec. 26, eff. December 1, 2017.

Sec. 43.0699. RETALIATION FOR ANNEXATION DISAPPROVAL PROHIBITED. (a) The disapproval of the proposed annexation of an area under this subchapter does not affect any existing legal obligation of the municipality proposing the annexation to continue to provide governmental services in the area, including water or wastewater services.

(b) The municipality may not initiate a rate proceeding solely because of the disapproval of a proposed annexation of an area under this subchapter.

Added by Acts 2017, 85th Leg., 1st C.S., Ch. 6 (S.B. 6), Sec. 26, eff. December 1, 2017.

SUBCHAPTER D. ANNEXATION PROVISIONS RELATING TO SPECIAL DISTRICTS

Sec. 43.071. AUTHORITY TO ANNEX WATER OR SEWER DISTRICT. (a) In this section, "water or sewer district" means a district or authority created under Article III, Section 52, Subsections (b)(1) and (2), or under Article XVI, Section 59, of the Texas Constitution that provides or proposes to provide, as its principal function, water services or sewer services or both to household users. The term does not include a district or authority the primary function of which is the wholesale distribution of water.

(b) A municipality may not annex area in a water or sewer district unless it annexes the entire part of the district that is outside the municipality's boundaries. This restriction does not

apply to the annexation of area in a water or sewer district if the district is wholly or partly in the extraterritorial jurisdiction of more than one municipality.

(c) An annexation subject to Subsection (b) is exempt from the provisions of this chapter that limit annexation authority to a municipality's extraterritorial jurisdiction if:

(1) immediately before the annexation, at least one-half of the area of the water or sewer district is in the municipality or its extraterritorial jurisdiction; and

(2) the municipality does not annex in the annexation proceeding any area outside its extraterritorial jurisdiction except the part of the district that is outside its extraterritorial jurisdiction.

(d) Area annexed under Subsection (b) is included in computing the amount of area that a municipality may annex under Section 43.055 in a calendar year. If the area to be annexed exceeds the amount of area the municipality would otherwise be able to annex, the municipality may annex the area but may not annex additional area during the remainder of that calendar year, except area subject to Subsection (b) and area that is excluded from the computation under Section 43.055.

(e) Subsections (b)-(d) do not apply to the annexation of:

(1) an area within a water or sewer district if:

(A) the governing body of the district consents to the annexation;

(B) the owners in fee simple of the area to be annexed consent to the annexation; and

(C) the annexed area does not exceed 525 feet in width at its widest point;

(2) a water or sewer district that has a noncontiguous part that is not within the extraterritorial jurisdiction of the municipality; or

(3) a part of a special utility district created or operating under Chapter 65, Water Code.

(f) To annex the entire part of a water or sewer district that is outside the municipality's boundaries, a general-law municipality incorporated after 1983 that is, after incorporation of the district, incorporated over all or any part of the district may annex territory by ordinance without the consent of the inhabitants or property owners of the territory.

(g) For an annexation of an area in a water or sewer district that is wholly or partly in the overlapping extraterritorial jurisdiction of two or more municipalities, any one of those municipalities is not required to obtain under Section 42.023 the written consent of any of the other municipalities in order to annex the area if:

- (1) the area contains less than 100 acres;
- (2) the annexing municipality, before June 1, 2005, annexed more than 50 percent of the territory of the water or sewer district, as the district existed on the date of its creation; and
- (3) the entire water or sewer district would be contained in the annexing municipality after completion of the annexation.

Sec. 43.0712. INVALIDATION OF ANNEXATION OF SPECIAL DISTRICT; REIMBURSEMENT OF DEVELOPER. (a) If a municipality enacts an ordinance to annex a special district and assumes control and operation of utilities within the district, and the annexation is invalidated by a final judgment of a court after all appeals have been exhausted, the municipality is deemed, by enactment of its annexation ordinance, to have acquired title to utilities owned by a developer within the special district and is obligated to pay the developer all amounts related to the utilities as provided in Section 43.0715.

- (b) Upon resumption of the functions of the special district:
 - (1) the municipality shall succeed to the contractual rights of the developer to be reimbursed by the special district for the utilities the municipality acquires from the developer; and
 - (2) the special district shall resume the use of the utilities acquired and paid for by the municipality and shall thereafter acquire the utilities from the municipality and reimburse the municipality for amounts the municipality paid the developer. The payment to the municipality shall be governed by the requirements

of the Texas Natural Resource Conservation Commission.

Added by Acts 1999, 76th Leg., ch. 1167, Sec. 10, eff. Sept. 1, 1999.

Sec. 43.0715. ANNEXATION OF WATER-RELATED SPECIAL DISTRICT: REIMBURSEMENT OF LANDOWNER OR DEVELOPER; CONTINUATION OF DISTRICT AND TAXING AUTHORITY. (a) In this section:

(1) "Special district" means a political subdivision one purpose of which is to supply fresh water for domestic or commercial use or to furnish sanitary sewer services or drainage.

(2) "Delinquent sum" means the sum a municipality has failed to timely pay to a landowner or developer under Subsection (b).

(b) If a municipality with a population of less than 1.5 million annexes a special district for full or limited purposes and the annexation precludes or impairs the ability of the district to issue bonds, the municipality shall, prior to the effective date of the annexation, pay in cash to the landowner or developer of the district a sum equal to all actual costs and expenses incurred by the landowner or developer in connection with the district that the district has, in writing, agreed to pay and that would otherwise have been eligible for reimbursement from bond proceeds under the rules and requirements of the Texas Commission on Environmental Quality as such rules and requirements exist on the date of annexation.

(c) At the time notice of the municipality's intent to annex the land within the district is first given in accordance with Section 43.052, 43.0683, or 43.0693, as applicable, the municipality shall proceed to initiate and complete a report for each developer conducted in accordance with the format approved by the Texas Commission on Environmental Quality for audits. In the event the municipality is unable to complete the report prior to the effective date of the annexation as a result of the developer's failure to provide information to the municipality which cannot be obtained from other sources, the municipality shall obtain from the district the estimated costs of each project previously undertaken by a developer which are eligible for reimbursement. The amount of such costs, as estimated by the district, shall be escrowed by the municipality for the benefit of the persons entitled to receive payment in an insured interest-bearing account with a financial institution authorized to

do business in the state. To compensate the developer for the municipality's use of the infrastructure facilities pending the determination of the reimbursement amount, all interest accrued on the escrowed funds shall be paid to the developer whether or not the annexation is valid. Upon placement of the funds in the escrow account, the annexation may become effective. In the event a municipality timely escrows all estimated reimbursable amounts as required by this subsection and all such amounts, determined to be owed, including interest, are subsequently disbursed to the developer within five days of final determination in immediately available funds as required by this section, no penalties or interest shall accrue during the pendency of the escrow. Either the municipality or developer may, by written notice to the other party, require disputes regarding the amount owed under this section to be subject to nonbinding arbitration in accordance with the rules of the American Arbitration Association.

(d) A delinquent sum incurs a penalty of six percent of the amount of the sum for the first calendar month it is delinquent plus one percent for each additional month or portion of a month the sum remains unpaid. For an annexation occurring prior to the effective date of the changes in law made by this Act in amending Subsection (b), a delinquent sum begins incurring a penalty on the first day of the eighth month following the month in which the municipality enacted its annexation ordinance. For an annexation occurring after the effective date of this Act, a delinquent sum begins incurring a penalty on the first day after the date the municipality enacts its annexation ordinance.

Sec. 43.072. AUTHORITY TO ANNEX MUNICIPAL UTILITY DISTRICT BY

HOME-RULE MUNICIPALITY. (a) This section applies to a municipal utility district that is located entirely in the extraterritorial jurisdiction of a single general-law municipality and that has a common boundary with at least one home-rule municipality.

(b) A home-rule municipality having a common boundary with a district subject to this section may annex the area of the district if:

(1) the annexation is approved by a majority of the qualified voters who vote on the question at an election held under this section;

(2) the annexation is completed before the date that is one year after the date of the election; and

(3) all the area of the district is annexed.

(c) Area annexed under Subsection (b) is included in computing the amount of area that a municipality may annex under Section 43.055 in a calendar year. If the area to be annexed exceeds the amount of area the municipality would otherwise be able to annex, the municipality may annex the area but may not annex additional area during the remainder of that calendar year, except area subject to Subsection (b) and area that is excluded from the computation under Section 43.055.

(d) Annexation of area under this section is exempt from the provisions of this chapter that prohibit:

(1) a municipality from annexing area outside its extraterritorial jurisdiction;

(2) annexation of area narrower than the minimum width prescribed by Section 43.054; or

(3) reduction of the extraterritorial jurisdiction of a municipality without the written consent of the municipality's governing body.

(e) If the district is composed of two or more tracts, at least one of which is not contiguous to the home-rule municipality, the fact that the annexation will result in one or more parts of the home-rule municipality being not contiguous to the rest of the municipality does not affect the municipality's authority to annex the district.

(f) The extraterritorial jurisdiction of a home-rule municipality is not expanded by the annexation of area under this section.

(g) The board of directors of the district may order an

election under this section. The board shall conduct the election in the area composed of the district and the general-law municipality. A person who is qualified to vote in the general-law municipality or the district is eligible to vote in the election.

(h) The board of directors shall set the date of the election for the first uniform election date that falls on or after the 30th day after the date of the order. If a state law prescribing uniform election dates is not in effect on the date of the order, the board shall set the election for a date that falls on or after the 30th day but before the 60th day after the date of the order.

(i) The board of directors shall give notice of the election in the manner provided for an election of the members of the board. The ballot for the election shall be printed to provide for voting for or against the proposition: "Authorizing the municipality of (name of the home-rule municipality) to annex the unincorporated area of the (name of the district)."

(j) Promptly after the board of directors declares the result of the election:

(1) the board shall mail or deliver a certified copy of the resolution declaring the result of the election to the mayor and the secretary of each of the two affected municipalities; and

(2) if the election authorizes annexation of the district by the home-rule municipality, the board shall file a certified copy of the resolution in the deed records of each county in which the district is located.

(k) During the time that an election under this section is pending, the general-law municipality may not annex area in the district. For the purposes of this requirement, an election is pending during the period that begins on the date the board of directors adopts the election order and ends on the date the board declares the result of the election. If, on the date the election order is adopted, the general-law municipality has instituted but not completed proceedings to annex area in the district, the general-law municipality may complete the annexation while the election is pending. If proceedings are completed while the election is pending, the annexation, to the extent that it includes area in the district, takes effect only if the election results in the defeat of the question and, in that case, it takes effect on the date the result of the election is officially declared.

(l) If the question is approved, the period during which the

general-law municipality is prohibited from annexing area in the district is extended to the date that is one year after the date of the election.

(m) If a district holds an election under this section, the district may not hold another election under this section before the date that is one year after the date of the earlier election, except that if an election is held on a uniform election date prescribed by law, the subsequent election may be held on the corresponding uniform election date of the following year.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 1, Sec. 3(h), eff. Aug. 28, 1989.

Sec. 43.073. ABOLITION OF, OR DIVISION OF FUNCTIONS OF, LEVEE IMPROVEMENT DISTRICT ANNEXED BY MUNICIPALITY WITH POPULATION OF MORE THAN 500,000. (a) This section applies to a municipality with a population of more than 500,000 that annexes all or part of the area in a levee improvement district organized under the laws of this state.

(b) If the municipality annexes all the area in the district, the municipality:

(1) shall take over the property and other assets of the district;

(2) assumes all the debts, liabilities, and obligations of the district; and

(3) shall perform all the functions of the district, including the provision of services.

(c) The district is abolished on the annexation of all of its area by the municipality. The abolition of the district does not impair or otherwise affect a contract between the district and a flood control district or other governmental agency for the operation or maintenance of levees or other flood control works, but the municipality assumes the rights and obligations of the district under the contract. On the annexation of all of the area of the district, the municipality may refund, in whole or in part, any outstanding bonded indebtedness and may provide for a sufficient sinking fund to meet any refunding bonds issued.

(d) If the municipality annexes only part of the area in the district, the governing bodies of the municipality and the district

may make contracts relating to the division and allocation between themselves of their duplicate and overlapping powers, duties, and other functions and relating to the use, management, control, purchase, conveyance, assumption, and disposition of the property and other assets, debts, liabilities, and obligations of the district. The amount of taxes levied by the district against a parcel of real estate subsequently annexed by the municipality shall be credited against any property taxes levied against the parcel by the municipality.

(e) If the municipality annexes only part of the area in the district, the district may contract with the municipality for the municipal operation of the district's utility systems and other property and for the transfer, conveyance, or sale of those systems and that property, regardless of kind or location inside or outside municipal boundaries, to the municipality on terms to which the governing bodies of the district and municipality agree. That operating contract may extend for a period, not to exceed 30 years, stipulated in the contract and is subject to amendment, renewal, or termination by the mutual consent of the governing bodies. The contract may not impair the obligation of another contract of the municipality or district. In the absence of such a contract, the district may continue to exercise, unaffected by the annexation, the powers, duties, and other functions granted or imposed on the district by law. The municipality may not be required to perform any drainage functions in the district. The municipality may, with the consent of the district, construct and maintain drainage facilities in the district that are consistent with the reclamation plan of the district. The municipality may perform all other municipal functions that the municipality is authorized to perform and that the district is not engaged in performing nor authorized to perform.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1991, 72nd Leg., ch. 597, Sec. 82, eff. Sept. 1, 1991.

Sec. 43.074. ABOLITION OF WATER-RELATED SPECIAL DISTRICT CREATED WHOLLY IN MUNICIPALITY. (a) A water control and improvement district, fresh water supply district, or municipal utility district created from area that, at the time of the district's creation, is located wholly in a municipality may be abolished as provided by this

section.

(b) On a vote of at least two-thirds of the entire membership of the governing body of the municipality, the governing body may adopt an ordinance abolishing the district if the governing body finds:

(1) that:

(A) the district is no longer needed; or

(B) the services furnished and functions performed by the district can be furnished and performed by the municipality; and

(2) that the abolition of the district is in the best interests of the residents and property in the municipality and the district.

(c) If before the effective date of the ordinance or if within 30 days after the effective date or the date of the publication of the ordinance, a petition that is signed and verified by a number of qualified voters of the municipality equal to at least 10 percent of the total votes cast at the most recent election for municipal officers is filed with the secretary of the municipality protesting the enactment or enforcement of the ordinance, the ordinance is suspended and any action taken under the ordinance is void. Immediately after the filing of the petition, the secretary shall present it to the governing body. Immediately after the presentation of the petition, the governing body shall reconsider the ordinance. If the governing body does not repeal the ordinance, the governing body shall submit it to a popular vote at the next municipal election or at a special election the governing body may order for that purpose. The ordinance does not take effect unless a majority of the votes received in the election favor the ordinance.

(d) On the adoption of the ordinance, the district is abolished, the property and other assets of the district vest in the municipality, and the municipality assumes and becomes liable for the bonds and other obligations of the district. The municipality shall perform the services and other functions that were performed by the district.

(e) If a district bond, warrant, or other obligation payable in whole or in part from property taxes is assumed by the municipality, the governing body shall levy and collect taxes on all taxable property in the municipality in an amount sufficient to pay the principal of and interest on the bond, warrant, or other obligation as it becomes due and payable.

(f) The municipality may issue refunding bonds in its own name to refund bonds, warrants, or other obligations, including unpaid accrued interest on an obligation, that is assumed by the municipality. The refunding bonds must be issued in the manner provided by Chapter 1207, Government Code.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1999, 76th Leg., ch. 1064, Sec. 35, eff. Sept. 1, 1999.

Sec. 43.075. ABOLITION OF, OR DIVISION OF FUNCTIONS OF, WATER-RELATED SPECIAL DISTRICT THAT BECOMES PART OF NOT MORE THAN ONE MUNICIPALITY. (a) This section applies to:

(1) a municipality that annexes all or part of the area in a water control and improvement district, fresh water supply district, or municipal utility district organized for the primary purpose of providing municipal functions such as the supplying of fresh water for domestic or commercial uses or the furnishing of sanitary sewer service or drainage service; or

(2) a municipality:

(A) that, by incorporation of the municipality, includes in the municipality all or part of the area in a district described by Subdivision (1); and

(B) the governing body of which adopts, by a vote of at least two-thirds of its entire membership, an ordinance making this section applicable to the municipality.

(b) This section does not apply if the district includes area located in more than one municipality.

(c) The municipality succeeds to the powers, duties, assets, and obligations of the district as provided by this section. This section does not prohibit the municipality from continuing to operate utility facilities in the district that are owned and operated by the municipality on the date the area becomes a part of the municipality.

(d) If all the area in the district becomes a part of the municipality, the municipality:

(1) shall take over all the property and other assets of the district;

(2) assumes all the debts, liabilities, and obligations of the district; and

(3) shall perform all the functions of the district,

including the provision of services.

(e) The governing body of the municipality by ordinance shall designate the date on which the duties and the assumption under Subsection (d) take effect. The date must be set for a day within 90 days after the date the area becomes a part of the municipality. If the governing body fails to adopt the ordinance, the duties and the assumption automatically take effect on the 91st day after the date the area becomes a part of the municipality. The district is abolished on the date the duties and assumption take effect.

(f) If only part of the area in the district becomes a part of the municipality, the governing bodies of the municipality and the district may make contracts relating to the division and allocation between themselves of their duplicate and overlapping powers, duties, and other functions and relating to the use, management, control, purchase, conveyance, assumption, and disposition of the property and other assets, debts, liabilities, and obligations of the district.

(g) If only part of the area in the district becomes a part of the municipality, the district may contract with the municipality for the municipal operation of the district's utility systems and other property and for the transfer, conveyance, or sale of those systems and that property, regardless of kind or location inside or outside municipal boundaries, to the municipality on terms to which the governing bodies of the district and municipality agree. That operating contract may extend for a period, not to exceed 30 years, stipulated in the contract and is subject to amendment, renewal, or termination by the mutual consent of the governing bodies. The contract may not impair the obligation of another contract of the municipality or district. In the absence of such a contract, the district may continue to exercise the powers and other functions that it was authorized to exercise before the area became a part of the municipality, and the municipality may not, without the district's consent, duplicate the services rendered by the district in the district. However, the municipality may perform in the district all other municipal functions in which the district is not engaged.

(h) If a district bond, warrant, or other obligation payable in whole or in part from property taxes is assumed under this section by the municipality, the governing body shall levy and collect taxes on all taxable property in the municipality in an amount sufficient to pay the principal of and interest on the bond, warrant, or other obligation as it becomes due and payable. The municipality may issue

refunding bonds or warrants to refund bonds, warrants, or other obligations, including unpaid earned interest on them, that is assumed by the municipality. The refunding bonds or warrants must be issued in the manner provided by Chapter 1207, Government Code. A refunding bond must bear interest at the same rate or at a lower rate than that borne by the refunded obligation unless it is shown mathematically that a different rate results in a savings in the total amount of interest to be paid.

(i) If all the area in the district becomes a part of the municipality and if the district has outstanding bonds, warrants, or other obligations payable solely from the net revenues from the operation of any utility system or property, the municipality shall take over and operate the system or property and shall apply the net revenues from the operation to the payment of the outstanding revenue bonds, warrants, or other obligations as if the district had not been abolished. The municipality may combine the district system or property with the municipality's similar system or property if:

(1) the municipality has no outstanding revenue bonds, warrants, or other obligations payable from and secured by a pledge of the net revenue of its own utility system or property; or

(2) the municipality:

(A) has outstanding obligations payable from and secured by a pledge of net revenues sufficient to meet the outstanding obligations; and

(B) those revenues have produced, during the five-year period before May 30, 1959, an annual surplus in an amount sufficient to meet the annual obligations for which the district revenues are pledged.

(j) If the municipality combines the systems or property as provided by Subsection (i), it shall levy on all property subject to taxation by the municipality an annual property tax at a rate that, when combined with other available municipal funds and revenues, is sufficient to pay the principal of and interest on the outstanding obligations.

(k) If all the area in the district becomes a part of the municipality, the municipality, unless the refunding authorized by Subsection (l) has been accomplished, shall separately operate the district and municipal systems and property and may not commingle revenue if the municipality has outstanding bonds, warrants, or other bonded obligations payable from and secured by a pledge of the net

revenue of its own utility system or property and does not have an amount annually accruing to its surplus revenue fund that exceeds the amount of the fund pledged to the payment of outstanding municipal obligations and that is sufficient to meet the annual obligations for which the district revenues are pledged. The municipality shall perform the duties and other functions imposed by law or contract on the governing body of the district relating to the district's outstanding bonds, warrants, or other obligations and shall separately perform the duties and other functions relating to the bonds, warrants, and other obligations of the municipal system. The municipality may allocate overhead expenses between any two or more systems in direct proportion to the gross income of each system.

(1) The municipality may issue revenue refunding bonds in its own name for the purpose of refunding outstanding district revenue bonds, warrants, or other obligations, including unpaid accrued interest on them, that are assumed by the municipality under this section. The municipality may combine different issues of district and municipal revenue bonds, warrants, or other obligations into one series of revenue refunding bonds and may pledge the net revenues of the utility systems or property to the payment of the refunding bonds as the governing body considers proper. Except as otherwise provided by this section, Chapter 1502, Government Code, applies to the revenue refunding bonds, but an election for the issuance of the bonds is not required. Refunding bonds must bear interest at the same rate or at a lower rate than that borne by the refunded obligations unless it is shown mathematically that a different rate results in a savings in the total amount of interest to be paid.

Sec. 43.0751. STRATEGIC PARTNERSHIPS FOR CONTINUATION OF CERTAIN DISTRICTS. (a) In this section:

(1) "District" means a conservation and reclamation district operating under Chapter 49, Water Code. The term does not include a groundwater conservation district operating under Chapter 36, Water Code, or a special utility district operating under Chapter 65, Water Code.

(2) "Limited district" means a district that, pursuant to a strategic partnership agreement, continues to exist after full-purpose annexation by a municipality in accordance with the terms of a strategic partnership agreement.

(3) "Strategic partnership agreement" means a written agreement described by this section between a municipality and a district.

(b) The governing bodies of a municipality and a district may negotiate and enter into a written strategic partnership agreement for the district by mutual consent. The governing body of a municipality, on written request from a district included in the municipality's annexation plan under Section 43.052, shall negotiate and enter into a written strategic partnership agreement with the district. A district included in a municipality's annexation plan under Section 43.052:

(1) may not submit its written request before the date of the second hearing required under Section 43.0561; and

(2) must submit its written request before the 61st day after the date of the second hearing required under Section 43.0561.

(c) A strategic partnership agreement shall not be effective until adopted by the governing bodies of the municipality and the district. The agreement shall be recorded in the deed records of the county or counties in which the land included within the district is located and shall bind each owner and each future owner of land included within the district's boundaries on the date the agreement becomes effective.

(d) Before the governing body of a municipality or a district adopts a strategic partnership agreement, it shall conduct two public hearings at which members of the public who wish to present testimony or evidence regarding the proposed agreement shall be given the opportunity to do so. Notice of public hearings conducted by the governing body of a municipality under this subsection shall be published in a newspaper of general circulation in the municipality and in the district. The notice must be in the format prescribed by Section 43.123(b) and must be published at least once on or after the 20th day before each date. Notice of public hearings conducted by the governing body of a district under this subsection shall be given in accordance with the district's notification procedures for other matters of public importance. Any notice of a public hearing conducted under this subsection shall contain a statement of the

purpose of the hearing, the date, time, and place of the hearing, and the location where copies of the proposed agreement may be obtained prior to the hearing. The governing bodies of a municipality and a district may conduct joint public hearings under this subsection, provided that at least one public hearing is conducted within the district.

(e) The governing body of a municipality may not annex a district for limited purposes under this section or under the provisions of Subchapter F until it has adopted a strategic partnership agreement with the district. The governing body of a municipality may not adopt a strategic partnership agreement before the agreement has been adopted by the governing body of the affected district.

(f) A strategic partnership agreement may provide for the following:

(1) limited-purpose annexation of the district on terms acceptable to the municipality and the district provided that the district shall continue in existence during the period of limited-purpose annexation;

(2) limited-purpose annexation of a district located in a county with a population of more than 3.3 million:

(A) only if the municipality does not require services, permits, or inspections or impose fees for services, permits, or inspections within the district; and

(B) provided that this subsection does not prevent the municipality from providing services within the district if:

(i) the provision of services is specified and agreed to in the agreement;

(ii) the provision of services is not solely the result of a regulatory plan adopted by the municipality in connection with the limited-purpose annexation of the district; and

(iii) the district has obtained the authorization of the governmental entity currently providing the service;

(3) payments by the municipality to the district for services provided by the district;

(4) annexation of any commercial property in a district for full purposes by the municipality, notwithstanding any other provision of this code or the Water Code, except for the obligation of the municipality to provide, directly or through agreement with other units of government, full provision of municipal services to

annexed territory, in lieu of any annexation of residential property or payment of any fee on residential property in lieu of annexation of residential property in the district authorized by this subsection;

(5) a full-purpose annexation provision on terms acceptable to the municipality and the district;

(6) conversion of the district to a limited district including some or all of the land included within the boundaries of the district, which conversion shall be effective on the full-purpose annexation conversion date established under Subdivision (5);

(7) agreements existing between districts and governmental bodies and private providers of municipal services in existence on the date a municipality evidences its intention by adopting a resolution to negotiate for a strategic partnership agreement with the district shall be continued and provision made for modifications to such existing agreements; and

(8) such other lawful terms that the parties consider appropriate.

(g) A strategic partnership agreement that provides for the creation of a limited district under Subsection (f)(6) shall include provisions setting forth the following:

(1) the boundaries of the limited district;

(2) the functions of the limited district and the term during which the limited district shall exist after full-purpose annexation, which term may be renewed successively by the governing body of the municipality, provided that no such original or renewed term shall exceed 10 years;

(3) the name by which the limited district shall be known; and

(4) the procedure by which the limited district may be dissolved prior to the expiration of any term established under Subdivision (2).

(h) On the full-purpose annexation conversion date set forth in the strategic partnership agreement pursuant to Subsection (f)(5), the land included within the boundaries of the district shall be deemed to be within the full-purpose boundary limits of the municipality without the need for further action by the governing body of the municipality. The full-purpose annexation conversion date established by a strategic partnership agreement may be altered only by mutual agreement of the district and the municipality.

However, nothing herein shall prevent the municipality from terminating the agreement and instituting proceedings to annex the district, on request by the governing body of the district, on any date prior to the full-purpose annexation conversion date established by the strategic partnership agreement under the procedures applicable to a tier 1 municipality. Land annexed for limited or full purposes under this section shall not be included in calculations prescribed by Section 43.055(a).

(i) A strategic partnership agreement may provide that the district shall not incur additional debt, liabilities, or obligations, to construct additional utility facilities, or sell or otherwise transfer property without prior approval of the municipality.

(j) Except as limited by this section or the terms of a strategic partnership agreement, a district that has been annexed for limited purposes by a municipality and a limited district shall have and may exercise all functions, powers, and authority otherwise vested in a district.

(k) A municipality that has annexed all or part of a district for limited purposes under this section may impose a sales and use tax within the boundaries of the part of the district that is annexed for limited purposes. Except to the extent it is inconsistent with this section, Chapter 321, Tax Code, governs the imposition, computation, administration, governance, and abolition of the sales and use tax.

(l) An agreement or a decision made under this section and an action taken under the agreement by the parties to the agreement are not subject to approval or an appeal brought under the Water Code unless it is an appeal of a utility rate charged by a municipality to customers outside the corporate boundaries of the municipality.

(m) A municipality that may annex a district for limited purposes to implement a strategic partnership agreement under this section shall not annex for full purposes any territory within a district created pursuant to a consent agreement with that municipality executed before August 27, 1979. The prohibition on annexation established by this subsection shall expire on September 1, 1997, or on the date on or before which the municipality and any district may have separately agreed that annexation would not take place whichever is later.

(n) This subsection applies only to a municipality any portion

of which is located in a county that has a population of not less than 285,000 and not more than 300,000 and that borders the Gulf of Mexico and is adjacent to a county with a population of more than 3.3 million. A municipality may impose within the boundaries of a district a municipal sales and use tax authorized by Chapter 321, Tax Code, or a municipal hotel occupancy tax authorized by Chapter 351, Tax Code, that is imposed in the municipality if:

(1) the municipality has annexed the district for limited purposes under this section; or

(2) following two public hearings on the matter, the municipality and the district enter a written agreement providing for the imposition of the tax or taxes.

(n-1) At the conclusion of the term of an agreement between a municipality and a district under Subsection (n), the district and the municipality may extend the agreement for a period not to exceed 10 years. An agreement may be extended only once under this subsection.

(o) If a municipality required to negotiate with a district under this section and the requesting district fail to agree on the terms of a strategic partnership agreement, either party may seek binding arbitration of the issues relating to the agreement in dispute under Section 43.0752.

(p) An agreement under this section:

(1) may not require the district to provide revenue to the municipality solely for the purpose of obtaining an agreement with the municipality to forgo annexation of the district; and

(2) must provide benefits to each party, including revenue, services, and regulatory benefits, that must be reasonable and equitable with regard to the benefits provided by the other party.

(q) Except for Sections 43.130(a) and (b), Subchapter F does not apply to a limited-purpose annexation under a strategic partnership agreement.

(r) A district or the area of a district annexed for limited purposes under this section must be:

(1) in the municipality's extraterritorial jurisdiction; and

(2) contiguous to the corporate boundaries of the municipality or an area annexed by the municipality for limited purposes, unless the district consents to noncontiguous annexation under a strategic partnership agreement with the municipality.

(s) Notwithstanding any other law, the procedures prescribed by Subchapters C-3, C-4, and C-5 do not apply to the annexation of an area under this section. Except as provided by Subsection (h), a municipality shall follow the procedures established under the strategic partnership agreement for full-purpose annexation of an area under this section.

(a) If the municipality and the district cannot reach an agreement

on the terms of a strategic partnership agreement under Section 43.0751, either party may request the appointment of an arbitrator to resolve the issues in dispute. (b) Sections 43.0564(b), (c), (e), (f), (g), and (h) apply to appointment of an arbitrator and the conduct of an arbitration proceeding under this section.

(c) The authority of the arbitrator is limited to determining whether the offer of a party complies with Section 43.0751(p).

(d) If the arbitrator finds that an offer complies with Section 43.0751(p), the arbitrator may issue a decision that incorporates the offer as part of the strategic partnership agreement.

Sec. 43.0753. REGIONAL DEVELOPMENT AGREEMENTS. (a) In this section:

(1) "District" means a conservation and reclamation district that is created or operating under Chapters 49 and 54, Water Code, and that is located entirely within the boundaries of a planned community and entirely within the extraterritorial jurisdiction of a municipality.

(2) "Municipality" means a municipality with a population of 1.6 million or more.

(3) "Planned community" means a planned community of 10,000 acres or more that is subject in whole or in part to a restrictive covenant that contains an ad valorem-based assessment on real property used or to be used, in any part, to fund governmental or quasi-governmental services and facilities within and for the planned community.

(4) "Regional development agreement" means a contract or agreement entered into under this section or in anticipation of the enactment of this section and any amendment, modification,

supplement, addition, renewal, or extension to or of the contract or agreement or any proceeding relating to the contract or agreement.

(b) Notwithstanding any contrary law or municipal charter provision, the governing body of a municipality and the governing body of one or more districts may enter into a regional development agreement to further regional cooperation between the municipality and the district.

(c) A regional development agreement may allow:

(1) any type of annexation of any part of the land in the district to be deferred for a mutually agreeable period of time;

(2) facilities or services to be provided to the land within the district by any party to the agreement or by any other person, including optional, backup, emergency, mutual aid, or supplementary facilities or services;

(3) payments to be made by the municipality to the district or another person or by the district or another person to the municipality for services provided to the district or municipality;

(4) standards for requesting and receiving any form of required consent or approval from the municipality;

(5) a district to issue bonds, notes, refunding bonds, or other forms of indebtedness;

(6) the coordination of local, regional, and areawide planning;

(7) remedies for breach of the agreement;

(8) the modification, amendment, renewal, extension, or termination of the agreement;

(9) any other district to join the agreement at any time;

(10) third-party beneficiaries to be specifically designated and conferred rights or remedies under the agreement; and

(11) any other term to which the parties agree.

(d) A regional development agreement must be:

(1) in writing;

(2) approved by the governing body of the municipality and the district; and

(3) recorded:

(A) in the real property records of any county in which any part of a district that is party to the agreement is located; and

(B) in any manner that complies with Subchapter J, Chapter 49, Water Code.

(e) Subject to compliance with Subsection (d)(1) and (3), another district may join or become a party to a regional development agreement in the manner authorized in the agreement.

(f) A regional development agreement does not need to describe the land contained within the boundaries of a district that is a party to the agreement. The agreement must be recorded in the deed records of any county in which any land in the district is located.

(g) A regional development agreement binds each party to the agreement and each owner and future owner of land that is subject to the agreement. If a party or landowner is excluded or removed from an agreement, the removal or exclusion is effective on the recordation requirement of Subsection (d)(3).

(h) A regional development agreement may not require a district to provide public services and facilities to a person to whom the district is not otherwise authorized to provide services or facilities or to make payments from any source from which the district is not otherwise authorized to make payments.

(i) A district may contract with any person for services or facilities to be provided at no cost to the district or for the payment of funds by the person in support of a regional development agreement.

(j) A regional development agreement and any action taken under the agreement is not subject to any method of approval under the Water Code or any method of appeal under the Water Code.

(k) Notwithstanding any defect, ambiguity, discrepancy, invalidity, or unenforceability of a regional development agreement that has been voluntarily entered into and fully executed by the parties thereto, or any contrary law, common law doctrine, or municipal charter provision, and for the duration of any annexation deferral period established in the regional development agreement during which a district continues to perform its obligations under the regional development agreement:

(1) Sections 42.023 and 42.041(b)-(e) do not apply to any land or owner of land within a district that is a party to the regional development agreement; and

(2) the governing body of the municipality may not include the area covered by the regional development agreement in a municipal annexation plan and may not initiate or continue an annexation proceeding relating to that area after the effective date of this section.

(1) This section shall be liberally construed so as to give effect to its legislative purposes and to sustain the validity of a regional development agreement if the agreement was entered into under or in anticipation of this section.

(C) with corporate boundaries contiguous to the boundaries of a district that has entered into a regional participation agreement under this section with another eligible municipality described by Paragraph (A).

(3) "Party" means a district, eligible municipality, or person that is a party to a regional participation agreement approved and entered into under this section.

(4) "Planned community" means a planned community of 20 square miles or more with a population of 50,000 or more that is subject in whole or in part to a restrictive covenant that contains an ad valorem-based assessment on real property used or to be used, in any part, to fund governmental or quasi-governmental services and facilities within and for the planned community.

(5) "Regional participation agreement" means a contract or agreement entered into under this section or in anticipation of the enactment of this section and any amendment, modification, supplement, addition, renewal, or extension to or of the contract or agreement or any proceeding relating to the contract or agreement.

(b) Notwithstanding any contrary law or municipal charter provision, the governing body of an eligible municipality, the governing body of a district, and, if applicable, a person may approve and authorize execution and performance of a regional participation agreement to further regional participation in the funding of eligible programs or projects. A regional participation agreement must include as parties at least one eligible municipality and one district and may include as parties other eligible municipalities, districts, or persons.

(c) A regional participation agreement may provide or allow for:

(1) the establishment, administration, use, investment, and application of a regional participation fund, which shall be a special fund or escrow account to be used solely for funding the costs and expenses of eligible programs or projects;

(2) payments to be made by a party into the regional participation fund for application, currently or in the future, toward eligible programs or projects;

(3) the methods and procedures by which eligible programs or projects are prioritized, identified, and selected for implementation and are planned, designed, bid, constructed, administered, inspected, and completed;

(5) credits against payments otherwise due by any party under the agreement resulting from taxes, charges, fees, assessments, tolls, or other payments in support of or related to the usage or costs of eligible programs or projects that are levied or imposed upon, assessed against, or made applicable to a party or its citizens, ratepayers, taxpayers, or constituents after the effective date of the agreement;

(6) any type of annexation of any part of the territory of a district to be deferred by an eligible municipality that is a party

for a mutually agreeable period;

(7) the release of territory from the extraterritorial jurisdiction of an eligible municipality that is a party at a specified time or upon the occurrence of specified events;

(8) the consent of an eligible municipality that is a party to the incorporation of, or the adoption of an alternate form of government by, all or part of the territory of a district at a specified time or upon the occurrence of specified events;

(9) remedies for breach of the agreement;

(10) the modification, amendment, renewal, extension, or termination of the agreement;

(11) other districts, eligible municipalities, or persons to join the agreement as a party at any time;

(12) third-party beneficiaries to be specifically designated and conferred rights or remedies under the agreement;

(13) the duration of the agreement, including an unlimited term;

(14) the creation and administration of a nonprofit corporation, joint powers agency, local government corporation, or other agency for the purpose of administration and management of a regional participation fund, program, or project under the agreement; and

(15) any other provision or term to which the parties agree.

(d) A regional participation agreement may provide for the funding of any program or project, whether individual, intermittent, or continuing and whether located or conducted within or outside the boundaries of a party, for the planning, design, construction, acquisition, lease, rental, installment purchase, improvement, provision of furnishings or equipment, rehabilitation, repair, reconstruction, relocation, preservation, beautification, use, execution, administration, management, operation, or maintenance of any works, improvements, or facilities, or for providing any functions or services, whether provided to, for, by, or on behalf of a party, that provide a material benefit to each party in the accomplishment of the purposes of each party, related to:

(1) mobility or transportation, including mass transportation, traffic circulation, or ground, air, rail, water, or other means of transportation or movement of people, freight, goods, or materials;

(2) health care treatment, research, teaching, or education facilities or infrastructure;

(3) parks or recreation, open space, and scenic, wildlife, wetlands, or wilderness areas;

(4) public assembly or shelter, including halls, arenas, stadiums or similar facilities for sporting events, exhibitions, conventions, or other mass assembly purposes;

(5) environmental preservation or enhancement, including air or water quality protection, improvement, preservation, or enhancement, and noise abatement;

(6) the supply, conservation, transportation, treatment, disposal, or reuse of water or wastewater;

(7) drainage, stormwater management or detention, and flood control or prevention;

(8) solid waste collection, transfer, processing, reuse, resale, disposal, and management; or

(9) public safety and security, including law enforcement, firefighting and fire prevention, emergency services and facilities, and homeland security.

(e) A regional participation agreement must be:

(1) in writing;

(2) approved by the governing body of each eligible municipality or district that is or that becomes a party to the agreement; and

(3) must be recorded in the deed records of any county in which is located any territory of a district that is or that becomes a party to the agreement.

(f) A district, eligible municipality, or person may join or become a party to a regional participation agreement in the manner authorized in the agreement.

