INDEPENDENT AUDITORS' REPORT

To the Honorable County Judge
and Members of the Commissioners' Court
San Jacinto County, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of San Jacinto County, Texas, as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of San Jacinto County, Texas, as of September 30, 2018, and the respective changes in

INDEPENDENT AUDITORS' REPORT – CONTINUED

financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in the notes to the financial statements, in 2018 the County adopted new accounting guidance, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of changes in net pension liability, schedule of pension contributions, and schedule of changes in total OPEB liability on pages 11-17 and 65-83, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements, on pages 89-115, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2019, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in

INDEPENDENT AUDITORS' REPORT – CONTINUED

accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**SAN JACINTO COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2018
(UNAUDITED)**

As management of San Jacinto County, Texas (the "County"), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended September 30, 2018. We encourage readers to consider information presented here as well as the County's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

Government-wide Financial Statements

- The County's overall assets and deferred outflows exceeded its total liabilities and deferred inflows by \$26,468,850 (net position) at September 30, 2018.
- Total assets decreased by \$1,065,150 over the prior year; total liabilities decreased by \$1,397,581 from the prior year.
- Overall revenues exceeded expenses (or an increase in net position) by \$13,421.

Fund Financial Statements

- At the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$5,083,036, a decrease of \$473,615 from the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other required supplementary information that further explains and supports the information in the financial statements.

Government-wide Financial Statements. The *government-wide financial statements*, which begin on page 23 of this report, are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

The *statement of net position* presents information on all of the County's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the County's net position changed during the fiscal year. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**SAN JACINTO COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2018
(UNAUDITED)**

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources* available at the end of the fiscal year.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized when they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest, which are reported as expenditures in the year due.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The governmental fund financial statements can be found on pages 28 to 35 of this report.

Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources are not available to support the County's own programs.

The fiduciary fund financial statements can be found on page 37 and pages 113 to 115 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 41 to 62 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of government's financial position. The County's assets exceeded its liabilities by \$26,468,850 (net position) as of September 30, 2018.

The largest portion of the County's net position, or \$19,370,074, reflects its investment in capital assets (\$22,426,840) less the related debt used to acquire those assets that remains outstanding (\$3,056,766). The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's net position totaling \$2,984,217 represents resources that are subject to restriction on how they may be used.

The remaining balance is \$4,114,559 and unrestricted in nature.

Prior Period Adjustments. As explained in the notes to the financial statements, the 2017 balances shown below have been restated to include the effect of various adjustments and corrections resulting in a net decrease to net position of \$805,078.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2018
(UNAUDITED)**

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

Governmental Funds. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balances* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The County's governmental fund financial statements are presented on pages 28 to 35.

As of September 30, 2018, the County's governmental funds reported a total fund balance of \$5,083,036. This fund balance is comprised of \$3,035,088 that is either restricted or assigned for a specific purpose. The remaining balance, \$2,047,948, is unassigned. During the year, the fund balance in the County's governmental funds increased by \$30,848.

Prior Period Adjustments. As explained in the notes to the financial statements, the beginning fund balances have been adjusted to include the effect of various corrections and adjustments resulting in an overall net decrease of \$504,463.

Budgetary Comparisons. A comparison of the general fund budget and actual results, as well as comparisons of the road and bridge funds budgets and actual results are presented as required supplementary information on pages 65 through 73.

General fund. Actual revenues were higher than budgeted amounts by \$237,501. Actual expenditures were lower than budgeted amounts by \$208,038. Actual other financing sources (uses) were unfavorable to budgeted amounts by \$80,312. An overall decrease in fund balance of \$86,795 had been projected, using prior year budget carryovers to fund the decrease. Actual results were better than expected, resulting in an increase in fund balance of \$278,432 for the fiscal year.

Road and bridge precinct no. 1. Actual revenues were lower than budgeted amounts by \$220,069. Actual expenditures were lower than budgeted amounts by \$161,966. Actual other financing sources (uses) were favorable to budgeted amounts by \$82,580. An overall decrease in fund balance of \$79,609 had been projected, using prior year budget carryovers to fund the decrease. Actual amounts resulted in a decrease in fund balance of \$55,132 for the fiscal year.

Road and bridge precinct no. 2. Actual revenues were lower than budgeted amounts by \$25,021. Actual expenditures were higher than budgeted amounts by \$221,213. Actual other financing sources (uses) were favorable to budgeted amounts by \$334,880. An overall decrease in fund balance of \$11,326 had been projected. Actual results were better than expected, resulting in an increase in fund balance of \$77,320 for the fiscal year.

Road and bridge precinct no. 3. Actual revenues were lower than budgeted amounts by \$114,682. Actual expenditures were lower than budgeted amounts by \$230,871. Actual other financing sources (uses) were unfavorable to budgeted amounts by \$2,441. No change in fund balance had been projected. Actual results were better than expected, resulting in an increase in fund balance of \$113,748 for the fiscal year.

**SAN JACINTO COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2018
(UNAUDITED)**

Road and bridge precinct no. 4. Actual revenues were lower than budgeted amounts by \$208,054. Actual expenditures were lower than budgeted amounts by \$187,594. Actual other financing sources (uses) were favorable to budgeted amounts by \$11,162. An overall decrease in fund balance of \$29,487 had been projected, using prior year budget carryovers to fund the decrease. Actual amounts resulted in a decrease in fund balance of \$39,145 for the fiscal year.

CAPITAL ASSETS

The County's investment in capital assets as of September 30, 2018, totaled \$22,426,840 (net of accumulated depreciation). This investment includes construction in progress, land, land improvements, buildings, machinery and equipment, and infrastructure assets.

Significant capital purchases included:

- Continued progress on the community center (grant funded)
- Various vehicles, equipment and machinery for law enforcement and road and bridge departments
- Gradall excavators for road and bridge precincts 2 and 3(debt funded)

Capital Assets (Net of Depreciation)

	2018	2017
Land	\$ 2,030,081	\$ 2,030,081
Construction in progress	2,845,109	2,725,732
Land improvements	517,430	517,430
Buildings	7,141,073	7,129,639
Machinery and equipment	11,866,311	10,922,041
Infrastructure	203,633,249	203,633,249
Less: accumulated depreciation	(205,606,413)	(203,978,012)
Total	\$ 22,426,840	\$ 22,980,160

DEBT ADMINISTRATION

At the end of the current fiscal year, the County had total bond debt and capital lease obligations of \$3,056,766. During the year, the County fully paid-off three capital lease obligations and incurred two new capital leases.

