On October 7th, Governor Abbott issued an updated Executive Order GA-32 which will allow bars and similar TABC licensed establishments to re-open at 50% capacity beginning October 14th.

Per the Governor's latest update to Executive Order GA-32. I hereby "opt-in" and will allow our TABC licensed establishments in San Jacinto County to resume operations per the Governor's order with all recommendations of this order to be followed including the minimum health protocols.

Sincerely,