(g) A regional participation agreement is not required to describe the land contained within the boundaries of a party to the agreement, but any territory to be released from the extraterritorial jurisdiction of an eligible municipality that is a party under an agreement must be described in sufficient detail to convey title to land and the description must be made a part of the agreement.

(h) A regional participation agreement binds each party and its legal successor, including a municipality or other form of local government, to the agreement for the term specified in the agreement and each owner and future owner of land that is subject to the

agreement during any annexation deferral period established in the agreement. If a party, land, or landowner is excluded or removed from an agreement, the removal or exclusion is effective on the recordation of the amendment, supplement, modification, or restatement of the agreement implementing the removal or exclusion.

(i) A regional participation agreement may not require a party to make payments from any funds that are restricted, encumbered, or pledged for the payment of contractual obligations or indebtedness of the party. Otherwise, any party may commit or pledge or may issue bonds payable from or secured by a pledge of any available source of funds, including unencumbered sales and use taxes, to make payments due or to become due under an agreement.

(j) Notwithstanding any other law, a program or project to be funded and any bonds to be issued by a district to make payments under a regional participation agreement are not subject to review or approval by the Texas Commission on Environmental Quality.

(k) A regional participation agreement and any action taken under the agreement are not subject to any method of approval or appeal under the Water Code.

(l) After due authorization, execution, delivery, and recordation as provided by this section, a regional participation agreement, including any related amendment, supplement, modification, or restatement, and a pledge of funds to make payments under an agreement shall be final and incontestable in any court of this state.

(m) Notwithstanding any defect, ambiguity, discrepancy, invalidity, or unenforceability of a regional participation agreement that has been voluntarily entered into and fully executed by the parties, or any contrary law, common law doctrine, or municipal charter provision, and for the duration of any annexation deferral period established in the agreement during which a district continues to perform its obligations under the agreement:

(1) Section 42.023 and any other law or municipal charter provision relating to the reduction of the extraterritorial jurisdiction of an eligible municipality that is a party do not apply, and Sections 42.041(b)-(e) do not apply to any land or owner of land within a district that is a party;

(2) the governing body of an eligible municipality that is a party may not initiate or continue an annexation proceeding relating to that area but may include the area covered by the

agreement in a municipal annexation plan; and

(3) any area that is to be released from the extraterritorial jurisdiction of an eligible municipality that is a party under an agreement, or that is to be incorporated or included within an alternate form of government with the consent of a municipality that is a party under an agreement, shall, by operation of law and without further action by a party or its governing body, be released from the extraterritorial jurisdiction, or consent of the municipality to the incorporation or adoption of an alternate form of government by the district shall be deemed to have been given, as appropriate under the agreement, at the time or upon the occurrence of the events specified in the agreement.

(n) Notwithstanding the provisions of any municipal charter or other law, a district or an eligible municipality is not required to hold an election to authorize a regional participation agreement. As long as such funds remain restricted for use under an agreement, payments to or income from a regional participation fund shall not be deemed revenues to an eligible municipality for purposes of any law or municipal charter provision relating to revenue or property tax caps or limits.

(o) This section is cumulative of all other authority to make, enter into, and perform a regional participation agreement. In case of any conflict or ambiguity between this section and any other law or municipal charter provision, this section shall prevail and control.

(p) This section shall be liberally construed so as to give effect to its legislative purposes and to sustain the validity of a regional participation agreement if the agreement was entered into under or in anticipation of enactment of this section.

(q) For purposes of Subchapter I, Chapter 271:

(1) a district or eligible municipality is a "local governmental entity" within the meaning of Section 271.151(3); and

(2) a regional participation agreement is a "contract subject to this subchapter" within the meaning of Section 271.151(2), without regard to whether the agreement is for providing goods or services.

Sec. 43.0755. PROCEDURES FOR INCORPORATION OR ESTABLISHMENT OF ANOTHER FORM OF LOCAL GOVERNMENT FOR CERTAIN AREAS SUBJECT TO REGIONAL PARTICIPATION AGREEMENT. (a) In this section, "district," "eligible municipality," and "regional participation agreement" have the meanings assigned by Section 43.0754.

(b) This section applies only to a district and an eligible municipality that have entered into a regional participation agreement under Section 43.0754 that authorizes any of the actions described by Section 43.0754(c)(6), (7), or (8).

(c) Notwithstanding any other law, including laws prescribing population or territorial requirements for incorporation under Section 5.901, 6.001, 7.001, or 8.001, the governing body of a district may order an election as provided by this subsection to be held on a uniform election date prescribed by Section 41.001, Election Code. An election under this subsection may, consistent with the regional participation agreement, be ordered for the purpose of:

(1) submitting to the qualified voters of the district the question of whether the territory of the district should be incorporated as a municipality;

(2) submitting to the qualified voters of a designated area of the district the question of whether that designated area should be incorporated as a municipality;

(3) submitting to the qualified voters of the district the question of whether the territory of the district should adopt a specific alternate form of local government other than a municipality; or

(4) submitting to the qualified voters of a designated area of the district the question of whether that designated area should adopt a specific alternate form of local government other than a municipality.

(d) Notwithstanding any other law:

(1) the authority of the governing body of a district to order an election under Subsection (c) is separate and independent

and is the exclusive means of ordering any such election;

(2) all or any part of the territory of a district may be incorporated as a Type A, Type B, or Type C municipality, as determined by the governing body of the district ordering the incorporation election under Subsection (c)(1) or (2); and

(3) the requirements of Sections 7.002 and 8.002 do not apply to an election ordered under Subsection (c)(1) or (2).

(e) In an election ordered under Subsection (c)(2) or (4), the governing body of the district may order elections in multiple designated areas on the same date or order elections in designated areas periodically on a uniform election date.

(f) In any election ordered under Subsection (c), the governing body of the district shall also submit for confirmation to the voters voting in the election the proposed initial property tax rate determined for the municipality or alternate form of government, as applicable, which may not exceed the maximum rate authorized by law. The ballot in an election held under Subsection (c) shall be printed to permit voting for or against the proposition: "Authorizing the (specify the incorporation of or the adoption of an alternate form of local government for) (insert name of local government) and the adoption of an initial property tax rate of not more than (specify the maximum rate determined)."

(g) In any election ordered under Subsection (c), the governing body of the district may also submit to the voters voting in the election any other measure the governing body considers necessary and convenient to effectuate the transition to a municipal or alternate form of local government, including a measure on the question of whether, on incorporation as a municipality or establishment of an alternate form of local government, any rights, powers, privileges, duties, purposes, functions, or responsibilities of the district or the district's authority to issue bonds and impose a tax is transferred to the municipality or alternate form of local government.

(h) If a majority of the voters voting in an election under Subsection (c)(2) or (4) approve the proposition submitted on the form of local government, the county judge of the county in which the municipality or alternate form of local government is located shall order an election for the governing body of the municipality or alternate form of local government to be held on a date that complies with the provisions of the Election Code, except that Section

41.001(a), Election Code, does not apply. A municipality or alternate form of local government resulting from an election described by this subsection is incorporated or established on the date a majority of the members of the governing body qualify and take office.

(i) If a majority of the voters voting in an election under Subsection (c)(1) or (3) approve the proposition submitted on the form of local government, the district is dissolved and the governing body of the district will serve as the temporary governing body of the municipality or alternate form of local government until a permanent governing body is elected as provided by Subsection (j).

(j) The temporary governing body under Subsection (i) shall order an election to elect the permanent governing body of the municipality or alternate form of local government to occur on a date that complies with the provisions of the Election Code, except that Section 41.001(a), Election Code, does not apply.

(k) An election ordered under Subsection (h) or (j) to elect members of the governing body of a municipality must be held under the applicable provisions of Chapter 22, 23, or 24, to the extent consistent with this section. An election for members of the governing body of an alternate form of government must be held under the law applicable to that form of government, to the extent consistent with this section.

(l) If a majority of the voters voting in an election under Subsection (c)(1) or (3) approve the proposition submitted on the form of local government for the territory of the district, the assets, liabilities, and obligations of the district are transferred to the form of government approved at the election.

(m) If a majority of the voters voting in an election under Subsection (c)(2) or (4) approve the proposition submitted on the form of local government in a designated area of the district and if, on the date of the election approving the form of local government, the district owes any debts, by bond or otherwise, the designated area is not released from its pro rata share of the indebtedness.

(n) For purposes of determining the initial tax rate of a municipality or an alternate form of local government, the tax rate of the district when the territory incorporated or established as an alternate form of government was part of the district is not considered for purposes of the calculations required by Section 26.04(c), Tax Code.

Sec. 43.076. ABOLITION OF WATER-RELATED SPECIAL DISTRICT THAT BECOMES PART OF MORE THAN ONE MUNICIPALITY. (a) This section applies to a municipality that contains, as a result of the annexation by or the incorporation of the municipality, any part of the area in a water control and improvement district, fresh water supply district, or municipal utility district organized for the primary purpose of providing municipal functions such as the supplying of fresh water for domestic or commercial uses or the furnishing of sanitary sewer service, if:

(1) the balance of the area in the district is located in one or more other municipalities;

(2) the district is not created by a special act of the legislature and the balance of the area is located in one or more other municipalities and in an unincorporated area; or

(3) the district is a conservation and reclamation district of more than 10,000 acres which provides water and sanitary sewer service to households and parts of which are located in two or more municipalities, one of which has a population of more than 1.6 million.

(b) The municipality succeeds to the powers, duties, assets, and obligations of the district as provided by this section. This section does not prohibit the municipality from continuing to operate utility facilities in the district that are owned and operated by the municipality on the date the part of the district area becomes a part of the municipality.

(c) If the district is located wholly in two or more municipalities, the district may be abolished by agreement among the district and the municipalities in which the district is located. Subject to Subsection (f), the agreement must provide for the distribution among the municipalities of the property and other assets of the district and for the pro rata assumption by the municipalities of all the debts, liabilities, and obligations of the district. The assumption by each municipality must be based on the ratio that the value of the property and other assets distributed to that municipality bears to the total value of all the property and other assets of the district. The determination of value may be made

on an original cost basis, a reproduction cost basis, a fair market value basis, or by any other valuation method agreed on by the parties that reasonably reflects the value of the property and other assets, debts, liabilities, and obligations of the district. The agreement must specify the date on which the district is abolished.

(d) If the district is located wholly in two or more municipalities and in unincorporated area, the district may be abolished by agreement among the district and all of the municipalities in which parts of the district are located. The abolition agreement must provide for the distribution of assets and liabilities as provided by Subsection (c). The agreement must also provide for the distribution among one or more of the municipalities of the pro rata assets and liabilities located in the unincorporated area and must provide for service to customers in unincorporated areas in the service area of the abolished district. The municipality that provides the service in the unincorporated area may charge its usual and customary fees and assessments to the customers in that area.

(e) An agreement made under Subsection (c) or (d) must be approved by an ordinance adopted by the governing body of each municipality and by an order or resolution adopted by the governing board of the district before the date specified in the agreement for the abolition, distribution, and assumption.

(f) If the abolished district has outstanding bonds, warrants, or other obligations payable in whole or in part from the net revenue from the operation of the district utility system or property, the affected municipalities shall take over and operate the system or property through a board of trustees as provided by this section. The municipalities shall apply the net revenue from the operation of the system or property to the payment of outstanding revenue bonds, warrants, or other obligations as if the district had not been abolished. The system or property shall be operated in that manner until all the revenue bonds, warrants, or obligations are retired in full by payment or by the refunding of the bonds, warrants, or other obligations into municipal obligations. The board of trustees must be composed of not more than five members appointed by the governing bodies of the municipalities. The trustees are appointed for the terms and shall perform the duties as provided by the agreement made under Subsection (c) or (d). The board also shall perform the duties and other functions that are imposed by law or by contract on the

abolished district and its governing board and that relate to the outstanding revenue bonds. The board shall charge and collect sufficient rates for the services of the system or property and shall apply the revenue to comply with each covenant or agreement contained in the proceedings relating to the revenue bonds, warrants, or other obligations with respect to the payment of principal and interest and the maintenance of reserves and other funds. When all the revenue bonds, warrants, and other obligations are retired in full, the property and other assets of the district shall be distributed among the municipalities as provided by Subsection (c) or (d). On the distribution, the board is abolished.

(g) When the pro rata share of any district bonds, warrants, or other obligations payable in whole or in part from property taxes has been assumed by the municipality, the governing body of the municipality shall levy and collect taxes on all taxable property in the municipality to pay the principal of and interest on its share as the principal and interest become due and payable.

(h) The municipality may issue general obligation refunding bonds in its own name to refund in whole or in part its pro rata share of any outstanding district bonds, warrants, or other obligations, including unpaid earned interest on them, that are assumed by the municipality and that are payable in whole or in part from property taxes. The refunding bonds must be issued in the manner provided by Chapter 1207, Government Code. Refunding bonds must bear interest at the same rate or at a lower rate than that borne by the refunded obligations unless it is shown mathematically that a different rate results in a savings in the total amount of interest to be paid.

(i) The municipality may issue revenue refunding bonds or general obligation refunding bonds in its own name to refund in whole or in part its pro rata share of any outstanding district bonds, warrants, or other obligations, including unpaid earned interest on them, that are assumed by the municipality and that are payable solely from net revenues. The municipality may combine the different issues or the bonds of different issues of both district and municipal revenue bonds, warrants, or other obligations into one or more series of revenue refunding bonds. The municipality may pledge the net revenues of the district utility system or property to the payment of those bonds, warrants, or other obligations. The municipality may also combine the different issues or the bonds of

the different issues into one or more series of general obligation refunding bonds. An originally issued municipal revenue bond may not be refunded into municipal general obligation refunding bonds. Except as otherwise provided by this section, Subchapter B, Chapter 1502, Government Code, applies to the revenue refunding bonds, but an election for the issuance of the bonds is not required. Revenue refunding bonds or general obligation refunding bonds must be issued in the manner provided by Chapter 1207, Government Code. The revenue refunding bonds and the general obligation refunding bonds must bear interest at the same rate or at a lower rate than that borne by the refunded obligations unless it is shown mathematically that a different rate results in a savings in the total amount of interest to be paid.

Sec. 43.0761. PROVISION OF WATER AND SANITARY SEWER UTILITY SERVICE. (a) A district existing on September 1, 1997, that, within 10 years after the date of its creation, has not provided water and sanitary sewer utility service from its facilities to all household users in its territory shall:

(1) provide water and sanitary sewer utility service from its facilities to all household users in its territory not later than September 1, 1998; or

(2) for that part of the district for which the district does not provide water and sanitary sewer utility service, and for which a municipality does provide those services, provide for periodic payments, as described by Subsection (b), by the district to the municipality that provides the services.

(b) Payments made under Subsection (a)(2) are operation and maintenance expenses of the district and shall be made at least every three months. The total annual amount of the payments may not exceed the lesser of:

(1) the total annual cost to the municipality of providing the water and sanitary sewer utility service, including both capital and operation and maintenance costs and expenses; or

(2) the total annual amount of maintenance and operation

taxes and debt service or bond taxes paid to the district by the owners of taxable property within the district that receives water and sanitary sewer utility service from the municipality.

(c) For purposes of Subsection (b)(2), the value of taxable property that receives the utility service shall be determined by the most recent certified tax roll provided by the central appraisal district in which the property is located. The amount of the taxes shall be determined using rates from the district's most recent tax levies.

(d) A district that on January 1, 1997, was providing water and sanitary sewer utility service to households outside the territory of the district may not discontinue that service and shall continue to provide that service on the basis of rates established by the district in accordance with Chapter 13, Water Code.

(e) In this section, "district" means a conservation and reclamation district of more than 10,000 acres that provides water and sanitary sewer utility service to households and parts of which are located in two or more municipalities, one of which has a population of more than 1.6 million.

Sec. 43.079. CONSENT REQUIREMENT FOR ANNEXATION OF AREA IN CERTAIN CONSERVATION AND RECLAMATION DISTRICTS. (a) This section applies only to a conservation and reclamation district, including a municipal utility district, that:

(1) is located wholly in more than one municipality, but on April 1, 1971, was not wholly in more than one municipality;

(2) was created or exists under Section 59, Article XVI, Texas Constitution;

(3) provides or has provided a fresh water supply, sanitary sewer services, and drainage services; and

(4) was not, on April 1, 1971, a party to a contract providing for a federal grant for research and development under 33 U.S.C. Sections 1155(a)(2) and (d).

(b) A municipality that has annexed area in the district is not required to obtain the consent of any municipality to annex additional area located wholly in the district other than the consent of the other municipalities that have annexed area in the district

and have extraterritorial jurisdiction over the area proposed to be annexed.

Sec. 43.080. MUNICIPAL BONDS USED TO CARRY OUT PURPOSES OF ABOLISHED CONSERVATION AND RECLAMATION DISTRICT. (a) This section applies only to each municipality that under any other law, including Section 43.075, abolishes a conservation and reclamation district created under Article XVI, Section 59, of the Texas Constitution, including a water control and improvement district, fresh water supply district, or municipal utility district.

(b) If, before its abolition, the district voted to issue bonds to provide waterworks, sanitary sewer facilities, or drainage facilities and if some or all of the bonds were not issued, sold, and delivered before the abolition, the governing body of the municipality may issue and sell municipal bonds in an amount not to exceed the amount of the unissued district bonds to carry out the purposes for which the district bonds were voted.

(c) The bonds must be authorized by ordinance of the governing body of the municipality. The ordinance must provide for the levy of taxes on all taxable property in the municipality to pay the principal of and interest on the bonds when due. The bonds must be sold at not less than par value and accrued interest, and must mature, bear interest, and be subject to approval by the attorney general and to registration by the comptroller of public accounts as provided by law for other general obligation bonds of the municipality.

(d) A bond that is approved, registered, and sold as provided by this section is incontestable.

(e) This section repeals a municipal charter provision to the extent of a conflict with this section. This section does not affect the authority of a municipality to issue bonds for other purposes.

Sec. 43.081. CONTINUATION OF CERTAIN MUNICIPAL WATER BOARDS ON ANNEXATION OF WATER CONTROL AND IMPROVEMENT DISTRICT. (a) A

municipal water board that was created by Section 6, Chapter 134, Acts of the 52nd Legislature, Regular Session, 1951, and that continues to exist to preserve a vested right created under that law, remains in existence with full power after the municipality annexes all the area of the water control and improvement district whose functions the municipality assumed and delegated to the water board, so long as the land located in the board's jurisdiction is used for farming, ranching, or orchard purposes.

(b) The municipal water board shall select and designate one or more depositories for the proceeds of the maintenance and water charges and other charges levied by the water control and improvement district and for any other income or other funds of the district. The water board may select a depository regardless of the fact that one or more members of the board are members of the board of directors or are stockholders of the depository.

(c) The funds of the water control and improvement district may be kept in one or more separate accounts in the depository if the funds deposited in each separate account are to be used for a different designated purpose from the funds deposited in any other separate account. The funds deposited in the depository must be insured by an official agency of the United States and must be at least as well insured and protected as funds deposited in the official municipal depository of the municipality.

(a) Before the 10th day before the date the first hearing required by Section 43.124 is held, the municipality must prepare a report regarding the proposed annexation of an area for limited purposes and make the report available to the public. The report must contain the results of the planning study conducted for the area in accordance with Subsection (c) and must contain the regulatory plan prepared for the area in accordance with Subsection (d).

(b) Notice of the availability of the report shall be published at least twice in a newspaper of general circulation in the area proposed to be annexed. The notice may not be smaller than one-quarter page of a standard-size or tabloid-size newspaper, and the headline on the notice must be in 18-point or larger type.

(c) The planning study must:

(1) project the kinds and levels of development that will occur in the area in the next 10 years if the area is not annexed for limited purposes and also if the area is annexed for limited purposes;

(2) describe the issues the municipality considers to give rise to the need for the annexation of the area for limited purposes and the public benefits to result from the limited-purpose annexation;

(3) analyze the economic, environmental, and other impacts the annexation of the area for limited purposes will have on the residents, landowners, and businesses in the area; and

(4) identify the proposed zoning of the area on annexation and inform the public that any comments regarding the proposed zoning will be considered at the public hearings for the proposed limited-purpose annexation.

(d) The regulatory plan must:

(1) identify the kinds of land use and other regulations that will be imposed in the area if it is annexed for limited purposes; and

(2) state the date on or before which the municipality shall annex the area for full purposes, which date must be within three years after the date the area is annexed for limited purposes.

(e) The deadline imposed by Subsection (d)(2) does not apply to an area that:

(1) is owned by the United States, this state, or a political subdivision of this state;

(2) is located outside the boundaries of a water control and improvement district or a municipal utility district; and

(3) is annexed for limited purposes in connection with a strategic partnership agreement under Section 43.0751.

Amended by Acts 2003, 78th Leg., ch. 248, Sec. 4, eff. June 18, 2003.

Sec. 43.124. PUBLIC HEARINGS. (a) Before instituting proceedings for annexing an area for limited purposes, the governing body of the municipality must hold two public hearings on the proposed annexation. Each member of the public who wishes to present testimony or evidence regarding the proposed limited-purpose annexation must be given the opportunity to do so. At the hearing, the municipality shall hear and consider the appropriateness of the application of rural and urban ordinances in the area to be annexed for limited purposes.

(b) The hearings must be held on or after the 40th day but before the 20th day before the date the annexation proceedings are instituted. A notice of the hearings must be published in a newspaper of general circulation in the municipality and in the area proposed for annexation. The notice must be in the format prescribed by Section 43.123(b). Before the date of each hearing, the notice must be published at least once on or after the 20th day before the hearing date and must contain:

- (1) a statement of the purpose of the hearing;
- (2) a statement of the date, time, and place of the hearing; and
- (3) a general description of the location of the area proposed to be annexed for limited purposes.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 3(k), eff. Aug. 28, 1989.

Sec. 43.125. ADOPTION OF REGULATORY PLAN. (a) At the time the governing body of the municipality adopts an ordinance annexing an area for limited purposes, the governing body must also adopt by ordinance a regulatory plan for the area.

(b) The adopted regulatory plan must be the same as the regulatory plan prepared under Section 43.123 unless the governing

body finds and states in the ordinance the reasons for the adoption of a different regulatory plan.

(c) The governing body by ordinance may change a regulatory plan adopted under Subsection (b) if, in the ordinance making the change, the governing body finds and states the reasons for the adoption of the change.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 3(k), eff. Aug. 28, 1989.

Sec. 43.126. PERIOD FOR COMPLETION OF ANNEXATION. The annexation of an area for limited purposes must be completed within 90 days after the date the governing body institutes the annexation proceedings.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 3(k), eff. Aug. 28, 1989.

Sec. 43.127. ANNEXATION FOR FULL PURPOSES. (a) Except as provided by Section 43.123(e), on or before the date prescribed by the regulatory plan under Section 43.123(d)(2), the municipality must annex the area for full purposes. This requirement may be waived and the date for full-purpose annexation postponed by written agreement between the municipality and a majority of the affected landowners. A written agreement to waive the municipality's obligation to annex the area for full purposes binds all future owners of land annexed for limited purposes pursuant to that waiver.

(b) In each of the three years for which an area may be annexed for limited purposes, the municipality must take the steps prescribed by this subsection toward the full-purpose annexation of the area. By the end of the first year after the date an area is annexed for limited purposes, the municipality must develop a land use and intensity plan as a basis for services and capital improvements projects planning. By the end of the second year after that date, the municipality must include the area in the municipality's long-range financial forecast and in the municipality's program to identify future capital improvements projects. By the end of the third year after that date, the municipality must include in its adopted capital improvements program the projects intended to serve the area and must identify potential sources of funding for capital improvements.

Sec. 43.128. JUDICIAL REMEDIES: FORCED ANNEXATION OR DISANNEXATION. (a) If the municipality fails to annex the area for full purposes as required by Section 43.127(a), any affected person may petition the district court to compel the annexation of the area for full purposes or the disannexation of the area. On finding that the municipality has failed to annex the area as required by Section 43.127(a), the court shall enter an order requiring the municipality to annex the area for full purposes or to disannex the area. If an area is disannexed, the area may not be annexed again by the municipality for five years.

(b) If the municipality fails to take the steps required by Section 43.127(b), any affected person may petition the district court to compel the annexation of a particular area for full purposes or the disannexation of the area. On finding that the municipality has failed to take the steps required by Section 43.127(b), the court shall enter an order requiring the municipality to annex the area for full purposes or to disannex the area.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 3(k), eff. Aug. 28, 1989.

Sec. 43.129. CONSENSUAL ANNEXATION. The municipality may annex for limited purposes any land for which the landowner requests annexation and provides to the municipality before the effective date of the annexation the landowner's written consent to annexation for limited purposes. With respect to any larger parcels of property, consent of the owners of at least 51 percent of the total affected territory must be evidenced by appropriate signatures on the limited-purpose annexation request. A landowner's written consent to limited-purpose annexation is binding on all future owners of land in the area annexed for limited purposes pursuant to the consent.

Amended by Acts 1989, 71st Leg., ch. 822, Sec. 2, eff. Sept. 1, 1989.

Sec. 43.130. EFFECT OF ANNEXATION ON VOTING RIGHTS, ELIGIBILITY FOR OFFICE, AND TAXING AUTHORITY. (a) The qualified voters of an area annexed for limited purposes are entitled to vote in municipal elections regarding the election or recall of members of the governing body of the municipality, the election or recall of the controller, if the office of controller is an elective position of the municipality, and the amendment of the municipal charter. The voters may not vote in any bond election. On or after the 15th day but before the fifth day before the date of the first election held in which the residents of an area annexed for limited purposes are entitled to vote, the municipality shall publish notice in the form of a quarter-page advertisement in a newspaper of general circulation in the municipality notifying the residents that they are eligible to vote in the election and stating the location of all polling places for the residents.

(b) A resident of an area annexed for limited purposes is not eligible to be a candidate for or to be elected to a municipal office.

(c) The municipality may not impose a tax on any property in an area annexed for limited purposes or on any resident of the area for an activity occurring in the area. The municipality may impose reasonable charges, such as building inspection and permit fees, on residents or landowners for actions or procedures performed by the municipality in connection with the limited purposes for which the area is annexed.

Amended by Acts 2003, 78th Leg., ch. 664, Sec. 1, eff. Sept. 1, 2003.

Sec. 43.131. EFFECT OF ANNEXATION ON EXTRATERRITORIAL JURISDICTION. The annexation of an area for limited purposes does not extend the municipality's extraterritorial jurisdiction.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 3(k), eff. Aug. 28, 1989.

Sec. 43.132. MUNICIPAL INCORPORATION IN ANNEXED AREA. A municipality may not be incorporated in an area annexed for limited purposes unless the annexing municipality gives its consent.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 3(k), eff. Aug. 28, 1989.

Sec. 43.136. AUTHORITY OF SPECIAL-LAW MUNICIPALITY TO ANNEX FOR LIMITED PURPOSES ALONG NAVIGABLE STREAM. (a) The governing body of a special-law municipality located along or on a navigable stream may extend the boundaries of the municipality to include the area designated by Subsection (b) only to:

(1) improve navigation on the stream by the United States, the municipality, or a navigation or other improvement district; and

(2) establish and maintain wharves, docks, railway terminals, side tracks, warehouses, or other facilities or aids relating to navigation or wharves.

(b) The municipality by ordinance may extend the boundaries to include an area composed of the navigable stream and the land on each side of the stream. The area may not exceed 2,500 feet in width on either side of the stream as measured from the thread of the stream and may not exceed 20 miles in length as measured in a direct line from the ordinary municipal boundaries, either above or below the boundaries, or both. Consequently, the area subject to the boundary extension is a strip 5,000 feet wide and 20 miles in length, or as much of that strip as the governing body considers advisable to add to the municipality. The boundaries are extended on the adoption of the ordinance.

(c) The governing body may acquire land in the added area by purchase, condemnation, or gift. If condemnation is used, the municipality shall follow the condemnation procedure applying to the condemnation of land by the municipality for the purchase of streets.

(d) This section does not authorize the municipality to extend its boundaries to include area that is part of or belongs to another municipality.

(e) A municipality may not tax the property over which the boundaries are extended under this section unless the property is within the general municipal boundaries.

(f) After the adoption of the ordinance extending the municipal boundaries, the municipality may fully regulate navigation, wharfage, including wharfage rates, and all facilities, conveniences, and aids to navigation or wharfage. The municipality may adopt ordinances, including those imposing criminal penalties, and may otherwise police navigation on the stream and the use of the wharves or other

facilities and aids to navigation or wharfage.

(g) The municipality may designate all or part of the added area as an industrial district, as the term is customarily used, and may treat the designated area in a manner considered by the governing body to be in the best interest of the municipality. The governing body may make written contracts or agreements with the owners of land in the industrial district, to guarantee the continuation of the limited purpose annexation status of the district and its immunity from general purpose annexation for a period not to exceed 10 years. The contract or agreement may contain other terms considered appropriate by the parties. The governing body and landowners may renew or extend the contract for successive periods not to exceed 10 years each.

(h) Notwithstanding any other law, including a municipal ordinance or charter provision, the governing body by ordinance may change the status of an area previously annexed for general purposes to limited purpose annexation status governed by this section if:

- (1) the area previously annexed at any time was eligible to be included within the municipal boundaries under Subsection (b);
- (2) the owners of the area petition the governing body for the change in status; and
- (3) the governing body includes the area in an industrial district designated as provided by Subsection (g) or any other law.

SUBCHAPTER G. DISANNEXATION

Sec. 43.141. DISANNEXATION FOR FAILURE TO PROVIDE SERVICES.

(a) A majority of the qualified voters of an annexed area may petition the governing body of the municipality to disannex the area if the municipality fails or refuses to provide services or to cause services to be provided to the area:

- (1) if the municipality is a tier 1 municipality, within the period specified by Section 43.056 or by the service plan prepared for the area under that section; or
- (2) if the municipality is a tier 2 municipality, within the period specified by the written agreement under Section 43.0672 or the resolution under Section 43.0682 or 43.0692, as applicable.

(b) If the governing body fails or refuses to disannex the area within 60 days after the date of the receipt of the petition, any one or more of the signers of the petition may bring a cause of action in a district court of the county in which the area is principally located to request that the area be disannexed. On the filing of an answer by the governing body, and on application of either party, the case shall be advanced and heard without further delay in accordance with the Texas Rules of Civil Procedure. The district court shall enter an order disannexing the area if the court finds that a valid petition was filed with the municipality and that the municipality failed to:

(1) perform its obligations in accordance with:

(A) the service plan under Section 43.056;

(B) the written agreement entered into under Section 43.0672; or

(C) the resolution adopted under Section 43.0682 or 43.0692, as applicable; or

(2) perform in good faith.

(c) If the area is disannexed under this section, it may not be annexed again within 10 years after the date of the disannexation.

(d) The petition for disannexation must:

(1) be written;

(2) request the disannexation;

(3) be signed in ink or indelible pencil by the appropriate voters;

(4) be signed by each voter as that person's name appears on the most recent official list of registered voters;

(5) contain a note made by each voter stating the person's residence address and the precinct number and voter registration number that appear on the person's voter registration certificate;

(6) describe the area to be disannexed and have a plat or other likeness of the area attached; and

(7) be presented to the secretary of the municipality.

(e) The signatures to the petition need not be appended to one paper.

(f) Before the petition is circulated among the voters, notice of the petition must be given by posting a copy of the petition for 10 days in three public places in the annexed area and by publishing a copy of the petition once in a newspaper of general circulation serving the area before the 15th day before the date the petition is

first circulated. Proof of the posting and publication must be made by attaching to the petition presented to the secretary:

(1) the sworn affidavit of any voter who signed the petition, stating the places and dates of the posting; and

(2) the sworn affidavit of the publisher of the newspaper in which the notice was published, stating the name of the newspaper and the issue and date of publication.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1999, 76th Leg., ch. 1167, Sec. 14, eff. Sept. 1, 1999.

Amended by:

Acts 2017, 85th Leg., 1st C.S., Ch. 6 (S.B. 6), Sec. 39, eff. December 1, 2017.

Sec. 43.142. DISANNEXATION ACCORDING TO MUNICIPAL CHARTER IN HOME-RULE MUNICIPALITY. A home-rule municipality may disannex an area in the municipality according to rules as may be provided by the charter of the municipality and not inconsistent with the procedural rules prescribed by this chapter.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 43.143. DISANNEXATION BY PETITION AND ELECTION IN GENERAL-LAW MUNICIPALITY. (a) When at least 50 qualified voters of an area located in a general-law municipality sign and present a petition to the mayor of the municipality that describes the area by metes and bounds and requests that the area be declared no longer part of the municipality, the mayor shall order an election on the question in the municipality. The election shall be held on the first uniform election date prescribed by Chapter 41, Election Code, that occurs after the date on which the petition is filed and that affords enough time to hold the election in the manner required by law.

(b) When a majority of the votes received in the election favor discontinuing the area as part of the municipality, the mayor shall declare that the area is no longer a part of the municipality and shall enter an order to that effect in the minutes or records of the governing body of the municipality. The area ceases to be a part of the municipality on the date of the order. However, the area may not be discontinued as part of the municipality if the discontinuation

would result in the municipality having less area than one square mile or one mile in diameter around the center of the original municipal boundaries.

(c) If the area withdraws from a municipality as provided by this section and if, at the time of the withdrawal, the municipality owes any debts, by bond or otherwise, the area is not released from its pro rata share of that indebtedness. The governing body shall continue to levy a property tax each year on the property in the area at the same rate that is levied on other property in the municipality until the taxes collected from the area equal its pro rata share of the indebtedness. Those taxes may be charged only with the cost of levying and collecting the taxes, and the taxes shall be applied exclusively to the payment of the pro rata share of the indebtedness. This subsection does not prevent the inhabitants of the area from paying in full at any time their pro rata share of the indebtedness.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 43.144. DISANNEXATION OF SPARSELY POPULATED AREA IN GENERAL-LAW MUNICIPALITY. (a) The mayor and governing body of a general-law municipality by ordinance may discontinue an area as a part of the municipality if:

(1) the area consists of at least 10 acres contiguous to the municipality; and

(2) the area:

(A) is uninhabited; or

(B) contains fewer than one occupied residence or business structure for every two acres and fewer than three occupied residences or business structures on any one acre.

(b) On adoption of the ordinance, the mayor shall enter in the minutes or records of the governing body an order discontinuing the area. The area ceases to be a part of the municipality on the date of the entry of the order.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 43.145. DISANNEXATION OF UNIMPROVED AREA OR NONTAXABLE AREA IN CERTAIN MUNICIPALITIES. (a) The governing body of a municipality by ordinance may discontinue an area as a part of the

municipality if:

(1) the municipality has a population of 4,000 or more and is located in a county with a population of more than 205,000, and the area is composed of at least three contiguous acres that are unimproved and adjoining the municipal boundaries; or

(2) the municipality has a population of 596,000 or more, and the area is an improved area that is not taxable by the municipality and is contiguous to the municipal boundary.

(b) On adoption of the ordinance, the governing body shall enter in the minutes or records of the municipality an order discontinuing the area. The area ceases to be a part of the municipality on the date of the entry of the order.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 43.146. DISANNEXATION OF LAND IN A MUNICIPAL UTILITY DISTRICT. Notwithstanding any provision of any other law related to the annexation or disannexation of territory, including but not limited to the requirement that the minimum width of any territory annexed be at least 1,000 feet in width, a municipality that has exercised limited purpose annexation may disannex any land located within a municipal utility district. Such disannexation shall not affect the validity of the annexation of other territory. Such municipality may refund any taxes paid or waive any taxes due to the municipality by the owners of the property disannexed pursuant to the provisions of this section.

Added by Acts 1989, 71st Leg., ch. 1058, Sec. 5, eff. Sept. 1, 1989.

Sec. 43.147. WIDTH REQUIREMENT FOR DISANNEXATION. (a) A municipality disannexing a road or highway shall also disannex a strip of area that is equal in size to the minimum area that the municipality is required to annex in order to comply with the width requirements of Section 43.054 unless such disannexation is undertaken with the mutual agreement of the county government and the municipality.

(b) The strip of area to be disannexed must:

- (1) be adjacent to either side of the road or highway; and
- (2) follow the course of the road or highway.

Added by Acts 1995, 74th Leg., ch. 513, Sec. 1, eff. Sept. 1, 1995.

Sec. 43.148. REFUND OF TAXES AND FEES. (a) If an area is disannexed, the municipality disannexing the area shall refund to the landowners of the area the amount of money collected by the municipality in property taxes and fees from those landowners during the period that the area was a part of the municipality less the amount of money that the municipality spent for the direct benefit of the area during that period.

(b) A municipality shall proportionately refund the amount under Subsection (a) to the landowners according to a method to be developed by the municipality that identifies each landowner's approximate pro rata payment of the taxes and fees being refunded.

(c) A municipality required to refund money under this section shall refund the money to current landowners in the area not later than the 180th day after the date the area is disannexed. Money that is not refunded within the period prescribed by this subsection accrues interest at the rate of:

(1) six percent each year after the 180th day and until the 210th day after the date the area is disannexed; and

(2) one percent each month after the 210th day after the date the area is disannexed.

Added by Acts 1999, 76th Leg., ch. 1167, Sec. 15, eff. Sept. 1, 1999.

SUBCHAPTER H. ALTERATION OF ANNEXATION STATUS

Sec. 43.201. DEFINITIONS. In this subchapter:

Added by Acts 1995, 74th Leg., ch. 787, Sec. 2, eff. Sept. 1, 1995.

Sec. 43.202. APPLICABILITY. This subchapter applies to:

(1) a municipal utility district operating under Chapter 54, Water Code, that:

(A) was annexed for full purposes by a municipality as

a condition of the municipality granting consent to the creation of the district;

(B) was annexed by the municipality on the same date as at least five other districts; and

(C) has not had on the eighth anniversary of the district's annexation by the municipality more than 10 percent of the housing units or commercial square footage authorized in its consent agreement constructed; and

(2) a municipality that has:

(A) annexed territory for limited purposes;

(B) disannexed territory that previously was annexed for limited purposes; and

(C) previously disannexed territory in a municipal utility district originally annexed for full purposes on the same date as a district to which this section applies.

Added by Acts 1995, 74th Leg., ch. 787, Sec. 2, eff. Sept. 1, 1995.

Sec. 43.203. ALTERATION OF ANNEXATION STATUS. (a)

Notwithstanding any other law, the governing body of a district by resolution may petition a municipality to alter the annexation status of land in the district from full-purpose annexation to limited-purpose annexation.

(b) On receipt of the district's petition, the governing body of the municipality shall enter into negotiations with the district for an agreement to alter the status of annexation that must:

(1) specify the period, which may not be less than 10 years beginning on January 1 of the year following the date of the agreement, in which limited-purpose annexation is in effect;

(2) provide that, at the expiration of the period, the district's annexation status will automatically revert to full-purpose annexation without following procedures provided by Sections 43.014 and 43.052 through 43.055 or any other procedural requirement for annexation not in effect on January 1, 1995; and

(3) specify the financial obligations of the district during and after the period of limited-purpose annexation for:

(A) facilities constructed by the municipality that are in or that serve the district;

(B) debt incurred by the district for water and sewer

infrastructure that will be assumed by the municipality at the end of the period of limited-purpose annexation; and

(C) use of the municipal sales taxes collected by the municipality for facilities or services in the district.