Debt Outstanding

	Beginning Balance	Additions	Reductions	Ending Balance
Certificates of obligation	\$ 2,025,000	\$ -	\$ (380,000)	\$ 1,645,000
Unamortized premiums	152,909	-	(30,581)	122,328
Capital leases	1,106,767	659,027	(476,356)	1,289,438
Total	\$ 3,284,676	\$ 659,027	\$ (886,937)	\$ 3,056,766

**SAN JACINTO COUNTY, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2018
(UNAUDITED)**

ECONOMIC FACTORS AND FUTURE FUNDING

The fiscal year 2019 budget (all funds) totaling \$18,319,159 was approved and adopted by the Commissioners Court in September 2018. Of the 2019 budget total, \$1,100,847 consists of various grant funding. The County has budgeted general expenditures to be \$10,877,382, which is an increase from the prior year of approximately \$487,874. The tax rate required to fund the 2019 budget totals \$0.63497 per \$100 valuation with an estimated collection rate of 96%. The prior year tax rate was \$0.6400 per \$100 valuation with an estimated collection rate of 97%. Overall property tax revenue is expected to increase by approximately \$985,550, which is primarily due to new property added to the tax roll and increased appraised values of existing property.

REQUESTS FOR INFORMATION

The financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have questions about this report or need any additional information, contact Kimberly Wooley, San Jacinto County Auditor, One State Hwy 150, Coldspring, Texas 77331.

NOTES TO THE FINANCIAL STATEMENTS

This page left blank intentionally.

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Introduction

The financial statements of San Jacinto County, Texas (the “County”) have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) as applied to government units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting and reporting policies used by the County are discussed below.

Reporting Entity

San Jacinto County, Texas (the “County”) is a public corporation and political subdivision of the State of Texas. The County is governed by an elected Commissioners Court, comprised of the County Judge and four Commissioners. The County provides the following services as authorized by the laws of the State of Texas: general government (e.g. tax collection), administration of justice (courts, juries, district attorney, sheriff, jail, etc.), highways and streets, and health and human services (e.g. juvenile services and assistance to indigents).

For financial reporting purposes, based on standards established by GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, these financial statements should present the County (the primary government) and its component units. Component units generally are legally separate entities for which the primary government is financially accountable or for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading. The County does not have any blended or discretely presented component units.

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report information on all of the activities of the County as a whole. *Governmental activities* include programs normally supported by taxes, grants, and other intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other revenue sources not properly included with program revenues are reported as *general revenues*.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported in separate columns in the fund financial statements.

Implementation of New Accounting Guidance

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (“GASB 80”), updates reporting requirements for postemployment benefits other than pensions (“OPEB”). The requirements of this statement are effective for financial statements for periods beginning after June 15, 2017. Implementation of GASB 75 resulted in a restatement and decrease of beginning

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

government-wide net position in the amount of \$499,271 for net OPEB liabilities that were previously not required to be reported on the financial statements. *See also note that follows, Prior Period Adjustments.*

New Accounting Pronouncements

GASB Statement No. 83, *Certain Asset Retirement Obligations* (“GASB 83”), addresses accounting and financial reporting for certain asset retirements which include a legally enforceable liability associated with the retirement of such tangible capital asset. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2018. The effects of implementing GASB 83 on the County’s financial disclosures have not been evaluated by management.

GASB Statement No. 84, *Fiduciary Activities* (“GASB 84”), improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The requirements of this statement are effective for financial statements for periods beginning after December 15, 2018. The effects of implementing GASB 84 on the County’s financial disclosures have not been evaluated by management.

GASB Statement No. 87, *Leases* (“GASB 87”), is intended to increase the usefulness of governments’ financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The requirements of this statement are effective for financial statements for periods beginning after December 15, 2019. The effects of implementing GASB 87 on the County’s financial disclosures have not been evaluated by management.

GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements* (“GASB 88”), is intended to improve the information that is disclosed in notes to government financial statements related to debt and to clarify which liabilities governments should include when disclosing information related to debt. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2018. The effects of implementing GASB 88 on the County’s financial disclosures have not been evaluated by management.

GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period* (“GASB 89”), is intended to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. The requirements of this statement are effective for financial statements for periods beginning after December 15, 2019. The effects of implementing GASB 89 on the County’s financial disclosures have not been evaluated by management.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax revenues are recognized in the year for which they are levied. Grants and donations are recognized as revenue in the fiscal year in which grantor eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The County considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related liability is incurred, as under accrual accounting. Debt service expenditures, both principal and interest, are recorded only when payment is due.

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Major governmental fund revenue sources susceptible to accrual include: sales and use taxes, property taxes, and investment income. In general, all other revenue items are considered to be measurable and available only when cash is received. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The County's funds are classified as either governmental or fiduciary and are described below.

Governmental Funds. Governmental funds are used to account for all or most of a government's general activity.

The *general fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The principal sources of revenues include local property taxes, fines, fees, license and permits, and intergovernmental revenue and grants. Expenditures include general government; judicial; public safety; and health and welfare.

The *debt service fund* is used to account for the collection of interest and sinking funds collected and expenditures for the payment of the County's certificates of obligation.

The *capital projects fund* is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Special revenue funds are used to account for resources restricted to, or designated for, specific purposes by the County, grantor, or statute, in a special revenue fund.

Fiduciary funds account for assets held by a government in a trustee or agency capacity on behalf of others.

Agency funds are used to account for assets received and held for the benefit of other funds, individuals, or organizations. Agency funds held by the county function as clearing accounts and are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs.

As of September 30, 2018, the general fund is reported as a major governmental fund. Additionally, the County has elected to present the road and bridge funds for precincts 1, 2, 3, and 4 as major funds due to their significance within the County. The County has no proprietary funds.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it is the County's policy to generally consider restricted amounts to have been reduced first. When an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it is the policy of the County that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts. In both instances, when a proposed expenditure is made with specific balances identified as the source of the funding, that specific fund balance will be used.

