

## SAVE OUR SENIORS INITIATIVE

We need you to personally contact any member who is 75 years of age or over to determine if they need to obtain a COVID vaccine. On Wednesday and Thursday, March 3<sup>rd</sup> and 4<sup>th</sup>, the San Jacinto County Emergency Management has teamed up with Texas Division of Emergency Management to bring the Governor's Save Our Seniors Initiative to San Jacinto County.

Please have any senior 75 and over to contact the local Emergency Management at (936) 653-3395 to make an appointment. Should a senior be homebound, please have them to tell the Emergency Office representative and arrangement may be made to have the shot done at their residence.