(c) If an agreement is not reached within 90 days after the date the municipality receives a petition submitted by a district:

(1) the district's status is automatically altered from full-purpose annexation to limited-purpose annexation for a period of not less than 10 years, beginning January 1 of the year following the date of the submission of a petition, unless the voters of the district have approved the dissolution of the district through an election authorized by this section; and

(2) on the expiration of the 10-year period of Subdivision (1), notwithstanding any other provision of law, the district may be restored to full-purpose annexation at the option of the municipality, provided that the municipality assumes all obligations otherwise assigned by law to a municipality that annexes a district; and

(3) the municipality may collect a waste and wastewater surcharge for customers in the district after restoration of full-purpose annexation provided that:

(A) notice of such proposed surcharge is provided to the board of a district six months prior to restoration of full-purpose annexation;

(B) the surcharge does not exceed the cost of a post-annexation surcharge to any other district annexed by the municipality; and

(C) the surcharge is in effect only during the period in which bonds issued by the district or refunded by the municipality are not fully retired.

(d) Upon the request of any residents of a district subject to this section the municipality may conduct an election on a uniform election date at which election voters who are residents of the district may vote for or against a ballot proposal to dissolve the district. If more than one district was created on the same date and the districts are contiguous, the election shall be a combined election of all such districts, with a majority of votes cast by all residents of the districts combined required for dissolution of the districts. If a majority of votes are in favor of dissolution, the date of dissolution shall be December 31 of the same year in which

the election is held. Upon dissolution of the district, all property and obligations of a dissolved district become the responsibility of the municipality.

(e) The municipality shall have no responsibility to reimburse the developer of the district or its successors for more than reasonable and actual engineering and construction costs to design and build internal water treatment and distribution facilities, wastewater treatment and collection facilities, or drainage facilities, whether temporary or permanent, installed after September 1, 1995. Any obligation to reimburse the developer may be paid in installments over a three-year period.

(f) During the period of limited-purpose annexation:

(1) the district may not use bond proceeds to pay for impact fees but must comply with other items in its consent agreement with the municipality;

(2) the municipality:

(A) must continue to provide wholesale water and sewer service as provided by the consent agreement; and

(B) is relieved of service obligations in the district that are not provided to other territory annexed for limited purposes or required by the annexation alteration agreement between the municipality and the district; and

(3) retail sales in the boundaries of the district will be treated for municipal sales tax purposes as if the district were annexed by the municipality for full purposes.

(g) This section does not allow a change in annexation status for land or facilities in a district to which the municipality granted a property tax abatement before September 1, 1995.

(4) issue orders or directives to any peace officer of the state, including a sheriff or constable or the chief of police of the municipality, to enforce and carry out the lawful orders or directives of the commission panel;

(b) To enforce any civil penalty under this subchapter, the municipal secretary or clerk must file with the district clerk of the county in which the municipality is located, a certified copy of the order of the commission panel establishing the amount and duration of the penalty. Sec. 54.039. JUDICIAL REVIEW. (a) Any owner, lienholder, or mortgagee of record jointly or severally aggrieved by any decision of a commission panel may present a petition to a district court, duly verified, setting forth that the decision is illegal, in whole or in part, and specifying the grounds of the illegality. The petition must be presented to the court within 30 calendar days after the date a copy of the final decision of the commission panel is personally delivered, mailed by first class mail with certified return receipt requested, or delivered by the United States Postal Service using signature confirmation service, to all persons to whom notice is required to be sent under Section 54.035. The commission panel shall deliver or mail that copy promptly after the decision becomes final. In addition, an abbreviated copy of the order shall be published one time in a newspaper of general circulation in the municipality within 10 calendar days after the date of the delivery or mailing of the copy as provided by this subsection, including the street address or legal description of the property; the date of the hearing, a brief statement indicating the results of the order, and instructions stating where a complete copy of the order may be obtained, and, except in a municipality with a population of 1.9 million or more, a copy shall be filed in the office of the municipal secretary or clerk.

(b) On presentation of the petition, the court may allow a writ of certiorari directed to the commission panel to review the decision of the commission panel and shall prescribe in the writ the time, which may not be less than 10 days, within which a return on the writ must be made and served on the relator or the relator's attorney.

(c) The commission panel may not be required to return the original papers acted on by it. It is sufficient for the commission panel to return certified or sworn copies of the papers or of parts of the papers as may be called for by the writ.

(d) The return must concisely set forth other facts as may be pertinent and material to show the grounds for the decision appealed from and shall be verified.

(e) The allowance of the writ does not stay proceedings on the decision appealed from.

(f) The district court's review shall be limited to a hearing under the substantial evidence rule. The court may reverse or affirm, in whole or in part, or may modify the decision brought up for review.

(g) Costs may not be allowed against the commission panel.

(h) If the decision of the commission panel is affirmed or not substantially reversed but only modified, the district court shall allow to the municipality all attorney's fees and other costs and expenses incurred by it and shall enter a judgment for those items, which may be entered against the property owners as well as all persons found to be in occupation of the property subject to the proceedings before the commission panel.

An abstract of judgment shall be ordered against all parties found to be the owners of the subject property or in possession of that property.

(b) A lienholder does not have standing to bring a proceeding under Section 54.039 on the ground that the lienholder was not notified of the proceedings before the commission panel or was unaware of the condition of the property, unless the lienholder had first appeared before the commission panel and entered an appearance in opposition to the proceedings.

The alternative process must contain provisions relating to notice, the conduct of proceedings, permissible orders, penalties, and judicial review that are similar to the provisions of this subchapter.

Added by Acts 1997, 75th Leg., ch. 582, Sec. 2, eff. June 2, 1997.

Sec. 54.044. ALTERNATIVE PROCEDURE FOR ADMINISTRATIVE HEARING.
(a) As an alternative to the enforcement processes described by this subchapter, a municipality by ordinance may adopt a procedure for an administrative adjudication hearing under which an administrative penalty may be imposed for the enforcement of an ordinance described by Section 54.032 or adopted under Section 214.001(a)(1).

(b) A procedure adopted under this section must entitle the person charged with violating an ordinance to a hearing and must provide for:

- (1) the period during which a hearing shall be held;
- (2) the appointment of a hearing officer with authority to administer oaths and issue orders compelling the attendance of witnesses and the production of documents; and

(3) the amount and disposition of administrative penalties, costs, and fees.

(c) A municipal court may enforce an order of a hearing officer compelling the attendance of a witness or the production of a document.

(d) A citation or summons issued as part of a procedure adopted under this section must:

(1) notify the person charged with violating the ordinance that the person has the right to a hearing; and

(2) provide information as to the time and place of the hearing.

(e) The original or a copy of the summons or citation shall be kept as a record in the ordinary course of business of the municipality and is rebuttable proof of the facts it states.

(f) The person who issued the citation or summons is not required to attend a hearing under this section.

(g) A person charged with violating an ordinance who fails to appear at a hearing authorized under this section is considered to admit liability for the violation charged.

(h) At a hearing under this section, the hearing officer shall issue an order stating:

(1) whether the person charged with violating an ordinance is liable for the violation; and

(2) the amount of a penalty, cost, or fee assessed against the person.

(i) An order issued under this section may be filed with the clerk or secretary of the municipality. The clerk or secretary shall keep the order in a separate index and file. The order may be recorded using microfilm, microfiche, or data processing techniques.

(j) An order issued under this section against a person charged with an ordinance violation may be enforced by:

(1) filing a civil suit for the collection of a penalty assessed against the person; and

(2) obtaining an injunction that:

(A) prohibits specific conduct that violates the ordinance; or

(B) requires specific conduct necessary for compliance with the ordinance.

(k) A person who is found by a hearing officer to have violated an ordinance may appeal the determination by filing a petition in

municipal court before the 31st day after the date the hearing officer's determination is filed. An appeal does not stay enforcement and collection of the judgment unless the person, before filing the appeal, posts a bond with an agency designated for that purpose by the municipality.

The governing body of a municipality holding an election shall order the election within 45 days after the date the petition is filed.

(b) If a majority of the votes received in an election are in favor of consolidation, each larger municipality in turn, in inverse order of their size of population, may or shall, as provided by Section 61.003, order a consolidation election. The governing body of a municipality holding an election shall order the election within 45 days after the date the election returns from the next smaller municipality are canvassed.

(c) If a majority of the votes received in a consolidation election in any municipality are not in favor of consolidation, a larger municipality that has not held an election on the consolidation issue may not order a consolidation election.

(d) If an election contest is timely filed in a consolidation election, the governing body of each larger municipality that has not held its consolidation election may delay holding the election until the election contest is finally determined.

(e) In the alternative to the procedures provided in Subsections (a)-(d), the governing body of each municipality holding a consolidation election may order the election to be held on the same election date.

(b) The consolidation is effective when the election returns are recorded.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

The secretary of state shall file the authenticated copy and record it in a separate book the secretary of state shall keep for the purpose.

(b) The offices of the smaller municipalities are abolished, and the persons holding the offices at the time the consolidation is effective are not entitled to receive further compensation.

(c) The consolidated municipality assumes all outstanding liabilities of the municipalities that are consolidated.

(d) If at the time a consolidation is effective a municipality has bond funds voted for public improvements that are not appropriated or subject to contract, the money shall be kept in a separate fund and used for public improvements in the territory for which the bonds were voted. The funds may not be diverted to any other purpose.

However, if a majority of the qualified voters of the municipality is less than 400, the petition must be signed by at least two-thirds of the qualified voters of the municipality. If the municipality has less than 400 qualified voters and has no municipal debt and does not provide services that would be otherwise provided by the county, the petition must be signed by at least one-fourth of the qualified voters in the municipality.

(b) The mayor shall order the election to be held on the same date as the next general election at which the office of mayor is to be filled.

Sec. 62.087. ALLOWANCE AND APPROVAL OF ESTABLISHED CLAIMS. A receiver of an abolished municipality shall allow, and a district court shall approve, a claim that is established by a judgment against the receiver.

(c) After the final settlement of the receivership, the receiver shall deliver money or other property remaining to the trustees or other officers in charge of any public school district located completely within the boundaries of the abolished municipality, and the money or property shall be used for the benefit of the school district. If there is no such public school district, the receiver shall deliver the remaining money or property to the county in which the municipality is located. The money shall be deposited in the general fund of the county, and the property shall be used for the benefit of the county.

- (1) take control of the municipality's property;
- (2) sell and dispose of the municipality's property; and

(b) For the purpose of settling the debts of the municipality, the former municipal officers may levy and collect a tax on the residents of the municipality in the same manner as the municipality could have done.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 62.162. SETTLEMENT BY TRUSTEES. (a) If a municipality's officers fail or refuse to settle its affairs under Section 62.161, on the petition of any resident taxpayer of the municipality or any holder of an evidence of its indebtedness, a court with jurisdiction and located in the county in which the municipality is located shall appoint three trustees to take control of the municipality's property, dispose of the property, and settle its debts.

The status of the municipality remains the same insofar as it affects the holders of its indebtedness until the indebtedness is paid.

(b) The municipality may be served with process in the suit by serving the citation on a person who was or who acted as the mayor, the secretary, or the treasurer of the municipality at the time of the municipality's abolition.

(b) On the written application of at least 50 qualified voters of a county, the county judge of the county shall order an election to consider detaching from the county a part of its territory or to consider attaching to the county a part of another county.

(c) The application must designate the part by a metes and bounds description and must show:

(1) the number of acres contained within the part;

(2) the number of acres remaining in the county from which the part is detached; and

SUBCHAPTER C. ORGANIZATION OF COUNTIES

Sec. 71.021. ATTACHMENT OF COUNTIES. (a) Until a new county is legally organized, the territory of the new county remains subject to the county from which it is taken.

(b) A legally organized county that, for any reason, loses its county organization is attached to the organized county whose county seat is closest to that of the disorganized county. The attachment is made for judicial and surveying purposes and for the registration of a deed, mortgage, or other instrument that is required or permitted by law to be recorded. The disorganized county remains attached until it is again legally organized.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 71.022. ESTABLISHMENT OF PRECINCTS. (a) If a new county is established, the commissioners court of the county from which the largest part of the territory of the new county is taken shall, not later than one month before the date of the next scheduled general election:

(1) divide the new county into convenient precincts for the election of justices of the peace and constables; and

(2) select convenient polling places in the new county.

(b) The commissioners court shall direct the county clerk to

make a record of its actions under this section and shall transmit a copy of that record to the person who is elected county judge of the new county.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 71.023. ELECTION OF COUNTY OFFICERS. (a) Before one month before the date of the next scheduled general election after a new county is established, the county judge of the county from which the new county is taken shall order an election for county officers to be held in the new county on the general election day. The order shall specify the number of precincts, the precinct boundaries, and the officers to be elected in the new county.

(b) The county judge shall appoint a presiding officer to hold the election at each designated place in the new county. Each presiding officer shall hold the election in accordance with the state election laws and shall make the returns to the county judge who ordered the election.

(c) The county judge shall open and examine the returns, issue certificates of election to the persons elected, and approve the bonds of the elected officers.

(d) If the office of county judge is vacant, any two of the county commissioners may perform the duties required of the county judge under this section.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 71.024. ORGANIZATION OF ATTACHED COUNTY. On the written petition of at least 75 qualified voters who are residents of a disorganized county, the commissioners court of the county to which the disorganized county is attached for judicial or other purposes shall legally organize the county without delay in the manner provided by this subchapter for the organization of new counties.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 71.025. DELIVERY TO NEW OFFICERS. The officers of a county from which a new county has been created or to which a newly

organized county has been attached and all other persons who have in their possession books, records, maps, or other property that belongs to the new county shall deliver the material to the proper officers of the new county within five days after the date on which the new officers legally qualify.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

SUBCHAPTER D. APPORTIONMENT OF COUNTY INDEBTEDNESS

Sec. 71.031. LIABILITY OF NEW COUNTY. (a) A new county is liable for a proportionate share of the indebtedness of the county from which it was created.

(b) The new county's liability is the amount that bears the same ratio to the property value in the territory excised from the original county that the total indebtedness of the original county at the time of the creation of the new county bears to the total property value in the original county, including the value of the property in the territory excised from the original county.

(c) After organization of the new county, the commissioners court of the new county shall levy a tax on all property in the new county in order to pay the proportionate share of the indebtedness at the same tax rate as that set by the commissioners court of the original county for the payment of the debt.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 71.032. SUIT TO ENFORCE PAYMENT OF LIABILITY. (a) A county from which a new county has been created may sue to recover the new county's share of the original county's indebtedness. The suit may be brought in a district court of either county.

(b) If a suit is brought to enforce payment of the indebtedness created by the original county or of the excised territory's proportionate share of the indebtedness, the tax assessment rolls of the original county for the year in which the new county was created are conclusive evidence of the property remaining in the original county, the property in the excised territory, and the value of that property as of the date of the creation of the new county. However, if the new county was organized and made assessment rolls for the year in which it was created, those assessment rolls are conclusive

evidence of the property in the new county and the taxable value of that property as of the date of the creation of the new county, and the assessment rolls of the original county for that year are conclusive evidence of the property remaining in the original county and the value of that property as of the date of the creation of the new county.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 71.033. TAX TO PAY INDEBTEDNESS. (a) If the original county recovers in a suit brought under Section 71.032(a), the court that renders the judgment shall order the commissioners court of the newly created county to levy a special tax on all the property in the territory taken from the original county in an amount that is sufficient to satisfy the judgment.

(b) If the first levy is insufficient to satisfy the judgment, the commissioners court shall make annual levies until the judgment is satisfied.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 71.034. LIABILITY OF ATTACHED TERRITORY. (a) If a part of a county is detached from a county and attached to another county, the attached territory remains liable for its proportionate share of the indebtedness of the county from which it was detached.

(b) The commissioners court of the county to which the territory is attached shall levy a tax in the territory at a rate sufficient to pay the territory's share of the indebtedness.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 71.035. COUNTY BONDS HELD BY SCHOOL FUND. (a) The comptroller of public accounts shall apportion between a county and a new county created from territory detached from the original county the bonds, and the coupons due on those bonds, that are held by the permanent school fund if the bonds were legally issued by the original county before the new county was created. The comptroller shall apportion the bonds and coupons in the manner provided by law.

(b) The commissioners courts of the original county and the new county shall levy a tax at a rate sufficient to pay each county's proportionate share of the bond debt.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

CHAPTER 72. COUNTY BOUNDARIES

Sec. 72.001. BOUNDARY SURVEY; APPOINTMENT OF SURVEYOR. (a) If a county court finds, or is notified by the commissioner of the General Land Office, that the boundary or part of a boundary of the county is not sufficiently definite, the county court shall appoint an experienced and competent registered professional land surveyor to conduct a survey of the boundary in question. The surveyor shall make and establish the boundary lines and corners in the manner prescribed by this chapter.

(b) In the order appointing the surveyor, the county court shall designate the boundary lines to be run and the boundary corners to be established and marked and shall conform to the law that defined the boundaries of the county.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 1091, Sec. 26, eff. Sept. 1, 1989.

Sec. 72.002. NOTICE TO ADJACENT COUNTY; APPOINTMENT OF ADDITIONAL SURVEYOR. (a) A county court that orders a boundary survey shall give notice of the survey to the county court of any other county that has an interest in the boundary by sending a copy of the order to the county court of that county. The notice must be given before the 10th day before the date on which the notified county court meets.

(b) The order must state the time and place for the beginning of the survey. The day scheduled for the beginning of the survey must be on or before the 20th day after the day on which the notified county court meets.

(c) The notified county court shall appoint an experienced and competent registered professional land surveyor to assist in the survey of the boundary lines in question.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended

by Acts 1989, 71st Leg., ch. 1091, Sec. 27, eff. Sept. 1, 1989.

Sec. 72.003. BOUNDARY MARKERS. (a) The initial corners of the survey shall be designated by boundary markers.

(b) Only a post, a stone monument, or a mound may be used as a boundary marker.

(c) A post used as a boundary marker must be of hewn cedar, cypress, or bois d'arc. The post must be at least eight inches in diameter and at least five feet in length and must be set in the ground to a depth of at least three feet.

(d) A mound used as a boundary marker must be composed of stone if the use of stone is practicable. If the use of stone is not practicable, a mound may be composed of earth. A mound must be at least two feet in height.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 72.004. DUTIES OF SURVEYOR; FIELD NOTES. (a) A surveyor appointed under this chapter shall describe the initial corners of the boundary lines on the boundary markers established at the corners. The surveyor shall supervise the establishment of additional boundary markers at one-mile intervals along the boundary line.

(b) In the field notes of the survey, the surveyor shall accurately describe all prominent natural objects that are crossed by or are adjacent to the boundary lines under survey, as well as the corners and lines of surveys on or near the boundaries.

(c) After each boundary line in question is surveyed and marked, the surveyor promptly shall return the field notes and map of the survey to the county court that appointed the surveyor.

(d) The county clerk shall record the field notes and map and shall deliver a certified copy of the notes and map to the General Land Office.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 72.005. OATH AND BOND OF SURVEYOR. (a) Before performing duties under this chapter, a surveyor must take the oath of office

prescribed by the constitution for appointed officers and must execute a bond conditioned that the surveyor will faithfully perform those duties.

(b) The bond must be in the amount of \$1,000, must be payable to the county judge or the judge's successors in office, and must have two or more sureties who are approved by the county judge.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 72.006. PAYMENT OF EXPENSES. (a) The counties that have an interest in the boundary lines in question shall divide the expenses incurred in making the survey and establishing the boundary markers in proportion to each county's frontage on the line.

(b) A surveyor appointed under this chapter is entitled to receive the actual expenses incurred in making the survey and any fees for surveying services agreed on by the surveyor and the counties.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1993, 73rd Leg., ch. 991, Sec. 3, eff. Sept. 1, 1993.

Sec. 72.007. EFFECT OF FAILURE OF APPOINTED SURVEYOR TO APPEAR. If either of the surveyors appointed under Sections 72.001 and 72.002 is absent at the time and place scheduled for the beginning of the survey, the surveyor who is present shall conduct the survey alone and shall deliver the survey report to the county court that appointed that surveyor. On approval by that court, the report shall be recorded as evidence of the boundary line in question and shall be treated as the true boundary between the counties.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 72.008. EFFECT OF FAILURE TO AGREE ON BOUNDARY. (a) If the surveyors appointed under Sections 72.001 and 72.002 fail to agree on the boundary line in question between their respective counties, they shall report to the commissioner of the General Land Office the facts of the disagreement, with a full statement of the questions at issue.

(b) The commissioner shall examine the disputed matter at once. From the information maintained in the General Land Office, the commissioner shall designate to the surveyors the line to be run, stating at what specific point the surveyors shall begin and to what specific point they shall run the line. In the instructions to the surveyors, the commissioner shall adhere as closely as possible to the line designated in the law that created the county line. The instructions from the commissioner constitute authority for the surveyors to run that line. After the survey based on the commissioner's instructions, that line is the true boundary between the counties.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 72.009. SUIT TO ESTABLISH BOUNDARIES. (a) A county may bring suit against an adjacent county to establish the common boundary line. The suit must be brought in the district court of a county in an adjoining judicial district whose boundaries are not affected by the suit and whose county seat is closest to the county seat of the county that brings the suit. The court shall try the suit in the same manner in which it tries other suits.

(b) The district court has jurisdiction to determine where the boundary line is located and may order the line to be re-marked and resurveyed. The line established by the district court shall be treated as the true boundary between the counties unless the court determines that the line in question was established under prior law. If the district court determines that the boundary line has been established under prior law, the court shall declare that line to be the true boundary between the counties and shall have that line resurveyed and established as the boundary.

(c) The commissioner of the General Land Office may not mark a contested county line on the maps maintained by the land office until a certified copy of the final judgment is filed in the land office with a certified copy of the field notes of the boundary line established by the judgment.

(d) The remedy provided by this section is in addition to any other remedy prescribed by this chapter.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 72.010. SUIT TO ESTABLISH BOUNDARIES OF AND TAXES OWED TO CERTAIN COUNTIES OR TAXING UNITS LOCATED IN THOSE COUNTIES. (a) In this section:

(1) "Like taxing units" means counties or other taxing units that are of the same type as one another and that by law may not include the same geographic territory.

(2) "Taxing unit" has the meaning assigned by Section 1.04, Tax Code.

(b) This section applies only to:

(1) a county that has a population of less than 400,000 and contains a municipality with a population of at least 300,000;

(2) a county that has a population of at least 50,000 and is adjacent to a county described by Subdivision (1); and

(3) a taxing unit other than a county that has territory in a county described by Subdivision (1) or (2).

(c) If, as a result of disputed, overlapping, or erroneously applied geographic boundaries between like taxing units, multiple like taxing units have imposed ad valorem taxes on the same property, the property owner may file suit in the supreme court to:

(1) establish the correct geographic boundary between the taxing units; and

(2) determine the amount of taxes owed on the property and the taxing unit or units to which the taxes are owed.

(d) The supreme court has original jurisdiction to hear and determine a suit filed under Subsection (c) and may issue injunctive or declaratory relief in connection with the suit.

(e) The supreme court shall enter a final order determining a suit filed under Subsection (c) not later than the 90th day after the date the suit is filed.

Added by Acts 2017, 85th Leg., R.S., Ch. 768 (S.B. [2242](#)), Sec. 1, eff. June 12, 2017.

CHAPTER 73. LOCATION OF COUNTY SEAT

SUBCHAPTER A. COUNTY SEAT IN NEWLY ORGANIZED COUNTY

Sec. 73.001. ELECTION REQUIREMENT. If a new county is organized, the county judge who conducts the election for officers for the new county shall order an election for the location of the county seat. The election shall be conducted in the same manner as

an election for county officers.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 73.002. VOTE REQUIRED FOR LOCATION. The location that receives the majority of votes cast in the election is the county seat. However, a county seat first established in a newly organized county may not be located more than five miles from the geographic center of the county unless at least two-thirds of the voters voting in the election on the subject vote for the site.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

SUBCHAPTER B. RELOCATION OF COUNTY SEATS

Sec. 73.011. APPLICATION FOR RELOCATION ELECTION. (a) The county judge of a county shall order an election on the question of the relocation of the county seat of the county if an application for the relocation election is made by at least 100 resident freeholders and qualified voters of the county. However:

(1) if the county seat has been established in the same location for more than 10 years but for 40 years or less and the county has 350 or more voters, to be determined by the number of votes cast in the county in the most recent general election, at least 200 resident freeholders and qualified voters must make the application; or

(2) if the county has 150 or fewer qualified voters or if the county seat has been established in the same location for more than 40 years, a majority of the resident freeholders and qualified voters of the county, as determined by the county judge from the county assessment rolls, must make the application.

(b) If the county judge fails, refuses, or is unable to perform a duty imposed on the judge by this section, that duty may be performed by any two county commissioners of the county.

(c) An order under this section must be in writing and entered in the minutes of the commissioners court.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 73.012. DESIGNATION OF GEOGRAPHIC CENTER OF COUNTY. (a) On notification by a county judge that a proposition to relocate the county seat has been submitted to the people of the county or that it is desirable that the center of the county be designated, before the relocation of the county seat, the commissioner of the General Land Office shall designate the geographic center of the county based on the maps, surveys, and other information on file in the General Land Office. The commissioner shall certify the center to the county judge.

(b) The county judge shall enter the commissioner's designation in the county deed records.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 73.013. ELECTION REQUIREMENTS. (a) A relocation election must be held on the first election date that is authorized by Chapter 41, Election Code, and that occurs after the 30th day after the date of the order.

(b) The election shall be ordered to be held in each voting precinct in the county and shall be held, insofar as possible, in the same manner as an election for county officers. The ballot shall be printed to provide for voting for or against the proposition:

"Moving the county seat from _____ (name of the place) to _____ (name of the place)."

(c) The requirements of this subsection are in addition to those imposed by Article IX, Section 2, of the Texas Constitution relating to the number of votes that are necessary to move a county seat in certain cases. A two-thirds vote of the voters voting at the election is required to move a county seat located:

Sec. 85.0025. CONTINUING EDUCATION. (a) The Texas Commission on Law Enforcement may require each county sheriff who is not a commissioned peace officer to attend not more than 40 hours of instruction in law enforcement. The commission shall allow a sheriff at least two but not more than four years after the date on which the sheriff assumes office to complete the hours of instruction.

(b) If a sheriff is reelected to office and had previously completed the number of hours of instruction required by the commission, the commission may exempt the sheriff from attending further courses or may require the sheriff to complete again the required number of hours of instruction.

(c) The county in which the sheriff serves shall pay for or reimburse the sheriff for the cost of the required hours of instruction received in this state.

(d) The commission shall:

(1) approve course content, course credit, and standards for courses; and

(2) adopt rules and procedures concerning the courses.

(e) For the purposes of removal under Subchapter B, Chapter 87, "incompetency" in the case of a sheriff includes the failure to complete the hours of instruction in accordance with this section.

(f) The commission may waive the requirement that a sheriff complete the instruction required under this section if the sheriff

requests a waiver because of hardship and the commission determines that a hardship exists.

Sec. 85.003. DEPUTIES. (a) The appointment of a deputy sheriff must be in writing.

(b) A person appointed as a deputy, before beginning to perform the duties of office, must take and subscribe the official oath, which, together with the certificate of the officer administering the oath, must be endorsed on the appointment. The appointment and oath shall be deposited and recorded in the county clerk's office. A list of the appointments shall be posted in a conspicuous place in that office.

(c) Except as provided by Subsection (f), a deputy serves at the pleasure of the sheriff. The sheriff may revoke the appointment of a deputy on the indictment of the deputy for a felony.

(d) A sheriff is responsible for the official acts of a deputy and may require that a deputy execute a bond or other security. A sheriff has the same remedies against a deputy and the deputy's sureties as any other person has against the sheriff and the sheriff's sureties.

(e) A deputy may perform the acts and duties of the deputy's principal.

(f) A deputy who is included in the coverage of a civil service system created under Chapter 158 may be suspended or removed only for a violation of a civil service rule adopted under that system.

Sec. 85.004. RESERVE DEPUTIES. (a) The commissioners court of a county may authorize the sheriff to appoint reserve deputy sheriffs. The commissioners court may limit the number of reserve

deputies that may be appointed.

(b) A reserve deputy serves at the discretion of the sheriff and may be called into service if the sheriff considers it necessary to have additional officers to preserve the peace and enforce the law. The sheriff may authorize a reserve deputy who is a peace officer as described by Article 2.12, Code of Criminal Procedure, to carry a weapon or act as a peace officer at all times, regardless of whether the reserve deputy is engaged in the actual discharge of official duties, or may limit the authority of the reserve deputy to carry a weapon or act as a peace officer to only those times during which the reserve deputy is engaged in the actual discharge of official duties. A reserve deputy who is not a peace officer as described by Article 2.12, Code of Criminal Procedure, may act as a peace officer only during the actual discharge of official duties. A reserve deputy, regardless of whether the reserve deputy is a peace officer as described by Article 2.12, Code of Criminal Procedure, is not:

(1) eligible for participation in any program provided by the county that is normally considered a financial benefit of full-time employment or for any pension fund created by statute for the benefit of full-time paid peace officers; or

(2) exempt from Chapter 1702, Occupations Code.

(c) Except as provided by Subsection (c-1), a reserve deputy, before beginning to perform the duties of office and at the time of appointment, must file an oath and execute and file a bond in the amount of \$2,000 payable to the sheriff. The oath and bond shall be filed with the county clerk.

(c-1) If a sheriff appoints more than one reserve deputy sheriff, the sheriff may execute a blanket surety bond to cover the reserve deputy sheriffs. Instead of a reserve deputy sheriff executing an individual bond under Subsection (c) or the sheriff executing a blanket surety bond, the county may self-insure against losses that would have been covered by the bond.

(d) A reserve deputy on active duty at the call of the sheriff and actively engaged in assigned duties has the same rights, privileges, and duties as any other peace officer of the state.

(e) The sheriff of a county that borders the Gulf of Mexico may organize some of the reserve deputies to serve as marine reserve deputies and lifeguards for beach and water safety purposes and other related functions as the sheriff may determine. A reserve deputy

performing functions under this subsection is subject to the laws of this state that relate to reserve deputies except that they may not carry firearms in the performance of their duties.

(f) An organization formed under Subsection (e) may include both paid and unpaid deputies and reserve deputies. The organization may accept contributions and gifts from foundations, individuals, corporations, and governmental entities, including appropriations by the state on a direct or matching fund basis, to assist the county in providing water safety programs in the interest of the health, safety, and welfare of persons using the coastal water of this state.

(g) The county or sheriff is not liable, because of the appointment of a reserve deputy, if the reserve deputy incurs personal injury while serving in an official capacity.

(b) In case of an emergency, a guard is subject to being called to duty by the sheriff.

(c) A person charged with the responsibility of enforcing this section commits an offense if the person violates the section. An offense under this section is a misdemeanor punishable by a fine of not less than \$50 or more than \$200.

Sec. 85.006. COUNTY POLICE FORCE IN COUNTIES OF 210,000 OR MORE. (a) In a county with a population of 210,000 or more, the sheriff may appoint a county police force. The commissioners court

shall determine the number, which must be at least six, of police officers to be appointed. The sheriff shall appoint one of the officers as chief of the county police. The appointments are subject to approval by the commissioners court. The sheriff may, subject to approval by the commissioners court, terminate the employment of an officer.

(b) The sheriff shall deputize each police officer appointed under this section. Each officer has the authority of a deputy sheriff, and all laws of the state applicable to deputy sheriffs apply to the officer to the same extent that they apply to deputy sheriffs unless the law conflicts with this section.

(c) A police officer appointed under this section shall patrol, by automobile or motorcycle furnished by the officer, the highways of the county located outside the corporate limits of the county seat. The officer shall devote all time spent on duty to performing that service and to matters related to that service. The officer shall perform all duties in accordance with rules adopted by the commissioners court.

(1) fails to return a process or precept as required by Subsection (a); or

(2) makes a false return.

(c) An offense under this section is punishable by the court to which the process is returnable, as for contempt, by a fine of not more than \$100. A fine collected under this section shall be deposited in the county treasury.

(b) Failure to execute the subpoena or other process under Subsection (a) carries the same penalties as failure to execute process issued by a court.

(c) If the sheriff performs services under this section, the sheriff shall receive the fees prescribed by law for similar services rendered in the courts. The fee shall be paid on the certificate of the authority issuing the process.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

A reserve deputy constable who is not a peace officer as described by Article 2.12, Code of Criminal Procedure, may act as a peace officer only during the actual discharge of official duties. A reserve deputy constable, regardless of whether the reserve deputy constable is a peace officer as described by Article 2.12, Code of Criminal Procedure, is not:

(c-1) If a constable appoints more than one reserve deputy constable, the constable may execute a blanket surety bond to cover the reserve deputy constables. Instead of a reserve deputy constable executing an individual bond under Subsection (c) or the constable executing a blanket surety bond, the county may self-insure against losses that would have been covered by the bond.

(d) While actively engaged in an assigned duty at the call of the constable, a reserve deputy constable is vested with the same rights, privileges, and duties of any other peace officer in this state.

(e) The county and the constable do not incur any liability by reason of the appointment of a reserve deputy constable if the reserve deputy constable incurs a personal injury while serving in that capacity.

A constable may not under any circumstances retain a fee paid for serving civil process in the constable's official capacity other than the constable's regular salary or compensation. Any fee paid to a constable for serving civil process in the constable's official capacity shall be deposited with the county treasurer of the constable's county.

(b) The comptroller may conduct an audit of the books, records, and accounts of a county tax assessor-collector's office that relate to the assessor-collector's administration of public funds during a term of office. The comptroller shall provide an assessor-collector with notice of an audit under this subsection not later than the first anniversary of the date the term of office that is the subject of the audit ends. An audit must be completed not later than the

second anniversary of the date the term of office that is the subject of the audit ends.

(c) If an audit is conducted under Subsection (b), a civil action described by Subsection (a) may not be commenced later than four (4) years after the date the audit conducted under Subsection (b) is completed.

The person must deposit the money in accordance with any applicable procedures prescribed by or under Section 112.001 or 112.002. However, the county tax assessor-collector must deposit the money in accordance with the procedures prescribed by or under the Tax Code and other laws.

(b) The county treasurer shall deposit the money in the county depository in the proper fund to the credit of the person or department collecting the money.

(c) The interest accruing on the money in the fund is for the benefit of the county in accordance with other law.

Sec. 113.022. TIME FOR MAKING DEPOSITS. (a) A county officer

or other person who receives money shall deposit the money with the county treasurer on or before the next regular business day after the date on which the money is received. If this deadline cannot be met, the officer or person must deposit the money, without exception, on or before the fifth business day after the day on which the money is received. However, in a county with fewer than 50,000 inhabitants, the commissioners court may extend the period during which funds must be deposited with the county treasurer, but the period may not exceed 15 days after the date the funds are received.

(b) A county treasurer shall deposit the money received under Subsection (a) in the county depository in accordance with Section 116.113(a). In all cases, the treasurer shall deposit the money on or before the seventh business day after the date the treasurer receives the money.

The deposit warrant authorizes the county treasurer to receive the amount stated in the warrant. The warrant must state the purpose for which the amount is received and the fund to which it is to be applied.

(b) The county treasurer shall keep the original deposit warrant. The county treasurer shall provide the county clerk or the county auditor with duplicate deposit warrants or a written report of all deposit warrants received that contains detailed information about each warrant. On the request of a person making a deposit, the county treasurer may provide a duplicate deposit warrant to the person. If the county has a county auditor, the auditor shall enter the amount in the auditor's books, charging the amount to the county treasurer and crediting the person who deposited the amount. The treasurer may receive money only through this procedure except as provided by Subsection (c).

(c) In a county with more than 2.2 million inhabitants, the county clerk is relieved of all duties under Subsections (a) and (b). In any other county that has the office of county auditor, the commissioners court by order may relieve the county clerk of all duties under Subsections (a) and (b). If the county clerk is relieved of duties, the county treasurer shall receive all deposits that are made in the county treasury. The county treasurer shall provide the county auditor with duplicate warrants or a written report of all warrants that contains detailed information about each warrant. On the request of a person making a deposit, the county treasurer may provide a duplicate warrant to the person. The county auditor shall prescribe a system, not inconsistent with this subsection, to be used by the county treasurer for receiving and depositing money.

Sec. 113.024. DEPOSIT OF MONEY DOES NOT AFFECT OWNERSHIP. The deposit of money in a county treasury does not change the ownership of the money, except to indemnify the officer and the officer's surety, or any other owner of the money, during the period of deposit with the county.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

SUBCHAPTER C. DISBURSEMENT OF MONEY

Sec. 113.041. DISBURSEMENT OF MONEY BY COUNTY TREASURER; PAYMENT BY CHECK OR ELECTRONIC TRANSMISSION; LOST OR DESTROYED INSTRUMENT. (a) The county treasurer shall disburse the money belonging to the county and shall pay and apply the money as required by law and as the commissioners court may require or direct, not inconsistent with law.

(b) Except as provided by Chapter 156, a person may not spend or withdraw money from the county treasury except by a check or order for payment drawn on the county treasury, whether or not the money is

in a county depository as required by law.

(c) The county treasurer may not disburse money out of the county treasury without an order for payment from an officer who is authorized by law to issue the order.

(d) If the county treasurer doubts the legality or propriety of an order presented to the treasurer for payment, the treasurer may not make the payment. The treasurer shall report the matter to the commissioners court for the court's consideration and direction. The treasurer may require that the claim supporting the order be made available and verified by an affidavit after the claim is approved for payment by the commissioners court.

(d-1) In a county without a county auditor, the county treasurer may not make a payment if the treasurer has reason to believe that the check or order for payment is not valid as a proper and budgeted item of expenditure. The treasurer shall report the matter to the commissioners court for consideration and direction.

(e) If the county treasurer is satisfied that an original check or other order drawn on the county treasury by a proper authority is lost or destroyed, the treasurer may issue a duplicate instrument in place of the original. The treasurer may not issue a duplicate until an applicant has filed an affidavit with the treasurer that states that the applicant is the true owner of the original instrument and that, to the best knowledge and belief of the applicant, the original is lost or destroyed.

(f) The treasurer may require an applicant for a duplicate instrument to execute a bond with two or more good and sufficient sureties in an amount that is double the amount of the claim. The bond must be:

- (1) notarized;
- (2) made payable to the county judge;
- (3) conditioned that the applicant will hold the county harmless;
- (4) conditioned that the applicant will return to the treasurer on demand by the treasurer the duplicate instrument or the amount of money named in the duplicate, including any costs that accrue against the county in collecting the amount; and
- (5) approved by the treasurer.