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Balance

Deposits and Investments

The County maintains a pooled cash and cash equivalents account. Each fund whose monies are deposited in the pooled cash and cash equivalents account has equity therein, and interest earned on the investment of these monies is allocated based upon relative equity at the previous month's end. Amounts on deposit in

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

interest bearing accounts and other investment are displayed on the financial statements as “cash and cash equivalents”. The County’s cash and cash equivalents are considered to be cash on hand, demand deposits, and certificates of deposit and short-term, highly liquid investments that are readily convertible to known amounts of cash and so near maturity that they present insignificant risk of changes in value because of changes in interest rates. Cash equivalents include investments with original maturities of three months or less. Cash equivalents are stated at fair value.

Investments consist of certificates of deposit with maturities greater than three months and investment positions in local government investment pools, such as TexPool and Texas CLASS, that are operated in a manner consistent with the SEC’s Rule 2a7 of the Investment Company Act of 1940. Certificates of deposit are recorded at cost, which approximates market value at September 30, 2018. TexPool and Texas CLASS investments are reported using the pool’s net asset value per share.

The County is required by the Public Funds Collateral Act (Government Code, chapter 2257) to maintain security for all deposits of funds that exceed coverage provided by the Federal Deposit Insurance Corporation (“FDIC”). As of the balance sheet date, the County’s cash deposits were fully collateralized by securities pledged by the depository banks. Based on audit procedures conducted in conjunction with the audit of the basic financial statements, the County appears to have complied with the requirements of the Public Funds Collateral Act.

The County is required by the Public Funds Investment Act (Government Code, chapter 2256) (the “Act”) to adopt, implement, and publicize a written investment policy which primarily emphasizes safety of principal and liquidity, and addresses investment diversification, yield, and maturity. Additionally, the policy must address the quality and capability of investment management and include the types of investments in which the entity may invest its funds, as well as the maximum allowable stated maturity of any individual investment, the maximum dollar-weighted average maturity allowed based on the stated maturity date for the portfolio of pooled fund groups, and bid requirements for certificates of deposit.

The County is authorized to invest in financial instruments, as authorized by the Act, including:

- U.S. Treasury securities which have a liquid market; direct obligations of the State of Texas, and other obligations that are guaranteed by the State of Texas or United States of America;
- obligations of states, agencies, counties, and other political subdivisions of any state having been rated as investment quality by a nationally recognized investment rating firm and having received a rating of not less than “A” or its equivalent;
- fully insured or collateralized certificates of deposit at commercial banks;
- repurchase agreements collateralized by U.S. Treasury or U.S. Government Agency securities in accordance with a master repurchase agreement;
- joint pools of political subdivisions in the State of Texas which invest in instruments and follow practices allowed by current law (the pool must be continuously rated no lower than “AAA” or “AAA-m” by at least one nationally recognized rating service).

The Act also requires an annual audit of investment practices. Based on audit procedures conducted in conjunction with the audit of the basic financial statements, the County appears to have complied with the requirements of the Public Funds Investment Act.

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Fair Value of Financial Instruments

The County evaluates the fair value of its non-investment financial instruments based on the current interest rate environment and current pricing of debt instruments with comparable terms. The carrying value of all non-investment financial instruments, including debt, is considered to approximate fair value.

Property Tax Receivables

Property taxes are levied on October 1 and are due upon receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On February 1 of each year, a tax lien attaches to property to secure payment of all taxes, penalties, and interest ultimately imposed. The County provides an allowance for all delinquent property taxes, calculated based on historical collection rates.

The County bills and collects for its own taxes and those for certain governmental entities within the County. Collections of the property taxes and subsequent remittances to the proper entities are accounted for in the Tax Assessor's Ad Valorem Fund. Tax collections deposited for the County are distributed on a periodic basis to the General and Road and Bridge Funds of the County. The distribution is based upon the tax rate established for each fund by order of the Commissioner's Court for the tax year for which the collections are made.

The tax rate, per \$100 valuation, adopted for the fiscal year ended September 30, 2018, was as follows:

General fund	\$.42630
Lateral road	.10240
Special road and bridge	.04590
Debt service - lateral road	.01652
Debt service - general	<u>.04886</u>
Total	<u>\$.63998</u>

The appraisal of property within the County is the responsibility of the county-wide appraisal district which is required under the Property Tax Code to assess all property within the appraisal district on the basis of 100 percent of its appraised value and is prohibited from applying any assessment ratios. The value of the property within the County must be reviewed every three years by the appraisal district unless the County, at its own expense, requires more frequent reviews. The County may challenge the appraised values through various appeals and, if necessary, legal action. Under this legislation, the County sets tax rates on County property.

Property tax receivables reflect outstanding and delinquent property tax levies and are shown net of an allowance for uncollectibles. The property tax receivable allowance is calculated based on historical collection rates.

Grant Receivables

Accounts receivable from other governments include amounts due from grantors in regard to approved grants for specific programs and reimbursements for services performed by the County. Program grants are recorded as receivables and revenues at the time all eligibility requirements have been met and reimbursable costs are incurred.

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Restricted Assets

Certain assets are classified as restricted because they are maintained in separate accounts and their use is limited by applicable bond covenants, grant agreements, laws or regulations, and/or other contractual agreements.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. In accordance with GASB guidelines, these amounts have been recorded only in the government-wide financial statements.

Capital Assets, Depreciation, and Amortization

The County's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost and reported in the applicable governmental type activities column in the government-wide financial statements. In accordance with GASB Statement No. 34, infrastructure has been capitalized retroactively. Capital assets are defined by the County as assets with an initial, individual cost of more than \$2,500 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

The estimated useful lives are as follows:

Land improvements	5 to 20 years
Buildings	5 to 45 years
Machinery and equipment	3 to 15 years
Infrastructure	10 to 40 years

Deferred Inflows/Outflows of Resources

Deferred Outflows of Resources. In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The County has three types of items, which arise only under a full accrual basis of accounting, that qualify for reporting in this category: 1) deferred amount on bond refunding, which is an amount that arose due to the refunding of the County's Series 2007 certificates of obligation and is being amortized to interest expense over the life of the new Series 2016 bonds; 2) deferred amounts relating to the County's pension plan which result from actuarial, economic, and/or investment assumption which are amortized to pension expense at an actuarially determined rate, and pension contributions subsequent to the plan measurement date which is recognized as a component of pension expense in the following fiscal year; and 3) deferred amounts relating to the County's other postemployment benefits which result from actuarial, economic, and/or investment assumption which are amortized to pension expense at an actuarially determined rate.