(g) If, after issuance of the duplicate instrument, the county treasurer determines that the duplicate was issued improperly or that the applicant or person to whom the duplicate was issued is not the

owner of the original instrument, the treasurer shall immediately stop payment or demand the return of the amount paid by the county, if the duplicate is paid. If the person fails to return the amount of the instrument, the treasurer shall institute a suit for recovery through the office of the county or district attorney. Venue for the suit lies in the county in which the treasurer serves.

(h) A county treasurer may not honor a check or order for payment on the interest and sinking fund provided for a bond of the county or pay out or divert money in that fund except to pay the principal of or interest on the bond or invest money in securities as provided by law.

Sec. 113.042. ENDORSEMENT BY COUNTY TREASURER; OTHER REQUIREMENTS FOR ORDER FOR PAYMENT. (a) On the presentation of an order for payment, check, or voucher drawn by a proper authority, and if there are sufficient funds for payment on deposit in the account against which the instrument is drawn, the county treasurer shall endorse on the face of the instrument the order to pay the named payee and shall charge the amount in the treasurer's records to the fund on which it is drawn.

(b) The county treasurer may not issue and the county depository may not pay a check drawn on the county depository to take up an order for payment drawn by a proper authority, but the county treasurer shall, on the presentation of the order, endorse the order and deliver it to the payee, who may present it to the county depository for payment.

(c) The treasurer may not endorse an instrument designated as a time deposit until after the notice and time requirements in the depository contract that designates the funds as time deposits are met.

(d) If a bond, coupon, or other instrument is payable on its own terms at any place other than the county treasury, this section does not prevent the commissioners court from ordering the treasurer to place a sufficient sum at the location where the instrument is payable at the time and place of its maturity, as long as the payment is made in the manner prescribed by law.

(e) Each check or order for payment issued or drawn by an officer under the provisions of this section is subject to all laws and rules relating to auditing and countersigning.

(f) Each order for payment or scrip issued against the county treasurer by a judge or court must be signed and attested by the clerk or judge of the court under that officer's official seal.

(g) A justice of the peace may not issue an order for payment against the county treasury for any purpose except as may be provided by the Code of Criminal Procedure.

Sec. 113.043. COUNTERSIGNATURE BY COUNTY AUDITOR. In a county with a county auditor, the county treasurer and the county depository may not pay a check or order for payment unless it is countersigned by the county auditor to validate it as a proper and budgeted item of expenditure. This section does not apply to a check or order for jury service or for restitution collected on behalf of an individual as authorized by law.

(a) The county auditor shall maintain a register of the orders for payment issued on the county treasurer by a judge or by the district or county clerk. A register entry for an order must indicate the date of payment by the treasurer.

(b) On a form prepared by the auditor, the clerk or judge shall furnish the auditor with a daily itemized report that specifies the orders for payment issued, the number of orders, the amounts of the orders, the names of the persons to whom the orders are payable, and the purposes of the orders.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 113.048. DISBURSEMENT OF MONEY FOR JURY SERVICE. (a) Notwithstanding any other provision of this subchapter or other law to the contrary, a county treasurer may disburse to a person who reports for jury service and discharges the person's duty the daily amount of reimbursement for jury service expenses set by the commissioners court under Section 61.001, Government Code, by:

(1) using an electronic funds transfer system in accordance with Chapter 156;

(2) using a cash dispensing machine;

(3) issuing a debit card or a stored value card; or

(4) using any other method that the county treasurer and the commissioners court determine is secure, accurate, and cost-effective and that is convenient for persons who report for jury service.

(b) A system or method of payment adopted by a county treasurer under Subsection (a) may be implemented only if it is approved by the commissioners court and administered in accordance with the procedures established by the county auditor or by the chief financial officer of a county that does not have a county auditor.

(c) A system or method of payment authorized by this section may be used in lieu of or in addition to the issuance of checks or orders for payment authorized under this subchapter.

SUBCHAPTER C. INDEPENDENT AUDIT AUTHORITY GENERALLY APPLICABLE

Sec. 115.031. AUDIT BY ACCOUNTANT. (a) If considered by the commissioners court of a county to be justified by an imperative public necessity, the court may employ a disinterested, competent, and expert public accountant to audit all or part of the books, records, or accounts of:

- (1) the county;
- (2) a district, county, or precinct officer, agent, or employee, including the county auditor;
- (3) a governmental unit of the county; or
- (4) a hospital, farm, or other county institution maintained at public expense.

(b) The commissioners court may also employ the accountant to deal with any other matter relating to or affecting the fiscal affairs of the county.

(c) The resolution providing for the audit must state the reasons for the audit, such as a determination by the commissioners court:

- (1) of official misconduct, intentional omission, or negligence in records or reports;

(2) of a misapplication, conversion, or retention of public funds; or

(3) of a failure to keep accounts, make reports, or account for public funds by any officer, agent, or employee of the district, the county, or a precinct, including the officer, agent, or employee of a depository, hospital, or other public institution maintained for the public benefit at the public expense.

(d) The reason stated in the audit resolution may also be a statement by the commissioners court that it considers the audit necessary for the court to determine and fix the proper appropriation and expenditure of public money or to determine and fix a proper tax levy.

(e) The commissioners court may present the audit resolution in writing at any regular or called session of the commissioners court, but it shall lie over to the next regular term of the court.

(f) The commissioners court shall publish the resolution once in a newspaper of general circulation published in the county. If there is no newspaper of general circulation published in the county, the court shall post notice of the resolution at the courthouse door and two other public places in the county for at least the 10 days preceding the date the resolution is adopted.

(g) To be implemented, the resolution must be adopted by a majority vote of the four county commissioners and must be approved by the county judge at that next regular term of the commissioners court.

(h) A contract entered into by the commissioners court for the audit shall be made in accordance with statutes applicable to the making of contracts by the commissioners court. Payment under the contract may be made from county funds in accordance with those statutes.

(i) In addition to the emergency powers under this section, the commissioners court may provide for an independent audit of the accounts and officials if the court, by an order properly entered at any regular term, determines that the audit would best serve the public interest. A contract for that audit is subject to the requirements of Subsection (h).

(j) The authority given to county auditors under this subtitle, as well as other provisions of statutes relating to district, county, and precinct finances and accounts, is subordinate to the powers of the commissioners court under this section.

(b) On the receipt of the petition, the district judge shall determine its validity. If the judge determines that the petition meets the requirements of Subsection (a), the judge shall immediately employ a person to prepare a special audit of all county records. The special auditor must have the qualifications prescribed by law for county auditors. The special auditor is entitled to receive as compensation for the services rendered a reasonable fee fixed by the district judge and to be paid out of the general fund or officers' salary fund of the county.

(c) The committee shall count all the money in the office of the county treasurer that belongs to the county and shall make any other examination that it considers necessary and proper to determine the true condition of the county finances.

(d) If necessary, and on the application of the committee, the

district court shall send for persons and evidence to help in the investigation.

(e) On the earliest practicable day after its appointment, the committee shall make a detailed written report to the district court. The report must state whether the books and records required by law are correctly kept. The report must fully set out the financial condition of the county and the state of each officer's account and must specify any irregularity, omission, or wrongdoing that the committee discovers.

(f) The committee shall sign and swear to the report and file it in the office of the district clerk. The attention of the grand jury shall be called to the report as soon as practicable after the filing.

(g) Each member of the committee is entitled to receive compensation for services performed under this section at a rate of \$3 a day. (d) If necessary, and on the application of the auditor, the district court shall summon witnesses, compel their attendance, and require them to give testimony. However, real property securities may not be required in an amount greater than 25 percent of the assessed value of the property in the county, as shown by the certified tax roll for the preceding year.

(b) Except for an additional bond required under Section 116.087, if a depository fails for any reason to file the required new bond within five days after the date the depository is served with a copy of the order, the commissioners court may select a new depository in the same manner as it would select a depository at the regular time.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 116.082. SUBSTITUTION OF SECURITIES. (a) After reasonable notice to the commissioners court, a depository is entitled to substitute one type of security for another or replace particular securities with others of the same type if the substituting or replacing security meets the requirements of law and is approved by the commissioners court. Instead of approval of each substitute or replacement security by the commissioners court, the commissioners court may:

(1) adopt a procedure for approving a substitute or replacement security under this section; and

(2) designate a county employee or official, including a county judge, to approve the substitute or replacement security under the procedure adopted under Subdivision (1).

(b) The county judge shall execute the necessary instruments to transfer to the depository or its order a lien withdrawn from real property for which another security is substituted.

(c) The commissioners court may direct the manner in which securities pledged in place of personal or surety bonds are to be

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 116.085. SOLVENCY OF PERSONAL SURETY. (a) At least twice each year while a personal bond securing the county's deposits is in effect, the commissioners court shall investigate the solvency of each surety on the bond. The commissioners court may require the surety to make an itemized and verified financial statement correctly showing the surety's financial position and, if the bond requires the surety to own real property, identifying each tract of real property owned by the surety and stating its value.

(b) The commissioners court shall require a depository to provide a new bond meeting the requirements of this chapter if a financial statement provided under Subsection (a) indicates that:

- (1) a surety is insolvent;
- (2) a surety's net worth is less than the amount required by this chapter;
- (3) the assets listed on the statement are depreciated or their value is in any way impaired; or
- (4) real property required by the bond has been disposed of or encumbered and the value of the surety's remaining unencumbered and nonexempt real property is inadequate to meet the requirements of

this chapter.

Sec. 116.086. SOLVENCY OF SURETY COMPANY AND ADEQUACY OF SECURITIES. Whenever the commissioners court considers it necessary for the protection of the county, the commissioners court may investigate the solvency of a surety company that issues a bond on behalf of a depository of county funds or investigate the value of securities pledged by a depository to secure county funds.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 116.087. ADDITIONAL BOND. (a) If after a county establishes a depository the county or a subdivision of the county receives funds from the sale of bonds or otherwise, at the next meeting of the commissioners court, or as soon afterward as is practical, the commissioners court may make written demand on the depository to provide an additional bond in an amount equal to the amount of funds received. If county funds derived from the sale of county securities during the term of a depository bond are deposited with the depository, the commissioners court shall require an additional bond in an amount equal to the additional county funds. The depository shall continue the additional bond in effect as long as the additional funds remain in the depository.

(b) The depository may cancel this extra or special bond and concurrently substitute a new bond for it as the additional funds are reduced. However, the additional bond must always at least equal the amount of the additional funds.

(c) If a depository does not provide an additional bond under Subsection (a) within 30 days after the date the commissioners court demands the additional bond, the commissioners court may withdraw the additional funds from the depository by the draft of the county treasurer and deposit them in a solvent national or state bank that has a combined capital stock and surplus greater than the amount of the additional funds. The commissioners court may leave the additional funds on deposit with this alternative bank until the county depository files the required additional bond with the commissioners court, after which the commissioners court shall

redeposit the balance of the additional funds with the county depository.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 116.088. RELEASE OF SURETY COMPANY. (a) A surety company may be relieved of its obligations under a surety bond executed on behalf of a county depository after the 30th day after the date it gives written notice to the commissioners court requesting to be released.

(b) A surety company is not relieved under Subsection (a) of liability for a loss sustained by the county before the expiration of the bond.

(c) If a depository's surety company requests to be relieved from its obligations under Subsection (a), the depository shall provide further security acceptable to the commissioners court to secure county funds under this chapter. The depository shall provide the further security before termination of the surety's obligations under the bond. The new security shall be filed in the county clerk's office.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 116.089. SURRENDER OF INTEREST ON SECURITIES. On the request of a county depository, the commissioners court shall surrender, when due, interest coupons or other evidence of interest on securities deposited by the depository with the commissioners court if the securities remaining pledged by a depository are adequate to meet the requirements of the commissioners court.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

SUBCHAPTER E. DEPOSITORY ACCOUNTS

(b) The funds may be invested in accordance with Subchapter A, Chapter 2256, Government Code. In addition to the obligations, certificates, and agreements described by that Act, the funds may be invested in certificates of deposit issued by a state or federal savings and loan association domiciled in this state, the payment of which is insured in full by the Federal Savings and Loan Insurance Corporation or its successor.

(c) If a county purchases a security repurchase agreement, the agreement must be purchased under a master contractual agreement that specifies the rights and obligations of both parties and that requires that securities involved in the transaction be held in a safekeeping account subject to the control and custody of the county.

(d) Repealed by Acts 1989, 71st Leg., ch. 754, Sec. 2, eff. June 15, 1989.

a time deposit, if the agreed period of notice has expired.

(b) If the commissioners court selects a depository in another county under Section 116.026, the depository shall file a statement with the county treasurer designating the place in the county governed by the commissioners court where, and the person by whom, deposits by the treasurer may be received and checks will be paid, or the place in another county where deposits may be made and checks may be paid. The statement must be filed within five days after the date notice is given to the depository of its selection.

(c) An order for payment or check, including an order or check issued prior to September 1, 1993, issued by the county treasurer in settlement of a claim against a county that is not presented for payment before the 366th day following the date of issuance is overdue and nonnegotiable. Sec. 116.151. LIABILITIES OF SURETIES ON SEPARATE BONDS. If a county depository provides separate bonds to secure county funds, each surety under a bond is liable only for that part of a loss

resulting from the failure of the depository that bears to the total loss the same ratio as the amount of the bond bears to the total amount of all bonds and securities held by the county for the protection of the funds covered by the bond.

Sec. 116.154. LIABILITY OF DEPOSITORY PENDING COLLECTION OF DEPOSITS. (a) The commissioners court of a county shall select by the process provided by this subchapter or by Subchapter C, Chapter 262, a federally insured bank or banks in the county to be the depository for a special account held by the county clerk and the district clerks. The county shall enter a contract with the selected federally insured bank or banks for a two-year or four-year term. The original term can be renewed once for an

additional two-year term. The contract may, on request by the clerk and approval of the commissioners court, include a provision that the funds in a special account earn interest. A request from the clerk that an account earn interest must be made, in writing, to the commissioners court not later than the 30th day before the date the county gives notice under Section 117.022 and shall be entered in the minutes of the court.

(b) If the contract is for a four-year term, the contract shall allow the county to establish, on the basis of negotiations with the bank, new interest rates and financial terms of the contract that will take effect during the final two years of the four-year contract.

(c) On the renewal of a contract, the county may negotiate new interest rates and terms with the bank for the next two years in the same way and under the same conditions as provided by Subsection (b).

(d) A bank must file its application on or before a date set by the commissioners court. The application must be accompanied by a certified check or cashier's check for at least one-half of one percent of the average daily balance of the registry funds held by the county clerk and the district clerk during the preceding calendar year, as determined by the county clerk and the district clerk on or before the 10th day before the date the application is required to be filed. A certified check or cashier's check that complies with this section is a good-faith guarantee on the part of the applicant that if its application is accepted it will execute the bond required under this subchapter. If the bank selected as depository does not provide the bond, the county shall retain the amount of the check as liquidated damages and the county shall select another depository as provided by this subchapter.

(e) If for any reason a county depository is not selected under Subsection (a), the commissioners court, at any subsequent time after 20 days' notice, may select, by the process described by Section 117.023 or by negotiated bid, one or more depositories in the same manner as at the regular term.

Sec. 140.011. LOCAL GOVERNMENTS DISPROPORTIONATELY AFFECTED BY PROPERTY TAX RELIEF FOR DISABLED VETERANS. (a) In this section:

(1) "General fund revenue" means revenue generated by a local government from the following sources during a fiscal year and deposited in the dedicated general operating fund of the local government during that fiscal year:

(A) ad valorem taxes;

- (B) sales and use taxes;
- (C) franchise taxes, fees, or assessments charged for use of the local government's right-of-way;
- (D) building and development fees, including permit and inspection fees;
- (E) court fines and fees;
- (F) other fees, assessments, and charges; and
- (G) interest earned by the local government.

(2) "Local government" means:

- (A) a municipality adjacent to a United States military installation; and
- (B) a county in which a United States military installation is wholly or partly located.

(3) "Qualified local government" means a local government entitled to a disabled veteran assistance payment under this section.

(b) To serve the state purpose of ensuring that the cost of providing ad valorem tax relief to disabled veterans is shared equitably among the residents of this state, a local government is entitled to a disabled veteran assistance payment from the state for each fiscal year that the local government is a qualified local government. A local government is a qualified local government for a fiscal year if the amount of lost ad valorem tax revenue calculated under Subsection (c) for that fiscal year is equal to or greater than two percent of the local government's general fund revenue for that fiscal year.

(c) For the purposes of this section, the amount of a local government's lost ad valorem tax revenue for a fiscal year is calculated by multiplying the ad valorem tax rate adopted by the local government under Section 26.05, Tax Code, for the tax year in which the fiscal year begins by the total appraised value of all property located in the local government that is granted an exemption from taxation under Section 11.131, Tax Code, for that tax year.

(d) A disabled veteran assistance payment made to a qualified local government for a fiscal year is calculated by subtracting from the local government's lost ad valorem tax revenue calculated under Subsection (c) for that fiscal year an amount equal to one percent of the local government's general fund revenue for that fiscal year.

(e) Not later than April 1 of the first year following the end of a fiscal year for which a qualified local government is entitled to a disabled veteran assistance payment, a qualified local

government may submit an application to the comptroller to receive a disabled veteran assistance payment for that fiscal year. The application must be made on a form prescribed by the comptroller. The comptroller may require the qualified local government to submit an independent audit otherwise required by law to be prepared for the local government for the fiscal year for which a qualified local government is entitled to the payment.

(f) A qualified local government that does not submit an application to the comptroller by the date prescribed by Subsection (e) is not entitled to a disabled veteran assistance payment for the fiscal year for which that deadline applies.

(g) The comptroller shall review each application by a local government to determine whether the local government is entitled to a disabled veteran assistance payment. If the comptroller determines that the local government is entitled to the payment, the comptroller shall remit the payment from available funds to the qualified local government not later than the 30th day after the date the application for the payment is made.

(h) The comptroller shall transfer funds to a newly created account in the state treasury for the purpose of reimbursement of local governments under this section.

(i) The comptroller shall adopt rules necessary to implement this section.

The person is entitled to be compensated for the overtime as provided by Subsection (e).

(c) A member of a fire department who does not fight fires or provide emergency medical services, including a mechanic, clerk, investigator, inspector, fire marshal, fire alarm dispatcher, and maintenance worker, other than the fire chief or the assistant chief or an equivalent classification, and who is required or permitted to average more hours in a week than the number of hours in a normal work week of the majority of the employees of the municipality other than fire fighters, emergency medical service personnel, and police officers, is considered to have worked overtime. The person is entitled to be compensated for the overtime as provided by Subsection (e).

(d) In computing the hours worked in a work week or the average number of hours worked in a work week during a work cycle of a fire fighter or other member of a fire department covered by this section, all hours are counted during which the fire fighter or other member of a fire department is required to remain on call on the employer's premises or so close to the employer's premises that the person cannot use those hours effectively for that person's own purposes. Hours in which the fire fighter or other member of a fire department is required only to leave a telephone number at which that person may be reached or to remain accessible by radio or pager are not counted. In computing the hours in a work week or the average number of hours

in a work week during a work cycle of a fire fighter or a member of a fire department who provides emergency medical services, vacation, sick time, holidays, time in lieu of holidays, or compensatory time may be excluded as hours worked.

(e) A fire fighter or other member of a fire department may be required or permitted to work overtime. A fire fighter or other member of a fire department, other than the fire chief or the assistant chief or an equivalent classification, who is required or permitted to work overtime as provided by Subsections (b) and (c) is entitled to be paid overtime for the excess hours worked without regard to the number of hours worked in any one week of the work cycle. Overtime hours are paid at a rate equal to 1-1/2 times the compensation paid to the fire fighter or member of the fire department for regular hours.

(e-1) Notwithstanding Subsection (d), in a municipality with a population of one million or more that has not adopted Chapter 143, for purposes of determining hours worked, including determining hours worked for calculation of overtime under Subsection (e), all hours are counted as hours worked during which the fire fighter or member of the fire department:

(1) is required to remain available for immediate call to duty by continuously remaining in contact with the fire department office by telephone, pager, or radio; or

(2) is taking any authorized leave, including attendance incentive leave, vacation leave, holiday leave, compensatory time off, jury duty, military leave, or leave because of a death in the family.

(f) Except as provided by Subsection (g) or (j), a police officer may not be required to work:

(1) more than 40 hours during a calendar week in a municipality that:

(A) has a population of more than one million;

(B) is not subject to Section 142.0017; and

(C) has not adopted Chapter 174; or

(2) in a municipality not described by Subdivision (1), more hours during a calendar week than the number of hours in the normal work week of the majority of the employees of the municipality other than fire fighters and police officers.

(f-1) In determining whether a police officer is considered to have been required to work overtime for purposes of Subsection

(f)(1), all hours are counted during which the police officer:

(1) is required to remain available for immediate call to duty by continuously remaining in contact with a police department office by telephone or by radio;

(2) is taking any authorized leave, including attendance incentive leave, vacation leave, holiday leave, compensatory time off, jury duty, military leave, or leave because of a death in the family; and

(3) is considered to have worked under Subsection (h).

(g) In the event of an emergency, a police officer may be required to work more hours than permitted by Subsection (f). An emergency is an unexpected happening or event or an unforeseen situation or crisis that calls for immediate action and requires the chief or head of the police department to order a police officer to work overtime.

(h) An officer required to work overtime in an emergency is entitled to be compensated for the overtime at a rate equal to 1-1/2 times the compensation paid to the officer for regular hours unless the officer elects, with the approval of the governing body of the municipality, to accept compensatory time equal to 1-1/2 times the number of overtime hours. For purposes of this subsection, compensable hours of work include all hours during which a police officer is:

(1) on duty on the premises of the municipality or at a prescribed workplace or required or permitted to work for the municipality, including preshift and postshift activities that are:

(A) an integral part of the officer's principal activity; or

(B) closely related to the performance of the principal activity; and

(2) away from the premises of the municipality under conditions that are so circumscribed that the officer is restricted from effectively using the time for personal pursuits.

(i) Bona fide meal periods are not counted as hours worked. For a bona fide meal period, which does not include coffee breaks or time for snacks, a police officer must be completely relieved from duty. Ordinarily, 30 minutes or more is long enough for a bona fide meal period. A period shorter than 30 minutes may be long enough for a bona fide meal period under special conditions. A police officer is not relieved from duty if the officer is required to perform any

duties, whether active or inactive, during the meal period.

(j) If a majority of police officers working for a municipality sign a written waiver of the prohibition in Subsection (f), the municipality may adopt a work schedule for police officers requiring a police officer to work more hours than permitted by Subsection (f). The officer is entitled to overtime pay if the officer works more hours during a calendar month than the number of hours in the normal work month of the majority of the employees of the municipality other than fire fighters and police officers.

the amount in excess of 10 percent until the first pay period of the next fiscal year.

(f) A municipality shall pay for accumulated compensatory time at a rate equal to the fire fighter's or police officer's salary at the time the payment is made or at the time the payment was requested, whichever is greater.

(g) The municipality shall account for the time donated to each account and used from each account. The municipality shall credit and debit an account on an hour-for-hour basis regardless of the cash value of the time donated or used.

(h) An employee organization may not use for business leave purposes more than 4,000 hours from its business leave time account under this section in a calendar year unless the municipality approves the use of hours in excess of 4,000. This subsection does not prevent an employee organization from accumulating more than 4,000 hours, but only addresses the total number of donated hours that an employee organization may use in any calendar year.

(i) The use of business leave by a firefighter under this section is not a break in service for any purpose and is treated as any other paid leave.

The chief executive of the municipality shall appoint the members of the commission within 60 days after the date this chapter is adopted. Within 30 days after the date the municipality's first full fiscal year begins after the date of the adoption election, the governing body of the municipality shall implement this chapter.

(b) The commission consists of three members appointed by the municipality's chief executive and confirmed by the governing body of the municipality. Members serve staggered three-year terms with the term of one member expiring each year. If a vacancy occurs or if an appointee fails to qualify within 10 days after the date of appointment, the chief executive shall appoint a person to serve for the remainder of the unexpired term in the same manner as the original appointment.

(c) A person appointed to the commission must:

- (1) be of good moral character;
- (2) be a United States citizen;
- (3) be a resident of the municipality who has resided in the municipality for more than three years;

(c-2) Subsection (c)(5) does not prohibit the municipality's chief executive from appointing a former commission member to the commission if the only public office held by the former member within

the preceding three years is membership on:

(1) the commission; or

(2) the commission and the municipality's civil service board for employees other than police officers and firefighters through a joint appointment to the commission and board.

(c-3) Subsections (c-1) and (c-2) do not apply to a municipality with a population of 1.5 million or more.

(d) In making initial appointments, the chief executive shall designate one member to serve a one-year term, one member to serve a two-year term, and one member to serve a three-year term. If a municipality has a civil service commission immediately before this chapter takes effect in that municipality, that civil service commission shall continue as the commission established by this section and shall administer the civil service system as prescribed by this chapter. As the terms of the members of the previously existing commission expire, the chief executive shall appoint members as prescribed by this section. If necessary to create staggered terms as prescribed by this section, the chief executive shall appoint the initial members, required to be appointed under this chapter, to serve terms of less than three years.

(e) Initial members shall elect a chairman and a vice-chairman within 10 days after the date all members have qualified. Each January, the members shall elect a chairman and a vice-chairman.

Each day after the 60-day period that the chief executive knowingly or intentionally fails to make a required appointment constitutes a separate offense.

(h) The chief executive of a municipality or a municipal official commits an offense if the person knowingly or intentionally refuses to implement this chapter or attempts to obstruct the enforcement of this chapter. An offense under this subsection is a misdemeanor punishable by a fine of not less than \$100 or more than \$200.

The member may request that the meeting be held as an open hearing in accordance with Chapter 551, Government Code.

(b) If a commission member is indicted or charged by information with a criminal offense involving moral turpitude, the member shall be automatically suspended from office until the disposition of the charge. Unless the member pleads guilty or is found to be guilty, the member shall resume office at the time of disposition of the charge.

(c) The governing body may appoint a substitute commission member during a period of suspension. - (3) incompetent to discharge the duties of the appointment or employment.

(c) The commission shall adopt rules that prescribe cause for removal or suspension of a fire fighter or police officer. The rules

must comply with the grounds for removal prescribed by Section 143.051.

(d) The commission shall publish each rule it adopts and each classification and seniority list for the fire and police departments. The rules and lists shall be made available on demand. A rule is considered to be adopted and sufficiently published if the commission adopts the rule by majority vote and causes the rule to be written, typewritten, or printed. Publication in a newspaper is not required and the governing body of the municipality is not required to act on the rule.

(e) A rule is not valid and binding on the commission until the commission:

(1) mails a copy of the rule to the commissioner, if the municipality has an elected commissioner, and to department heads of the fire and police departments;

(2) posts a copy of the rule for a seven-day period at a conspicuous place in the central fire and police stations; and

If the commission does not subpoena the material, the commission shall, before the third day before the date the hearing will be held, make a written report to the fire

fighter or police officer stating the reason it will not subpoena the requested material. This report shall be read into the public record of the commission hearing.

(f) Witnesses may be placed under the rule at the commission hearing.

(g) The commission shall conduct the hearing fairly and impartially as prescribed by this chapter and shall render a just and fair decision. The commission may consider only the evidence submitted at the hearing.

(h) The commission shall maintain a public record of each proceeding with copies available at cost.

Sec. 143.024. ENTRANCE EXAMINATION NOTICE. (a) Before the 10th day before the date an entrance examination is held, the commission shall cause a notice of the examination to be posted in plain view on a bulletin board located in the main lobby of the city hall and in the commission's office. The notice must show the position to be filled or for which the examination is to be held, and the date, time, and place of the examination.

(b) The notice required by Subsection (a) must also state the period during which the eligibility list created as a result of the examination will be effective.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.025. ENTRANCE EXAMINATIONS. (a) The commission shall provide for open, competitive, and free entrance examinations to provide eligibility lists for beginning positions in the fire and police departments. The examinations are open to each person who makes a proper application and meets the requirements prescribed by this chapter.

(b) An eligibility list for a beginning position in the fire or police department may be created only as a result of a competitive examination held in the presence of each applicant for the position, except as provided by Subsections (d), (e), and (l). The examination must be based on the person's general knowledge and aptitude and must inquire into the applicant's general education and mental ability. A person may not be appointed to the fire or police department except as a result of the examination.

(c) An applicant may not take an examination unless at least one other applicant taking the examination is present.

(d) Examinations for beginning positions in the fire department may be held at different locations if each applicant takes the same examination and is examined in the presence of other applicants.

(e) This subsection applies only in a municipality to which Subchapter J does not apply. An examination for beginning positions in the police department must be held at one or more locations in the municipality in which the police department is located and may be held at additional locations outside the municipality. An examination held at multiple locations must be administered on the same day and at the same time at each location at which it is given. Only one eligibility list for a police department may be created from that examination, and only one eligibility list may be in effect at a given time. Each applicant who takes the examination for the eligibility list shall:

(1) take the same examination; and

(2) be examined in the presence of other applicants for that eligibility list.

(f) An additional five points shall be added to the examination grade of an applicant who served in the United States armed forces, received an honorable discharge, and made a passing grade on the examination.

(g) An applicant may not take the examination for a particular eligibility list more than once.

(h) The commission shall keep each eligibility list for a beginning position in effect for a period of not less than six months or more than 12 months, unless the names of all applicants on the list have been referred to the appropriate department. The commission shall determine the length of the period. The commission shall give new examinations at times the commission considers necessary to provide required staffing for scheduled fire or police training academies.

(i) The grade to be placed on the eligibility list for each applicant shall be computed by adding an applicant's points under Subsection (f), if any, to the applicant's grade on the written examination. Each applicant's grade on the written examination is based on a maximum grade of 100 percent and is determined entirely by the correctness of the applicant's answers to the questions. The minimum passing grade on the examination is 70 percent. An applicant must pass the examination to be placed on an eligibility list.

(j) Notwithstanding Subsection (i), each applicant who is either a natural-born or adopted child of a fire fighter who previously suffered a line-of-duty death while covered by this chapter shall be ranked at the top of any eligibility list in which

said applicant receives a minimum passing grade on that respective eligibility exam. The deceased fire fighter's applicant child must otherwise satisfy all of the requirements for eligibility for a beginning position in a fire department contained in this chapter. This commission shall promulgate rules to identify and verify each applicant's eligibility for applicability of this subsection.

(k) This section does not apply to a police department located in a municipality with a population of 1.5 million or more.

(l) In a municipality with a population of more than 1.3 million and less than 2 million, an examination for a beginning position in the fire department may include testing instruments to be used in addition to the written examination in the establishment of the initial eligibility list.

Sec. 143.0251. REAPPOINTMENT AFTER RESIGNATION. The commission may adopt rules to allow a police officer who voluntarily resigns from the department to be reappointed to the department without taking another departmental entrance examination.

Added by Acts 1995, 74th Leg., ch. 64, Sec. 2, eff. Sept. 1, 1995.

Sec. 143.026. PROCEDURE FOR FILLING BEGINNING POSITIONS. (a) When a vacancy occurs in a beginning position in a fire or police department, the department head shall request in writing from the commission the names of suitable persons from the eligibility list. The director shall certify to the municipality's chief executive the names of the three persons having the highest grades on the

eligibility list.

(b) From the three names certified, the chief executive shall appoint the person having the highest grade unless there is a valid reason why the person having the second or third highest grade should be appointed.

(c) If the chief executive does not appoint the person having the highest grade, the chief executive shall clearly set forth in writing the good and sufficient reason why the person having the highest grade was not appointed.

(d) The reason required by Subsection (c) shall be filed with the commission and a copy provided to the person having the highest grade. If the chief executive appoints the person having the third highest grade, a copy of the report shall also be furnished to the person having the second highest grade.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.027. PROBATIONARY PERIOD. (a) A person appointed to a beginning position in the fire or police department must serve a probationary period of one year beginning on that person's date of employment as a fire fighter, police officer, or academy trainee. In a municipality with a population of less than 1.9 million, the commission by rule may extend the probationary period by not more than six months for a person who:

(1) is not employed by a department in which a collective bargaining agreement or a meet-and-confer agreement currently exists or previously existed; and

(2) is required to attend a basic training academy for initial certification by the Texas Commission on Fire Protection or the Texas Commission on Law Enforcement.

(b) During a fire fighter's or police officer's probationary period, the department head shall discharge the person and remove the person from the payroll if the person's appointment was not regular or was not made in accordance with this chapter or the commission rules.

(c) During a fire fighter's or police officer's probationary period, the person may not be prohibited from joining or required to join an employee organization. Joining or not joining an employee organization is not a ground for retaining or not retaining a fire

fighter or police officer serving a probationary period.

(d) A fire fighter or police officer who was appointed in substantial compliance with this chapter and who serves the entire probationary period automatically becomes a full-fledged civil service employee and has full civil service protection.

Sec. 143.028. ELIGIBILITY FOR PROMOTION. (a) Except as provided by Sections 143.013 and 143.102, a fire fighter is not eligible for promotion unless the person has served in that fire department in the next lower position or other positions specified by the commission for at least two years at any time before the date the promotional examination is held. A fire fighter is not eligible for promotion to the rank of captain or its equivalent unless the person has at least four years' actual service in that fire department.

(b) Except as provided by Sections 143.013 and 143.102, a police officer is not eligible for promotion unless the person has served in that police department in the next lower position or other positions specified by the commission for at least two years immediately before the date the promotional examination is held. A police officer is not eligible for promotion to the rank of captain or its equivalent unless the person has at least four years' actual service in that police department.

(c) If a person is recalled on active military duty for not more than 60 months, the two-year service requirements prescribed by Subsections (a) and (b) do not apply and the person is entitled to have time spent on active military duty considered as duty in the respective fire or police department.

Sec. 143.029. PROMOTIONAL EXAMINATION NOTICE. (a) Before the 90th day before the date a promotional examination is held, the commission shall post a notice that lists the sources from which the examination questions will be taken.

(b) Before the 30th day before the date a promotional examination is held, the commission shall post a notice of the examination in plain view on a bulletin board located in the main lobby of the city hall and in the commission's office. The notice must show the position to be filled or for which the examination is to be held, and the date, time, and place of the examination. The commission shall also furnish sufficient copies of the notice for posting in the stations or subdepartments in which the position will be filled.

(c) The notice required by Subsection (b) may also include the name of each source used for the examination, the number of questions taken from each source, and the chapter used in each source.

(d) In addition to the notice prescribed by this section, a municipality with a population of 1.5 million or more must post the notice prescribed by Section 143.107.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.030. ELIGIBILITY FOR FIRE DEPARTMENT PROMOTIONAL EXAMINATION. (a) This section does not apply to a municipality with a population of 1.5 million or more.

(b) Each promotional examination is open to each fire fighter who at any time has continuously held for at least two years a position in the classification that is immediately below, in salary, the classification for which the examination is to be held.

(c) If the department has adopted a classification plan that classifies positions on the basis of similarity in duties and responsibilities, each promotional examination is open to each fire fighter who has continuously held for at least two years a position at the next lower pay grade, if it exists, in the classification for

which the examination is to be held.

(d) If there are not enough fire fighters in the next lower position with two years' service in that position to provide an adequate number of persons to take the examination, the commission may open the examination to persons in that position with less than two years' service. If there is still an insufficient number, the commission may open the examination to persons with at least two years' experience in the second lower position, in salary, to the position for which the examination is to be held.

(e) If a fire fighter had previously terminated the fire fighter's employment with the department and is subsequently reemployed by the same department, the fire fighter must again meet the two-year service requirement for eligibility to take a promotional examination. In determining if a fire fighter has met the two-year service requirement, a fire department may not consider service in another fire department.

(f) This section does not prohibit lateral crossover between classes.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.031. ELIGIBILITY FOR POLICE DEPARTMENT PROMOTIONAL EXAMINATION. (a) Each promotional examination is open to each police officer who for at least two years immediately before the examination date has continuously held a position in the classification that is immediately below, in salary, the classification for which the examination is to be held.

(b) If the department has adopted a classification plan that classifies positions on the basis of similarity in duties and responsibilities, each promotional examination is open to each police officer who has continuously held for at least two years immediately before the examination date a position at the next lower pay grade, if it exists, in the classification for which the examination is to be held.

(c) If there are not sufficient police officers in the next lower position with two years' service in that position to provide an adequate number of persons to take the examination, the commission shall open the examination to persons in that position with less than two years' service. If there is still an insufficient number, the

commission may open the examination to persons in the second lower position, in salary, to the position for which the examination is to be held.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.032. PROMOTIONAL EXAMINATION PROCEDURE. (a) The commission shall adopt rules governing promotions and shall hold promotional examinations to provide eligibility lists for each classification in the fire and police departments. Unless a different procedure is adopted under an alternate promotional system as provided by Section 143.035, the examinations shall be held substantially as prescribed by this section.

(b)(1) Each eligible promotional candidate shall be given an identical examination in the presence of the other eligible promotional candidates, except that an eligible promotional candidate who is serving on active military duty outside of this state or in a location that is not within reasonable geographic proximity to the location where the examination is being administered is entitled to take the examination outside of the presence of and at a different time than the other candidates and may be allowed to take an examination that is not identical to the examination administered to the other candidates.

(2) The commission may adopt rules under Subsection (a) providing for the efficient administration of promotional examinations to eligible promotional candidates who are members of the armed forces serving on active military duty. In adopting the rules, the commission shall ensure that the administration of the examination will not result in unnecessary interference with any ongoing military effort. The rules shall require that:

(A) at the discretion of the administering entity, an examination that is not identical to the examination administered to other eligible promotional candidates may be administered to an eligible promotional candidate who is serving on active military duty; and

(B) if a candidate serving on active military duty takes a promotional examination outside the presence of other candidates and passes the examination, the candidate's name shall be included in the eligibility list of names of promotional candidates

who took and passed the examination nearest in time to the time at which the candidate on active military duty took the examination.

(c) The examination must be entirely in writing and may not in any part consist of an oral interview.

(d) The examination questions must test the knowledge of the eligible promotional candidates about information and facts and must be based on:

(1) the duties of the position for which the examination is held;

(2) material that is of reasonably current publication and that has been made reasonably available to each member of the fire or police department involved in the examination; and

(3) any study course given by the departmental schools of instruction.

(e) The examination questions must be taken from the sources posted as prescribed by Section 143.029(a). Fire fighters or police officers may suggest source materials for the examinations.

(f) The examination questions must be prepared and composed so that the grading of the examination can be promptly completed immediately after the examination is over.

(g) The director is responsible for the preparation and security of each promotional examination. The fairness of the competitive promotional examination is the responsibility of the commission, the director, and each municipal employee involved in the preparation or administration of the examination.

(h) A person commits an offense if the person knowingly or intentionally:

(1) reveals a part of a promotional examination to an unauthorized person; or

(2) receives from an authorized or unauthorized person a part of a promotional examination for unfair personal gain or advantage.