Deferred Inflows of Resources. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has two types of items, which arise only under a full accrual basis of accounting, that qualify for reporting in this category: 1) deferred amounts relating to the County's pension plan which result from actuarial, economic, and/or investment assumption which are amortized to pension expense at an actuarially determined rate; and 3) deferred amounts relating to the County's other postemployment benefits which result from actuarial, economic, and/or investment assumption which are amortized to pension expense at an actuarially determined rate.

Compensated Absences

It is the County's policy to permit employees to accumulate earned but unused vacation, personal time (hours worked on holidays), compensated time and sick pay benefits. Upon termination, the employee may be paid up to 176 hours of vacation time plus any personal or compensated time. An employee is not entitled to be paid for any accumulated sick time.

Amounts vested for accumulated vacation, personal, and compensated time that are not expected to be liquidated with expendable available financial resources are accrued in the government-wide statements.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in governmental activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the bond premiums or discounts. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

In fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the period such activity occurs. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Assets acquired under the terms of capital leases are recorded as liabilities and capitalized in the government-wide financial statements at the present value of net minimum lease payments at inception of the lease. In the year of acquisition, capital lease transactions are recorded as other financial sources and as capital outlay in the acquiring fund. Lease payments representing both principal and interest are recorded as expenditures in the applicable fund upon payment with an appropriate reduction of principal recorded in the government-wide financial statements.

Pensions

For purposes of measuring the net pension liability/net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the Texas County & District Retirement System ("TCDRS") and additions to/deductions from TCERS's Fiduciary Net Position have been determined on the same basis as they are reported by TCERS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Net Position and Fund Balances

In the government-wide financial statements, the difference between the County's total assets and total liabilities represents net position. Net position is displayed in three components – invested in capital assets, net of related debt; restricted; and unrestricted. At September 30, 2018, restricted net position represents monies that are legally restricted for payment of debt service, road and bridge costs, capital projects, and other special projects or other activities for which special assessments or revenues have been received. Unrestricted net position represents the net assets available for future operations.

In the governmental fund financial statements, fund balances are classified as follows:

Non-spendable – amounts that cannot be spent either because they are in non-spendable form (such as inventories and prepaid amounts) or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes due to constraints imposed on resources either (a) externally by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed – amounts that can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the Commissioners Court – the government's highest level of decision making authority. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Commissioners Court.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes.

Unassigned – all other spendable amounts.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The remainder of this page left blank intentionally.

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Deficit Balances

Generally accepted accounting principles require disclosure of individual funds that have deficit balances at year end. At September 30, 2018, the sanitation fund, county child abuse prevention fund, shelter/community building fund, FEMA DR 4223 fund, FEMA DR 4332 fund, as well as certain miscellaneous grant funds, had deficit balances. These deficits are the result of the timing relating to payment of invoices, expenditures in excess of appropriations, and transfers to and from pooled funds.

Budget Expenditures in Excess of Appropriations

The legal level of budgetary control is the department level. Therefore, expenditures may not legally exceed budget appropriations at the department level. In the County's major funds, expenditures exceeded appropriations at the legal level of budgetary control as follows:

General fund:

Other expenditures	\$	4,416
Elections		2,904
Inspector – environmental/permit		3,621
Professional claims and fees		37,415
Indigent healthcare		41,898
258 th judicial district		1
District court		54,670

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

DETAILED NOTES ON ALL FUNDS

ASSETS

Deposits and Investments

As of September 30, 2018, the County had the following investments:

	Value	Weighted Average Maturity (years)
Investments by type		
Certificates of deposit	\$ 1,649,713	0.19
TexPool	1,280,541	0.00
Texas CLASS	5,161	0.00
Total value	\$ 2,935,415	
Portfolio weighted average maturity		0.11

Interest Rate Risk. In accordance with its investment policy, the County manages its exposure to declines in fair value by limiting the maturity of any single investment to twelve months or less.

Credit Risk. State law and the County’s investment policy limit investments to obligations of states, agencies, counties, cities and other political subdivisions of any state rates as to investment quality by a nationally recognized investment rating firm not less than A or its equivalent. As of September 30, 2018, the County’s investments in TexPool and Texas CLASS were rated “AAAm” by Standard and Poor’s. All other investments are guaranteed (either express or implied) by the full faith and credit of the United States government.

Custodial Credit Risk – Deposits. In the case of deposits, this is the risk that in the event of a bank failure, the County’s deposits may not be returned. As of September 30, 2018, the County’s cash deposits with depository banks totaled \$6,922,754. Included in the balances are certificates of deposit totaling \$1,649,690 and agency funds totaling \$1,713,376. All deposits were fully collateralized by securities pledged by the depository banks with total collateral value of \$12,899,834, in addition to FDIC coverage.

The County voluntarily invests in two local government investment pools: the Texas Local Government Investment Pool (“TexPool”) and the Texas Cooperative Liquid Assets Securities System Trust (“Texas CLASS”). Each public funds investment pool operates in full compliance with the Texas Public Investment Act.

TexPool. TexPool was established as a trust company with the Treasurer of the State of Texas as trustee, segregated from all other trustees, investments, and activities of the trust company. The State Comptroller of Public Accounts exercised oversight responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed both of participants in TexPool and other persons who do not have a business relationship with TexPool. The advisory board members review the investments policy and management fee structure. Finally, Standard and Poor’s rates TexPool “AAAm.” As a requirement to maintain the ranking, weekly portfolio information must be submitted to Standard and Poor’s, as well as to the office of the Comptroller of Public Accounts for review.

TexPool is an external investment pool measured at amortized cost. In order to meet the criteria to be recorded at amortized cost, the investment pool must transact at a stable net asset value per share and maintain certain maturity, quality, liquidity, and diversification requirements within TexPool. TexPool transacts at a

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

net asset value of \$1.00 per share, has weighted average maturities of 60 days or less, and weighted average lives of 120 days or less. Investments held are highly rated by nationally recognized statistical rating organizations, have no more than five percent of portfolio with one issuer (excluding U.S. government securities), and can meet reasonably foreseeable redemptions. TexPool has a redemption notice period of one day and may redeem daily. TexPool’s authority may only impose restrictions on redemptions in the event of a general suspension of trading on major national markets, general banking moratorium, or a national state of emergency that affects TexPool’s liquidity.