(i) An offense under Subsection (h) is a misdemeanor punishable by a fine of not less than \$1,000, confinement in the county jail for not more than one year, or both the fine and the confinement.

Sec. 143.033. PROMOTIONAL EXAMINATION GRADES. (a) The grading of each promotional examination shall begin when one eligible promotional candidate completes the examination. As the eligible promotional candidates finish the examination, the examinations shall be graded at the examination location and in the presence of any candidate who wants to remain during the grading.

(b) Each police officer is entitled to receive one point for each year of seniority as a classified police officer in that department, with a maximum of 10 points. Each fire fighter is entitled to receive one point for each year of seniority in that department, with a maximum of 10 points.

(c) Unless a different procedure is adopted under an alternate promotional system as provided by Section 143.035, the grade that must be placed on the eligibility list for each police officer or fire fighter shall be computed by adding the applicant's points for seniority to the applicant's grade on the written examination, but for a fire fighter applicant only if the applicant scores a passing grade on the written examination. Each applicant's grade on the written examination is based on a maximum grade of 100 points and is determined entirely by the correctness of the applicant's answers to the questions. The passing grade in a municipality with a population of 1.5 million or more is prescribed by Section 143.108. In a municipality with a population of less than 1.5 million, all police officer applicants who receive a grade of at least 70 points shall be determined to have passed the examination and all fire fighter applicants who receive a grade on the written examination of at least 70 points shall be determined to have passed the examination. If a tie score occurs, the commission shall determine a method to break the tie.

(d) Within 24 hours after a promotional examination is held, the commission shall post the individual raw test scores on a bulletin board located in the main lobby of the city hall.

Sec. 143.034. REVIEW AND APPEAL OF PROMOTIONAL EXAMINATION.

(a) On request, each eligible promotional candidate from the fire or police department is entitled to examine the person's promotional examination and answers, the examination grading, and the source material for the examination. If dissatisfied, the candidate may appeal, within five business days, to the commission for review in accordance with this chapter. In computing this period, a Saturday, Sunday, or legal holiday is not considered a business day.

(b) The eligible promotional candidate may not remove the examination or copy a question used in the examination.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 1, Sec. 26(e), eff. Aug. 28, 1989.

Sec. 143.035. ALTERNATE PROMOTIONAL SYSTEM IN POLICE DEPARTMENT. (a) This section does not apply to a municipality that has adopted The Fire and Police Employee Relations Act (Article 5154c-1, Vernon's Texas Civil Statutes).

(b) On the recommendation of the head of the police department and a majority vote of the sworn police officers in the department, the commission may adopt an alternate promotional system to select persons to occupy nonentry level positions other than positions that are filled by appointment by the department head. The promotional system must comply with the requirements prescribed by this section.

(c) The commission shall order the director to conduct an election and to submit the revised promotional system either to all sworn police officers within the rank immediately below the classification for which the promotional examination is to be administered or to all sworn police officers in the department.

(d) The director shall hold the election on or after the 30th day after the date notice of the election is posted at the department. The election shall be conducted throughout each regular work shift at an accessible location within the department during a 24-hour period.

(e) The ballot shall contain the specific amendment to the

promotional procedure. Each sworn police officer shall be given the opportunity to vote by secret ballot "for" or "against" the amendment.

(f) The revised promotional system must be approved by a majority vote of the sworn police officers voting. A defeated promotional system amendment may not be placed on a ballot for a vote by the sworn police officers for at least 12 months after the date the prior election was held, but this provision does not apply if the head of the department recommends a different proposal to the commission.

(g) The commission shall canvass the votes within 30 days after the date the election is held. An appeal alleging election irregularity must be filed with the commission within five working days after the date the election closes. If approved by the sworn police officers, the promotional system amendment becomes effective after all election disputes have been ruled on and the election votes have been canvassed by the commission.

(h) At any time after an alternate promotional system has been adopted under this section and has been in effect for at least 180 days, the department head may petition the commission to terminate the alternate system, and the commission shall terminate the alternate system.

(i) At any time after an alternate promotional system has been adopted under this section and has been in effect for at least 180 days, a petition signed by at least 35 percent of the sworn police officers may be submitted to the commission asking that the alternate promotional system be reconsidered. If a petition is submitted, the commission shall, within 60 days after the date the petition is filed, hold an election as prescribed by this section. If a majority of those voting vote to terminate, the commission shall terminate the alternate promotional system.

(j) If the alternate system is terminated, an additional list may not be created under the alternate system.

(k) A promotional list may not be created if an election under this section is pending. An existing eligibility list, whether created under the system prescribed by this chapter or created under an alternate system adopted under this section, may not be terminated before or extended beyond its expiration date. A person promoted under an alternate system has the same rights and the same status as a person promoted under this chapter even if the alternate system is

later terminated.

Sec. 143.036. PROCEDURE FOR MAKING PROMOTIONAL APPOINTMENTS.

(a) When a vacancy occurs in a nonentry position that is not appointed by the department head as provided by Sections 143.014 and 143.102, the vacancy shall be filled as prescribed by this section and Section 143.108, as applicable. A vacancy in a fire fighter position described by this subsection occurs on the date the position is vacated by:

- (1) resignation;
- (2) retirement;
- (3) death;
- (4) promotion; or
- (5) issuance of an indefinite suspension in accordance with

Section 143.052(b).

(b) If an eligibility list for the position to be filled exists on the date the vacancy occurs, the director, on request by the department head, shall certify to the department head the names of the three persons having the highest grades on that eligibility list. The commission shall certify the names within 10 days after the date the commission is notified of the vacancy. If fewer than three names remain on the eligibility list or if only one or two eligible promotional candidates passed the promotional examination, each name on the list must be submitted to the department head.

(c) In a municipality with a population of less than 1.5 million, the commission shall submit names from an existing eligibility list to the department head until the vacancy is filled or the list is exhausted.

(d) If an eligibility list does not exist on the date a vacancy occurs or a new position is created, the commission shall hold an examination to create a new eligibility list within 90 days after the date the vacancy occurs or a new position is created.

(e) If an eligibility list exists on the date a vacancy occurs, the department head shall fill the vacancy by permanent appointment from the eligibility list furnished by the commission within 60 days after the date the vacancy occurs. If an eligibility list does not

exist, the department head shall fill the vacancy by permanent appointment from an eligibility list that the commission shall provide within 90 days after the date the vacancy occurs. This subsection does not apply in a municipality with a population of 1.5 million or more.

(f) Unless the department head has a valid reason for not appointing the person, the department head shall appoint the eligible promotional candidate having the highest grade on the eligibility list. If the department head has a valid reason for not appointing the eligible promotional candidate having the highest grade, the department head shall personally discuss the reason with the person being bypassed before appointing another person. The department head shall also file the reason in writing with the commission and shall provide the person with a copy of the written notice. On application of the bypassed eligible promotional candidate, the reason the department head did not appoint that person is subject to review by the commission or, on the written request of the person being bypassed, by an independent third party hearing examiner under Section 143.057.

(g) If a person is bypassed, the person's name is returned to its place on the eligibility list and shall be resubmitted to the department head if a vacancy occurs. If the department head refuses three times to appoint a person, files the reasons for the refusals in writing with the commission, and the commission does not set aside the refusals, the person's name shall be removed from the eligibility list.

(h) Each promotional eligibility list remains in existence for one year after the date on which the written examination is given, unless exhausted. At the expiration of the one-year period, the eligibility list expires and a new examination may be held.

Sec. 143.037. RECORD OF CERTIFICATION AND APPOINTMENT. (a) When a person is certified and appointed to a position in the fire or

police department, the director shall forward the appointed person's record to the proper department head. The director shall also forward a copy of the record to the chief executive and shall retain a copy in the civil service files.

(b) The record must contain:

- (1) the date notice of examination for the position was posted;
- (2) the date on which the appointed person took the examination;
- (3) the name of each person who conducted the examination;
- (4) the relative position of the appointed person on the eligibility list;
- (5) the date the appointed person took the physical examination, the name of the examining physician, and whether the person was accepted or rejected;
- (6) the date the request to fill the vacancy was made;
- (7) the date the appointed person was notified to report for duty; and
- (8) the date the appointed person's pay is to start.

(c) If the director intentionally fails to comply with this section, the commission shall immediately remove the director from office.

(d) The director's failure to comply with this section does not affect the civil service status of an employee.

Sec. 143.038. TEMPORARY DUTIES IN HIGHER CLASSIFICATION. (a) This section does not apply to a municipality with a population of 1.5 million or more.

(b) The department head may designate a person from the next lower classification to temporarily fill a position in a higher classification. The designated person is entitled to the base salary of the higher position plus the person's own longevity or seniority pay, educational incentive pay, and certification pay during the time the person performs the duties.

(c) The temporary performance of the duties of a higher position by a person who has not been promoted as prescribed by this chapter may not be construed as a promotion.

Sec. 143.042. ASSIGNMENT PAY. (a) This section does not apply to a municipality with a population of 1.5 million or more.

(b) The governing body of a municipality may authorize assignment pay for fire fighters and police officers who perform specialized functions in their respective departments.

(c) The assignment pay is in an amount and is payable under conditions set by ordinance and is in addition to the regular pay received by members of the fire or police department.

(d) If the ordinance applies equally to each person who meets the criteria established by the ordinance, the ordinance may provide for payment to each fire fighter and police officer who meets

training or education criteria for an assignment or the ordinance may set criteria that provide for payment only to a fire fighter or police officer in a special assignment.

(e) The head of the fire or police department is not eligible for the assignment pay authorized by this section.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.043. FIELD TRAINING OFFICER ASSIGNMENT PAY. (a) In this section, "field training officer" means a member of the police department who is assigned to and performs the duties and responsibilities of the field training officers program.

(b) The governing body of a municipality may authorize assignment pay for field training officers. The assignment pay is in an amount and is payable under conditions set by ordinance and is in addition to the regular pay received by members of the police department.

(c) The department head is not eligible for the assignment pay authorized by this section.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.044. CERTIFICATION, EDUCATIONAL INCENTIVE, AND FITNESS INCENTIVE PAY. (a) This section does not apply to a municipality with a population of 1.5 million or more.

(b) If each fire fighter or police officer in a municipality is afforded an opportunity to qualify for certification, the municipality's governing body may authorize certification pay to those fire fighters who meet the requirements for certification set by the Texas Commission on Fire Protection or for those police officers who meet the requirements for certification set by the Texas Commission on Law Enforcement.

(c) If the criteria for educational incentive pay are clearly established, are in writing, and are applied equally to each fire fighter or police officer in a municipality who meets the criteria, the municipality's governing body may authorize educational incentive pay for each fire fighter or police officer who has successfully completed courses at an accredited college or university.

(d) If the criteria for fitness incentive pay are clearly

established, are in writing, and are applied equally to each fire fighter or police officer in a municipality who meets the criteria, the municipality's governing body may authorize fitness incentive pay for each fire fighter or police officer who successfully meets the criteria.

(e) The certification pay, educational incentive pay, and fitness incentive pay are in addition to a fire fighter's or police officer's regular pay.

Sec. 143.045. ACCUMULATION AND PAYMENT OF SICK LEAVE. (a) A permanent or temporary fire fighter or police officer is allowed sick leave with pay accumulated at the rate of 1-1/4 full working days for each full month employed in a calendar year, so as to total 15 working days to a person's credit each 12 months.

(b) A fire fighter or police officer may accumulate sick leave without limit and may use the leave if unable to work because of a bona fide illness. If an ill fire fighter or police officer exhausts the sick leave and can conclusively prove that the illness was incurred in the performance of duties, an extension of sick leave shall be granted.

(c) Except as otherwise provided by Section 143.116, a fire fighter or police officer who leaves the classified service for any reason is entitled to receive in a lump-sum payment the full amount of the person's salary for accumulated sick leave if the person has accumulated not more than 90 days of sick leave. If a fire fighter or police officer has accumulated more than 90 working days of sick leave, the person's employer may limit payment to the amount that the person would have received if the person had been allowed to use 90 days of accumulated sick leave during the last six months of employment. The lump-sum payment is computed by compensating the

fire fighter or police officer for the accumulated time at the highest permanent pay classification for which the person was eligible during the last six months of employment. The fire fighter or police officer is paid for the same period for which the person would have been paid if the person had taken the sick leave but does not include additional holidays and any sick leave or vacation time that the person might have accrued during the 90 days.

(d) To facilitate the settlement of the accounts of deceased fire fighters and police officers, all unpaid compensation, including all accumulated sick leave, due at the time of death to an active fire fighter or police officer who dies as a result of a line-of-duty injury or illness, shall be paid to the persons in the first applicable category of the following prioritized list:

(1) to the beneficiary or beneficiaries the fire fighter or police officer designated in writing to receive the compensation and filed with the commission before the person's death;

(2) to the fire fighter's or police officer's widow or widower;

(3) to the fire fighter's or police officer's child or children and to the descendants of a deceased child, by representation;

(4) to the fire fighter's or police officer's parents or to their survivors; or

(5) to the properly appointed legal representative of the fire fighter's or police officer's estate, or in the absence of a representative, to the person determined to be entitled to the payment under the state law of descent and distribution.

(e) Payment of compensation to a person in accordance with Subsection (d) is a bar to recovery by another person.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.046. VACATIONS. (a) Each fire fighter or police officer is entitled to earn a minimum of 15 working days' vacation leave with pay in each year.

(b) In computing the length of time a fire fighter or police officer may be absent from work on vacation leave, only those calendar days during which the person would be required to work if not on vacation may be counted as vacation days.

(c) Unless approved by the municipality's governing body, a fire fighter or police officer may not accumulate vacation leave from year to year.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.047. SHIFT DIFFERENTIAL PAY. (a) The governing body of a municipality may authorize shift differential pay for fire fighters and police officers who work a shift in which more than 50 percent of the time worked is after 6 p.m. and before 6 a.m.

(b) The shift differential pay is in an amount and is payable under conditions set by ordinance and is in addition to the regular pay received by members of the fire or police department.

SUBCHAPTER D. DISCIPLINARY ACTIONS

Sec. 143.051. CAUSE FOR REMOVAL OR SUSPENSION. A commission rule prescribing cause for removal or suspension of a fire fighter or police officer is not valid unless it involves one or more of the following grounds:

- (1) conviction of a felony or other crime involving moral turpitude;
 - (2) violations of a municipal charter provision;
 - (3) acts of incompetency;
 - (4) neglect of duty;
 - (5) discourtesy to the public or to a fellow employee while the fire fighter or police officer is in the line of duty;
 - (6) acts showing lack of good moral character;
 - (7) drinking intoxicants while on duty or intoxication while off duty;
 - (8) conduct prejudicial to good order;
 - (9) refusal or neglect to pay just debts;
 - (10) absence without leave;
 - (11) shirking duty or cowardice at fires, if applicable;
- or
- (12) violation of an applicable fire or police department rule or special order.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.052. DISCIPLINARY SUSPENSIONS. (a) This section does not apply to a municipality with a population of 1.5 million or more.

(b) The head of the fire or police department may suspend a fire fighter or police officer under the department head's supervision or jurisdiction for the violation of a civil service rule. The suspension may be for a reasonable period not to exceed 15 calendar days or for an indefinite period. An indefinite suspension is equivalent to dismissal from the department.

(c) If the department head suspends a fire fighter or police officer, the department head shall, within 120 hours after the hour of suspension, file a written statement with the commission giving the reasons for the suspension. The department head shall immediately deliver a copy of the statement in person to the suspended fire fighter or police officer.

(d) The copy of the written statement must inform the suspended fire fighter or police officer that if the person wants to appeal to the commission, the person must file a written appeal with the commission within 10 days after the date the person receives the copy of the statement.

(e) The written statement filed by the department head with the commission must point out each civil service rule alleged to have been violated by the suspended fire fighter or police officer and must describe the alleged acts of the person that the department head contends are in violation of the civil service rules. It is not sufficient for the department head merely to refer to the provisions of the rules alleged to have been violated.

(f) If the department head does not specifically point out in the written statement the act or acts of the fire fighter or police officer that allegedly violated the civil service rules, the commission shall promptly reinstate the person.

(g) If offered by the department head, the fire fighter or police officer may agree in writing to voluntarily accept, with no right of appeal, a suspension of 16 to 90 calendar days for the violation of a civil service rule. The fire fighter or police officer must accept the offer within five working days after the date the offer is made. If the person refuses the offer and wants to appeal to the commission, the person must file a written appeal with

the commission within 15 days after the date the person receives the copy of the written statement of suspension.

(h) In the original written statement and charges and in any hearing conducted under this chapter, the department head may not complain of an act that occurred earlier than the 180th day preceding the date the department head suspends the fire fighter or police officer. If the act is allegedly related to criminal activity including the violation of a federal, state, or local law for which the fire fighter or police officer is subject to a criminal penalty, the department head may not complain of an act that is discovered earlier than the 180th day preceding the date the department head suspends the fire fighter or police officer. The department head must allege that the act complained of is related to criminal activity.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 1, Sec. 26(g), eff. Aug. 28, 1989.

Sec. 143.053. APPEAL OF DISCIPLINARY SUSPENSION. (a) This section does not apply to a municipality with a population of 1.5 million or more.

(b) If a suspended fire fighter or police officer appeals the suspension to the commission, the commission shall hold a hearing and render a decision in writing within 30 days after the date it receives notice of appeal. The suspended person and the commission may agree to postpone the hearing for a definite period.

(c) In a hearing conducted under this section, the department head is restricted to the department head's original written statement and charges, which may not be amended.

(d) The commission may deliberate the decision in closed session but may not consider evidence that was not presented at the hearing. The commission shall vote in open session.

(e) In its decision, the commission shall state whether the suspended fire fighter or police officer is:

- (1) permanently dismissed from the fire or police department;
- (2) temporarily suspended from the department; or
- (3) restored to the person's former position or status in the department's classified service.

(f) If the commission finds that the period of disciplinary suspension should be reduced, the commission may order a reduction in the period of suspension. If the suspended fire fighter or police officer is restored to the position or class of service from which the person was suspended, the fire fighter or police officer is entitled to:

(1) full compensation for the actual time lost as a result of the suspension at the rate of pay provided for the position or class of service from which the person was suspended; and

(2) restoration of or credit for any other benefits lost as a result of the suspension, including sick leave, vacation leave, and service credit in a retirement system. Standard payroll deductions, if any, for retirement and other benefits restored shall be made from the compensation paid, and the municipality shall make its standard corresponding contributions, if any, to the retirement system or other applicable benefit systems.

(g) The commission may suspend or dismiss a fire fighter or police officer only for violation of civil service rules and only after a finding by the commission of the truth of specific charges against the fire fighter or police officer.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1999, 76th Leg., ch. 740, Sec. 1, eff. Sept. 1, 1999.

Sec. 143.054. DEMOTIONS. (a) If the head of the fire or police department wants a fire fighter or police officer under his supervision or jurisdiction to be involuntarily demoted, the department head may recommend in writing to the commission that the commission demote the fire fighter or police officer.

(b) The department head must include in the recommendation for demotion the reasons the department head recommends the demotion and a request that the commission order the demotion. The department head must immediately furnish a copy of the recommendation in person to the affected fire fighter or police officer.

(c) The commission may refuse to grant the request for demotion. If the commission believes that probable cause exists for ordering the demotion, the commission shall give the fire fighter or police officer written notice to appear before the commission for a public hearing at a time and place specified in the notice. The

commission shall give the notice before the 10th day before the date the hearing will be held.

(d) The fire fighter or police officer is entitled to a full and complete public hearing, and the commission may not demote a fire fighter or police officer without that public hearing.

(e) A voluntary demotion in which the fire fighter or police officer has accepted the terms of the demotion in writing is not subject to this section.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.055. UNCOMPENSATED DUTY OF POLICE OFFICERS. (a) This section does not apply to a municipality with a population of 1.5 million or more.

(b) In this section, "uncompensated duty" means days of police work without pay that are in addition to regular or normal work days.

(c) The head of the police department may assign a police officer under his jurisdiction or supervision to uncompensated duty. The department head may not impose uncompensated duty unless the police officer agrees to accept the duty. If the police officer agrees to accept uncompensated duty, the department head shall give the person a written statement that specifies the date or dates on which the person will perform uncompensated duty.

(d) Uncompensated duty may be in place of or in combination with a period of disciplinary suspension without pay. If uncompensated duty is combined with a disciplinary suspension, the total number of uncompensated days may not exceed 15.

(e) A police officer may not earn or accrue any wage, salary, or benefit arising from length of service while the person is suspended or performing uncompensated duty. The days on which a police officer performs assigned uncompensated duty may not be taken into consideration in determining eligibility for a promotional examination. A disciplinary suspension does not constitute a break in a continuous position or in service in the department in determining eligibility for a promotional examination.

(f) Except as provided by this section, a police officer who performs assigned uncompensated duty retains all rights and privileges of the person's position in the police department and of the person's employment by the municipality.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.056. PROCEDURES AFTER FELONY INDICTMENT OR MISDEMEANOR COMPLAINT. (a) If a fire fighter or police officer is indicted for a felony or officially charged with the commission of a Class A or B misdemeanor, the department head may temporarily suspend the person with or without pay for a period not to exceed 30 days after the date of final disposition of the specified felony indictment or misdemeanor complaint.

(b) The department head shall notify the suspended fire fighter or police officer in writing that the person is being temporarily suspended for a specific period with or without pay and that the temporary suspension is not intended to reflect an opinion on the merits of the indictment or complaint.

(c) If the action directly related to the felony indictment or misdemeanor complaint occurred or was discovered on or after the 180th day before the date of the indictment or complaint, the department head may, within 30 days after the date of final disposition of the indictment or complaint, bring a charge against the fire fighter or police officer for a violation of civil service rules.

(d) A fire fighter or police officer indicted for a felony or officially charged with the commission of a Class A or B misdemeanor who has also been charged by the department head with civil service violations directly related to the indictment or complaint may delay the civil service hearing for not more than 30 days after the date of the final disposition of the indictment or complaint.

(e) If the department head temporarily suspends a fire fighter or police officer under this section and the fire fighter or police officer is not found guilty of the indictment or complaint in a court of competent jurisdiction, the fire fighter or police officer may appeal to the commission or to a hearing examiner for recovery of back pay. The commission or hearing examiner may award all or part of the back pay or reject the appeal.

(f) Acquittal or dismissal of an indictment or a complaint does not mean that a fire fighter or police officer has not violated civil service rules and does not negate the charges that may have been or may be brought against the fire fighter or police officer by the department head.

(g) Conviction of a felony is cause for dismissal, and conviction of a Class A or B misdemeanor may be cause for disciplinary action or indefinite suspension.

(h) The department head may order an indefinite suspension based on an act classified as a felony or a Class A or B misdemeanor after the 180-day period following the date of the discovery of the act by the department if the department head considers delay to be necessary to protect a criminal investigation of the person's conduct. If the department head intends to order an indefinite suspension after the 180-day period, the department head must file with the attorney general a statement describing the criminal investigation and its objectives within 180 days after the date the act complained of occurred.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.057. HEARING EXAMINERS. (a) In addition to the other notice requirements prescribed by this chapter, the written notice for a promotional bypass or the letter of disciplinary action, as applicable, issued to a fire fighter or police officer must state that in an appeal of an indefinite suspension, a suspension, a promotional bypass, or a recommended demotion, the appealing fire fighter or police officer may elect to appeal to an independent third party hearing examiner instead of to the commission. The letter must also state that if the fire fighter or police officer elects to appeal to a hearing examiner, the person waives all rights to appeal to a district court except as provided by Subsection (j).

(b) To exercise the choice of appealing to a hearing examiner, the appealing fire fighter or police officer must submit to the director a written request as part of the original notice of appeal required under this chapter stating the person's decision to appeal to an independent third party hearing examiner.

(c) The hearing examiner's decision is final and binding on all parties. If the fire fighter or police officer decides to appeal to an independent third party hearing examiner, the person automatically waives all rights to appeal to a district court except as provided by Subsection (j).

(d) If the appealing fire fighter or police officer chooses to appeal to a hearing examiner, the fire fighter or police officer and

the department head, or their designees, shall first attempt to agree on the selection of an impartial hearing examiner. If the parties do not agree on the selection of a hearing examiner on or within 10 days after the date the appeal is filed, the director shall immediately request a list of seven qualified neutral arbitrators from the American Arbitration Association or the Federal Mediation and Conciliation Service, or their successors in function. The fire fighter or police officer and the department head, or their designees, may agree on one of the seven neutral arbitrators on the list. If they do not agree within five working days after the date they received the list, each party or the party's designee shall alternate striking a name from the list and the name remaining is the hearing examiner. The parties or their designees shall agree on a date for the hearing.

(e) The appeal hearing shall begin as soon as the hearing examiner can be scheduled. If the hearing examiner cannot begin the hearing within 45 calendar days after the date of selection, the fire fighter or police officer may, within two days after learning of that fact, call for the selection of a new hearing examiner using the procedure prescribed by Subsection (d).

(f) In each hearing conducted under this section, the hearing examiner has the same duties and powers as the commission, including the right to issue subpoenas.

(g) In a hearing conducted under this section, the parties may agree to an expedited hearing procedure. Unless otherwise agreed by the parties, in an expedited procedure the hearing examiner shall render a decision on the appeal within 10 days after the date the hearing ended.

(h) In an appeal that does not involve an expedited hearing procedure, the hearing examiner shall make a reasonable effort to render a decision on the appeal within 30 days after the date the hearing ends or the briefs are filed. The hearing examiner's inability to meet the time requirements imposed by this section does not affect the hearing examiner's jurisdiction, the validity of the disciplinary action, or the hearing examiner's final decision.

(i) The hearing examiner's fees and expenses are shared equally by the appealing fire fighter or police officer and by the department. The costs of a witness are paid by the party who calls the witness.

(j) A district court may hear an appeal of a hearing examiner's

award only on the grounds that the arbitration panel was without jurisdiction or exceeded its jurisdiction or that the order was procured by fraud, collusion, or other unlawful means. An appeal must be brought in the district court having jurisdiction in the municipality in which the fire or police department is located.

SUBCHAPTER E. LEAVES

Sec. 143.071. LEAVES OF ABSENCE; RESTRICTION PROHIBITED. (a) If a sufficient number of fire fighters or police officers are available to carry out the normal functions of the fire or police department, a fire fighter or police officer may not be refused a reasonable leave of absence without pay to attend a fire or police school, convention, or meeting if the purpose of the school, convention, or meeting is to secure a more efficient department and better working conditions for department personnel.

(b) A rule that affects a fire fighter's or police officer's constitutional right to appear before or to petition the legislature may not be adopted.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.072. MILITARY LEAVE OF ABSENCE. (a) On written application of a fire fighter or police officer, the commission shall grant the person a military leave of absence without pay, subject to Section 143.075, to enable the person to enter a branch of the United States military service. The leave of absence may not exceed the period of compulsory military service or the basic minimum enlistment period for the branch of service the fire fighter or police officer enters.

(b) The commission shall grant to a fire fighter or police officer a leave of absence for initial training or annual duty in the military reserves or the national guard.

(c) While a fire fighter or police officer who received a military leave of absence serves in the military, the commission

shall fill the person's position in the department in accordance with this chapter.

(d) On termination of active military service, a fire fighter or police officer who received a military leave of absence under this section is entitled to be reinstated to the position that the person held in the department at the time the leave of absence was granted if the person:

(1) receives an honorable discharge;

(2) remains physically and mentally fit to discharge the duties of that position; and

(3) makes an application for reinstatement within 90 days after the date the person is discharged from military service.

(e) On reinstatement, the fire fighter or police officer shall receive full seniority credit for the time spent in the military service.

(f) If the reinstatement of a fire fighter or police officer who received a military leave of absence causes a surplus in the rank to which the fire fighter or police officer was reinstated, the fire fighter or police officer who has the least seniority in the position shall be returned to the position immediately below the position to which the returning fire fighter or police officer was reinstated. If a fire fighter or police officer is returned to a lower position in grade or compensation under this subsection without charges being filed against the person for violation of civil service rules, the fire fighter or police officer shall be placed on a position reinstatement list in order of seniority. Appointments from the reinstatement list shall be made in order of seniority. A person who is not on the reinstatement list may not be appointed to a position to which the list applies until the list is exhausted.

(g) If a fire fighter or police officer employed by a municipality is called to active military duty for any period, the employing municipality must continue to maintain any health, dental, or life insurance coverage and any health or dental benefits coverage that the fire fighter or police officer received through the municipality on the date the fire fighter or police officer was called to active military duty until the municipality receives written instructions from the fire fighter or police officer to change or discontinue the coverage.

(h) In addition to other procedures prescribed by this section, a fire fighter or police officer may, without restriction as to the

amount of time, voluntarily substitute for a fire fighter or police officer described by Sections 143.075(b)(1) and (2) who has been called to active federal military duty for a period expected to last 12 months or longer. A fire fighter or police officer who voluntarily substitutes under this subsection must be qualified to perform the duties of the absent fire fighter or police officer.

Sec. 143.073. LINE OF DUTY ILLNESS OR INJURY LEAVE OF ABSENCE.

(a) A municipality shall provide to a fire fighter or police officer a leave of absence for an illness or injury related to the person's line of duty. The leave is with full pay for a period commensurate with the nature of the line of duty illness or injury. If necessary, the leave shall continue for at least one year.

(b) At the end of the one-year period, the municipality's governing body may extend the line of duty illness or injury leave at full or reduced pay. If the fire fighter's or police officer's leave is not extended or the person's salary is reduced below 60 percent of the person's regular monthly salary, and the person is a member of a pension fund, the person may retire on pension until able to return to duty.

(c) If pension benefits are not available to a fire fighter or police officer who is temporarily disabled by a line of duty injury or illness and if the year at full pay and any extensions granted by the governing body have expired, the fire fighter or police officer may use accumulated sick leave, vacation time, and other accrued benefits before the person is placed on temporary leave.

(d) If a fire fighter or police officer is temporarily disabled by an injury or illness that is not related to the person's line of duty, the person may:

(1) use all sick leave, vacation time, and other accumulated time before the person is placed on temporary leave; or

(2) have another fire fighter or police officer volunteer to do the person's work while the person is temporarily disabled by

the injury or illness.

(e) After recovery from a temporary disability, a fire fighter or police officer shall be reinstated at the same rank and with the same seniority the person had before going on temporary leave. Another fire fighter or police officer may voluntarily do the work of an injured fire fighter or police officer until the person returns to duty.

With the commission's approval and if otherwise qualified, a fire fighter or police officer who has been certified by a physician selected by a pension fund as having recovered from a disability for which the person has been receiving a monthly disability pension is eligible for reappointment to the classified position that the person held on the date the person qualified for the monthly disability pension.

Sec. 143.075. MILITARY LEAVE TIME ACCOUNTS. (a) A municipality shall maintain military leave time accounts for the fire and police departments and must maintain a separate military leave time account for each department.

(b) A military leave time account shall benefit a fire fighter or police officer who:

(1) is a member of the Texas National Guard or the armed forces reserves of the United States;

(2) was called to active federal military duty while serving as a fire fighter or police officer for the municipality; and

(3) has served on active duty for a period of 3 continuous months or longer.

(c) A fire fighter or police officer may donate any amount of

accumulated vacation, holiday, sick, or compensatory leave time to the military leave time account in that fire fighter's or police officer's department to help provide salary continuation for fire fighters or police officers who qualify as eligible beneficiaries of the account under Subsection (b). A fire fighter or police officer who wishes to donate time to an account under this section must authorize the donation in writing on a form provided by the fire or police department and approved by the municipality.

(d) A municipality shall equally distribute the leave time donated to a military leave time account among all fire fighters or police officers who are eligible beneficiaries of that account. The municipality shall credit and debit the applicable military leave time account on an hourly basis regardless of the cash value of the time donated or used.

SUBCHAPTER F. MISCELLANEOUS PROVISIONS

Sec. 143.081. DETERMINATION OF PHYSICAL AND MENTAL FITNESS.

(a) This section does not apply to a municipality with a population of 1.5 million or more.

(b) If a question arises as to whether a fire fighter or police officer is sufficiently physically or mentally fit to continue the person's duties, the fire fighter or police officer shall submit to the commission a report from the person's personal physician, psychiatrist, or psychologist, as appropriate.

(c) If the commission, the department head, or the fire fighter or police officer questions the report, the commission shall appoint a physician, psychiatrist, or psychologist, as appropriate, to examine the fire fighter or police officer and to submit a report to the commission, the department head, and the person.

(d) If the report of the appointed physician, psychiatrist, or psychologist, as appropriate, disagrees with the report of the fire fighter's or police officer's personal physician, psychiatrist, or psychologist, as appropriate, the commission shall appoint a three-member board composed of a physician, a psychiatrist, and a

psychologist, or any combination, as appropriate, to examine the fire fighter or police officer. The board's findings as to the person's fitness for duty shall determine the issue.

(e) The fire fighter or police officer shall pay the cost of the services of the person's personal physician, psychiatrist, or psychologist, as appropriate. The municipality shall pay all other costs.

Sec. 143.083. EMERGENCY APPOINTMENT OF TEMPORARY FIRE FIGHTERS AND POLICE OFFICERS. (a) If a municipality is unable to recruit qualified fire fighters or police officers because of the maximum age limit prescribed by Section 143.023 and the municipality's governing body finds that this inability creates an emergency, the commission shall recommend to the governing body additional rules governing the temporary employment of persons who are 36 years of age or older.

(b) A person employed under this section:

- (1) is designated as a temporary employee;
- (2) is not eligible for pension benefits;
- (3) is not eligible for appointment or promotion if a permanent applicant or employee is available;

(4) is not eligible to become a full-fledged civil service employee; and

(5) must be dismissed before a permanent civil service employee may be dismissed under Section 143.085.

Sec. 143.085. FORCE REDUCTION AND REINSTATEMENT LIST. (a) If a municipality's governing body adopts an ordinance that vacates or abolishes a fire or police department position, the fire fighter or police officer who holds that position shall be demoted to the position immediately below the vacated or abolished position. If one or more positions of equal rank are vacated or abolished, the fire fighters or police officers who have the least seniority in a position shall be demoted to the position immediately below the vacated or abolished position. If a fire fighter or police officer is demoted under this subsection without charges being filed against the person for violation of civil service rules, the fire fighter or police officer shall be placed on a position reinstatement list in order of seniority. If the vacated or abolished position is filled or re-created within one year after the date it was vacated or abolished, the position must be filled from the reinstatement list. Appointments from the reinstatement list shall be made in order of

seniority. A person who is not on the list may not be appointed to the position during the one-year period until the reinstatement list is exhausted.

(b) If a position in the lowest classification is abolished or vacated and a fire fighter or police officer must be dismissed from the department, the fire fighter or police officer with the least seniority shall be dismissed. If a fire fighter or police officer is dismissed under this subsection without charges being filed against the person for violation of civil service rules, the fire fighter or police officer shall be placed on a reinstatement list in order of seniority. Appointments from the reinstatement list shall be made in order of seniority. Until the reinstatement list is exhausted, a person may not be appointed from an eligibility list. When a person has been on a reinstatement list for three years, the person shall be dropped from the list but shall be restored to the list at the request of the commission.

(c) A fire fighter or police officer may not be required to contribute to a political fund or to render a political service to a person or party. A fire fighter or police officer may not be removed, reduced in classification or salary, or otherwise prejudiced for refusing to contribute to a political fund or to render a political service.

(d) A municipal official who attempts to violate Subsection (c)

violates this chapter.

(e) Except as expressly provided by this section, the commission or the municipality's governing body may not restrict a fire fighter's or police officer's right to engage in a political activity.

Sec. 143.087. STRIKE PROHIBITION. (a) A fire fighter or police officer may not engage in a strike against the governmental agency that employs the fire fighter or police officer.

(b) In addition to the penalty prescribed by Section 143.016, if a fire fighter or police officer is convicted of an offense for violating this section, the person shall be automatically released and discharged from the fire or police department. Sec. 143.089. PERSONNEL FILE. (a) The director or the director's designee shall maintain a personnel file on each fire fighter and police officer. The personnel file must contain any letter, memorandum, or document relating to:

(1) a commendation, congratulation, or honor bestowed on the fire fighter or police officer by a member of the public or by the employing department for an action, duty, or activity that relates to the person's official duties;

(2) any misconduct by the fire fighter or police officer if the letter, memorandum, or document is from the employing department and if the misconduct resulted in disciplinary action by the employing department in accordance with this chapter; and

(3) the periodic evaluation of the fire fighter or police officer by a supervisor.

(b) A letter, memorandum, or document relating to alleged misconduct by the fire fighter or police officer may not be placed in the person's personnel file if the employing department determines that there is insufficient evidence to sustain the charge of misconduct.

(c) A letter, memorandum, or document relating to disciplinary action taken against the fire fighter or police officer or to alleged misconduct by the fire fighter or police officer that is placed in the person's personnel file as provided by Subsection (a)(2) shall be removed from the employee's file if the commission finds that:

(1) the disciplinary action was taken without just cause;
or

(2) the charge of misconduct was not supported by sufficient evidence.

(d) If a negative letter, memorandum, document, or other notation of negative impact is included in a fire fighter's or police officer's personnel file, the director or the director's designee shall, within 30 days after the date of the inclusion, notify the affected fire fighter or police officer. The fire fighter or police officer may, on or before the 15th day after the date of receipt of the notification, file a written response to the negative letter, memorandum, document, or other notation.

(e) The fire fighter or police officer is entitled, on request, to a copy of any letter, memorandum, or document placed in the person's personnel file. The municipality may charge the fire fighter or police officer a reasonable fee not to exceed actual cost for any copies provided under this subsection.

(f) The director or the director's designee may not release any information contained in a fire fighter's or police officer's personnel file without first obtaining the person's written

permission, unless the release of the information is required by law.

(g) A fire or police department may maintain a personnel file on a fire fighter or police officer employed by the department for the department's use, but the department may not release any information contained in the department file to any agency or person requesting information relating to a fire fighter or police officer. The department shall refer to the director or the director's designee a person or agency that requests information that is maintained in the fire fighter's or police officer's personnel file.

Sec. 143.101. SUBCHAPTER APPLICABLE PRIMARILY TO MUNICIPALITY WITH POPULATION OF 1.5 MILLION OR MORE; APPLICATION OF OTHER SUBCHAPTERS. (a) Except as otherwise provided, this subchapter applies only to a municipality with a population of 1.5 million or more.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.1014. NOTICE REQUIREMENT FOR CERTAIN MEETINGS OR HEARINGS. (a) The department shall provide to a fire fighter or police officer notice of the time and location of a meeting or hearing not later than the 48th hour before the hour on which the meeting or hearing is held if the meeting or hearing is:

(1) related to an internal departmental or other municipal investigation of the fire fighter or police officer at which the fire fighter or police officer is required or entitled to be present, including an interrogation;

(2) related to a grievance filed by the fire fighter or police officer under Sections 143.127 through 143.134; or

(3) an opportunity to respond to charges against the fire fighter or police officer before the department terminates the fire fighter's or police officer's employment.