Texas CLASS. The Texas Cooperative Liquid Assets Securities System Trust is a public funds investment pool under Section 2256.016 of the Public Funds Investment Act, Texas Government Code, as amended (the “Act”). Texas CLASS is created under an Amended and Restated Trust Agreement, dated as of December 14, 2011 (the “Agreement”), among certain Texas governmental entities investing in the pool (the “Participants”), with Cutwater Investor Services Corporation as Program Administrator and Wells Fargo Bank Texas, NA as Custodian. Texas CLASS is not U.S. Securities and Exchange Commission (“SEC”) registered and is not subject to regulation by the State of Texas. Under the Agreement, however, Texas CLASS is administered and supervised by a seven-member board of trustees (the “Board”), whose members are investment officers of the Participants, elected by the Participants for overlapping two-year terms. In the Agreement and by resolution of the Board, Texas CLASS has contracted with Cutwater Investors Service Corporation to provide for the investment and management of the public funds of Texas CLASS. Separate financial statements for Texas CLASS may be obtained from Texas CLASS’ website at www.texasclass.com.

TexPool and Texas CLASS use amortized cost rather than market value to report net assets to compute share prices. Accordingly, the fair value of the position in TexPool and Texas CLASS are the same as the value of TexPool and Texas CLASS shares.

Receivables

Receivable and Uncollectible Accounts. Receivables at year end for the County’s individual major funds, including the related allowances for uncollectible accounts are as follows:

	Property Taxes	Sales Taxes	Grants	Other	Totals
Receivables by fund					
General fund	\$ 1,772,709	\$ 89,471	\$ 17,334	\$ 152,413	\$ 2,031,927

Total accrued expenses	<u>\$ 190,701</u>	<u>\$ 2,872</u>	<u>\$ 12,567</u>	<u>\$ 206,140</u>

Capital Leases

The County has entered into lease agreements as lessee for financing the acquisition of machinery and equipment and vehicles. The agreements accrue interest at rates from 1.95% to 2.90% and are all for durations greater than one year. These lease agreements qualify as capital leases for accounting purposes, and therefore, have been recorded at the present value of their future minimum lease payments as of the inception date.

The assets acquired through capital leases are as follows:

	<u>General Fund</u>	<u>Road and Bridge Funds</u>	<u>Nonmajor Funds</u>	<u>Totals</u>
Asset:				
Machinery and equipment	\$ 1,037,777	\$ 1,082,893	\$ 26,530	\$ 2,147,200
Less accumulated depreciation	<u>(443,897)</u>	<u>(211,855)</u>	<u>(7,959)</u>	<u>(663,711)</u>
Total	<u>\$ 593,880</u>	<u>\$ 871,038</u>	<u>\$ 18,571</u>	<u>\$ 1,483,489</u>

The future minimum lease obligations and the net present value of these minimum lease payments as of September 30, 2018, were as follows:

<u>Year ending September 30,</u>	<u>General Fund</u>	<u>Road and Bridge Funds</u>	<u>Nonmajor Funds</u>	<u>Totals</u>
2019	\$ 227,816	\$ 172,948	\$ 13,664	\$ 414,428

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Long-term Liabilities

Prior Period Adjustment. As discussed in these notes, during the year, the County implemented GASB 75 to report total OPEB liability. Accordingly, the beginning balance column in the following summary has been restated to reflect the inclusion. Long-term liability activity for the year ended September 30, 2018, was as follows:

	(Restated) Balance <u>09/30/17</u>	<u>Additions</u>	<u>Reductions</u>	Balance <u>09/30/18</u>	Due Within <u>One Year</u>
Long-term debt:					
2016 Bonds	\$ 2,025,000	\$ -	\$ (380,000)	\$ 1,645,000	\$ 390,000
Bond premiums:					
2016 Bonds	152,909	-	(30,581)	122,328	-
Capital leases	<u>1,106,767</u>	<u>659,027</u>	<u>(476,356)</u>	<u>1,289,438</u>	<u>389,748</u>
	<u>3,284,676</u>	<u>659,027</u>	<u>(886,937)</u>	<u>3,056,766</u>	<u>779,748</u>
Other:					
Compensated absences	413,362	40,783	-	454,145	-
Total OPEB liability	<u>499,271</u>	<u>51,643</u>	<u>-</u>	<u>550,914</u>	<u>-</u>
	<u>1,033,446</u>	<u>92,426</u>	<u>-</u>	<u>1,005,059</u>	<u>-</u>
Totals	<u>\$ 4,318,122</u>	<u>\$ 751,453</u>	<u>\$ (886,937)</u>	<u>\$ 4,061,825</u>	<u>\$ 779,748</u>

The annual debt service requirements to maturity for long-term debt (excluding the unamortized bond premium) are as follows:

<u>Year ending September 30,</u>	<u>Bonds</u>		<u>Capital Leases</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2019	\$ 390,000	\$ 60,600	\$ 389,748	\$ 24,680
2020	400,000	48,750	279,556	22,670
2021	420,000	32,250	266,269	15,781
2022	435,000	10,875	214,739	9,218
2023	-	-	139,126	3,864
2024-2028	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 1,645,000</u>	<u>\$ 152,475</u>	<u>\$ 1,289,438</u>	<u>\$ 76,213</u>

At year end, the County had cash totaling \$191,606 available in the debt service fund to service long-term debt.

Certificates of obligation and other debt payable at September 30, 2018, are comprised of the following:

San Jacinto County, Texas General Obligation Refunding Bonds, Series 2016. In June, 2016, the County issued \$2,025,000 of general obligation refunding bonds carrying interest at rates of 3.00% to 5.00%. The County issued the bonds to advance refund a callable portion (\$2,135,000) of the outstanding *Certificates of Obligation, Series 2007* with interest at rates of 4.00% to 5.00% and original maturities of 2008-2022. The certificates were issued with an original issue premium of \$214,076. The premium is reported on the statement of net position and is being amortized over the life of the bonds as a component of interest expense. The net proceeds were used to purchase U.S. Government securities which were deposited in an irrevocable trust to provide for all future debt service on the refunded portion of the 2007 series bonds. The advance

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

refunding was calculated by the County’s financial adviser to have reduced total debt service payments by over \$2,440,500. The refunding resulted in a deferred amount on refunding totaling \$32,864, which is reported on the statement of net position as a deferred outflow of resources and is being amortized over the life of the bonds as a component of interest expense.

The bonds are secured by the County’s ad valorem taxes and require annual payments of principal and semi-annual payments of interest at varying amounts. The bond indenture allows the County to pay the bonds from the proceeds of an additional ad valorem tax that may be levied by the County, and the County has pledged any such proceeds to secure the payment. The bonds have been recorded in the debt service fund.

Capital Leases. The County has entered into various lease purchase agreements for the purpose of purchasing equipment. During the year, the County paid-off four existing leases and incurred two new leases. The agreements accrue interest at rates from 1.95% to 2.90% and are all for durations greater than one year. Each lease purchase is collateralized by the equipment that each respective agreement serves to finance.

Bond Compliance Requirements

The bond ordinances require that during the period in which the bonds are outstanding, the County must create and maintain certain accounts or funds to receive the proceeds from the sale of the bonds and to account for the revenues (as defined) and/or taxes, which are pledged for payment of the bonds. The assets can be used only in accordance with the terms of the bond ordinance and for the specific purpose(s) designated therein.

Interfund Receivables, Payables, and Transfers

Interfund Balances. Interfund receivable and payable balances are the result of cash needed by a fund until the fund is able to generate sufficient revenues to cover expenditures. Utilizing a pooled cash system, interfund balances do not usually arise. Interfund “borrowing” is indicated as a deficit in pooled cash and reported on the fund financial statements as such. Accordingly, there were no interfund receivable and payable balances at September 30, 2018.

Interfund Transfers. Transfers between funds are indicative of funding for capital projects; lease payments or debt service; subsidies of various County operations; and re-allocations of special revenues. The following schedule summarizes the County’s transfers at September 30, 2018:

Fund	Transfers In	Transfers Out
General	\$ 9,613	\$ (88,889)
Road and Bridge Precinct No. 1	81,835	-
Road and Bridge Precinct No. 2	16,496	-
Road and Bridge Precinct No. 3	9,419	-
Road and Bridge Precinct No. 4	10,006	-
Nonmajor	98,889	(137,369)
Totals	\$ 226,258	\$ (226,258)

Defined Benefit Pension Plan

Plan Description. San Jacinto County participates as one of 760 plans in the non-traditional defined benefit plan in the statewide Texas County and District Retirement System (“TCDRS”). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

retirement system. TCDRS in the aggregate issues a comprehensive annual financial report (“CAFR”) on a calendar year basis. The CAFR is available online at www.tcdrs.org.

Benefits Provided. The County provides retirement benefits for all of its full-time employees. TCDRS is a savings-based plan. For the County’s plan, 7% of each employee’s pay is deposited into his or her TCDRS account. By law, employee accounts earn 7% interest on beginning of year balances annually. At retirement, the account is matched at an employer set percentage (current match is 180%) and is then converted to an annuity. There are no automatic cost of living adjustments. The plan provisions are adopted by the governing body of the County, within the options available in the Texas state statutes governing TCDRS.

Members can retire at ages 75 and above with 8 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after eight years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by the County.

Employees Covered by Benefit Terms. At the December 31, 2017 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	133
Inactive employees entitled to but not yet receiving benefits	296
Active employees	187
	616

Contributions and Actuarial Information. The plan is funded by monthly contributions from both employee members and the County based on the covered payroll of employee members. The contribution rates for employees in TCDRS are either 4%, 5%, 6%, or 7% of employee gross earnings. The employee contribution rate may be changed by the County, within the options available in the TCDRS Act. Under the TCDRS Act, the contribution rate of the County is actuarially determined annually, and the employer is required to contribute at that rate. The employer may increase its contribution rate and/or make additional contributions in excess of its annual required contribution.

The County has not elected the annually determined contribution rate (“ADCR”) plan provisions of the TCDRS Act. The County contributes using the actuarially determined rate of 8.65% for calendar year 2017 and 8.73% for calendar year 2018. The contribution rate payable by the employee members for fiscal year 2018 is the rate of 7.00% as adopted by the County. For fiscal year 2018, the County’s required contributions equaled actual contributions which totaled \$537,029.

The County’s Net Pension Liability/Asset (“NPL”) was measured as of December 31, 2017, and the Total Pension Liability (“TPL”) used to calculate the NPL was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The required contribution was determined as part of the December 31, 2017, actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at December 31, 2017, included (a) 8.0% investment rate of return (net of administrative expenses), and (b) projected salary increases of 4.9 percent. Both (a) and (b) included an inflation component of 2.75 percent. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The total pension liability is being amortized as a level percentage of payroll on a closed basis. The remaining amortization period at December 31, 2017 was 12.7 years.

Salary increases were based on a service-related table. Mortality rates for active members were based on 90%

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

of the RP-2014 Active Employee Mortality Table for males and females, projected with 110% of the MP-2014 Ultimate scale after 2014. Mortality rates for active members were based on 110% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014. For disabled annuitants, mortality rates were based on 130% of the RP-2014 Disabled Annuitant Mortality Table for males and 115% of the RP-2014 Disabled Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.

Updated mortality assumptions were adopted in 2017. All other actuarial assumptions that determined the total pension liability as of December 31, 2017 valuation were based on the results of actuarial experience studies. The experience study in TCDRS was for the period January 1, 2013 through December 31, 2016, except where required to be different by GASB 68. Assumptions are reviewed annually.

The long-term expected rate of return on pension plan investments is 8.10%. The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2018 information for a 10-year time horizon.

The valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2017 for the period January 1, 2013 - December 31, 2016. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class:</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return (Geometric)</u>
US equities	11.5%	4.55%
Private equity	16.0%	7.55%
Global equities	1.5%	4.85%
International equities - developed	11.0%	4.55%
International equities - emerging	8.0%	5.55%
Investment-grade bonds	3.0%	0.75%
Strategic credit	8.0%	4.12%
Direct lending	10.0%	8.06%
Distressed debt	2.0%	6.30%
REIT equities	2.0%	4.05%
Master limited partnerships	3.0%	6.00%
Private real estate partnerships	6.0%	6.25%
Hedge funds	18.0%	4.10%
Total	100.0%	

Discount Rate. The discount rate used to measure the Total Pension Liability was 8.10%, which is net of investment expenses and increased by 0.10% to be gross of administrative expenses. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Changes in the Net Pension Liability/Asset. A schedule of changes in net pension liability/asset is as follows:

	<u>Increase (Decrease)</u>		
	Total Pension Liability <u>(a)</u>	Plan Fiduciary Net Position <u>(b)</u>	Net Pension Liability (Asset) <u>(a) - (b)</u>
Balance at 12/31/2016	\$ 17,035,386	\$ 15,916,031	\$ 1,119,355
Changes for the year:			
Service cost	760,379	-	760,379
Interest on total pension liability	1,398,465	-	1,398,465
Effect of economic/demographic (gains) or losses	(170,842)	-	(140,842)
Effect of assumption changes or inputs	121,120	-	121,120
Refund of contributions	(128,899)	(128,899)	-
Benefit payments	(953,700)	(953,700)	-
Administrative expenses	-	(12,030)	12,030
Employer contributions	-	524,105	(524,105)
Member contributions	-	424,132	(424,132)
Net investment income	-	2,321,024	(2,321,024)
Other	-	(1,914)	(1,914)
Net changes	<u>1,026,523</u>	<u>2,172,718</u>	<u>(1,146,195)</u>
Balance at 12/31/2017	<u>\$ 18,061,909</u>	<u>\$ 18,088,749</u>	<u>\$ (26,840)</u>

Sensitivity of the Net Pension Liability/Asset to Changes in the Discount Rate. The following presents the net pension liability/asset of the County, calculated using the discount rate of 8.1%, as well as what the County's net pension liability/asset would be if it were calculated using a discount rate that is 1-percentage-point lower (7.1%) or 1-percentage-point higher (9.1%) than the current rate:

	1% Decrease in Discount Rate <u>(7.1%)</u>	Discount Rate <u>(8.1%)</u>	1% Increase in Discount Rate <u>(9.1%)</u>
Total pension liability	\$ 20,129,680	\$ 18,061,909	\$ 16,305,881
Fiduciary net position	<u>18,088,749</u>	<u>18,088,749</u>	<u>18,088,749</u>
Net pension liability (asset)	<u>\$ 2,040,931</u>	<u>\$ (26,840)</u>	<u>\$ (1,782,867)</u>

Pension Expense and Deferred Outflows and Inflows of Resources Related to Pensions. For the year ended September 30, 2018, the County recognized net pension (benefit) expense of \$529,799. Net pension (benefit) expense was charged to functions/programs as follows:

<u>Function/program</u>	<u>Governmental Activities</u>
General government	\$ 95,060
Tax administration	21,677
Roads and bridges	101,988
Administration of justice	281,882
Health and human services	<u>29,192</u>
Total	<u>\$ 529,799</u>

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

At September 30, 2018, the County reported deferred amounts related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ -	\$ (108,950)
Difference between projected and actual investment earnings	-	(258,343)
Changes in actuarial assumptions	80,747	-
Contributions subsequent to the measurement date	412,333	-
Totals, governmental activities	\$ 493,080	\$ (367,293)

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Plan year ended December 31,	Deferred Outflows of Resources	Deferred Inflows of Resources
2018	\$ 452,706	\$ 45,030
2019	40,374	(7,838)
2020	-	(187,402)
2021	-	(207,543)
Total	\$ 493,080	\$ (367,293)

Other Post-Employment Benefits – Group Term Life Insurance Fund

Plan Description. San Jacinto County participates in the cost-sharing multiple-employer defined-benefit group-term life insurance plan operated by the Texas County & District Retirement System. This plan is referred to as the Group Term Life Fund (“GTLF”). The County elected, by ordinance, to provide group term life insurance coverage to both current and retired employees. The County may terminate coverage under and discontinue participation in the GTLF by adopting an ordinance before November 1 of any year to be effective the following January 1.

The obligations from this plan are payable only from the GTLF and are not an obligation of, or a claim against, the Pension Trust Fund. The GTLF is a separate trust administered by the TCDRS board of trustees. TCDRS issues a publicly available comprehensive annual financial report (“CAFR”) that includes financial statements and required supplementary information for the GTLF. This report is available at www.tcdrs.org.

Benefit Terms. This optional plan provides group term life insurance coverage to current eligible employees and retired employees. The coverage provided to retired employees is a postemployment benefit other than pension benefits (“OPEB”). The benefit for active employees provides a lump-sum payment approximately equal to the employee’s annual salary (calculated based on the employee’s actual earnings, for the 12-month period preceding the month of death); retired employees are insured for \$5,000.

Employees Covered by Benefit Terms. At the December 31, 2017 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees currently receiving benefits	108
Inactive employees entitled to but not yet receiving benefits	71
Active employees	187
	366

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Contributions and Actuarial Information. Each participating employer contributes to the GTLF at a contractually required rate. An annual actuarial valuation is performed and the contractual rate is determined using the unit credit method for providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retiree term life insurance during employees' entire careers. No assets are accumulated in a trust as defined by paragraph 4 of GASB Statement No. 75.

The total supplemental death benefit ("SDB") contribution rates were 0.52% and 0.53% in calendar years 2017 and 2018, respectively. The retiree portion of the SDB contribution rates were 0.25% and 0.25% in calendar years 2017 and 2018, respectively. The County's contributions to the GTLF for the year ended September 30, 2018 were \$32,526 and were equal to the contractually required contributions.

The County's Total OPEB Liability ("TOL") was measured as of December 31, 2017 and calculated based on an actuarial valuation as of that date.

Actuarial Assumptions. The Total OPEB Liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions:

Discount Rate	3.44%
Actuarial Cost Method	Entry Age Normal
Amortization Method	Straight-Line amortization over Expected Working Life

Mortality rates for service retirees were based on the RP-2014 Healthy Annuitant Mortality Table, with male rates multiplied by 130% and female rates multiplied by 110%, both projected with 110% of the MP-2014 Ultimate scale after 2014. For disabled retirees, the RP-2010 Disabled Annuitant Mortality Tables are used with male rates multiplied by 130% and female rates multiplied by 115%, both projected with 110% of the MP-2014 Ultimate scale after 2014. Mortality rates for depositing members were based on the RP-2014 Active Employee Mortality Table, with male and female rates multiplied by 90%, both projected with 110% of the MP-2014 Ultimate scale after 2014.

Actuarial assumptions used in the December 31, 2017, valuation were based on the results of actuarial experience studies. The experience study in TCDRS was for the period January 1, 2013 through December 31, 2016.