(b) A fire fighter or police officer may waive the notice prescribed by this section.

Sec. 143.1015. COMMISSION APPEAL PROCEDURE; SUBPOENA REQUEST.

(a) An appeal by a fire fighter or police officer to the commission from an action for which an appeal or review is provided by this chapter is sufficient if the fire fighter or police officer files it with the commission within 15 days after the date the action occurred. In an appeal provided by this chapter the commission shall render a decision in writing within 60 days after it received the notice of appeal, unless the provisions of Section 143.1017(d) have been invoked by the fire fighter or police officer. If the commission does not render a decision in writing within 60 days after the date it receives notice of the appeal, the commission shall sustain the fire fighter's or police officer's appeal.

(b) On or before the 15th day before the date the appeal hearing will be held, the commission shall notify the fire fighter or police officer of the date on which the commission will hold the

hearing.

(c) The commission may not restrict the fire fighter's or police officer's ability to subpoena relevant witnesses.

(d) Within three days after the date the fire fighter or police officer receives the commission's written refusal to subpoena materials, the fire fighter or police officer may request in writing that the commission hold a hearing relating to the reasons for that person's subpoena request.

(e) The hearing relating to the reasons for the fire fighter's or police officer's subpoena request shall be held on the date set for the original appeal hearing. If the commission overrules the subpoena request at the hearing:

(1) the commission may hear the fire fighter's or police officer's appeal on that date; or

(2) if the commission finds that justice is served by a continuance, the commission shall:

(A) reschedule the hearing to the commission's next regularly scheduled meeting; and

(B) give the fire fighter or police officer 15 days notice of that date.

(f) If the commission sustains the fire fighter's or police officer's subpoena request at the hearing, the commission shall:

(1) reschedule the appeal hearing date to the commission's next regularly scheduled meeting; and

(2) give the fire fighter or police officer 15 days notice of that date.

(g) If the commission reschedules a hearing under this section in an appeal relating to an indefinite suspension, the commission shall render a decision in writing within 60 days after the date it receives notice of appeal.

(h) If the commission does not hold a hearing on the fire fighter's or police officer's subpoena request as prescribed by this section, the commission shall sustain the fire fighter's or police officer's appeal.

(i) A municipal employee who is subpoenaed to appear in any appeal of a disciplinary decision is entitled to applicable pay for the time the employee is required to be present at the hearing. Witnesses whose testimony relates primarily to the character or reputation of the employee shall be limited by the hearing examiner or commission if the testimony is repetitious or unduly prolongs the

hearing. If the hearing examiner or commission limits the number of character or reputation witnesses, additional witness statements may be presented by affidavit. The character witnesses are not entitled to applicable pay for the time they are required to be present at the hearing.

(j) In any hearing relating to the appeal or review of an action of the department head that affects a fire fighter or police officer, the department head shall have the burden of proof. The department head is required to prove the allegations contained in the written statement, and the department head is restricted to the written statement and charges, which may not be amended.

(k) In an appeal to a hearing examiner, the director may, within five working days after the date the hearing examiner is chosen, send to the hearing examiner the following:

(1) the name of the fire fighter or police officer who is appealing;

(2) the written reasons filed by the department head with the commission in the case of a promotional passover or a recommended demotion;

(3) the specific provisions of the rules alleged to have been violated in the case of a suspension; and

(4) the date and place of the alleged civil service violation.

The director may not send the hearing examiner the department head's original written statement. The department head shall submit the written statement and charges to the hearing examiner at the hearing.

Added by Acts 1989, 71st Leg., ch. 1, Sec. 25(d), eff. Aug. 28, 1989. Amended by Acts 1989, 71st Leg., ch. 854, Sec. 3, eff. June 14, 1989; Acts 1989, 71st Leg., ch. 906, Sec. 1, eff. Aug. 28, 1989.

Sec. 143.1016. HEARING EXAMINERS. (a) In addition to the other notice requirements prescribed by this chapter, the letter of disciplinary action issued to a fire fighter or police officer must state that in an appeal of an indefinite suspension, a suspension, a promotional pass over, or a recommended demotion, the appealing fire fighter or police officer may elect to appeal to an independent third party hearing examiner instead of to the commission. The letter must

also state that if the fire fighter or police officer elects to appeal to a hearing examiner, the person waives all rights to appeal to a district court except as provided by Subsection (j).

(b) To exercise the choice of appealing to a hearing examiner, the appealing fire fighter or police officer must submit to the director a written request as part of the original notice of appeal required under this chapter stating the person's decision to appeal to an independent third party hearing examiner.

(c) The hearing examiner's decision is final and binding on all parties. If the fire fighter or police officer decides to appeal to an independent third party hearing examiner, the person automatically waives all rights to appeal to a district court except as provided by Subsection (j).

(d) If the appealing fire fighter or police officer chooses to appeal to a hearing examiner, the fire fighter or police officer and the department head or their designees shall first attempt to agree on the selection of an impartial hearing examiner. If the parties do not agree on the selection of a hearing examiner on or within 10 days after the date the appeal is filed and no motion to consolidate is filed under Subsection (k) of this section, the director shall on the next work day following notice that the parties have failed to agree on a selection of a hearing examiner request a list of seven qualified neutral arbitrators from the American Arbitration Association or the Federal Mediation and Conciliation Service or their successors in function. The fire fighter or police officer and the department head or their designees may agree on one of the seven neutral arbitrators on the list. If they do not agree within 25 days after the date the appeal was filed, each party or the party's designee shall on the 25th day after the appeal was filed alternate striking a name from the list and the name remaining is the hearing examiner. In the event that the 25th day falls on a Saturday, Sunday, or a legal holiday, then the parties shall strike the list the next work day. The parties or their designees shall agree on a date for the hearing that is within the time period prescribed by Subsection (e). In the event that the director does not request the list of seven qualified neutral arbitrators within the time prescribed by this subsection or the department head or his designee fails to strike the list within the time prescribed by this subsection, the fire fighter or police officer or his designee shall select the arbitrator from the list provided. In the event that the

fire fighter or police officer or his designee fails to strike the list within the time prescribed by this subsection, the department head or his designee shall select the arbitrator from the list provided.

(e) The appeal hearing must begin within 60 days after the date the appeal is filed and shall begin as soon as the hearing examiner can be scheduled. If the hearing examiner cannot begin the hearing within 45 calendar days after the date of selection, the fire fighter or police officer may, within two days after learning of that fact, call for the selection of a new hearing examiner using the procedure prescribed by Subsection (d). If the appeal hearing is not begun within 60 days after the date the appeal is filed, the indefinite suspension, suspension, promotional pass over, or recommended demotion is upheld and the appeal is withdrawn if the fire fighter or police officer is not ready to proceed, and the appeal is sustained if the department head is not ready to proceed. In computing the 60-day period, a period of delay not to exceed 30 calendar days because of a continuance granted at the request of the department head or his representative or the fire fighter or police officer or his representative on good cause being shown, or because of the unavoidable unavailability of the hearing examiner on the date of the hearing, or because of the pendency of a motion to consolidate with another hearing as provided in Subsection (k) of this section is excluded. In no event may a hearing examiner grant a continuance beyond 30 days in an indefinite suspension. A hearing examiner may grant a continuance beyond the 30-day period upon good cause being shown in a disciplinary suspension unless the fire fighter or police officer has another disciplinary action pending.

(f) In each hearing conducted under this section, the hearing examiner has the same duties and powers as the commission, including the right to issue subpoenas.

(g) In a hearing conducted under this section, the parties may agree to an expedited hearing procedure. Unless otherwise agreed by the parties, in an expedited procedure the hearing examiner shall render a decision on the appeal within 10 days after the date the hearing closed.

(h) In an appeal that does not involve an expedited hearing procedure, the hearing examiner shall make a reasonable effort to render a decision on the appeal within 30 days after the date the hearing ends or the briefs are filed. The hearing examiner's

inability to meet the time requirements imposed by this section does not affect the hearing examiner's jurisdiction, the validity of the disciplinary action, or the hearing examiner's final decision.

(i) The hearing examiner's fees and expenses are shared equally by the appealing fire fighter or police officer and by the department. The costs of a witness are paid by the party who calls the witness.

(j) A district court may hear an appeal of a hearing examiner's award only on the grounds that the arbitration panel was without jurisdiction or exceeded its jurisdiction or that the order was procured by fraud, collusion, or other unlawful means. If the basis for the appeal of the hearing examiner's award is based on the grounds that the arbitration panel was without jurisdiction or exceeded its jurisdiction, the petition must be filed in district court within 10 days of the hearing examiner's decision. An appeal must be brought in the district court having jurisdiction in the municipality in which the fire or police department is located. In the event the municipality is located in more than one county then the suit must be brought in the county having the majority of the population of the municipality.

(k) In an appeal of an indefinite suspension, a suspension, a promotional pass over, or a recommended demotion, each appealing fire fighter or police officer or the appealing fire fighter's or police officer's representative shall be entitled to the selection of a hearing examiner pursuant to Subsection (d) of this section to hear the case. The fire fighter, police officer, department head, or a representative of any of those may, within 10 days of the date they received notice of the appeal, file a motion with a copy to the opposing side to consolidate the case with that of one or more other fire fighters or police officers where the charges arise out of the same incident. The motion to consolidate may be agreed to in writing and filed with the director. If a motion to consolidate the cases is filed and not agreed to, a hearing examiner shall be chosen pursuant to the provisions of Subsection (d) of this section to hear the motion. The decision of the hearing examiner shall be final and binding as to the issue of consolidation. The hearing examiner chosen to hear the motion to consolidate shall not hear the case, and the provisions of Subsection (d) of this section shall be used to choose the hearing examiner with the day the decision is rendered being the equivalent of the date the appeal was filed.

Added by Acts 1989, 71st Leg., ch. 854, Sec. 4, eff. June 14, 1989.

Sec. 143.1017. PROCEDURES AFTER FELONY INDICTMENT OR OTHER CRIME OF MORAL TURPITUDE. (a) If a fire fighter or police officer is indicted for a felony or officially charged with the commission of any other crime involving moral turpitude, the department head may temporarily suspend the person with or without pay for a period not to exceed 30 days after the date the fire fighter or police officer gives notice of final disposition of the specified felony indictment or any other crime involving moral turpitude.

(b) The department head shall notify the suspended fire fighter or police officer in writing that the person is being temporarily suspended for a specific period with or without pay and that the temporary suspension is not intended to reflect an opinion on the merits of the indictment or complaint.

(c) If the action directly related to the felony indictment or misdemeanor complaint occurred or was discovered on or after the 180th day before the date of the indictment or complaint, the department head may, within 60 days after the date of final disposition of the indictment or complaint, bring a charge against the fire fighter or police officer for a violation of civil service rules.

(d) A fire fighter or police officer indicted for a felony or officially charged with the commission of any other crime involving moral turpitude who has also been charged by the department head with civil service violations directly related to the indictment or complaint may delay the civil service hearing for not more than 30 days after the date of the final disposition of the indictment or complaint.

(e) If the department head temporarily suspends a fire fighter or police officer under this section and the fire fighter or police officer is not found guilty of the indictment or complaint in a court of competent jurisdiction, the fire fighter or police officer may appeal to the commission or to a hearing examiner for recovery of back pay. The commission or hearing examiner may award all or part of the back pay or reject the appeal.

(f) Acquittal or dismissal of an indictment or a complaint does not mean that a fire fighter or police officer has not violated civil service rules and does not negate the charges that may have been or

may be brought against the fire fighter or police officer by the department head.

(g) Final conviction of a felony shall be the basis for dismissal without notice or further proceedings under this Act, and conviction of any other crime involving moral turpitude may be cause for disciplinary action or indefinite suspension.

(h) The department head may order an indefinite suspension based on an act classified as a felony or any other crime involving moral turpitude after the 180-day period following the date of the discovery of the act by the department if the department head considers delay to be necessary to protect a criminal investigation of the person's conduct. If the department head intends to order an indefinite suspension after the 180-day period, the department head must file with the attorney general a statement describing the criminal investigation and its objectives within 180 days after the date the act complained of occurred.

Sec. 143.1018. EX PARTE COMMUNICATIONS. (a) While any matter subject to a hearing under this chapter is pending, a person may not, except in giving sworn testimony at the hearing or as otherwise provided by law, communicate with the commission, a hearing examiner, or a grievance examiner regarding the facts of the matter under consideration unless the other party or their representative is present. Notwithstanding the provisions of this subsection, it shall not be a violation for either party to file written briefs or written motions in the case if copies were served on the opposing party.

(b) If the commission, hearing examiner, grievance examiner, or a court of competent jurisdiction determines that a person has violated Subsection (a) on behalf of and with the knowledge of the fire fighter or police officer who filed the appeal, request for a review, or grievance, a ruling shall be entered that dismisses the appeal, review, or grievance. If the commission, hearing examiner, grievance examiner, or a court of competent jurisdiction determines that a person violated Subsection (a) on behalf of or in favor of the department head or the department head's representative or on behalf of and with the knowledge of a person against whom a grievance was filed, a ruling shall be entered that upholds the position of the

fire fighter or police officer that filed the appeal, request for a review, or grievance.

(c) While any matter subject to a hearing under the grievance procedure of Section 143.130 is pending, the director shall only send the name of the parties to the grievance, the original grievance, the written responses to the grievance, and any documents filed in the case by either party if copies were served upon the opposing party.

Added by Acts 1989, 71st Leg., ch. 906, Sec. 2, eff. Aug. 28, 1989.

Sec. 143.102. APPOINTMENT OF ASSISTANT CHIEF. (a) The head of the fire or police department may appoint a person to a command staff position at the rank of assistant chief as prescribed by this section.

(b) The heads of the fire and police departments shall establish required qualifying criteria for persons appointed to command staff positions at the rank of assistant chief in their respective departments. The required qualifying criteria used to select an assistant chief of the fire department must include criteria relating to management experience, educational and training background, special experience, and a performance evaluation. The required qualifying criteria must be approved by a vote of two-thirds of the municipality's governing body present and voting. The head of the police or fire department may not make an appointment until the required qualifying criteria are established and approved as prescribed by this subsection.

(c) To be eligible for appointment to a position at the rank of assistant chief of a police department, a person must:

- (1) be a member of the classified service;
- (2) have served for at least five years in the department as a sworn police officer; and
- (3) meet the additional qualifying criteria established and approved as prescribed by Subsection (b).

(d) To be eligible for appointment to a position at the rank of assistant chief of a fire department, a person must:

- (1) be a member of the classified service;
- (2) have served for at least five years in the department as a certified fire fighter; and
- (3) meet the additional qualifying criteria established and

approved as prescribed by Subsection (b).

(e) The department head may remove without cause a person appointed under this section. If a person is removed without cause, the person shall be restored to that person's highest rank earned by competitive examination.

(f) If a person appointed under this section is temporarily or indefinitely suspended for cause from the appointed position, the suspension is subject to the procedures for disciplinary action prescribed by this chapter. If a person is indefinitely suspended for cause, the person does not have a right to reinstatement to the highest rank earned by competitive examination except to the extent that the indefinite suspension is reversed or modified by order of the commission or a hearing examiner.

(g) A person occupying a position in the rank of assistant chief of the fire or police department on September 1, 1985, may not be removed except for cause in accordance with the procedures for disciplinary action or demotion prescribed by this chapter.

(h) A person occupying a position in the rank of assistant chief of a fire or police department may voluntarily demote himself to the highest rank the person earned by competitive examination.

(i) A person may remove himself from consideration for appointment under this section.

(j) A person appointed under this section may take any promotional examination for which the person would have been eligible under this chapter.

Sec. 143.116. PAYMENT OF SICK LEAVE ON TERMINATION OF SERVICE.

(a) A fire fighter or police officer who leaves the classified service for any reason or the beneficiaries of a fire fighter or police officer who dies as a result of a line of duty injury or illness are entitled to receive in a lump-sum payment the full amount of the fire fighter's or police officer's accumulated sick leave as provided by Subsections (b)-(e).

(b) A fire fighter or police officer hired before September 1, 1985, is entitled to have sick leave accumulated without limit. Sick leave accumulated before September 1, 1985, is valued at the amount of the fire fighter's or police officer's salary on August 31, 1985. Sick leave accumulated after September 1, 1985, is valued at the fire fighter's or police officer's average salary in the fiscal year in which the sick leave was accumulated.

(c) Each day or part of a day of sick leave used by a fire fighter or police officer is charged to that person's earliest acquired unused accumulated day of sick leave, in the same manner as is used in the "first in, first out" accounting principle.

(d) Each fire fighter or police officer hired before September 1, 1985, may select coverage under the municipal ordinance governing sick leave benefits and policy for the municipal employees who are not subject to this chapter. This option is a onetime only option that expires on December 31 of the year in which this section takes effect in that municipality.

(e) The sick leave of a fire fighter or police officer who becomes a member of the fire or police department on or after September 1, 1985, is covered by the municipal ordinance governing sick leave benefits and policy for the municipal employees who are not subject to this chapter.

However, the department head may not suspend a fire fighter or police officer later than the 180th day after the date the department discovers or becomes aware of the civil service rule violation. If, during an investigation of an alleged civil service rule violation, it is alleged that the fire fighter or police officer under investigation committed another violation of a civil service rule connected with the first alleged violation, the 180-day period prescribed by this subsection does not begin again for purposes of a suspension of the fire fighter or police officer if the second violation in question does not involve untruthfulness or refusal to obey a valid order to make a statement, and therefore the department head may not suspend a fire fighter or police officer for the second violation later than the 180th day after the date the department discovers or becomes aware of the original violation.

(c) If the department head suspends a fire fighter or police officer, the department head shall, within 120 hours after the fire fighter or police officer is notified of the suspension, file a written statement of action with the commission.

(d) The suspension is void and the fire fighter or police officer is entitled to the person's full pay if:

(1) the department head fails to file the statement during the required time; or

(2) the suspension is imposed later than the 180th day after the date the department discovers or becomes aware of the violation that resulted in the suspension.

(e) A fire fighter or police officer may appeal a disciplinary suspension as prescribed by Sections 143.010 and 143.1015.

(f) The provisions of Subsections (d) and (e) of Section 143.119 of this chapter apply to this section.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 1, Sec. 25(e), eff. Aug. 28, 1989; Acts 1989, 71st Leg., ch. 409, Sec. 1, eff. Aug. 28, 1989; Acts 1989, 71st Leg., ch. 854, Sec. 6, eff. June 14, 1989.

Sec. 143.118. APPEAL OF DISCIPLINARY SUSPENSION. (a) If a suspended fire fighter or police officer appeals a disciplinary suspension to the commission, the commission shall determine if just cause exists for the suspension.

(b) If the commission finds that the period of disciplinary suspension should be reduced, the commission may order a reduction in the period of suspension. The commission may reverse the department head's decision and instruct the department head to immediately restore the fire fighter or police officer to the person's prior position and to repay the person for any lost wages.

(c) If the department head refuses to obey a commission order, the provisions of Section 143.120 relating to the department head's refusal apply.

(d) The provisions of Subsections (b) and (e) of Section 143.120 of this chapter apply to this section.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 854, Sec. 7, eff. June 14, 1989.

Sec. 143.119. INDEFINITE SUSPENSIONS. (a) The head of the fire or police department may indefinitely suspend a fire fighter or police officer under the department head's supervision or jurisdiction for the violation of a civil service rule.

(b) If the department head suspends a fire fighter or police officer, the department head shall, within 120 hours after the hour of suspension, file a written statement with the commission giving the reasons for the suspension. The department head shall immediately deliver a copy of the statement in person to the suspended fire fighter or police officer.

(c) The copy of the written statement must inform the suspended fire fighter or police officer that if the person wants to appeal to the commission, the person must file a written appeal with the commission within 10 days after the date the person receives the copy of the statement.

(d) The written statement filed by the department head with the commission must point out the civil service rule alleged to have been violated by the suspended fire fighter or police officer and must

describe the alleged acts of the person that the department head contends are in violation of the civil service rules. It is not sufficient for the department head merely to refer to the provisions of the rules alleged to have been violated.

(e) If the department head does not specifically point out in the written statement the act or acts of the fire fighter or police officer that allegedly violated civil service rules, the commission shall promptly reinstate the person.

(f) If the department head offers a suspension of 16 to 90 calendar days for violation of civil service rules, the fire fighter or police officer may agree in writing to voluntarily accept the suspension, with no right of appeal. The fire fighter or police officer must accept the offer within five working days after the date the offer is made. If the person refuses the offer and wants to appeal to the commission, the person must file a written appeal with the commission within 15 days after the date the person receives the copy of the written statement of suspension.

(g) In the original written statement and charges and in any hearing conducted under this chapter, the department head may not complain of an act that did not occur within the six-month period preceding the date on which the department head suspends the fire fighter or police officer.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.120. APPEAL OF INDEFINITE SUSPENSION. (a) Except as provided by Section 143.1015(g), if a suspended fire fighter or police officer appeals an indefinite suspension to the commission, the commission shall hold a hearing and render a decision in writing within 30 days after the date it receives notice of appeal.

(b) In a hearing conducted under this section, the department head is restricted to the department head's original written statement and charges, which may not be amended.

(c) In its decision, the commission shall state whether the suspended fire fighter or police officer is:

- (1) permanently dismissed from the fire or police department;
- (2) temporarily suspended from the department; or
- (3) restored to the person's former position or status in

the department's classified service.

(c-1) A temporary suspension of a firefighter under Subsection (c)(2) may not exceed 90 calendar days.

(d) If the suspended fire fighter or police officer is restored to the position or class of service from which the person was suspended, the department head shall immediately reinstate the person as ordered, and the person is entitled to full compensation at the rate of pay provided for the position or class of service from which the person was suspended for the actual time lost as a result of the suspension, as provided by Section 143.1215. If the department head fails to reinstate the fire fighter or police officer, the person is entitled to the person's salary as if the person had been regularly reinstated.

(e) The commission may suspend or dismiss a fire fighter or police officer only for violation of civil service rules and only after a finding by the commission of the truth of specific charges against the fire fighter or police officer.

(f) If the department head intentionally refuses, for at least 10 days, to obey an order to reinstate a fire fighter or police officer, the municipality's chief executive or governing body shall discharge the department head from employment with the municipality.

(g) If a department head intentionally refuses to obey a lawful commission order of reinstatement, the commission may punish the department head for contempt. The commission has the same authority to punish for contempt as has a justice of the peace.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.1214. RECORDS RELATED TO DISCIPLINARY ACTIONS OR CHARGES OF MISCONDUCT. (a) The human resources director for the department promptly shall order that the records of a disciplinary action that was taken against a fire fighter or police officer be expunged from each file maintained on the fire fighter or police officer by the department if the disciplinary action was entirely overturned on appeal by the commission, an independent third-party hearing examiner, or a court of competent jurisdiction. Documents that must be expunged under this subsection include all documents that indicate disciplinary action was recommended or taken against the fire fighter or police officer, such as the recommendations of a disciplinary committee or a letter of suspension. This subsection does not apply if the fire fighter or police officer is charged with using excessive force that results in a death or injury and the charge is being investigated by a law enforcement or criminal justice agency other than the department. This subsection does not require that records of an internal affairs division or other similar internal investigative division be expunged.

(b) The department shall maintain an investigatory file that relates to a disciplinary action against a fire fighter or police officer that was overturned on appeal, or any document in the possession of the department that relates to a charge of misconduct against a fire fighter or police officer, regardless of whether the charge is sustained, only in a file created by the department for the department's use. The department may only release information in those investigatory files or documents relating to a charge of misconduct:

- (1) to another law enforcement agency or fire department;
- (2) to the office of a district or United States attorney;

or

- (3) in accordance with Subsection (c).

(c) The department head or the department head's designee may forward a document that relates to disciplinary action against a fire fighter or police officer to the director or the director's designee for inclusion in the fire fighter's or police officer's personnel file maintained under Sections 143.089(a)-(f) only if:

- (1) disciplinary action was actually taken against the fire fighter or police officer;
- (2) the document shows the disciplinary action taken; and
- (3) the document includes at least a brief summary of the

facts on which the disciplinary action was based.

(d) The legal division of the municipality, or its designee, shall provide legal representation in any action related to the release of a file or part of a file.

(e) The requirements of this section are in addition to the requirements of Section 143.089. This section does not prevent a fire fighter or police officer from obtaining access to any personnel file maintained by the director or the department, other than a file maintained by an internal affairs division or other similar internal investigative division, on the fire fighter or police officer under Section 143.089.

Sec. 143.1215. REINSTATEMENT. (a) If the commission, a hearing examiner, or a district court orders that a fire fighter or police officer suspended without pay be reinstated, the municipality shall, before the end of the second full pay period after the date the person is reinstated, repay to the person all wages lost as a result of the suspension.

(b) If the municipality does not fully repay all lost wages to the fire fighter or police officer as provided by this section, the municipality shall pay the person an amount equal to the lost wages plus accrued interest.

(c) Interest under Subsection (b) accrues beginning on the date of the fire fighter's or police officer's reinstatement at a rate equal to three percent plus the rate for court judgments under Chapter 304, Finance Code, that is in effect on the date of the person's reinstatement.

Sec. 143.1216. CERTAIN NONDISCIPLINARY ACTIONS. (a) The

department may use a supervisory intervention procedure or a policy and procedure inquiry to modify a police officer's behavior through:

- (1) positive encouragement;
- (2) counseling;
- (3) job skills training;
- (4) repeat task performances, classes, or exercises; or
- (5) reeducation efforts, including a review of:
 - (A) general department orders;
 - (B) standard operating procedures; or
 - (C) lesson plans from a police officer training

academy.

(b) A supervisory intervention procedure or a policy and procedure inquiry regarding a police officer is not considered a disciplinary action for any purpose.

(c) A police officer who is the subject of a supervisory intervention procedure or a policy and procedure inquiry may not file an appeal or grievance regarding the action taken by the department.

(d) The department may not include a record of a supervisory intervention procedure or a policy and procedure inquiry regarding a police officer in the police officer's personnel file maintained under Section 143.089 or in the department file maintained under Section 143.089(g).

(e) The department may include a record of a supervisory intervention procedure or a policy and procedure inquiry regarding a police officer in a file maintained by the division of the department in which the police officer is employed. The record in the division file may be considered in a periodic performance evaluation of the police officer's performance only if the supervisory intervention procedure or policy and procedure inquiry occurred during the performance period that is the subject of the performance evaluation.

(f) The department may maintain an electronic record of supervisory intervention procedures or policy and procedure inquiries that may be used only by the department for tracking and statistical purposes.

Added by Acts 2001, 77th Leg., ch. 748, Sec. 2, eff. Sept. 1, 2001.

Sec. 143.122. UNCOMPENSATED DUTY. (a) In this section, "uncompensated duty" means days of work without pay in a fire or

police department and does not include a regular or normal work day.

(b) The head of the fire or police department may assign a fire fighter or police officer under the department head's jurisdiction or supervision to uncompensated duty. The department head may not impose uncompensated duty unless the fire fighter or police officer agrees to the duty.

(c) If the fire fighter or police officer agrees in writing to accept uncompensated duty, the department head shall give the person a written statement that specifies the date or dates on which the person will perform the duty. A fire fighter or police officer who agrees to accept the duty does not have a right to an administrative or judicial review.

(d) The uncompensated duty may be in place of or in combination with a period of disciplinary suspension without pay. If uncompensated duty is combined with a disciplinary suspension, the total number of uncompensated duty days may not exceed 15.

(e) A fire fighter or police officer may not earn or accrue a benefit arising from length of service or any wage or salary while the person is suspended or performing uncompensated duty.

(f) A disciplinary suspension does not constitute a break in a continuous position or in service in the department in determining eligibility for a promotional examination.

(g) Except as provided by this section, a fire fighter or police officer performing assigned uncompensated duty retains all rights and privileges of the person's position in the department and of the person's employment by the municipality.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.123. INVESTIGATION OF FIRE FIGHTERS AND POLICE OFFICERS. (a) In this section:

(1) "Complainant" means a person claiming to be the victim of misconduct by a fire fighter or police officer.

(2) "Investigation" means an administrative investigation, conducted by the municipality, of alleged misconduct by a fire fighter or police officer that could result in punitive action against that person.

(3) "Investigator" means an agent or employee of the municipality who is assigned to conduct an investigation.

(4) "Punitive action" means a disciplinary suspension, indefinite suspension, demotion in rank, reprimand, or any combination of those actions.

(5) "Normally assigned working hours" includes those hours during which a fire fighter or police officer is actually at work or at the person's assigned place of work, but does not include any time when the person is off duty on authorized leave, including sick leave.

(b) An investigator may interrogate a fire fighter or police officer who is the subject of an investigation only during the fire fighter's or police officer's normally assigned working hours unless:

(1) the seriousness of the investigation, as determined by the fire fighter's or police officer's department head or the department head's designee, requires interrogation at another time; and

(2) the fire fighter or police officer is compensated for the interrogation time on an overtime basis.

(c) The department head may not consider work time missed from regular duties by a fire fighter or police officer due to participation in the conduct of an investigation in determining whether to impose a punitive action or in determining the severity of a punitive action.

(d) An investigator may not interrogate a fire fighter or police officer who is the subject of an investigation or conduct any part of the investigation at that person's home without that person's permission.

(e) A person may not be assigned to conduct an investigation if the person is the complainant, the ultimate decisionmaker regarding disciplinary action, or a person who has any personal involvement regarding the alleged misconduct. A fire fighter or police officer who is the subject of an investigation has the right to inquire and, on inquiry, to be informed of the identities of each investigator participating in an interrogation of the fire fighter or police officer. Not later than the 30th day after the date that a complaint is received by an investigator, the investigator must inform the fire fighter in writing of the nature of the investigation and the name of each person who complained about the fire fighter, if known, concerning the matters under investigation unless:

(1) a criminal investigation has been initiated as a result of the complaint; or

(2) the disclosure of information concerning the name of the complainant or the matters under investigation would hinder a criminal investigation.

(f) Before an investigator may interrogate a fire fighter or police officer who is the subject of an investigation, the investigator must inform the fire fighter or police officer in writing of the nature of the investigation and the name of each person who complained about the fire fighter or police officer concerning the matters under investigation. An investigator may not conduct an interrogation of a fire fighter or police officer based on a complaint by a complainant who is not a peace officer unless the complainant verifies the complaint in writing before a public officer who is authorized by law to take statements under oath. In an investigation authorized under this subsection, an investigator may interrogate a fire fighter or police officer about events or conduct reported by a witness who is not a complainant without disclosing the name of the witness. Not later than the 48th hour before the hour on which an investigator begins to interrogate a fire fighter or police officer regarding an allegation based on a complaint, affidavit, or statement, the investigator shall give the fire fighter or police officer a copy of the affidavit, complaint, or statement. An interrogation may be based on a complaint from an anonymous complainant if the departmental employee receiving the anonymous complaint certifies in writing, under oath, that the complaint was anonymous. This subsection does not apply to an on-the-scene investigation that occurs immediately after an incident being investigated if the limitations of this subsection would unreasonably hinder the essential purpose of the investigation or interrogation. If the limitation would hinder the investigation or interrogation, the fire fighter or police officer under investigation must be furnished, as soon as practicable, a written statement of the nature of the investigation, the name of each complaining party, and the complaint, affidavit, or statement.

(g) An interrogation session of a fire fighter or police officer who is the subject of an investigation may not be unreasonably long. In determining reasonableness, the gravity and complexity of the investigation must be considered. The investigators shall allow reasonable interruptions to permit the fire fighter or police officer to attend to personal physical necessities.

(h) An investigator may not threaten a fire fighter or police

officer who is the subject of an investigation with punitive action during an interrogation. However, an investigator may inform a fire fighter or police officer that failure to truthfully answer reasonable questions directly related to the investigation or to fully cooperate in the conduct of the investigation may result in punitive action.

(i) If prior notification of intent to record an interrogation is given to the other party, either the investigator or the fire fighter or police officer who is the subject of an interrogation may record the interrogation.

(j) If an investigation does not result in punitive action against a fire fighter or police officer but does result in a reprimand recorded in writing or an adverse finding or determination regarding that person, the reprimand, finding, or determination may not be placed in that person's personnel file unless the fire fighter or police officer is first given an opportunity to read and sign the document. If the fire fighter or police officer refuses to sign the reprimand, finding, or determination, it may be placed in the personnel file with a notation that the person refused to sign it. A fire fighter or police officer may respond in writing to a reprimand, finding, or determination that is placed in the person's personnel file under this subsection by submitting a written response to the department head within 10 days after the date the fire fighter or police officer is asked to sign the document. The response shall be placed in the personnel file. A fire fighter or police officer who receives a punitive action and who elects not to appeal the action may file a written response as prescribed by this subsection within 10 days after the date the person is given written notice of the punitive action from the department head.

(k) If the department head or any investigator violates any of the provisions of this section while conducting an investigation, the municipality shall reverse any punitive action taken pursuant to the investigation including a reprimand, and any information obtained during the investigation shall be specifically excluded from introduction into evidence in any proceeding against the fire fighter or police officer.

Sec. 143.124. POLYGRAPH EXAMINATIONS. (a) A fire fighter employed by the municipality may not be required to submit to a polygraph examination as part of an internal investigation regarding the conduct of the fire fighter unless:

(1) the complainant submits to and passes a polygraph examination and, if applicable, the fire department has complied with Subsection (c); or

(2) the fire fighter is ordered to take an examination under Subsection (f).

(b) Subsection (a)(1) does not apply if the complainant is physically or mentally incapable of being polygraphed.

(c) The fire department shall, on the written request of a fire fighter, provide to the fire fighter the complainant's polygraph examination results within 48 hours after the request.

(d) For the purposes of this section, a fire fighter passes a polygraph examination if, in the opinion of the polygraph examiner, no deception is indicated regarding matters critical to the subject matter under investigation.

(e) The results of a polygraph examination that relate to the complaint under investigation are not admissible in a proceeding before the commission or a hearing examiner.

(f) The fire department head may order a fire fighter to submit to a polygraph examination if the fire department head considers the circumstances to be extraordinary and the fire department head believes that the integrity of a fire fighter or the fire department is in question.

Sec. 143.125. POLICE DEPARTMENT PROBATIONARY PERIOD AFTER REAPPOINTMENT IN POPULOUS MUNICIPALITY. (a) This section applies only to a municipality with a population of 1.5 million or more.

(b) A person who ends service with the police department for any reason and is later reappointed to the department must serve a probationary period of six months from the date of reappointment.

(c) The reappointed officer is not entitled to full civil service protection until the officer has served the full probationary period.

(d) In determining classification, pay status, and eligibility for promotion, the probationary period is counted as if the reappointed officer were not on probation.

Added by Acts 1995, 74th Leg., ch. 64, Sec. 3, eff. Sept. 1, 1995.

Sec. 143.126. LEGISLATIVE LEAVE. (a) A fire fighter or police officer is entitled to legislative leave without pay to appear before or to petition a governmental body during a regular or special session of that body as prescribed by this section.

(b) To be eligible for legislative leave, a fire fighter or police officer must submit a written application to the municipality on or before the 30th day before the date the fire fighter or police officer intends to begin the legislative leave. The application must indicate the length of the requested leave and state that the fire fighter or police officer is willing to reimburse the municipality for any wages, pension, or other costs the municipality will incur as a result of the leave. The length of the requested leave may not exceed the length of the session.

(c) Within 30 days after the date the municipality receives the application, the municipality shall notify the fire fighter or police officer in writing of the actual amount of money required to offset

the costs the municipality will incur. The municipality may require the fire fighter or police officer to post the money before granting the leave.

(d) The municipality shall grant legislative leave to a fire fighter or police officer who submits an application as prescribed by this section and who complies with any requirement relating to payment of costs unless an emergency exists or unless granting the leave will result in an insufficient number of employees to carry out the normal functions of the fire or police department.

(e) If the head of the fire or police department determines that granting a legislative leave will result in an insufficient number of employees to carry out the normal functions of the department, another fire fighter or police officer may volunteer to work in the applicant's place on an exchange of time basis as long as no overtime results. If a fire fighter or police officer volunteers to work in the applicant's place and no overtime will result, the department head shall allow the volunteer to work for the applicant. If the volunteer work will solve the problem of having an insufficient number of employees, the municipality shall grant the legislative leave.

(f) Legislative leave may not be construed as a break in service for any purpose, including the determination of seniority, promotions, sick leave, vacations, or retirement.

(g) Legislative leave granted under this section to a fire fighter or police officer to attend a session of the Congress of the United States shall be granted for a period not to exceed 30 percent of the applicant's total annual working days during each year in which leave is requested.

Sec. 143.1261. LEGISLATIVE LEAVE ACCOUNT. (a) A fire fighter or police officer may donate not more than one hour for each month of accumulated vacation or compensatory time to an employee organization. The municipality shall establish and maintain a legislative leave time account for each employee organization.

(b) The fire fighter or police officer must authorize the donation in writing on a form provided by the employee organization

and approved by the municipality. After receiving the signed authorization on an approved form, the municipality shall transfer donated time to the account monthly until the municipality receives the fire fighter's or police officer's written revocation of the authorization.

(c) Only a fire fighter or police officer who is a member of an employee organization may use for legislative leave purposes the time donated to that employee organization. A fire fighter or police officer may use for legislative leave purposes the time donated under this section in lieu of reimbursing the municipality under Section 143.126.

(d) A request to use for legislative leave purposes the time in an employee organization's time account must be in writing and submitted to the municipality by the president or the equivalent officer of the employee organization or by that officer's designee.

(e) The municipality shall account for the time donated to the account and used from the account. The municipality may:

(1) determine and credit the actual cash value of the donated time in the account and determine and deduct the actual cash value of time used from the account for legislative leave purposes; or

(2) credit and debit an account on an hour-for-hour basis regardless of the cash value of the time donated or used.

(f) An employee organization may not use for legislative leave purposes more than 4,000 hours from its time account under this section in a calendar year. If more than one employee organization requests to use legislative leave, each employee organization may use a proportional share of the 4,000 hours based on the total amount of hours donated to the employee organization for its exclusive use before January 2 of the calendar year in which the legislative leave is requested. This section does not prevent an employee organization from accumulating more than 4,000 hours. This subsection only limits the total number of donated hours that one or more employee organizations may use in any calendar year.

Added by Acts 1997, 75th Leg., ch. 1195, Sec. 2, eff. Sept. 1, 1997.

Sec. 143.127. GRIEVANCE PROCEDURE. (a) Except as otherwise provided by this subsection, a fire fighter or police officer may

file a grievance as provided by this subchapter that relates to any aspect of the fire fighter's or police officer's employment covered by this chapter. The fire fighter or police officer may not file a grievance relating to:

(1) a disciplinary suspension, indefinite suspension, promotional pass over, or demotion or other action or decision for which a hearing, review, or appeal is otherwise provided by this chapter; or

(2) an allegation of discrimination based, in whole or in part, on race, color, religion, sex, or national origin.