Changes in the Total OPEB Liability. A summary of changes in total OPEB liability follows:

	<u>Total OPEB Liability</u>
Balance at 12/31/2016	\$ 510,842
Changes for the year:	
Service cost	23,409
Interest on total OPEB liability	19,911
Changes in benefit terms	-
Difference between expected and actual experience	(10,650)
Changes in assumptions or other inputs	22,550
Benefit payments	<u>(15,148)</u>
Net changes	<u>40,072</u>
Balance at 12/31/2017	<u>\$ 550,914</u>

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following presents the total OPEB liability of the County, calculated using the discount rate of 3.44%, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.44%) or 1-percentage-point higher (4.44%) than the current rate:

	1% Decrease in Discount Rate <u>(2.44%)</u>	Discount Rate <u>(3.44%)</u>	1% Increase in Discount Rate <u>(4.44%)</u>
County's total OPEB liability	\$ 653,607	\$ 550,914	\$ 471,187

OPEB Expense and Deferred Outflows and Inflows of Resources Related to OPEB. For the year ended September 30, 2018, the County recognized net OPEB expense of \$45,700. Net OPEB expense was charged to functions/programs as follows:

<u>Function/program</u>	<u>Governmental Activities</u>
General government	\$ 8,200
Tax administration	1,870
Roads and bridges	8,797
Administration of justice	24,315
Health and human services	<u>2,518</u>
Totals	<u>\$ 45,700</u>

At September 30, 2018, the County reported deferred amounts related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual economic experience	\$ -	\$ (8,520)
Changes in assumptions and other inputs	18,040	-
Contributions subsequent to the measurement date	<u>11,808</u>	<u>-</u>
Totals	<u>\$ 29,848</u>	<u>\$ (8,520)</u>

<u>Year ended December 31,</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
2018	\$ 16,318	\$ (2,130)

2022	<u>-</u>	<u>-</u>
Totals	<u>\$ 29,848</u>	<u>\$ (8,520)</u>

SAN JACINTO COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

OTHER INFORMATION

Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees; and natural disasters. The County provides insurance coverage for each of these risks. Management believes such coverage is sufficient to preclude any significant uninsured losses to the County. Settled claims did not exceed this coverage during the current year.

Contingent Liabilities

All amounts received or receivable from grant agencies are subject to audit and adjustment by the granting agency. Any disallowed claims, including amounts already collected, may be required to be repaid to the granting agency. Amounts payable by the County in its capacity as a pass-through grantor have been accrued along with an offsetting grant receivable (i.e. should expenditures claimed by subrecipients be disallowed by the granting agency(ies), no liability to the County would exist). The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

Prior Period Adjustments

Prior period adjustments have been made to the financial statements to reflect corrections and adjustments made to fund balances and net position as noted in the table that follows. The net effects of these prior period adjustments are summarized in the following table:

Adjustments	Increase (Decrease)	
	Fund Balances	Net Position
<i>Road and Bridge Fund Pct. No. 2</i>		
FEMA DR 4269 grant funds due to state	\$ (143,611)	\$ (143,611)
Unearned revenue - FEMA DR 4269	(141,574)	(141,574)
Correct allocation of FEMA DR 4269 revenues	42,370	42,370
<i>Totals, Road and Bridge Fund Pct. No. 2</i>	(242,815)	(242,815)
<i>Road and Bridge Fund Pct. No. 3</i>		
Correct allocation of FEMA DR 4269 revenues	(42,370)	(42,370)
<i>Sheriff Seizure Funds</i>		
Funds due to others	(20,622)	(20,622)
<i>FEMA DR 4223</i>		
Unavailable grant revenue	(198,656)	-
<i>Government-wide Net Position</i>		
Implementation of GASB 75 – net OPEB liability	-	(499,271)
Net prior period adjustments	\$ (504,463)	\$ (805,078)

Subsequent Events

Management has evaluated subsequent events through December 31, 2019, the date when the financial statements were available to be issued.

SAN JACINTO COUNTY, TEXAS
NOTES TO THE BUDGETARY COMPARISON SCHEDULES
SEPTEMBER 30, 2018

BUDGETS AND BUDGETARY PROCESS

A proposed annual operating budget is filed by the County Judge and Commissioners' Court with the County Clerk's office and made available for public inspection at least 15 days prior to public budget hearing. Public hearings are conducted to obtain taxpayer comments. The budget is legally enacted by the Commissioners' Court on or before October 1, as required by statute. Only the Commissioners' Court may amend the budget. Under state statute, actual expenditures cannot exceed budgetary appropriations at any level for which the budget is formally approved. The legal level of budgetary control is at the department level. Budgets are adopted for all funds except the fiduciary funds.

Subsequent to approval, the Commissioners Court and County Judge may amend the legally adopted budget when unexpected modifications are required in estimated revenues and expenditures. All appropriations lapse at the end of each fiscal year. The County amended its budget several times during the year, with all budget amendments being approved by an act of the Commissioners Court.

SAN JACINTO COUNTY, TEXAS
NOTES TO THE SCHEDULE OF PENSION CONTRIBUTIONS
SEPTEMBER 30, 2018

Valuation Date Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which the contributions are reported.

Methods and Assumptions Used to Determine Contribution Rates

<i>Actuarial Cost Method</i>	Entry Age
<i>Amortization Method</i>	Level percentage of payroll, Closed
<i>Amortization Period</i>	12.7 years (based on contribution rate calculate in 12/31/17 valuation)
<i>Asset Valuation Method</i>	5-year smoothed market
<i>Inflation</i>	2.75%
<i>Salary Increases</i>	4.9% average over career including inflation, varies by age and service.
<i>Investment Rate of Return</i>	8.0%, net of investment expenses, including inflation
<i>Cost-of-Living Adjustments</i>	0.0%
<i>Retirement Age</i>	Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.
<i>Mortality</i>	130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014..
<i>Changes in Assumptions and Methods Reflected in the Schedule of Employer Contributions*</i>	2015: New inflation, mortality, and other assumptions were reflected. 2017: New mortality assumptions were reflected.
<i>Changes in Plan Provisions Reflected in the Schedule of Employer Contributions*</i>	2015: No changes in plan provisions were reflected in the Schedule. 2016: No changes in plan provisions were reflected in the Schedule. 2017: New Annuity Purchase Rates were reflected for benefits earned after 2017.

**Only changes that affect the benefit amount and that are effective 2015 and later are shown in the Notes to the Schedule.*

Other Information No changes in plan provisions are reflected in the Schedule of Pension Contributions.

Presentation of Schedule In accordance with GASB standards, the District reports contribution activity included in the Schedule of Pension Contributions based on the County's fiscal year end of September 30.

This page left blank intentionally.

SAN JACINTO COUNTY, TEXAS