(b) The director shall monitor and assist the operation of the grievance procedure. The director's duties include:

(1) aiding the departments and departmental grievance counselors;

(2) notifying the parties of meetings;

(3) docketing cases before the grievance examiner; and

(4) ensuring that the grievance procedure operates timely and effectively.

(c) The department head shall appoint from among the members of the department a grievance counselor whose duties include:

(1) providing appropriate grievance forms to a fire fighter or police officer;

(2) accepting, on behalf of the department head, a step I or II grievance;

(3) assisting the fire fighter or police officer in handling the grievance;

(4) forwarding a copy of a step I or II grievance form to the director and notifying the department head;

(5) arranging a meeting between the fire fighter or police officer and that person's immediate supervisor as prescribed by Section 143.128(b);

(6) arranging the meeting of the fire fighter or police officer and that person's department head or the department head's designated representative as prescribed by Section 143.129(b); and

(7) performing duties that the department head may assign.

(d) The grievance procedure consists of four steps. In any step of the grievance process in which the aggrieved fire fighter's or police officer's immediate supervisor is included, the department head or the departmental grievance counselor may add an appropriate supervisor who is not the fire fighter's or police officer's

immediate supervisor or may designate that supervisor to replace the person's immediate supervisor, if the department head or grievance counselor determines that the other supervisor has the authority to resolve the person's grievance.

Sec. 143.128. STEP I GRIEVANCE PROCEDURE. (a) To begin a grievance action, a fire fighter or police officer must file a completed written step I grievance form with the person's department head or departmental grievance counselor within 30 days after the date the fire fighter or police officer knew or should have known of the action or inaction for which the person feels aggrieved occurred. A step I grievance form may be obtained from the departmental grievance counselor. If the form is not timely filed, the grievance is waived.

(b) If the form is filed, the departmental grievance counselor shall arrange a meeting of the fire fighter or police officer, that person's immediate supervisor or other appropriate supervisor or both, and the person or persons against whom the grievance is lodged. The departmental grievance counselor shall schedule the step I meeting within 30 calendar days after the date the grievance is filed. If the grievance is lodged against the department head, the department head may send a representative.

(c) The fire fighter's or police officer's immediate supervisor or other appropriate supervisor, or both, shall fully, candidly, and openly discuss the grievance with the fire fighter or police officer in a sincere attempt to resolve it.

(d) Regardless of the outcome of the meeting, the fire fighter's or police officer's immediate supervisor or other appropriate supervisor, or both, shall provide a written response to the fire fighter or police officer, with a copy to the grievance counselor, within 15 calendar days after the date the meeting occurs. The response must include the supervisor's evaluation and proposed

solution. The response shall either be personally delivered to the fire fighter or police officer or be mailed by certified mail, return receipt requested, to the last home address provided by that person.

(e) If the proposed solution is not acceptable, the fire fighter or police officer may file a step II grievance form with the department head or the departmental grievance counselor in accordance with Section 143.129. If the aggrieved fire fighter or police officer fails to timely file a step II grievance form, the solution is considered accepted.

(f) If the supervisor does not provide the response required by Subsection (d) before the 16th day after the date the meeting occurs, the department head shall sustain the fire fighter's or police officer's grievance.

Acts 2009, 81st Leg., R.S., Ch. 1415 (S.B. 1896), Sec. 3, eff. September 1, 2009.

Sec. 143.129. STEP II GRIEVANCE PROCEDURE. (a) To continue the grievance procedure, the fire fighter or police officer must complete a step II grievance form and file it with the department head or the departmental grievance counselor within 15 calendar days after the date the fire fighter or police officer receives the supervisor's response under Section 143.128.

(b) The departmental grievance counselor shall arrange a meeting of the fire fighter or police officer, that person's immediate supervisor or other appropriate supervisor or both, and the department head or the department head's representative who must have a rank of at least assistant chief or the equivalent. The meeting shall be held within 15 calendar days after the date the step II grievance form is filed under Subsection (a).

(c) Regardless of the outcome of the meeting, the department head or the department head's representative shall provide a written response to the fire fighter or police officer within 15 calendar days after the date the meeting occurs. The response shall either be personally delivered to the fire fighter or police officer or be

mailed by certified mail, return receipt requested, to the last home address provided by that person.

(d) If the proposed solution is not acceptable, the fire fighter or police officer may either submit a written request stating the person's decision to appeal to an independent third party hearing examiner pursuant to the provisions of Section 143.057 or file a step III grievance form with the director in accordance with Section 143.130. If the fire fighter or police officer fails to timely file a step III grievance form or a written request to appeal to a hearing examiner, the solution is considered accepted. Notwithstanding Section 143.057(i), if the fire fighter or police officer prevails and the hearing examiner upholds the grievance in its entirety, the department shall bear the cost of the appeal to the hearing examiner. If the fire fighter or police officer fails to prevail and the hearing examiner denies the grievance in its entirety, the fire fighter or police officer shall bear the cost of the appeal to the hearing examiner. If neither party entirely prevails and the hearing examiner upholds part of the grievance and denies part of it, the hearing examiner's fees and expenses shall be shared equally by the fire fighter or police officer and the department.

(e) If the department head or the department head's representative does not provide the response required by Subsection (c) before the 16th day after the date the meeting occurs, the department head shall sustain the fire fighter's or police officer's grievance.

Sec. 143.130. STEP III GRIEVANCE PROCEDURE. (a) To continue the grievance procedure, the fire fighter or police officer must complete a step III grievance form and file it with the director within 15 calendar days after the date the fire fighter or police officer receives the department head's response under Section

143.129.

(b) The director shall arrange a hearing of the fire fighter or police officer and a grievance examiner to be appointed by the commission under Section 143.132. The hearing shall be held within 15 of the aggrieved fire fighter's or police officer's working days after the date the step III grievance form is filed under Subsection (a).

(c) A hearing shall be conducted as an informal administrative procedure. Grievances arising out of the same or similar fact situations may be heard at the same hearing. A court reporter shall record the hearing. All witnesses shall be examined under oath. The fire fighter or police officer, that person's immediate supervisor or other appropriate supervisor or both, the department head or the department head's designated representative or both, and each person specifically named in the grievance are parties to the hearing. The burden of proof is on the aggrieved fire fighter or police officer.

(d) The grievance examiner shall make written findings and a recommendation for solution of the grievance within 15 calendar days after the date the hearing ends. The findings and recommendation shall be given to the commission and copies mailed to the fire fighter or police officer by certified mail, return receipt requested, at the last home address provided by that person, and to the department head.

(e) If the proposed solution is not acceptable to either the fire fighter or police officer or the department head, either party may file a step IV grievance form with the director in accordance with Section 143.131. If the fire fighter or police officer or the department head fails to timely file a step IV grievance form, the solution is considered accepted by that person.

Sec. 143.131. STEP IV GRIEVANCE PROCEDURE. (a) If the department head or the fire fighter or police officer rejects the proposed solution under Section 143.130, the department head, the department head's designated representative, or the fire fighter or police officer must complete a step IV grievance form and file it

with the director within 15 calendar days after the date the person receives the grievance examiner's recommendation.

(b) The commission shall review the grievance examiner's findings and recommendation and consider the transcript of the step III hearing at the commission's next regularly scheduled meeting or as soon as practicable. The transcript shall be filed within 30 days of the step IV grievance being filed. The commission may for good cause shown grant a reasonable delay not to exceed 30 days to file the transcript. In no event may the commission render a decision later than 30 days after the transcript is filed. If the commission does not render a decision within 30 days after the date the transcript is filed, the commission shall sustain the fire fighter's or police officer's grievance.

(c) The commission shall base its decision solely on the transcript and demonstrative evidence offered and accepted at the step III hearing. The commission shall furnish a written copy of the order containing its decision to the fire fighter or police officer, the department head, and the grievance examiner. The copy to the fire fighter or police officer shall be mailed by certified mail, return receipt requested, to the last home address provided by that person. The commission decision is final.

Sec. 143.132. GRIEVANCE EXAMINER. (a) The commission shall appoint a grievance examiner by a majority vote. The commission may appoint more than one grievance examiner if necessary. The commission may appoint a different grievance examiner for each grievance. An examiner may not be affiliated with any other municipal department and is responsible only to the commission. The commission shall pay an examiner from a special budget established for this purpose, and the director shall provide an examiner sufficient office space and clerical support.

(b) The grievance examiner may:

(1) impose a reasonable limit on the time allowed each party and the number of witnesses to be heard;

- (2) administer oaths;
- (3) examine a witness under oath;
- (4) subpoena and require the attendance or production of witnesses, documents, books, or other pertinent material; and

Sec. 143.133. SPECIAL PROVISIONS FOR STEPS I AND II. (a) If the aggrieved fire fighter's or police officer's immediate supervisor is the department head, the steps prescribed by Sections 143.128 and 143.129 are combined. The department head shall meet with the aggrieved fire fighter or police officer and may not appoint a representative.

(b) A department head, with the approval of the commission, may change the procedure prescribed by Sections 143.128 and 143.129 to reflect a change in a department's chain of command.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 143.134. MISCELLANEOUS GRIEVANCE PROVISIONS. (a) A fire fighter or police officer may represent himself or obtain a representative at any time during the grievance procedure. The municipality is not obligated to provide or pay the costs of providing representation. The representative:

- (1) is not required to be an attorney;
- (2) is entitled to be present to advise the fire fighter or police officer;
- (3) is entitled to present any evidence or information for the fire fighter or police officer; and
- (4) may not be prevented from fully participating in any of the grievance proceedings.

(b) A fire fighter or police officer may take reasonable time off from a job assignment to file a grievance and attend a meeting or hearing. Time taken to pursue a grievance may not be charged against that person. The fire fighter or police officer shall be compensated on an overtime basis for the time that person spends at a grievance meeting or hearing if:

(1) the meeting or hearing is scheduled at a time other than that person's normally assigned working hours; and

(2) that person prevails in the grievance.

(c) If notice that a grievance meeting or hearing is to be recorded is provided to all persons present at the meeting or hearing, the fire fighter or police officer, the department head, or the department head's designee may record the meeting or hearing.

(d) The director shall provide a suitable notice explaining the grievance procedure prescribed by this subchapter and furnish copies to each department. Each department head shall cause the notices to be posted in a prominent place or places within the department work areas to give reasonable notice of the grievance procedure to each member of the department.

(e) At the request of the department head of a fire fighter or police officer who has filed a grievance under this subchapter, the municipality's legal department or the director shall assist in resolving the grievance.

(f) The director is the official final custodian of all records involving grievances. A depository for closed files regarding grievances shall be maintained in the civil service department.

(g) A fire fighter or police officer who files a grievance pursuant to Sections 143.127 through and including Section 143.134 is entitled to 48 hours notice of any meeting or hearing scheduled under Section 143.128(b), 143.129(b), 143.130(b), or 143.131(b). In the event that the fire fighter or police officer is not given 48 hours advance notice, the fire fighter's or police officer's grievance shall be automatically sustained and no further action may be had on the grievance.

(h) If the decision of the commission under Section 143.131 or the decision of a hearing examiner under Section 143.129 that has become final is favorable to a fire fighter, the department head shall implement the relief granted to the fire fighter not later than the 10th day after the date on which the decision was issued. If the department head intentionally fails to implement the relief within the 10-day period, the municipality shall pay the fire fighter \$1,000 for each day after the 10-day period that the decision is not yet implemented.

Sec. 143.135. MEDIATION. (a) In this section, "mediation" has the meaning assigned by Section 154.023, Civil Practice and Remedies Code.

(b) The head of the police department may develop and implement an alternative dispute resolution program to refer certain disputes regarding police officers to mediation.

(c) If a dispute is referred to mediation under this section, the time limitations and deadlines under Sections 143.1015, 143.1016, 143.117, 143.118, 143.119, 143.120, and 143.127-143.134 are tolled until the earliest of:

(1) the date the parties reach a settlement and execute a written agreement disposing of the dispute;

(2) the date the mediator refers the dispute to another appeals or grievance procedure under this subchapter; or

(3) the 60th day after the date the dispute was referred to mediation.

(d) The conduct and demeanor of the mediator and the parties to the dispute during the course of the mediation are confidential. A letter, memorandum, document, note, or other oral or written communication that is relevant to the dispute and made between the mediator and the parties to the dispute or between the parties to the dispute during the course of the mediation procedure:

(1) is confidential and may not be disclosed unless all of the parties to the mediation agree to the disclosure in writing; and

(2) is admissible and discoverable in a separate proceeding only if the letter, memorandum, document, note, or other communication is admissible and discoverable independent of the mediation.

(e) A mediator may not be required to testify in a proceeding concerning information relating to or arising out of the mediation.

(f) Subsection (d) does not apply to a final written agreement to which the police department or municipality is a signatory that is reached as a result of a mediation procedure conducted under this section. Information in the final written agreement is subject to required disclosure, is excepted from required disclosure, or is confidential in accordance with Chapter 552, Government Code, and

other law.

(g) If this section conflicts with other legal requirements for disclosure of communications or materials, the issue of confidentiality may be presented to a district court for a judicial district in which the majority of the territory of the municipality is located to determine, in camera, whether the facts, circumstances, and context of the communications or materials sought to be disclosed warrant a protective order of the court or whether the communications or materials are subject to disclosure.

(h) Except to the extent of any conflict with this section, Chapter 154, Civil Practice and Remedies Code, and police department rules apply to a mediation conducted under this section.

(i) Except to the extent of any conflict with this section, Section 2009.054, Government Code, applies to the communications, records, conduct, and demeanor of the mediator and the parties.

(j) Section 143.1014 does not apply to a meeting or hearing conducted under this section.

SUBCHAPTER H. LOCAL CONTROL OF FIRE FIGHTER EMPLOYMENT MATTERS IN MUNICIPALITIES WITH POPULATION OF 1.5 MILLION OR MORE

Sec. 143.201. POPULATION. This subchapter applies only to a municipality with a population of 1.5 million or more, but does not apply to a municipality that has adopted The Fire and Police Employee Relations Act (Article 5154c-1, Vernon's Texas Civil Statutes).

Added by Acts 1993, 73rd Leg., ch. 676, Sec. 5, eff. Sept. 1, 1993.

Sec. 143.202. DEFINITIONS. In this subchapter:

(1) "Fire fighters association" means an organization in which fire fighters participate and which exists for the purpose, in whole or in part, of dealing with one or more employers, whether public or private, concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work affecting public employees.

(2) "Public employer" means any municipality or agency, board, commission, or political subdivision controlled by a municipality which is required to establish the wages, salaries,

rates of pay, hours, working conditions, and other terms and conditions of employment of public employees. The term may include, under appropriate circumstances, a mayor, manager, administrator of a municipality, municipal governing body, director of personnel, personnel board, or one or more other officials, regardless of the name by which they are designated.

Added by Acts 1993, 73rd Leg., ch. 676, Sec. 5, eff. Sept. 1, 1993.

Sec. 143.203. GENERAL PROVISIONS RELATING TO AGREEMENTS, RECOGNITION, AND STRIKES. (a) A municipality may not be denied local control over the wages, salaries, rates of pay, hours of work, and other terms and conditions of employment, or other state-mandated personnel issues, if the public employer and the fire fighters association recognized as the sole and exclusive bargaining agent for all officers covered by this subchapter come to a mutual agreement on any of the terms listed above. If no agreement is reached, the existing state laws, local ordinances, and civil service rules remain unaffected. All agreements shall be reduced to writing. Nothing in this subchapter shall require either party to meet and confer on any issue or reach an agreement.

(b) A public employer may only meet and confer if the fire fighters association recognized under this subchapter as the sole and exclusive bargaining agent does not advocate the illegal right to strike by public employees.

(c) Fire fighters of a municipality may not engage in strikes or organized work stoppages against this state or a political subdivision of this state. A fire fighter who participates in a strike forfeits all civil service rights, reemployment rights, and any other rights, benefits, or privileges the fire fighter enjoys as a result of employment or prior employment, except that the right of an individual to cease work may not be abridged if the individual is not acting in concert with others in an organized work stoppage.

Added by Acts 1993, 73rd Leg., ch. 676, Sec. 5, eff. Sept. 1, 1993.

Sec. 143.204. RECOGNITION OF FIRE FIGHTER ASSOCIATION. (a) A fire fighters association submitting a petition signed by a majority of the paid fire fighters in the municipality, excluding the head of

the department and assistant department heads in the rank or classification immediately below that of the department head, may be recognized by the public employer as the sole and exclusive bargaining agent for all of the covered fire fighters unless and until recognition of the association is withdrawn by a majority of those fire fighters.

(b) In the event of a question about whether a fire fighters association represents a majority of the covered fire fighters, the question shall be resolved by a fair election conducted according to procedures agreeable to the parties. If the parties are unable to agree on such procedures, either party may request the American Arbitration Association to conduct the election and to certify the results. Certification of the results of an election resolves the question concerning representation. The fire fighters association is liable for the expenses of the election, except that if two or more associations seeking recognition as the bargaining agent submit petitions signed by a majority of the covered fire fighters, the associations shall share equally the costs of the election.

Added by Acts 1993, 73rd Leg., ch. 676, Sec. 5, eff. Sept. 1, 1993.

Sec. 143.205. OPEN RECORDS REQUIRED. All documents relating to an agreement between a fire fighters association and a public employer shall be available to the public pursuant to state statutes.

Added by Acts 1993, 73rd Leg., ch. 676, Sec. 5, eff. Sept. 1, 1993.

Sec. 143.206. ENFORCEABILITY OF AGREEMENT. (a) A written agreement made under this subchapter between a public employer and a fire fighters association recognized as the sole and exclusive bargaining agent is enforceable and binding upon the public employer, the fire fighters association recognized as the sole and exclusive bargaining agent, and fire fighters covered by the agreement if:

- (1) the municipality's governing body ratified the agreement by a majority vote; and
- (2) the fire fighters association ratified the agreement by a majority of the votes received in a referendum of its members by secret ballot.

(b) The state district court of the judicial district in which

the municipality is located has full authority and jurisdiction on the application of either party aggrieved by an action or omission of the other party when the action or omission is related to a right, duty, or obligation provided by any written agreement ratified by both the public employer and the fire fighters association. The court may issue proper restraining orders, temporary and permanent injunctions, and any other writ, order, or process, including contempt orders, that are appropriate to enforcing any written agreement ratified by both the public employer and the fire fighters association.

Added by Acts 1993, 73rd Leg., ch. 676, Sec. 5, eff. Sept. 1, 1993.
Amended by Acts 1997, 75th Leg., ch. 373, Sec. 1, eff. May 28, 1997.

Sec. 143.207. AGREEMENT SUPERSEDES CONFLICTING PROVISIONS. (a) A written agreement under this subchapter between a public employer and the fire fighters association recognized as the sole and exclusive bargaining agent supersedes a previous statute concerning wages, salaries, rates of pay, hours of work, and other terms and conditions of employment to the extent of any conflict with the previous statute.

(b) A written agreement under this subchapter preempts all contrary local ordinances, executive orders, legislation, or rules adopted by the state or a political subdivision or agent of the state, such as a personnel board, a civil service commission, or a home-rule municipality.

(c) An agreement under this subchapter may not diminish or qualify any right, benefit, or privilege of an employee under this chapter or other law unless approved by a majority of the votes received in a secret ballot referendum of the members of the fire fighters association recognized as the sole and exclusive bargaining agent.

Added by Acts 1993, 73rd Leg., ch. 676, Sec. 5, eff. Sept. 1, 1993.
Amended by Acts 1997, 75th Leg., ch. 373, Sec. 2, eff. May 28, 1997.

Sec. 143.208. REPEAL OF AGREEMENT BY ELECTORATE. Within 45 days after an agreement is ratified and signed by both the municipality and the fire fighters association recognized as the sole

and exclusive bargaining agent, a petition signed by a number of registered voters equal to 10 percent of the votes cast at the most recent mayoral general election may be presented to the municipal secretary calling an election for the repeal of the agreement. Thereupon, the governing body shall reconsider the agreement and, if it does not repeal the agreement, shall call an election of the qualified voters to determine if they desire to repeal the agreement. The election shall be called for the next municipal election or a special election called by the governing body for that purpose. If at the election a majority of the votes are cast in favor of the repeal of the adoption of the agreement, then the agreement shall become null and void. The ballot shall be printed to provide for voting FOR or AGAINST the proposition:

"Repeal of the adoption of the agreement ratified by the municipality and the fire fighters association concerning wages, salaries, rates of pay, hours of work, and other terms and conditions of employment."

Added by Acts 1993, 73rd Leg., ch. 676, Sec. 5, eff. Sept. 1, 1993.
Amended by Acts 1999, 76th Leg., ch. 62, Sec. 13.15, eff. Sept. 1, 1999.

Sec. 143.209. PROTECTED RIGHTS OF INDIVIDUAL EMPLOYEES. (a) For the purpose of any disciplinary appeal to either the civil service commission or a hearing examiner, all members of the bargaining unit shall have the right to choose to be represented by any person of their choice or the fire fighters association.

(b) No agreement shall interfere in the right of members of the fire fighters association to pursue allegations of discrimination based on race, creed, color, national origin, religion, age, sex, or disability with the Commission on Human Rights or the Equal Employment Opportunity Commission or to pursue affirmative action litigation.

Added by Acts 1993, 73rd Leg., ch. 676, Sec. 5, eff. Sept. 1, 1993.

SUBCHAPTER I. FIRE FIGHTER AND POLICE OFFICER EMPLOYMENT MATTERS IN CERTAIN MUNICIPALITIES

Sec. 143.301. MUNICIPALITIES COVERED BY SUBCHAPTER. This

subchapter applies only to a municipality with a population of 460,000 or more that operates under a city manager form of government. This subchapter does not apply to a municipality:

- (1) that has adopted Chapter 174 (The Fire and Police Employee Relations Act); or
- (2) to which Subchapter H applies.

Added by Acts 1995, 74th Leg., ch. 1003, Sec. 1, eff. Aug. 28, 1995.

Sec. 143.3015. LIMITATION ON MUNICIPALITIES COVERED BY SUBCHAPTER: VOTER APPROVAL. (a) The governing body of a municipality with a population less than 560,000 that has not recognized an association as the sole and exclusive bargaining agent as provided by Section 143.304 before September 1, 2001, must receive voter approval under this section before operating under the other provisions of this subchapter.

(b) The governing body shall call an election if:

- (1) a majority of the members of the governing body vote to hold the election; or
- (2) the voters submit a petition requesting the election as required by this section.

(c) A petition for election must:

- (1) be signed by a number of qualified voters of the municipality equal to at least 10 percent of the number of voters who voted in the most recent municipal election for mayor; and
- (2) comply with Chapter 277, Election Code.

(d) Not later than the 40th working day after the date a petition is presented to the governing body, the municipal secretary shall certify to the governing body the number and percentage of registered voters signing the petition.

(e) Upon receiving a petition in compliance with this subchapter, the governing body shall order an election submitting to the voters the question of whether this subchapter should be adopted for firefighters, police officers, or both. The election must be held on the first authorized uniform election date prescribed by Chapter 41, Election Code, that occurs after the petition is filed and that allows sufficient time to comply with other requirements of law.

(f) The ballot for an election called under this section shall

be printed to permit voting for or against the proposition:

"Authorizing (name of the governing body of the municipality) to recognize an employee association as a sole and exclusive bargaining agent for the municipal (insert firefighters, police officers, or both, as applicable,) and authorizing the (name of the governing body of the municipality) to make agreements with the employee association as provided by state law."

(g) An election authorized by this section shall be held and the returns shall be prepared and canvassed in conformity with the Election Code.

(h) The municipality may operate under the other provisions of this subchapter only if a majority of the votes cast at the election favor the proposition.

(i) Notwithstanding Subsections (a) and (h), a municipality with a population of less than 560,000 that has not recognized an association as the sole and exclusive bargaining agent as provided by Section 143.304 before September 1, 2005, may adopt rules for police officers converting vacation and sick leave days to hours that supersede the provisions of Section 142.0013, Section 143.045, and Section 143.046 provided that:

(1) A police officer is entitled to earn 120 hours of vacation leave each year with pay, as a minimum, if the officer has been regularly employed in the department or departments for at least one year.

(2) In computing the length of time a police officer may be absent from work on vacation leave, only those hours that the person would have been required to work if not on vacation may be counted as vacation leave.

(3) A police officer shall be granted the same number of vacation hours and holiday hours, or hours in lieu of vacation hours or holiday hours, granted to other municipal employees who work the same number of hours in a regular work day and have worked for the municipality for the same number of years.

(4) A police officer shall be granted sick leave with pay accumulated at the rate of 10 hours for each full month employed in a calendar year, so as to total 120 hours to the person's credit each 12 months.

(5) A police officer who leaves the classified service for any reason is entitled to receive in a lump-sum payment the full amount of the person's salary for accumulated sick leave if the

person has accumulated not more than 720 hours of sick leave, the person's employer may limit payment to the amount that the person would have received if the person had been allowed to use 720 hours of accumulated sick leave during the last six months of employment. The lump-sum payment is computed by compensating the police officer for the accumulated time at the highest permanent pay classification for which the person was eligible during the last six months of employment. The police officer is paid for the same period for which the person had taken the sick leave but does not include additional holidays and any sick leave or vacation time that the person might have accrued during the 720 hours.

Acts 2005, 79th Leg., Ch. 1193 (H.B. 304), Sec. 3, eff. September 1, 2005.

Sec. 143.302. DEFINITIONS. In this subchapter:

(1) "Association" means an organization in which fire fighters or police officers participate and that exists for the purpose, in whole or in part, of dealing with one or more employers, whether public or private, concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work affecting public employees.

(2) "Public employer" means any municipality or agency, board, commission, or political subdivision controlled by a municipality that is required to establish the wages, salaries, rates of pay, hours, working conditions, and other terms and conditions of employment of public employees. The term may include, under appropriate circumstances, a mayor, manager, administrator of a municipality, municipal governing body, director of personnel, or personnel board or one or more other officials, regardless of the name by which they are designated.

Added by Acts 1995, 74th Leg., ch. 1003, Sec. 1, eff. Aug. 28, 1995.

Sec. 143.303. GENERAL PROVISIONS RELATING TO AGREEMENTS,

RECOGNITION, AND STRIKES. (a) A municipality may not be denied local control over wages, salaries, rates of pay, hours of work, other terms and conditions of employment, or other personnel issues on which the public employer and an association that is recognized as the sole and exclusive bargaining agent for all fire fighters or police officers in the municipality agree. A term or condition on which the public employer and the association do not agree is governed by the applicable statutes, local ordinances, and civil service rules. An agreement must be reduced to writing. This subchapter does not require the public employer and the association to meet and confer or reach an agreement on any issue.

(b) A public employer and an association recognized under this subchapter as a sole and exclusive bargaining agent may meet and confer only if the association does not advocate the illegal right to strike by public employees.

(c) A fire fighter or police officer of a municipality may not engage in a strike or organized work stoppage against this state or a political subdivision of this state. A fire fighter or police officer who participates in a strike forfeits all civil service rights, reemployment rights, and other rights, benefits, or privileges the fire fighter or police officer enjoys as a result of the person's employment or previous employment with the municipality. This subsection does not affect the right of a person to cease employment if the person is not acting in concert with other fire fighters or police officers.

Added by Acts 1995, 74th Leg., ch. 1003, Sec. 1, eff. Aug. 28, 1995.

Sec. 143.304. RECOGNITION OF FIRE FIGHTERS OR POLICE OFFICERS ASSOCIATION. (a) The public employer may recognize an association that submits a petition signed by a majority of the paid fire fighters or police officers in the municipality, excluding the head of the department and assistant department heads in the rank or classification immediately below that of the department head, as the sole and exclusive bargaining agent for all of the covered fire fighters or police officers unless recognition of the association is withdrawn by a majority of the covered fire fighters or police officers.

(b) A question of whether an association is the majority

representative of the covered fire fighters or police officers shall be resolved by a fair election conducted according to procedures agreed on by the parties. If the parties are unable to agree on election procedures, either party may request the American Arbitration Association to conduct the election and to certify the results. Certification of the results of an election under this subsection resolves the question concerning representation. The association shall pay the costs of the election, except that if two or more associations seeking recognition as the bargaining agent submit petitions signed by a majority of the covered fire fighters or police officers, the associations shall share equally the costs of the election.

(c) The public employer's manager or chief executive and the police chief or fire chief, as appropriate, shall designate a team to represent the public employer as its sole and exclusive bargaining agent for issues related to the fire department and a separate team to represent the public employer as its sole and exclusive bargaining agent for issues related to the police department.

Added by Acts 1995, 74th Leg., ch. 1003, Sec. 1, eff. Aug. 28, 1995.

Sec. 143.305. OPEN RECORDS REQUIRED. An agreement made under this subchapter is a public record for purposes of Chapter 552, Government Code. The agreement and any document prepared and used by the municipality in connection with the agreement are available to the public under the open records law, Chapter 552, Government Code, only after the agreement is ratified by the municipality's governing body. This section does not affect the application of Subchapter C, Chapter 552, Government Code, to a document prepared and used by the municipality in connection with the agreement.

Added by Acts 1995, 74th Leg., ch. 1003, Sec. 1, eff. Aug. 28, 1995.

Sec. 143.306. ENFORCEABILITY OF AGREEMENT. (a) A written agreement made under this subchapter between a public employer and an association is binding on the public employer, the association, and fire fighters or police officers covered by the agreement if:

(1) the municipality's governing body ratifies the agreement by a majority vote; and

(2) the applicable association ratifies the agreement by a majority vote of its members by secret ballot.

(b) An agreement ratified as described by Subsection (a) may establish a procedure by which the parties agree to resolve disputes related to a right, duty, or obligation provided by the agreement, including binding arbitration on interpretation of the agreement.

(c) The district court of the judicial district in which the municipality is located has full authority and jurisdiction on the application of either party aggrieved by an act or omission of the other party related to a right, duty, or obligation provided by a written agreement ratified as described by Subsection (a). The court may issue proper restraining orders, temporary and permanent injunctions, or any other writ, order, or process, including a contempt order, that is appropriate to enforce the agreement.

Added by Acts 1995, 74th Leg., ch. 1003, Sec. 1, eff. Aug. 28, 1995.

Sec. 143.307. AGREEMENT SUPERSEDES CONFLICTING PROVISIONS. (a) An agreement under this subchapter supersedes a previous statute concerning wages, salaries, rates of pay, hours of work, or other terms and conditions of employment to the extent of any conflict with the statute.

(b) An agreement under this subchapter preempts any contrary statute, executive order, local ordinance, or rule adopted by the state or a political subdivision or agent of the state, including a personnel board, a civil service commission, or a home-rule municipality.

(c) An agreement under this subchapter may not diminish or qualify any right, benefit, or privilege of an employee under this chapter or other law unless approved by a majority vote by secret ballot of the members of the association recognized as a sole and exclusive bargaining agent.

Added by Acts 1995, 74th Leg., ch. 1003, Sec. 1, eff. Aug. 28, 1995.

Sec. 143.308. REPEAL OF AGREEMENT BY ELECTORATE. Not later than the 45th day after the date an agreement is ratified by both the municipality and the association, a petition signed by at least 10 percent of the qualified voters of the municipality may be presented

to the municipal secretary calling an election for the repeal of the agreement. On receipt of the petition by the municipal secretary, the governing body shall reconsider the agreement and either repeal the agreement or call an election of the qualified voters to determine if they desire to repeal the agreement. The election shall be called for the next municipal election or a special election called by the governing body for that purpose. If at the election a majority of the votes are cast in favor of the repeal of the adoption of the agreement, the agreement is void. The ballot shall be printed to permit voting for or against the proposition: "Repeal of the adoption of the agreement ratified by the municipality and the _____ (fire fighters or police officers, as appropriate) association concerning wages, salaries, rates of pay, hours of work, and other terms and conditions of employment."

Added by Acts 1995, 74th Leg., ch. 1003, Sec. 1, eff. Aug. 28, 1995.

Sec. 143.309. PROTECTED RIGHTS OF INDIVIDUAL EMPLOYEES. (a) For the purpose of any disciplinary appeal to the civil service commission or to a hearing examiner, a member of the bargaining unit may choose to be represented by any person of the member's choice or by the association.

(b) An agreement may not interfere with the right of a member of a bargaining unit to pursue allegations of discrimination based on race, creed, color, national origin, religion, age, sex, or disability with the Commission on Human Rights or the Equal Employment Opportunity Commission or to pursue affirmative action litigation.

Added by Acts 1995, 74th Leg., ch. 1003, Sec. 1, eff. Aug. 28, 1995.

Sec. 143.310. BINDING INTEREST ARBITRATION. A municipality may be required to submit to binding interest arbitration only if approved by a majority of those voting in a public referendum conducted in accordance with the municipality's charter. This subsection does not affect any disciplinary arbitration or arbitration provision in a ratified agreement.

Added by Acts 1995, 74th Leg., ch. 1003, Sec. 1, eff. Aug. 28, 1995.

Sec. 143.311. APPOINTMENTS TO CLASSIFICATION IMMEDIATELY BELOW DEPARTMENT HEAD. Section 143.014(c) does not apply to a municipality to which this subchapter applies.

Added by Acts 1995, 74th Leg., ch. 1003, Sec. 1, eff. Aug. 28, 1995.

Sec. 143.312. INVESTIGATION OF FIRE FIGHTERS AND POLICE OFFICERS. (a) This section does not apply to a municipality to which Section 143.123 applies.

(b) In this section:

(1) "Complainant" means a person claiming to be the victim of misconduct by a fire fighter or police officer.

(2) "Investigation" means an administrative investigation, conducted by the municipality, of alleged misconduct by a fire fighter or police officer that could result in punitive action against that person.

(3) "Investigator" means an agent or employee of the municipality who is assigned to conduct an investigation.

(4) "Normally assigned working hours" includes those hours during which a fire fighter or police officer is actually at work or at the person's assigned place of work, but does not include any time when the person is off duty on authorized leave, including sick leave.

(5) "Punitive action" means a disciplinary suspension, indefinite suspension, demotion in rank, written reprimand, or any combination of those actions.

(c) An investigator may interrogate a fire fighter or police officer who is the subject of an investigation only during the fire fighter's or police officer's normally assigned working hours unless:

(1) the seriousness of the investigation, as determined by the fire fighter's or police officer's department head or the department head's designee, requires interrogation at another time; and

(2) the fire fighter or police officer is compensated for the interrogation time on an overtime basis.

(d) The department head may not consider work time missed from regular duties by a fire fighter or police officer due to

participation in the conduct of an investigation in determining whether to impose a punitive action or in determining the severity of a punitive action.

(e) An investigator may not interrogate a fire fighter or police officer who is the subject of an investigation or conduct any part of the investigation at that person's home without that person's permission.

(f) A person may not be assigned to conduct an investigation if the person is the complainant, the ultimate decision-maker regarding disciplinary action, or a person who has any personal involvement regarding the alleged misconduct. A fire fighter or police officer who is the subject of an investigation has the right to inquire and, on inquiry, to be informed of the identities of each investigator participating in an interrogation of the fire fighter or police officer.

(g) Not less than 48 hours before an investigator begins the initial interrogation of a fire fighter or police officer who is the subject of an investigation, the investigator must inform the fire fighter or police officer in writing of the allegations in the complaint. An investigator may not interrogate a fire fighter or police officer based on a complaint by a complainant who is not a fire fighter or police officer unless the complainant verifies the complaint in writing before a public officer who is authorized by law to take statements under oath. In an investigation under this subsection, an investigator may interrogate a fire fighter or police officer about events or conduct reported by a witness who is not a complainant without disclosing the name of the witness. An interrogation may be based on a complaint from an anonymous complainant if the departmental employee receiving the anonymous complaint certifies in writing, under oath, that the complaint was anonymous. This subsection does not apply to an on-the-scene investigation that occurs immediately after an incident being investigated, except that the fire fighter or police officer under investigation must be furnished, as soon as practicable, a written statement of the allegations in the complaint.

(h) An interrogation session of a fire fighter or police officer who is the subject of an investigation may not be unreasonably long. In determining reasonableness, the gravity and complexity of the investigation must be considered. The investigators shall allow reasonable interruptions to permit the fire

fighter or police officer to attend to personal physical necessities.

(i) An investigator may not threaten a fire fighter or police officer who is the subject of an investigation with punitive action during an interrogation. An investigator may inform a fire fighter or police officer that failure to answer truthfully reasonable questions directly related to the investigation or to cooperate fully in the conduct of the investigation may result in punitive action.

(j) If prior notification of intent to record an interrogation is given to the other party, either the investigator or the fire fighter or police officer who is the subject of an interrogation may record the interrogation.

(k) If an investigation does not result in punitive action against a fire fighter or police officer but does result in a written reprimand or an adverse finding or determination regarding that person, the reprimand, finding, or determination may not be placed in that person's personnel file unless the fire fighter or police officer is first given an opportunity to read and sign the document. If the fire fighter or police officer refuses to sign the reprimand, finding, or determination, it may be placed in the personnel file with a notation that the person refused to sign it. A fire fighter or police officer may respond in writing to a reprimand, finding, or determination that is placed in the person's personnel file under this subsection by submitting a written response to the department head not later than the 10th day after the date the fire fighter or police officer is asked to sign the document. The response shall be placed in the personnel file. A fire fighter or police officer who receives a punitive action and who elects not to appeal the action may file a written response as prescribed by this subsection not later than the 10th day after the date the person is given written notice of the punitive action from the department head.

(l) A violation of this section may be considered by the commission or hearing examiner during a disciplinary appeal hearing if the violation substantially impaired the fire fighter's or police officer's ability to defend against the allegations of misconduct.

Added by Acts 1995, 74th Leg., ch. 1003, Sec. 1, eff. Aug. 28, 1995.

Sec. 143.313. POLYGRAPH EXAMINATIONS. (a) This section does not apply to a municipality to which Section 143.124 applies.

(b) A fire fighter employed by the municipality may not be required to submit to a polygraph examination as part of an internal investigation regarding the conduct of the fire fighter unless:

(1) the complainant submits to and passes a polygraph examination; or

(2) the fire fighter is ordered to take an examination under Subsection (f).

(c) Subsection (b) does not apply if the complainant is physically or mentally incapable of being polygraphed.

(d) For the purposes of this section, a fire fighter passes a polygraph examination if, in the opinion of the polygraph examiner, no deception is indicated in the examination regarding matters critical to the subject matter under investigation.

(e) The results of a polygraph examination that relate to the complaint under investigation are not admissible in a proceeding before the commission or a hearing examiner.

(f) The head of the fire department may order a fire fighter to submit to a polygraph examination if the fire department head:

(1) considers the circumstances to be extraordinary; or

(2) believes that the integrity of a fire fighter or the fire department is in question.

SUBCHAPTER J. LOCAL CONTROL OF POLICE OFFICER EMPLOYMENT MATTERS IN MUNICIPALITIES WITH POPULATION OF 1.5 MILLION OR MORE

Sec. 143.351. APPLICABILITY. This subchapter applies only to a municipality with a population of 1.5 million or more but does not apply to a municipality that has adopted Chapter 174.

Added by Acts 1997, 75th Leg., ch. 1195, Sec. 3, eff. Sept. 1, 1997.

Sec. 143.352. DEFINITIONS. In this subchapter:

(1) "Bargaining agent" means the police employee group selected under Section 143.354 to represent all police officers employed by the municipality, excluding the department head and assistant department heads, during negotiations with the public

employer.

(2) "Police employee group" means an organization:

(A) in which at least three percent of the police officers of the municipality participate and pay dues via automatic payroll deduction; and

(B) which exists for the purpose, in whole or part, of dealing with the municipality concerning grievances, labor disputes, wages, rates of pay, benefits other than pension benefits, hours of employment, or conditions of work affecting police officers.

(3) "Public employer" means any municipality or agency, board, commission, or political subdivision controlled by a municipality that is required to establish the wages, salaries, rates of pay, hours, working conditions, and other terms and conditions of employment of police officers. The term includes, under appropriate circumstances, a mayor, manager, administrator of a municipality, municipal governing body, director of personnel, personnel board, or one or more other officials, regardless of the name by which they are designated.

Added by Acts 1997, 75th Leg., ch. 1195, Sec. 3, eff. Sept. 1, 1997.
Amended by Acts 2001, 77th Leg., ch. 1464, Sec. 1, eff. Sept. 1, 2001.

Sec. 143.353. GENERAL PROVISIONS RELATING TO AGREEMENTS, RECOGNITION, AND STRIKES. (a) A municipality may not be denied local control over the wages, salaries, rates of pay, hours of work, and other terms of employment, or other state-mandated personnel issues, if the public employer and the bargaining agent come to a mutual agreement on any of the terms of employment. If an agreement is not reached, the state laws, local ordinances, and civil service rules remain unaffected. All agreements shall be written. Nothing in this subchapter requires either party to meet and confer on any issue or reach an agreement.

(b) A public employer may only meet and confer if the bargaining agent does not advocate the illegal right to strike by public employees.

(c) Police officers of a municipality may not engage in strikes or organized work stoppages against this state or a political subdivision of this state. A police officer who participates in a

strike or work stoppage forfeits all civil service rights, reemployment rights, and any other rights, benefits, or privileges the police officer enjoys as a result of employment or prior employment.

Amended by Acts 2001, 77th Leg., ch. 1464, Sec. 2, eff. Sept. 1, 2001.

Sec. 143.354. RECOGNITION OF POLICE EMPLOYEE GROUP. (a) The public employer in accordance with this section may recognize a police employee group as the sole and exclusive bargaining agent for all of the police officers in the municipality, excluding the department head and assistant department heads, unless recognition of the police employee group is withdrawn by a majority of those police officers, if the employee group submits a petition signed by 40 percent of:

(1) the number of police officers in the municipality who voted in the last election held under Section 143.360 before the petition is submitted, excluding the head of the department and assistant department heads in the rank or classification immediately below that of the department head; or

(2) the paid police officers in the municipality, excluding the head of the department and assistant department heads in the rank or classification immediately below that of the department head, if an election under Section 143.360 has not been held in the municipality.

(b) A petition submitted under Subsection (a) must clearly show on each page the name of the police employee group circulating the petition. A police officer who signs a petition submitted under Subsection (a) may not be counted towards the 40 percent requirement under that subsection unless that officer's printed name and payroll number and the date of the signature are included on the petition. The petition must be submitted to the municipal secretary not later than the 60th day after the first date on which a police officer signs the petition.

(c) Within the 30 days after the date the petition is submitted, the municipal secretary shall verify the signatures on the petition and, if the petition complies with this section, call for

the election. The election shall be conducted within 45 days after the date on which the municipal secretary calls for the election.

(d) An election required by this section shall be conducted according to procedures agreed on by the parties. If the parties are unable to agree on election procedures, either party may request the American Arbitration Association to conduct the election and to certify the results. Certification of the results of an election under this subsection resolves the question concerning representation. The police employee group shall pay the costs of the election, except that if two or more police employee groups seeking recognition as the bargaining agent submit petitions signed by a majority of the police officers eligible to sign the petition, the police employee groups shall share equally the costs of the election. A police employee group must make payments required by this subsection not later than the 10th day before the date of the election.

(e) The public employer's chief executive officer shall designate a team to represent the public employer as its sole and exclusive bargaining agent for issues related to the police department.

Amended by Acts 2001, 77th Leg., ch. 1464, Sec. 5, eff. Sept. 1, 2001.

Sec. 143.359. ENFORCEABILITY OF AGREEMENT. (a) A written agreement made under this subchapter between a public employer and a bargaining agent is enforceable and binding on the public employer, the bargaining agent, police employee groups, and the police officers covered by the agreement if:

- (1) the municipality's governing body ratified the

agreement by a majority vote; and

(2) the agreement is ratified under Section 143.360.

(b) A state district court of the judicial district in which a majority of the population of the municipality is located has full authority and jurisdiction on the application of either party aggrieved by an action or omission of the other party when the action or omission is related to a right, duty, or obligation provided by any written agreement ratified as required by this subchapter. The court may issue proper restraining orders, temporary and permanent injunctions, and any other writ, order, or process, including contempt orders, that are appropriate to enforcing any written agreement ratified as required by this subchapter.

(a) A written agreement ratified under this subchapter between a public employer and the bargaining agent supersedes a previous statute concerning wages, salaries, rates of pay, hours of work, and other terms of employment other than pension benefits to the extent of any conflict with the previous statute.

(b) A written agreement ratified under this subchapter preempts

all contrary local ordinances, executive orders, legislation, or rules adopted by the state or a political subdivision or agent of the state, such as a personnel board, a civil service commission, or a home-rule municipality.

(c) An agreement under this subchapter may not diminish or qualify any right, benefit, or privilege of an employee under this chapter or other law unless approved by a majority of the votes cast at the secret ballot election held by the bargaining agent to ratify the agreement.

Amended by Acts 2001, 77th Leg., ch. 1464, Sec. 8, eff. Sept. 1, 2001.

Sec. 143.362. REPEAL OF AGREEMENT BY ELECTORATE. Within 45 days after the date an agreement is ratified and signed by the municipality and the bargaining agent, a petition signed by a number of registered voters equal to 10 percent of the votes cast at the most recent mayoral general election in the municipality may be presented to the municipal secretary calling an election for the repeal of the agreement, in which event the governing body shall reconsider the agreement, and, if it does not repeal the agreement, it shall call an election of the qualified voters to determine if they desire to repeal the agreement. The election shall be held as part of the next regularly scheduled municipal election or at a special election called by the governing body for that purpose. If at the election a majority of the votes are cast in favor of the repeal of the adoption of the agreement, the agreement becomes void. The ballot shall be printed to provide for voting for or against the proposition:

"Repeal of the adoption of the agreement ratified by the municipality and the police officers of the municipality concerning wages, salaries, rates of pay, certain benefits, hours of work, and other terms of employment."

Sec. 143.363. PROTECTED RIGHTS OF INDIVIDUAL EMPLOYEES. (a) For the purpose of any disciplinary appeal to either the civil service commission or a hearing examiner, all police officers have the right to choose to be represented by any person of their choice or by the police employee group selected as the bargaining agent.

(b) An agreement may not interfere with the right of a member of a police employee group to pursue allegations of discrimination based on race, creed, color, national origin, religion, age, sex, or disability with the Commission on Human Rights or the Equal Employment Opportunity Commission or to pursue affirmative action litigation.

Added by Acts 1997, 75th Leg., ch. 1195, Sec. 3, eff. Sept. 1, 1997. Amended by Acts 2001, 77th Leg., ch. 1464, Sec. 10, eff. Sept. 1, 2001.

Sec. 143.401. APPLICABILITY. (a) This subchapter applies only to a municipality:

(1) with a population of 460,000 or more that operates under a city manager form of government; and

(2) that employs emergency medical services personnel in a municipal department other than the fire department.

(b) In this subchapter, "emergency medical services personnel" has the meaning assigned by Section 773.003, Health and Safety Code. The term applies only to an individual certified under Chapter 773, Health and Safety Code.

Added by Acts 2011, 82nd Leg., R.S., Ch. 708 (H.B. 554), Sec. 1, eff. June 17, 2011.

Sec. 143.402. ELECTION TO ADOPT OR REPEAL SUBCHAPTER. (a) A municipality may hold an election to adopt or repeal this subchapter as provided by this section.

(b) If the governing body of the municipality receives a petition requesting an election that is signed by a number of registered voters who reside in the municipality equal to at least 10 percent of the number of voters who voted in the most recent

municipal general election, the governing body shall order an election submitting to the voters the question of whether this subchapter should be adopted. The election must be held on the first authorized uniform election date prescribed by Chapter 41, Election Code, that occurs after the petition is filed and that allows sufficient time to comply with other requirements of law.

(c) The ballot shall be printed to provide for voting for or against the proposition: "Adoption of the emergency medical services personnel civil service law." If a majority of the votes received in the election favor adoption of this subchapter, the governing body shall implement this subchapter.

To be valid, a petition for a subsequent election must contain the signatures of a number of registered voters who reside in the municipality equal to at least 20 percent of the number of voters who voted in the most recent municipal general election. Any subsequent election must be held at the next municipal general election that occurs after the petition is filed.

(e) If the governing body of a municipality that has operated under this subchapter for at least one year receives a petition requesting an election to repeal this subchapter that is signed by at least 10 percent of the registered voters who reside in the municipality, the governing body shall order an election submitting to the voters the question of whether this subchapter should be repealed. If a majority of the votes received favor repeal of this subchapter, this subchapter is void in that municipality.

(a) Each person who is employed for more than six months as emergency medical services personnel serving in a municipality at the time this subchapter is adopted in the municipality and who is entitled to civil service classification has the status of a civil service employee and is not required to take a competitive examination to remain in the position the person occupies at the time of the

adoption.

(b) On adoption of this subchapter, the governing body of the municipality employing emergency medical services personnel shall classify the personnel in accordance with Section 143.021 and the duties performed by the personnel.

(c) To the extent it can be made applicable, each provision of this chapter, including the provisions relating to eligibility lists, examinations, promotions, appointments, educational incentive pay, longevity or seniority pay, certification pay, assignment pay, salary, vacation leave, and disciplinary appeals, applies to emergency medical services personnel covered by this subchapter.

- (2) the agreement is ratified under Section 147.008.

(b) A state district court of the judicial district in which a majority of the population of the municipality is located has full authority and jurisdiction on the application of either party aggrieved by an action or omission of the other party when the action or omission is related to a right, duty, or obligation provided by any written agreement ratified as required by this chapter. (e) An election ordered under Subsection (b) must be held and the returns prepared and canvassed in conformity with the Election Code.

The commission may change its findings and decisions by reason of the additional evidence and shall file the additional evidence and any changes, new findings, or decisions with the reviewing court.

(c) The party seeking judicial review shall offer, and the reviewing court shall admit, the commission record into evidence as an exhibit.

The administrator shall provide the notice before coverage is issued to an applicant and shall give the applicant the opportunity to decline the coverage.

(c) A person who has coverage under a risk pool may institute proceedings to have the pool declared insolvent by petitioning a district court in Travis County to declare the pool insolvent. If the district court, after notice and hearing, determines that the pool is insolvent, the court shall appoint a receiver to take charge of and dispose of the pool's assets, debts, obligations, losses, and other liabilities. Except as provided by this chapter, a receivership under this section is governed by Chapter 64, Civil Practice and Remedies Code, to the extent that chapter can be made applicable.

(d) After a receiver takes charge of the assets and determines outstanding debts, obligations, losses, and other liabilities, the receiver shall give notice of his determination to any person, including a political subdivision that is a participant in the pool.

(e) If the receiver determines that money is owed to the pool by a political subdivision that is a participant in the pool, the political subdivision may protest the determination by filing with the court a protest statement not later than the 15th day after the date the notice of the receiver's determination is mailed.

(f) If a court in which a protest statement is filed determines after a hearing that an amount is owed by the political subdivision filing the protest statement, the political subdivision shall pay that amount to the receiver not later than the 30th day after the date on which the court's determination becomes final. A

determination by a court on a protest statement is interlocutory.

(g) If a protest statement is not filed with the court, the political subdivision shall pay to the receiver the amount determined to be owed not later than the 30th day after the date on which the receiver mails the notice under Subsection (d).

(h) The court that appoints a receiver may direct that a reasonable fee be paid to the receiver as compensation for performance of responsibilities and duties and may assess each political subdivision that is a participant in the pool under the receiver's control an amount necessary to compensate the receiver.

(1) as authorized by Subchapter A, Chapter 157; or
 (2) through an interlocal contract entered under The Interlocal Cooperation Act (Article 4413(32c), Vernon's Texas Civil Statutes) with other political subdivisions of this state if the aggregate annual contributions to the pool will exceed \$1 million based on an actuarial estimate by an actuary who is a member of the American Academy of Actuaries.

(b) A county with a population of fewer than 500,000 may create and provide coverage through a pool if the aggregate annual claims, contributions, or both claims and contributions to the pool will exceed \$300,000 based on an actuarial estimate by an actuary who is a member of the American Academy of Actuaries.

A retiree may authorize in writing the person who pays his retirement benefits to deduct from those benefits an amount sufficient to pay the retiree's and his dependents' contributions.

CHAPTER 174. FIRE AND POLICE EMPLOYEE RELATIONS

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 174.001. SHORT TITLE. This chapter may be cited as The Fire and Police Employee Relations Act.

Added by Acts 1993, 73rd Leg., ch. 269, Sec. 4, eff. Sept. 1, 1993.

Sec. 174.002. POLICY. (a) The policy of this state is that a political subdivision shall provide its fire fighters and police officers with compensation and other conditions of employment that are substantially the same as compensation and conditions of employment prevailing in comparable private sector employment.

(b) The policy of this state is that fire fighters and police officers, like employees in the private sector, should have the right to organize for collective bargaining, as collective bargaining is a fair and practical method for determining compensation and other conditions of employment. Denying fire fighters and police officers the right to organize and bargain collectively would lead to strife and unrest, consequently injuring the health, safety, and welfare of the public.

(c) The health, safety, and welfare of the public demands that strikes, lockouts, and work stoppages and slowdowns of fire fighters and police officers be prohibited, and therefore it is the state's duty to make available reasonable alternatives to strikes by fire fighters and police officers.

(d) Because of the essential and emergency nature of the public service performed by fire fighters and police officers, a reasonable alternative to strikes is a system of arbitration conducted under adequate legislative standards. Another reasonable alternative, if the parties fail to agree to arbitrate, is judicial enforcement of the requirements of this chapter regarding compensation and conditions of employment applicable to fire fighters and police officers.

(e) With the right to strike prohibited, to maintain the high morale of fire fighters and police officers and the efficient operation of the departments in which they serve, alternative procedures must be expeditious, effective, and binding.

Added by Acts 1993, 73rd Leg., ch. 269, Sec. 4, eff. Sept. 1, 1993.

Sec. 174.003. DEFINITIONS. In this chapter:

(1) "Association" means any type of organization, including an agency or employee representation committee or plan, in which fire fighters, police officers, or both, participate and that exists, in whole or in part, to deal with one or more public or private employers concerning grievances, labor disputes, or conditions of employment affecting fire fighters, police officers, or both.

(2) "Fire fighter" means a permanent, paid employee of the fire department of a political subdivision. The term does not include:

- (A) the chief of the department; or
- (B) a volunteer fire fighter.

(3) "Police officer" means a paid employee who is sworn, certified, and full-time, and who regularly serves in a professional law enforcement capacity in the police department of a political subdivision. The term does not include the chief of the department.

(4) "Political subdivision" includes a municipality.

(5) "Public employer" means the official or group of officials of a political subdivision whose duty is to establish the

compensation, hours, and other conditions of employment of fire fighters, police officers, or both, and may include the mayor, city manager, town manager, town administrator, municipal governing body, director of personnel, personnel board, commissioners, or another official or combination of those persons.

(c) A records management officer, in lieu of filing an amended records control schedule, may file with the director and librarian an amended written certification of compliance that the local government or the elective county office has adopted amended records control schedules to comply with the minimum requirements established on records retention schedules issued by the commission including any revised schedules issued by the commission.

(d) The records management officer shall review the records control schedules of the local government or elective county office and prepare amendments to the schedules as needed to reflect new records created or received by the government or office or revisions to retention periods established in a records retention schedule issued by the commission. Sec. 204.010. COMMERCIAL MICROFILM STORAGE FACILITIES. (a) The commission may establish a program for the certification of commercial microfilm storage facilities for the storage of the master microfilm negatives of local government records.

(b) If the commission establishes a certification program, the procedures of this subsection apply. On request by the commercial storage facility, the director and librarian or the representative of the director and librarian shall inspect the facility to determine if the facility meets the minimum standards established by the commission under Section 204.004 for the storage of the microfilm of local government records. If the commercial storage facility meets the minimum standards established by the commission, the name of the facility shall be added to a list of certified storage facilities to be prepared by the director and librarian and made available on request to a local government, elected county officer, or other interested party. The inspection and certification of commercial storage facilities shall be on a fee basis to be determined by the commission.

(c) The commission shall determine the period a certification made under this section is effective.

Sec. 204.011. EFFECTIVE AS ORIGINAL RECORD. (a) A microfilmed record created in compliance with this chapter and rules adopted under it, including microfilm validated by Section 204.003, is an original record and shall be accepted by any court or administrative agency of this state.

(3) "Source document" means the local government record from which local government record data is obtained for electronic storage. The term does not include backup copies of the data in any media generated from electronic storage.

Added by Acts 1989, 71st Leg., ch. 1248, Sec. 1, eff. Sept. 1, 1989.

Sec. 205.002. AUTHORIZATION. Any local government record data may be stored electronically in addition to or instead of source documents in paper or other media, subject to the requirements of this chapter and rules adopted under it.

Added by Acts 1989, 71st Leg., ch. 1248, Sec. 1, eff. Sept. 1, 1989.

Sec. 205.003. STANDARDS AND PROCEDURES TO BE ADOPTED. (a) The commission shall adopt rules establishing standards and procedures for the electronic storage of any local government record data of permanent value and may adopt rules establishing standards and procedures for the electronic storage of any local government record data whose retention period is at least 10 years on a records retention schedule issued by the commission. The rules must be approved as required by Section 441.165, Government Code.

(b) With regard to the types of local government record data covered by Subsection (a), the rules may require or prescribe:

(1) standards and procedures for the generation of backup or preservation copies of the local government record data on paper, microfilm, electronic, or other approved media;

(2) standards and procedures for the recopying or duplication of the magnetic tape, optical disk, or similar machine-readable medium on which the local government record data are stored;

(3) standards and procedures for the physical storage and maintenance of magnetic tapes, optical disks, or similar machine-readable media;

(4) standards and procedures for providing access by members of the public to electronically stored local government record data to which they are entitled under law; and

Added by Acts 1989, 71st Leg., ch. 1248, Sec. 1, eff. Sept. 1, 1989.

Sec. 205.004. RULES TO BE UPDATED. The director and librarian shall monitor standards and procedures relating to electronic storage developed for use by federal agencies or adopted by national organizations that develop and set standards in the fields of records and information management in order to recommend to the commission any needed amendments to rules.

Added by Acts 1989, 71st Leg., ch. 1248, Sec. 1, eff. Sept. 1, 1989.

Sec. 205.005. SUPREME COURT RULES. This chapter is not intended to conflict with Subchapter I, Chapter 51, Government Code, relating to the electronic filing of certain documents in district and county courts. The commission shall incorporate any rules adopted under that subchapter into its own.

Added by Acts 1989, 71st Leg., ch. 1248, Sec. 1, eff. Sept. 1, 1989.

Sec. 205.006. INDEX. An index to local government record data stored electronically must provide the same information that may be required by state law for an index to the source document, if applicable.

Added by Acts 1989, 71st Leg., ch. 1248, Sec. 1, eff. Sept. 1, 1989.

Sec. 205.007. ELECTRONIC STORAGE AUTHORIZATION REQUESTS. (a) Before the electronic storage of any local government record data of permanent value or, if stipulated in commission rules, any local government record data whose retention period is at least 10 years on

a records retention schedule issued by the commission, an electronic storage authorization request shall be submitted to the director and librarian for approval.

(b) Electronic storage authorization requests shall be submitted by the records management officer or under the officer's direction or, if a records management officer has not yet been designated under Section 203.025, by the custodian of the local government record data to be stored electronically.

(c) If the director and librarian or the designee of the director and librarian approves the request, the local government record data may be stored electronically.

(d) If the director and librarian or the designee of the director and librarian disapproves the request, the reasons for the disapproval shall be stated in writing within a reasonable time to the records management officer or custodian. Electronic storage of the local government record data may not take place until an electronic storage authorization request receives the approval of the director and librarian or the designee of the director and librarian.

(e) The director and librarian or the designee of the director and librarian may disapprove an electronic storage authorization request only if the standards and procedures proposed for the electronic storage of the local government record data are in violation of this chapter or rules adopted under it.

(f) The director and librarian shall determine the form and manner of submission of authorization requests required by this chapter.

Added by Acts 1989, 71st Leg., ch. 1248, Sec. 1, eff. Sept. 1, 1989.

Sec. 205.008. DESTRUCTION OF SOURCE DOCUMENTS. (a) The source document, if any, for electronically stored local government record data covered by Section 205.007(a) may be destroyed or returned to the person who filed it for record if the electronic storage authorization request is approved.

(b) The magnetic tape, optical disk, or similar medium containing the local government record data and the hardware and software necessary to provide access to it must be retained by the local government or be available to the local government until the expiration of the retention period for all source documents, subject

to the rules adopted under this chapter.

(c) The source document, if any, for electronically stored local government record data not covered by Section 205.007(a) may be destroyed before the expiration of the retention period for the source document in a records retention schedule issued by the commission if the magnetic tape, optical disk, or similar medium and hardware and software necessary to provide access to local government record data on the media are retained for the retention period in the schedule. Conversely, the magnetic tape, optical disk, or similar medium may be erased, written over, or destroyed before the expiration of the retention period for a source document for local government record data not covered by Section 205.007(a), if the source document, if any, is retained until the expiration of its retention period or, if the source document has already been destroyed, paper or microfilm copies are generated from the magnetic tape, optical disk, or similar medium before destruction or erasure and retained until the expiration of the retention period for the source document.

Added by Acts 1989, 71st Leg., ch. 1248, Sec. 1, eff. Sept. 1, 1989.

Sec. 205.009. DENIAL OF ACCESS PROHIBITED. A person under contract or agreement with a local government or elected county officer to create, file, or store local government record data electronically or to provide services, equipment, or the means for the creation, filing, or storage, may not, under any circumstances, refuse to provide local government record data to the local government in a timely manner in a format accessible and useable by the local government.

Added by Acts 1989, 71st Leg., ch. 1248, Sec. 1, eff. Sept. 1, 1989.

(b) A local government that owns, licenses, or maintains

computerized data that includes sensitive personal information shall comply, in the event of a breach of system security, with the notification requirements of Section 521.053, Business & Commerce Code, to the same extent as a person who conducts business in this state.

Added by Acts 2009, 81st Leg., R.S., Ch. 419 (H.B. 2004), Sec. 6, eff. September 1, 2009.

(b) In the case of designated places and areas of historical, cultural, or architectural importance and significance, the governing body of a municipality may regulate the construction, reconstruction, alteration, or razing of buildings and other structures.

Sec. 211.004. COMPLIANCE WITH COMPREHENSIVE PLAN. (a) Zoning regulations must be adopted in accordance with a comprehensive plan and must be designed to:

- (1) lessen congestion in the streets;

Sec. 211.005. DISTRICTS. (a) The governing body of a municipality may divide the municipality into districts of a number, shape, and size the governing body considers best for carrying out this subchapter. Within each district, the governing body may regulate the erection, construction, reconstruction, alteration, repair, or use of buildings, other structures, or land.

(b) Zoning regulations must be uniform for each class or kind of building in a district, but the regulations may vary from district to district. The regulations shall be adopted with reasonable consideration, among other things, for the character of each district and its peculiar suitability for particular uses, with a view of conserving the value of buildings and encouraging the most appropriate use of land in the municipality.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 211.006. PROCEDURES GOVERNING ADOPTION OF ZONING REGULATIONS AND DISTRICT BOUNDARIES. (a) The governing body of a municipality wishing to exercise the authority relating to zoning regulations and zoning district boundaries shall establish procedures for adopting and enforcing the regulations and boundaries. A regulation or boundary is not effective until after a public hearing on the matter at which parties in interest and citizens have an opportunity to be heard. Before the 15th day before the date of the

hearing, notice of the time and place of the hearing must be published in an official newspaper or a newspaper of general circulation in the municipality.

(b) In addition to the notice required by Subsection (a), a general-law municipality that does not have a zoning commission shall give notice of a proposed change in a zoning classification to each property owner who would be entitled to notice under Section 211.007(c) if the municipality had a zoning commission. That notice must be given in the same manner as required for notice to property owners under Section 211.007(c). The governing body may not adopt the proposed change until after the 30th day after the date the notice required by this subsection is given.

(c) If the governing body of a home-rule municipality conducts a hearing under Subsection (a), the governing body may, by a two-thirds vote, prescribe the type of notice to be given of the time and place of the public hearing. Notice requirements prescribed under this subsection are in addition to the publication of notice required by Subsection (a).

(d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either:

(1) the area of the lots or land covered by the proposed change; or

(2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.

(e) In computing the percentage of land area under Subsection (d), the area of streets and alleys shall be included.

(f) The governing body by ordinance may provide that the affirmative vote of at least three-fourths of all its members is required to overrule a recommendation of the municipality's zoning commission that a proposed change to a regulation or boundary be denied.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Sec. 211.007. ZONING COMMISSION. (a) To exercise the powers authorized by this subchapter, the governing body of a home-rule municipality shall, and the governing body of a general-law municipality may, appoint a zoning commission. The commission shall recommend boundaries for the original zoning districts and appropriate zoning regulations for each district. If the municipality has a municipal planning commission at the time of implementation of this subchapter, the governing body may appoint that commission to serve as the zoning commission.

(b) The zoning commission shall make a preliminary report and hold public hearings on that report before submitting a final report to the governing body. The governing body may not hold a public hearing until it receives the final report of the zoning commission unless the governing body by ordinance provides that a public hearing is to be held, after the notice required by Section 211.006(a), jointly with a public hearing required to be held by the zoning commission. In either case, the governing body may not take action on the matter until it receives the final report of the zoning commission.

(c) Before the 10th day before the hearing date, written notice of each public hearing before the zoning commission on a proposed change in a zoning classification shall be sent to each owner, as indicated by the most recently approved municipal tax roll, of real property within 200 feet of the property on which the change in classification is proposed. The notice may be served by its deposit in the municipality, properly addressed with postage paid, in the United States mail. If the property within 200 feet of the property on which the change is proposed is located in territory annexed to the municipality and is not included on the most recently approved municipal tax roll, the notice shall be given in the manner provided by Section 211.006(a).

(c-1) Before the 10th day before the hearing date, written notice of each public hearing before the zoning commission on a proposed change in a zoning classification affecting residential or multifamily zoning shall be sent to each school district in which the property for which the change in classification is proposed is located. The notice may be served by its deposit in the municipality, properly addressed with postage paid, in the United States mail.

(c-2) Subsection (c-1) does not apply to a municipality the

majority of which is located in a county with a population of 100,000 or less, except that such a municipality must give notice under Subsection (c-1) to a school district that has territory in the municipality and requests the notice. For purposes of this subsection, if a school district makes a request for notice under Subsection (c-1), the municipality must give notice of each public hearing held following the request unless the school district requests that no further notices under Subsection (c-1) be given to the school district.

(d) The governing body of a home-rule municipality may, by a two-thirds vote, prescribe the type of notice to be given of the time and place of a public hearing held jointly by the governing body and the zoning commission. If notice requirements are prescribed under this subsection, the notice requirements prescribed by Subsections (b) and (c) and by Section 211.006(a) do not apply.

(e) If a general-law municipality exercises zoning authority without the appointment of a zoning commission, any reference in a law to a municipal zoning commission or planning commission means the governing body of the municipality.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987.

Amended by:

Acts 2013, 83rd Leg., R.S., Ch. 640 (H.B. 674), Sec. 1, eff. September 1, 2013.

Sec. 211.0075. COMPLIANCE WITH OPEN MEETINGS LAW. A board or commission established by an ordinance or resolution adopted by the governing body of a municipality to assist the governing body in developing an initial comprehensive zoning plan or initial zoning regulations for the municipality, or a committee of the board or commission that includes one or more members of the board or commission, is subject to Chapter 551, Government Code, regardless of whether the board, commission, or committee has rulemaking or quasi-judicial powers or functions only in an advisory capacity.

Added by Acts 1993, 73rd Leg., ch. 381, Sec. 1, eff. Aug. 30, 1993.

Amended by Acts 1995, 74th Leg., ch. 76, Sec. 5.95(82), eff. Sept. 1, 1995.

Sec. 211.008. BOARD OF ADJUSTMENT. (a) The governing body of a municipality may provide for the appointment of a board of adjustment. In the regulations adopted under this subchapter, the governing body may authorize the board of adjustment, in appropriate cases and subject to appropriate conditions and safeguards, to make special exceptions to the terms of the zoning ordinance that are consistent with the general purpose and intent of the ordinance and in accordance with any applicable rules contained in the ordinance.

(b) A board of adjustment must consist of at least five members to be appointed for terms of two years. The governing body must provide the procedure for appointment. The governing body may authorize each member of the governing body, including the mayor, to appoint one member to the board. The appointing authority may remove a board member for cause, as found by the appointing authority, on a written charge after a public hearing. A vacancy on the board shall be filled for the unexpired term.

(c) The governing body, by charter or ordinance, may provide for the appointment of alternate board members to serve in the absence of one or more regular members when requested to do so by the mayor or city manager. An alternate member serves for the same period as a regular member and is subject to removal in the same manner as a regular member. A vacancy among the alternate members is filled in the same manner as a vacancy among the regular members.

(d) Each case before the board of adjustment must be heard by at least 75 percent of the members.

(e) The board by majority vote shall adopt rules in accordance with any ordinance adopted under this subchapter. Meetings of the board are held at the call of the presiding officer and at other times as determined by the board. The presiding officer or acting presiding officer may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public.

(f) The board shall keep minutes of its proceedings that indicate the vote of each member on each question or the fact that a member is absent or fails to vote. The board shall keep records of its examinations and other official actions. The minutes and records shall be filed immediately in the board's office and are public records.

(g) The governing body of a Type A general-law municipality by ordinance may grant the members of the governing body the authority to act as a board of adjustment under this chapter.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1993, 73rd Leg., ch. 126, Sec. 1, eff. Sept. 1, 1993; Acts 1995, 74th Leg., ch. 724, Sec. 1, eff. Aug. 28, 1995; Acts 1997, 75th Leg., ch. 363, Sec. 1, eff. Sept. 1, 1997.

Sec. 211.009. AUTHORITY OF BOARD. (a) The board of adjustment may:

(1) hear and decide an appeal that alleges error in an order, requirement, decision, or determination made by an administrative official in the enforcement of this subchapter or an ordinance adopted under this subchapter;

(2) hear and decide special exceptions to the terms of a zoning ordinance when the ordinance requires the board to do so;

(3) authorize in specific cases a variance from the terms of a zoning ordinance if the variance is not contrary to the public interest and, due to special conditions, a literal enforcement of the ordinance would result in unnecessary hardship, and so that the spirit of the ordinance is observed and substantial justice is done; and

(4) hear and decide other matters authorized by an ordinance adopted under this subchapter.

(b) In exercising its authority under Subsection (a)(1), the board may reverse or affirm, in whole or in part, or modify the administrative official's order, requirement, decision, or determination from which an appeal is taken and make the correct order, requirement, decision, or determination, and for that purpose the board has the same authority as the administrative official.

(c) The concurring vote of 75 percent of the members of the board is necessary to:

(1) reverse an order, requirement, decision, or determination of an administrative official;

(2) decide in favor of an applicant on a matter on which the board is required to pass under a zoning ordinance; or

(3) authorize a variation from the terms of a zoning ordinance.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1993, 73rd Leg., ch. 126, Sec. 2, eff. Sept. 1, 1993; Acts 1995, 74th Leg., ch. 724, Sec. 2, eff. Aug. 28, 1995.

Sec. 211.010. APPEAL TO BOARD. (a) Except as provided by Subsection (e), any of the following persons may appeal to the board of adjustment a decision made by an administrative official:

- (1) a person aggrieved by the decision; or
- (2) any officer, department, board, or bureau of the municipality affected by the decision.

(b) The appellant must file with the board and the official from whom the appeal is taken a notice of appeal specifying the grounds for the appeal. The appeal must be filed within a reasonable time as determined by the rules of the board. On receiving the notice, the official from whom the appeal is taken shall immediately transmit to the board all the papers constituting the record of the action that is appealed.

(c) An appeal stays all proceedings in furtherance of the action that is appealed unless the official from whom the appeal is taken certifies in writing to the board facts supporting the official's opinion that a stay would cause imminent peril to life or property. In that case, the proceedings may be stayed only by a restraining order granted by the board or a court of record on application, after notice to the official, if due cause is shown.

(d) The board shall set a reasonable time for the appeal hearing and shall give public notice of the hearing and due notice to the parties in interest. A party may appear at the appeal hearing in person or by agent or attorney. The board shall decide the appeal within a reasonable time.

(e) A member of the governing body of the municipality who serves on the board of adjustment under Section 211.008(g) may not bring an appeal under this section.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1997, 75th Leg., ch. 363, Sec. 2, eff. Sept. 1, 1997.

Sec. 211.011. JUDICIAL REVIEW OF BOARD DECISION. (a) Any of the following persons may present to a district court, county court, or county court at law a verified petition stating that the decision of the board of adjustment is illegal in whole or in part and specifying the grounds of the illegality:

(1) a person aggrieved by a decision of the board;
(2) a taxpayer; or
(3) an officer, department, board, or bureau of the municipality.

(b) The petition must be presented within 10 days after the date the decision is filed in the board's office.

(c) On the presentation of the petition, the court may grant a writ of certiorari directed to the board to review the board's decision. The writ must indicate the time by which the board's return must be made and served on the petitioner's attorney, which must be after 10 days and may be extended by the court. Granting of the writ does not stay the proceedings on the decision under appeal, but on application and after notice to the board the court may grant a restraining order if due cause is shown.

(d) The board's return must be verified and must concisely state any pertinent and material facts that show the grounds of the decision under appeal. The board is not required to return the original documents on which the board acted but may return certified or sworn copies of the documents or parts of the documents as required by the writ.

(e) If at the hearing the court determines that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take evidence as directed. The referee shall report the evidence to the court with the referee's findings of fact and conclusions of law. The referee's report constitutes a part of the proceedings on which the court shall make its decision.

(f) The court may reverse or affirm, in whole or in part, or modify the decision that is appealed. Costs may not be assessed against the board unless the court determines that the board acted with gross negligence, in bad faith, or with malice in making its decision.

(g) The court may not apply a different standard of review to a decision of a board of adjustment that is composed of members of the governing body of the municipality under Section 211.008(g) than is applied to a decision of a board of adjustment that does not contain members of the governing body of a municipality.

1999, 76th Leg., ch. 646, Sec. 1, eff. Aug. 30, 1999.

Sec. 211.012. ENFORCEMENT; PENALTY; REMEDIES. (a) The governing body of a municipality may adopt ordinances to enforce this subchapter or any ordinance or regulation adopted under this subchapter.

(b) A person commits an offense if the person violates this subchapter or an ordinance or regulation adopted under this subchapter. An offense under this subsection is a misdemeanor, punishable by fine, imprisonment, or both, as provided by the governing body. The governing body may also provide civil penalties for a violation.

(c) If a building or other structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained or if a building, other structure, or land is used in violation of this subchapter or an ordinance or regulation adopted under this subchapter, the appropriate municipal authority, in addition to other remedies, may institute appropriate action to:

- (1) prevent the unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance, or use;
- (2) restrain, correct, or abate the violation;
- (3) prevent the occupancy of the building, structure, or land; or

(c) The provisions of this chapter shall not be construed to prohibit the adoption or application of any charter provision of a home-rule municipality that requires a waiting period prior to the adoption of zoning regulations or the submission of the initial adoption of zoning regulations to a binding referendum election, or both, provided that all procedural requirements of this chapter for the adoption of the zoning regulation are otherwise complied with. The governing body of that municipality may enter into an agreement with any other affected municipality or with any

other municipality having area that, if unincorporated, would be in the extraterritorial jurisdiction of the governing body's municipality delegating to the other municipality the responsibility for plat approval within specified parts of the affected area.

A plat is considered approved by the governing body unless it is disapproved within that period.

(d) If the municipal authority responsible for approving plats fails to act on a plat within the prescribed period, the authority on request shall issue a certificate stating the date the plat was filed

and that the authority failed to act on the plat within the period. The certificate is effective in place of the endorsement required by Subsection (c).

(e) The municipal authority responsible for approving plats shall maintain a record of each application made to the authority and the authority's action taken on it. On request of an owner of an affected tract, the authority shall certify the reasons for the action taken on an application.

Sec. 212.0105. WATER AND SEWER REQUIREMENTS IN CERTAIN COUNTIES. (a) This section applies only to a person who:

(1) is the owner of a tract of land in a county in which a political subdivision that is eligible for and has applied for financial assistance through Subchapter K, Chapter 17, Water Code;

(2) divides the tract in a manner that creates any lots that are intended for residential purposes and are five acres or less; and

(3) is required under this subchapter to have a plat prepared for the subdivision.

(b) The owner of the tract:

- (1) must:

(A) include on the plat or have attached to the plat a document containing a description of the water and sewer service facilities that will be constructed or installed to service the subdivision and a statement of the date by which the facilities will be fully operable; and

(B) have attached to the plat a document prepared by an engineer registered to practice in this state certifying that the water and sewer service facilities described by the plat or on the document attached to the plat are in compliance with the model rules adopted under Section 16.343, Water Code; or

(2) must:

(A) include on the plat a statement that water and sewer service facilities are unnecessary for the subdivision; and

(B) have attached to the plat a document prepared by an engineer registered to practice in this state certifying that water and sewer service facilities are unnecessary for the subdivision under the model rules adopted under Section 16.343, Water Code.

(c) The governing body of the municipality may extend, beyond the date specified on the plat or on the document attached to the plat, the date by which the water and sewer service facilities must be fully operable if the governing body finds the extension is reasonable and not contrary to the public interest. If the facilities are fully operable before the expiration of the extension period, the facilities are considered to have been made fully operable in a timely manner. An extension is not reasonable if it would allow a residence in the subdivision to be inhabited without water or sewer services.
